*Sindelar's Group—June 24, 1937*

**B**ELOVED Children of the Light, I bring you Greetings from the Royal Teton—Its Love, Its Harmonizing, Its Perfecting Activity, to anchor within your feeling world, those identical Qualities.

Does it seem far away? Does it seem unusual to think that in your America, there is such a Mighty Focus of Light? There are unfortunate individuals who doubt these Realities, dear hearts. Do not be a part of that! If doubt besets you and you think the experiences of this good Messenger are untrue, the loss is yours! We tell you they *are* true! We cannot do more than that; but We want you who are so greatly in earnest, to feel It. In removing from your feeling world all doubts concerning the experiences, which are the Foundation of this Work, you will establish an acceptance, a receptivity in your world which is not otherwise possible.

Remember! There is no unascended being, who can carry you as far in the Knowledge and Understanding of the "I AM" Presence as an Ascended Being, is there? I ask you the question! Be on guard, beloved ones! Do not allow ordinary human beings to say, that they can teach you more than Saint Germain. Such would be a very great mistake! You would be deprived of the Glory and Blessings which holding fast to your "Mighty I AM Presence" can bring. After all, do you not understand—everyone of you—that your "Mighty I AM Presence" is the *only* Teacher in the world for you? Saint Germain has pointed the Way in a magnificent simplified manner. If you will walk in It, you will have your Freedom so magnificently. No unascended being can give you that!

I say this again to prompt you. Dear ones, do not let any unascended being side-track you from your own "Mighty I AM Presence" and this Magnificent Work of Saint Germain's. You are the loser, if you do. As this Great Momentum is being gained by the Power of Radiation from the Ascended Masters, you will one day see the magnificent accomplishment which will come out of it to all, who will stand steadfast to Saint Germain.

There is one thing I want you to understand definitely: any student in America, or the world for that matter, who draws aside from the Radiation of Saint Germain, will *not* have the Radiation from any other Ascended Master. I am saying this, to-night, not in criticism of anyone but for the protection of the students.

Since Saint Germain has proved the Truth of the Activity which He has started, all of the Ascended Masters have joined Him in the accomplishment, and this cannot be divided. If individuals here and there and thruout the world begin to bring forth conflicting statements concerning the Law of Life, then it means there would be only confusion and chaos among the students and mankind again. That is why I say to you, to-night, anyone who draws aside from this Stream of Light will *not* receive Radiation or Assistance from any Ascended Master.

People are quite free, dear ones, but I say again: those who turn aside from this Light, will see their great mistake. When the first ones were drawn into the heart of this Activity with these beloved Messengers and then turned aside, Saint Germain said that they would come back. They are coming back! All who have turned aside, will one day see their great mistake and come Home.

One day, you shall all know how great is the Home of the "Mighty I AM Presence," the only Real Home of anyone in all the Universe, dear ones. You may have physical houses, you may have castles, you may have estates, but there is only One Home—your "Mighty I AM Presence," in Whom are the homes for all the forms that exist thruout the Universe.

As you come into Perfect accord with your "Mighty I AM Presence," It will provide all the physical homes, conditions, supply and everything which is required for your happiness and comfort. That is the Law of Its Being, beloved ones. It is not a matter of will it come forth, or can it; but the Law of Life is abundance of every good thing for right use because you cannot have it, except for use. Mankind, to-day, are coming to understand this Law, for no one should wish to have or hoard that which he or she cannot use. If they do hoard, whatever they hoard only becomes a burden to them. This does not mean, you should not have beautiful homes and abundance with which to take care of them, so far as money and such requirements are concerned; but the FEELING, beloved ones, in you, the MOTIVE in your consciousness, is the important thing.

Therefore, to draw from your "Mighty I AM Presence" all that is required for use, is the paramount thing in your experience Life. Your Higher Mental Body, being your discriminating selective Intelligence, long before you are aware of it out here, knows what you really require. You think sometimes that you require certain things. Afterwards, you find it is something else you really require. When you begin to call the Presence into action, It impels the discriminating selective Qualities of your Higher Mental Body to act in your physical world. Then, you are having provided not only the Directing Intelligence, but the Activity and the conscious enfolding Presence of all that produces Perfection, in your requirements or daily activity.

If you would recall this to your outer mind and say daily: " 'Mighty I AM Presence'! see that I do not make a single mistake this day! I give to You the Full Power from the physical octave, thru Your Mighty Directing Intelligence, to establish this Perfect Activity within my world. I refuse acceptance any longer that the human-self—my human-self—has any power to make mistakes." Then, you take away from your own human, as well as everyone's else, the Power which you have given it to make mistakes. Do you see, beloved ones? Your human-self—in every one of you—could not make a mis-

take, if you did not release power into it; if you did not use the Life of your Presence to do it?

Now notice! We are going to cover certain points to-night, beloved ones, which will make you so firm and unyielding in the acceptance of your Presence, as being the *only* Directing Intelligence, that the human-self will no longer try to assert itself and make mistakes.

If you will follow Me closely, We will endeavor to anchor this so firmly in your feeling world that you will have the prompting every time your human attempts to assert itself. You will just calmly say: "Now just a moment! There are no mistakes in my world! Now remember that! 'Mighty I AM Presence' take command here and see that I do not make a single mistake! I know, when I make this call to my 'Mighty I AM Presence,' that the Discriminating Selective Faculties of my Being are acting with Full Power. Therefore, mistakes cannot occur!"

If you will do this with great earnestness, you will see how quickly all these disturbing elements in your world will cease. Do you not see, Oh beloved ones, that you are only concerned with the perfecting of your own world? I mean by that, you alone are responsible for your world. You are *not* responsible for any other person's world; but many times, individuals are more concerned with the other person's world, than they are with their own. That is a great mistake. It only keeps you from perfecting your world, which is the important thing.

If your world is Perfect, beloved ones, the Radiance coming out from your world would cause every other world about you to become Perfect as well. Always give the most powerful assistance possible, to help everyone who touches your world to become Perfect. Do you see your great responsibility?

We have pled with the children of earth so earnestly. Saint Germain, as many of the others, so earnestly keeps pouring this to you until you get His full Understanding and Feeling of these Fundamentals. There is no use getting tired of it; because We are going to keep at it, until you do get it. We love you enough to chance your dislike, in order to get this over to you; but you know that when Our Love, which is so great pours forth, it is because We want you, everyone, to be Free. That is coming! I tell you, it is coming and with great speed! I say it for your great encouragement and assurance. Do not ever let anything or anybody cause you to doubt! Your Freedom IS coming.

My Heart sometimes aches for the beloved students, who, possibly thru some far past momentum, have had almost tragic things express in their worlds. They have not intentionally let these things occur; but they have not realized deeply enough the need of making dynamic application in the use of the Violet Consuming Flame. This is why these tragic experiences have found expression in their worlds; but even then, they should not be dismayed because We have tried so earnestly to prompt all the students everywhere—of the absolutely imperative need of calling the Presence into action, to use the Violet Consuming Flame with dynamic Power. *Everything* of past accumulation *must* be dissolved and consumed, dear ones!

When the power of your attention, which is so great, goes to your Presence, all past accumulation of your world tries to rush forward into expression. Unless you will use the Violet Consuming Flame, by calling the Presence to do it, something you could not even imagine far back in your Stream of Life, will attempt to rush forward into expression and most unhappy things occur in this present physical life. If the precious ones would have only understood this, they could not have discord about them; because it is the explanation of why certain things rush forward into expression in the lives of certain individuals.

We cannot take each one of you and show you yet—notice that “yet”—the whole activity in your Life Stream; but promptings are being given with so great a Love, dear hearts, that if you will take Our Promptings, watch and stand guard, these things, I assure you will not occur in your world.

Let me prompt everyone of you, to-night, again. If you receive a premonition of something, do not accept that it **MUST** take place in your world. Just because you might be prompted by your Higher Mental Body or some one of the Ascended Masters about some particular condition, does not mean you are to accept it. It is brought to your attention so you may make application to dissolve it so it cannot find expression in your world. Please watch this closely!

You are naturally becoming more and more sensitive all the time. It cannot be otherwise; but it is nothing to fear. Quite the contrary! It is something to be eternally enjoyed and for which you should be most deeply grateful. Remember your statement which is so magnificent: “‘Mighty I AM Presence!’ make and keep me Infinitely sensitive only to You and Your Perfection and absolutely non-recordant to human creation.”

It is tremendously powerful and vital to your use *every hour of the day.*

We have watched the students in many localities, and every time they will not believe this or think that their particular Life experience does not need the dynamic use of the Violet Consuming Flame, they have something unpleasant happen. I do not say this always happens to everyone but who knows to which individual it might happen? We cannot always go into the entire Life Stream of every individual.

Allow Me to prompt you again to-night, beloved ones. Just because you come into the Understanding of the "Mighty I AM Presence," have heard of It or contacted It, do not feel that just the awareness of It, is all that is required for your Ascension or for your Freedom. Oh, dear hearts, do not be lazy! Does that sound rather curious? Dear hearts it is true! Do you really know what that word means? The human has used the word "lazy" and really it is not quite as serious as you might think. It means a lack of use. It is absolutely true, when you fail to use, or in other words practice the Presence sufficiently, then undesirable things intrude. It is not necessary to go through such experiences.

In This Understanding, you have gone far enough now, when you must be firm. You must be unyielding toward the appearance world. It only has power in your world insofar as you give it your attention and, through that, feed your Life into it. This is so vital to you. This is the most practical application that ever has been or ever will be offered for the use of mankind. This Instruction is definite Law. It is Mighty! It is ALL-POWERFUL and WILL PRODUCE RESULTS. There is no question about it.

These beloved Messengers are handling conditions, my dear ones, that—well even to Us sometimes seem incredible in the present understanding of mankind; but they do do it. There is no one, friend or so-called enemy, who can deny it. They produce the results! There are no failures!

Shall I tell you one quite wonderful thing? On the return of the Messengers here to your beloved city of Los Angeles, certain forces through individuals had attempted to gather a momentum. They struck at these beloved Messengers with tremendous power. For one day and a half, it required dynamic work to shatter it. It was done! Since then, even the atmosphere sings with joy and happiness.

Dear hearts, will you not see, will you not understand that in the call to your Presence, there is no human being nor

condition—there is no group of human beings who have the slightest power in the world to interfere with the Out-pouring of the Great Light from the Presence, from the Ascended Masters or from the Great Cosmic Beings? It is one and the same Substance, Quality and Condition in action. There is no resistance! There is no interference to the Call of the Presence, for as that Great Light floods forth, It simply dissolves and consumes all unlike Itself. Try to see this and feel It.

It will give you such courage, such confidence in your own application, if you can just feel It. You see the manifestation of It through the Messengers all the time, beloved ones. If they were to tell you some of the conditions they have had to handle, your hair would almost stand up, but they have no longer any concern about it. When a condition is to be met, they simply meet it, call the Presence into action and the condition is no more. We want you each one in your individual lives, to feel this so firmly.

Your Presence which beats your heart is *All-powerful* and *Real*. It is All-powerful right in your individual Life and your own affairs. I might refer to a few instances where the beloved students have written in to the Messengers. The Messengers felt so firmly: "If they just hold steady and direct their attention back to the Presence just once more, they will gain this Victory," and in every instance, it was accomplished.

Oh, my dear ones, you do have ALL power to call your Presence into action to regulate, to adjust, or bring Divine Justice into every activity of your world and your Life. FEEL THAT. Yours is the Victory, beloved ones, remember it! How and why? By turning your attention to your Presence, the Governor of the Universe.

By this time, you must feel no uncertainty as to the requirement. I am sure there is no one here, or among the students anywhere who doubts the Power of each one's Presence to be All-powerful; but this is what some do. Many do doubt their own ability to call their Presence into action. Do you see? We are endeavoring to help you overcome this. The Divine Director has performed such a Magnificent Service for the students thruout America. Words could not describe all that He has done. Shall I tell you how far He has gone to accomplish this?

You will remember, that in San Francisco, He began to come forth and project these Light Rays—these Qualities—into the feeling world of the students. When We were in Detroit, and Cleveland was calling for the Messengers so earnestly, it did seem so necessary to go. They went for one afternoon and

evening. The Divine Director came and did this Same Work there, even for one evening!

Since the Messenger's return, He has continued that and is present to-night, doing the same thing for you. They are so determined, with your kindly co-operation, to gather together enough individuals in the United States of America who are firm and unyielding in their devotion and attention to the Presence and Ascended Masters, so a special Release of the Cosmic Light can come forth; not only to accomplish that which is required, but to flood the mental and feeling world of mankind everywhere and awaken them into this Light. It is being done with tremendous speed and power.

In your activity and in the coming Shrine Class, a Power will be released heretofore unknown. I suggest to the Group Leaders and students in this locality, to do the following every day before you go into that class. At least a half hour before, charge the Shrine Auditorium with the full Power, Perfection and Activity of the "Mighty I AM Presence," the Great Host of Ascended Masters, the Legion of Light and the Great Cosmic Beings. I know you are already issuing these Decrees in your groups; but I ask you to take up this special activity of which I am speaking—individually. If you will do this *individually*, you will find a tremendous Assistance will be given and a marvelous change taking place within yourselves.

Beloved ones, We want so much to have you realize how great Our Love is for you. In all kindness to the rest of America, you beloved ones of Los Angeles and vicinity are the heart of the Student Activity in America. You have made it possible for things to be done which could not have been done otherwise because you did it from the prompting of your own hearts. In Philadelphia and New York, there are being established tremendous Activities. We hope to bring an exact balance between Philadelphia and New York with your activity here. It would be a very wonderful thing. The Work the Divine Director did for New York will never never be forgotten! It is necessary, if possible, to make New York a balancing Activity with this.

Beloved students, you must know by this time that these are not idle activities. They are Mighty Power going forth expanding, expanding and expanding—doing a Work unheard of in the history of mankind. In spite of all human beings who try to oppose this Light—for they really have no power—It goes on, and on, and on; and It will be the Greatest Blessing ever brought to the children of earth. Saint Germain knew

what He was doing, when He established This Work. It is proof to all mankind that He has accomplished that whereunto He set His Hand. It should be proof to anyone in the world.

The beauty of It is—and please accept this same activity in your own individual world—the Messengers do not fear, do not oppose anything! They call the “I AM Presence” into action and go serenely on in their work. Perhaps you do too; but if you knew all the threatening terrifying things which have been brought to the attention of the Messengers, you would be amazed. Yet, they smile and go serenely on. The proof of this Law, is being shown the world every day through this Activity. There is no power in human creation to interfere with you or the success of your world unless you admit it through the power of your attention. That Truth must be anchored in your consciousness and feeling world for use, if I have to take each one of you individually and do it; because it is a Mighty Law. It is your Freedom! Do not give power any longer to things to harm you because without your attention upon them, they cannot find an entrance into your world. It is not possible!

Let us draw an illustration, to-night, to help you. Suppose there were four points in this room. One here, one there, one there and another over there. If you draw a line—let us make it even more tangible—if you place a wire, such as you use in your telephone activity, connecting those various points, your response over the telephone would come back to you would it not, over that wire? Without that wire you would not get the response. The wire represents your attention to a given point. If you cut the wire, in other words change your attention from a limiting appearance to the Presence which is without limit, then you must have the unlimited Activity and Power of your Presence. You are not quite sure about that!

Well let us finish it. There is another activity which comes in. It is in your feeling world. If you mentally take your attention from that appearance, change it to the Presence and the feeling is still going to the appearance, your feeling being your Power-house will win; but when you take your attention off, take your feeling with it! Do you see? Then, you have the completed action and you *can do it*.

You *can* take your feeling and your attention off the thing you do *not* want. As long as your attention or feeling is on an appearance, you are giving it power to act in your world. This is so important and it is why you should not discuss with each other, or revolve within yourself, discordant things be-

cause you are charging your feeling world with the very thing, the very quality, upon which your attention and discussion is focussed. Then, you wonder why disturbance comes into your world.

These things go on, dear hearts, and not one of you is an exception to this Law. This is the *final* point! No matter how firm you are anchored and harmonized in the "I AM Presence," if you listen to discordant things of *any* kind concerning your nation, city or individuals, you *are* allowing some of that quality to anchor within your feeling world which must act there. Does that seem impossible in your daily activity? It is not! You *can* bring yourself to the same point this good Messenger has. You can so charge your feeling world that the Power from your Presence repels everything discordant.

I want you to get the feeling that every discordant thing is repelled from your feeling world, by the Power of your Presence. It is a form of repulsion, but not to the things that are good which you need for use. Be sure in your power of qualification, that you qualify the repelling activity to act only to discordant things. As you do this you will find a constant pulsation coming from within your feeling world. You will be able to see a discordant appearance in the outer activity without accepting it, just as this good brother does. He is able to do that! He is able to listen to a thing without allowing it to register and that is what We want you to do.

If under a certain condition, it seems necessary to listen to a discordant thing in order to help it, then feel the Out-pouring from your Presence so great, that the discord cannot register in your feeling world.

I tell you, that once you get a few of these points firmly anchored in your consciousness, you will absolutely have no difficulty in governing your world and yourselves. You have no idea how important this is.

Beloved ones, who are within This Activity and the Group Leaders, the various ones who have these large Groups, and the small ones as well, you have become a Focus of the Light. If you accept discordant discussions, you are accepting discordant appearances, limiting appearances. There is no use quibbling about it. The discordant quality in such discordant discussion, will by that acceptance, find entrance into your world.

We are determined to get this so clear within your consciousness, that you feel the over-whelming Out-pouring from your Presence. Then, if it be necessary to listen to something dis-

discordant momentarily, in order to know how to handle it, you will be able to look upon a limiting appearance and yet not accept it into your world.

Thank you, I am sure you are getting this now. Fine! Dear hearts, what a wonderful thing it is, to know you are actually getting the True Feeling of these Activities. It is magnificent, and We rejoice so tremendously when we see that you are getting it. This is why it is so important, dear ones, to keep Harmony in your feelings, by constantly refusing acceptance to any limiting appearance, or discordant discussions of any kind.

There are only a few yet up to this time who have been able to bring a sufficient release from the Presence to enable Its Natural Out-pouring to keep them from accepting discordant things into their feeling worlds. To-night, you are getting this tremendously. Just hold this Activity through your Presence and feel It every time you look upon a disturbing appearance of any kind.

Suppose you were to see two automobiles crash. Instantly be calm and untouched in your feeling world! Call the Presence into action to produce Its Perfection there. If you would do this, you would render a service, Oh, so powerful! Suppose you saw they were going to meet. Say instantly: "Mighty I AM Presence! hold Your protection there"! If you did that, they would never touch! The Power of your Presence is able to govern such a condition because the individuals in those cars are each one a Focus of the Presence, which will act thru them at your call.

All mechanical things of the outer world would respond instantly to your call to the Presence, even in the activity of speed, if you can once get the conviction, which is the feeling, of *it*. Why? Because, when you call the Presence into action for protection or whatever is required, it is Self-luminous Intelligent Substance which goes forth into action. It seizes and holds inactive instantly, every destructive force. Do you see? that to the Presence, the speed of human activity has really nothing to do with it; but if you release the Power from the Presence in your call for the protection of automobiles or trains which might be headed for each other and call the Presence to seize control at once and produce Its Perfection, It will do it; because the Power of the Presence is *All-powerful* to make all mechanical activity stop instantly.

You can do the identical same thing in your Groups. When a discordant condition shows an appearance say: "'Mighty

I AM Presence! seize that condition instantly! stop it! and make it helpless to produce any imperfection." Be alert, beloved ones, in all the requirements of the outer world of mankind. *Do not lose a single* opportunity to practice the Presence. The more you practice the Presence on conditions or individuals needing help, the more momentum you gather in your own world, to produce Perfection for you. This is why I say to you, do not be lazy in practicing the Presence.

We love you so greatly, beloved ones, and when We see you gaining your Victory as you are doing, do you wonder that We get enthusiastic in urging you on, and on, and on—into the fulness of that Power which will so soon bring the completeness of It? It is like athletes on a race track. When two, three or four are so close to the goal, one with greater power and intensity surges forward and in a few steps more, the goal is won—the Victory!

The condition is so simple dear hearts, in the achievement of your Freedom and Victory. If you give way to appearances after you have been applying the Law, you are just giving up when your Victory is almost won—when perhaps one surge would have taken you fully into the Goal—Victorious. So many of you here in Los Angeles and vicinity are near such a great wonderful Victory. Oh, do not let anything daunt you, dear ones. Go on, and on, and on, in the fulness of the Power of your Presence which knows no failure. It cannot know any failure! It only knows the Victory, the Goal!

Great is the joy to know that at last you have come to a point where no longer can anything in the world of human appearance, disturb or frighten you. You can say to it: "You have no power! 'Mighty I AM Presence' is the only Authority, Power and Activity in my world. Just run along." Oh, dear ones, you are bound to do this. You cannot fail! I am called quite a fatherly chap, and I like to think of you as My Children. In My Watchful Care with the other beloved ones, I like to think that in the moment when you might waver, it is My Great Joy to charge a Current of My Energy through the Light Ray into your feeling world; and you just brace up, look around and go on and on. There is no failure, dear ones! There is no such thing as failure in the world of the "I AM"! never! never! never! in the world! Do not accept it!

To-night, My Joy is very great in the Great Love which you are releasing. I rejoice so greatly with you. Waver not in the fulness of the Power which alone comes from your "Mighty I AM Presence." Keep calling It forth, until Its Momentum

becomes a Mighty Pulsating Power flowing at regular intervals into your world. Then, if some outer impulse strikes your world, it is carried away by the momentum gathered through your call to your Presence because your feeling world has become so charged with the Perfection of the Presence, that Its Natural Power allows nothing less than Itself to enter. That is what I mean by continuous Harmony in your feelings, and continual calling of the Presence into action. Oh, not only for a temporary achievement, dear ones, but for filling your world with the Great Power, Perfection and Momentum of the Presence which holds everything else from coming into your world. Then, if individuals project something at you, it strikes the gathered Momentum from your Presence and is no more, so far as your world is concerned. It bounds back to the individual who sends it—because it is the Law. That is why We want you to come to this point. You are so close to it now, for your call to the Presence has so charged your feeling world with Its Constant Outpouring, that any impulse from the outer world cannot enter.

I rejoice so with you, beloved ones. Remember, some of you may have heard this, but it is so great that it would bear repeating many times. Because of the call from the Students of America, the Great Wave of Cosmic Light which was to have struck the earth on the 7th of July will begin on the 1st—seven days Victory gained in the release of that Great Cosmic Light into the earth by your call! It should be the greatest encouragement imaginable to every Student of the "I AM" everywhere. I tell you, as many of the Other Ascended Masters have told you, that such an Activity is unknown ever before in the history of the earth. We say this for your encouragement and strength. It is proof to you, or should be, of the great part you are playing in this Great Great Activity for the Freedom of America and the world.

Shall I tell you one more thing? In Europe, four times in three months, an activity has been started which would have become a conflagration. It was controlled through the Decree you issued for Europe. It is a magnificent thing. Go on, and on, and on, beloved ones, in the great great part you are having as Torch-bearers of the "Mighty I AM," spreading this Wondrous Light which is reaching into every part of the world to-day. Those Precious Books have gone into every country! Into almost every country have gone these outlines, these Decrees! It is wonderful, dear hearts! You are all a wonderful, wonderful part of this Great Victory and Activity.

I thank you, beloved ones, for the opportunity to speak directly to you, to-night. As I have flashed these words before this good brother, can you imagine for a moment Our Rejoicing to have found an individual and condition which makes this all possible? In this way, no human concept can enter. We can speak Our Words to you direct as We wish, without having to carry any human quality. It is very wonderful, if you can really understand what it means, dear ones.

In the fulness of the Love of those who gather at the Royal Teton with you, who in the Higher Mental Body have visited it so often, We rejoice with you in the Love of the Great Ascended Masters, the Legion of Light, the Great Cosmic Beings. I shall add, to-night, with great Earnestness the Love of the Angels of Blue Lightning and the Sword of Blue Flame Who are rendering such a Gigantic Service to America and the world at the call of the students.

Precious hearts, how I wish even for one moment, that you might see in the mental and feeling world of mankind the astonishing Service which those Great Ones are rendering. In New York alone, since the Divine Director caused them to sweep thru every eight hours, the Service is gigantic! Even to-day, the Messengers had a letter stating that the Work is going on with an ever-increasing activity. Even people who never heard of This Work are feeling the Glory and Activity of It.

Rejoice with Us, beloved ones, and never tire of calling your "I AM Presence" into action, that you may have the Joy, Happiness, Harmony, Freedom and Perfection with which It will fill your world. Do not fear that It will not produce anything you require. It will do it! Qualify it! Specialize it! If it is money you need, say: " 'Mighty I AM Presence'! release from your Treasure-house the money I need for use here" and be so firm about it, that nothing in the world can stop Its Out-pouring to you because if channels are to be used, then the Perfect Channel will be used. We want you to be Free! I thank you.
