

· UNDERSTANDING THE ASCENSION ·

**B**ELOVED "I AM" Students and Group Leaders! It is quite imperative that all under this Radiation, understand clearly the action of the Fire Element in regard to the Ascension—under both the old and new Dispensations, and in particular regarding Jesus', our Beloved Messenger's and David Lloyd's Ascensions.

Under both Dispensations the purifying of the atomic structure of the physical body is done by the use of the Fire Element. In every Ascension, only the Purified Substance of the physical body can be drawn into the Ascended Masters' Octave of Life, because no impurity can exist in the rate of vibration which is the Ascended Masters' Octave of Light!

In the Activity of Jesus' Ascension, during the time His physical body lay in the tomb, the faculties of His outer consciousness were drawn into His Higher Mental Body and from within Its Light and Substance He poured the Flame of His Own Life Stream from His Higher Mental Body's Heart, Head and Hands into the flesh structure of His physical body and at the same time the Great Divine Director also poured the Flame from His Heart and Ascended Master Octave upon Jesus' flesh structure.

The Great Divine Director drew the Cosmic Light Ray from His Octave to clothe Jesus, and the Flame Jesus was using from His own Higher Mental Body and held that protected and undisturbed by the vibratory action of the atmosphere of this earth, until all the Points of Light in the flesh body were drawn into Jesus' Higher Mental Body.

When that was completed, Jesus came forth from the tomb on Easter Morning in His Higher Mental Body and the proof of that is that He said to Mary: "Touch Me not for I am not yet Ascended."

He lived in His Higher Mental Body until the moment of His Ascension. When He did Ascend, the Great Divine Director, the Other Ascended Masters who assisted, together with the Angelic Host, projected the Great Ray of Light from Their Octave to enfold Jesus' Higher Mental Body while He was Ascending; and the action within that Light Ray was like a Mighty Magnet clothing the substance of Jesus' Higher Mental Body as It rose into Their Octave of Light. There He entered into His Own Electronic Body of the "Mighty I AM Presence," in which He lives forever, and from which He still pours His Great Cosmic Light Rays to the earth, to do for every human being who calls to Him whatever He knows they require.

While Jesus' physical body was in the tomb, the Flames from His Heart, Head and Hands which He poured into it from His Higher Mental Body, dissolved the atomic structure of His flesh body; and returned the substance around the points of Light, back into the Universal substance in the atmosphere of earth!

In our Beloved Messenger's Ascension or that of anyone under This Radiation who accomplishes the Ascension under the New Dispensation, the same activity takes place, with the exception that the flesh structure which is cremated, is returned into the Universal by the action of the physical fire and the Forces of the other Elements in a slightly slower action than that which Jesus and the Divine Director did, by the use of His own Life's Flame and the Cosmic Light Ray which the Great Divine Director used. This is why Jesus said: "What I have done ALL men shall do and even greater things than these shall ye do."

In the Ascension of David Lloyd, the Liquid Light which was precipitated into the "Crystal Cup" which came into our Beloved Messenger's hand, was a concentration of the Electronic Light Substance from our Messenger's Higher Mental Body and Saint Germain.

When David Lloyd drank It, the vibratory action of his flesh body was increased very rapidly and It began the Activity of drawing the Electrons or Points of Light in his flesh up into his Higher Mental Body, as It began to enfold his physical body.

When the "Crystal Cup" was offered the second time, as soon as he drank the Liquid Light Substance, It increased the rate of vibration of his flesh body to the speed where the gravity pull of earth could no longer affect it and he began to rise from the ground, as the amount of Electronic Force increased in the cells of his body.

It being an action of the Fire Element, it consumed the substance around the Points of Light in his flesh and his body began to rise from the earth by the Power of his Higher Mental Body. As It increased Its Light thru his flesh, all records of age and imperfection were consumed and the Substance of His Higher Mental Body and Its Garments enfolded Him.

The Great Light Rays from the Ascended Masters and Angelic Host who were assisting Him to Ascend, enfolded His Higher Mental Body and thru Their Greater Power, drew Him into Their Octave of Light where He, like Jesus and our Beloved Messenger, entered into His own Electronic Body of the "Mighty I AM Presence"—eternally Free and Master forever over all substance and energy of this world.

The vibratory action of the Electronic Force in David Lloyd's Higher Mental Body, while Ascending, and that of an airplane propeller when its speed is increased are exactly the same. When the rate of vibration in His Body reached a certain speed, the Body arose and became invisible. When an airplane propeller's speed reaches a certain rate of vibration, it becomes invisible and the airplane arises into the air; and when it goes far enough becomes invisible to physical sight.

The action of the Law of Energy and Vibration is the same in each case and the solid substance of the airplane propeller is wholly invisible. So is the Substance of the Higher Mental Body of everyone Ascending.

In the case of David Lloyd's Ascension, His physical clothing was so charged with the Flame from His Higher Mental Body, that its substance became wholly purified and therefore Self-luminous to physical sight.

The Ascension is Absolutely and Eternally Real, True, Practical, Sane, Sound, Sensible and Balanced and must be attained sometime, somewhere by every human being who ever came into this world or ever will. It is the Law of Life! It is the True and Highest Worship of God! It is the Spiritual Education of Life and reveals to us the Greater Power of Life in the next Octave! It must be accomplished from this physical world. It is the Great Eternal Command and Divine Plan of Life and all mankind together cannot change It.

It is the Irrevocable Fiat of Eternal Perfection for all!

**GREAT DIVINE DIRECTOR**

*"What a Service was rendered by Saint Germain when He brought this Knowledge of the 'I AM Presence' forth to mankind! In the number to-day, who are earnestly applying the Law of the 'I AM Presence,' what a Service has been rendered to mankind and the earth! I give My Gratitude to you, the Light having expanded thru you, for being able to accept and apply this Knowledge; which We are as anxious for you to have, as you could possibly be to have It. Is that not a good combination? I should say a Perfect combination."*
