

· PICTURES OF "I AM" STUDENTS ·

BELOVED ones, our Blessed Ascended Master, Saint Germain, said at the time the New Dispensation was given for the Ascension of all sincere determined "I AM" Students at the close of this embodiment: not to say an individual had made the Ascension unless He said so.

There have been some "I AM" Students who have passed from the physical body; and He has not said whether they did or did not make the Ascension, except in a few cases where He did mention the names.

Therefore, we ask the Students not to pass pictures of such individuals around among the student body for contemplation. Even if some have ascended, you should remember that if the Ascended One had not given a great service to mankind or had drawn forth a great momentum of energy thru service rendered to the Light in the physical body, that One would have to render the service in the Ascended Masters' Octave, in order to call forth the Greater Power of Light.

Our Beloved Messenger, Mr. Ballard, had a gigantic momentum already drawn forth, thru His Service to America and mankind in bringing this Ascended Master Instruction forth and thru His close contact with the Student body. Because of that contemplation of His Picture and calls to Him are bringing forth instantaneous answers.

He has been prepared to render tremendous Assistance and is doing it with Cosmic Power, but it does not mean that everyone who ascends is prepared to do the same thing at this time.

The photographs of Our Beloved Messenger have been definitely prepared and charged by Him

and us to render tremendous Service to all who use them for contemplation; but that is quite a different thing from individuals who have just ascended and have not that momentum of Light already drawn forth.

So please do not circulate pictures to get the students to use them for contemplation. Everyone's attention needs to be held on what Saint Germain and Our Messenger have given because of the protection needed for America; for They both have a Great Momentum of Power already drawn forth for America's Victory in the Light now!
