BELOVED SAINT GERMAIN'S THANKSGIVING DAY DISCOURSE

Beloved Students of the Light, today is indeed one of the greatest days of thanksgiving that I have experienced in one hundred years. To see how the Light, acknowledgment and acceptance of the "Mighty I AM Presence" is being received and utilized by the hundreds of students in America is truly a time of rejoicing and thanksgiving.

Not only do I pour forth my Love and Blessings to the students, but the entire Host of Ascended Masters, the Great Cosmic Masters, the Great White Brotherhood, the Legion of Light, and Those ministering from Venus join in this praise and thanksgiving for the True Light that is being spread among mankind.

I do and shall deeply appreciate every assistance of the students under this Radiation in getting the books into print and spreading them before humanity, for it is the greatest Service at present that can be rendered.

The greatest need today is in calling the outer attention of mankind to the "One Great Source"

which can give the needed Assistance; and that is the “Mighty I AM Presence” and the Host of Ascended Masters. The *attention of individuals* fixed upon this Great Source *gives the opening needed* for the Outpouring of the Great, Eternal, Cosmic Light to flood forth into the outer world, reaching not only the consciousness of individuals, but into conditions that greatly need readjusting.

It is My Wish that all the students under this Radiation feel their individual responsibility in this respect: to keep their minds and bodies harmonized, and to keep charging their minds and emotional worlds with the Directing Wisdom and Perfection of the “Mighty I AM Presence.” This will enable Assistance to be given humanity which the outer could not possibly conceive of in its heretofore limited condition.

I wish each student to understand and feel deeply that the Great Ascended Masters and Myself stand ready to give every Assistance to the individual that the Law of his Being permits. The need of the students is always to stand firm and unyielding in the Presence until the outer human creation about them is dissolved—consumed; and then the Mighty Light, Wisdom and Power of the “Mighty I AM Presence” will flood their minds, Beings and worlds with this Glorious Radiance, filling them and their worlds with that harmony, happiness, and Perfection which every heart so much craves.

*I urge ALL to do definite, conscious, protective work for America, that the Cosmic Light and Eternal Perfection enfold the earth, removing and consuming all discord; and continue to bless persons, places, conditions and things, for It is the Mighty Miracle-working Activity which will usher in the prosperity and happiness that all so much desire.*

It is My Great Joy to report to you that already great protection has been given to the eastern coast—from Philadelphia to Maine. If this protection had not been given, some of your cities would have been in ruins today.

This, Beloved Ones, is what it means to bring a Mighty Focus of the Ascended Masters into your midst. Only as your Inner Sight is opened to see and know the True Reality can you have a small concept of the Truth which I have just spoken.

May your hearts fill with joy, and may you work earnestly for the health, success and prosperity of the Messengers—who have been the channels through whom this Focus of Protection has been given. Unfortunate indeed are those who criticize the Messengers or the Work. Better had they never been born in this embodiment.

Beloved Students, try with all sincerity to feel the Reality and Infinite Blessings of this Work, that your world and America may reap the great reward of that Blessing.

Words are inadequate to tell you the fullness of My Gratitude for your earnest, sincere effort. Your ability and power to bless and prosper will ever increase as you hold firmly to and within your "Mighty I AM Presence."

My Love enfolds you; My Light illumines you; and the Wisdom of the "Mighty I AM Presence" prospers you unto the Fullness of all Perfection.

The Love of the Mighty Host of Ascended Masters, the Great White Brotherhood and the Legion of Light enfold you always.

"I AM" sincerely in "The Light."
