

## DISCOURSE XV

August 19, 1954

SHASTA SPRINGS, CALIFORNIA

Beloved Ones of My Heart, I welcome you tonight with a Joy that words will never convey, but which My feelings shall reveal to you within yourselves, for your strength and accomplishment of that which you choose to make conscious effort to attain. In entering into the use of the Great Power by which the Ascension is attained, there may seem situations in the outer that apparently would try to discourage you, but remember your own Authority of your “Blessed Mighty I AM Presence” is paramount over all human creation; and tonight I want you to feel that. I want you to use that Authority, with the full Realization that the Sacred Fire from the Great Central Sun in Its dominion upon the Earth is yours to use without limit.

Now, to make your journey more wonderful in every way, and your Victory more certain, I wish you to understand, that as you are definitely concerned with calling forth the Ascension for all mankind the Original Divine Way, sixty percent of that Desire and the Energy which It concentrates into your feeling world, remains in your own Life Stream to be the Ascending Power to help you.

Mankind, bound as they are in the shadows that will not let them understand what the Light holds to bless them, must have Assistance to draw them up and out of those shadows by a Power of Light that they cannot resist. That is the reason for the Descent of the Cosmic Light into the atmosphere of Earth, and into the mental and feeling world of the mass of the people, that there may live again within them the Desire to have the Perfection of God, and the Freedom from the Heart of Creation, that fulfill the Divine Plan to set them Free.

This, I want to assure you, will flood to you every day from My Heart, and from the Hearts of the Ascended Host that are ready now to release Their Feeling that They experienced at the moment of the Ascension, into the feeling world, into the energy of the mental and feeling world of all mankind. Because, in attaining the Ascension, there must come within the energy of the outer self, the Feeling of levitation, the Feeling of arising, and the Vibratory Action increasing in the flesh structure to the point, where it becomes One with the Vibratory Action of the Higher Mental Body, which is the Christ Consciousness, the Christ Love that you must feel for all that is, before you can enter into the Flame Presence, or the Electronic Body of the “Mighty I AM.”

So, those of Us Who have gone the pathway

before you, have already experienced the Feeling of rising from the physical structure of Earth into the Glorifying, Blazing Substance of the Higher Mental Body, which carries a thrill, a joy, a power, that you will never forget in all Eternity! Then, as you enter into the Oneness with the Electronic Body, that Raising Process is so wonderful; It is such Ecstasy; It is such a sense of Freedom, and such Dominion over all the atmosphere around you, that It makes Its Eternal Impression upon your feeling. You never forget the Joy of those Moments when you are arising into your Great Mastery and Almighty Dominion over the energy of the Universe. Since no unascended being can convey That to you, it is imperative that mankind have this Assistance from the Ascended Masters and the Cosmic Beings and the Angelic Host; because, the Ascension cannot be accomplished without That Feeling flooding into and qualifying everything that is the energy and substance of the outer self, with the Feeling of that Love which is Master of Creation, and is the Source from which all Happiness and all Perfection forever pour forth to flood everywhere Its Dominion for Eternity.

While Our Love is so great for you all, and We do have to temper It with Mercy, Beloved Ones, as you turn your attention to Us, so We do not overwhelm you too suddenly; yet, every time you

give Us the opportunity, through your attention, to make you feel Our Presence and Our Feeling at the Moment of the Ascension—every time you do that, you are raised one step nearer into your Victory. So, if you don't mind, I would like to associate with you very, very often. (*Applause*) Thank you, Precious Ones, with all My Heart. Won't you be seated please, and just remain so.

Now if you care to experiment with This Feeling sometime each day, if only for a few moments, as you turn your attention to Me, I think you will be quite conscious of a Peace and an Ease coming into the energy of your feeling world, that will be not only a Sustaining Strength, but will be an Expanding Light and a Raising Power that gradually transmutes the substance of the outer self into the White Fire Body of your Higher Mental Body.

This is the Great Process within Life for raising the substance and the energy of which this World is composed, into the Eternal Activity of the Sacred Fire, that forever expands Its Perfection everywhere throughout the Universe. Therefore, even the tiniest portion of the substance or energy of the physical octave must someday become a Flame in the Ascended Masters' Octave; and as you draw forth Our Feeling into the physical conditions of the World around you, our Sacred Fire begins to flood your World with the Perfection and the

Happiness, that one day makes the Earth a Sun in space, and all Life upon It, Ascended.

Regardless of anything mankind has created, This of which I speak is the Master Power of Life. It will never fail you, and It is never absent, and no one in the Universe can prevent you having Its Perfection, if you decide within yourself to feel the love to your "I AM Presence" and the Ascended Host, which enables Their Sacred Fire, Our Sacred Fire, to come back into you, carrying into you Our Feeling of Dominion, of Illumination, and of the Miracle Control of all substance, and all energy for which you have called.

Then, My Dear Ones, the matter of the healing of the body, or the healing of the mind, or the illumination of the outer self, is but a continual flow into that energy of the Feeling from Our Great Octave of Life. If you will bring Our Feeling of that Love to Life into this World, just as surely as you call This forth into outer physical conditions, must the Cosmic Law flood you with the Feeling from the Great Central Sun that gives you the Blessings, and the Power and Assistance to express the Fulness of your Mastery.

So, if I may convey to you the Joy of Attainment after long years of search and struggle, I am just as sure, as I am that the Universe exists, that you will accept My Feeling of My Victory and My Love and My Enjoyment of Attainment! And regardless

of anything of human creation or limitation, if you will turn away from it, and DEMAND THE ETERNAL JOY AND VICTORIOUS ATTAINMENT OF THOSE WHO STAND THE MASTER PRESENCE OF THE COSMIC LAW TO THIS WORLD, Their Love and Their Feeling of Complete Dominion comes into the energy of your Life; and you—feeling as They do—manifest as They do, Their Love to this World; and as you give It, you must receive It from Above.

So, Beloved Ones, the Greatest Joy in existence is to call to your “Mighty I AM Presence” to make the outer self feel the Fulness of Its Own Mighty Heart’s Command to Life. As you ask That from your “Presence,” and then, ask It from Those of the Ascended Host to Whom your attention might be called at that time, there comes a two-fold stream of That Feeling into the energy of your own outer self, and as That Feeling is built permanently into your outer consciousness, and its energy and substance, It must produce Perfection for you and It must raise the outer world around you into Perfection also. Since, in this Magnificent Gift of Life, which the “Mighty I AM Presence” has bestowed upon the outer self for its use in this physical world, there must come the Attainment of your Victory, then We Who are privileged to assist, continually watch every opportunity when your attention comes to

Us, to flood you with Our Feeling.

Now, in the Assistance which I wish to give to you, that as many of you as possible may have the Ascension the same Way I attained Mine, I assure you, I am not going to recall the feeling of My struggle, through the years before My Attainment. That has been consumed! I have replaced it with the feeling of My Joy and Freedom at the Moment of the Ascension. So, any feeling that comes to you from Me, when your attention comes to Me, can never bring back to you anything but the Joy, the Victory, and the Power of My Attainment.

Now then, in sending forth your Call for the Freedom of mankind, there must come the love of forgiveness to that which is of the shadows. Now I do not mean a sympathy with that which is destructive. I mean the Use of this Sacred Fire, with the Command that It go forth into all that causes distress and consumes it from the Universe, and in its place, you leave This Feeling from the Heart of Creation of the Glory and Attainment of the Ascension. Then That becomes an Illumining, Purifying Activity to the physical structure of Earth, until—like a magnet—It draws off the impurities that have been imposed upon the Beings of the Elements, and the Forces of Nature, and the substance of mankind's bodies. In drawing off that impurity, it changes the appearance of the physical form, and mankind return to the Original

Divine Pattern from whence they began their journey upon the Earth. This will solve more problems than you can possibly understand tonight, for It is the Hand of the Sacred Fire from the Great Central Sun that removes from God's World, and from those Who have journeyed this way, the appearance and the qualities of desecration of the Beauty that was given in the beginning.

So, when My Feeling of Love comes to you, I want you to realize, I shall charge you with the exhilaration and the thrill of Joy that will lift you, day after day, into such Victorious Accomplishment while you yet move in the outer world, that wherever you abide, the Ascended Masters' Perfection does become a Part of this World because of your joy and anticipation of your Attainment. So, Beloved Ones, let us try this in the next three days. If you want My Exhilaration and Thrill of My Experience in the place of seeming physical weariness, I have the Power to draw off that which is not the joy and miraculous accomplishment of that which you desire to produce before mankind, as the picture of the Joy of fulfilling the Great Divine Plan. I will assist you in every way in this locality to accomplish anything your Hearts desire to do for the raising of mankind and the Earth into the Perfection that should long ago have been established here, as the Great Blessing from the Central Sun.

You may have anything you desire, so long as you bring Ascended Master Perfection into this World for the Ascension of all, including the Earth Itself, in the Fulfillment of the Great Divine Plan. It seems to Me, mankind have traveled the path of struggle and distress, and the shadows, long enough. My Love is Light to the Universe; and so should yours be, in your Call for the Ascension of mankind. The very intensity of your Call will bring a Light within and around you, that will show the rest of mankind the pathway out of distress, and into the Happiness that Mastery alone can give.

So, as Those Who have assisted mankind through the centuries to attain the Ascension through the Retreats of the World, are now pouring Their Feeling of that Ascension into the outer activities of mankind, it is that the distress of the centuries may be compelled to be released and consumed from the Universe, that the Heart in every human being may speak Its command to the Fulfillment of the Great Divine Plan, the Joyous Way out of the human ideas, and into the Feeling of the Love that never produces imperfection.

So, Blessed Ones, whenever you pour your love to mankind, remember to make the Call for the Ascended Masters' Feeling of that Love to go forth to mankind that can never produce imperfection, or unhappiness, or anything in the way of a struggle

to Life anywhere you pass by. I tell you, it is such a thrill of joy to be able to send forth that Sacred Fire of the Love that brings happiness wherever the shadows of distress have unfortunately been created by mankind.

Will you try to awaken to the consciousness that the Great All-Wise, All-Loving, All-Perfect Source of Life, the “Mighty I AM Presence” in the Great Central Sun, never created unhappiness or imperfection in this World. So, since you have had to experience some of it, and certainly want no more, then as you understand what it means to draw the Thrill of the Ascension into the feeling world of yourselves and the rest of mankind, just make the Call, then go on in a perfectly natural, normal way every day. You will find that Thrill and Feeling which We experience, becoming a natural part of your own outer activities, just as the Joyous Assurance of your own Victory attained. The very Intensity of that Love and that Feeling will draw your Ascension into action, not necessarily more quickly, but with the Greater Power that is the Raising Activity to the rest of the Earth. In that way, My Dear Ones, you could raise an entire locality out of the distress, and imperfection, and blight mankind have imposed upon it, and make it become a Glorifying Activity to the Source of Life to all.

If you will only remember how intense My Love was for the Beloved Godfre after those long

years of search, when, again and again, I became discouraged—but only for a time, just perhaps a few moments or an hour. Then, there always arose within Me, the determination to search once again. Where do you think that determination came from? Both My “Mighty I AM Presence” and the Radiation of the Love of that Blessed Master in India, Who told Me to search. That was the Strength of His Love which He gave Me in those words, and That was My power to accomplish.

So, I too can give It to you. I can give you the Thrill of My Feeling at that Moment; and, I can give you the Feeling of that Determination that never wavers, because the Goal must be attained someday, sometime, somewhere by all!

In the meantime, you can draw Perfection into this World, until all understand their obligation to release the Earth from the distress of unfortunate human creation. So, as We go forward, Beloved Ones, who have tread the very ground I walked upon—you who have gazed upon the Mountain that I loved; you who have felt the Peace and the Power in this locality—I ask you to accept right here My Feeling, and Joy, and Raising Activity at the Moment of the Ascension!

The Master Jesus, and the Beloved Godfré, and All Who have attained It, will intensify that Feeling in this locality, as well as in yourselves.

Then, when you DEMAND THAT MANKIND SHALL AWAKEN OUT OF THEIR DISTRESS, AND SHALL FEEL THE LIGHT OF THE APPROACHING DAY OF COSMIC FREEDOM, then in that feeling which you send forth, will they too reach up and become aware of That which is their Goal. It is just as certain of accomplishment as that you exist in this World!

From tonight, and in your Presentation, please know there will be the Host of the Ascension abiding in the atmosphere where you portray the picture, and the action, and the words of Those Who have gone before you. There will stand the Host of Ascended Beings Who will charge the atmosphere of all who behold this which you will present, and that atmosphere will be charged with the Ascended Masters' Exhilaration at the moment of Their Ascension. You may absorb That, and the Earth Itself be filled with Its Light, until the Ascension is the Goal of Happiness for all—consciously determined, deliberately chosen.

With intense power, send forth the Call for the release of mankind from the distress of the centuries. Your privilege is very great—also your obligation and responsibility; but, as you arise and are determined to have the Happiness and the Thrill of Eternal Mastery, will there come always the Assistance to you to attain It.

So, in that which you are privileged to present, will come to you the Greater Power of your own Attainment. Just know, the Love from Our Octave will bring you every good thing you could ever desire, as you go forward and are determined that this World shall become a Sun of Happiness, and mankind—the Legions of the Ascension—to go forth and produce in Cosmic Action that which fulfills the Law of Love.

So, unto your Victory do I commend you tonight; and know that every time you turn to Me, My Feeling and Thrill of My Freedom shall come into you, to abide until you too have become the Fulness of Its Victory. May this whole locality be so charged with that Feeling, that all who ever pass this way will turn to the Light and enter into their Eternal Mastery. Thank you, with all My Love for Eternity.

## DISCOURSE XVI

January 10, 1957

CHICAGO, ILLINOIS

Beloved Ones of the Mighty Saint Germain's Family, it is again My Privilege and My Pleasure to take you deeper into the thought and the feeling that is as surely raising mankind, as that individuals exist in this World. I want you to feel tonight, the Great Privilege that is yours—and It is Ours—in awakening mankind once again to the Desire to fulfill the Divine Plan of Life, and to close the door on the distress of the last two and a half million years. Because, in the returning of the World and all upon It, into the Luminosity by which the Purity is maintained and the Accomplishment of the Ascension is again brought forth the Original Divine Way, it is a far greater task than you understand and it requires far greater Release of the Sacred Fire than any individual has any concept of at this time.

In your Desire to attain the Ascension the Original Divine Way, there comes an awakening, just like a Flame passing through the emotional bodies of all mankind. All life in this World, is aware of the Wave of that Light and the passing of that Sacred Fire through the energy of the emotional body and

through the mental body. It is an Awakening again into the Realization of the Great Divine Plan's happy Fulfillment of the Destiny of each Life Stream.

It is not the work of a moment to take mankind out of individuals' human creation of the centuries. But nevertheless, as the Flame in the Heart begins to reach up and desire to fulfill the Design of the Divine Plan of the Higher Mental Body—once that Flame begins to expand—It will surge, and continue to surge with a certain Cosmic Pressure from Our Octave of Life that will eventually bring It to the Fulfillment of Its Cosmic Victory. So, when you desire to attain the Ascension the Original Divine Way, you are doing a great deal more than just lifting yourselves to your Eternal Freedom—you are a Raising Power to all Life, and every time you desire the Divine Way to do a thing, there comes back to you a Release of the Sacred Fire by which your Desire can be fulfilled.

If you will remember Beloved Saint Germain's reference to the Blessed Godfre's Desire to see the Ascended Masters, and that Desire had become so strong that the Cosmic Law had to see It fulfilled in outer manifestation. So it is with you. When a few of mankind begin to desire to fulfill the Great Divine Plan, the Original Divine Way, that Desire—since the feeling world of mankind is one, and the mental world is one—your Desire for what is right

ramifies and continues to flow out into the mental and feeling world of all Life—not only human being's life, but the life of animals, the plant life, the life of this World. Every Desire that you have for anything constructive goes on and on as a Raising Activity to Life wherever that Vibration Flows.

Therefore, to divinely desire the Fulfillment of the Great Divine Plan, brings always Its Blessing to all the Life in the World. When you begin to desire the Original Divine Way of doing anything, you cannot desire that without the Greater Life beginning to release to you the Greater Wave of the Sacred Fire by which you can accomplish the Fulfillment of your Desire. So, be very careful what you desire! When you understand what you could have by just the great, joyous, loving release of yourselves into the complete Control of your “Mighty I AM Presence” and Higher Mental Body with no thought or desire for anything, except just the Awareness of Its Presence, filling you and your world with what It desires for you, you would have so much, infinitely more of Perfection than you could ever imagine in your wildest use of your imagination.

Now I speak from experience, because in those long years of My Experience in searching for the Man that could help Me to My Ascension, you have no idea what the Intensity of My Feeling

built and what Power it accumulated, until the Final Moment of My Victory; and that Desire—the Energy I concentrated in that Desire—was the Raising Power that helped Me to the Fulfillment of My Desire.

So it is with you; so it is with all Life. When you desire That which is of God and continue to desire It, the very Intensity of your Desire draws back into you and your world the Power to fulfill It. So, never feel discouraged, never feel that any earnest effort is wasted, for it is not. Anything constructive will always raise all Life, substance and energy into something that is better.

While destructive forces, through their evil, seek always to desecrate and destroy That which is of God; yet, My Dear Ones, in their desire to do that, they shut off all ways and means by which they could have help, until they desire God! I want you to see what this means to Life Streams that come and go in embodiment, with no thought at all of the Fulfillment of the Great Divine Plan. They are pushed here and there, like a boat on the ocean, without pilot or rudder—battered here and battered there—until the human stubbornness goes down, and allows the Desire of the Higher Mental Body to come into the energy of the outer self, and release Its Power to raise the outer self into the Greater Perfection that is the Fulfillment of the Divine Plan.

Then, I want you to see, and I want to show you what it means to call forth the Love of the Sacred Fire into yourselves; and then, pour that Love of the Sacred Fire to everything in the outer world. That Sacred Fire Love is the Disconnecting Power that makes every discord disconnect from you and your world and drop away of its own weight. You will never realize, until you're completely Ascended—did you get that? I said, COMPLETELY ASCENDED! Do you realize you're partly ascended now? (*Applause*) Thank you.

The reason I said that was because your Mighty Saint Germain said to you: ONCE YOU BECOME AWARE OF YOUR “MIGHTY I AM PRESENCE,” AND YOU BEGIN TO CALL IT INTO ACTION AND RECOGNIZE YOUR ASCENSION, YOUR ASCENSION HAS BEGUN! Once you become aware of what you can do to free yourselves, by calling the Love of the Sacred Fire into yourselves and into outer world conditions, how you free yourselves, you will never realize how important It is, until you are completely in Our Octave forever. But, I am come to remind you; and to try to make you feel the Power that you have all the time, to keep calling forth the Great Central Sun's Sacred Fire Love into everything of the outer world, that just lifts it by the very Intensity of the Flame.

So, Blessed Ones, be not discouraged when you

look at the outer world. It is changing; perhaps not as rapidly as all would like—but I assure you, the Light in Its Cosmic Action is expanding! There has not for centuries—in any age—ever been released into the outer world, the Desire and the Calls for the Sacred Fire from the Central Sun that you Blessed “I AM” Students have poured forth in this “I AM” Activity through the years! Not in the entire history of the Earth has that much Desire gone forth in a Call to the Heart of the Central Sun, for the Release of the Sacred Fire for the Ascension of all! So, It is raising you far more rapidly than you understand; and It goes on in Its Raising Activity to the Earth. When It reaches a certain Point, I assure you, the people will awaken—just as certainly as they exist. When the Sacred Fire appears, they will either understand It and love It, or they will bow and give Obedience, until the evil in them is consumed. For there is no escape for evil! Evil must be annihilated! Therefore, when you desire these Magnificent Activities of the Sacred Fire to come into yourselves and do these things that produce Greater Perfection, and bring about that change harmoniously, you are establishing a Permanent Raising Force into the structure of Earth Itself.

So, Blessed Ones, when I said that I blessed everything at the Moment of My Ascension—everything that had ever touched My Life Stream,

while it was harmonious or otherwise—I just blessed it with the Sacred Fire and let it go. Oh, you will never know how much pressure you struggle under until you are Free from it. When it completely lets go, you will experience a Joy, a Relief, an Ecstasy of that World of Love which is God's Heart, and was the Original Way you were always intended to enjoy.

The Original Divine Plan of embodiment never contained the struggle through which you have passed, never! There have been Planets and Systems of Suns that have come forth and fulfilled the Great Glorifying Plan of the Universe, and not one shadow of distress or discord ever touched those Manifestations. So is it going to be in this World; except, as We close the door on the hordes of human creation, We also will close the door on the memory of the discord—for God's Universe never included a plan of discordant manifestation.

So, in order to be Free from the discord, you must at all times CALL THE GREAT CENTRAL SUN'S SACRED FIRE LOVE IN AND AROUND YOURSELVES AS A RAISING POWER TO TAKE YOU OUT OF THE DISTRESS, TO DISCONNECT YOU FROM ITS SUBSTANCE. Then, as you gain your Freedom, that Sacred Fire goes on and on into that substance and energy and continues to purify it, until it is returned to its Original

Purity. So, no matter what you do in the Use of the Sacred Fire of the Great Central Sun's Love, you bless yourselves, you bless all Life, you bless the World, you raise all that you contact, and whatever you do—by that Use of the Sacred Fire—is permanently done!

When you see how much the World needs that Love from the Central Sun, you will not miss an opportunity to call the Great Central Sun's Sacred Fire Love of Cosmic Control into the physical conditions of this World to control them until they are purified, rebalanced and set into action to fulfill the Great Divine Plan. So, Blessed Ones, I hope, as I make you feel the Freeing Power of the Sacred Fire—I hope you will use It daily in and around yourselves, that you may feel the Release from the pressure, and the strain, and the struggle of the conditions of the outer world; and while yet unascended, you may have a very great deal of this sense of lightness and freedom from connection with the destructive forces, until they are completely removed.

As you go on in the Full Realization of how the Great Central Sun's Sacred Fire Love can transmute conditions and close out that which creates discord, when I you begin to see It work, when you begin to feel the relief, then you will understand what I mean; and if it takes too long, I will come and visit more often to remind you of it! (*Applause*) Thank

you so much, Precious Ones. Won't you be seated please.

When you begin to realize the Power in the Great Central Sun's Sacred Fire Love, once you begin to experiment with It to correct conditions that have opposed you—once you become aware of how It can transmute those conditions—you will not forget to use It. I tell you this night, if with your fierce determination you turn to your “Mighty I AM Presence,” and say to It: “MY ‘BELOVED I AM PRESENCE’ AND THE ASCENDED HOST, FREE ME FROM EVERYTHING THAT IS NOT THE GREAT CENTRAL SUN’S LOVE OF THE SACRED FIRE, THAT IS MASTER OF ALL! FREE ME FROM ALL ELSE AND MAKE ME THY SUN PRESENCE!” I tell you, tons of struggle can drop away from you overnight! If you will experiment, you will miss the tons of pressure.

You do not know yet what Power you have to free yourselves, by simply pouring to Life everywhere the Great Central Sun's Love of the Sacred Fire; because That is the Love from the Heart of the Central Sun that does all things well, and does not produce discord anywhere. If discord exists, It dissolves it; but It goes on Its way with a Freedom that brings Joy to Life forever. So, Blessed Ones, I hope you will experiment with this of just blessing Life everywhere, with the Great Central

Sun's Love of the Sacred Fire, and go on your way.

Tonight, if you could replace all resentment, all criticism, condemnation or blame, and all rebellion against conditions, with just the constant Call for the Great Central Sun's Love of the Sacred Fire—just let It go forth into outer conditions; be unconcerned as to when they change—you would find them changing very much more rapidly than otherwise would be. You can even CALL THIS FORTH AS A MANTLE ABOUT YOU, TO KEEP AWAY THE PRESSURE OF OUTER WORLD DISCORD AND THE IMPERFECTION THAT HAS BEEN GENERATED BY MANKIND.

I tell you the only comfortable place to live—when all is said and done, when you've experienced everything that has ever taken place in this World—the only real comfortable place to live—permanently—is the Sacred Fire's Great Central Sun's Love. When you call forth the Love of the Great Central Sun's Sacred Fire as your home, your business, your world, your atmosphere, everything you do, and continue to do that, It will reveal Itself. I will need to say no more. It will unfold within and around you; It will reveal what It can do; and the Powerhouse of the Universe will have come to abide with you. So, go forward, and experiment with It tonight. I'm not giving you any advice; I'm just offering you an opportunity! (*Applause*)

Thank you, Precious Ones. If you remain standing just a moment, I have just this to say: If you want Freedom enough, you will do This from tonight; and if you do It, your Freedom will come very, very quickly.

So, I enfold you in My Feeling of what the Freedom is that comes with that Love of the Sacred Fire. May It be a Mantle about you, to forever release you from the pressure of all in this World that is not the Great Central Sun's Love of the Sacred Fire of your Eternal Freedom that lifts you unto your Ascension as you have called. Accept It tonight; go forward and use It; and be free from the distress of the outer world, till that Hour when you come to Us for Eternity, and no pressure can ever touch your Life Stream again. Thank you, with all My Heart's Love for your presence here tonight. Good night! Won't you be seated, please.
