

# GODDESS OF LIBERTY'S DISCOURSE

SHRINE CLASS — LOS ANGELES, CALIF.

July 4, 1939

**B**ELOVED ones, will you remain seated while I talk to you, and no matter what I refer to, keep the atmosphere as quiet as possible, that We may render this Service to you in connection with that for America. The Great Energy has been released and in the quiet of your feeling world, It will now be the Power to go forth, and assist Us in rendering this Service.

Today, thruout our America, there has been released a Greater Charge of Life, Light and Energy, than has been known in many recent years. I have some very joyful information for you, which I am sure you will all appreciate. From within the atmosphere of our America, there has been dissolved the accumulation of three qualities of destructive forces, which mankind have released from their feeling world—anger, hate and the power of resentment. These qualities have been removed, dissolved and consumed forever, from the atmosphere within the borders of America. Notice closely, this is just from within the borders of North America, and its protection will be sustained.

This does not mean that all human beings and individuals within America will cease from expressing those qualities, but there will not be any feeders to intensify those qualities. There will still be much of such qualities generated by some of mankind. Mankind still have their own feeling world to govern; and if they would govern it harmoniously, it would only be a short time, until those qualities would be unknown within the borders of America.

This will release to the Goddess of Justice, much of what

She requires in drawing into the Capital of your nation, Divine Order and Divine Justice; for I tell you, Saint Germain's request has been granted and that which the Cosmic Light must do for America, WILL BE DONE! This means more than any human being's outer concept could cognize just now. However, rest in the Glory of It. Continue in your mighty calls and your Decrees that go forth in the mental and feeling world.

Great changes are before you. Great changes are before Europe. Therefore, beloved ones, rejoice in all that has thus far been accomplished. Allow Me to remind you of one vital important thing. All vicious activity by individuals or groups, toward This Great Light, is not striking at these Messengers, it is striking at the protection and defense of America. Therefore, beloved people, see the Truth of Life! Foolish individuals cannot touch nor harm these Messengers; but the great tragedy of their lives is, that they are striking at the defense of America and her protection, which they should be calling for, no matter what they think of the Messengers. They should be calling for the protection of America which is their home, or I trust is; but if that vicious opposition to This Light continues, America will not be their home very long.

I say to every individual who has put forth a discordant feeling in thought or speech to this Light—Beware! of the danger you are in! I send this forth on a Current of Light and Energy, to everyone of these individuals who have opposed This Light; for they are opposing the Freedom and Protection of America, not these Messengers! I trust the people of America will understand this!

It is so foolish beloved students of the Light! How can human beings go forth and because they feel discordant to the Messengers, just because They stand for Divine Right and Justice, spread vile vicious falsehoods concerning This Great Light which every one of them knows in his

or her heart is the only Freedom to America and the world? Such an attitude has a penalty no one would ever want to pay. If they would only cleanse their minds and feelings of viciousness long enough to feel the Light of their own hearts go forth, they would see and know that every word of This Instruction is the Truth of Life!

These are qualities that are tragedies in the lives of human beings. Oh, that they could see! Oh, that they could understand! Those whom Saint Germain gave such opportunity, such privilege to serve, are the ones who turned the most vicious; because greater currents of energy from the discord of mankind were turned upon them, in the service in which they should have stood steadfast in rendering. Let no one of the student body ever criticise Saint Germain, because He has given these people opportunities. Who are you to judge, children of earth, what an Ascended Master should do, in giving mankind opportunities that you cannot even conceive! Pass no judgment, beloved students, upon the Ascended Masters and that which They do.

These people whom He has drawn into His Heart Center, into the activity, and to whom He has given these opportunities, are people who could have expanded a great—a tremendous Light in spite of all their accumulation of the past. They were given the opportunity to cut themselves free and be free from it forever. They were so near sometimes. Some of them only days from having passed the barrier of all those creations and yet failed at the last moment. Let it be an example to every sincere student in the land to stand firm, unyielding to the Powers of Light.

Oh, my dear ones, these Messengers are not a point of consideration, it is a matter of the expanding of your Light and stability to your own Light of God which is beating your heart. If you let foolish nonsense come

into your world concerning your fellow-student or the Messengers, who stand so loyal and demand such loyalty to the Light, then you are foolish children indeed. You are not dealing with human beings, children of Light, you are dealing with qualities and forces charged with human conditions, human qualities. See that please today!

Therefore, in this Service which is being rendered, remember, everything that We tell you has been done, IS as We have told you. Human opinions know nothing about Our Activities and the Powerful Currents of Energy and Light which We wield. Since your Beloved Saint Germain and Myself are responsible for the Freedom of America today, then mankind should be willing to listen to Our Words, that We may continue the Great Expansion of that Power; until all mankind live in an age of beauty, happiness and Perfection and where again will be restored the home life of your American people.

Let Me say to you, my dear ones, little do you dream as you sit here in the happiness and comfort you have today, how from the inception of foreign spies in Our Land, there has been the undermining and the shattering of your home life. That is the poisonous breath, underlying the wrecking of many homes in America and yet, few have ever understood. We know and see the causes that are acting thruout America. The most subtle underhand work of destructive forces that has ever been, has threaded its way thru your America, in the most subtle cunning manner possible; and even today, the forces of those destructive activities are endeavoring to seize upon the activities of America, who in their inception were loyal and constructive. Even since your Beloved Saint Germain exposed the inner activities of certain destructive forces in America, they are endeavoring to establish them again under different names. Do not be caught in that

any longer, beloved students. We shall keep you informed.

These qualities and destruction shall not fasten upon you if We can help it, if you will be kind enough to listen and believe that We know what We are talking about. The Power of Light is at your service! You have found your home—God, the “Mighty I AM Presence,” the Governor of the Universe, the Governor of your individual lives. Will you give your attention to It; or to the destructive forces, which you know exist in mankind in the outer world, and be swallowed up by them? The choice must be yours at all times, but We inform you of these conditions which are the Truth. You must believe or not. I have served America for more than two hundred years, have given you what you have today and would have given you your Freedom long ago, if mankind would only not listen to deceitful agitators who have been in their midst.

True enough, a great deal of injustice and activity has been set into action by human selfishness, and then, that which individuals have tried to establish to correct those conditions has been seized upon by the destructive forces and has become one of the most destructive activities in your land. That activity should have brought Divine Order and Divine Justice.

Friends, Oh beloved friends and students, remember Divine Order and Divine Justice cannot come thru human beings who are agitated, excited or filled with hatred and distrust of their fellow-man! It cannot enter thru those doorways, but only in the great calmness of the people, in the stillness of their feeling world, can Divine Justice and Divine Order be established in the feeling world of mankind. It is there already in the heart, but not in the feeling world! When individuals once understand this, still their feeling from all agitation and

throw out every agitator in Our Land, then let the Great Powers of Light come forth, the Goddess of Justice, the Goddess of Purity, the Goddess of Light and Myself will be able to pour forth into your world, those Qualities that make you the Victory of the Light in the Mastery and control of yourselves.

We offer this Great Service to mankind. We cannot compel you, neither would We wish to do so; but We are determined, that the great loyal hearts in America who have thruout the centuries stood for the Freedom of America, shall not fail!

How little the people of America understand all that was done in the days of Washington; and how at her inception, the Great Divine Powers came to America's assistance constantly, far more than you outwardly understand. Remember, that Great One Who came to render His Service to the Light. He came with the Power of Freedom and gave His Blessing to Washington. Remember these Mighty Activities, Oh Children of Light! Do not forget them! Mankind today in the great pull of the attention to the things of the outer world, so quickly forget. In the future, let every day be a patriotic day in your hearts!

This day should commemorate your Freedom, which We had planned long long before it was carried out. Why not give Us your assistance now, so We may carry out the Plans that have been in action for more than a hundred years and which could come so quickly into their fulfillment and dominion? You are so fortunate, Children of the Light, who have been privileged to make these calls, render this service and release the energy from the earth.

Listen carefully now to these Words. Why do you suppose We, the Great Beings of Light, Who are the only ones who can assist mankind to their Freedom, come

forth and give these many, almost limitless, Dictations? Because thru this body, We hold Our constant connection with the earth, which is absolutely imperative, in releasing this Power that must come forth to awaken and quicken the Light in mankind; that they may cooperate and give that which We require to carry out the Fulfillment of this glorious, magnificent and beautiful Plan for the people.

Little do you who are enjoying homes of comfort today understand that just before you is a magnificent power and activity in the architecture of your homes and worlds of action. Your world of business will so transcend anything which the world has known thus far, that you will begin to understand what the Ascended Master Comfort for this world can be.

I want to make one further reference to the promises of some of the outer world activities and show you how abjectly foolish and impossible they are. Mankind only exist thru their own effort. To promise an income of twelve thousand dollars a year, regardless of what they do is insanity; or to promise an income of thirty thousand dollars a year. My dear people, it is a promise that cannot be fulfilled; because humanity must earn what they receive under the Presence and Power of Life. Such a thing cannot be established. Mankind cannot be left idle. An idle mind is the devil's workshop and the most dangerous thing in the world today.

Life has provided the Perfect Balance of Its Activity and will never change it; eight hours service, eight hours recreation and eight hours rest, which is the Balance of Life, the Trinity of Life. It cannot be changed or mankind would perish. I say to you, the idleness in your country today—not because they desire it; but because it has been imposed upon them by the selfishness of mankind, shall cease from your land. Many of these beloved

ones who are idle today and have succumbed to the feeling, that it is impossible for them to have employment, are very wonderful people.

Remember, beloved ones, continue your mighty calls, until every one within the boundaries of your beloved America is placed IN HIS OR HER OWN RIGHT AVENUE OF SERVICE. Little do you understand and feel perhaps in rendering this service what that still means, to the placing of the people of America, in their own right avenue of service. It must be established first in the mental and feeling world, since that is the cause of everything.

Do you not see, beloved students, in these calls, you are establishing in the mental and feeling world, the Power of Divine Order and Divine Justice. The action is required first in the feeling world, in order to out-picture; that the physical flesh may be drawn into the Perfect Activity; for the Power of Light knows no opposite. Is there anything then that could prevent or retard the beloved ones coming into their own right avenue of service?

These are vital, important things to which I am drawing your attention today. Since this day is in the memory of the Glory of the establishing of Freedom for your land, allow Me to establish that Glory and Freedom within your mental and feeling world; so you may accept and charge It to be sustained, with Its Infinite Power of action that nothing can change, against which no human suggestion can stand, and with which nothing can interfere.

I SAY TO YOU, BELOVED STUDENTS, UNLESS YOU STAND LOYAL TO THIS LIGHT, YOU ARE AGAINST AMERICA! I plead with you, beloved earnest sincere students, do not divide your attention with other things of the outer world! Go forward in

this Light! I say to you, beloved students, some who have made the call to the Messengers and who feel you cannot cope with the conditions in your body and world of action thru your own application; arise in the Strength and Power of your own "Mighty I AM Presence." Do not let yourself voice or your intellect voice that you cannot achieve! Do not let yourself even feel it, but stand so firm and dauntless that nothing can interfere. There are so many to whom the suggestion has been offered, to go to the hospital where it is not necessary; but they succumb to the suggestion, when they would not go of their own Inner will. Call for the Power of Light to set them free! You have seen hundreds of instances where the Messenger has been called and the individual left the hospital without an operation; and patients have been released from the condition before they even went. Then, when mankind have that evidence before them, Oh arise, beloved ones, do not give way to the human feeling, that the Light in you is less powerful than the outer conditions of mankind, to render service to you.

If you would be firm and determined and every time such a thought comes to you stop and say: "The Power in me is the Light, the Authority and the Removing Power of all conditions in my body and world which do not belong there." Then, stand firm and unyielding by it and you will have full release.

The day is so close at hand, when mankind will stand with their attention upon that Great Presence of Life, call Its Currents into action and will free their bodies on the instant; many are able to do it today! Then, comes the Victory of Life thru mankind and in their activities, It will cause distress, anxiety and conditons that cause mankind to fear and doubt so greatly today, to vanish from the earth.

I say to you parents whose hearts are sometimes

wracked with uncertainty concerning your children: remember your children are in the Radiance of the "Mighty I AM." Make that unyielding firm dynamic call to the Presence of those children, to release Its Power to bless and protect them, and you will have rendered a service you cannot imagine; but if your anxiety continues to pour out to them, you are but feeding the fires from which you are trying to free them. **YOU MUST KNOW THE POWER OF THE LIGHT** with which you have become acquainted! The "Light of God never fails"—your own "Mighty I AM Presence," is the Governor of the Universe, beloved ones.

Every assistance that is given to the outside world in training or any kind of assistance, comes from the Presence, the "Mighty I AM" of those individuals. Mankind have gathered a great deal, and thousands of volumes are filled with their experience, their achievement, if you like; but it is only a fragmentary part of what the Presence of Life can do, without instruments, without anything of the outer world, except your command to Life to take charge!

In this service today, which is being rendered, Oh my dear ones, I need not review with you, all that has been accomplished under these calls. Think, there are human beings so false and so vicious, as to try to spread doubt among mankind, about the seizing and removing from the earth of the black magicians, which **WE HAVE REMOVED!** They are trying it, but when you hear such falsehoods, silence them forever!

I ask you, beloved students, every letter you get of viciousness toward these Messengers, send each one to the Messengers and they will send them to the attorneys, and we will see whether that viciousness is stopped or not! Send in every one of those letters that come to you. We can utilize outer laws as well as the Inner.

These vicious individuals are going to find they have met their match.

This is the first time on this earth, that We have ever taken issue with mankind, but it must be done! We can produce evidence that would take the liberty away from every one of them already; for they are using the mails for such vicious forces and those people who do not sign their names to those vicious things, easy enough can We trace them. They forget that, and if they do not silence that viciousness, We will trace them and give the names and addresses of every one who is doing this unfortunate thing; and these vicious ones will say to you: "So the Ascended Masters have become vicious in Their Activity"! We are determined that human viciousness shall cease from this earth! Therefore, if necessary We can take a part in your outer activity, as well as the Inner!

Would you think that We should not, when We have for two hundred years planned, brought about and held the Pattern for the Perfection and defense of mankind? Then, do you think We will now allow vicious human beings, to spread doubt among the people who are in a position to render this service to mankind? Every one of you, watch! They will have fallen by the wayside and too late will cry out in agony. In your city here, there are some already doing it. Their hearts are crying out in agony.

When mankind, thru individuals, have spread doubt among dozens or hundreds of people, can they undo that by a pretense of turning back to the Light? Oh no! **WHAT CAUSES MANKIND OR INDIVIDUALS HAVE SET INTO ACTION, MUST BE DISSOLVED, CAUSE AND EFFECT, BEFORE THEY CAN RETURN TO THE LIGHT.** I am prompting you with all of the Great Love of My Being today. Beloved ones, be alert, be assured that these examples

are before you, for your Blessing in all these things which have occurred.

Would you have Us discard individuals whom We see within their Life-streams, will have a struggle to free themselves from the binding powers of their own creation? Would you have Us do that? Would you have Saint Germain refuse to give opportunities to those who have such great destruction in their Life-streams and by that opportunity to serve, could have been free? Try to see the Truth, the Law that is acting, then the intellect will not attempt to pass judgment. Some of the students have been doing this. They have said: "Why, why, why, thus and so? Why did Saint Germain do this or that"? Oh, We are quite well acquainted with it, and that is unfortunate for the individuals who attempt to pass judgment upon an Ascended Being Who is Wholly Pure and Perfect. Don't do it!

I am calling your attention to these things on this glorious day for a great reason, which only in time to come will you see; will you know and understand all that has been done this glorious day in the Memory of your Freedom.

Oh, beloved ones of earth, how Great, how Magnificent, is this Service that We are rendering to you and for you. Can you imagine how It happens now, when so long your Beloved Nada, who has waited thousands of years for this Service to America and later to mankind to come about? She has brought many civilizations to their height, and then has seen them crumble and fall by disobedience to Life.

**I SAY TO YOU BELOVED STUDENTS, AND ASCENDED MASTER YOUTH OF AMERICA, AS YOU VALUE YOUR FREEDOM, CONSERVE YOUR ENERGY! DO NOT THINK YOU CAN DO ANYTHING IN SECRET THAT IS NOT**

KNOWN TO US; OR THAT IS NOT KNOWN TO YOUR HIGHER MENTAL BODY, WHO STANDS SOMETIMES WITH COVERED EYES, THAT IT MAY NOT BEHOLD THOSE ACTS! MAY THE POWER OF THE UNDERSTANDING OF LIFE, TAKE ITS FULL COMMAND WITHIN YOU AND GIVE YOU THE VICTORY AND PURITY OF LIFE!

With These Great Beings standing ready to project Their Mighty Light Rays into your world, into your feeling world, to dissolve cause, effect, record and memory at your call, of everything undesirable there, would you for a few weeks, a few months or a few years of sense gratification, deprive yourselves of your Ascension at the close of this embodiment, when you can be free forever from all human limitations and distress? Contemplate, Oh beloved students! If you allow yourselves to waste your energy and you fail in your Ascension, then you alone are to blame, because you have been informed of the requirements! HUMAN DESIRES ARE SUCH FRAGMENTARY THINGS AND CAN BE SO EASILY CONTROLLED BY THE CHANGE OF YOUR ATTENTION, WHICH WOULD CHANGE YOUR FEELING!

Oh, how eternally grateful Saint Germain, Myself, and the Great Ones are for the stand you beloved students have taken these past three months or more, in the defense of the Light and to refuse to revolve in any conversation, any unpleasant destructive thing. I thank you for your stand to have the people come and go silently, and refuse to discuss unpleasant things before or after the meetings. I thank the beloved Sindelars for their endeavor to stop the revolving in conversation of unpleasant things, especially in reference to each other and to the Great Light.

When something unfortunate has happened, the greatest service to the Light is to forget it; and allow no one to draw you into conversation or discussion of it. Then, you will be rendering the greatest service to Light and Life. These are Great Laws, beloved ones. We know and understand them and can inform you of them, then Our part is finished, except at your call, We will always project those Light Rays to sustain you, if you are determined to stand untouched by the discord of mankind.

Another Mighty Service that has been rendered thru certain parts of the earth, where such discord has been so deeply charged, those roots have been withdrawn and that part of the earth will begin to flourish again. You were reminded of the seizing of the last black magician whose tentacles had been driven into the earth, to hold that destructive force anchored in the structure of earth; and eventually as they thought, destroy the earth. That discord which has been generated by mankind and which has penetrated the earth, has been withdrawn together with these qualities that have been dissolved from the atmosphere of earth.

If all the beloved students who have been touched by destructive forces, for some of which they are not responsible, would only understand and see this, it would give them such courage and strength to hold the Victory of their own Light within them; but unless they believe the things We tell them and know that they apply to every one, then how can they have the Assistance We would give so lovingly and so kindly?

No matter what your mistakes are, beloved students of the Light, you will never find Us condemning you, criticizing or finding fault with you—even that is not Our business! That is your world! We are stating to you the Law and how to remove from yourself these conditions. Can We do more? Can We do more than

to offer Our Great Assistance to you? You may have Our Assistance today, in that which you cannot do for yourselves. Is that not Divine Patience? I would not know what else you could call it, for This is Real.

This Service, all that We say to you, is Real, beloved ones; and as I feel the rejoicing in your hearts today, Oh my dear ones, never in the history of the earth, has such a thing been known. Today, I have wished several times during this Service, that I might reveal to you the Currents of Light and Energy coming from all the Student Groups thruout America and in foreign countries; pouring into this room with such Love, Gratitude, Praise and Thanksgiving for the Power and Intelligence which established America on her Foundation of Freedom; and knowing that today will be the celebration and rejoicing of that day, many are feeling gratitude with great intensity. There are some who will be lukewarm and some who will stand with the sympathy of foreign countries, which would cause your land to perish; but the Light is greater than all else! KNOW IT! Call IT into action! Stand in the Glory of your Presence of Life for your individual Freedom, the Freedom and Protection of America; and if you are sincere, and a sufficient number of mankind is sincere, you may be assured that We will do the rest. I thank you.
