

BELOVED MIGHTY NEPTUNE'S DISCOURSE

CHICAGO CLASS

JANUARY 21, 1945

SAINT GERMAIN:

THE MIGHTY NEPTUNE will speak His Words to you. If you will be at ease, relax and command your attention into the Heart of the Cosmic Flame of Cosmic Victory before He enters, you may have the Power of the Electronic Force that He is going to give you, in constant action in your bodies.

"I AM" preparing the way! I ask you to sit with your hands and feet uncrossed, as much at ease as possible, but do not lounge. Command your attention into the Heart of the "Mighty I AM Presence" and receive the Love It pours forth, which He will amplify with the Cosmic Electronic Force He directs into the Water Element to this world. It will become for you a Purifying Action, that will give you Release and Relief from those conditions under which you have been struggling.

Feel this room a Blazing Mass of the Violet Consuming Flame and command every atom of substance out of your bodies, that is not as Pure as the Heart of Your Presence! Command your attention to go into the Heart of your "I AM Presence" and abide there, and give Him every assistance in the work He wishes to do for you in your emotional bodies.

"I AM" standing guard with each of you, and shall give every Assistance in the use of the Violet Consuming Flame, if you will refuse acceptance to any more substance in your bodies, that does not produce Freedom for you. If you will command your feeling world to refuse acceptance to that which does not produce Perfection in your bodies, there will be no struggle in letting go of the things which you have been eating which have produced this condition of too much substance within the atomic structure.

"I AM" determined that you precious ones shall have Release and the Mighty Neptune brings you Assistance this afternoon of Very Great Cosmic Action. I ask you to command your feelings to accept the Help We offer, and then know, that It is anchored within you in the Action of the Fire Element which shall never go out!

MIGHTY NEPTUNE

Beloved Ones, journeying upon the Planet Earth, I come to assist you this afternoon and give you a Radiation of the Electronic Force thru the Water Element, which shall bring the Ease and the Peace that We want you to have. I want to give you an Explanation of what the Water Element in the cells of your bodies does for you; and how you may purify and illumine it with much greater speed of action than you have thus far, if you comprehend what I have to say.

Eighty percent of the substance in your bodies is water. The cellular structure of your bodies is composed principally of the Water Element. It is really a very simple thing to purify the Water Element on this planet. It is easier to purify than the Element of the Earth, because it is less dense and the Electronic Force within the Water Element, if commanded to expand Its Light, can raise its vibratory action to the place, where it will not accept any discord; where you can no longer impose discord upon it.

Were you quickly to purify all the Water Element within the cells of your bodies and command that Water Element to take on the Luminosity of the Electronic Force which I direct, that Light, together with the Assistance of the Violet Consuming Flame, passing thru the rest of the structure of your bodies would dissolve and consume your limitations.

Now this which I bring in the Explanation of the use of the Electronic Force thru water, does not take the place of the use of your Violet Consuming Flame; but it is an Action provided by Life acting within the Water Element of which "I AM" the Director to the earth.

You can take water which is contaminated and by charging certain currents of electricity thru it, you can force all the impurities to come to the top in a substance that can be drawn off, removed and consumed completely. That is a very simple electrical process in the world of mechanics. Now the same thing can be done in the cells of your bodies.

When you command the Points of Light in the cells of your bodies to expand the Cosmic Blue Lightning of Cosmic Purity thru the Water Element in your bodies, you will find the solid substance that has been clothed with discord begin to throw off more rapidly, and that is where it is imperative for you to use the Violet Consuming Flame; because the Violet Consuming Flame consumes the substance of the Earth Element that has

been discordantly qualified. It purifies it and returns it to the Universal.

Just as if you had a jar of water, and you charged this electrical current thru it, the impurities in the water would come to the top and then you could draw them off. If you put them in an electrical furnace and dissolved them completely, returned them to the Universal, you would have an analogy of the process, which takes place in the Release of the Blue Lightning of Cosmic Purity thru the substance of your bodies.

Now mankind does not understand that the substance of their emotional bodies comes under My Direction, because it is the finer part of the Water Element. Just as the Etheric Body is composed of the finest part of the Earth Element, so is the substance of the emotional body composed of the finest part of the Water Element. When mankind thru repeated discord has imposed upon the Forces of the Elements, that is, the earth, water and air, the discord of human feelings for so long, that solidifies just as you would freeze water and make it ice. Just so does the Water Element in the emotional body, if it be constantly charged with discord, become thicker and more and more dense with impurity.

Under those conditions, it takes the Cosmic Blue Lightning of Cosmic Purity, which is Our Concentrated Electronic Force of the Fire Element, to be constantly charged thru that substance with overwhelming pressure to shatter apart the condensed discord. Since eighty percent of your body is composed of the Water Element, then you see where the majority of the energy is, upon which the discord has registered, past or present.

While you function here in the atomic structure, your flesh bodies, the grosser, denser substance of the atomic structure to some degree dulls the feeling in the emotional body; but when individuals thru various experiences are forced out of the body suddenly by their own command, the protection of the atomic structure is removed, and they feel thru the emotional body the vibratory action of whatever is around them without any insulation. The atomic structure is really an insulation to the emotional body, like the covering of an electrical wire is to the electrical current that flows within.

If the covering of the electrical wire were to become so dense and stiff that you could not bend it, then it would be of no use to you, would it, as wire—if you could not make it go where you needed it? Well, the same thing is true of the emo-

tional bodies of mankind. When discord has been so condensed into the Water Element within those bodies, that it has solidified upon the emotional bodies, then you have the human creations that are the limitations under which mankind struggles.

Since "I AM" the Authority for the Release of the Water Element to this Earth and its activity of energy to assist mankind to their Victory of the Ascension, you must have the Purifying Power that is naturally within the Water Element, and the Electronic Force of the Blue Lightning of Cosmic Purity! That is why water to the mass of mankind is considered a Purifying Element, but how does it purify? It takes into itself impurities that mankind impose upon it by their discord, and today before I finish, I trust I will bring the Illumination to your minds which will give you at least some comprehension of the impurity and filth that mankind has imposed upon the Water Element of the entire planet.

If you will remember in the description of the creation of the planet as recorded in the Bible, the statement was made that—"God created the sea and all that was therein and it was good." Well, then, something certainly happened to the creatures that are now in the sea, in the Water Element of the world; because a shark and the octopus and many of the destructive creations that live within the oceans are certainly not good. They are imprisoned Life and they are imprisoned substance. I will only touch upon one or two of these things to make you realize this deeply. I wish, Oh, how much I wish to bring you Illumination; how deeply I wish you to feel the necessity of compelling purification of the Water Element in your own bodies!

When you open an oyster, the body of that oyster is certainly not a beautiful thing to look upon is it? Yet the inside of the shell is magnificent. Well, do you know what the body of that oyster was in the original creation? It was a Being like a little Fairy with soft transparent wings of iridescent hue and as pure as the Heart of the Goddess of Purity; and the present condition of that little Being is because of the filth mankind has imposed upon the Water Element thru the centuries and has been condensed at the bottom of the sea.

That which you know today as the octopus within the ocean was originally a little Being like a Golden Sun with long Rays that poured forth Its Light within the Water Element. It was a Tiny Sun placed within the Water Element and the color and the forms of the tentacles that have been imposed

upon those Beings by the filth of mankind's hate, has distorted that original creation and has made it the thing of destruction it is today.

Mankind cannot qualify the Forces of the Elements with discord and hate and their own impurities, and not one day meet those creations and have to take them back into themselves. Mankind cannot contaminate that which God has given and not suffer, until that contamination is dissolved and replaced by the original Purity thru the Action of the Cosmic Love which the Blue Lightning of Cosmic Purity is.

I hope before I leave, you will have an acceptance in the atomic structure of your physical bodies, that will make you realize your responsibility in keeping them clean inside and outside; and never again impose upon them the discordant thoughts and feelings of the past. "I AM" ready, if you understand Me today, to release more of the Electronic Force of the Blue Lightning of Cosmic Purity, together with the Mighty Elohim of Purity, into every cell of your bodies, with the Command to release Light thru the Water Element in the cellular structure of your bodies, until they may one day become as Pure White and as shining in their brightness as the Sun at noon-day, even before your Ascension!

You have a tremendous responsibility before Life in the care of the atomic structure of your bodies. Life does not hold you guiltless when you just use these bodies as you please, impose any kind of feeling upon them; stuff them with anything that is to your liking and then expect the Higher Mental Body to wipe that out the moment you become uncomfortable. No, that is not Life's Law! You know that!

I, Who for centuries have purified the waters of this planet and dissolved mankind's hate of centuries in order to enable the Earth to survive, am here to tell you today, that eighty percent of your atomic structure comes under My Direction. Eighty percent of the Substance of the Earth is under My Command. There is only twenty percent of the substance of the surface of the earth or the whole of itself, that is of the Earth Element. My Water Element interpenetrates everything on the planet, and that is My Electronic Force which I have given of Life, to the Fulfillment of the Divine Plan thru mankind.

It would be well if the "I AM" Student Body understood their responsibility and obligation to qualify the water they drink, with the Electronic Precipitation of Light from the

Ascended Masters' Octave. Then will you indeed be blest! Then will you indeed be a Blessing to the Water Element that you take within the body. Not just make that words, but stop long enough to feel the Electronic Force of the Light going thru that water, and making it Self-Luminous as it goes within the body, to bless every cell of your structure; and to expand the Light within the Electrons to help repel the impurity which has been imposed upon the cellular structure.

It would be well if the Student Body understood, that they could command the Water Element within the eye to become the Ascended Masters' Precipitated Light-Substance, to dissolve and consume all obstruction, and let the Light Rays from the Presence flow thru the eyes; until they become shining bright, Perfect in their vision and all the Perfection of the Presence made manifest upon the world without.

It would be well for the "I AM" Student Body to bless the water wherever they go, with the Cosmic Love of your own Life Streams and thank It for the energy It gives to mankind and Its Purifying Action within your own atomic structure. The Water Element, My dear ones, is very necessary to the mankind of this earth!

There was considerable Discussion before it was finally decided that I should come and release this Knowledge to you! Mankind's ingratitude to the Forces of the Elements, my dear ones, is the thing that forms the chain of war around the world today.

You cannot impose upon the Beings of Nature, the impurities of human feeling and not have pain in the body as a result. Mankind might just as well understand this! There is tremendous penalty to be paid by those who impose a war upon mankind, and increase the filth that has to go into the waters of the planet! Time and time and time again, have the waters of the planet arisen and compelled back upon mankind their own destruction, because mankind won't stop it otherwise!

Do you quite understand what it means to release the Water Element from the atmosphere of Earth over a large city every so often, in order to keep the atmosphere purified enough for mankind's bodies even to survive in the midst of their present discord? Mankind has come now to the state where they are occupying their time and attention with nothing that draws them back to God; and when those entrusted with the Authority of the Nation in public positions of trust, say to mankind everybody has got to create implements of war and destruction

and they shall not have Light, then I have something to say! (Applause—audience rising).

Thank you, my dear ones, I accept that because It is your Love, the Love of your Life and the Gratitude of your hearts. I shall clothe that in My Love and together, we shall start into action that which shall purify the waters of the planet. Thank you so much, won't you be seated?

Mankind, bound in the ignorance of their own conceit and hate, forgets that I own eighty percent of the Substance of this Planet, and eighty percent of the substance of every physical body on this Planet. Then "I AM" Authority, and that Authority is a majority, if you will figure it out mathematically. (Applause).

I wish you from this hour henceforth, to call forth the Blue Lightning of Cosmic Purity into every bit of the Water Element on this earth; in mankind's bodies and outside of their bodies; into the Structure of the Earth; on the Earth and in the atmosphere of Earth! Keep qualifying and calling the Overwhelming, most Dynamically concentrated Action of the Cosmic Blue Lightning of Cosmic Purity from the Great Central Sun, into every atom of the Water Element on this Planet and into the bodies of mankind, qualified with the Substance of the Cosmic Light! Command its Illumination; and I guarantee, you will all feel a Release, from the discord that has weighed so heavily upon you!

The effrontery of human insane consciousness is the most amazing thing before Life. Human consciousness that has the conceit to assume authority and imagine that it owns the Planet and the mankind of a Nation, is insane. Only insanity could do that! Sane Beings know better! Those who create war and impose war upon the world, and those who build munitions for private profit and but to continue to destroy, are insane and have been every time a war was fought for that reason.

By your conscious calls for the Cosmic Blue Lightning of Cosmic Purity in the action of Thousands of Suns, if need be, to charge into the substance of the water Element in the emotional bodies of mankind, I will guarantee you, It can and does shatter that human creation and make it helpless before it does any more damage. The Earth has so long struggled under the darkness of human hate and it must one day be cleansed and become Self-Luminous again. The Substance of the Planet Earth was once as Luminous as your Sun and is still Luminous at Its Heart Center.

The Unfed Flame within your Hearts and the Seven Fold Flame of the Elohim in the forehead are Self-Luminous to Us and will be one day to you, although the atomic structure of your bodies has lost its luminosity. Yet at one time in those two first Golden Ages, the bodies of mankind emitted Light and that Light was the auri around the flesh form, which was its own Natural Protection, and kept out all rates of vibration that did not belong to the Perfection of the Presence. It just held each Life Stream within the Perfect Vibratory Action of Its Own Key-note of existence! Only because mankind forgot Purity, did the energy that they were using in the outer world become qualified with limitation and imperfection.

So, if you want to return to the Mastery of Life and live in bodies of Purity and Self-luminosity, it can come about again! It was here once! Life has not left the Universe! None of the Powers of Life have ever dissolved within Life, for Life Streams contain all of everything within themselves; and Life can blaze thru any amount of Substance whatever It pleases, when the individual with Free Will consciously commands that the Natural Perfection of Life, of Light, is the Ruling Authority thru all substance!

I wish to help some of you precious ones, whose lack of control of the energy in the emotional body, causes you to cry every time you do not get your own way. That is the only reason you cry, did you ever know that? Babies cry because they cannot have their own way. A lot of people have never grown up, not inside. Now I say to you, if you are going to have My Help, you must take command of your feeling world. You must not waste the energy that your "I AM" Presence gives you and that I have given you in the Water Element, by tears. There is only one kind of tears that is permissible and that is sometimes in the release of individuals from creations of human distress and limitation, tears of Gratitude are released in a feeling which floods thru the atomic structure. That is the Freedom of the individual; especially if that one has been of rather hard temperament in the past.

Within the tears of Gratitude is there a balancing of the conditions in the emotional body; but the moment you are opposed and something just does not go to suit you, if you are going to burst into tears, I am going to have to withdraw! I cannot waste My Time, when you do not love the Water Element that I give, more than to qualify it with sorrow, when

I gave it to you qualified with Love! No one has sorrow in this world, except when that one cannot have his or her own way. Your Mighty Saint Germain told you when one understands This Law, there is no excuse for the shedding of one tear.

This is the danger point! With a world at war, when the outer world is so filled with grief that people do not know how to control it, if those under This Radiation insist on crying every time they are disappointed or cannot have their own way, then they attune that instant, into the mass pressure of the grief of the rest of the world; and every destructive thing in the world can ride on grief, as well as jealousy, hate and anger! I say to some of the ladies—"overcome that nonsense!" I may be a hard Task-master, but you need one, if you have allowed that to come thru. Tears are but self-pity! Self-pity destroys character, and there is no place for it in This Activity! Never feel sorry for yourselves! Feel sorry for the world, that you do not give it more Light and Love!

Your Beloved Godfré gave you the reminder repeatedly—self-justification, self-pity and self-deception are the things that railroad mankind to destruction and open you broad-side, to the destructive forces and invite them to enter, and you do it of your own Free Will! Nobody imposes that on you. You do that because you want to do it!

Now "I AM" going to be very firm, because eighty percent of you is related to Me, and the firmer "I AM" with you the better it is for Me. (Applause) I have a right to straighten out the family affairs. (Applause—audience rising).

Now precious ones, I thank you for your Love and every bit of Love that comes to Me shall come back to you, as the Cosmic Blue Lightning of Cosmic Purity and Luminosity to your emotional bodies; but I say to you today, every one of you take command of your emotions and don't go off on any wild excitable tangents! It does not make any difference how much you love that Presence and the Ascended Host! You can love Them with all the devotion of your Hearts in Absolute Silence and Stillness. If you are quiet and intense in your feelings within, you can feel that Love to your Presence, just as much as anybody that is excitable and emotional.

"I AM" determined you are going to get command of the energy in your emotional bodies, and not let it swing one way one minute and some other the next. Your emotional bodies need quiet! They need Purity! They need Peace! They need

Harmony and they need the Cosmic Magic Wand of Cosmic Love Supreme! Then will you know rest! Then will you know ease! Then will you know opulence! Then will you be the user of Life's Magical Powers, to heal and bless and help to protect others.

I have a very great Cosmic Purpose in coming here today. "I AM" making every effort to purify your emotional bodies, to strengthen and protect you, in order to give you Self-control enough to govern your sympathy; when the outer world conditions flood forth around you, and compel you to gaze upon the wounded and the injured mentally as those blessed ones in the National Defense return. Then is no time to go off the handle in any emotional excitement or wild sympathy.

Could you imagine Jesus or the Mighty Helios or the Beloved Mary or your Glorious Majestic Saint Germain or your Calm Beloved Godfré, doing such a thing? Could you ever imagine Them wild and excited and talkative and wasting Life's Energy, when They have the opportunity to conserve that, or qualify it with the Cosmic Powers of the Octave above; and direct it in the Commanding Authority of the "Mighty I AM Presence" or the Name of any Ascended Master, and command It to go to those in the outer world, who are needing assistance and perform Miracles of Healing?

It is necessary that you purify your emotional bodies and hold them in calm control. Make them as strong as tempered steel! Then when the hour strikes for the Release of Cosmic Healing Power, to those who come to you, whose creations from the hate of war are causing their distress, you can and will be the Authority to produce Perfection, you having mastered the Water Element in yourselves first! You who have obtained obedience from it and have become worthy of being Master over it, by your obedience to your Presence and the purification of your own atomic structure, can be the Authority in the use of the Great Command, when you shall say to any human creation: "Come out of that one and be thou consumed in the Violet Flame"; and those Life Streams will be released on the instant from the creations that have imposed distress upon them!

We need your assistance to the outer world. There are millions of Life Streams whose Light is very great; where there is stored within the Causal Bodies of those Life Streams, tremendous Light-Substance from many Life-times past, wherein they

have served the Constructive Way of Life! Life Streams whose Treasure-houses are very great and who have a right to be Free! You can be clothed in Our Power and Authority, if you have purified yourselves!

Therefore, if you will remember the reminders you have had recently, in consciously commanding your feelings to refuse acceptance of all human qualities; **BE** the Victory and Authority of all that is Divine; and announce to the energy in your emotional bodies, that you are the Ascended Masters' Victorious Control of that energy, then will I welcome you! Then, will I shake hands with you! Then can I clothe you with My Cosmic Power, to command the Water Element in other Life Streams, to become purified and the creations of human discord to bow at your command; to go into the Violet Flame and be consumed from the Universe, so they touch no other part of Life.

Every human condition of limitation needs your conscious command for its annihilation; and the first place to begin commanding anybody or anything is yourself! Everytime you want to command somebody else, command yourself instead! Command Peace, the Cosmic Blue Lightning of Cosmic Peace to flash thru your feeling world, and **BE** the Master that purifies and holds command, until only that which is constructive is allowed to express.

Habits, my dear ones, habits of centuries can be released from you in an instant, if you understand this which I say today. Whenever there is a feeling within you that is not the Happiness, the Purity and the Feeling of Mastery over a problem or a condition, then call to Me, to purify the Water Element within you, and make it the Cosmic Blue Lightning of Cosmic Purity, and you can have Release on the moment.

My dear ones, the Water Element is the most flexible thing there is. Water goes into everything wherever you direct it. You can put it into a cup, into a hose, into a lake. It is the most obedient, the most easily obedient of all the elements, but it is the most powerful, really, except the Flame. A drop of water constantly dropping can wear a hole in anything. It can wear away rock! It can wear away a mountain! When eighty percent of the Electronic Force of the Energy on the Planet is in the Water Element, then I think mankind needs to understand consciously, the Law governing its manifestation.

You know mankind has a funny idea, and back of it is a certain Truth, when they represent Me as having a trident like a

pitchfork. Do you know what that was originally? It was a Scepter of Power—a Crystal Scepter of Lightning, and everywhere that was directed the Water Element was released from the impurity imposed upon it by mankind. That was the Blue Lightning by which I consumed unfortunate human creation, and I still use the Blue Lightning.

“I AM” calling your attention to it today. Do you quite understand? Ask your Higher Mental Bodies to make you keenly alert this afternoon and make you comprehend completely, what “I AM” saying; to give you the Full Illumination of all that is within My Words! Do you quite comprehend the Water is an Element that conducts electricity as just its Natural Function? Why do you suppose it does? Because electricity or Electronic Force travelling thru water compels purification; and water is the most amazing conductor of electricity! That is why in a rain storm, there is a certain amount of electricity comes down with the rain and burns out of the atmosphere some of mankind’s hate and human creation of impurity!

Do you know how much you absorb that Electronic Force in water? You absorb a great deal of it in a bath. Why do you feel better after a bath? Because the substance of impurity has been taken away from you by the Electronic Force in the water. Oh, if people only knew what the Water Element did for them, they would be so grateful; but they use these Divine Gifts as just a matter of course without the slightest feeling; some from one life-time to another using it all the time, and never one conscious moment of realization, of what they owe and ought to give back to the Universe for the Blessings it brings.

How do you feel when you don’t get a drink of water for a long period of time? How long do you live without water? Then do you not think it wise, to understand more of its service and purpose on the Earth, and try to co-operate with its Original Purity and its Service to Life.

Now I am not intruding on the Mighty Helios’ prerogatives; but like the Elohim of Purity, “I AM” sure He does not object if I remind you, that you can call the Electronic Force of the Fire Element from the Physical Sun into the water of every cell of your bodies, with the command that it become Self-luminous, and as Pure as the Heart of Helios, as healing as the Cosmic Flame of His Love. Then, Light blazing thru the Water Element in your bodies, can release you from the Pressure of the

impurities that you yourselves have imposed upon these bodies, and that also have been imposed upon the atmosphere about you.

I might say something else that the Student Body "I AM" sure does not quite comprehend, and yet they need to understand from the Inner Standpoint. Keep your hands clean, immaculately clean! If you have to work in the substance of physical conditions for awhile, then when you get thru with that, wash your hands and keep them clean; because thru your hands, my loved ones, flows the Cosmic Flame of Love from your Hearts and from the Heart of that Presence! The Healing Flame of Cosmic Love flows thru the hands! That is why you can do things with your hands! They are God's Gifts to you, to handle the Pure Substance and the Energy of the Universe, to call the Powers of Light to help you do out here, whatever you are required to do.

Wash your hands often. Don't be content to allow physical dirt to remain on your hands, because those who understand This Law, should have bodies that are immaculate and whose Light pouring thru the body, commands the substance in the Element of the Earth around them, to become Self-luminous once again!

The structure of your earth, my dear ones, originally was snow white and like Pelleur's Region where the plant life is ivory and pink, the plant life upon the surface of the earth, when Cosmic Love and Peace reign supreme, the coloring of the structure of the Earth and the Powers of Nature was the most Magnificent Beauty and Pure as the rainbow itself; and so it must become again.

Do you know there is tremendous assistance you could render to the animal life, even to vermin and blight. Whenever you see any of that acting, you can call on the Law of Forgiveness for mankind's impurity and command that Life, that energy and that substance, released at once and for Eternity from the impurity of mankind's discord. Then would you be complying with the Law of Love and many of those human creations would just dissolve and disappear without any physical effort from you, just from your calls.

I trust I have not given you too great a Lesson this afternoon. I have reminded you of some of mankind's responsibilities; but it is time and you are nearing the point of Understanding, when knowing your Responsibilities to Life and the Universe about you, knowing the Opportunity and Authority of your own Presence; knowing the Assistance the Great Ones will give, that you have the Comprehension of what is required in the outer world, to undo that of which you have been a part.

Oh, my dear ones, Oh mankind don't know! Even yet, you have but such a fragment of Understanding of what mankind does to Life's Love and Energy and Substance when they say unkind things! If you could see instantly the form that you create, when you think or feel or say or see something discordant; if you could see that register immediately upon every cell of your bodies, my dear beloved blessed ones, you never again would speak one word of criticism nor condemnation! You could not!

If your garments were snow white, the atmosphere about you Pure and Self-luminous, and then you said those things and instantly there stood upon your garments and that atmosphere about you, the form, the color and the quality of the things you say or see or feel; and you had to keep looking at that physically, until you did something about it to dissolve it, "I AM" very sure you would break the habit of ever generating the cause again! I do not believe you would need but one such experience to make you take command of yourselves and govern absolutely the spoken word and the feeling, and you would govern your attention!

Precious ones, please do not forget what the Mighty Victory told you a few weeks ago! Command your attention to go into the Heart of the Cosmic Flame of Cosmic Victory and be sealed there for Eternity! If you wish to know what Assistance I can give you, when you have trouble controlling your feelings or in the use of the Water Element of the outer world, you can say the same thing: If the feeling world of yourselves or others disturbs you, you can say to your attention: "Go into the Heart of Neptune and be sealed there for Eternity and learn the Law of Obedience in the Water Element. My dear ones, I could come back to you on the instant, with a Wave of Love and Peace and Purity, that would enable you to hold a Calm Masterful Feeling in the midst of anything. Nothing on the earth could disturb you afterwards!

You don't know the Love that is in My Heart! You don't know the Power of the Flame of Life in My Heart that for so long, so many, many æons of time, has been the Master Authority over the Water Element. Therefore, if you command your attention to be sealed within My Heart, My Heart is one with your "Mighty I AM Presence," then you will feel this Illumination and your responsibility in the control of the Water Element!

I say to you today, that when you have mastered yourselves, learned to control and keep Pure the Water Element in yourselves, every atom of the Water Element in the outer world, is

instantly your obedient servant and will do your will on the moment! You could then walk on the water, command the waves to be still, command the storm to cease and command the water from the air, to become the refreshing drink to others wherever you move!

Oh, above you my loved ones, is so much Power, so much Wisdom, so much Love, so much Intelligence and Wealth, that Life will give you on the instant, if you will just open the door and keep it opened to Us, thru your attention on that which is so Great So wonderful and so Perfect; instead of hugging to yourselves down here these conditions of limitation in the outer world.

Come up unto the Heights of Eternal Purity where "I AM," and the Light of Creation will illumine you and tell you whatever you choose to know, whatever you ask; but you will never find Illumination of the Mind that comes from God, the All-knowing Mind of God—you cannot find God's Illumination in the contemplation of human discord; nor in the sending out of human discord! That does not contain God's Perfection and God's Perfection alone is Light! Light is the Treasure-house of Creation! Light is the Knowledge of Infinity! Light is the Revealing Presence of the "I AM," either thru the individual or from the Ascended Masters' Octave of Light!

Now for the greater ease of your bodies: if several times a day and always when you take a bath, you were to command every bit of the Water Element in every cell of your bodies, to become instantly as Pure as the Blue Lightning of the Elohim of Purity; as Self-luminous and Dazzling White as the sun at noon-day; you will so charge that Electronic Force from your "I AM Presence" into the Water Element and into the atomic structure of your bodies, that they will become more and more luminous. It will enable Us to blaze into the Water Element in the atmosphere about you, Our same Mighty Radiance, until brighter and brighter will become the atmosphere about you; more and more perfect will become your bodies; more quiet and peaceful will become your feeling world! Purity will be everywhere in and around you, until you find yourselves standing Beings of Light within the Blazing Sun of the Light you have called forth; qualified with Obedience to the Presence and the Ascended Host! Then you may move forward and every Being of the Four Elements will come to you and bring you Their Blessings! They will be blessed by you, and your Light will dissolve the impurities imposed upon the Forces of the Elements by the rest of mankind!

You will move the Master Presence, then all Light compels all Life to be released from human discord, but you must be that Presence of Light within yourselves first!

If you will call to your "Mighty I AM Presence" and your Higher Mental Bodies, to blaze thru you whatever Action of the Violet Flame and the Blue Lightning of Cosmic Purity is necessary, to make the Water Element in and around you wherever you move Self-luminous and as blazing white as the sun at noon-day; then call to Us who govern eighty percent of what is in the atmosphere about you and the ground upon which you walk, you will find, my dear ones, that the Light in the Waters, can give you Freedom and the Purity that sets you free.

This does not take the place of the Fire Element, but Water is one of the Four Elements that mankind has so contaminated; and since it is eighty percent of the manifestations of this world, then it needs your conscious attention and Our Cosmic Help to bring about the Balance again; where mankind may arise and become once more the Pure Beings of Light, Perfection and the Master Authority over all the Elements of this world, until all are the Perfection of the Ascended Masters.

My loved ones, would you not love to have someone who is Master of the Water Element, whose Healing Flame thru the command of the "I AM Presence," come forth in the Great Love of Life's Authority, the Cosmic Love of the Healing Flame, place that Flame of Love upon your eyes and remove obstruction? Place it upon the head and clear the mind! Blaze that Light thru the atomic structure, straighten it out, and return it to the fullest youth and Beauty of the Higher Mental Body! Would you not be grateful? Would you not be grateful to someone who would do that for you? Then I say, to you, become obedient to the Presence! Draw these Master Powers of Light thru yourselves! Purify and Perfect yourselves and let Us clothe you in the Cosmic Power, which We can give to assist others; until the Love that mankind will pour to you who have helped them out of the distress, will lift the Planet to its Final Freedom.

You can purify and perfect yourselves and be clothed in Our Power to assist others. You can draw from those Life Streams, the gratitude from their "Mighty I AM Presence" and Higher Mental Bodies to you in such tremendous Cosmic Action, that It would be like a Great Wave of Light and Love raising masses of mankind up into more and more Light, until there were no more shadow!

You can do it, but it can only be done by those who have Conscious Understanding of This Law, and I stand ready to help you! I will not fail! I cannot fail! Your Presence will not refuse you! The Ascended Masters will not refuse you! There can be no failure anywhere for you in receiving the answers to your calls, except as you do not keep your attention upon the Source from whence your Help comes!

Command your attention into the Heart of your "I AM Presence" and into the Heart of the Unfed Flame, or any Quality or Condition of Perfection you want; but command it to be sealed there for Eternity and Cosmic Help beyond your belief, will come to you on the instant! I would not longer allow mankind's discord of the outer world to compel my attention away from the Permanent Happiness for which my heart called! Anything that is of the outer world will but take your attention away from Permanent Happiness and the Perfection of the Divine Plan fulfilled!

Come, my dear beloved ones, this hour! Understand the Power I can give you! Call forth the Illumination of the water in the cells of your bodies, and command the Beings of the Water Element in the atmosphere about you! Command the Purity of the Blue Lightning, Cosmic Purity into the atmosphere everywhere you move; and my dear ones, instead of you breathing in the smoke and the conditions in the atmosphere of others, you will be the atmosphere of My Purity and Light; and that Light will go into their worlds and remove the desire for any more human limitation!

If you understand Me today and will give the command thru the Authority of your own Life Streams, for the Cosmic Blue Lightning of Cosmic Purity to blaze thru all the water Element in every cell of your bodies and the atmosphere about you, you can become the Master Presence and Authority over the Water Element everywhere you move! When you have mastered yourselves, the Water Element everywhere knows when you have obtained obedience from that element! It automatically feels it! Then will the Beings of the Water Element come to you and give you Their Blessings, and never will a destructive force touch you from that Element over which you have become the Master.

You cannot do that without the Assistance of Myself and the Ascended Host! No human being on earth has ever become Master of the Water Element without My Love and Assistance as soon as that one calls to his or her own "I AM Presence"; but

I have offered the Assistance. I cannot hold anything from Life, for "I AM" the Giver of all that purifies the Water Element! Since eighty percent of the earth is water and that needs your calls for purification, as well as the Water Element within your own bodies, I shall appreciate anything your Love would call forth to assist the Water Element in the rest of the world; and any Love that you pour there, I guarantee you, will come back amplified infinitely to bless you for your desire to purify the rest of the Earth!

Learn to love the Cosmic Blue Lightning of Cosmic Purity! Take It into yourselves as you would the one you loved the most! Hold it within you and ask it to make all the Water Element in you as Pure as the Heart of the Central Sun! Just love Purity! Love those Great Beings of Love and Life's Perfection! Pour to Them your Love and let us see what the "I AM" Students will look like, even a year hence!

Oh, it is the Magic of Beauty and with it comes the Eternal Youth of your Higher Mental Bodies! You can just as well this coming year, have the Beauty, the Ease, the Illumination and the Perfection of your Higher Mental Bodies, as you can carry along the wrinkles of the past! Now remember, you don't have to have those wrinkles a year from now unless you want to! If you will let go of them, I will try to wash them away in the Water Element and I shall purify that with your calls!

Let us move forward and charge the Waters of this Planet with the Cosmic Illumination, that purifies the Earth and makes the atmosphere itself white and shining as the Sun at noon-day! There are many things that the Great Power of Life could do to absolutely defy the orders of the war beasts of the world! They think they work in darkness, but the atmosphere of earth could be compelled to become like daylight and they could not shut that off! So if you will call for the Illumination of the Water Element in yourselves and the atmosphere of earth, who knows what the Great Dispensations from the Great Central Sun, might permit to come forth!

The Cosmic Light-Substance can illumine the atmosphere just as well as purify a body, and there are many, many ways that Life has of neutralizing all the war orders of the world! All the war plans! All the energy that mankind has ever released can be wiped out by THAT which is greater than the earth! I return your attention to It! I remind you of Its Authority and Power, and I will come and help you control the Water Element

within yourselves, until It is Pure and Self-luminous and It gives Its Blessings to all wherever you move.

You have not yet learned of how great My Love can be, but give Me the opportunity thru your attention and your calls to the "I AM Presence" and Me, and let me show you the Release that you can have. I thank you for your attention this hour! I ask your Presence to illumine everything I have said to you and to record It within you, in that Blue Lightning of Cosmic Purity which will never let you forget It and We will see how soon I could come again.

Thank you, my loved ones! Help Me by the purification of yourselves, and We shall purify these magnificent cities, your America and the world; and wipe from the records of Life all that has ever been of human distress! I love you and Those Others who govern the balancing of the Elements with Me. I trust one day, Each One will illumine to you the action of His or Her own Element; until you will understand within yourselves, what the Forces are that have tried to help you fulfill Life's Divine Plan and from now on, will give you Great Co-operation.

I thank you, beloved ones. May this day be a Blessing to the Earth, to you and the atmosphere of Earth, until the Light in Its Blazing Authority takes Its Dominion forever!

I thank you.
