RADIO BROADCAST ·

Afternoon—January 22, 1939

Mr. G. W. Ballard

THANK YOU, beloved Lotus! Friends of America and fellow students! Since mankind is facing the crisis of all the ages and needs to know how to govern the conditions which they are confronting today, the way is before them—in the understanding of the "Mighty I AM Presence," their Source of Life—individualized. It is enabling them to bring forth into action, Currents of Energy, Light Rays and Powers which govern the destructive activities of mankind. Therefore, It is releasing them from the conditions which they have created about themselves by discord in the ages past.

Since mankind do not understand in a great majority of cases, that they have lived again and again, then it is necessary that they find this out because unless they do understand that there has been a long period in which they have drawn around themselves, or created about themselves, limiting destructive conditions thru discord in the feelings, they will not see the necessity of correcting this condition. They now have this Ascended Master Understanding of the "I AM," to enable them to go about the task of correcting wrong conditions and to help them produce the effect which brings about the change they require.

This Law is before them today in the understanding of Life, which is the "Mighty I AM Presence," God individualized. Mankind have the Authority, the means,

the Application, the Understanding, by which they can change every condition which they have drawn about themselves thruout the centuries. The thousands of people today, who have made this change within themselves, are proof to the entire world that they can do it—ourselves included.

All the world who have known of our work have seen that we have gone forward in spite of any condition that has confronted us, untouched by it; going on constantly in the spreading of this Light to mankind. They have seen the Great Blessing that It has brought, the things which have been revealed by the issuing of these Mighty Decrees by the Great Student Groups. This has been an Eternal, an Ever-lasting proof, before mankind of the Power in the understanding of this Great Presence of Life. It makes mankind the authority over the use of their energy and causes them to understand that each one is actually the decreer of how the energy of Life is going to act, in his or her world.

If mankind do not know this, they will go on creating limitations and discord for themselves indefinitely; but today in the opportunity to understand the action of the Forces of Life thru the human form, mankind are in a position to know and correct these conditions. I say to you, Friends of America, today in the realization that all Forces of Life act thru the mental and feeling world of mankind, which find manifestation in the human octave thru the physical body. Then they know, in putting forth a powerful vibratory action, which these Mighty Decrees are, they are sending forth into the mental and feeling world of mankind, a Power of Light which is the Activity of the "Mighty I AM Presence." It will change the feeling in mankind to the degree that they will have the right desire. They will have the right feeling within them, which will enable the Presence of Life, at their call, to send forth Its more powerful Cur-

rents of Energy to render the service—any service which they may call to have performed for themselves, their friends and the protection of America.

I say to you, Friends of America, you as well as the "I AM" Students have an opportunity today of rendering a service to your government, to your people of America, to your industry and to all conditions that exist in America which is almost without limit. In your call to the Presence of Life, the "Mighty I AM," there is not one person in human embodiment who can possibly determine or even estimate the Power that is released by one individual in the call to the Presence of Life, the "Mighty I AM." Since they have that opportunity, I say to you—any person in the world can prove this to himself or herself if he or she will make this call with earnest determination. The people will see by their own experience, just how great is their ability and their power to release this Greater Power and these Currents of Energy from the Presence of Life, to perform any given service.

After all, all the Wisdom of the ages is of no use to mankind, unless they apply It with understanding. Today, in all you require, you need more than just the understanding of the Law of Life. You must have Its Application, if you are to gain any Victory, in the Power you wield to bring about any remedy or change in the conditions which exist.

Today, you have not only the Understanding before you in simple language, but you have the Almighty Application, which is the Victory of Life, in every single thing that you wish to do or have done. Since mankind are one in the feeling world, are one in the mental world, then you can readily understand, how you can be of great assistance to each other by being harmonious and calling forth Divine Order, Divine Justice and Divine Love into action to bless your associates, your fellow-man and your conditions.

You may not believe it, but try it out and you will see that in any condition, you can call forth the Power and Blessings of Life which will enter into that condition and by their powerful vibratory action, will absolutely change a condition which you think is inanimate. Yet, I say to you, everything the Power of Light goes into, will be transformed into the likeness of conditions of the Perfection within the Light.

Therefore, you will see how in the understanding of the "Mighty I AM Presence," which is the individualized Presence of Life—and all we ever talk about to you is your own Life—then you will see how great is your opportunity, your privilege, to wield this Power of Life in Its greater Perfection, Its greater expansion thru yourself and to bring about the Fulness of Its Almighty Action.

Never in two million years, have mankind had This Opportunity which is before them today. In the past, mankind have sought the world over for This Understanding of Life. A few have found It, but how very few!

Try to understand why this Magnificent Understanding of Life has come forth to bless mankind today! Only because the Source of Life to this system of planets has so decreed that mankind shall arise; that ALL destructive forces shall cease to exist upon this earth. That is why This Understanding has been brought to mankind in Its simple child-like language. It is the use of the Law that even a child may understand and apply with almost Infinite Power of Action, as we have observed in hundreds of cases.

Therefore, you grown-ups, no matter what your condition is today, no matter what your position is, you can turn your attention to and call to the Presence of Life, the "Mighty I AM" and have Its Almighty, Infinite, Limitless Power flow into action thru your human form, thru your call, thru your feeling world, into your world of action and produce Its Almighty Perfection there.

That is why mankind should, today, in the need which is before us, do everything they can to assist their fellowman, to assist Our Beloved America; for remember, beloved Friends of America, our early patriots gave their lives, their fortunes and everything in the world to have a free country in America where Peace, Happiness, Harmony and Abundance of everything good should reign. Yet, today, vicious individuals, unthoughtful, not caring what happens to the rest of mankind, have allowed vicious forces, vicious currents of energy charged with human qualities, to go into action to produce limitations for our blessed people of America. I say to you, Friends of America, this shall be wiped out from the earth forever!

We have, thru these calls, seen revealed the treachery, deceit and conditions which have been acting under cover in America; and the amazing manner in which they have been uncovered, is proof of the Power of this Great Light when called into action. It does act within individuals and about them with almost Infinite Power of Action. As you gain a momentum and confidence in your call to the Presence of Life, you will see clearly how magnificent It is. You will also see how foolish it has been, really, for mankind to have gone on in centuries and centuries of limitation and discordant conditions. Of course, it is all their own creation, but they not knowing the way to free themselves have remained within it.

Mankind may go on now in Absolute Freedom; and think of it, Friends of America, Life does not condemn you; the Ascended Masters do not condemn you; we do not condemn you—no matter what your mistakes have been—but we call and speak to your hearts where there is the Great Focus of Light in all Life to arise, awaken and ascend into your Dominion in the Use, the Action and Power of Light, of Life, to bring Its Mighty action into you; to bring your world into action; and to bring about the Perfect Conditions which you require—the

abundance, the limitless supply and the Directing Intelligence, which keeps you free from distress and from the conditions which beset the whole world now.

Friends of America, who are listening, think of your condition! Therefore, stand beloved ones, today in the Power of your own Eternal Light, calling Its Mighty Action to become Its Dominion before you! As you move forward, this Almighty Power of Light will go before you as definitely as if you drew a line and let Its Great Power Sweep all discord and limitations out of your pathway. Then you move forward the Mighty Victory of Light.

· GEMS OF LIGHT ·

GREAT DIVINE DIRECTOR

“Go on making your Decrees! Do not limit them and you will be surprised what one year will supply to you; but when you make those Decrees, don’t let your human have anything to say afterwards! Make it be silent concerning your Decree, and your Decree will go on and be fulfilled. Remember, when you issue a Decree, the Power of the Universe goes into action to perform that service and unless you become inharmonious and allow your human feeling to affect It, It will go on and act until the achievement is accomplished! It is a Law of the Universe, no one’s opinion!”
