

Beloved Precious "I AM" Students, in all "I AM" Study Groups and musical activities, please use only the Music of the Spheres; or music to which there are words in our loose-leaf songs (except Nos. 34, 49, 52).

Please do not use outer world music of any kind in your musical activities at any time, as Saint Germain and the Other Ascended Masters are giving the Music of the Spheres which They request us to use; because of Its Special Radiation for the release of the Ascended Masters' Consciousness contained within it.

We are building a permanent musical activity to release Ascended Master Healings, Ascended Master Blessings, Ascended Master Protection and Ascended Master Perfection and these can only come thru melodies which are charged with Ascended Master Feeling, and Ascended Master Words, which are Cups that carry Their Ascended Master Light-Substance into the minds and bodies of those who hear this Music of the Spheres.

We wish all our "I AM" Musical Activities to be kept uniform all over the world, so the Greatest Light and Help from the Ascended Masters' Octave can go forth everywhere, to bless all mankind until all are raised into the Ascension forever.
