

## BELOVED GODDESS OF JUSTICE'S DISCOURSE

CHICAGO, ILLINOIS

JANUARY 23, 1944

AFTERNOON

BRING you Greetings from the Great Host of Light and the Great Group of Ascended Masters Whose Great Love has been offered to the earth, to hold the Balance of Constructive Forces in Authority in the outer world; that Divine Justice to Life may be the Controlling Authority on this earth in the future.

Had you ever thought of Divine Justice as Love that flows from My Heart? You know I once said, I can be very kind. Today, I want to be very kind and give to you every possible Feeling of the Light, that you may be Divinely Just to Life. Justice is not retaliation, nor is retaliation balance. What has been called justice in the outer world is but the Law of an eye for an eye and a tooth for a tooth; and that never was and never will be Divine Justice.

Divine Justice is that Release of Light and the Conscious Command of the Action of the Fire Element into discordant conditions, to free the Energy of Life from the discord which has been imposed upon it in order that It may be used to fulfill the Divine Plan of Perfection in the Out-picturing of Harmony, Freedom and Happiness to Life everywhere:

You can hardly have Divine Justice, until you understand what takes place in your feeling world; and We are making an effort and shall endeavor to reach mankind thru the feelings; because there is where the Pressure of the energy is, that makes individuals either do constructive or destructive things.

Now in order to govern your feelings, you must understand what is happening within them. I want you to realize that your feeling world, which is your emotional body, is a Great Reservoir of Energy, and everything that is not the Great Happiness, Purity and Perfection of Life, is a shadow, cast upon the energy of your feeling world. When the energy in your feeling world is purified and Harmoniously qualified It is Luminous! That is Light! if the substance of your emotional bodies were free from every rate of vibration that is not the Purity and Happiness of Life, it would be Self-Luminous.

I think I can help you today, to very quickly stop any disturbed feeling that might suddenly flare, either within you or from something that forms a pressure upon you from outside; because many times both of these are acting at the same time. Remember,

the moment a condition, which is discordant, comes up to be handled, just suddenly for a moment turn your back upon it, as if you stepped under a Great Search Light from your "Mighty I AM Presence," which dropped Its Rays of Dazzling Light behind you, forming a Shield or Tube of Light around you, before you even begin to think about the solving of the problem. First of all turn your back upon the problem, for it is really but a shadow, just a rate of vibration and energy. This enables you to disconnect from its discord. Suddenly turning away from it, enter right into that Blazing Tube or Search Light from the Heart of your "Mighty I AM Presence" and call forth Its Dazzling White Fire!

Turn your attention directly to the "Mighty I AM Presence," love It, and then call to Me to flood you with an Ocean of the Cosmic Flame of Eternal Invincible Divine Justice from My Heart, so you will not be unjust to Life in the solving of your problem.

You know many people are very honest with themselves and with their friends and they don't willingly want to injure anybody. Many people are really very conscientious in many of those things, yet they do not understand what happens in their own feeling worlds. You must realize that in order to have protection against injustice or mistakes in the future, you must turn your back upon the shadows and enter so deep within the Light, that the Blazing Light around you makes it impossible for the problem to force its way thru to contact with your world. Now this is the way you withdraw your attention from your problem thru control of the feelings. Many times you command your intellectual attention to go to your "I AM Presence" and stay off the problems, but your emotional body is feeling the pull all the time, and you don't realize how much of that is acting.

Now I want you, if you will, to closely notice this picture. If your feelings suddenly become disturbed and you don't quickly shut them off and turn your back upon whatever the disturbance is, and enter quickly into the Light, the feeling of discord begins to increase. Therefore, just jump into the Arms of Your Presence, as it were, and ask It to drop about you Its Tube of Light, in order to shut off the pressure of the discordantly qualified energy. If you don't do that, then there is pouring upon your own disturbed feelings, the mass pressure of the discordant feelings of mankind thru the atmosphere of earth; and the individual cannot stand up against the mass energy of discord, unless the attention goes to the "I AM Presence" thru conscious knowledge

of the "I AM," and stays there, because the feelings must be drawn off of the problem, in order to let them enter into the "I AM Presence" and be bathed in Its Light, or purified by the Light from the Ascended Masters' Octave; for that can flow thru exactly as water would flow thru a sponge, or as you would keep pouring clean water into a pail of dirty water. If you keep pouring the clean water in enough, it would eventually all become purified.

It is the energy in the emotional body that needs to become Self-luminous. None of you yet understand how tremendously powerful is the energy in your emotional bodies, and I shall use this simile to help you understand. You know water has been called the most powerful of the elements, because the strongest stone, the hardest stone can be worn away thru the centuries, by just one drop of water at a time falling upon it and continually dropping upon it century after century. The energy in your emotional body is principally the water element and water is a tremendous condensation of energy.

Therefore, if you are going to give Divine Justice to Life, you must first of all begin with that part of your own Life, which has the Greatest Power within it. I don't mean more than the Flame within your heart, but "I AM" speaking now of these other bodies that you have to handle and live thru; because all of your desires and all of your Life pass thru your emotional body and your etheric body, before they even come forth on the surface of your flesh.

Therefore, to make the emotional body Self-luminous, means that the use of the Violet Consuming Flame and the Cosmic Blue Lightning of Cosmic Purity, when intensified with the call to your "Mighty I AM Presence" to continue to expand Its Light, until It repels and dissolves all the shadows, will help you very much to more quickly handle your feeling world. Now realize in this room this minute not one, outside perhaps of this Messenger realizes what tremendous energy is in the emotional body; and sometimes she thinks she does not realize but a fragment of what ought to be comprehended, of what Tremendous Power is in your emotional body—your feeling world.

You know thru the centuries you have been told: "I will fight your battles and you shall hold your Peace, for I have Weapons ye know not of." Suddenly turn to your Presence, when a disturbed feeling comes on and turn your back upon the problem. Enter into this Search Light from the Heart of your "Mighty I AM Presence" and say: "I shall stand here in the Light, until

the shadows are annihilated.” Then issue your command: “Mighty I AM Presence” and Mighty Goddess of Justice! Blaze Your Oceans of the Flame of Eternal Divine Justice! Blaze the Full Power of Love from Your Hearts and compel this condition to become Your Blazing Light.”

Light is the only Divine Justice there is! Within Light is Purity! Within Light is Opulence! Within Light is Harmony! Within Light is the “I AM” Music of the Spheres; and ONLY WITHIN THE LIGHT is there complete Divine Justice.

So when you seem to feel disturbed, stop a moment and ask yourselves: Is this Divine Justice to my “Mighty I AM Presence,” and to the Life in the atmosphere about me? You are the Custodian of Life, and Life gave Itself to you originally as Blazing Light! There was not a shadow within nor around you in the beginning, and nothing on the earth produced a shadow, for every bit of substance was Self-Luminous. So, Life expects you to redeem that substance and bring it back to Self-Luminosity by Purity, by Kindness and by your Great Command:—that everything shall yield Divine Justice to the “Mighty I AM Presence” and the Ascended Host of Light; for you cannot have Balance, precious ones, except in the Light. There is no Balance in the outer world; because there are shadows, and only when the shadows are completely replaced by Light, will you have Balance and Purity and Divine Justice.

Now, I say to you: “Get this feeling in your emotional body—of suddenly turning away from discordant discussions, conditions or feelings and just jump quickly as it were, into the Search Light of Your Presence; as if you stood right under a Blazing Search Light of the Blazing Love from Its Heart, and feel that drop behind and around you as Blazing Light. Remember the shadows, which problems are cannot enter into the Light of your “I AM Presence.”

Now this is your Master Power! The Light of Your Presence is always Divinely Just! So, if you want Justice from the outer world you must pour Light into it; because it only has shadows most of the time, which are the problems, the impurities, the discord and the limitations of the outer life of mankind. Divine Justice, Divine Balance and Self-Luminosity are not in the outer world. Therefore, if you want them within your world, you must call them forth and give them to all Life everywhere; then Life, your “Mighty I AM Presence” has some of your energy in the outer world, that has been qualified with Light and Justice, to

take up, intensify, amplify, and bring back to you as the condition of Balance you desire.

So from now on let us be very careful, about using Life—of which you are only Custodians, in any way except to give Divine Justice back to Life, for Life is everywhere about you. Please do not hold any feelings within you of unkindness or resistance against each other ; especially others who love the Light and are trying to help carry It like yourselves. Watch your feelings and if there is rebellion against doing that which would give the greatest happiness and help to some other part of Life, then watch your feelings, because they are not Divinely Just to Life.

Life loves you! Life is your Greatest Friend and you are the Custodians of Life, to give Divine Justice thru your use of Life, to all the rest of the Life in the Universe, in order that you may create Eternal Beauty, Perfection and Happiness.

I see in some of your feeling worlds, little resistant feelings that do not like to let go, and they are but a shadow upon that which could be so blazing with such a great happy child-like Joy of just blessing and giving Light to everybody and everything—and I mean this in your personal habits.

If someone else happens to be a little off key and for a moment seems struggling under the shadows, don't add another feather's weight upon that one which would intensify those shadows and at the same time cast a shadow upon your own Light. Don't allow a feeling within you of any unkindness to anyone who loves the Light! Each one is making the best effort at this time that is possible I am sure! All those under This Radiation, at least, are doing everything they possibly can, so let none cast a shadow upon any one else under This Radiation. Let us all be a Great Smiling Presence of Light with such kindness and such unconcern about people's thoughtlessness, that we are not unjust to our own Life first. Don't cast a shadow upon your own feeling world. Precious ones, you don't know yet how powerful are your feelings.

Now, in order to help mankind let go of many of the desires that are very deeply rooted in their feelings, We must find some way to reach them thru the feelings ; because an intellectual idea explains a thing only as either constructive or destructive. Limitless explanations for countless centuries have been given to mankind of that which is constructive and that which is not ; and it has not gained a reform in the people which is permanent, for you cannot force people to do right. It won't last long, if you try to do it. Therefore, I am making the call and I expect to be an-

swered—to find some very unusual way to touch the feelings of mankind with My Wand of Light, and if I do that, I shall put away My Sword. I hope I may.

Now watch closely! Thru your “I AM” Music of the Spheres, you can touch the energy of the emotional body with Light, and can most quickly purify that substance in the emotional body by the Light, which is within constructive music. So, when you call forth the Power of the “I AM” Music of the Spheres, see It as a Flame or an Ocean of Light Substance flowing thru the energy of the emotional bodies of the people and illumining them. Will you get that picture clear? Will you please hold within your minds this picture; that as you send forth your Life’s Energy on constructive song, it is like an Ocean of Light passing thru the feeling world of mankind. It ignites as it were, the particles of Light or electrons within the emotional bodies of the people, and helps them to release more Light thru the atomic structure.

Qualify your “I AM” Music as Oceans of Light or Oceans of the Sacred Fire, and when that goes forth, see It like Blazing Light passing thru a window. Just consider the substance of the emotional bodies of the people as transparent substance, thru which the Light in the “I AM” Music may pass without obstruction; because constructive music is energy Harmoniously qualified, and when that bursts as Light into the atmosphere and passes thru, it dissolves the discordant rates of vibration that are in Its Pathway.

We hope also to bring forth a way and means of helping to illumine the energy in the mental and emotional bodies of mankind, thru pictures of Most Transcendent Beautiful Beings and lovely Activities of Light; for you cannot yet comprehend what suddenly charges into your emotional body thru your eyes, when your attention is upon something you see—whether it be constructive or destructive.

You know when you see something that is unjust to Life, it suddenly stirs a feeling within your solar plexus, does it not? If you see the abuse of a small child or suffering imposed on some part of Life and your feelings are not controlled, it stirs up a feeling of resentment in the energy of your own solar plexus. That is because the pneumogastric nerve, which is the large nerve that supplies energy to the stomach and the central portion of the body, is directly connected with your sight. If you were to learn how to draw in thru your sight, the Great Love poured out to you from the Ascended Masters, the Cosmic Beings and your own Blessed “I AM Presence,” you would find It would give you a

feeling in the solar plexus of ease and happiness ; because when the Great Ones radiate to you, when there is much of that energy comes into the room, you all feel It ; there is a tingling sensation all over the body and your feelings at the solar plexus are very happy.

Now this operates both ways. If what you see be destructive, it will disturb your digestion and feeling world. If it be constructive, it will lift you and solve your problems. The quality in what you see enters the energy which comes in thru your eyes and must be always qualified with Harmony and Happiness, not with anything that produces a sense of strain or discord.

If you will realize how closely connected with your physical sight are the feelings of your solar plexus, you will know one way and means of more quickly perfecting the sight. If the energy at your solar plexus had always been naturally Harmonious, Pure and Balanced, your eyes would remain Perfect, the sight would act perfectly ; because the supply of energy from the brain is directly connected with both activities of your eyes and stomach.

So the more forgiving you can be, the more kindly you are, and the more you hold your attention to the Light, the more naturally luminous is the release of your own Life Energy, as It passes thru your eyes ; and It will automatically dissolve all obstruction as you use the Violet Consuming Flame, the Blue Lighting of Cosmic Purity, more and more.

I wish I might show you, precious ones, the Great Oceans of Light that are released thru your terrific dynamic Decrees. You are loved by the Great Ones and shall be for all eternity, for your Great Love and Loyalty and your persistence, to keep pounding those Decrees into the atmosphere which is charged with the unfortunate feelings of mankind's discord. You stood last night in this room like a Lake of Dazzling Light in the midst of the city's atmosphere of shadows, and tributaries from your Great Out-pouring—"I AM" going to call you an Ocean of Light—went forth! Truly you were an Ocean of that Light last night. As Great Streams of that poured into the activities for which you called, it compelled the consuming of a great deal of substance that was certainly not self-luminous.

So, will you always remember Me as a Being of Love and Kindness and not as a severe Being who imposes discord upon you, because you have sent discord out in the past? I hope you do not have that opinion about Me, yet I think in your feelings some of you have had. Some I think have almost been afraid to call Divine Justice into action, for fear some of their own mis-

deeds might return upon them for payment. Please dissolve that! I shall help you!

Just remember that Divine Love, Divine Justice and Mercy are really synonymous, as they are also with Freedom—your Precious Saint Germain. What I want to hold in your consciousness from now on, is a reminder to you, that whatever you use in this world, love it, and bless it with Light, and command it to give Divine Justice or the Balance of Every Perfect Thing back to the “Mighty I AM Presence” and the Ascended Host of Light; because if everything that comes your way, is blessed with your Light, your Love and your command for it to manifest Perfection; and then you send it out into the Universe, you are truly fulfilling the trust your Presence gave to you, when you came into embodiment; for It gave you Itself.

I shall say something else! Do you know you could redeem a great deal of the substance, that has been wrongly qualified within your world, especially your atomic structure, if you would speak directly to that substance and call on the Law of Forgiveness for imposing shadows upon it? Bless it with the Love from your Heart and call for the Violet Consuming Flame to bless it with the Purity which would be Divine Justice pouring to Life.

Don't criticize your bodies any more! You might not like their appearance, but the Beings of the Four Elements within them don't like it either; so don't allow a feeling to exist within you of criticism or condemnation about the body; because the Beings of the Four Elements have simply been obedient to your qualification of the past. Rather redeem it and just pour such blessings and such Light upon it, that its substance raises in vibratory action to the point, where it is Self-luminous and the accumulation around the Points of Light has simply dissolved; and each Point of Light expands to become a Sun and connects with each other Point of Light, until the flesh becomes clearer and clearer, the Light brighter and brighter, the feelings more and more Harmonious, and your affairs just naturally set themselves into Divine Order; and one thing after another comes into an Action of the Light, that expresses greater and greater Beauty and Perfection and Freedom.

If you will realize that all injustice is shadow and all Divine Justice is the Flame from the Heart of your “I AM Presence,” or the Flame of Love from My Heart, you can keep calling for Oceans of the Flame of Eternal Invincible Divine Justice, to flood your world; and to so fill your feelings, that you always give Divine Justice to your own “I AM Presence” and the Ascended

Host. If you will begin to say to your Presence with great determination: "Take command of all the energy in my feeling world! Flood it with Your Light and see that it is purified with the Violet Consuming Flame; for I want to give it back to You as Pure as You gave it to me; and bless with Love and Perfection all the outer world's activities, to raise more into the Ascended Masters' Octave. Just say to your Beloved "Mighty I AM Presence" with all the Love you can pour out: I want to be Divinely Just to You and the Ascended Masters, so don't let me cast one shadow ever again upon any part of Life! Let me BE the Light of Eternal Divine Justice!

This is all the basic action in your feeling worlds of the Law of Divine Justice, if you are going to forgive a condition or an individual. You must, if you are to be Free, let go of the energy in your feeling world, that has been charged with hardness and domination over some other part of Life. Don't try to run each other, because that will disturb your own feelings!

I want so much to have you see the Balance which Life automatically is. When the Light flows thru without obstruction, everything is joyous automatically and in Perfect Balance! When you give your Decrees, precious ones, your Life is pouring forth qualified with Light, and you are sending forth that Light to dissolve all discordant conditions and to take the place of the injustice in the outer world.

Now then, as you expand that Light and send It forth thru your Decrees, thru your "I AM" Music, thru your kindness, thru your forgiveness, Then, when something discordant presses upon your feelings, turn the attention away from it, and enter into the Search Light of the Heart of your "Mighty I AM Presence" and say to It: "Close behind me Your Doors of Light. Let me enter into the Throne Room of My Being, for there shadows cannot come."

Do you remember in the Cave of Light in India, a Voice spoke to the Children before They entered and said definitely, when They entered the Cave of Light: "All who enter here leave their physical garments behind"? Hold that picture, when you call to your Presence to see, that never again are you unjust to Life; and then you won't use any of your energy except to pour forth a Blessing and an Expansion of the Beauty and Power of Light; which your Presence can take up right the next moment into Its Heart or into the Ascended Masters' Octave!

Don't let the shadows use you longer, precious ones! Don't let the shadows be in your emotional bodies! Don't let the

shadows prevent your Presence giving you all of the Powers, that are within Its Domain, to set your Nation Free and raise your fellow-man into Freedom also!

I want to thank you and this Beloved Messenger for your "I AM" Decree for the Incoming Children. I am very grateful to you, precious ones, for that and do you know, what that has drawn from the Inner Level—a gratitude from the "Mighty I AM Presence" and Higher Mental Body of every one of those Life Streams—an Ocean of Gratitude and Love and Light to bless you; for you cannot bless those Incoming Children without Great Gratitude and Love coming from their "Mighty I AM Presence" and Higher Mental Bodies to you. You cannot bless them without the Great Ascended Host being tremendously grateful to you, that you want to purify the conditions of earth, so those Life Streams may win their Victory too; and every one of those Life Streams will love you and be grateful to you, when they contact you.

It is indeed an act of Great Mercy to Life, to make the call for more Assistance to be given them, because We have Oceans of Assistance to give! There is no limit to an Ascended Being. There isn't anything you cannot have, precious ones, from the Entire Infinity of Creation, when you are Divinely Just to Life; because everything in Infinite space will love you, because It knows It can trust you to love It enough, to be Divinely Just and hold the Balance of what It gives you.

The Angelic Host are also grateful for your calls, for Their Presence; for They will come in untold Legions, if you will invite Them, but They will never intrude, nor will They pass thru the wall of doubt; for the wall of doubt is like a wall of steel and They will not come thru, until They are loved and welcomed.

It is the shadows, precious ones, that make mankind doubt and make mankind stumble, and there are more shadows touching your feelings than you know. So will you just take yourselves in hand and definitely command your feelings to LET GO of further shadows; and *demand*—for you can do this from your "Beloved I AM Presence"—that all the Purity from the Flame of Love in Its Heart, shall charge thru your feelings and annihilate every shadow. It just wants to be called into action and It will quickly help you to change the outer appearance.

Don't, don't, don't hold on to your feelings of grudge or irritation, or criticism or condemnation of any particle of Life, regardless of what it is. Clear your feelings of the shadows, and you

are then the "I AM Master Presence of Light," and Eternal Divine Justice will be yours wherever you move in this Universe.

Don't, don't, don't hold feelings of unkindness to your relatives or to business associates or people who have crossed your pathway in the past. Those are shadows; Oh not so much upon them, as upon you. Your feelings of dislike and condemnation of those individuals because certain events occurred, are shadows on the energy in your emotional body, and I am trying to get that clear, so you may be Free.

So, if some reminder comes to the outer intellect of some conditions of the past which were not so happy, will you just turn quickly away from that remembrance—just like you would from poison gas? Ask the Presence to close the Doors of Light like in the Cave of Light, against that distress and let you stand in the Ocean of Its Light.

When you get deep enough into the Light, the shadows cannot follow you. So go into the Light every time you are reminded of the shadows, and feel your Presence pour—Oh just like a Niagara Falls of the Flame from Its Heart behind you, and shut out all but Its Light, and see how quickly your intellect will forget the occurrence. Now if you will do this, you will shake yourselves free quickly from your problems, and I want you to be Free for more than just your own Freedom.

Do you feel the Great Calm Radiance in this room? "I AM" trying to make you feel the Great Inner Stillness, the Great Silent Happiness that will fill your feeling world, when you can lift your attention to your Presence and in great, great Love say to that Presence: "No more is there in my world injustice to You! Make me like the Physical Sun and just blaze the Light so intense, that the shadows cannot follow and dare not approach My Pathway! Clothe me in Your Substance of Dazzling Light and make mankind see It with their physical sight! Blaze Your Light, and wherever I move see that I give forth Light, and forever be Divinely just to Life.

I thank you for your Decrees last night for Chicago, and if enough of you would just fiercely determine, that this city SHALL BE cleansed and purified, and you are relentless in your demands for the Action of the Great Law, your city can become a City of Light and its substance be purified.

There is not one thing you can ask of any Power of Light in this Universe, that will not be granted you, when your motive is to purify all things Harmoniously and Permanently. When the Light from your "I AM" Music of the Spheres enters into

your feeling world, the shadows flee, for they are consumed; because the Light and the darkness cannot stay in the same place at the same time. "The shadows may come and the shadows may go, but the LIGHT goes on forever."

Will you LET My Divine Justice flood your Beings and worlds, that It may go on and flood the outer world forever? I have waited a long time; and when mankind began to use the form with the eyes blind-folded to represent Me, they deliberately accepted a suggestion of the unhappy forces of darkness, to shut off from humanity the Power to see Perfect Balance. That was their suggestion. Since I have returned, I come to tell you the Truth. I never was blind-folded and am not now! Mankind have been, I grant you that, but not Myself; and yet I say to you, by the Power of My Magic Wand of Love and Light, I shall remove the bandage from their eyes and the discord they have imposed upon Life and they shall see their Glorious Presence face to face. They shall love to give Divine Justice to Life, for "I AM" here to redeem the substance of earth, and I begin with the emotional bodies of mankind.

May the Great Dispensation be given wherein thru the physical sight, there shall enter into the emotional bodies of mankind, a Power of Love and Light and the "I AM" Music of the Spheres to purify those bodies, until humanity sees as God sees.

My Realm is one of very Great Calm Power Irrevocable, and yet so Happy and so Majestic, It can never be disturbed. I move on an Even Plane. Light is My Pathway and Light is the Armor of My Power. May the Love from My Heart flood the energy in your emotional bodies and make you love to give Divine Justice to your "I AM Presence," and of course always to the Ascended Host; to all that is of the Light, with such Intensity that you never remember to ever again look behind you and see the shadows. GO INTO THE LIGHT, hold My Hand and My Love shall fill your feeling world; and Divine Justice shall be yours everywhere—Free as the air you breathe and none will want to do otherwise to you.

Remember, your obligation to Life is to give Divine Justice to your "Mighty I AM Presence," the Ascended Host and all that is of the Light. The easiest most permanent way is thru the "I AM" Music of the Spheres. It is very easy, precious ones, for the beauty of sound, the energy which is in the tones in the music, to flood thru you. Is there any battle when you sing? When you hear your beloved Frederick play that Beloved Love Star, you sit and the sound passes thru you, is there any struggle?

Do the shadows in your feelings fight back? I think not. You all love the Love Star, you love It and It loves you, so there is no struggle to attain Divine Justice, when the Light of that "I AM" Music flows thru your feeling world.

Don't you see, precious ones, how every condition in this outer physical world has got to be changed by the Powers of Light and sound harmoniously combined? Nothing is permanently changed, unless it comes about by the Power of Light; and beautiful music—the "I AM" Music of the Spheres, is Light! It can and will change things permanently and LET Divine Justice be given to Life everywhere. Only the shadows, precious ones, have shut off your Blessings. Right now, today, turn your back upon them. Face your Presence and the Ascended Host, from whence comes all Light, and call for Light without limit, to flood around you Divine Justice, make yourselves the Love from My Heart and see what miracles will come to pass.

May the Angels of Eternal Divine Justice reveal this to you, attend you consciously, constantly be ever on guard about you, and flood forth your Blessings to the rest of Life; that Divine Justice may be released everywhere and only Its Perfection remain. If you knew what that would mean to the Forces of the Elements! They would be your loving, willing co-workers, to bring you Gifts and Blessings that you do not even know exist on this earth; for there are those Great Gifts and Activities of Nature, that are so beautiful and they have been held so purified thruout the centuries, that mankind have not been permitted to contaminate them with their discord. Those Beings of Nature guard them, and I shall guard them Invincibly; for people of the future will either use everything on this earth constructively, or they will not have it to use; for it will not even stay with them. It shall flee from their presence, unless they use it constructively.

The Beings in the Forces of the Elements and the Powers of Nature love to serve mankind, when Harmony and Light and Blessing are poured upon Them. They are waiting to give Gifts untold, that mankind do not even know exist. So, if you are to have the co-operation of Those Mighty Channels of Life's Blessings, flood your Love and Blessings to the Four Elements and the Powers of Nature; and call every Power of Light and Love at your command, to love them and bless them and release them from the impurity of the shadows imposed upon them by mankind. They will feel your Love! They will give you Their Treasures! They will be your friends and protectors of the Light, and They will help you bring Divine Justice by that Light.

Oh, precious ones, since Chicago represents the City of the Unfed Flame, and I abide in the upper atmosphere to pour My Love upon it, in order to bring Divine Justice and Balance, won't you now try to be Divinely Just to the City of Chicago; and keep calling forth the Light that shall purify all here? We need all the calls for Purity that it is possible for you to send up to Us that We may expand It and pour It down upon all constantly.

Will you please bless your throats? I will help you! Will you let the Flame of Love from your hearts expand thru your bodies and bless every particle of substance as it passes thru? I might say to you as the Others have said: Saint Germain said, there was no substitute for kindness and there was no substitute for the Violet Flame. I say to you, there is no substitute for Blessing. If every word you had ever spoken were Divinely Just to Life, it would have carried a Blessing. Now will you command every bit of energy that flows out from you, to be blessed with so much Love that it has to carry Divine Justice to the "I AM Presence" and to all Life everywhere?

Precious ones, BE the Giver of Gifts! BE the Giver of Light! BE the Giver of Divine Justice, and be so occupied giving, that automatically everything just expands from within out, and there goes forth on the Flame of Love from the Heart, the Head and the Hand of your Presence, the Great Blessings to Life everywhere to set Life Free.

Use Your Sword of Blue Flame to cut away all substance from individuals, if it has been discordantly qualified, but be sure you replace that by the Ascended Masters' Light-Substance of Perfection, sustained and expanding forever; then go back into the Light. You know when you see the shadows, just turn your backs upon them, go into the Light and the Flame of Love from the Heart of your Presence. Turn and BE the Out-pouring of that Flame and command Blessings and Perfection to come forth. Then turn again to the Presence and receive more and again flood It forth. Then you receive more and again flood It forth. Be occupied just carrying the Perfection from the "I AM Presence" to Life wherever you meet it.

Even your Precious Saint Germain and the Other Great Ones, at times go deep into the Heart of the Great Great Silence, gather more Power and plan the next Wave of Manifestation; then come into the outer world again. He did that in the Middle Ages. After He rendered His Service in Europe, He left for awhile and went deep into the Heart of the Great Great Silence, then came forth to give you what He had gathered there.

Will you do the same to your Presence? Not just five minutes before you go to sleep, when you are tired and five minutes in the morning when you wake up; but once an hour during the day turn away from everything in the outer world just a moment. Hold your hands to the Presence like a child would to its mother—make yourselves a “Cup of Light,” ask It to flood the Flame of Love from Its Heart into you; and send forth an Ocean of Its Blessings to command Divine Justice to everything wherever you move—a Blessing of Light and Peace and Harmony and the abundant supply of everything good. A command for the abundance of every good thing means, you move an Eternal Sun of Divine Justice to Life and the Ever-expanding Oceans of Its Power to set all Free.

In your call for Divine Justice in your government and the various activities of mankind, go right on with your call for My Sword of Blue Flame of a Thousand Suns to strike into all that is wrong, for Cosmically speaking, there is a certain accumulation of substance and energy at various points, which has to be drawn into My Sword of Blue Flame, until enough of the earth is cleansed, to make My Work in the future just the drawing of the Great Focus of Power, whose Radiation compels Divine Justice everywhere! There is still much cleansing to be done in your use of either the Blue Lightning, the Violet Flame or the Sword of Blue Flame, but with you, I hope to use only My Wand of Power in the future.

“I AM” blazing the Jewel of the Flame of Love from My Heart into your feeling world, to let you feel My Love and Divine Justice to your Presence and to all Life everywhere. You are jewels in the Diadem of earth, but there are individual Jewels of Power, that you may have now and may they hold in your feeling world, the Flame of My Love to consume every shadow before it can approach.

May the Great Love, which I want to pour forth thru you to the Nation, and thru America to the world, that floods forth like an Ocean of Balancing Power, have no obstruction in the future; and may every shadow be consumed from your pathway! May you be My Loved Ones of Divine Justice to carry Its Flame everywhere you move; to hold the feelings of the people purified, that they may give Divine Justice to Life and Life give Divine Justice to them.

In the Great Authority which Life has bestowed upon Me and which is at some point on the path bestowed on you to command Divine Justice, to blaze forth consciously and do your com-

mand, you must first of all continually give Divine Justice to your own "Beloved Mighty I AM Presence," then you may be a "Cup" of Its Light, to command the shadows consumed at your approach ; but you must be that Blessing to Life first! Then, Life will empower you thru Its Light to produce Divine Justice wherever you move, and set all Free from all else forever.

I thank you.
