

BELOVED JESUS' DISCOURSE

PRIVATE DICTATION — SCARSDALE, N. Y.

April 22, 1939

SAINT GERMAIN

BELOVED Staff and loved ones of the Light, we have entered into a new era in the Expansion of the Light within each one and for This Work.

Today, We wish to establish in this home a Radiance that will be the Supreme Governing Activity of Love, Happiness, Energy and Strength without limit; and before I introduce the speakers, I wish to say, to our precious Mrs. Boos, We tried an experiment with your mother and to Our very great delight, It was successful. Your mother will not again return into embodiment. Her struggle, as she thought was long and great, but after all, it is worth a thousand times more than all that has been. We want you to feel a happiness that you have never felt, in her release forever from the wheel of birth and rebirth.

I WOULD LIKE SO MUCH, IF I COULD HAVE YOU WHO ARE SO CLOSE IN OUR HEART CENTER, REALIZE THAT THE GLORY OF THE DISPENSATION AND THE SPECIAL ACTIVITIES WHICH HAVE BEEN SECURED, MEAN MORE TO YOU AND THE EARTH, THAN WORDS WILL EVER BE ABLE TO CONVEY. ONLY AS YOU CATCH THE ESSENCE FROM WITHIN THE CUPS WHICH THOSE WORDS FORM, CAN YOU POSSIBLY KNOW WHAT IT MEANS. Steadily and surely is one Victory after another being won in the activity of the Messengers, until one day to a large extent the outer world resistance will have gone

down to This Light, and I rejoice for so much already accomplished.

Today, I do not wish to touch upon the world's conditions so much, as to hold your attention upon the Almighty Power of Constructive Activity, which is bound to win the Victory over the shadows. I would suggest to you Lotus and you two Messengers, that in this class, no matter what report comes to you, just hold steadily to the wholly Constructive Activities, referring as little as possible to the requirements of the world; and let Us try an Experiment here in New York, that I think will work out very successfully.

I think the people of America, I mean those who are so far having their attention held upon the "Great I AM Presence," understand enough of the destructive activities; and tonight, I wish to bring very much to the attention of the Group Leaders, a reminder to cease all reference to the destructive activities in their Groups; and let the Power of the Light flow forth, which is the Remedy, since all now know enough about other conditions.

Not you as Messengers, but if the Group Leaders, who do not understand or are not as firmly anchored as you, dwell upon those destructive conditions, they begin to build them; and that is one thing which has been rather unfortunate about ————. She has dwelt so much upon it, that it must be discontinued. I say to the beloved ones here, you have given Us very great Joy in the ever increasing Self-control and Harmony and all that means for the Great Final Victory.

From the Octaves of Light — I do not mean the Ascended Masters' Octave — but the Octave of Light where so many thousands dwell who are disembodied, the Divine Director has made it possible for the following to be done. The enormous power of the attention of those who are there is fixed upon the Activity of the

Expansion of This Light, and they are being taught to see It; so on their return again into embodiment, they will carry even the memory and very vivid feeling of the "I AM Presence" of all Life. They are all being shown It! Some are in the etheric body and some in the Higher Mental Body; but all are being shown the "I AM Presence," so as to charge and retain the memory of It in their return to earth. This will bring about a vast change in the mental and feeling attitude of the world, as these individuals again re-embody; and soon it will begin, as great numbers replace those who will go out. Then, It will hasten the Great Change in the vibratory action which the Cosmic Light demands for the earth.

It is My Great Joy to introduce to you your Beloved Ascended Master, Jesus, who will give the Dictation.

BELOVED JESUS

I greet you, beloved ones, in the Name of Light, of Life, and I rejoice with you in the Expansion of your Light which is the Christ Self of you. What a pity that the whole world does not understand the two activities of Life which are the human and the Christ. The human drawn into the Christ, and then into the "I AM Presence" of all Life, is what makes the Ascended Jesus Christ. Every human being who makes the Ascension, actually becomes the Ascended Jesus Christ.

Why does mankind not understand This Activity of the Christ? I may ask a few questions and answer them. No individual in human form, can understand the Full Meaning of the Christ, until his or her attention is drawn to the "Mighty I AM," the Presence of all Life; then as the attention is called to these Correct Activities of Life, will they begin to understand.

Please take careful notice of this. Aside from the Expansion of the Light within the beloved students, the Expansion of the Light in the mental and feeling world

of mankind, is the most remarkable thing standing before Us today. You have heard the Messengers and the various Ones refer to It, but no one has comprehended but little of what this means.

These Almighty Decrees that have gone forth with such dynamic power from the Groups of America, are charging into action and expanding the Light in the mental and feeling world, which, for the sake of your comprehension, we will use the term "Universal." It is not quite that, but insofar as the mass accumulation in the mental and feeling world is concerned, It is. Yet, It does not expand outside the belt of the earth; but for your comprehension, We would call It an Universal action, for It is so far as the earth is concerned.

Oh, the joy that this is bringing, and shall We use the term "compelling" to go forth from the Octave of Light — note this carefully. Whatever Expansion takes place in the individual's Light, the Expansion of the Light in the mental and feeling world of all mankind, compels an exact Balance from the Cosmic Light, which is eventually to take Its Dominion upon the earth.

We have, in collaboration, connected with Pelleur and have achieved an amazing, perhaps you would understand it better, if I said an invention within the earth, under the operation of Pelleur; which will enable the change within the atomic structure of the earth, to keep balance or keep pace with the Onrushing Cosmic Light.

We found in the very beginning of carrying This Light, that a very Great and Powerful Balance must be held, to keep many individuals from becoming fanatical in their attention to This Great Light; for according to the intensity of the feeling of the individual, does It become extremely intense or what you would term a Balanced Activity. A Balanced Activity is the important thing in all things.

I wish to say to you, our beloved Mildred, that your

father in his many embodiments, has never known such extreme joy as that which is his today; and he will return well prepared to finish his journey early in the next embodiment. It seems to Me, I have never seen greater gratitude manifested, than he feels today, for your great devotion and interest to This Great Light and all that has been accomplished.

THE COSMIC SUN IS BEGINNING TO SHINE WITHIN EACH ONE'S HEART WHO IS HERE. USE YOUR POWER OF QUALIFICATION THAT IT CONTINUE WITH GREAT INTENSITY AND GREAT EXPANSION.

One of the things that gives Us great encouragement is, that in the three recent classes, the student body are comprehending; and are taking their stand with a very firm determination, to refuse to listen to gossip or to pass it on. It is one of the most vital things in the world. If it be true, it should be stopped! If it be not true, then it should be stopped! So, if you will all of you take that attitude and refuse to allow anyone to bring gossip or repeat it, you will find a speed of progress in your individual lives that will be transcendent; for remember, what was said to you in the Chicago Class. The nearer you approach the Goal, the greater the Speed of the Action of the Light within you and the greater guard you must hold over your world. These Great Magnificent Laws are unerring, and the energy, as you understand, will not discriminate. Don't expect it, because when energy goes forth from you, you alone are responsible for it. Of course that is Life.

I would like to try to express to you clearly, a mathematical action that you may to some degree comprehend what has been done even in one year. The general Expansion of the Light in America has really far transcended anything We could have expected. I want you to see the difference in Scotland, in England, in Switzerland.

If you saw from Our Standpoint, you would realize what is occurring. Possibly Saint Germain will try to take you out and show you from Our Octave what this means.

The Radiance around those Groups in foreign countries is amazing, witnessed from Our Height. It is coming to be like a Blazing Sun of Light in their environment. If you saw this and drew back the memory from Our Height, you would see and understand, I think, more definitely, what the Expansion of This Light means to America and the world. It would do more than any other one thing would convey, for it is a tremendous thing.

When you understand that great groups of people have come again, again and again into embodiment, you will know there are two activities which are paramount — one is the great Love to each other; and the other, the great hatred. Those whom I allowed to crucify Me, are many of them in embodiment today. Two or three times, it has been intimated to you who they were, yet that is not so important; but to know that you meet again and again, those who have opposed the Light thru the various ages is important. This time of course, they are growing much more frail in their release of power and energy than ever before; and will grow more and more so, until this embodiment will finish that activity.

Will you be astonished, if I say to you, the period it has covered? More than six hundred thousand years, approximately six hundred eighty thousand years, that those individuals have opposed This Light. I mean the same Streams of Life thru various embodiments.

The Great Ones who do carry the Light thru the ages always meet this opposition, but it will grow much less in this, than at any time thru the history of the ages; because no one has ever understood during these times in the outer world's experiences, the Powers of the "Great I AM," except Myself.

BELOVED ONES, OH, FOR THE DAY THAT YOU REALLY UNDERSTAND WHAT THOSE WORDS MEAN TO YOU. NO WORDS CAN EVER CONVEY IT. ONLY IN YOUR EXPERIENCES THRU THE CALL, THE CHARGE AND THE USE OF THOSE WORDS, CAN YOU COME TO KNOW, TO COMPREHEND THEIR INFINITE POWER.

I congratulate you who are bringing this music forth. See that you let no composition pass, which does not have the Words "I AM" at least once within it. You are not acting just for the entertainment of the world, but for its Great Blessing which is great entertainment. These melodies which have come forth, the whole world will one day sing! Entertainment which comes thru the power of praise to the Source of all Life, is the greatest entertainment known on this earth or that can ever be.

Your Beloved Saint Germain today in His Praise to Me is magnificent, yet He can do the very same things. Anything that I can do, He can do, and yet, often when We meet, He still bows before Me and I say to Him: "Saint Germain, please do not do that." Then He says to Me: "You shall always thruout Eternity have My Praise and Adoration. Why should I not bow before you, even though I have the Same Powers to use! That is My Praise to Life." It is a beautiful thing.

Today in your friendship to each other, if you who have been drawn so close in the Heart Center of His Work, could feel that same Praise to each other, Oh, for the slightest thing, how beautiful and wonderful it would be. You still do not comprehend what Praise and Blessing mean, except in a small degree; but as you continue to do it, you will find Its Expansion within you and Its Comprehension taking magnificent action.

Oh, how glorious Praise and Blessings are! Saint Germain, Myself and the Others are very grateful to you

beloved Messengers, for calling the people's attention, as often as you have recently, within the past four classes, to the fact that they may not enter into self-justification or self-pity. Oh, how great is that blessing when individuals comprehend it; because by the very activity of the human nature, that is its last hold upon the Great Forces of Life, which it has been misusing so long. Those are two ways by which it tries to hold its dominion, but when that shuts off, it sees it may no longer hold its dominion in the world of the individual. Then, the Light rushes forward very rapidly.

You are the most fortunate of beings today. I mean this.

Individuals do not realize that when they have wholly turned against the Great Light, then they have got to do something that will compensate and make a balance for that great mistake.

When individuals accuse the Messenger of being untrue or deceitful in these Dictations, it is one of the greatest crimes to be committed against the Light.

Do you understand — I know your feelings, but do you understand what that is to Us? Of course We have seen that thruout the ages, but you never get accustomed to it, you cannot. When one is so near the Freedom of the Light and then he or she lets anything whatsoever — jealousy, anger, sex or anything it may be, draw that one from the Light, can you imagine what it means to Us? If We could be unhappy, it would be Our greatest unhappiness. It is not so tragic and vital, until one is nearing the Goal, but then it becomes a terrific thing to witness.

While you may not outwardly even write or anything like that for encouragement, I would suggest that you all make the call for their restoration and Victory, which of course cannot be achieved in this embodiment; but by your very earnest sincere calls and their calls, It

might still be in the next; but they have wasted the opportunity in this embodiment and it cannot be undone now.

I draw this illustration that you may see what the world of the student body is today and always has been; only in ages past, under the old occult method, it was far more tragic than today.

Beloved ones, won't you understand that these dear beloved Messengers have had the courage of regiments? Not one of you comprehends in the slightest, the forces they have conquered, because they are not permitted to tell you; but they are the Focus for the Expansion of This Light in the world today! That responsibility would be more than any human being could bear, but since they have Self-control, they do not allow themselves to dwell on it or consider it. Still, they are the only means by which it is possible to carry on this Expansion of the Light!

The first week of the class in Chicago, would have ordinarily destroyed a dozen people, but since their momentum has gained its powerful activity, they still remain untouched and the Victory is tremendous, over what it was on their return.

I would like to bring this point vividly to your minds. If the students with the whole power of their feeling world, accepted with great joy the Reality of these Dictations — that they are Real, they would find a Freedom, a Lifting and Expansion of their own Light, I cannot tell you exactly, but it seems to Me a thousand fold. It is these little activities within the feeling world of individuals, that oftentimes postpone the great Joy, Freedom and Clearness of comprehension and application which would come so quickly.

Now then, I am going to say possibly almost a startling thing to you. With yourselves and great numbers among the student body, if you could turn instantly

in the FULL COMPREHENSION of your "I AM Presence" and admit Its Great Powers released into yourselves and your world, you could perform almost any so-called miracle known.

I hope you can feel My Intense Desire, to have you comprehend the Almighty Momentum that has been gained thus far; and in this Victory in Chicago, it has been intensified tremendously. That means to the student body all over America and the world, because their mental and feeling world is one! Ask yourselves silently this question: "Do you comprehend that in the mental and feeling world of mankind, which is one, among the student body whose attention is drawn to the "I AM Presence" how a distrustful doubtful feeling of a few, would spread into that entire feeling and mental world of mankind and usually first?

I want to tell you, beloved ones, and the beloved Messengers, that if anything had occurred, so you had not returned to Chicago at this time, you would have found that thing, that doubt, would have spread to almost every Student there. That is how the poisonous breath of doubt spreads among mankind. That is how the poisonous breath of communism has spread among the people of America, when charged by dynamic feeling. There were many of those people who understood something of the mental law and charged it into the feeling, but they have found their support gone, since the seizing of the black magicians. Still much of that momentum remains.

I am talking to you in this very particular manner today, for I want you to comprehend, if you will, this Almighty Victory over conditions; and show you why you must constantly keep up your guard, whether it seems needed or not. Call for your Invincible Protection, Comprehension and the Almighty Directing Intelligence, to cause you to do the Perfect Thing at all times;

to see what is acting and to discriminate when subversive things are said, to try to draw you out and draw you into discord and gossip. Watch that and guard against it, dear ones!

Even those who are not in the Staff, you do not realize, my dear people, because you are close to the Messengers, how the world looks upon you as an example. The whole human creation constantly looks for some example; some Ideal to follow, and if they meet disappointment in the individual, sometimes it is almost tragic in its effect.

Now, you will understand why in the classes, the Messengers have suddenly been impelled with no outer consciousness whatsoever, to take the dynamic positive attitude toward discordant and vicious individuals. It is to have released that Terrific Energy into the class room to shatter the condition. Those of the Ascended Masters in charge knew what was there and knew what was being focused there. Without that Dynamic Powerful Force, it would have gained its momentum and had its effect upon the people; but when that Power of the Light is called forth in such dynamic energy, It shatters and dissolves it all, the focus going back into its source to silence it.

Therefore, those who have sometimes set in judgment upon the Messengers, thinking they were too severe or kept this up too much, have made a great mistake. Just trust in the Wisdom of the Ascended Masters who do know these conditions and see how magnificent everything will be!

You who are close within the Heart Center of the Messengers, all know that they must have your confidence, your happy cooperation and all that gives them the support which is needed. It will not prevent their going on and holding it individually, but that should not have to be. They should give the Light and the Staff

and Students should hold the Protection of all the "I AM Activity"! We are so grateful for the magnificent manner in which It has been held; but be prompted on these various points and make it an Invincible Activity for each one of you.

We thank and bless your precious hostess and host in welcoming Us and giving Us the opportunity to establish this added Intensification of the Activity here, which one day, we trust, will be the governing activity of every home in America. Oh, to once again restore that beautiful home-life which once existed here, in those ages so long forgotten, in which such magnificent Peace, Harmony and Light reigned here in what is now your America. It must be restored again!

Your beloved Lotus is one who saw the great Cosmic Wheel turn and grind everything into Its Fineness and Perfection. As the Great Cosmic Wheel turns, It brings the return again of that Great Perfection which once was, this time thru the Power of the Individual's Understanding of the "I AM" Presence of Life which makes It eternal.

You are living in a fortunate time, comprehend the "I AM," and become It! Today, please feel Our Joy, Our Happiness in this opportunity to intensify Our Blessings to you; and to hold you closer within our Mighty Embrace of Light, that the Great River of Life may flow forth in Its Great Perfection into and thru each one. As It pours Its Mighty Radiance forth into the world, It is cleansing, purifying and holding the Glory of Its Dominion forever and wherever you move. Try to feel that! Feel your responsibility to the Great Law and allow by your Harmony Its Mighty Radiance to pour forth wherever you move, blessing your fellow-man!

May I add a word, today, that you may more fully comprehend another thing? When the Divine Director asked the Group Leaders to hold to the Outline, my

dear ones, you can scarcely comprehend what it has meant! You see the Group Leaders' Activity is to draw forth by these Mighty Decrees, this Infinite Power and Its Perfection into action. This is perhaps another point which should be understood and We will try to make it clear to the Group Leaders. The Messengers have an amazing protection which many Group Leaders do not have; and if they take up the activity of the Messengers, in calling attention to the destructive forces too much or too long, they open themselves up to them.

Today, I think it is important to hold this before the classes and the Group Leaders, so that they may comprehend and not fall into that mistake. When they see the Messengers doing these things, they feel they are rendering a service by doing it. This is not the case, but it is actually in many cases endangering themselves. So much has been covered in the classes, but all of this could not be covered at once. However, I think it is wise to call this to their attention a few times, until they more clearly begin to comprehend.

You know this is said with very great Love, but Oh, if the beloved students would read, read and re-read those books and the magazines! Those magazines are carrying a volume of Magnificent Understanding; and they should be read and read and re-read! Mention this in your Contemplation Groups, and say that it was My Wish that all the students read, read and re-read those magazines. They would find a very Great Blessing. There are now and then a few who do, but the great majority go over them once or twice, then so soon forget.

I wonder if you here, today, quite comprehend this? I shall explain it. After having studied the books and various points, those points are brought to the attention again. It is a double, sometimes a triple activity, to hold the attention upon those points, until the fulness of their meaning and Power is grasped. That is one of the rea-

sons for bringing forth the Magazine, to keep bringing those things again and again to the attention of individuals so they comprehend and utilize them more and more. When the Full Glory of the Complete Victory comes in this Understanding, then you realize what a Mighty Power your ability to receive is. Mankind must again, again, again and again be reminded!

May the Eternal Joy of the Powers of Light enfold you and charge into dynamic action in your being; giving you such Happiness, Limitless Energy, Self-control and Magnificent Release from your "I AM Presence," that It fulfills your every Requirement in the Service of the Light, with a Power and a Speed of the Blue Lightning. Feel that all to which your attention has been drawn, is of vital importance to you; and as you go over and remind yourselves of these many vital things, you will rejoice in the Glorious Eternal Victory of the Light in you.

The Other Ascended Masters join Me in conveying Their Love and Blessings, Praise and Gratitude to you for your Victory of the Light.

Thank you so much.
