

## “I AM” YOUNG AMERICA

(Excerpts from Beloved Fun Way’s Discourse given in Chicago, Ills., February 6, 1944, concerning Young America)

**Y**OUNG America, the “I AM” Ascended Master Youth of America! Take your stand **NOW**—not to grow old! I believe someone else said that to you not so long ago. Take your stand **NOW**—to remain always happy and to laugh away every problem, which would seek to cause you distress or concern. I don’t mean to become indifferent to your problems or responsibilities, not at all; but if you will take everything of discord and ask the Presence to dissolve it happily by the great humor of Life, you will take out of it, the qualities that make you fear it or struggle under its action.

Do you know why youth is always joyful and why everybody wants to retain their youth and their beauty? Because they have not yet learned to worry. They have not learned to be concerned about those things which never happen. You know that is the trouble with this world. People worry about a condition that has not happened yet, so it will happen in the future. That is the unfortunate thing. If they could only give the same attention to the Presence and the Ascended Host, there would not be any more problems.

May I ask you to call to the Beloved Eriel for whatever Assistance He can give to the Younger Generation in America, as well as wherever He chooses to work? There are so many entering the National Defense who are as yet so unfitted to meet the viciousness of the outer world; and if the “I AM” Ascended Master Youth will make the call for — notice these words — **MORE COSMIC PROTECTION TO BE GIVEN THEM**

AND ASK FOR A DISPENSATION OF THE GREAT COSMIC LAW FROM THE GREAT CENTRAL SUN, TO BE SET INTO ACTION FOR THEIR PROTECTION; then you will be raising the conditions in which they move by the Energy within those conditions; because you are a part of that younger generation.

If the "I AM" Ascended Master Youth will make the call, then the Cosmic Law can act to protect them from that onrushing slaughter; and it would also bring about a response from the "Mighty I AM Presence" and Higher Mental Body thru those Life Streams, which could do a great deal to more quickly set them free one way or the other; because in reaching up to the Ascended Masters for Assistance, the more energy there can be released to those who are concerned with the protection of the Younger generation, the more Pressure the Cosmic Light can release, to shut away that which wants to intrude or destroy them. When the call goes up from their own Life Streams, then you have fulfilled a demand of the Cosmic Law, so a certain amount of energy can come from within those Life Streams to protect them all. Then, the Cosmic Law can give the Dispensation, to shut off that which wants to destroy them. Others can give the same call as well; but if a certain number of the "I AM" Ascended Master Youth will give it, it will enable the Cosmic Law to act more quickly for their protection.
