GEMS OF LIGHT

K-17

It is so important to keep yourselves reminded that every time you call the Power of the Presence into action, it is the Power of Light that goes forth Invincible, knowing no resistance from any human quality; then as you call that to be sustained, it is limitless in Its Power, readjustment, perfecting or whatever the requirement is that goes into action, and it is sustained there.

K-17

I am sure you have not quite seen the necessity of holding a sustained action, when you call a Light Ray into action to perform a given service. You must stand by that regardless of what the appearance may be, then you have set into action an Almighty Sustaining Power that will produce absolutely a given result.

OUR BELOVED MESSENGER

Whatever intense desire you have been holding during the day will act during sleep thru your etheric body, which is the next density to the human. That is why people experience things in sleep that are not pleasant.

OUR BELOVED MESSENGER

All intense feeling and desire is an impelling force that acts thru your Life-stream, and if it be discordant, it will qualify that energy as it goes forth; and remember you hold the larger percent of that in your world as it goes forth.

GODDESS OF MUSIC'S DISCOURSE
MUSICAL — LOS ANGELES, CALIF.

July 17, 1939

CHILDREN of the Light, joyous indeed is the Glory of this evening. In coming forth thru the necessity of the world today, I find after so long, the response once again to the Great Eternal Light from which all things come, even to the Highest Octaves of Light! Out of the Light came all that is; to the Light all must return!

Tonight, before I speak to you may I offer a Blessing to the artists.

Precious Lotus, great is thy courage, strength, thy determination thru the centuries to bless mankind. You shall not be disappointed in your heart's desire of this embodiment. I am here to grant your great desire. I charge My Blessing into your world of action, that the Great Music may come forth to heal, to bless, to enlighten!

Child of Light (Violet), in the Glory of Light may I assist you, that the Heart of Light within your heart may find Its Full Expression; and the joy and humbleness within your heart lift It to great heights of attainment. I charge the Voice of Light into action to bless you and all mankind!

Son of Light (Frederick), your long pent up desire to release that Great Power and Feeling of Music, shall be granted in composition and action. May you feel the Full Power of Its Release come quickly, that the Light within your heart, charging Its Action thru the brain and Its Currents of Light thru the hands, may play with the Power of Light! I charge My Power of Musical Action thru your mind and hands! May It find the Fullest Expression in your humble obedience to Life!

Thruout the ages, mankind have long held with Inner Dominion, a great desire for the release of the Harmony

which is naturally within man. Beloved ones, tonight, allow Me to charge My Light into your voices. Will you, who have naturally such beautiful voices, accept My Charge of song and speech into your voices, so We, others beside Myself, may give you Assistance?

Do you quite understand, beloved ones, what it would mean to speak with the Voice of Harmony? MANKIND HAS NOT YET UNDERSTOOD, WHAT IT WOULD BE TO SPEAK WITH THE NATURAL INTONATION WHICH IS WITHIN THE LIGHT OF EACH ONE'S HEART! Since One has said to you: "Let the Light within your heart sing," once you quite understand what that means, any one will sing by the Power of the Presence.

There is now and then one who has some form of impediment in the speech, and if you will take the firm attitude: " 'Mighty I AM Presence' You are my voice! You speak Your Perfection thru my lips and thru my voice," You will see what change will come. You must be in earnest, of course! You must want it! Don't just try to experiment, but want the Harmony of speech and song! Desire It as you desire the most priceless thing; and one day, you will know that the Great Jewel within your Being, is the Heart of Light which beats your heart, whose Radiance comes thru the voice!

Do you quite realize that there is no such instrument in the human octave, as the human voice? There is no instrument that can imitate it. There is no instrument that can put the feeling forth which the human voice can give, when it is in Perfect Attunement with the Presence of Life.

May you observe and may you feel the Blessing which is coming to you thru your attention on the Presence of Life; and all you owe to your Great Friend of Light, your Beloved Saint Germain. If it were not for Him, I would not be here! Would you believe that the Goddess of

Music has much to do with the Goddess of Purity, the Goddess of Liberty, and the Goddess of Justice? When I am able to assert My Dominion in the music of mankind, I will have rendered a Great Service to the Goddess of Justice and to you. May I be able to render that Service thru the attention of mankind upon Me.

Will you observe great Children of Light, how all Life is gathering Its Messengers, Its Powers of Action in concentrated form for your Blessing? Do you observe that, Children of the Light? It is a long, long, long time since the children of earth emitted the Light that they are giving forth today; a very long time, dear ones, and can you imagine Our Rejoicing to find the earth again responding to the Call of Life?

You remember when the Command of the Cosmic Light goes forth all Life must respond, whether it be the action of Nature upon earth; or whether it be the Life acting thru mankind! All must respond and thus acting thru the desire world of mankind must impel and compel that response! How great then is the willing obedience of mankind to harmonize with the requirements of Life, to bring the happiness and supply. Oh, my dear ones, did you notice that word, "supply," which in My short observation seems so apparently needful?

Never mind, sooner than you think, you too will reach forth your hand and receive your supply! We, of course, are not concerned, because Our Supply is always at hand. We have but to speak the Word and It is there!

The Goddess of Light invited Me to go on a journey with Her on last Thursday and I observed the process of decoration of your buildings. Seeing the smile upon Her Face, I said: "WHY?" and She said: "I am observing your astonishment." I said: "Yes." When We in our Homes and Temples of Light need but give the Command and Our Decoration changes, Our Colors change according to Our Desires; and if We wish to add jewels to en-

hance the beauty they are there—jewels far rarer than anything known on earth.

Of course, I do not wish to condemn you, but am just giving you a slight idea of what awaits you in your obedience to Life. Oh, my dear ones, when your beloved Messengers and your Great Friends of Light, have so often urged your obedience to Life, Oh one day, you will see what that means; how it releases all the abundance of Life into use; always at hand and always abundant.

I have observed that many of you have taken your beloved Lotus at her word and have called for ten times more than you require and are experiencing it, more is the joy. You will not find Life reluctant with you. You will find Life always ready to pour and pour and pour Its Great Abundance into your use; because when you have come to know the Great Presence of Life, then the Energy that passes thru you, if kept harmonious, is blessed! Would you think that you children who have called yourselves of the earth, because you had not understood the Presence of Life, could bless Life? Did you ever realize that you could bless Life? Oh, understand it tonight!

As you call forth Life and It flows harmoniously thru you, then you begin to bless Life; and you bless everything that pours thru your hands. I have heard your beloved Lotus suggest to you that when money comes into your hands, that you bless it to go forth and multiply and create Purity and Perfection! It is a magnificent opportunity to bless Life! Isn't all substance, unqualified by mankind, Pure and Perfect Life going forth on Its mission to bless?

Is it not magnificent that Life in Its Natural action always blesses? When mankind have understood and ceased to qualify with human qualities, the Power of Light as It flows forth, then will mankind see what a Blessing Life holds for them; because in your multiplication of the Blessings of Life by your Power and charge of qualifica-

tion, then you in the human octave, from which the call of Life must come for Perfection, will find Life multiplying Its Perfection with great speed and power. That is a very joyful thing.

Oh, my dear ones, your Life is not so serious here as you think! It does seem very serious sometimes, does it not, when suddenly terrifying things confront you, but are they? Are they really terrifying? If you think so, allow Me to differ, and this is the reason! All that confronts you in the physical octave which would be terrifying, is but of human generation and creation, by clothing this Power of Light all the time! Then, that terrifying thing which shows its appearance to you by the Power of Light could be shattered! Do you not see that? No force can go forth clothed with human qualities without the Light within it by which you could shatter it on the instant! Will you see that?

Your Beloved Saint Germain says you have not been given that particular point! Will you take notice of it then and utilize it with great Power? Now suppose you have by mistake sent forth something discordant and harmful; then charge the Light instantly thru it; and explode the Power of Light within it, and it will be no more! It is a magnificent opportunity to govern even the mistakes which might sometimes still occur.

The perfecting process of the qualification of mankind at first, seems not an easy thing; but you should remind yourselves constantly, that your Presence is the Purifying Process; and not begin to feel that you outwardly are the Law or the Power! That is the mistake in the feeling of many today. While they are calling for the Perfection, yet because of outer pressure, they still feel: I must do something desperate here—and do you not get very desperate sometimes? That desperateness would not act, if you understood sending forth the Currents within that qualified Light which has human discord around It and

expand It; or in other words, explode It, so the quality would be shattered.

Great Activity of the Great Law of Life has been given you within the past two weeks; many wonderful Magnificent Points in the use of the Great Law not heretofore brought to your attention have been given! Will you hold fast to them and utilize them? Oh, my dear ones, understanding the Great Law of Life is of no benefit, if you do not use It, and that is why many need, Oh you will pardon Me if I say it, won't you—not so much application, but more intense application!

In a few instances, I have been caused to observe individuals making such, pardon me if I use the word, “frantic” application and becoming so wrought up in their very, not intensity, but anxiety! Will you notice the difference between intensity, which is calm repose; and anxiety, which is desperate excitement! Will you observe that in your application in the future; and come to understand and instantly observe the difference? Oh, it is so worth while! Great intensity may be used without anxiety or tenseness within your nervous or muscular system!

You see whatever holds tenseness in your nerves or muscular system is not good for you; because it causes congestion within your muscular and nervous system. You remember the many times during your pilgrimage this time, that you have had a high fever, but have you not seen it dismissed almost as quickly as it arose? Perhaps the young man is in the room who recently had that experience.

How surprised one day you will be, when you come to find that any time a congestion starts within your body or a fever arises, you will say to that: “Oh, be at peace! I am in command here,” and it will be at peace! You remember the statement of the Great Ascended Master Who said to the tempest: “Peace be still”! You may say to the tempest of your world: “Peace be still”!

Not please, but “Peace”! Be still! It will not answer you, if you should say “please” instead! Mankind should say “please” to each other, but not to Life and Energy!

Have you not all noticed that as you are carried in conveyances, even in the elevators of the hotels, how polite people are getting and they say: “thank you,” and “please”? They did not do it twelve or fifteen years ago. They said: “Take me to the top floor quick,” take me to the first floor, I am in a hurry”! That used to be the idea, but now: “Will you please let me off at the Galleria, the Main floor, or the fifth”? I am calling your attention to some of these things tonight because of this great change which has come within ten years.

Unfortunately a great majority of mankind are not noticing, except in a few instances, this change that is actually taking place; even before your Beloved Saint Germain began to bring out this great Vast Knowledge and Understanding of the “Mighty I AM,” because the Radiance was going forth already. Instead of coming events casting their shadows before, it should be said that coming events of Perfection cast their Light before! That would be the correct statement; because coming events of the future, will be coming events of Perfection and not something which you will dread! Will that not be a day to be joyfully contemplated?

How many of you in this room—you may think of it silently of course, wake up in the morning with a great weight upon you, “Oh dear, another day.” Soon there will be a joyous song replacing that feeling! I say to you, beloved ones, who feel yourselves so greatly in need of supply,—“LET THE LIGHT SING WITHIN YOUR HEART, IN THE FACE OF ANY CONDITION AND THAT CONDITION WILL BE POWERLESS TO CONTINUE! THE SINGING LIGHT WITHIN YOUR HEART WILL EXPAND ITS

RADIANCE AND DISSOLVE THAT APPEAR- ANCE.”

Then, when the Light sings within your heart and you make your call to the Presence, the Intensification of your Light carrying the substance which is used by your Higher Mental Body in Its projection of the Light and Currents of Energy to render you the service, will find no obstruction in Its Way.

It is such a long time since I knew anything about the need of supply, that it seems almost strange to Me today, to come into the world of action where that has been creating so much distress. I can scarcely believe My Eyes, as I move above the earth and see the distress of the Children of Light upon this earth, who have forgotten that Light; but in the return of the memory of that Great Light, you will quickly find now Its Dominion within you!

My dear ones, be so in earnest! Be so sincere in your call to Light, and do all within your ability to keep yourselves harmonized; so this Light within continues to sing Its song of praise back to the Greater Part of Itself! Oh, my dear ones, tonight how I would love to anchor within your consciousness, within your feeling world, this vital point—that all your call for Greater Perfection, is the lesser Light calling to the Greater! They are ONE! How could you fail in a single instance to have the immediate response since Life is calling to Itself?

Think of that great Stream of Energy pouring constantly into your body! If there were no discord in your body, it would become even naturally, as you term it, so charged with the Purity and Perfection of Life, that even the very Radiance would dissolve the discord you would touch in the outer world. Since mankind have accepted the discord as a Reality so long, at first in many instances, it takes quite firm determination to hold Harmony within, as the call to the Light goes forth and Its River of Light

pours before you, to keep from requalifying it; but you will gain that Victory, and quickly now in that which was released to you this past week!

Therefore, today—perhaps it is not quite as great, I was about to say: “I trust your rejoicing is as great as Ours.” It is very great, but perhaps not as great as Ours. How long We have waited, waited and waited! Will you believe, that two hundred eighty thousand years ago, even with Us, when mankind was about to turn as you have today back to the Light, We got almost to the point you did, in Our Anxiety that you would continue to come back; and then We had to wait again? Then, We saw that We could not urge mankind! We just had to wait, until they were ready of their own volition to turn to this Great Light!

So I remind you—you should of course make definite reasonable effort, but don't try to force people to accept this Great Light! Give them the opportunity, but let the Light within them determine whether they shall accept It or not. Then, you will not bring upon yourself battles as some have experienced!

You know the human of mankind is a great warrior. It looks for war every time it turns around, and if it does not find war, it will make it. Did you ever notice two children playing together happily and all of a sudden, one will stop and begin to look at the other, then the warrior is starting to assert itself? Now, you are becoming warriors of the Light, a much more valuable activity!

Now remember, beloved ones, tonight has started the Great Activity for which the Goddess of Light has waited some two and a half years; so call even silently to the Mighty God and Goddess of Harmony and the Goddess of Music, to release to the earth those Mighty Healing Melodies. Those Mighty Purifying Melodies in an audience of this number, would set into action in the room,

a Healing Vibratory Action which would heal the majority of conditions in an hour!

Do you see that the atomic structure of mankind, the physical structure, only requires sufficient Harmony, which is Life—and the vibratory action of all discord would be COMPELLED to disappear!

How do you think the Ascended Masters heal instantly? It is just like a wave from Him or Her, passes quickly up thru the human form and lifts the vibratory action into that in which no discord can longer exist! You see when you reach a certain vibratory action no discord can remain, it is not possible! There is no battle, and that is what you are coming to understand and beginning to feel now! In your attention to the Presence, you are constantly lifting your vibratory action, until soon it will be at a point where it will not accept discord any longer! That is what Harmony maintained within your feelings over a sufficient period naturally brings about!

Please do not struggle, dear ones! Just in the great calm serenity of your call to Life, let Life do without struggling that which you have been trying to do yourselves, because Life does not struggle, but you do! As soon as you will still yourselves and let Life act, then the vibratory action will quickly raise!

Oh, observe please, you have great anxiety about the healing of one condition in your body, when there may be others more important, that you have not even observed or even felt; yet there may be something starting to accumulate! Now then notice! In the concentrated appearance of distress at one point in the body, in raising the vibratory action of the entire body, that distress must disappear! Notice this carefully in this point which you have gained. In raising the vibratory action, your Higher Mental Body sees what is required and in the general raising of the vibratory action, would direct the Current of Energy required to that particular spot and it would dissolve!

You see this is a part of My Activity, beloved ones; because in bringing forth the Great Harmonies which **MUST BE BROUGHT FORTH**, the physical body and the brain structure, must reach a certain attunement before this can be done—I mean with assurance. Fragments have come thru at intervals, but to bring a Clear Channel where the completed thing can come thru is the needful thing today; and in your attention to your Presence, when sincere and earnest and without anxiety, you call with a great calm serenity and determination, then great becomes the achievement and also quickly.

Perhaps, I should be aware that for some eighteen or more days, you have not had too much sleep. Unless I deprive you of some more I will not continue too long, I trust. However, I do rejoice in this opportunity to serve you, beloved ones; and during the lovely, lovely music tonight, I was able to render, even to My Surprise, for many within the room, more than I had thought possible, which again is the proof of the Mighty Work of your Beloved Saint Germain; and the Mighty Service which He has rendered you in this Great Permanent Preparation for that Freedom which must come. **DID YOU NOTICE THAT? NOT “WILL COME,” BUT “MUST COME.”**

Oh, that I might convey to you, tonight, what an impelling, compelling Power of Life is released in your attention to the Great and Mighty “I AM.” Now that does not mean without stopping; and many have tried to make this clear to you. It is rather the quick short intense call which brings results! The prolonged call which becomes mechanical because it is not charged with feeling, is not desirable, and exhausts you! May I offer a suggestion, because it is so within your grasp and so within your ability to do this? You who are serving during the day, take for an illustration in a department store, where you would be on your feet most of the time—if you will

call the Presence to charge your body, take command of your feet during the day and sweep Its Mighty Currents of Energy thru; keeping it charged with ten times more energy than you require, I assure you there is not one of you who in a very short time, would not almost forget that you were carrying a body around during the day! Oh, it is easily acquired. **IT IS NOT WELL, WHEN YOU HAVE A GREAT LAW, TO CONTINUE TO REMAIN WITHIN HUMAN LIMITATIONS!**

Since you have the knowledge, then you too have the Power, the Authority and the abundance of application! Well, why not assert It? Say to all those conditions: "You have no power"! You could say to those conditions in a very calm powerful voice: "You have no power"!

You know, today, sometimes you have to yell at it, to make it **KNOW** it does **NOT** have any power! Well, remember that is of short duration; because as you continue with intense Adoration to the Presence, you will lift your vibratory action so that when you say: "You have no power," it will know it right then! Oh, you are coming so rapidly to this achievement, beloved ones! You should feel every encouragement in the world; and may you feel the Power of My Harmony of Music which is operating **NOW** ready for action in the Octave of Light.

Will you remember what your beloved Saint Germain has said to the Messenger and those who were present at one precipitated dinner? He said: "Why are you so concerned, and why do you think this so unusual, since up here in the Next Octave all this is prepared and I just lower It down here into your use and visibility"? So, today, I have all this Music prepared! It is just ready to lower down into your visibility and use! It is not so unusual, as it might seem.

I see that your Beloved Saint Germain is very familiar with your requirements; for I was just about to make a statement and He said: "I think I would not make that."

So you are under His ever watchful care! I rejoice with you! How many today fully realize the Blessing of that Great Friend of Light? Your adoration, your gratitude is growing great, very great! Let it go on and on, until it expands and bursts every bond of all that is holding you in any kind of limitation.

My love enfolds you forever! I thank you.

OUR INFLEXIBLE LOYALTY TO AMERICA

ELOVED “I AM” Students everywhere! Remember we are at all times, loyal, law-abiding citizens of the United States of America!

We defend unconditionally the Constitution of the United States of America, Our Country, and our people by every power that Life, the “Mighty I AM Presence” and the Great Host of Ascended Masters bestow!

At least three times a day, charge forth all the Power and Protection of Light and Life at your command, around everyone in the draft, all in the National Defense, and all prisoners from America in foreign lands! There are a great, great many “I AM” Students in those channels, and we must all work constantly for their Light and Power to expand and make America Victorious over all that seeks to destroy us as a Nation; and over every destructive force on earth forever! The survival of the civilized rights of man, rests within America’s Victory and Light; because Freedom and Justice are the only rights by which any nation survives more than a few years.

Stand by our Constitution of the United States of America and with every power of Right, Justice and Honor to God, Our Country, and our fellow-man.

The early patriots, thru full dependence on God and right, won our Freedom and left us the priceless heritage and responsibility of protecting the Freedom they won thru such great sacrifice!

Therefore, our patriotic duty is to Stand! Face! and Conquer! every force that wants to destroy America and her people!

The very God Power that gave us the Constitutional Rights of Life, Liberty and the Pursuit of Happiness, can and will protect those rights and Our Country which they have blest so long; but that God Power must act thru

the people themselves who have received those Blessings.

So, we as part of the American nation give our Love, Loyalty and constant Protection to Our Beloved Land; and as law-abiding citizens, work for the Victory of America over all destructive forces on earth, today and forever!

So do not do anything that would dishonor your God, your country or your fellow man!

We shall at all times do everything we know how to do to bring America's Victory quickly, and sustain her Freedom, Justice and protection to her people at all times.

We enfold you, all in America and all from America in foreign lands, in the "Mighty I AM Presence," and the "Light of God that never fails," and in Victory unconditional and Eternal!

GEM OF LIGHT

SAINT GERMAIN

Your application is for your Freedom, and only by application do you build up a momentum that sustains all that you gain. Just as you have built up a momentum in the old destructive activities; so must you in reversing that, build up a momentum in the constructive activities which will not only be a sustaining power, but a glory of activity and happiness that only comes from the conscious feeling of Dominion thru your application.

NOTICE

The American Flag on the cover design of the July Issue of the "VOICE of the 'I AM'" by oversight was drawn with eleven instead of thirteen stripes.

We are correcting that in the next printing and call forth the Ascended Masters' Invincible Protection to all who assist us to avoid any similar occurrence in the future.

GEMS OF LIGHT

SAINT GERMAIN

I am sure there is not one of you who when you have accomplished something, have not felt a rejoicing that can come alone from that. After so many centuries of dominion of the human self, your power of dominion now consciously brought into action in the call to your Presence, is the greatest happiness that can come to one in human form.

SAINT GERMAIN

Never weary of your application, because that is the Open Door-way to your Dominion and Freedom forever!

SAINT GERMAIN

There is not one single excuse for any human being feeling doubt toward This Work or the Messengers — not one single excuse. The books are simple, plain and substantial. The teachings are plain, practical and substantial and the Messengers have never said one solitary thing to which any sane individual can take exception.

SAINT GERMAIN

You are master of your bodies. Don't humor your human atoms a particle and don't fear them, but say to them: "Get into action now and stop that nonsense"! Be absolute in handling your physical bodies, don't let them master you.

K-17

A thing can act thru the feeling world and get the feelings stirred into action before the individual is aware of it. That is why you should be so constantly on guard, about any disturbing condition or desire to criticise each other or any condition, which would open you to the forces that are acting in those destructive qualities.

K-17

Dear ones, if you really knew and understood the Authority and Power which each one of you has to say to a condition, whatever it is, that has an appearance of destructive activity; "You have no power," and know it was the Power of Light from your Presence going forth into that, you could perform wonders.

· GODFRE OUR LOVED ONE, ASCENDED ·

IT is our great privilege to announce the release of a new song — “GODFRE OUR LOVED ONE, ASCENDED,” by the Messenger, Lotus Ray King.

This new song is a tribute of Love and Adoration to our Beloved Messenger, Mr. Guy W. Ballard, and is an Out-pouring of our heart’s gratitude to Him, for the Blessings He is constantly releasing to all under this Radiation, from the Ascended Masters’ Octave of Light.

This song is dedicated in Eternal Love and Blessing to the “Mighty I AM Presence,” and our Beloved Mes-

senger. May all who sing, play or hear the lyrics and music or contemplate His Picture, feel His Enfolding Love pour back to them, bringing them Eternal Freedom in the "Light of God that never fails."

This song, both lyrics and music, is the answer to an intense call for some way in which to express the deep Love and Gratitude of the "I AM" Student Body to our Beloved Messenger for all He has done for them; and for being the Open Door to bring to them the Understanding of the Law of Life, which will lead them into their Ascension.

The Cover design is an actual photograph hand colored by May DeCamara to whom we are deeply grateful and extend to her our Love and Blessings.

May this song be sung by everyone who seeks Freedom from the distress of the outer world; and thru It receive their Freedom and release.

No greater privilege could be given one than to be the channel thru whom this song could come; and our hearts sing with gratitude and praise for this opportunity and Blessing.
