

**THE** years spent in the "I AM" School shall be such a remembrance of joy, of accomplishment, of Victory and of Freedom, that they stand out forever as a Great Beacon of Happiness and such an anchor of Light that no one will ever want to forget his "I AM" school Life.

Part of the training in every school is to give each one an opportunity to become master of himself so that he is always comfortable, natural and at ease yet calm, dignified and Self-controlled whenever he needs to express himself before his class-mates and teachers.

Beloved ones, every "I AM" School should be a Temple of Light and Happiness of the Ascended Masters' Instruction to help every one to do that which expands his own Light and releases Its Blessings to his fellow-man.

Every child in every "I AM" School should at least once a day face an audience of his class-mates and teacher; and call his own "Mighty I AM Presence" and the Ascended Masters to pour some definite Blessing to his audience, to all in the school and to America.

Every human being should become so much at ease, so natural and so comfortable before any

audience or group of people, that at any moment he can lead his fellow-students to do something which will bless all.

The "Mighty I AM Presence" and the Ascended Masters cannot release Their fullest Help, if fear, embarrassment, nervousness or any feeling of inferiority has control of the energy in his feeling.

The "I AM" Schools are and should always be the greatest enjoyment in the growing activity of every child and young person.

Every moment of every day in every "I AM" School should be a constant service to Life in the great Harmony and Consciousness of the Ascended Masters and the constant use of Their Light Rays.
