GOD TABOR'S DISCOURSE

WASHINGTON, D. C. — JUNE 4, 1939

SAINT GERMAIN

I TAKE this opportunity, beloved students, to thank you of Washington, D. C. for holding This Light as steadfast as you have, in the midst of the conditions that have been, but which I feel sure, they will be no more. I thank every student here for the change in each one's feeling that makes for one great body of Light, and it is so important here in your Capital, beloved students.

Do you realize you are quite different from any other city in the land? You are under different laws, and yet you are all under the Great Divine Law. I want you to feel My Appreciation; and I say to you here and those in Philadelphia, New York City and Cleveland, I shall move once a week in your midst during the next six months; and I will move in New York City and here many times in My Tangible Body, to release greater Power and Force which is needed.

If New York—and I am not speaking now of the very earnest sincere students, but if the people of New York do not want to be saved, then I want to save them. I insist that those destructive conditions can be corrected in New York, without the destruction of half or all the city. The earnest honest sincere effort which has been made by those lovely sincere students in New York is not going to be in vain.

I want to thank those beloved ones in Cleveland for the mighty power and firm unyielding stand which they have held to the Light. While you are not looking for reward, yet shall your reward be very great.

You of Philadelphia who first welcomed the Messengers, do you think We have forgotten that! Do you think We shall ever forget it? Oh no, We are just bidding Our Time! Be patient until you shall see sweep thru your city that which will cause your hearts to rejoice! I thank the beloved students there who have been willing to bring themselves into harmonious action and join in their great call and happiness to unite all!

Philadelphia, please feel your very great responsibility. You have been calling yourselves the “Cradle of Liberty.” It is no longer a cradle, it has grown to full manhood. Remember that Liberty of which Philadelphia was once the Cradle is no longer a Cradle; but it has grown into full power; and remember, within those boundaries of the Province of the Wissihikan was given the blessing, the anointing of your great great General which brought Freedom to your America. I was there, the Goddess of Liberty was there, even then guarding you. Many of you were embodied then and returned quickly to render this service today. I wish you would remember it.

You who are drawn to This Light, remember—it is not an outer action of Life, my dear ones, but by the

Power of the Light which is within you, it has drawn you back again to Me. You who served in that early Freedom, Oh what rejoicing that now you are serving in the final capacity—Action of Light. That was for the Freedom and the outer activity of mankind to establish certain definite laws under which they might act; but now you are acting in the capacity of Light in the Divine Law, which will one day take Its Full Command of your land, of your bodies, of your minds and activities; and which will bring happiness and Perfection, health and prosperity to your land.

I ask you to kindly listen carefully to the One who shall dictate to you tonight. Try to feel all that it means to you. I thank you beloved students with all My Hearts. Did you notice that! I said—“with all My Hearts.” Are you not My Hearts? At least I love to think of you as My Hearts. Your Love to Me surely makes you a part of My Heart.

The Mighty Tabor will speak to you!

MIGHTY GOD TABOR

STUDENTS of the Light, friends of America; tonight, for the first time, comes into action that Power of Nature which must take its action in the coming change, even in the consciousness of mankind. Since I have a large part to do, in regulating the forces and activities of the mountains and the deserts, tonight I want you to see, perhaps for the first time, what the statement so often made that one day “the desert shall become a bed of roses,” means.

In the coming changes, beloved students, Nature will take a great part in the regulating of that which will bring the desert into great productive power. Once it was very wonderful, and thru chemical changes by the

Power of the Cosmic Light and Our Assistance, it will again take on the fertility that will never change and which cannot be exhausted.

How do you think the energy of the earth became exhausted? Why do you think it must have assistance? Strange to say, mankind think that they can give that assistance. Yes, they may be of some assistance thru certain chemical activities, but how futile that is and what tremendous expense and effort it is, when We can supply it so much more powerfully.

When mankind becomes harmonized enough, they will stop releasing the discord which has exhausted—will you notice that—has exhausted Nature as well as themselves. My dear people, you believe if you go into a room, for instance, as large as the central part of this auditorium, and you close that room up without ventilation, you immediately come to the idea that you are becoming suffocated and that you must have air. Where do you think the air comes from? Do you think the walls shut out the air? No, your feeling shuts out the air from you. You remember the story of the man who went to sleep and awakened in the night feeling the room was close. As he got up to open the window he fell over something and broke some glass. He thought he had broken the window and went back to bed and slept perfectly. Strange isn't it! How peculiar is mankind, just the human part. This Great Being up here (pointing to the Presence) is quite all right.

In the coming changes, beloved ones, streams will be brought thru the desert and the desert will be watered abundantly without the great expense which seems necessary today. You will observe that We have been making the effort to make you acquainted with your Presence of Life again since you had so long forgotten It. Mankind have built this cumbersome machinery, do-

ing quite wonderful work of course—We are not belittling mankind's genius; but if they will go just a few steps further and enter into the simplicity of it, then you will find many things that you can hold within your hand which will produce such gigantic results, more than your great locomotives today.

My dear ones, it has been quite wonderful. Mankind had to be occupied; but now you begin to enter into and see the simplicity of Life, the simplicity of its mechanics. I have watched the mines of Colorado, the mines of California and the Western States and have seen the effort mankind has made to bring out the little value that they have—does that sound peculiar when I say—“the little value,” when it seems they have brought out a great deal?

You today are just beginning to get a little peep into the great Reality and Its Great Blessings and Perfection. Oh, mankind has only touched the periphery of the great magnificent splendor of Life and all that Nature would do for them, if they would stop releasing unkind feelings which exhaust the earth. Mankind become exhausted by their unkind feelings, but think how far reaching it is, when it causes Nature to rebel.

Do you wonder that the inhabitants of the Four Elements do not love mankind any too much? Do you wonder that they do not? It is because you have imposed into their world your feelings. They know no discord. The Elements of earth, air, fire and water know no discord in their own world; but when you intrude your discord into their world they are very unhappy and they are repelled by mankind. Therefore, when they find one of mankind who has attained self-control and the out-pouring of Divine Love, which touches their world, then can you imagine the happiness that those Inhabitants feel!

Now my dear ones, you have given no thought, scarcely any, to the Inhabitants of the Elements; but They could be very wonderful friends of yours. Oh, They are just as Real as you are. Beloved mankind, do not set yourselves up in judgment as to what Life is, what Nature is and what Nature contains. Nature is Life and you are Life, and yet you know so little about Life. You are just beginning to understand now.

When this great change is completed, you will find that Nature in spite of mankind's imposition upon it, will again render great service to them; but in the meantime, Nature has seen fit to provide simple powerful means by which mankind will obtain their food and supply; then Nature will be the garden of the hearts of man. Then Nature will adorn with Its Beauty the homes, the domain of man. Then will that come forth in its fragrance, its beauty, its power, its strength, of which mankind has not conceived, neither have they seen.

You think your flowers are lovely today. They are to you, but there are those so much more wonderful that you will one day think the beauty of your flowers today was just a little crude. When mankind begin to purify themselves enough, so they begin to emit a fragrance as the flowers, do you not think that flowers will then take on a greater beauty and fragrance to man?

Why do you think in the earlier days, the flowers of California had very little fragrance? Because it with other Western States, was a focus of power of perhaps the most vicious force that was ever released; and why? Because of the search for gold. My dear ones, could you have seen in those days as I did, the forces released within mankind with only the thought of obtaining gold to do the human will. How many of those people seeking gold ever sought it for Divine use? Think of it, my be-

loved ones, in the search of wealth everywhere, how much of it is being used for a Divine Purpose?

People today, in the world, who are beginning to see this and are beginning to use their wealth for the blessing and expansion of the Light, will one day see what reward that will bring; and I shall speak it very plain to you. That reward will mean their Ascension.

Mankind cannot take from the earth anything which is here, except their purified beings—the purified substance which is required for their Ascension; and if they do not do that, then what happens?

If you pass on thru so-called death, you do not take any substance of the earth with you. You have heard this before, but I want you to become familiar with it tonight. When you pass on thru so-called death, your Higher Mental Body withdraws the Life into Itself, unless the conditions have been such that you cannot leave the earth, then It withdraws Its Light and Energy; and leaves you within your own creation, with just enough energy to sustain Life; until one day in the darkness you see the Light and call to It to have Its Great Release.

Now today, beloved ones, starts the Magnificent Activity of Light throughout Nature, extending over these United States and Canada. Therefore, try to do all you can, pour out your blessings to Nature, then remember from whence comes Nature as you know it. Who is Nature? I have heard the Messengers say to you numerous times, that thru the Body of the Maha Chohan comes all energy to this earth, regulated, and directed by a Great and Mighty Intelligence. I am here at His Command tonight to bring this to your attention; because you as the student body of America must understand! Oh, you have felt it sometimes, but in the responsibility that is yours, how else can Life give Its Assistance, ex-

cept thru those who know from whence Life comes, and that It is an individual Almighty Intelligence.

As you pour forth blessings to Life everywhere, I would suggest that it would be great wisdom, for every student in the land to at least once a day pour out their blessings upon Nature. You may want Nature for your friend in the near future. If war should come into America, Nature could be a very great friend of yours.

My dear ones, in the war ridden nations of Europe what a pitiful sight meets Our Eyes. That which has been so productive, supplying the people with such abundance, much of it has been forgotten; and those fields of flowers upon which the cattle fed and the sheep, and all the conditions which brought sustenance to the people, the fiendishness of war has caused them largely to disappear; then one day when they are not there, mankind will experience and they are experiencing today, privations that would tear the heart asunder.

You who have within you the Scepter of Power in the understanding of your "Mighty I AM Presence," to prevent such conditions entering America, do not wait for a greater number of people to come into the understanding of This Light; but apply to the maximum of your efforts the call to Light, to Life, to release Its Infinite Powers.

My dear ones, that which has been called forth to bless mankind, in the various Dispensations and the Mighty Power from the Great Central Source to this System of Worlds, was never known in the world before. You are to be the recipients; you are to be blessed by It; then will you not make every effort in your being? This effort is not something strenuous or exhausting; because as you issue Decrees for the Perfection of Life, my dear people, you are drawing Limitless Energy into your being every time you voice a Decree. You have this Limitless

Energy and every time you issue a Decree you call It forth.

Oh, please accept that, and do not for an instant think that you can exhaust yourselves by giving these Decrees. You must become stronger every time you issue one, for it is a call to Life to release that charge of energy and you must retain a certain amount of it. That would prevent all Nature becoming physically exhausted.

Therefore, in the fullness of the Power which you are constantly calling forth in Its Almighty Intelligence, see Its far-reaching Power; and remember that from tonight the Great Maha Chohan and Myself will begin this Action throughout Nature and you will find many wonderful things taking place; first at various points, then as it spreads Its Power over these United States and Canada, will the Glory of this soon begin to find its action in mankind.

What do you think you have been doing, beloved students? If you will observe the cover of "Oh World Victorious," you will see there what you have been doing. My dear ones, when you have enveloped your America, which means North America, in that Wall of Light, have you forgotten that It is a Substance? When you have been calling the Legions of Light to sweep thruout America and pass the Violet Consuming Flame thruout the land, then do you not see that is how and why the Great Maha Chohan has taken a part now in restoring that which has become absent?

Mankind in the Name of Life, which you are now all beginning to see that all the destructive forces thruout the earth are mankind's own production. Is there any other place where discord and destructive forces can come from? Show Me! Show Me and tell Me anywhere else from which they can come. Then you who are coming to understand and control yourselves are ren-

dering a service to the earth, to Life, outside of the protection which America requires; and outside of the conditions that must come into Perfection today. Think of the service you are rendering! You are restoring that which you have defamed.

My dear ones, just as one point of illustration. What do you think the land of Europe which has been constantly drenched with the blood of mankind thru wars, is like? If you will observe the records, you will see how few years there have been at any one time, when war was not acting in Europe or the Orient. You in America are fortunate. That is why America is the only place left on earth where the "Cup of Light" could be established, sustained and expanded. Even your wars in America which brought your independence, were but fragmentary in comparison to all the wars which have been in Europe and the Orient.

So I say to you, observe these things, beloved students, be alert to all that is required, and as you call forth the Power of Light, never forget for one day, not only to pour your blessings to your fellow-man, but to Nature and the Earth. The Great Source of all Life provided the Earth for mankind, and the first command was — "Let there be Light," and Light appeared! Then substance came forth!

Some day when We have time, or rather you have time to listen to Us and We explain to you something that took place in the creation of this Earth, you will not only be greatly surprised; but you will be released from many things in which you have been held bound for these countless centuries. Do you understand, that a powerful strong belief charged into your feeling world lives embodiment after embodiment and you must live in it?

I marvel my dear ones, that mankind, especially the

beloved student body, do not see and feel more the importance of the Violet Consuming Flame, which will set them free from all conditions of the past. If We did not keep reminding you of It, I think some of you would forget to use It. In your busy life of the outer world how powerfully it holds your attention! Notice this simile. You in the outer world give your attention to these things out here which bind you; and you only have time to sleep and eat as you think, then get up and repeat the same thing the next day. Is that not a tread-mill of existence? Life never intended you to be thus; but you have compelled yourselves to become that!

If mankind would accept what Life has provided, Its magnificent division, and in the acknowledgment of their Presence, accept eight hours service, eight hours rest and eight hours recreation, then such obedience would be given to Life that all you did in the eight hours of service would be easily and quickly done, in the acceptance of the Power of your Presence in action.

Today, I see so many fluttering about anxiously, hurrying and tensed to the limit—Oh I must get this done today, as if there was not another day! Oh, I must rush home and get dinner for my family; and the husband must rush home and bolt his food and rush somewhere else. Rather a rushing time, isn't it? Oh, if I do not catch that train home; if I miss that subway I will have to wait two minutes for another! When you are out driving, how slow that fellow ahead is going and you get all tensed up waiting for a chance to get past. Do you know I have seen Grant go in and out just like that, (motion of the hand) and if he did not make it the first time he did not give up, but would wait for the next opportunity. You know Grant likes Me or I would not dare say that; but Grant has a heart of gold—don't tell him!

My dear ones, that is the position of mankind today.

You have observed it and why allow it? In the understanding of this Great Presence which does harmonize and bring everything into Divine Order for you at your call, why go on in that strain and struggle and hurry of the human efforts? If you will allow the Presence to act thru you, you will then do everything with ease, happiness, harmony and comfort.

Do you know it seems to Me that I am quite as interested in the new highways of your land as you, who are running your cars. When you were at the Fair in New York, you saw the genius who has designed these magnificent highways, which will come forth for your blessing, and what a blessing it will be! Mankind can then go as fast as they like and they won't harm each other. That is quite important. Is it not strange that when one of mankind sees someone else in the way what a strange feeling takes place? Instead of saying: "God bless him! 'Mighty I AM Presence' take him out of the way," impatience and discord go forth instead. That is wiser than attempting to use physical effort. You know many of mankind like to hurry and many do not like to be hurried. You might have observed that. You see We are quite familiar with their characteristics.

After all, you are very blessed precious people. I am not in the habit of throwing bouquets, but I quite agree with your beloved Lotus. What do you think it means from Our standpoint to see mankind coming to the place where they wear the colors which harmonize with Life; and draw to themselves by the very colors in which they clothe themselves, the Radiance of that quality. Oh, my dear ones, it is so magnificent! For instance, your magnificent violet; your magnificent gold; your magnificent green; your magnificent pink. All those colors in which you enfold yourselves, draw from Life each Mighty Quality. Oh, it means so much for your hap-

piness, your health, your comfort and your strength.

One day, I trust not far distant, you are going to be able when you put on certain colors, to so amplify by your charge from the Presence of Life, the natural quality within it that you will feel the full power of its action thru your body and it will be sustained while you wear the garment.

If you were to wear a precipitated garment which some of the Great Ones might choose to precipitate for you, you understand that no substance from the outer world, no radiation would be able to touch that garment; but It would constantly pour Its Radiance into your body, because It would be in the midst of your feeling world which extends about you; therefore, It would throw off discord and charge Its Perfection into your feeling world.

Now observe! Since you have the power to charge your Tube of Light and set into action the Violet Consuming Flame, as you gain the full import of It and Its more intense action than you have at the present time, you will be able to do whatever you desire by that use. So it is only by your application and the gaining of your momentum, as you gain the greater power thru these calls, that you reverse all that has been which has brought about limitation.

Tonight, this activity has been drawn forth for the first time in the history of the earth. It has been combined with the Activity of your Great Divine Director who has held this room enveloped in the Radiance and Power from the Cave of Light in India. In these various activities to which We call your attention, if you will only realize it, they mean everything in the world to your Happiness, Freedom, Courage, Strength and your requirement. It is for you, beloved ones.

Do you think We would make the effort We do, if

it were not that the Light in you is great enough to become the Victor over your flesh; over the conditions that have accrued in your world? It is there. The Light is great enough, if you will only accept It; and keep calling It forth into action, until Its Expansion dissolves everything else.

Again I marvel when your attention has been called so much to It, that this Light which you are calling into action knows no opposition! My dear ones, won't you feel that now? Every breath you breathe, every act you enter into, feel that it is the Power of Light that knows no opposite! Then will It be the dissolving Presence in the activity of the Violet Consuming Flame which you have called into action. You need not go on in limitations, you need not be distressed longer!

Now carry all of this into the Glory of your Goal. Your Goal is your Ascension. It is all mankind is here for, and when you determine with a great calm unyielding determination, that you are going to have your Ascension; give obedience to the Law and keep calling Its Mighty Power into action to cleanse and purify you and your world; stop all human habits which bring impurity into your body and feeling world; then how quickly, you will release yourselves from the binding powers of earth and go forth in your Eternal Body of Light, Free forever!

My dear ones, there is nothing in your world of mechanics half as practical as your own Ascension, because It is the Power of your own Life acting; and if you give all to It, It will give all to you, which means your Eternal Freedom. Do not let yourselves question these Great Laws. Apply them and then soon enough you will have in action the Full Power of the proof which will stand there in you, before you and in your world of ac-

tion. Mankind have got to prove this Law to themselves. Do not expect someone else to prove It for you.

My dear ones, the Power is there, the Authority, the Instruction, the Information, the Application is there with Its full Infinite Almighty Power, and if you won't apply It, you cannot have Its Blessing. Therefore, I say to you, determine to have your Ascension under these Dispensations which are yours, and you will make it assured; but I prompt you that those Students of the Light who have turned to the Light and then turn back to human sense desires, will find defeat in their world.

My dear ones, you must have your energy. Do not be deceived. If you want your Freedom, you must be willing to give up that which depletes you and deprives you of the energy that is the happiness, the Victory, the health, the strength and the Power of Light which you can call forth into your body. Once you are free, then how you will rejoice and wonder, how you could ever have been bound in the sense of human desires. My dear ones, the happiness of one month's Freedom from all sense desires is worth a life time of the gratification of human desires which bind you deeper and deeper into the limitations that mankind have already drawn into themselves.

If you will only be determined, until enough of this expansion has gone forth, there will be no one in the land who will not want to give obedience and have the happiness, health, Freedom that alone can come thru it. Oh, do not mind beloved ones, if some of mankind, both men and women, become vicious; because they do not want to let go of those habits and desires. Go serenely on and call the Power of Light into action! Why should you be bound by anything in this world! You are the Power of Light! You are the Dominion in your world, and there is no human being on the face of this earth who

can interfere with it, when you determine in the Power of your Light to have happiness, Purity, Perfection and Freedom!

Dear ones, seek your Presence more than anything in the world, then all things in the outer activity will come into Divine Order. Do not ever try to seek your Twin Rays thru human efforts. NEVER! Love your Presence so much, that Its Wisdom will govern everything in the outer world and bring everything into Divine Order for you.

I rejoice with you beloved ones, in the ever increasing expansion of your light; and one day you will come to My Home in the mountains! I have very great beauty there! I am holding as a sacred trust, one of the most wonderful glories that mankind have ever seen in so-called nature. No human eyes have ever looked upon it; but one day I hope the student body will have become purified enough, so I may invite them to come and behold such beauty, as has never been known in the structure of earth. That is My Home.

You who spend fortunes for crystal and their beauty, come and observe My Home; and see there before you, the vast wealth of the Universe in Nature, formed and cut by Nature. I often have very delightful discussions with your Beloved Saint Germain. He has many times used the Unfed Light to illumine buildings; but I have another means by which I illumine My Home. There you see the radiant colors playing everywhere in their ever changing activity; and I shall let you observe for sometime, before I explain it to you.

Oh my dear ones, you who seek Happiness, Beauty and Perfection, know that it is everywhere; and when your Life Stream has cleansed itself enough, you will find everywhere the Hands of Light beckoning to you—Come enjoy the splendor of My Home; absorb Its

Power, Its Perfection and go forth and spread it to mankind. How beautiful! Within those vast walls bejeweled by Nature, I wield the Power of the mountains, and you are quite welcome! May we some day, not too distant, meet there and may I talk to you in person there, as I am flashing These Words to your Messenger.

I thank you, beloved Students of Light, beloved friends of America, beloved patriots; and may the Glowing Power of that Light and your thought to Me, send such Fire of your being into action that you do become the commanding Presence and Power of Light.

I thank you.

GEMS OF LIGHT

SAINT GERMAIN

Remember beloved ones, you cannot get away from your application ever, until your Ascension is attained. It is the most vital thing in your life. Do not let your attention in the outer world draw you from a certain amount of application. I mean definite application. Suppose you only made five minutes dynamic application three times a day. Set a time and make everything bend to that. Do that regularly and allow nothing to interfere with it.

SAINT GERMAIN

Every Ascended Master is just as much a part of the Life and Light that beats your heart as your own Life is; because It is the Perfection of Life. Your Presence is the Perfection of Life and thus It becomes one of Its Action thru the human form; then when your attention goes to the Ascended Masters, who have attained Perfection thru conscious Power of the Ascension, They become the Authority in Assistance to you, which no other thing in the world can become in assisting you to your Freedom by conscious application.

THE CRYSTAL CUP OF THE ROYAL TETON

RECENTLY several of us were privileged to go to the Grand Teton Park and follow the trail along the base of the Royal Teton, while we poured out the Love and gratitude of our hearts to that Mighty Retreat of Light and the Great Ones who govern the Activity within that Glorious Focus of God's Almighty Power.

The Glory and Blessing of Nature thru which we passed, made us more grateful than ever, for the Mighty Gifts and Beauty which our Beloved Maha Chohan, the God of Nature and the Forces of the Elements, constantly offer to all who will accept them.

When one gazes upon those Mighty Giants of Nature and realizes the terrific Power it takes to raise up so gigantic a mass of the earth's structure, then truly do we have cause to worship that which is such evidence of the Powers of Life which are greater than man in this physical world.

From the Glorious Royal Teton, for three days we sent every person, place, condition and thing under This Radiation, every Blessing and Power of Light for which we knew how to call.

May all the Power and Victory of Light which that Mighty Blessed Retreat holds for all mankind, pour forth in ever-expanding Authority and Activity, until It has swept out, dissolved and consumed, all human selfishness and discord today and forever.

The "Crystal Cup" at the base of the Royal Teton, containing the clear waters from which we drank, is held within the Mighty Radiation of this Retreat.

As we poured our Love and Gratitude to Those Glorious Cosmic Beings and Ascended Masters who govern that Mighty Out-pouring, we called to the "Mighty I

AM Presence” and all the Infinite Powers of Light, to come forth NOW; to protect and save America from all that would destroy, injure or limit her people; and to consume all that is not of the Light today and forever.

Let everyone under This Radiation, try once an hour to charge! charge! charge! all the Light, Power and Victory from the Royal Teton and the Infinite Powers of Light from the Great Central Sun into every person, place, condition and thing in Our Land and protect America from every destructive force forever!

Call to Mighty Victory, the Twelve with Him and His Mighty Victorious Legions to sweep everywhere and cover Our land with Their Power, Momentum and Victory of the Light of a Thousand Suns; and keep It increasing and intensifying with such Overwhelming Invincible, Eternal Freedom, that no destruction can touch Our America for any reason whatsoever!

Charge! charge! charge! Our Own Beloved America with the Light of God that never fails in such Almighty Victory that God’s Freedom and Justice are the only ruling Authority in Our Mighty Land, today and forever!
