MINUTE MEN

OUR BELOVED GUY W. BALLARD:

GREET YOU, beloved Minute Men of Saint Germain, as His Ambassador this morning, to bear to you that which He wishes you to know, for both your encouragement and your protection.

You remember when I said in Washington, D. C.: "Give me my Other Body and my Sword of Blue Flame and let me go forth and slay the destructive forces." I meant that, every word of it and still do!

America for whom I bled in those early days of her inception, is still the Jewel within My Heart and the Plan for her Freedom and her Perfection of which I was a part then, shall be fulfilled; for that Plan is Saint Germain's Victory in the System to which we belong. His Victory shall be made manifest thru America! Her Freedom must be maintained!

I say to the Minute Men of Saint Germain in America, if you will continue to call forth relentlessly, the Pressure of the Cosmic Light as of a Thousand Suns, that forever shatters the destructive forces and unshackles America from the claws of that which is not of the Light, then you shall see your reward and your earnest

efforts succeed. It is thru the business activities that the greatest pressure can come upon the sinister forces, outside of the feelings of the mass of the people who desire their Freedom from discord.

The Divine Director was the One who said: "I am depending on the American people, to awaken and take their stand in the Light." Thru the business activities, there must come the Pressure of that which shatters dishonesty in all business. You have heard the time worn statement—"Know the Truth and the Truth shall set you free." Well there must come over this land a flood of the Cosmic Light from the Great Central Sun, charged with the demand that Truth shall be revealed and all that is not of the Truth, dissolved by the Light of that which is the Truth.

No longer in business channels is there going to be permitted any success to those who lie to and deceive the people! Business like everything else, is in the crucible of the fire—the Sacred Fire—and out of it, will arise that which is to be the permanent constructive business of the future; but you will find all business that does not consider the public its partner in the future, will be non-existent.

Business in the future shall have a heart. It had none in the past and has been more or less of a robot; hence its disintegration. It had to come, because selfishness kills as surely as bullets. From now on, business that is to survive, must build some Permanent Perfection into America for the future—Oh not just for this generation, but for many generations yet to come. Individuals and groups, may claw and connive and struggle all they please, but it will do them no good; unless they lift and build the business activities of the future for the Blessing and Perfection of all Life.

The Cycle has closed in which any more of the destructive things that have been permitted in the past,

will ever survive into the future. All that seeks to destroy, has too long misused God's Life, and now you will find much of that which chooses to injure or limit some other part of Life, shall find its own desires becoming chains about it.

In normal business conditions from now on, try to remember this: you are the Minute Men of Saint Germain, and Saint Germain is Freedom to the earth! Therefore, He expects you to bear His Freedom into the business world and to carry It with you wherever you go, and that means just this: Whenever there are problems to be handled or discord seems to approach, your business is to stand serene within His Luminous Presence and Personal Ray and His Open-ended Cross of Eternal Invincible Freedom from disturbance. That means to pour upon every disturbing condition, the Cosmic Light as of a Thousand Suns, and if need be, command It to wind Itself around that which seeks to disturb or limit. **YOU CAN DO THIS NOW!** The Beloved Eriel told you, that the Cosmic Light could wind Itself around a human being or around conditions and shut off the action of that which is destructive.

You cannot adjust business conditions in this hour or any other for that matter, by argument. The Cosmic Light as of a Thousand Suns, called forth and charged by the Great Silent Watcher's Power from the Heart of the Great Great Silence, becomes a Pressure upon the feeling world of those who will not do right; but you may increase that Pressure to any extent whatsoever thru your calls.

You remember Saint Germain saying more than ten years ago, that the business men of America who would not use these Decrees to protect their business would have no business, and the great majority of them have not today; but those of you who understand This Law, are the Open Doors thru which He hopes to not only

stabilize business; but to take out of all business whatever will not serve the Plan of Perfection to Life in the future.

There is a tremendous pressure arising in the feelings of the people and it is not too healthy for the destructive forces! You cannot take out of mankind's feelings the love for Freedom, because slavery is a thing of the past! The political world might just as well understand that now! Human beings of this country and every other, are not going back into slavery at the command of benighted individuals, and conscription is slavery! Any kind of conscription is slavery! The time of the Cæsars is past! The time of the dictators is past! They are dying hard, nevertheless REMOVE THEMSELVES from the earth, they must!

Wherever you go it is My Desire, if you will give Me your call, to provide around you an Individual Focus of this Cosmic Light-Substance as of a Thousand Suns and the Pressure from the Great Silent Watcher! Send that ahead of you every morning into your business activities and command Oceans of the Flame of Eternal Invincible Victory from Beloved Victory's Heart, to charge into every bit of energy you contact that day. After all, you are each one a stream of Life's Light, not shadow; and as you command the energy in, thru and around you to be charged and become the Cosmic Light-Substance as of a Thousand Suns with a Pressure of the Great Silent Watcher to expand It without limit, you will find that Power will go before you and prepare the way; and you will never again experience one discordant thing in your business association, if you will send this Power before you. All the business activities on the earth who have misused the energy of Life cannot stand before the call to the Silent Watcher.

In your business activities of the future, you must use the Authority of your own Life Stream in the Power

of the Cosmic Light. You must exert and release your own Authority of Life! To charge into your business activities and the atmosphere about you, Oceans of the Flame of all the Miracles and Authority from the Great Central Sun and command them to take possession before you arrive, will make your pathway each day easier and easier. No one can use your Authority for you! You alone are the authority over your energy each day.

Then, send that before you! Call forth an OCEAN of It, for your Presence is not limited in any way! You can have all there is each moment and the next moment there is more you can use. Flood your business activities with all the Miracles and Authority from the Great Central Sun, to expand the Divine Plan by Light without limit! Give your time and attention thru dynamic positive calls before you enter into the day's activities, if it is only for five minutes! Take your authority and say: IN THE NAME OF MY "MIGHTY I AM PRESENCE," EVERYTHING I TOUCH THIS DAY SHALL BE AN OCEAN OF PERFECTION AND SUCCESS OF THE COSMIC LIGHT AND THE POWER FROM THE GREAT GREAT SILENCE, WITHOUT LIMIT!

This is the Pressure we must have thru business channels, if We are to bring about the correction of conditions which are causing such frightful discord! To go on adjusting problem after problem, day after day, in the business world, is not permanent freedom; and it is not building the Perfection of the Incoming Golden Age! It is not the Perfection of your Life which you ought to release.

Your own authority of Life, thru your conscious command and use of the Words "I AM," is the corner stone of constructive business in America in the future. We must have that, if the structure of American business is to become permanent.

Now is the time to take your authority in the busi-

ness world, not by argument, not by a fighty feeling of injustice; but by the calm Authority and Power of the Light of your own Life Stream and those Dispensations from the Great Central Sun, which will give you Light and Power from the Heart of the Great Silence without limit.

You will find that the Power of the Cosmic Light called forth, and charged with a Pressure from the Silent Watcher, will silently accomplish wonders! The people in America are just beginning to take their stand and express themselves upon the Rights of Free American citizens; but it should have been done ten years ago. I ask you to watch, today, the personal fortunes and the business conditions of those who have been ready to sell the Freedom of the American people to the war beasts and the money beasts, for a little extra profit to themselves, and see where they are this hour! Too many have been ready to make a deal to save their own fortunes and now they have none; because the claw of the beast which has been ready to sacrifice the Free Rights of the People, is just as ready to take the extra profit away from the ones who have sold those Rights and it has been done thousands of times!

FROM NOW ON, THOSE WHO WANT THEIR PERSONAL FORTUNES PROTECTED, MUST PROTECT THE FORTUNES OF ALL! Those who were ready to sell America into destruction, have sold their own Freedom as well as that of others; for it is no longer possible, precious ones, to deal for this, and deal for that, and deal for something else for any personal ends, mark My words this morning! That cycle is closed and in its place, there shall come an Ocean of the Flame of Eternal Invincible Truth and Illumination, from the Heart of the Great Central Sun; for it will not be possible to cover up deals that will not bear the Light

of day before the eyes of men. Destructive forces do not like to hear that, but it is the Truth nevertheless!

It is My Desire as soon as possible, to bring into America many beautiful magnificent activities; for the great joy and Freedom, for the Purification and the upliftment of the people everywhere; but I can only do that thru those who understand This Law; or thru those into whose mental and feeling world, the Light is expanded with pressure enough, to bring them into This "I AM" Activity in the near future.

There are certain ones in the outer business activities, who know very well This Law is true; but because of the work with which they are connected, for the time being, it is best they first do certain things in the outer, to guard America's safety. There are certain ones who need your protection, for they have stood against the brunt of frightful viciousness; and yet, they don't know This Law. Of course they have received that protection from Saint Germain, Myself and many Others of the Ascended Masters; otherwise they would never have survived.

Men like MacArthur, Dies, Dewey, Ford and many others are entitled to your protection! Call about them the Invincible Guard of the Ascended Masters' Wall of Blue Flame as of a Thousand Suns; and the Cosmic Light of a Thousand Suns that nothing may succeed against them, if it be destructive! Most of them in their hearts know the Action of This Law to some degree; and are doing the best they can in the channels in which they are working at the present time; but you will see a world-flood of This Activity taking place, because It must come!

As you call forth—Light the minds of men; Light the bodies of men; Light the feelings of men; Light the atmosphere of men; Light the worlds of men and Light the ways of men; you will see the Light answer you; for It comes instantly at your call. You may not see It with

your physical sight, but you will feel It long before you see It, and all mankind's feeling world is ONE.

There are many of those in channels of public life who know very well that something more than mankind have had in the past must come, if the Constructive Way of Life is to be maintained in America; and I say to you again as Others have said before: if it is not protected and maintained in America, there will be none on earth. The only possible means of saving this world is to hold This Light's Authority in America: Her Constitutional Form of government and the Rights of Free men, the Authority over the outer activities here.

Go on with your calls to the Mighty Elohim of Eternal Invincible Purity; because the more Purity you have in your own minds, bodies and feeling world, the more Cosmic Light can be released into the world around you; for that pressure is balanced. As the individual calls forth more, then the Cosmic Law will release more of Its Pressure upon the earth, and into its atmosphere; but if individuals will not let It expand thru themselves, then the Cosmic Law does not permit a certain charge of It into the atmosphere.

So, the same Cosmic Light is needed to handle the condition of the outer world, that must be used, balanced and held by the call for the expansion of the Light within the individual. That is the reason why, recently, you have been hearing this Messenger call for the expansion of the Insatiable Love of the Light thru every human heart. Keep that up! Charge mankind with such Love of the Light that they will no longer tolerate the darkness; for when that feeling is strong enough, you will find it becomes the Pressure that repels destructive conditions! Then It allows the Authority from the Presence to move into outer action and hold control.

The currents at the Inner level have been reversed some time ago in favor of the Light, but there is still

much viciousness in the outer world which will seek to spend itself, before its momentum is stopped and that substance removed to the compound. Watch out that you do not battle destructive conditions with more destructively qualified feeling, which is more energy! Rather pour your Light upon them and exert your masterful control of the situation by the Power of Silence and Light; and form that impassable wall against which those destructive forces know they cannot stand. When your Light grows brighter in the atmosphere about you, destructive forces know that and they see It. The brighter that grows the less they care to approach you.

I think it would be very well for the business men of America, to call to the Goddess of Light. She is quite as much interested in business as you are! You would be surprised, for She is a very good business woman with Her Sword of Blue Flame. Remember, She drew tremendous Pressure of Light in that experience thru which She passed, and She is concerned with the protection of constructive business in North America; because of the inroads of destructive activities into South and Central America, She sometime ago asked for all to call for the protection of Her Beloved South America, in which also the Beloved Nada is interested; and since Nada is Meru's Messenger, those Three have very definite Activities and concern with South America. So, whenever you think of the correction of conditions in the United States of America, be sure you expand those consciously in your mental pictures to Central and South America and Canada, as well as the United States of America.

Just now, there are some magnificent business opportunities just before the American people. As much of the old has been swept out, so will it be replaced by that which is a thousand percent better in every way; and mark My Words today, the control of all profits is not going to be in the hands of just a few; because anyone

whose selfishness is so great, as to want to put out of existence the small business activities in order to operate and govern the whole by a few, will find that the very selfishness within that motive and desire will act like a wall of impassable steel, to prevent the fulfillment of their own plans.

Individual effort along individual lines under the direction of the "Mighty I AM Presence" of each Life Stream, is the Law and the Freedom of Life; and is the Law and the Freedom of America's Constitution! It is the Law and the Freedom of Self-expression which fulfills Life's Divine Plan and not all on earth can change It.

Mass dealing is a thing of the past. Each individual must make his own decision, stand upon that which he knows to be right, and call the "I AM Presence" into action to fulfill Its Divine Plan thru him; for when groups are working together, those who take the responsibility of the welfare of the group, will either be honest or not remain in that position of responsibility.

Only that which is honest can survive and the business world is going to have to learn that one way or another. They can learn it harmoniously thru This Instruction if they would, but if they won't learn it that way, then they will learn it thru discordant experiences that are very expensive.

There are such magnificent opportunities before every one of you business men—before every one of the Minute Men of Saint Germain. Please guard your feelings now and don't accept that after the war in your particular line of business, there will not be anything to do; or allow your feelings to be swept into a mass depression. Don't do that! Take your stand now and build your Wall of Protection. Know that your business is the business of the "Mighty I AM Presence" and the Ascended Masters.

The Ascended Masters have much to give the outer

world business activities for the beautifying and the Perfection which must come forth in the home lives of the American people; in the commercial activities; and in governmental and spiritual channels. Those four avenues can have the most magnificent beauty, Perfection and happiness released, if people will take their authority, thru their own "Mighty I AM Presence" and use It to command the fulfillment of the Divine Plan; but remember no Divine Plan contains within It selfish motives nor deceitful ones. Deceit is a thing of the past! Business activities of the future can no longer hide their motives, any more than they can take the Sun out of the heavens.

There is One Law of the Future Cycle and that is the Truth and the Power of Light, upon which Freedom can be held for the people and the Victory of the Ascension attained.

If someone comes to you irritated and angry, you cannot get Divine Justice by battling that irritation and anger; nor by adding to the whirlwind that is already spinning around the individual. You who know This Law, must suddenly pour upon such a condition a flash of Light which will begin to quiet it down and that must come thru your feelings. Guard your own feelings! Keep calm and self-controlled and you will be the Master Presence of Light which will dissolve the fog, the whirlwind that is spinning around every individual, when the feelings become disturbed.

That is why in any disturbed feeling, especially when an argument takes place, nobody gets anywhere and you have nothing but destruction as a result. You cannot solve anything in argument, because the feelings of both sides are repelling what is being spoken; and sometimes their ears do not even hear in argument. There is nothing but a cyclone of destructive force that results.

Sometimes it is not easy to be perfectly calm and silent when someone else is pouring upon you a feeling

of blame, criticism and condemnation because something has gone wrong; but if you will stand perfectly still and keep calling the Light in, you will keep that destructive force from affecting your finances, your health or your affairs; and you will stay insulated in your Tube of Light and the whirlwind will pass you by and go back to its source. It is a great deal easier from the human side to answer back, and as the expression goes—"get it off your chest," but you never do get it off your chest.

Whenever the desire comes to say something which is a battle against Life, you will find it will return to you; and some day, you will just have to take care of that energy, purify it and send it out again, qualified with Perfection. Now this is your strongest guard, outside of your own individual calls for your Tube of Light; calling forth your continued use of the Violet Consuming Flame and Oceans of Purity around you. Hold on to your feelings and please try to understand what takes place in your emotional body; because I tell you as this good Messenger has said repeatedly, human beings do not yet know what happens in their feelings. the moment something displeases them.

I want to say this for your protection also. Will you try as best you can, not to allow yourselves to get into a tension. I know sometimes things press very heavily upon you, and other people are sometimes hurrying you; but try not to let the sense of pressure or hurry get in; because it throws the muscles and nerves of the body into a tightness or a tension before you know it; the next thing it builds; and you find that you have shut out the Light which would have done the thing very easily, without any physical strain upon you.

So try to just pour the Light, like oil upon troubled waters, upon everything that seems to be a problem of discord; and may I remind you, that you do not run out of practice in the conditions in the outer world. Every

moment in the outer activities of business, you have a very good opportunity to keep practicing the Expansion of your own Light. It does not make any difference whether you are walking on the street, thinking about your business or wherever you move, you can continue the practice of expanding the Light around your body and thru your atmosphere.

This is the thing which I feel will give you a very great release. As you take the definite stand to charge your own radiation, your own atmosphere and the physical world around you with Oceans of the Flame of Eternal Invincible Purity from the Heart of the Mighty Elohim of Purity, and the Flame of Eternal Invincible Peace from the Mighty Elohim of Peace, expanded by Light without limit; just think, precious ones, what it means!

Beloved Minute Men of Saint Germain, think and feel what it means to Him and to Us, when you charge around your physical body, Oceans of the Flame of Eternal Invincible Peace from the Heart of the Mighty Elohim of Peace and expand It by Light or the Sacred Fire, without limit! Don't you see, in addition to your Tube of Light, this gives you an Increasing Sea of Flame which begins to set at ease, the feelings of those who come into your atmosphere or associate with you. Then, you are always the Peace-producing Presence. You put other people's feelings at rest and help them to hold Peace.

This is the Peace I want you to become in the outer world; because many times people decide to do something discordant to you, but when they approach you physically, if there is this Great Ocean of Flame around you—charged with the Power of Peace, when they enter your atmosphere, their feelings just don't want to do what they had planned. It changes their minds for them harmoniously; and does not bring any reaction upon you—except Greater Peace.

There are many many people who used to want to come into my aura and tell me what they thought about me; and sometimes, when I smiled and was kindly, they were not able to get it out of their systems. You may do the same thing too. I did it before My Ascension! You may do it before yours, and the more you do it, the more Power We can release of the Cosmic Light, with a Pressure in America that shuts off the action of the sinister forces thru every channel.

Those of you who were here in this room the Saturday before Christmas when the Mighty Elohim of Peace began to flood His Love and Peace from His Heart to you, surely felt His Love and His Peace. That Great Being who governs Peace to the earth, is soon to take His place in the authority of the outer world,—thank God, once again! This time may the earth become His Kingdom and Octave of Eternal Invincible Peace!

The more Peace you maintain in your feelings, the more Cosmic Light We can give America and the less destruction there will be to your loved ones. The more you can flood America with His Oceans of the Flame of Eternal Invincible Peace, the less energy will the destructive forces have to sustain them longer; because the feelings of the people, precious ones, are weary with the hatred that has been driven against them and they have been commanded to release against Life.

I am going to say something, which I want you to watch closely. The sinister forces think they have a military machine that they can make do their insignificant will, but I tell you they have not. The feelings in the people themselves within those channels don't agree with their plan; and the feelings in the mass of mankind against the injustice of being made to do destructive things, is a far greater quantity of energy than the hypnotic domination of a few insane individuals who think they are

the authority over this world. I hope they get that this morning!

The military machine that they think under their brow-beating tactics is to carry out their destruction against the mass of mankind, they will find is a mass of energy greater than they can manage, so turn it back upon them. Turn back into the brains and bodies of the war beasts and the money beasts their own selfishness; and the recoil of their own accumulated discord which they have released will be all that is required to complete the balancing of the Law.

Beloved precious Minute Men of America, Minute Men of Saint Germain—He who is Freedom to the earth; He who gave Freedom to America and He who has guarded America's Freedom thru the centuries, still stands above, the Master Authority and Victory of Freedom for America. BE His Authority as the Open Ended Cross of Eternal Invincible Freedom! BE the Power of Light wherever you move! Fear nobody and no thing! Give your Presence full and unconditional authority thru you by the Power of Its Light! Command Its Divine Plan fulfilled! Flood around yourselves, the Oceans of Flame from the Hearts of the Elohim of Eternal Invincible Purity and the Elohim of Eternal Invincible Peace; and move forward an Ocean of His Flame of Eternal Invincible Freedom for all Life! Bind only the human creations, feelings, desires and qualities, but not persons; and you will be free by your very obedience and desire to do that!

Your Freedom, precious ones, means the Freedom of America! Your Freedom is His Gift to America, thru you! America's Freedom is His Gift of Freedom to the earth and He has to be recognized, acknowledged and accepted, before the Life Streams of this world will be free!

Listen not to any silly nonsense that the people do

not need the Ascended Masters, for they have had plenty of time to ignore Them in the past and that is why they are in the destruction of today. You can call to your own God Presence and always do so first, but there is not a human being on this planet who can gain Freedom today, without calling to the Ascended Masters! Let no unascended being tell you anything to the contrary or accept anything else in your feeling world! It is colossal arrogance and conceit in unascended beings, to think they are so self-sufficient, that they do not need the Radiation from Beings who are Greater and Purer than themselves! That is what is the matter with mankind! They have had their fling at ignoring the Presence and ignoring the Assistance of Divine Beings!

Look at your world today! God did not make the world like this; the Ascended Masters did not make it like this; then mankind certainly need something that is different from what the world has today, if they are to change it into something better. If the God in them were all that were required, they would not be in this condition! So their acts speak louder than their words!

The individual who will sit like a child at the feet of the "Mighty I AM Presence" and the Ascended Masters, will have help! No Ascended Being wants you to ever put the Ascended Masters before your own Presence. Your "Mighty I AM Presence" comes first, but your Presence needs the Assistance of the Ascended Masters, Whose Love helps to dissolve your human discord; because They have passed this way and know what those limitations mean.

Precious ones, will you persistently make your calls for the annihilation in all American business of all that denies the Authority of the "Mighty I AM Presence" and the Ascended Host, as the Wisdom and Power of Light which fulfills the Divine Plan? I tell you Nature herself will no longer allow her Gifts to be released to

those who deny the Source and Authority of the Light which creates those Gifts.

So upon you devolves the responsibility of putting a heart into America's business; for all constructive business in America is a Heart of Light, thru which the Ascended Ones can expand the Blessings of Life, to harmonize the feeling world of the people and bring about better living conditions and hold the balance; and to bring the supply that frees mankind from such frightful struggle.

It is the most appalling insult to Life, that human beings, who have the Unfed Flame in their hearts, have to struggle day after day, year in and year out, and lifetime after lifetime in the world of physical things; just because they won't use the Authority of their own "Mighty I AM Presence" and the Power of the Ascended Masters, to command the release of the Light that never struggles and is all Authority, all Supply and all Perfection to all forever!

I want you to feel this morning, the Authority of your own Life Stream! I want you to command the Light to release without limit, until everything in your world is flooded with beauty, with supply, with the expansion of every constructive desire of your heart! Then go forth and build America and build within America, the things that must be brought forth here to serve the incoming Life Streams.

Our Land is the Gift of God! It contains the Beauty of God! All Perfection belongs within America! It is to be the home of countless generations yet to come! Should it be a land of dirt and disorder, poverty and degradation? Should there be such filth in these big cities, when Life contains the power to cleanse? Should this be what we offer to welcome the incoming Life Streams that are to be the builders of the future? Is that what we are to offer to Life when we have enjoyed

America's Freedom; after our countless centuries of the use of Life's Energy, Substance and Intelligence? Is this what we give back to Life, when Life has given us energy clean, pure and harmonious from the beginning?

I want to convey to you for a moment what we can do. When that energy comes into your body and pours forth thru you, It is like water, crystal clear and you are supposed to color It by your choice of qualities to produce special qualities of Perfection. You accepted that responsibility of your own free will! Because of the specific requirements in something you are doing, it is up to you to place the color upon your energy which produces Beauty, perfection of form and happiness; and to expand Perfection in the outer world. Whatever you place upon that energy is your responsibility! Selfishness makes it brown. Depression makes it grey. Anger makes it red. Hate makes it black. It does not come to you that way! Therefore, you will be in the crucible of the fire of the outer world's activities, until you take all energy that you contact and purify it; and either bring it back into its clear pure state; or qualify it to hold a special color of beauty and Perfection; and then offer it back to Life with something more than Life gave to you. You accepted that responsibility, when you took on a physical body and you cannot hold yourselves guiltless in the fulfillment of your own Divine Plan!

So this world is just a Great Ocean of Life within which all move; and by your own Authority and the use of the Fire Element you may make everything beautiful, opulent and happy by your authority and commands to Life; or you may move in the colors and qualities of unfortunate individuals and become a part of the outer world's distress.

I, in My Ascended State, never forget my desire to set all free from poverty forever! It is My opportunity to help every one of you and I shall not stop, until I

have fulfilled My Own Words, and have disposed of all destructive forces! The Goddess of Light made a similar agreement with Life that She would never stop, until every destructive force was removed from the earth. You don't realize, precious ones, when an individual has been thru such terrific experiences as She went thru, what the feeling and determination is, to stop that same thing against the rest of Life! She will never stop, until everything has become Life's Purity and Perfection; neither will your Blessed Saint Germain; neither will many Others who have passed this way and been thru the fire of human suffering; and who, using their own Authority of Life, have received and attained the Victory. You may—all MUST some day!

So just remember, whatever has to be faced is to be dissolved by YOUR Authority; and do not yield that for one second to any human quality inside or outside of you! Then, you will be Victorious and Absolutely Free! You SHALL bring forth the magnificent business activities in America which are to serve her people with magnificent convenience, beauty and Perfection; and help those Life Streams who come here in the future, to attain their Ascension on a Pathway of Light and Freedom, and no longer remember such a thing could be, as distress. We want to remove all distress from this world forever, and with your authority, your assistance and your application WE WILL!

So blessed Minute Men of Saint Germain, Who stands closer than you dream, He will never forget you, if you do not forget Him! You bear His Name! Therefore, whatever you do He is aware of; for His Name is His Consciousness and holds within It all who accept Him. He is aware in His Feeling World, of your struggles and all your authority. He depends upon you to help give America her Freedom. So go forth tomorrow morning, with an inflexible command that everywhere

you move, His Ascended Master Eternal Invincible Freedom shall blaze thru you to all Life; and all Life you contact shall bless Him, who is all Freedom unto the Ascension.

You are the most privileged people on earth, to be able to use This Law to save your country harmoniously and permanently; and she cannot be saved by the killing of physical bodies. It was never done yet and never will be! Your Life qualified with His Ascended Master Consciousness of Freedom is America's Freedom and America's Freedom is the Freedom of the world! Expand your Light and your Freedom at your own conscious command without limit, and help Him to free America and release the Cosmic Light which is Eternal Invincible Peace!

This morning as this Radiance goes forth, may It flood to all those precious ones in the National Defense! May It cover America with the Cosmic Light which is Strength and Protection to the constructive and shuts off the action of the shadows from those who are destructive, or rather whose creation is destructive! It holds a Wall of Light around every destructive force until it is stilled, dissolved and consumed forever!

I shall stand by you and I trust with your acceptance to blaze thru you, whenever you call, whatever will assist Saint Germain in the most powerful way to set America free; because here He drew forth the Light! Here must abide the Unfed Flame! Here He ruled centuries ago with the Precious Archangel Michael! Here abides the Goddess of Justice and the Angel Deva of the Jade Temple! In America abides the Goddess of Purity! Here abide many of the Great Ones of Light over America, over Chicago, and They are your Friends of the Light! They will pour the Light so long as you face the Light and command Freedom for America and all mankind!

May the Cosmic Light of a Thousand Suns, take Its Dominion thru you and your own Light expand with

such Power, that It illumines everything you contact and draws to you all that is your own; so you may give Light without Limit to America for her Freedom and the Victory of the Light in all.

My Sword of Blue Flame shall ever be at your service, when you call and I am not limited in any way. Call upon Me for I have Powers now that you dream not of. Call for My Sword of Blue Flame into all your business activities; and gentlemen, I will be there to assist you!

I thank you and love you and bring you Saint Germain's Love, Blessings and Greetings to enfold you! I ask you to bear His Freedom, His Love to others in the business world; for the Freedom of all business, serving America and holding her people in the Light, until He comes in the Tangible Body!

I thank you.

GEMS OF LIGHT

SAINT GERMAIN

Don't you see that you cannot dismiss, you cannot dissolve your human qualities without firm determination; and you cannot achieve anything without firm determination. When you put that firm determination into a thing, it is a positive force in your Life, feeding into it for its accomplishment. That is how a thing cannot fail in the acknowledgment of any given objective. It cannot fail, if you will take that firm determined stand, actually calling the Powers of the Presence to come forth into action. How could it fail?
