

DISCOURSE IV

May 23, 1956

CHICAGO, ILLINOIS

Beloved of My Heart, tonight I bring you, from the Heights of Cosmic Power, again, the Assistance of those of the Angelic Host who love you so greatly—and some of whom you know very well. I wish to remind you tonight that those of the “I AM” Students who have attained the Ascension are Members of the Angelic Host now. (*applause*) Thank you, Precious Ones.

If those are some of your loved ones, your love holds you very close to Them. And so the Angels are with you far more than you understand—many, many times. As you go forward in the use of this greater Love and Power of Purity of the Sacred Fire, automatically there will come more awareness of the Angelic Host, and Their Assistance to you in your outer affairs, because They come into the atmosphere

of Earth, Beloved Ones, to bring the Sacred Fire that does change physical conditions, and that does bring the Heaven on Earth that is contained within the Sacred Fire. So as you remember Their Presence with you, and Their Service to the Earth, you automatically will become more and more aware of Their Assistance in your outer affairs. Now They are waiting, and have for a long time waited and waited for wayward mankind to reach up and keep the Door open whereby the Angelic Host could pour the Sacred Fire continuously enough to be the River of Perfection, whereby the outer world conditions are drawn into that Sacred Fire for both Purification and Perfecting.

Now in the Healing which They offer to the people of Earth—it comes of course, always, through the use of the Sacred Fire. And Their Love directs that unmistakably to those who reach to Them for Assistance. But regardless of how much They offer, if you will train the outer self to reach to the “Mighty I AM Presence” first, and then to the Healing Angels or the Protecting Angels, Groups of those Special Activities of the Sacred Fire can be drawn in and around you in many conditions, Beloved Ones, that not

only protect you; but They will draw Protection around those in the outer world who require that Protection and are trying to hold to the Light the best they know how.

When you call forth the Angels of the Protecting Flame to ever abide not only around you, but around localities or things that need protecting, there are Unlimited Legions that can be called into Action in an instant to flash the Sacred Fire that stands like steel around a locality or condition—or a thing even. And that Sacred Fire enfolding whatever you want protected becomes like an electrical forcefield.

We can charge that so intensely with Power that it will repel destructive forces just the same as a high-powered electrical wire. When you get a strong electrical current, it repels, doesn't it, those who touch it—either repels them or consumes them. And I want you to feel that the Sacred Fire which the Angelic Host draw around people or conditions for Protection is heavily charged with a Repellent Force to that which is wrong, because wrong cannot come through Their Sacred Fire. I assure you, when We establish—many times like a Wing of Flame around a person or a condition, that Wing

stands there; and when that is once drawn into outer action, It stays there until We withdraw It.

So if there is temporary Protection required, these Flames can be established by the Angelic Host until certain Work is accomplished. And those who perform that Service are held guarded by the Angelic Host until the Victory is attained—whether that be for the individual or the Nation or the world. There are tremendous Legions, My Dear Ones, of the Sacred Fire, who move throughout this whole System of Worlds, expanding that Sacred Fire, drawing It here, establishing Its Perfection, placing It somewhere else, until They build into outer Manifestation the Outpicturing of the Fulfillment of the Divine Plan.

Therefore those of you who are, through your Love to the Light and your Decrees, working for the Protection of your Nation and that which is constructive throughout the world, you little dream, My Dear Ones, how much the Angelic Host automatically love you because of your Service to the Light. And that is what makes Them constantly receptive and in touch with your requirements, because you are an Open Door through your Calls by which They accomplish the Fulfillment of the Divine Plan.

So tonight, if there are conditions—which there are, within your Nation and your government—that need both correction and Protection, the Angelic Host are going to be needed within your borders in as powerful a way as you can call forth. And in your coming political turmoil, you will require the Angelic Host, I assure you, to keep the atmosphere clear enough for people to think correctly.

And if I were you, I would certainly call the Legions of the Angelic Host who direct the Cosmic Fire of Cosmic Christ Illumination, Inner and outer, to charge that Illumination through the masses of the people now—before your elections take place. That’s what they require, My Dear Ones. The masses of the people are confused. They’ve been so betrayed, they do not know who to trust. So if you will call forth the Sacred Fire of Cosmic Illumination to protect them so they know clearly the right thing to do, and then the Sacred Fire gives them the Strength to do it, you help to settle the chaos. You give Protection to those who are standing for that which is right, and you weaken the plans of that which is wrong.

So may I say, *you should make this year an Angelic Year! (applause)* Thank you, Precious

Ones. You need to live in the World of the Angels, because it's more comfortable within Their Sacred Fire and Their Love than it is in the hatred of mankind in the outer world. So if you want to live in the world of Peace and Comfort, I assure you, the Angelic Host can easily draw in and around you the Sacred Fire that is Their World of Manifestation, Their World of Love, Their World of Power and Victory.

Now if it's Healing you require, it's certainly more comfortable to be harmonious in the atmosphere of the Angelic Host than it is in the atmosphere of many conditions in the world. Precious Ones, regardless of how long it takes or how much effort it takes to purify conditions in this Nation and the world, it's got to be done. You certainly don't want destructive conditions to get any worse; and if you are going to keep them from getting worse, you are going to have to cover them over with Cosmic Sacred Fire. And if you are going to get rid of them completely, there must come more Cosmic Sacred Fire until they are dissolved from manifestation forever.

Mankind unascended cannot solve their problems. And so those of you who understand how to call to the Angels of the Sacred Fire to

come everywhere that Sacred Fire is needed, and establish It as the Controlling Power in this world, then many changes will take place that people cannot understand; but they will be a powerful Protection and Assistance to those who are trying to do right.

The Angels of the Sacred Fire should be called into mankind's daily activities to hold Command and to compel Protection and the Victory of what is right—by that Sacred Fire. Don't be afraid to call Them—Legions of the Angels of the Sacred Fire—to come everywhere that Sacred Fire is needed; and God knows, It's needed everywhere in the world! There is no place on this Earth where It cannot be a greater Blessing.

So Beloved Ones, if you have the Assistance of the Angels of the Sacred Fire in addition to these powerful Decrees that you're sending forth, it will be just like a Mantle of Protection about you. And like an anchor to a ship, It will hold you so steady upon the pathway to your Goal that interference will not be able longer to disturb you or delay your Victory. We are an Activity, Beloved Ones, established by the Cosmic Law, to keep mankind reminded of the Power from Our Octave that is ready to

assist. And the Angelic Host are those who go and come at intervals to intensify that Sacred Fire into outer physical conditions. When the Violet Flame passes through you, you feel more comfortable. When this Cosmic Sacred Fire passes through a city or a nation, it is more comfortable for the people. And this year, if I were you, I would call for the Legions of the Angels of the Sacred Fire to bless the atmosphere of Earth, and make it the comfort of the Love of the Angelic Host. This will do much to offset some of the conditions that have been charged into the atmosphere of Earth that are imposing such distress upon life.

If you want to control the Powers of Nature or the Forces of the Elements, you call for the Legions of the Angels of the Sacred Fire to blaze Their Cosmic Love that controls the conditions in the Powers of Nature and Forces of the Elements; and you will find a very much more balanced condition coming forth in your outer affairs. This will reestablish much that has been thrown out of balance both by wars and all your atomic experiments. You do not realize, My Dear Ones, what the wars have meant over the last half century in the disturbance of the Powers of Nature

and Forces of the Elements. Nobody realizes, until you see it from Our Octave, what mankind has done to torture itself through war.

And so now you are the open door into the Realm of the Sacred Fire. The Legions of Angels of the Sacred Fire are ready to come to your Assistance at your conscious Call for all of the Angelic Host's Control of the atmosphere of your Land—and the Powers of Nature will spread Their Love over conditions that have been in turmoil; and at least where you abide, those conditions can be held harmonized and under control so you do not feel as much of the stress of disturbance as those of the outer world.

So the more you call the Legions of the Sacred Fire to flood that Love to the world that sets it Free, the more you will automatically abide within that Sacred Fire and dwell in that Freedom also. Mankind goes on struggling in these frightful conditions when, My Loved Ones, if they would but turn to the "Mighty I AM Presence" and call on the Law of Forgiveness for all that is wrong, and then call the Sacred Fire into those conditions to produce what is right, Uncountable Legions of the Angelic Host and the Ascended Host could come to the Assistance of the whole civilization

and could change things in a short time. And mankind would wonder how they could have gotten into such chaos!

Now if you want to settle the chaos—so at least where you live, it is held at Peace—I certainly would call forth the Legions of the Angels of the Sacred Fire to pour Their Love that compels Peace in your world and around you wherever you abide. Then you take your world wherever you go; and you become the Peace-commanding Presence, not only of your own “Mighty I AM,” but by the Love of the Angelic Host. And when that becomes more expanded within the physical octave, mankind will have Peace.

But someone must make the Call for these Beings to come and abide with you and hold the Flame of Their Love and Their Peace in control of conditions around you. And I assure you, it is a very practical thing to do at this present time. If I were you, I would not forget to do it! (*applause*) Thank you so much. So the Angels of the Sacred Fire, My Dear Ones, are the Angels of Protection, because it is that Enfolding Flame of Their Love that is your Protection, because that stands between you and the disturbance many times in the atmosphere in which you move.

So when these Great Beings are waiting every opening possible through which to pour forth the Sacred Fire the world requires, then if you choose to make Them your daily Associates, and understand that They are your Friends of the Sacred Fire, you may have Assistance without limit. You may have Protection Invincible, and you may have Powers to use to accomplish your Victory that only the Angelic Host can bring—or use around you—until you become one of Their number through your Ascension. And I assure you, if you are continuously aware of Their Presence, They will give you every Assistance to your Ascension. And It will be as comfortable as possible because Their Love in the Sacred Fire automatically produces that greater Peace and ease of Attainment.

You may just as well live in the ease of that Attainment before the Final Victory as to go on in the struggle until the final moment arrives. So these, may I say, Friends of Mine—My Family of the Angelic Host—are ever ready to assist you, Beloved Ones, that your accomplishment from day to day may bring you only Victory. And in each new effort you make, you call Them into Action—first of all to hold Protection about your every effort that is

constructive. You will soon move out of the strain and the struggle and the problems in which you have been enmeshed.

So this will help your health. It will bring you supply. It will hold you protected. It will give you every Assistance to the accomplishment of everything that lifts your fellowman and Life everywhere into the Fullness of that Peace and Love of the Sacred Fire that is the Power to give all the Ascension. So if you choose to call for the Angels of the Sacred Fire whose Love will always make you Victorious—so long as you love your “Presence” first and command Its Victory to come into Action—your Help can be without limit; and your Victory will forever expand.

So I clothe you tonight in My Love that will help to draw these Blessed Beings nearer to you, that you may feel Their Presence more frequently. And in that Feeling will They be able to release the Greater Power for you to hold command. May They come without limit, and give you every Blessing that takes you forward to Victory, to Freedom, and to the Fullness of your Ascension in the Joy that is the Great Divine Plan’s Desire for you.

May the Fullness of all the Blessings the Angelic Host can give flood forth to you tonight; and may

you make Them your daily Companions, and feel that your Friends have come to assist you to Freedom. Thank you with all My Heart.
