

· GOLD ·

Mr. G. W. Ballard—Sbrine Class  
January 6, 1939

**I**N INDIA there are five great mountain peaks. Within one of those peaks has accumulated for hundreds of centuries a certain amount of gold during each century. There is gold enough in that one peak to a hundred times pay the debts of the world. I know this to be true.

Now then, you heard the call I made for the God of Nature and the God of Gold to come forth. I cannot give you the explanation just now, but it is a stupendous thing in reference to our financial activity and that of our vegetation and fruits.

You will see such marvels take place as you never thought possible, and if my feelings serve me right, largely will it take place within the next five years; and most all of you will live to see these things fulfilled.

*Victory Said:*

*"Mighty I AM Presence," wipe out of my being and world instantly all doubt, fear and questioning of every kind and replace those qualities with the full acceptance, feeling and conviction of all the Ascended Ones offer for my Freedom and Victory. Blast and annihilate, cause, effect, record and memory of all obstruction to my full and immediate response to Their Assistance, and release my Eternal Freedom NOW. I thank Thee it is done.*
