

BELOVED ELOHIM OF PEACE ' DISCOURSE

CHICAGO, ILLINOIS

APRIL 8, 1945

SUNDAY EVENING

FROM COSMIC HEIGHTS of Peace Eternal come I with Legions Supreme, releasing the Cosmic Flame of Love and Peace, that perfects all things and raises them into the Fulfillment of the Divine Plan wherever I rule. Wave after wave of this Cosmic Flame of Love and Peace from My Heart, have I poured upon mankind thruout the centuries; and still do I pour It until the last fragment of human discord has been consumed, in that Sacred Fire which is the Purifying Power of all Creation.

Thru the atmosphere of earth come My Legions of Peace, drawing more and more of the Fire Element into the atmosphere, to consume all substance that weighs so heavily upon mankind this night; and to remove that by which the sinister force has so long preyed upon them. The Cosmic Flame of Love and Peace, of which "I AM" the Focus to this earth, comes from the Great Central Sun thru the Physical Sun; and then as I draw and consciously direct that Power to the earth, thru the brain and body of every human being, there anchors a certain Substance from My Great Octave of Light, which is the Electronic Belt around the Physical Sun. There abide the Great Manifestations of Life's Power and Authority which govern this entire System of Worlds, and We are the Dispensers of those Gifts, Powers and Blessings to the earth, holding within Our Hands an Action of the Fire Element which is absolutely imperative in the onward journey of each Life Stream thru this world. It is imperative that Our Flame anchor within each one's physical body, in order to be the Focus of the Fire Element by which the individual, thru the attention held with determination to fulfill the Divine Plan, draws forth the Cosmic Power from Our Octave to that accomplishment.

Therefore, each Life Stream can be as Great an Expansion of My Cosmic Flame of Love and Peace as the individual so desires or commands to go forth; or the individual having Free Will can stand that aside and dwell in the shadows of distress, until the human creation become so frightful, that in desperation the Heart calls to Me for release from the human mistakes of such long generation.

Mankind do not comprehend even in a fragmentary way how long some of the destructive forces have been using the energy of Life. If it were not for My Cosmic Flame of Love and Peace connecting with each Life Stream, unfolding It and helping the Higher Mental Body to Its Final Victory, the Ascension—if it were not for that Flame coming forth at intervals in Greater Pressure thruout the atmosphere of earth, mankind would drive themselves by their own misuse of Life's Energy into the final dissolution thru the second death. It is only because at intervals, My Flame of Cosmic Love and Peace has swept the earth that It stills the frightful onrushing energy of mankind, which has been qualified discordantly.

Astonishing as it may seem to you, yet there are those Life Streams, which while not yet quite black magicians, if they were allowed to continue much longer, would become so in their misuse of Life's Energy acting for so long. Some of those Life Streams whose human creation is so frightfully vicious today, have been misusing the Energy of this Universe almost a million years. We, from Our Great Height of Perfection in Our Mighty Octaves and Spheres of Beauty, of Power and of Manifestation Supreme, stand and watch century after century, the same individuals generating more and more discord to cause distress to all mankind. From Our Heights of Attainment it seems almost incredible that any part of Life which has Free Will and the Unfed Flame in the Heart, should ever so long choose the shadows of suffering and limitation, when We stand ready to offer the Cosmic Love and Peace of Our Hearts for their Freedom and Release.

Mankind does not understand what it takes from Our Octave to undo the damage of a war. They do not know what it takes from Life's Higher Activities in This System, to keep the increasing whirling conditions of hate from making the entire planet a desert. Will you remember tonight, that hatred kills more than any other one thing which mankind release. The hatred as it bursts loose thru war, is that which has been generated previous to that war, thru many years of jealousy, anger, resentment and rebellion against each other; because all resentment and rebellion sent out against human beings, is sent out against Life, and all rebellion is disobedience to the First Law of Manifestation.

At no time is there ever a justification for ever imposing discord upon anyone's world, much less your own. It is bad enough, precious ones, when things do not go to suit you, to send out

flares of resentment against individuals who do not do your will; but oh, how much greater offense is it against Life, when that rebellion is against the Fulfillment of the Divine Plan of your own Life Stream! When that Glorious Precious Presence of the "I AM" above you and Its Magnificent Higher Mental Body have stood waiting so long, It still provides Assistance. It gives you an allotted time approximately for each embodiment, wherein a certain release of Its Energy is set aside for your use. Again, and again, and again, the discord has become so great that the Divine Plan could not be fulfilled. The aggregation of discord, the human creation each time increasing, brings the individual to the time when that one cannot extricate the outer self from that which has been built. In the Great Mercy of Life, It provides Our Assistance from the Great Octaves of Light, as Directors of the Great Sacred Fire. At a certain point of discord, when its pressure would shatter the structure of earth, it is offset and consumed to a certain extent, by—what do you think? Oh, not just a Ray of Blue Lightning which We project forth to shatter apart such vortices, but the rest of it is consumed by an Action of the Fire Element which can only be focused and controlled by Those Who are the Embodiment and Full Cosmic Mastery of the Cosmic Flame of Love and Peace!

Long, long, long have I wanted to give mankind the Full Explanation of what Our Flame of Love and Peace could do to the earth and to every individual. I trust yet that the time will come, not too far distant, when the Fulness of some of Our Activities may be revealed to you; and you be shown the Magnificence of the Manifestations of the Sacred Fire, especially the Action of the Cosmic Flame of Cosmic Love and Peace. Do you know, beloved ones, in Healing Activities when the body has become distorted thru great discord and impurity, even after the human discordant creation has been taken away and consumed, you must have the Cosmic Flame of Love and Peace to straighten that body out and let the Life Currents flow again in their natural direction to bring about Health and Balance? You cannot have Healing without My Two Flames of Cosmic Love and Cosmic Peace. No Healing ever took place on this earth, that did not have some of Those Two Flames from My Heart to establish it! Every Ascended Master and the "Mighty I AM Presence" of every human being wields that Flame, and since I am the Dispenser of It to this planet, then all upon earth receive some of that from Me.

The Beloved Master Jesus in His Ministry and last Embodi-

ment, learned that Cosmic Power of My Love and Peace, which He contacted by His Own Great Love to Me; and so may every one of you build your Healing Power to whatever momentum you desire, when you call forth that Action of the Sacred Fire of My Cosmic Flame of Love and Peace. You can draw any momentum that you desire right here and now in this physical world! You can draw that from Me, because you have an individual Flame of My Life Stream within your own forehead. Just as a child contains the energy of the parent, so do you contain the Flame of My Life Stream from the Electronic Belt around the Physical Sun, because in the forehead of every human being My Flame is placed in the Life Stream when individualization comes about.

When your Cosmic Flame of Life individualized onto this world, It came thru the Physical Sun, thru the Electronic Belt around the Physical Sun; and received from the Seven Mighty Elohim a Flame from Each One, to be the Balancing Power within the atomic structure of your physical bodies, until the moment of your Ascension. That Flame was given to you more than four million years ago. That is a long time, My dear ones, for that Flame of God's Own Heart to abide within the brain structure of mankind and give Its Peace at intervals. Whenever the danger becomes so great that it would destroy the Balance of the planet, then We take a Hand. That is why My Flame was placed there, because when mankind's discord threatens the Power of Nature to extinction, and threatens the Currents of Life's Energy in the structure of earth to a certain point, then We become the Authority and the Blue Lightning goes forth to the annihilation of mankind's human creation, in whatever proportion is necessary to hold the Balance or prevent world disaster.

Therefore, I hope tonight to give you the Illumination which will make you realize with every atom of your being, that every Point of Light in your bodies, can be expanded to become a Blazing Sun of My Cosmic Love and Peace; to pass Its Blazing Flame thru the atomic structure of your flesh; to blaze around you to any degree that you command, until your face is as shining as the Sun, and reveals the Authority which "I AM"!

It but takes the Light to consume the shadows, and it will always take the Flame of Love and Peace from My Heart to heal the bodies of mankind, their minds, their bodies and the Nation. Do you know what would happen to the earth, if some of mankind were not calling for My Cosmic Flame of Cosmic Love and Peace to take the place of human authority? Do you know every

Nation on this earth would attempt to destroy every other Nation, and all would go down in their own hate, were it not for your calls to Me for Peace?

The Hearts of mankind, the Unfed Flame in every Heart is desiring and calling for Peace. People want the release from their own discordant conditions, but they do not use the Authority of their own Life Streams, which Life provides to issue the Command to enable Peace to possess the earth. A desire is one thing in your feeling world, but to use the Authority which is your God-given Dominion from the Great Central Sun, take command of your being and world and issue the command that Peace shall rule, and not human discord, is the thing to which mankind must become awakened.

Mankind are very much like children, they become rebellious sometimes at home and run away and get lost, and before nightfall don't know where they are. Then someone else must go to their assistance. Mankind are in exactly that position tonight. They have run away from the Light and Its Authority so long, that they know not where the Power is which can bring them back to peace and the sensible way of living, until the Divine Plan can be Fulfilled.

So in My Outpouring to you tonight, because you do have conscious knowledge of the Law, I can release more of the Cosmic Flame of Love and Peace, to you, to your city, to your Nation, and the world. In your conscious calls, I can release more of that Flame than I could to a Nation who will not use their own Authority of Life, to issue the command which opens the way for Me to act. So I am grateful, My loved ones, that you have turned away from your human creation and that of the outer world, long enough to learn this Law of the "I AM" and make your calls; so We may have the Open Door to release the Pressure of the Fire Element into the outer world, to help stem the tide against all hate.

This is why so often, you have been reminded not to criticize or condemn each other, nor to pass judgment; not to have any opinions about others who are Open Doors and who are calling to Us to blaze thru those open doors, the Fire Element to assist all. You might not yet harmonize with each other, but if you don't, you can at least be silent and not prevent any door under This Radiation from ever rendering its greatest outpouring of Our Flame from Our Octave, to assist the Nation and the rest of mankind to their Freedom!

If mankind would only live for the Blessing to the whole, they would forget the friction in the parts. You know in your automobile, if you do not have enough oil in it and the friction gets too great, you have disaster, don't you? Well, so it is in the Activity of Life, when discord goes forth, all of Life suffers! Discord from one individual in a room can make fifty people in that room uncomfortable, and that is not fair to Life anywhere! So if you feel sometimes just a little off-key, won't you just turn to the "I AM Presence"? If you will turn to Me, I seeing that, can with a wave of My Hand take away that irritation and pressure; and just let flow thru you, My Love and My Peace! Do you know how you will feel? You will argue like this to yourselves many times: "Oh well, I am so comfortable I don't see why I should be disturbed by the other person. I just can't afford to lose this." That is what I want you to do.

I will make a compact with you tonight, that if every time someone's outer self becomes resistant or rebellious to you or you to them, one or more, if you will just the moment you are conscious of that resistance or irritation, suddenly snap your attention away from it and hand it to Me and say: "Mighty Elohim of Peace, take me into Your Heart of Cosmic Love and Peace"! Then for just a moment hold everything in connection with Me. Do you know what I can do? I can drop a Curtain of Flame around you and over the condition, and neither you nor the other person will become disturbed. That which might have become a cyclone is just suddenly covered with My Cosmic Flame of Love and Peace. You will shut your world against the pressure and the discord of the outer activities of mankind, and you will be able to hold your Harmony without interruption.

In that way, My dear ones, perhaps I am just designing this for Myself a little—it will give Me the opportunity to release many more Waves of My Love and Energy to accumulate in and around you; to gain greater Pressure of My Cosmic Flame of Love and Peace in the physical octave. I do not mean that you should look about you for others with whom you might not agree, just in order to call to Me; but every time you are able to turn away from a discordant condition and come to Me, you let My Flame have an opportunity for Expansion; and I am waiting for every opening that I can have right now. If you knew how those in your National Defense were longing for the hour when Peace is declared, Oh, My loved ones, you would remember Me every waking moment. Could you see their hearts' calling and their desire to be out of that condition, you would call constantly.

After all, I am not exactly an uncomfortable Person with Whom to associate. I have never been uncomfortable to anyone, and if you love Me enough, there could not one thing be imperfect in your bodies.

You have never yet understood what We can give to you when your intense Love comes to Us. You might love Us with every atom of your Being one day, and on the next breath, We can flood forth to you more Love and Blessings from Our Octave, than you know are in existence. Therefore, "I AM" a better investment of your time and your energy, than anything you can do in the outer world. I will pay you greater interest on the investment than any bank in existence; because tomorrow they might not be in the Universe, and I will. I am much more secure than anything in the physical world. Everything in your physical world must change some day to My Perfection. I change not, except to expand the Perfection "I AM" and to give more of Myself to the Universe. That is a Great, Great Joy. When you begin the exercise of that Same Activity within yourselves, you will wonder how it was ever possible that any human creation could have kept you from Our Happiness and Our Power of Mastery.

Beloved ones, do not waste time nor energy battling anybody or anything. Wrap yourselves in My Cosmic Flame of Cosmic Love and Peace; and ask My Blazing Presence to stand between you and whatever would seem to create discord. I want to remind you "I AM" Master of the Fire Element in the Electronic Belt around the Physical Sun. I can stand in the Flame! I can project the Flame, and no Fire Element anywhere on this planet or anywhere else can ever cause any distress to Me! Therefore, when you become acquainted with the Powers that Life has placed within My Cosmic Flame of Cosmic Love and Peace, you will realize that you have entered in, not only to the Heart of My Power, but you have entered into the Great Creative Action of all the Universe, when you are at One with Me.

What am I asking of you tonight? I am not asking you to do anything except take your attention away from that which makes you unhappy; and come and abide within My Love and My Peace wherein are all things, all Powers, all Perfection, all Joy, with which I can clothe you at any moment; which can go before you and dissolve all human creation before it can reach you. I offer you all, so you may let My Power, My Love and My Peace flow thru you to the ground you tread upon and into the atmosphere you breathe; to the rest of mankind among whom

you move, and to the Powers of Nature. Why? That they may bless you with more Peace. Oh, My dear ones, if you knew the Joy of just Expanding the Cosmic Flame of Love and Peace to every particle of Life, you would never occupy yourselves again with doing anything else than that.

Now, let Me assist you. If you are in channels of the National Defense or the outer world's activities, where there is so much discord and unkind feelings, don't let that weigh heavily upon you. Remember, I stand above everything human, and you can connect with Me. I mean you open the way for the Full Power to release instantly thru you, the moment you call to Me. You do not need to wait one second. The moment you turn to Me and speak My Name, My Flame of Love and Peace shall flash around you the next instant. The more you make the call, the more Flames can I keep releasing around you, until the Momentum comes to a point where it automatically keeps repelled that which would seek to disturb you. Let no human thing rob you of that which I can give! Let no human thing hold your attention upon distress, when I can give you Love and Peace Supreme.

Learn to wear the Blazing Sun of Love and Peace from My Heart around you; feel yourselves clothed in the Star of that Fire Element which comes from Our Octave of Light, the Electronic Belt around the Physical Sun; and feel that Fire Element around you keep consumed every feeling that is not the great ease of accomplishment and the great Illumination of the mind, which can show you far in advance the right intelligent thing to do. There comes Great Illumination from My Cosmic Flame of Love and Peace, beloved ones, for when your feelings are at Peace, and My Love pouring thru you to bless all around you, Cosmic Illumination from Our Great Manifestations of Life, can flood thru you without obstruction at any moment.

You know there has been a saying for a long time, "Eternal vigilance is the price of Peace." I say to you, I give you My Love and Peace without price, if your vigilance is great enough to turn your attention to Me, and watch that the human does not draw upon you and steal your energy which belongs to your Presence!

Do you remember the Master Jesus' Words in speaking to the waves of the ocean, when He said, "Peace, be still"? He used the Cosmic Authority of His Life Stream to command that energy, and it took on His Command and obeyed Him. I say to you: when you call My Name, the Cosmic Flame of My Love

and Peace will flow to you, until you, too, one day become a Being of Its Magnificent Presence and Authority. Won't you be the Authority of My Flame of Peace now? I want to bring you tonight, to the realization that YOU CAN ISSUE A COMMAND IN THE NAME, LOVE, WISDOM AND POWER OF THE ELOHIM OF PEACE, AND COMMAND HUMAN DISTURBING CONDITIONS TO STOP THEIR ACTION, AND ASK ME TO TAKE THEIR PLACE FOREVER!

I offer you tonight the opportunity and the Assistance to command what you will in My Name, and My Peace and My Love shall enfold you to the accomplishment of your Victory! You shall never fail again in anything, when you call to Me and command in My Name and Authority the Manifestation of the Cosmic Flame of Love and Peace from My Temple of Peace! The Legions of Peace are awaiting the call to mankind; and is it not a tragedy before Life, when Unlimited Legions of the Angelic Host and Legions of Peace stand waiting a call from those who are in distress, and the call comes not? What think you is the Action of Life, when mankind endowed with God's Intelligence to make the call, do not use their God-given Authority?

Tonight, I remind you of your Divine Prerogative to call forth any Manifestation you desire which is the Fulfillment of the Divine Plan, in the Name, Love, Wisdom and Power and Authority of any One of the Elohim, or All. In the Name, Love, Wisdom, Power and Authority of any Ascended Master, or All; the Cosmic Beings, or the Authority of the Great Central Sun; of your Mighty Helios. Call in the Name, Love, Wisdom, Power and Authority of my "Mighty I AM Presence," and all that is of the Sacred Fire and the Cosmic Light, I command 'thus and so' made Manifest by the Cosmic Flame of Cosmic Love and Peace Eternal! That is what We want you to do, beloved ones! Hesitate not to command! The Electronic Force of the Universal Substance is placed everywhere to be commanded! It is the Universal Electronic Energy! You have commanded it many times in the past to produce destruction! Why not face the Law's Action now and command it into action in the Name, Love, Wisdom, Power and Authority of Our Octave of Light, that Our Perfection may take up Its residence in your world and your octave, and release to you Our Blessings which We are waiting to give.

Precious ones, hesitate not to draw forth the Great Cosmic Mastery and Powers of God made Manifest by the Cosmic Flame

of Cosmic Love and Peace from Our Hearts; and I will show you what you have never seen before! **MAKE YOUR CALLS FOR THE COSMIC FLAME OF COSMIC LOVE AND PEACE WHICH THE WHOLE WORLD REQUIRES TONIGHT; AND LET ME SHOW YOU, WHAT I CAN DO FOR YOU WHO ARE READY TO DO THAT FOR THE WORLD!** You all felt last night the quick Response when you gave your slightest call to Me, and that is not anything to what I will show you, as you keep your attention and your continued calls coming to Me. Then will I come back to you with a Power that none dare deny! That Power of My Flame of Love and Peace around you, can become so Tangible and so Almighty that those coming near you will be set at Peace instantly; and when they have to contact you, they will not have any other thought except to hold My Peace and cooperate with you.

With enough of that Cosmic Flame in and around you, and your calls to Me, We can do anything in the Universe, and without it, We can do nothing that Fulfills the Divine Plan. Mankind cannot Fulfill the Divine Plan of their journey upon this earth, except by the use of My Cosmic Flame of Love and Peace. When there is distress in the body, command in My Name and in all the love that you can generate—Peace and Love Supreme, to Manifest the Perfection of the atomic structure that Fulfills the Divine Plan all the time.

Do not fear, beloved ones, because suddenly there is a step-up of the vibratory action of your bodies or in your brain structure and the atmosphere about you. Sometimes, when We come quickly with Dynamic Force and charge It in and around you, sometimes the vibratory action is raised very rapidly, even to the point of your feeling perhaps a little light headed, but be of good cheer, I am only drawing you out of your distress! (Applause—audience rising).

Thank you, precious ones, thank you for that Love; and I shall qualify It with My Cosmic Love and Peace and let It burst as a Living Sun around you to bless all, until the rest of mankind look toward My Light, and My Flame has drawn them out of their distress forever.

Thank you very much, and won't you be seated?

My loved ones, Oh, could you hear, could you hear the "I AM" Music in the Cosmic Temple of Peace, in that Electronic Belt around the Physical Sun, you would never be the same person ever again, if you just heard It once; because the Action of the

Fire Element and of My Love, all My Love, is so Great thru that Music that nothing in the Universe can resist It! There is not any human creation on the planet which could stand against Its Onrushing Flame, because back of that Flame is a Pressure of Energy which can drive thru anything in Creation.

You can draw around yourselves My Cosmic Flame of Cosmic Love and Peace, and become such a Living Outpouring and Blazing Sun of Its Fire Element, Its Fire Activity, that everywhere you move Peace will be established for Eternity, if you so command it. Call to Mē to compel Peace established there for Eternity! I challenge you to give that command to your bodies. Speak in all the Love at your command to every atom of your flesh structure, to all your mental and emotional bodies, and say: "In the Name, Love, Wisdom, Power and Authority of my own 'Mighty I AM Presence,' the Seven Mighty Elohim and all that is of the Sacred Fire, I command you to be at Peace for Eternity. Wrap me in the Flame of Love from Their Hearts, and refuse all else wherever 'I AM' forever"!

Do you know, My dear ones, what your bodies need, what your Nation needs and what all the world needs, is to be loved into Our Peace and out of human authority! Won't you command, accept and acknowledge, that you are the Authority of My Peace; you are the Authority of My Love? Say to yourselves often when there is distress in or around you, "I AM" THE AUTHORITY OF THE COSMIC FLAME OF COSMIC PEACE FROM THE ELOHIM OF PEACE! "I AM" THE AUTHORITY OF THE COSMIC FLAME OF COSMIC LOVE FROM THE HEART OF THE ELOHIM OF PEACE! —and what do you do? You stir every Electron within you and every Electron in the atmosphere about you into action. You start into motion the Expansion of My Flame thru every Point of Light in and around you, for "I AM" the Sustaining, Ever-Expanding Power of that Flame. When you call It forth in All the Authority which "I AM," I can burst It into a forest fire of the Cosmic Flame of Cosmic Peace and Love from My Temple of Light, My Temple of Peace, My Temple of Flame, My Temple of Love.

Do you know what that is, do you realize that is the Focus of all the Fire Activity which I have drawn forth thru æons of time and focused in the Electronic Belt around the Physical Sun for constant use to this world? Do you know how Great is the Focus of that Flame of Cosmic Peace which I have loved so well and so long? I have done it; so can you. I was human

once, but thank God, no more. You are human now, but you don't have to stay this way forever; because I love you, and "I AM" pointing you to the Momentum that has been drawn forth by My Love of that One Quality of Cosmic Peace in the Fire Element; to spread Its Activity everywhere thru every Life Stream on this earth; and to continue to expand, until It has drawn everything into the Heart of the Cosmic Flame of Cosmic Peace and Love Eternal.

Never again after this night, precious ones, dwell in the contemplation of the human, when I stand by your side awaiting your call to give you all the Power that is Divine. My Cosmic Flame of Cosmic Love and Peace is the Fulfilling of the Law. Therefore, if you are to have the Divine Plan Fulfilled of anything you desire, "I AM" the Law of Its Manifestation, and you must have the Cosmic Flame of My Love and Peace, to Fulfill the requirements of the Divine Plan.

Shining as the noonday Sun you must one day become. As Peaceful and Calm as the Central Sun Itself must your feelings one day become. Kind as the Great Mighty Helios Himself in His Love to the earth to which He gives all of His Life, must you become to Life; and you can only become like that as you call constantly into outer action, My Cosmic Flame of Love and Peace Eternal. Wave after wave after wave of that can flood in, thru and around you at your conscious command. You can establish an outpouring and pulsation that will never cease! You can BE the Fulness of Its Cosmic Power thru these physical forms while yet unascended; and you can become a Wide Open Door for the Mightiest Powers that We command; to flood forth thru you and bless your Land, your people and your resources; to bless the world; and loose the Light that consumes the shadows; to release the Love from Our Octave that dissolves the hate in yourselves, and releases the Cosmic Flame of Cosmic Peace which shall keep war out of the world forever.

Everyone's emotional body when it becomes weary with the discord of the outer world, craves release and relief from the strain and stress of human discord. Your emotional bodies, My dear ones, are starving sometimes for the Wave of Cosmic Flame of Cosmic Love and Peace which "I AM" waiting to give; and from this night, I challenge you to saturate your minds, your bodies, your feelings, your atmosphere and your worlds with My Cosmic Flame of Cosmic Love and Peace, and see whether the Divine Plan Fulfilled will give you Its Blessings or not. You cannot have them without My Peace and Love. Therefore, "I AM" giving

you all that is required. Call to your Presence first always, that Glorious Unfed Flame of your "Mighty I AM Presence," and then call to Me for the release of that Momentum which I command, and which I can build in and around anyone who will give Me the attention and the calls; and hold the Uninterrupted Harmony until wave after wave has built the aggregate Momentum which just is all Authority.

Do you know what the Cosmic Flame of Cosmic Love and Peace makes you, as you gather It around yourselves? It makes you like the Rock of Gibraltar. The storms and the tide can come and go and push against that Flame, but can not get within It. The turmoil of the outer world cannot enter My Flame! I will not allow it! Therefore, when you call forth that Flame from My Heart around you, just remember and feel deeply, that I will not allow any discord to touch It. It cannot pass thru My Flame, because it would be annihilated the moment the discord contacted It. Since "I AM" the Authority over that Flame, then nothing human can touch you. So when you call It forth, fail not to remind yourselves that It is I Who direct It; I Who command It; I Who have qualified It; and "I AM" forever the Authority over It!

Oh, learn the Magic of the Blessing of all things with My Cosmic Flame of Love and Peace! Command My authority to rule everywhere in the physical octave and compel the human to cease. Bright as the Sun at noonday will you become—Glorious, Free, All-Powerful and Victorious—as you call It into outer action. Precious ones, it just means calling again, again, again, again, again, again, again, again, again and again; for in the Power of the Three times Three will you find Its Blazing Presence unfolding you to the point where one day, if you so decree it, that Flame around you can become physically visible to the sight of all mankind, and when they see It they will remain at Peace forever!

Oh, We want this Momentum, precious ones, in the physical octave now, and you are such magnificent channels by which It can be released quickly, while with the rest of mankind it will come much more slowly. Let Us join hands tonight with that Magnificent Flame of Cosmic Love and Peace from My Great Temple of Peace, and have the Great Blessings which It contains. Make your bodies My Temples of Peace! Make your Land My Temple of Peace! Make your world My Cosmic Flame of Cosmic Love and Peace! Let Me show you and give you what is in Our Octave, to make yourselves like Ourselves as soon as possible.

Gather this Momentum around yourselves, beloved ones, and be prepared to give It to those of your loved ones coming back from overseas; until your Flame will be so great that they will want to come to you and bask within the Sunshine of that Flame, until they have become Its Presence too. Let Us draw the world up and out of the shadows of distress, for the Cosmic Flame of Cosmic Love and Peace is waiting to enfold them in Eternal Happiness.

Feel My Flame enfolding you when your attention comes to Me, and do not say, "Well, I don't feel anything," because when you say that, that is because you don't want to. You say, "Oh yes, I do!" I say, "Oh no, you don't." When you don't feel Me, you could command your human to be annihilated and your feelings to be the Feeling of My Peace, if you will take the Authority of your own Presence and so command it.

I have watched many times people in the classes, sometimes these Currents have been so great, and when the Messenger or somebody has sometimes said, "Did you feel that?" they shook their heads "no," they didn't feel a thing. They did too, but they were so quiet inside, they did not recognize it. They were so comfortable in the quiet, that when it got in there they did not recognize it. Sometimes the Current is so still that It does not shake you up, but don't say it is not there; because you did not get some rousing Current. Oh, We could make you feel anything if that were what produced Perfection! Many times you say, "I don't feel any unusual sensation," but if you noticed your feelings previous to that, you would realize you were very still and very comfortable, but you did not recognize what made it. You just thought it was natural. It is True, it is Natural. It should have been there long ago, but you did not have as much of that stillness before.

So when you say to your "I AM Presence" and say to your feelings: "I have called to the Elohim of Peace and I forbid any other feeling except His Cosmic Flame of Love and Peace to be felt in me, my world." I can make Myself felt, My loved ones, with no uncertainty, if you really want to feel Me! Now you must decide! (Applause, audience rising). Thank you, precious ones, I accept that, and I say to you from tonight on, give My Flame to others for they need It everywhere you move! Give My Flame to all, BE It yourselves, and I shall answer your every call on the instant, and My Love and My Peace shall prove to you the Power of My Cosmic Authority, until the moment when you stand with eyes wide open and see Me face to face!

I thank you and won't you be seated?

We are drawing you gradually into that Attunement wherein when the Great Ones come in the Tangible Bodies, you won't go to sleep before them. (Applause). Thank you, precious ones. Not that you would intend to, but the very rapid raising of the vibratory action of your bodies, if they were not accustomed to a very much higher vibratory rate, in that very rapid raising, the first tendency of the emotional body is to step out; while if you will call Our Flame, My Flame of Cosmic Peace and Cosmic Love into action in the waking state often, and let the Momentum of that build around you, then you will find you can be raised very gradually to the point where, when the Great Ones come thru you will be keenly alert. Then there will not be such an unusual sensation that it would hold your attention, when the Great Ones would need it upon what They are saying.

So you see all of this is a preparation to bring you gradually to the point that, when They open the Door to step thru, it is as natural as breathing—it is as natural as associating with each other; and you will wonder that there ever was a time when the Door had been closed.

So tonight, as I return to Those Magnificent Heights of Beauty and Perfection that I hope to one day bring upon this earth in Glorious Sublime Power Eternal and Victory Almighty, I shall await your calls; and I shall hear every one, because the Flame of Cosmic Peace which is anchored in your foreheads is a Wide Open Door of connection with Me whenever your attention turns to Me, and your feelings call to that which I can give. "I AM" so happy to give you all that Life has released at My Command.

May your Momentum of Cosmic Peace this night be so intensified and My Cosmic Flame of Cosmic Love give you such Blessings and such Power, to hold that Peace without interruption, that you feel again your full Cosmic Mastery; and use It in the outer Life for the Freedom of your fellowman, the Release of your Nation, her people and her resources from that which is of the shadows; to compel the immediate return of your Beloved Donald and all in the National Defense from the realm of the shadows, where also My Peace must some day rule.

My Love goes with you, and My Peace shall be a Garment about you. Go forth and blaze It, Oh My beloved ones, everywhere, for they are all dear to Us. Every Life Stream is a part of God's Heart, and We serve to set it Free from that which was never intended to manifest. May My Love and My Peace serve

you well and abide with you, until the Fulness of your Victory and Freedom in the Light. Remember, "I AM" ready when you call.

I thank you.

GEMS OF LIGHT

SAINT GERMAIN

I would say to all Group Leaders: in your steadfast stand to the Light in the future, be not the slightest affected by human opinions. Go serenely on your way and spread the Light, letting the Light dissolve everything unlike Itself. DO NOT BE CONCERNED ABOUT HUMAN JEALOUSY, HUMAN FRAILTIES OF ANY KIND. Go serenely on, and when people come to you and say something, simply say: "Very well, I cannot be bothered by human opinions! I am serving the Light to the best of my ability, and if anybody does not like it, let them run along;" then you be wholly unconcerned about it.

There are a great many people among the students who believe in the metaphysical part of This Work, but they are not quite sure about Us; and they are not quite so sure about the Messenger's experiences. When they come to the panther it is a little too much for them, but if they had been there, it probably might or might not have been too much for them. However, that has nothing to do with the Great Expansion of This Light. One day, they will all be only too glad, willing and happy to accept the fulness of It.

SAINT GERMAIN

I would like to say this, which will perhaps answer a good deal of query in your minds. Probably before the precipitated buildings are permitted, there will come forth a building substitute, which has been known in several points within the United States, but has been prevented from coming forth. It will be a revelation in your buildings, not only of homes but of public places. It will have the power of insulation within itself and be sound proof. It can be so built that when you close the doors they will close in against the shoulder, and when that is closed the room becomes sound proof. That will be a very magnificent thing in your Class Rooms. Two classes adjoining could go on without the slightest sound or interference. Do you not see that the demand is always fulfilled by Life?
