

COSMOS

· MIGHTY COSMOS ·

H, Mighty Cosmos in Your descent  
From such Great Heights above,  
To bathe us in Your Cosmic Fire—  
Flames of Your Divine Love.

Our praise to Thee now is boundless;  
Your Cleansing Fire expands,  
Fulfilling every Law of Life,  
To spread thruout all lands.

Great Cosmos, how we welcome You,  
With Your Secret Mighty Rays,  
You bring to bless humanity,  
In earth's greatest need these days.  
In Their Glorious Cosmic Power,  
Shall Their speed be very great:  
Cleave asunder destructive force!  
Open wide the Cosmic Gate!

Awake! Oh, people of the earth!  
Inhale the Great Fire Breath,  
The Light of Cosmic Power released—  
Let all know there is no death!  
For Life—Its Great Light expanding,  
Charges forth the Perfect Plan,  
Holds Dominion and Happiness,  
Thru "I AM"—the Perfect Man.

We stand within Your Dauntless Light,  
Doing all that You require;  
To hold all willing and ready—  
And within Thy Pure Desire.  
Thou art our Perfect Direction—  
Our Presence, "Mighty I AM,"  
Singing Eternal Praise to Thee  
Oh, "I AM," "I AM," "I AM."
