

EAR, Blessed, Precious, Young America! as "I AM" Students, the Ascended Masters are asking that all of you now enter into the responsibility of some very definite activity which you enjoy but which you can bring forth in creative lines of daily endeavor and lay the pattern actively for those who are a little younger than yourselves to enjoy. They must be taught how to help build permanent Perfection, in the Life of the Young People of Our Blessed America!

Your responsibility is very great to help guide those who are younger than yourselves so when they are your age, they will understand how to best help Saint Germain, Daddy, Jesus and the Other Ascended Masters build the things the people of the next generation will need to release more Light for their Ascension and for those who are to follow.

In your own recreation and leisure time, try to realize how what you do, affects those just younger than yourselves.

Instead of seeking relaxation in the present outer world channels, which contain so much downright destructive and communistic suggestion to the people to lower their Ideals from Perfection, why not all get together and call to Saint Germain, Daddy, Bob, Rex, Nada and Pearl to show you many new ways, by which you can have more Real Joy than all the other young people put together and yet at the same time, use that energy to help your country, and protect and illumine those just younger than yourselves?

No one knows better than you what the younger ones like and can do, to build Perfection which is a Permanent Blessing to themselves and the world as long as it is in the Universe.

The Ascended Masters can show you ways and means of relaxation which are a constant release of Light and Blessing to all and thru which at the same time, your energy is going forth to bless you, your younger playmates, your country and the world.

Relaxation from regular routine duties is absolutely necessary for everyone but Happiness in the Ascended Masters' Activity, is the greatest relaxation you can get. It is at the same time, a permanent accumulation of good to you, as long as you live in the Universe.

We shall call this forth to help you—will you call with us and help build permanent Joy, for all to come as well as yourselves?

We shall help you to become the happiest, finest, cleanest, most wonderful young people on earth. I so decree it forever!

GREAT DIVINE DIRECTOR

We want every one to be free, if they are willing to be; but they must really want it. One cannot want the Light half the time and human experiences the other half and gain real achievement. Desire for the Light must be continuous and then there is no height that may not be attained, but if the human desires are governed only half the time, then individuals must wait, but that does not mean they can hold or bind another, for they cannot.

GREAT DIVINE DIRECTOR

Oh, that one day, you will realize what your calls to those Great Beings for the protection of America and her people mean and how They always give instantaneous recognition to that call knowing of course that the call has to be made from the human octave to give Them the opportunity to release that which is required for any given service. Then you can readily understand why We pour forth Gratitude, as well as yourselves—you for the achievement, We for the opportunity.
