

(applause) Go forth, beloved ones, in the full Power of that Light, Its Eternal Mastery and Victory over human selves and conditions. Go forth, I say, in that Power, Authority and Victory of the Light, Oh beloved Children of the Light! I thank you.

**GODDESS OF LIGHT**

*The same thing is true in the use of the Violet Consuming Flame. The "Mighty I AM Presence" may establish the Violet Consuming Flame and always does at your call, but unless you give acceptance in the feeling world, which releases a certain amount of your substance into It, that will not be sustained as an activity in your individual requirement. It will remain there, but It will not produce the result for you, unless your substance is released which gives the activity in the human octave, required to produce the Consuming Activity in your own Life Stream.*

**GODDESS OF LIGHT**

*One day soon enough, you will know Our Reality, but you have got to have—I would not call it faith, but you must have confidence in your own Life; confidence in the Reality of the Ascended Masters, the Cosmic Beings; confidence in the Messengers, until that day when you can prove It for yourself. All the proof in the world that We could give you is only a temporary thing, until you arise in the power of determination within yourself to prove to yourself this Mighty Truth and Reality of your own Life.*

whatever service to Life you wish to give for the Freedom of Life, bringing about Divine Justice to all and the Ascension as soon as possible for as many as possible from all races.

**SAINT GERMAIN**

*When you call the Blue Lightning into a thing or condition to explode it, it is just like the roots of a tree. Each one of those focuses or vortices there is like a root and when that explodes it goes into those conditions which means into human beings and their feeling world. At first, their destructive plans will be tremendously confused; but as that settles down, they will begin to see and sense Divine Justice in the thing; also see their mistakes.*

**SAINT GERMAIN**

*Do you not understand there is not one thing within your physical body which cannot be done by the directing of the Currents of Energy from the "Mighty I AM Presence" or by the directing of the activity of the Violet Consuming Flame or the Blue Ray or the Consuming Flame of the Unfed Flame, directed and held to a given point? That Activity would remove all imperfection there. Won't you try it out, whether it is on yourself or some other body? Try directing the Violet Consuming Flame just like it was intelligent—because it is if it is directed by the Intelligence of your "Mighty I AM Presence." See It penetrate and dissolve a growth; or see it put Its Lasso of Light around that and operate on it and remove same.*

### SAINT GERMAIN

*Human desires sink into such insignificance after centuries and life time after life time of struggles, the same old struggles again, again and again with no perceptible change. Then to suddenly step into the Stream of Light, the Pathway of Light, is like the movable steps in a Department Store, which aside from your own movement carry you on and on and on into that Eternal Freedom of Light!*

*Perhaps there is no better illustration than that as you walk up those stairs and they are moving, your own effort is there, but underneath you is the Power of Light carrying you forward in addition to your own efforts. That is what We represent to you. The Ascended Masters' Power, Consciousness and Light are just like that moving stairway under you that is carrying you on more powerfully than your own effort could possibly do, and yet taking you to a sure definite goal with your obedience to Our Requirement.*

### SAINT GERMAIN

*Oh do you not see, blessed ones, that in your joyous attention to your "Mighty I AM Presence" and the Great Ones in that great perfecting activity taking place within and about you and your feeling world, how the whole world without, must come into that glad Divine Order, Perfection and harmony of all you require for your happiness, supply and comfort in the outer world? Do you not see that it would be impossible for you not to have everything in Divine Order in your Life?*

### SAINT GERMAIN

*Oh beloved ones, if you could look—now this is not human sympathy—but if you could look into the hearts of mankind and see what is there, how gladly and willingly you would render every service of your being. Unfortunate humanity is crying out as never before in the world for help, for Freedom. It is this great mass pressure, and as our blessed Lotus once saw it as great rollers of time—which are rolling humanity in between these great rollers; compelling each Life Stream to come into Divine Order. To some, it may seem very painful; to others it will be an extreme joy and gratitude; but if all understood even the painful letting go of the human, would be a joy too exquisite to describe.*

### SAINT GERMAIN

*Many times the starting of an accumulation of pus at a given point in the body where it would ordinarily take four days for it to accumulate into a head, as you term it, it can be drawn within three or four hours by the Currents of Energy called forth.*

### SAINT GERMAIN

*Everyone's Life Stream, students' or otherwise, is the authority which decrees what is to be done for them. You might decree a thing outwardly or desire a thing outwardly; but if it was contrary to the requirement of your Life Stream when you have entered into this Stream of Light, then it would not be answered unless by that answer it brought to you an experience which would be the lesson to be learned.*
