Chicago Class—Oct. 10, 1938

(Excerpts from talk given during the Chicago Class)

WHATEVER intense desire you have been holding during the day, will act during sleep thru your etheric body, which is the next in density to the physical. That is why people sometimes experience things in sleep which are not pleasant.

All intense feeling and desire is an impelling force which acts thru your Life Stream and, if it is discordant, it will qualify your energy as it goes forth; and remember you hold the larger percent of that in your world, as it goes forth.

AIR CURRENTS—HIMALAYA

For the first time in the history of the earth, the Great Himalaya has established for action, Insulated Air Currents. This Activity has been completed and to-day is connected into this room. The same as these loud speakers carry the sound, so will this Activity which He has established here, carry the words of the future classes to the outer world, and to India.

These Air Currents will be subject to His Direction, beloved ones, instantly; for there are certain places in India where He wishes to convey This Work. The Great Masters of India and the Ascended Masters quite understand how and why the great need of India to-day must be supplied. In the teachings of India there are those who lack understanding and because of the many castes, they have confused the people in their understanding and distorted their bodies. People have been taught to sit down, cross their legs and go into Samadhi. Of course, they are having a wonderful time, while they are out of the body; but they are not doing one solitary thing for the land in which they live.

The God Himalaya has completed this Arrangement, and notice it is an Insulated Air Current! No one can tune in to that! That means He has protected It so no one can tune in and distort it.

Now hold on to your chairs! Two powerful black magicians, forty-two of their claws or emissaries and one hundred eighty-six thousand entities have been taken out of your city, since last Wednesday.

Rejoice with me! I have not asked whether it was yesterday or the day before but the hate entity created by a group of individuals in the city here against Mrs. Ballard and myself, was dissolved and consumed at the same time. I rejoice and give thanks for the release which will be for those people. My Love pours out to them with Infinite power that that hate entity has been consumed—for no longer will there be anything to feed their feelings and they can have help.

I call to the Great Presence of Life, the Archangel Michael and the Divine Director, to cut them free from every entity that has ever been drawn about them; to set them—every one—free in the Full Understanding of Life!

Thank you Great Presence of Life! and all who have been responsible for this, which will bring Freedom to those blessed ones who have not understood and have hated for no reason at all. Therefore, I give praise and thanks for their release.

May the Mighty Light Currents go out from this room to-day to each one and hold Their Radiance about them until they are filled with happiness and the limitless supply is released into their hands, if they remain harmonious and give It an opportunity. We call for their blessings forever.

SIGHT AND HEARING

What sees thru your eyes? What hears thru your ears? It is that Current of Light and Energy from your Presence. Your optic nerve does not see in itself! Then It is Life within Its Current of Energy thru your optic nerve which sees.

Saint Germain has just informed me that one hundred twenty thousand people have been added to the "I AM," since we came to Chicago. If that is not the Victory of the Light, I would like to know what is.
