

VICTORY

VICTORY! VICTORY!

**VICTORY! Victory! blazing and bright,
Wielding Thy Sword and Thy Shield of
Love's Might,
Walking the earth once again in full
Power,
Through Thy Dominion, make Light rule each
hour.**

**Send forth Thy Legions of Lightning and Flame,
Guardians of Light from the Mighty "I AM";
Blaze now, Oh Victory, Thy Light in all,
Consume the darkness and send forth Thy Call!**

**Onward Thy Legions sweep, Great One so dear,
Thy Cosmic Fiat, let everyone hear!
We feel Thyself, the Almighty "I AM,"
Stand true to Its Mandate—Life's Great Command!**

**Victory Blessed, from Venus so bright,
Bearer of Glory and God of Great Might!
Make us victorious by Thy Love too,
Let Thy Real Presence forever come through.**

**Glorious Vict'ry, we greet Thee on high,
Flash forth Thy Rays and illumine the sky!
Being transcendent in Splendor and Might,
All bow in Love to Thy Power of Light!**

**Set us now free by the peace which Thou art,
Life's own Great Flame and the Love in each heart,
Lift all in Freedom NOW! to the Great Sun,
Our "I AM Presence" in silence has won!**

**Victory! Victory! Power of Light!
Victory! Victory! Love's blessed Might!
Victory! Victory! we call to you!
Victory! Victory! come now! step through!**

(The above is an adoration to the Great Master from Venus Who has said we might call Him, Victory.)
