

THE ELOHIM OF PEACE'S DISCOURSE

CHICAGO, ILLINOIS

MARCH 19, 1944

Afternoon

BELOVED people of the Light, you who are the Open Doors to the Peace which I wish to give to the world, **KNOW** that you have become a Flame from My Heart! Never again accept that you are separate from Me! My Heart is a Furnace of Peace—Peace that words will never convey; for the Flame of My Peace is the **POWER** of Peace that stills all else forever!

If you wish to become a River or an Ocean of My Peace, so shall it be; for I give without limit, and “**I AM**” the Limitless Peace of Creation! I know not, I feel not the vibratory action of your world; for “**I AM**” the Flame of that Peace which raises all into My Love; and My Power shall be yours to wield at a moment’s notice, if you will accustom yourselves to suddenly feel My Peace, and if you will give Me recognition.

As I still the atmosphere about each one, in order to pour into the structure of the earth, the Flame of Eternal Invincible Peace to the world forever, I can still all vibratory action in your mental and feeling world that is not My Peace, if you will not doubt Me.

The Flame of Love from My Heart is gold! The outer Radiance is pink, and as I speak These Words into the ethers, I command them to take the Authority over every rate of vibration in this world that is less than “**I AM.**” **THE ACTION OF THE FIRE ELEMENT WHEN QUALIFIED WITH PEACE IS POWER UNLIMITED.** You shall have My Peace as a Garment about you! You shall feel My Peace whenever you turn your attention to Me. You may **BE** My Peace, if you

will, to every living thing with the Power, the Command that even the waves obey!

Few on this earth ever know what My Peace is and what It means to the earth! Few actually realize what Peace can truly do. The hearts of the people are calling for My Peace, but they do not know Me! The Flame knows Me yes, but the feelings of the people do not know Me; because if they did, they would let Me come into their feeling world and abide there with them, and hold Peace in the outer activities of mankind forever.

It is My Hope, that you may know Me as I know that which is greater than Myself. Mankind in the outer Life has so long forgotten the Beauty and the Peace from when they came, and to which they are yet heirs; but if you will let Me come into your feeling world often, thru your conscious recognition of Me, I can do everything to fill you and your world with Peace; and thru you, I can give Peace to all you contact; for It must come in the heart of America, if it is to come anywhere in the world.

Oh, that I might show Myself to you in the Fulness of My Glory, and well could you believe Me when I say, I have but to gaze upon a condition and raise My Hand and Peace is planted there forever! Those who are passing thru the crucible of the outer world's experiences and are attaining the Ascension, know something of the Peace that I wish to give to the world thru you; but there must come the conscious understanding of the Law, the conscious call from the feelings of the people who understand This Law, if all of My Power is to flood the earth quickly.

You do not yet realize what power you have within your conscious command, if you will but use it. When the Beloved Master Jesus said to the waves: "Peace be still" the waves obeyed and all energy became charged with Peace! He was not Ascended at that time! You

may have that same Power to wield, if you will FEEL Me often; and today, I am asking you to call forth My Eternal Invincible Power of Peace; for that is a Pressure which poured forth thru the Flame, shuts off every other vibratory action as it approaches. It is This which I wish to anchor within your feeling world!

When you feel Me, will you call forth My Power to give Peace to all Life quickly? You touched a fragment of My Love the Saturday before Christmas! I have stood pouring to this class several times since! I will come every time you call Me, for others outside of the desire in their feeling to be free from suffering, do not call Me! Therefore, I feel very close to you, thru whom has come the call to the Heart of Creation for Mercy to the earth, for Purity to the earth; and for Peace to the earth!

You do not realize how greatly We love your Beloved Saint Germain, your Beloved Godfré and the Beloved Jesus; but if you all would only call to Me, I could give you what words can never convey! So, today, I trust I can make you feel the Intense Power in the Love of My Heart and the Power of the Peace that heals all things.

May you wear My Mantle of Peace! May you be My Ambassadors of Peace! May you reach your hand to Me many times and I will hold your hands and we shall pour Peace, Peace, Peace—the Power of Peace to stop every vibratory action that is not of the Light. If you will walk the earth with Me hand in hand, We shall visit the wounded! We shall visit the distressed! We shall pour our Peace and with a Love that knows no opposite, We shall spread the Flame of My Power and My Radiance to heal, to bless, to prosper and to set free!

With your determination and your call, we can free the world and all upon it from that which is not My Peace forever! When you have pain in your body, will you command it out, and call to Me that I may establish

Eternal Invincible Peace in its place? When you know others are in pain, will you command their pain out and call to Me to establish Eternal Invincible Peace in its place? Will you love Life enough to give it My Peace? My Peace is innate really within all Life, but that which has been imposed thru discord upon the feeling world of mankind, makes it imperative for Me to withdraw, until "I AM" called forth again consciously.

If you will call to Me to release the Flame from My Heart into all that needs adjusting, as We continue, if you so desire, We can remove pain from mankind forever. As this Messenger has determined with the Beloved Godfré to remove poverty from the earth, so am I determined to remove pain; but I must have your call and you must be like Myself—Eternal Invincible Peace to all!

May the Great Pillar of the Flame of Ever-lasting Peace anchoring within the structure of the earth itself, pour forth Its expanding Power and wave after wave of My Peace, shall pass thru at your call, until the pressure comes to the point where all else ceases to be.

Oh, that I might release the earth from this which weighs so heavily upon Life, not only human life, but weighs heavily upon the life of the planet itself and upon the Powers of Nature that bless the planet. When mankind become discordant, all life pays the penalty. I would so gladly lift that from the world, if just enough would call unto Me.

Think you as One of the Builders, that "I AM" not interested in the Peace of the world? Has it not been part of My Handiwork to create a planet! Has it not been the Gift of the Flame of My Life that it may live to praise Life! We have watched for many centuries, hoping to find those yet unascended thru whom We could give the Qualities and the Flame, which would anchor more Power of Peace thru mankind themselves; and in that way they could have avoided this present

outer world action; but since that did not occur, then "I AM" grateful for this opportunity.

Will you just feel like an Ocean of Golden Flame that glistens like burnished gold—gold and a Substance like quick-silver, except that it is gold, flooding your bodies and the room today! May you absorb that and every particle of irritation be changed into My Eternal Invincible Peace! LET Me build this Liquid Gold into your bodies as the Essence of My Peace, that you may maintain Peace in your feeling world, regardless of what is around you.

This may sound peculiar to you, but if you will love Me, it will enable Me to give to the world My Peace, which they will not accept unless you do! They talk Peace from their lips and in their feelings they drive Me away. You who have stood for steadfastness to the Light, you who have been so true and so loyal to Saint Germain and these Blessed Messengers, you cannot quite comprehend how much I love you and how much I love to come today!

I can give you what no one else to this System of Worlds does give, because it is My Divine Prerogative—not that They do not have this Quality, because They do, but this is My Responsibility to Life, to you and the world. Therefore, won't you LET Me give you the Peace which will hold the Balance in the outer world's activities, until We can clear away the shadows far enough, to let all feel and know My Presence and My Love as you do.

I want every one of you to call forth the Power as our Beloved Brother Jesus did, when He said to the waves: "Peace be still"! He spoke to the energy within the water element. You may do the same thing to the feelings of mankind, because it is the water element that is the substance of the emotional bodies of the people. Therefore, if you will use His same Words to any feeling

that is disturbing and say: "Peace be still," then invite Me to hold command, I am sure you will be eternally grateful!

Will you use My Power to still pain in others, with the command, that when My Peace takes the place of that pain, My Illumination is automatically acting? With My Peace comes Power and Illumination to the mind; and one day, thru the Flame from My Heart, there will flood the Peace and Light which will make the Flame in your heart, the Flame in your head and the Flame in your throat ONE FLAME. Then, you will never know anything but Peace thereafter.

For a few moments, will you feel your bodies, as if they were empty cups, being filled with My Liquid Light—that Golden Liquid Sparkling Substance, the Essence of My Peace! Will you receive Me? Will you LET It in this afternoon? I will not give you anything but Peace. I may not intrude on your free will. May you be able to accept Me and the Essence I offer.

S I L E N C E

Will you feel the Great Pillar of Flame anchored within the structure of the earth and from It pouring forth this Golden Liquid over your city! Into the atmosphere of the planet, at your call, I will pour the Flame and the Essence, and if you so choose, the Miracles of My Peace! May you begin to call that forth, until Its Increasing Pressure shuts off the action, and as it were, puts to sleep every destructive quality, until it can be removed from the earth, dissolved and consumed—and My Peace take its place forever!

Will you see Me as this Messenger has described to you—the Light would seem as blazing as the noon-day Sun in dazzling gold; and the Furnace of My Heart pouring to you the Peace which is all that you could ever

desire? If I were to withdraw completely the Essence of My Life Stream from this planet, do you know what would occur? Complete disintegration. Therefore, "I AM" rather necessary to the maintenance of a world! "I AM" necessary to the accomplishment of every constructive effort and plan; and yet most people don't know that I exist and give them My Life.

Your Beloved Goddess of Peace has been symbolized more often than Myself; and it is well that some recognition has been given to Her. She furnishes the Substance that enters into your emotional body and stops like that (motion of the hand) the vortices of destructive qualities that cause your pain; but the Flame and the Substance of Peace must be allowed to expand thru a physical form to bless the earth, in order to fulfill the Divine Plan; and when it comes to conditions affecting the Nation and the whole world, then I must be called into action or mankind have to handle the recoil of the causes they have sent forth!

It is a miracle that there is as much Peace in your land as there is this hour, when you know the motive and the plans that have been devised to destroy it; but since My Feet have touched the earth once again thru the Love of unascended beings, for I have been called into the outer action, then may the Flame I plant here this hour, spread Its Substance and continue to expand this Power, until It compels Peace thruout the world forever.

Be at peace in regard to the suggestions that are being driven against you as a Nation, that later on there will be another war. There will be no such thing, for "I AM" moving in to take My Dominion thruout the earth, if I have your continued calls and cooperation, for millions more will join you before we are thru. The Cosmic Law does not permit Me to intrude, but when a certain proportion of mankind have persistently assured

Life that they love Me and want My Presence, then “I AM” there; and My Love, My Power, My Light and My Peace, shall surround them and assist them, until they become My Perfection!

If there be pain or distress within your bodies, just make the call and the Flame of My Peace shall enter into your hearts and expand to the affected part and be sustained until Peace is Eternal—if you will remember Me. Give My Peace to every atom of your Beings! Give My Peace to all you contact! Give My Peace to Life and let Me have an Open Door thru which to act.

Say often to disturbed feelings or conditions, and if need be silently to individuals, as the Master Jesus did: “In the Name of the Mighty Elohim of Peace, I command ‘Peace! Be still’ ”! My Name you will find is very powerful! My Name is the Vibratory Action of My Life Stream and contains My Unlimited Peace that surpasseth the understanding of the mind; for in the unascended state, unless your Higher Mental Body had completely enfolded you, you cannot possibly comprehend the Peace in My Feelings; the Peace in My Love; the Peace in My Power; the Peace in My Light, for My Peace does emit Light. My Love radiates Light and My Power radiates Light.

May My Peace in you become so great, that your Peace becomes the Light of My Life and My Peace pours thru you to all. May I flood all your activities today with the Essence of My Peace; and will you command that naught shall interrupt that Peace, until It has been held long enough for your lavish abundance, for which you have called, to reach you?

Peace is also supply, for “I AM” a Magnet for every good thing in the Universe; and thru My Peace can come all gifts and all wealth from your Presence and the Octaves of Light above this world, as well as from the physical structure of the earth itself.

Experiment if you will, in calling My Peace thru yourselves to bless the Forces of the Elements and see how much They will love you! All Life thru the feelings, knows that its home is within My Heart, for all Life wants Peace and knows it has a right to Peace. So, if you will use your authority and call My Peace into the outer conditions, I think you will be greatly delighted at the greater control which you will have over the forces of the outer world.

People cannot think clearly without My Peace and today, the world needs to think more clearly than ever before. Say silently to your outer self before you start to speak: "Peace be still! I do forever the Divine Will!" You can apply this to your speech, to your feelings, to your affairs; and silently of course to individuals who may be disturbed.

This Messenger a long time ago used a phrase thru which I reached many, altho she did not know it. When disturbance came in and she suddenly would silently say: "Silence! Peace! and Obedience! to the 'I AM'," it enabled many times a Light Ray to blaze thru a cloud of darkness and shatter its vibratory action; but now since you know of Me, use My Peace in Its Fullness and if you so like, call forth the Seven Fold Flame of My Peace. I can reach you thru your attention to Me; and you can receive My Peace instantly, the moment you still your feelings. So command them often to be still and receive Me!

In calling to your Presence for Peace, first remember to qualify the Peace from your Presence as Eternal and Invincible, then no human thing can take that Peace away from you; but with Me, when you call for My Seven Fold Flame of Peace, all must abide by the Authority of My Presence! If you so desire and will so decree it, I would like to make your Pathway the Flame—the Seven Fold Flame of the Peace from My Heart. You may tread

It from now on, and as you step upon that Flame, see It before you, around you everywhere to your destination! Walk forever within the Seven Fold Flame of the Peace from My Heart! Abide within It and let Me give you all that is of Peace; all that I have is yours! All that I have I want you to have, and if I may so assist you, I would like to make the Pathway of every one of you the Seven Fold Flame of My Peace unto the end of your journey here—unto your Ascension!

I want so much to give, I have so much to give and the world needs My Peace. May the Great Cosmic Law open the way and let Me serve as I desire! My Peace I give unto you! My Peace I leave with you! My Peace, My Peace, My Peace, I pour forth before you! My Mantle of Peace I wrap around you! My Flame of Peace shall be your pathway, and the Jewel of My Peace I trust one day, I may present to you for your acceptance. May it not be far distant. May you become so much of My Peace, that many Jewels of Peace may come forth to bring beauty and happiness and healing to the world!

Oh, that the world would want Me tonight! Oh, that I might give them what some day they must have! Oh, that I might remind them of what they once were and may become again! You have heard the phrase: "Eternal Vigilance is the price of Peace." Well, won't you let Me be that Vigilance for you and wrap you in My Heart and make the Peace so powerful about you, that others may watch you and become Peace also?

The Vibratory Action of this room this afternoon is as completely raised into Our Octave, as if you stood there in your physical forms. You are no more a part of this city this moment, than if you were on the Planet Venus. If you will accept this as eternal, then We can maintain It and expand It, so that wherever you go, you may draw others up into the Octave of Peace and cut them free from everything else! Then, they too begin to

move in the outer world each a son or a daughter of Peace, cut free from all disturbance forever.

As I have made you a Part of My Flame of Eternal Invincible Peace, I ask you to carry the "Cup of Peace," the Essence of My Peace, to everyone you contact and in that way, give Me more opportunity to expand My Flame, until It has fired all with the determination to have Peace and to Remain at peace until Peace has healed all.

Speak to every disturbing thing silently or audibly and command it to be still and go into the Violet Flame! Then call Me to take its place and hold Peace. PEACE! PEACE! PEACE! that is beyond all human concept stands waiting your constant call! PEACE that you do not even know exists, yet is no farther away from you than your thought and your feeling! PEACE that will give you what nothing else will bring, I offer without limit to all! Will you LET Me! Will you LET Me! Will you LET Me into your feeling world, that I may give you the Gifts that Life so graciously offers?

Now may I refer with such Love and Gratitude to the Goddess of Peace, the God of Peace and the Angels of Peace! They are My Lovely Friends and Co-workers! They are Legion in number and await your call to come into outer action to bless you; to be your Messengers to your loved ones and to help carry My PEACE to all. Will you invite My Friends, My Co-workers of PEACE—the Angels of Peace and the Legions of Peace—to hold command around you; and to help you serve Life, that We may all go forward together on the Seven Fold Flame of Eternal Invincible Peace, until It has forever raised everything out of the shadows and even the record of the shadows has been consumed and PEACE ETERNAL has taken its place?

When Love from the Heart of your Presence and the Peace which I offer, the Peace which "I AM" can

enfold you and walk beside you, you will know not the shadows longer! I want you to become Blazing Beings of MY PEACE, with Power about you so great the shadows dare not approach; for when the Light about you reaches a Certain Intensity, nothing of darkness even attempts to come near! That is the advantage of more intense Light! Were you able to hold PEACE uninterruptedly over a certain length of time, every Blessing in the Universe would be yours to use on a moment's notice; and the Ascended Ones in Their Tangible Bodies, would be with you each day. Not that I offer that as a reward, not at all, but I just give you a glimpse today slightly beyond your outer world concepts; that you may see what our opportunities are and what stands so ready to give you everything far beyond what you ever dared hope for; and I want so much for you to have It.

I want you to have the GIFTS OF PEACE! I want you to walk the PATHWAY OF PEACE! I want you to wear the MANTLE OF PEACE and BE and HAVE and WIELD the Power and Authority of the JEWELS OF PEACE; so that your Scepter—the Love from your heart, may hold everybody and everything at PEACE, clothed in the Flame of Love from My Heart and the ANGELS OF PEACE complete the work of outer manifestation.

Soon, I shall take My Dominion in the outer world! This time to remain forever! May I then welcome you, as MY BELOVED ONES OF PEACE, who heard My Call in the darkness and responded to My Heart, for the Freedom of mankind and Life everywhere into MY PEACE forever. This time, when Peace returns to the earth in full command, may mankind be so self-controlled, that We can anchor in quickly the Power to bring forth the Beauty and the New Activities which will delight all greatly; which will begin to release the Beauty and the Perfection that is to be here forever.

The Dove, which has been My Symbol, I may use as a Messenger to convey to you at times, a Reminder to call to Me and give Me a greater opportunity to act. So in the Flame from the Furnace of My Heart, I will send to you the Reminder and the Love which will be like a Magnet; and no matter where you are or what you are doing, you will think of Me and I can come to you and give you Help!

Remember Me, for "I AM" PEACE without limit, and the Power of PEACE shall now be at your command! Call upon Me and LET My Love return in PEACE, abide and forever give the obedience that will enable all Peace to reign Supreme thruout the world!

I bear to you Greetings this afternoon—the Love, the Blessings and the Enfolding Radiance from the God and Goddess of Peace, the Music from the Temples of Peace! The Angels of Peace and the Legions of Peace are at your call! May the Great Beings, the Seven Mighty Elohim of Creation, each One pour to you the Intensifying Power of the Seven Fold Flame of Cosmic Peace, to enable PEACE to quickly blaze Its Way thruout the earth and forever hold Victory Supreme.

BE My Peace! FEEL My Peace! CALL My Peace! GIVE My Peace! RAISE the Scepter of Peace and SPEAK the Command that lets Me come thru and hold all at Peace forever!

I thank you!
