

OUR COSMIC EASTER SUN

THOU Great Eternal Sun of Even Pressure!
Now flooding o'er the Earth Thy Substance
bright—
Compel Thy Peace that passeth understanding
And still all by Thy Victory and Thy Might!
Reveal to all the "Mighty I AM Presence,"

The Scepter of all Power — Freedom won!
Hold Balance by Thy Love so all-pervading,
And make us blazing till our journey's done.

Thou Great Eternal Sun of Even Pressure!
Expand thru every heart, Thy Cosmic Light!
Until Its Fulness in each one's Ascension
Has raised all unto Thy Transcendent Height!
Thou art the Mighty Scale of Cosmic Balance,
Thru Love and Light and Peace in each one's Heart,
Expand thru us until Thy Great Perfection
Reveals the Unfed Flame Thou really art!

Oh, Great Eternal Sun of Even Pressure!
From Thy Great Heart comes Justice to us all,
For only in the Light of Thy Great Presence
Can we hear the Goddess of Justice Call!
Thy Light that pours to all Its Cosmic Mercy,
Holds us in Peace and Love without alloy!
A Mantle of Thy Substance now enfolds us,
And floods to all Thy Great Eternal Joy.

Thou Great Eternal Sun of Even Pressure!
Expand the Light within our earth's own heart
And make It blaze Thy Limitless Perfection,
Now blessing every one and every part!
Charge forth Thy Mighty Miracle of Freedom;
Thy Victory give to all and hold full sway!
Command Thy Blazing Purity and Substance,
To now release Thy Mighty Secret Ray!

Thou Great Eternal Sun of Even Pressure!
Flood everywhere and blaze Thy Mighty Love —
Give unto all the Fulness of Thy Glory
And draw all unto Thy Great Heart above!
"I AM" Thy Mighty Love and Praise and Blessing
"I AM" Thy Mighty Power ruling now!
"I AM" Thy Mighty Peace and Healing Presence!
"I AM" Thy Light to which all earth must bow!
