

## BELOVED LORD THE MAHA CHOHAN'S DISCOURSE

Chicago, Illinois—May 20, 1945

*Afternoon*

BELOVED Light Bearers, of the world, in coming thru the atmosphere of earth on My Mission to you this afternoon, I bear to you the Gifts which it is My Great Privilege to dispense from the Octave of Light wherein I dwell—Our Sphere of Activity from which I direct the Activities upon this Earth that govern the Activities of Nature and their Blessings to mankind. Thus also, do I direct the Activity of My Five Rays thru the brain and body, the mental and feeling world of every human being.

Since the Cosmic Law has made Me the Authority over those Five Rays and all of Life's Activities concerning Them—functioning thru individuals, then I come to give you Their Blessing this afternoon, to help you hold Balance in the outer activities of your Life and world, particularly in your mental and feeling world.

Great and Infinite are the Powers within your Life—all Life everywhere; for within the Life Stream of each individual, there is the Great Treasure-house of all the Powers of That Beloved "Mighty I AM Presence" in the Great Central Sun. Each of you has within your Life Stream every Quality, every Power, every Faculty of the Sacred Fire, the Cosmic Love and Light of the Life from the Great Central Sun; but it is not in such concentrated Action in your minds and bodies as it is in the Central Sun. Yet, since all Life is One—Life being the Individualized Flame from God's Own Heart, then you have within that Flame all of Its God-Qualities and Activities!

Therein is your Responsibility, as the Guardian of that Flame, to use all the Gifts of your own Life as the Ascended Masters use Them, and the Cosmic Beings who govern the Activities of this System of Worlds. Mankind have not understood their Responsibility in the use of Life, Its Gifts and Powers which are within each individual! You really have a Double Responsibility in using your own Life, Its Powers and Activities within yourselves. You are responsible to the Great Cosmic Law, for returning to the Infinite Universe around you, an Expansion of all the Perfection which is within your own individual Life Stream! That is why you came into physical em-

bodiment. You are obligated to expand Perfection thru these minds and bodies, thru your mental and feeling world, in order to make It flow into the Universe around you. That is your Divine Responsibility to your own Life Stream. The other half of your Responsibility to Life is in the use of the Gifts of Life which come to you from the Universe around you and thru individuals! That is the thing mankind have forgotten completely.

The Cosmic Law holds you responsible for the way you use the Gifts Life provides in the Universe around you—whether those Gifts come, as a service to you from some other individual, flowing thru the energy of that Life Stream into your world; or whether it be the Gifts of Nature, the Gifts of the Beings of the Elements, or the Gifts of Myself Who has given the Growth of Nature to the Earth. The Plant Life and Growth of Nature upon this Planet, is the Gift of My Life Stream to the Earth and Mankind.

The Gifts which Life has placed within the structure of the Earth are the Gifts of the Great Cosmic Being, Virgo! They are Her Life and Her Power, Her Gifts to mankind. The Beings of the Elements are constantly giving you the Gifts, the Blessings and the Powers of Their Life, and in whatever way you use the substance in the world around you, will you determine the events of Life and the conditions in which you will function, in the weeks or months or years just ahead of you.

In the use of your own Life's Energy and Its Powers, you send forth causes which produce manifestation in the world around you, and your acceptance of the Gifts which Life offers you, thru other individuals and the world around you, determines what you are giving back to your "Mighty I AM Presence" and the Octave of Light above you! Whatever you give back to your "I AM Presence" will govern the events of your Life in the future. Mankind have forgotten to give back to the Presence anything which It can use to help raise individuals into the Ascension!

I ask you to observe with Me this afternoon, the vibratory action that is rising into the atmosphere of earth, from the mental and feeling world of mankind upon this earth. What sound do you think comes to Us, as We enter the atmosphere of your Planet? What do you think is the sound of the feeling world of mankind enmasse? Think it over! The world cries as well as individuals, and the sound of pain and distress in the atmosphere of your Planet is surely something you ought to think about!

At least occasionally, in order to remember whether you have during the day, added Joy to the sound of Life, or added to the cry of pain! What sounds have come out of you in the course of a day's existence? What tones have gone forth on your spoken word? Have they been Kindness and Blessing to the Earth to give back to Life in the outer world, that which blessed you so richly? Does your spoken word give back, the Song of Harmony which will enable your Life to grow Greater and give you a Greater Gift of Perfection tomorrow; or has there gone forth thru the sound of your voice and your feeling world, that which can but create pain?

I have a very definite Cosmic Purpose in drawing your attention to this during the afternoon, because you are responsible to the Cosmic Law, for the sound which you send forth into the atmosphere about you. Therefore, if you would heed well My Warnings this afternoon, you will be greatly blessed by remembering that every feeling which goes forth from you, produces a sound as well as your voice—a sound within Life! If you don't send forth the sound of Love and Its Joy in the Song of Life's Blessings to the Life around you, or you have sent forth that which is of distress or causes distress, then you have but added to the cry of pain of the world.

Mankind and the Earth are going thru the crucifixion and the body of each is torn with agony. You understanding the Law can, if you will, be the Angels of Blessing who offer the "Cup of Peace" to distressed mankind! That Peace can come into everything you do in your waking consciousness, by the Pure Radiation from your Beloved "I AM Presence" around you—even while the body sleeps! Your Life can either be one Magnificent Flame of Love and Healing, Blessing, Light and Joy; or It can join the throng of those who cry in pain.

I wonder if you comprehend what it means to be an Ascended Master or a Cosmic Being, and have to listen to the heart cries, the calls of mankind thruout the centuries, for release from pain. We have listened to that a very long time! Century after century, has war gone on and mankind cried to God; and century after century, have they gone on just concerned with gratifying the feelings, the desires of the body! Remember, forever—that which alone gratifies the feelings of the body will forever cry in pain, until it turns to its Source—the "Mighty I AM Presence" and the Ascended Masters' Octave, and gives back to Life enough Love and Gratitude to raise it out of distress.

You owe a very Great Obligation to the Life around you. The substance which you touch; for the substance your feet tread upon, is entitled to your Love, your Blessing; and may I remind you, to your Purity! Do not feel unconcerned about that which you impose upon the substance of this world! You can so purify your bodies—every one in this room from this moment henceforth, that they would repel all unlike Our Purity. You could so intensely call to the “Mighty I AM Presence” and the Ascended Host, and you could so powerfully command the atomic structure of the body and the Forces of the Four Elements within you, with Invincible Determination to refuse acceptance to anything but the Purity which comes from above; that you could purify these bodies by your conscious command! Then, the atomic structure itself would automatically repel all substance which did not produce the Purity and the Fragrance of each one’s Higher Mental Body.

If you want to know what you have imposed upon Life and the substance which the Beings of the Four Elements give you, observe your physical forms, whether they are as fragrant as the flowers or not? You have but to observe yourselves, My dear ones, to know how you have used Life and Its Divinest Gifts. Your body is the Book of Life, and he who runs may read. The Earth is the Book of Life, the Life of the Being Virgo! The growth of the plant Life upon it is My Book of Life, and mankind have imposed some unpardonable things upon it, because that which is not pure is impure! That which is not Self-luminous and the Blessing of kindness and Love, is unkindness and the shadows. You do not need any prophet to tell you right from wrong, Harmony from discord, Light from darkness, the Real from the unreal!

You, who have been so privileged over these many months past to be in this Class—have a privilege not given to any others on the Earth, but just you. You have been held every instant of those months within the Flame, the Substance and the Power of One or More of the Ascended Masters, the Cosmic Beings and the Great Angelic Host! It is as if We had taken you all into Our Arms and held you there, pouring Our Love and Light upon you to heal, purify, illumine and set you Free!

Now you have a tremendous opportunity ahead of you! We have given you all that you could absorb from Our Octave. Now it becomes your Great Privilege as well as your obligation, to hold yourselves until the middle of July, free from conversation about the sordid things of the outer world, all that is of

human conditions and qualities. It is your Privilege to remember and converse when you need to, about the Subjects in the Books of the Saint Germain Series, and the Voice of the "I AM" Magazines, thru the Dictations. You have a very great deal of Magnificent Material to take your attention unto the Heights; and while it is There, Its Greater Power and Gifts are flowing in and saturating your world with Its Powers and the Perfection of the Divine Plan in Action.

As you keep your attention There, everything in your Being and world is raised up, and up, and out of connection with the limitations and the discord in the world about you. We are asking your concentrated attention upon your "Mighty I AM Presence," the Ascended Masters, and your study of the "I AM" Books and the Discourses, until the middle of July! There is a Cosmic Moment passing during that time, wherein if We can have the attention of a certain number, undivided, harmonized and purified, a tremendous Wave of the Cosmic Flame of Purity and Peace, can be anchored into the structure of the Earth—to expand and enfold It in a pressure which will more quickly bring World Peace! Can We have your assistance? (Applause—audience rising)

Thank you, My beloved ones. Thank you for that Love! Thank you for that spontaneous Response to My Heart's Call, and I shall one day show you what that opens to you; for the Door has swung wide to bless you, when you have offered your Love in the Service to Life in obedience to the Cosmic Law. I bless you, beloved ones, with everything at My Command for Eternity, and I shall bless you whenever you need it most, and always. Thank you. Won't you be seated please?

I appreciate deeply the effort of the "I AM" Student Body to give recognition to the Beings of the Elements, and to bless them as you have been doing over the past years. It means a very great deal, beloved ones, not only to the Beings of Nature, but it means so much in the way of Freedom, or the freeing of the Beings of the Elements within your own bodies from that which has been your distress.

Therefore, in a Love as great as yours has been, comes the Release to you of Greater Actions of the Cosmic Law, which cannot come to the rest of mankind, until they give as you have given. If mankind could only understand, that in giving the Love, Blessings and Gifts of each one's Life Stream, to bless, and bless, and bless all Life in the world around them, is the Great Ever-expanding Power from the Octaves of Light to the

Earth, mankind would go forth singing the Song of Joy and Light, releasing that which sets them Free.

The Beloved "I AM Presence" has been so wonderful to you! The Ascended Host have watched you so long! They have given you everything you could accept from time to time! They still love you and They watch and help you! Therefore, in this which is to be accomplished as soon as possible, We wish to make the most of each one's attention held upon the Presence, the Dictations, and the Ascended Masters' Words in those Books. Beloved ones, you cannot possibly estimate the Power and the Good which would be yours, if in your conversation with each other, you would always just remember the Words in those Books, and make your daily entertainment, the remembrance of the Action of the Law! Now that is not a hard task! It is not something which is unentertaining! It is not such a serious business that you could not be happy, or find many wonderful things to enjoy—as you study those Magnificent Records of Life's Activities.

Will you try always to impress upon each other and those who are new coming into the Activity, that the Ascended Masters do not lack for either humor or joy? Our Humor and Joy are of a variety which brings Greater Perfection and Blessing instead of about something which binds you tighter in the chains of human feelings and discord, to make you more limited as it continues. The only Eternal Happiness anywhere, is in the Ascended Masters' Consciousness, the Consciousness of your own "Mighty I AM Presence" and Higher Mental Body, which is the Cosmic Christ! Life is fundamentally happy when not interfered with by human discord! Life enjoys giving of Its Substance, Its Beauty and Perfection, and each succeeding Wave of It is to amplify the Beauty and Perfection It has already brought forth. That is the Enjoyment of the Law of God's Life and the Expansion of the Flame of Love from God's Own Heart!

Mankind so often feel—and it is such a subtle suggestion of the sinister force, because they are turning to the "Mighty I AM Presence" or the Ascended Masters or that which is Spiritual, as the outer world says, that they are losing some of the joy and the pleasure of this Life in the physical octave. Well let me tell you, the only thing you ever lose by turning away from the world and unto the "I AM Presence" and the Ascended Host, is your misery and your chains! The world cannot give anything which is Eternal Happiness, Eternal Mastery,

Eternal Purity and Eternal Perfection! Eternal Enjoyment of your own Life comes only from your Presence, the "Mighty I AM" and the Ascended Masters' Octave.

May I give you an idea for acceptance? I have something to do with this Myself, as well as the Mighty Astrea. If you will make the calls for the complete annihilation of the psychic stratum in the atmosphere of earth, you will find viciousness very much more rapidly disappearing in the outer activities of mankind; but I plead with you, precious ones—"I AM" Students and those who might be new coming into this "I AM" Activity, please I plead with you, stop any excitable, nervous, emotional, fanatical activity! Don't do those things! BE the Calm, Masterful Dignity and Poise of the Ascended Masters. What is the use of people in the outer world, temporarily turning their attention to God in some Great Height of emotional excitement and adoration to God; and the moment the attention swings away, that same force going just as far in the opposite direction? Where is anything gained?

The outer world has had for centuries, the opportunity to have its attention pointed to God, but there has been no explanation of how to hold it there, until the Victory is attained; until Saint Germain brought forth this Knowledge of the "I AM." When you have observed, as We have, all thru the centuries—mankind's devotion to God thru emotional impulses, instead of the Conscious Understanding and God Self-Control of the energy of their own Life thru their controlled attention, you will know that nothing is a success, but that which is consciously done by your comprehension of your own "Mighty I AM Presence" thru the use, mark you, of the Ascended Masters' Consciousness!

Please do not forget, it was this Messenger's constant use of the Ascended Jesus Christ Consciousness for months or years, before Our Beloved Godfre's Experiences with Saint Germain, that opened the Door to the opportunities which eventually made them Messengers! Only when you use the Ascended Masters' Consciousness where you have been using human intellectual consciousness, will you ever master the problems of the outer world, or rise out of the chains of human discord. Mankind have been using their own human consciousness, which is but human concept, and look where they are! Therefore, if you will remind yourselves often, to call forth the Ascended Masters' Consciousness of any One or more of the Great Ones to whom you feel attuned at the moment, you will

open the way for Us to flash the Light-substance and Flame in, thru and around you. As that comes from Our Octave, you will enable Us to consume your human concepts and accumulation more rapidly and establish Our Illumination to take the place of the human forever.

Beloved ones, while I want you to accept—"I AM' Free from all my human creations now and forever," with Complete Victory, yet do not rest on your oars and think you do not have to use the Violet Flame or those other Qualities of Purity any longer! Know and remember that, until your flesh is Self-luminous and Imperishable, there is something yet which needs the use of the Violet Consuming Flame and the Cosmic Blue Lightning of Cosmic Purity, to raise its vibratory action into that which is the Purity of Illumination.

You have to acknowledge before the completion takes place in outer manifestation, that you are the Purity and Freedom for which you call, because that Command and rate of vibration goes thru your flesh to raise it more rapidly into Its Full Illumination. You have to send that call forth, but just because you acknowledge, that you are Free and are setting the Law into action for outer manifestation, does not mean everything is done that instant; because if it were and if you had the momentum which could do it on the instant, your bodies would be Self-luminous. That is Self-evident! So until they are Self-luminous, don't rest on your oars.

Acknowledge the Perfection and then, go right on making your application with the Violet Consuming Flame and the Cosmic Blue Lightning of Cosmic Purity. By the way, Saint Germain's Spiral Blue Flame is a most gratifying Action of the Fire Element, which you should love tremendously, because It can do things very rapidly in the way of cutting you free from human barnacles. My explanation of the Law to you is this, that you never stop using those Activities, until you are wholly Ascended into Our Octave.

Now beloved ones, because of what It means to the Earth in the Accomplishment of Eternal Peace, I wish to remind you of some of the Statements of your Beloved Master Jesus Whom We bless and love without limit for all Eternity. In the Statement which He made—"Lo, 'I AM' with you always, even unto the end of the world"—the end of your world, of human creation! Then, do you remember His Statement—"The things I do shall ye do also, and greater things than these shall ye do"? He said: "Be ye Perfect," and the Angel after the As-

cension who spoke to those who watched It said: "Why weep ye? Know ye not the same Jesus whom ye have seen Ascend, will come again in like manner, as ye have seen Him Ascend"?

So can any Ascended Being. That was the Promise sent back to those who remained, by Jesus Himself! The Angel was His Messenger! Mankind must have that Experience to annihilate the lies, the doubt and the fear which has so intensified the shadows in and around humanity, that they have drawn themselves into the conditions of the outer world today!

Fear not, the Cosmic Hour will one day strike, when those Manifestations from the Ascended Masters' Octave of Light, will be enough to silence the tongues of all mankind for all future generations to come, against that which is the Perfection of Life and the Supreme Source from whence they have proceeded.

In the Activity which I represent to the Earth, there is an Individual Action with which each of your Life Streams is concerned. At a certain place on the Pathway of Light, every one of you stands before Me for observation—Inner and outer! When I have seen the record of your Life, I know what the next Wave of Light is which may be released to assist you; and if you will understand what Assistance I give to bring Illumination to mankind, you can co-operate much more powerfully.

I wish you to remember again Jesus' Words, when He said to those whom He loved: "I will send the Holy Ghost, the Comforter, to bring My Words to your remembrance." That meant, the Guarding Flame of My Love descended to enfold them and abide with them and kept illumined the things Jesus had told them; until their own Greater Powers came forth in their outer use, by which they went forward and took the Light to others of mankind.

I would not withhold that from anyone! My beloved ones of the Light, don't you realize that if you call to Me for those Flames of Illumination, "I AM" there to give Them to you instantly? I must pour forth certain Illumination thru your five physical senses, when you have made application up to a certain point; and that will bring you the comprehension of the Inner Actions of the Law, which to you at the present time, seem either not existent or not important.

You may read the Words of the Ascended Masters and you think as you read them—there, you understand that now! You do all you can to absorb for the moment, but you can go back

thirty days later or maybe the next day and read that again; and a Whole Flash of Illumination—a much wider understanding of it, comes within you, and you realize you did not understand the meaning in those Words like you thought you did. What do you think is the cause of that? Some of Us are sometimes standing near by and when We see your attention held upon some Action of the Law, to which your Higher Mental Body has directed your attention at the moment, and We see your attention held there while you are quiet trying to comprehend that and contemplate it; We many times see your Light glow brighter. Any Ascended Master who sees that Light expand around an individual, instantly flashes the Flame of Love and Light from His Heart, to help that Light glow more powerfully and protect It in its Expanding Activity. If you knew how many millions or billions of times those Flashes of Light have come to you all thru the centuries, you would not wonder that you are here today; with the Conscious Momentum and Knowledge of this Light, when the rest of mankind are struggling in the shadows of hate!

Let your Light continue to expand and remember, the Light within you, expands by the amount of Cosmic Love you pour forth from your “I AM Presence.” Your Light expands first thru your Hearts and then thru the intellect, but the intellect cannot love, while the heart can! Therefore, the Expansion of your own Light depends on the amount of Love which you can pour forth to produce Harmony around you. In other words, the amount of the Love and Harmony you pour forth, determine the intensity and expanding Power of your own Light! That is an Inner Action of the Law which We have never given before. Your Love of Harmony determines the amount of Light which expands thru you, and your Love of Harmony indicates to Us how much Light you want to release.

Do not let your intellect say to you: “I love Harmony; I have always loved Harmony, but people won’t let me be harmonious.” Oh yes, they would! Nobody in the Universe can make you discordant unless you want to be! It is your opinion about the other person which makes you feel discordant. That is why all of Us have said, Oh so many times, please don’t have any opinions; please, don’t pass opinions; please don’t have any other action going out from you to any other part of Life, except the Expansion and a Blessing of your own Light to raise

the vibratory action of all Life, which you contact in the world around you.

Your obligation, precious ones, if something be wrong in the outer, is not by the fist method to go out and knock them over and make them stop doing what is wrong. That is not your obligation to Life! You did not agree to do that, before you left the Great Central Sun! There were no fisticuffs in that Consciousness up there at all! Your obligation is to pour the Light and Illumination, the comprehension of your Life Stream into all the Life around you with a command which forbids the human to exist.

Now "I AM" going to take you deep into three Actions of the Law this afternoon, which if you really get as you say, "the click" on it, you will feel a Power surge within you, that will amaze and delight you greatly; and protect you enormously—if you will understand the Authority of the Light of your Life Stream, and not just hold the human feeling of domineering some other part of Life. Just remember the Authority of the Light of your "Mighty I AM Presence," the Authority of the Cosmic Love from your "Mighty I AM Presence," the Authority from the Ascended Masters' Octave, which you can condense, concentrate and draw thru yourselves as a Decree, to command a condition to change in the world about you; and to forbid any human qualities to act in it. Then are you in right relationship to Life, to your Presence, to Us and the Life around you!

If you will use the Authority of your Life, to forbid any human quality to register; call the Authority of your Life to stop anything human which is already acting—stop it by Light; use your Authority again to command its prevention in the future; and then use the Authority of your Life to annihilate it, so it touches no other part of Life in the Universe, you will move forward using the Greater Intensity of the Light of your own Life Stream. Then the Power of Its Sacred Fire releases in one Wave after another, just like that (motion of hand)—three or four times in quick succession and it will strike in one place, until It goes thru all obstruction and produces Manifestation. However, when you issue a Command like that, your feelings must be as calm as a lake! From now on go forth the God Authority of Creation, which commands everything of the shadows to disappear before you at once! Issue the Command, turn your attention back to your Presence and then enjoy loving your Presence.

How many of you have really sought your enjoyment of Life and your entertainment in just loving your Presence? Isn't it strange, you have enjoyed loving each other—Oh my, all thru the centuries, this, that and the other one. You called it Love, but you have forgotten to pour that same Intense Love and Devotion to your Beloved "Mighty I AM Presence" who if you had done it, would have given you your Ascension centuries, and centuries, and centuries ago! "I AM" reminding you this afternoon of your Divine Authority; your Divine Responsibility and Agreement with Life, to now draw forth thru yourselves that which will clear your pathway; bless everything you contact; and stop the cry of pain from the atmosphere of earth! Then you move forward acknowledging and loving your Presence; and you use Its Powers thru your physical forms in activities which the world calls Miracles! Yet they are but Natural Out-pourings which are the Results of Obedience to Life. Then you go on your pathway like a meteor, leaving in its train God's Light to illumine the pathway of others.

If you really want Enjoyment; if you really want Happiness; if you really want to contemplate the Magnificent Powers of the Universe, I ask you to purify and harmonize yourselves, so you might listen to the Celestial Choir at will; that you might listen to the Song of the Angelic Host in the Upper Octaves of Light! There are Legions of the Angels singing in the Octave of Light, which is the Upper Atmosphere of Earth! That is not the Ascended Masters' Octave, it is the Upper Atmosphere of Earth, wherein there is no discord. The Angelic Host pour forth Their Music because It stands like a reservoir of Blessing, Power and Assistance to those who will give It their Attention. They connect with the Out-pouring of the Angels by their attention, and thru it comes an avalanche of Their Love! Like a Niagara Falls will It flow, if you will provide the opening by holding Harmony, giving Love to the Angels and keeping your attention on your Presence and Us thru your calls.

It is not a struggle for Life to be quiet down here, and thru Silence, Purity and Devotion, suddenly reach up and open the Door into that Great Octave of Light to hear the Music which is there. You tune your radios, you turn your radios on in your automobiles sometimes, when you are traveling and say: "Let us see if we can get a good musical program," and you enjoy listening to a musical program, don't you—when they are good? Wouldn't you enjoy listening to a Musical Program of the An-

gelic Host or the Celestial Choir, or the Ascended Masters' Temples of Light and Music? What is the difference? You have just never been shown how to do it, that is all. You have never thought of it before. When you ask for the world's pleasure of the moment, and turn on the radio so you get something which is coming over the air, why not tune yourselves to Our Octave of Light, and get something else which is coming over the air—only absolutely Pure!

My dear ones, in one full minute of being able to hear the "I AM" Music of the Spheres, either of the Angelic Host or the Celestial Choir, in any of the Temples of Light in the Ascended Masters' Octave, or the Electronic Belt around the Physical Sun; you could draw into your own minds, bodies and the atmosphere about you such Light, such Power, such Powers of Light's Perfection, as to lift you almost instantly into the atmosphere. When you hear Our Music there is such joy; there is such Exhilaration; there is such a rapid raising of the Vibratory Action of your whole atomic structure, that it is an Irresistible Pull into the Perfection of Our Octave, and you will never lower that Vibratory Action again!

I want you to have the Experience of some of the Magnificent Activities of Life, as soon as you have corrected certain habits of the outer self, thru which you just play around and waste your time in the contemplation of outer world activities.

"I AM" going to ask all the Group Leaders and this Messenger wherever people are excitable and emotional, to keep constantly helping those to be calm; because We do not want anything emotional in This "I AM" Activity. Please do not chatter and run around, just to talk, talk, talk to each other! Learn to still your emotional bodies! Turn your attention to your Beloved "Mighty I AM Presence"! Ask your Presence to illumine you and show you what you need the most, to release Its Greatest Mastery! Conserve both your time and your energy, so when you come to give your "I AM" Decrees or you are making your application individually, you will have Infinitely more Power of Light pouring thru you, than you do ordinarily.

May I say to all of you in preparation for that day which must come, when the Ascended Masters and some of the Cosmic Beings step thru, that you will have to be able to conquer any sudden emotional impulse and desire to chatter, if We are to stand in your presence in that Intense Vibratory Ac-

tion of Our Ascended Master Bodies! Do you know what We have to do when We come in those Bodies, before We can draw into contact with your auras—or before We can come into your atmosphere very close? We have to flash thru and around you the Flame of Love, to still everything for some time before We approach! The more intense stillness there is around you, the easier could you see your “Mighty I AM Presence,” and receive Its Conscious Release of the Ideas which Fulfill Its Divine Plan.

Until the “I AM” Student Body have a certain amount of Self-control, We cannot release around you more energy than you can manage; and if you cannot manage what is ordinarily in the physical body and what is in your emotional body, how could you manage more, if We gave It to you?

“I AM” going to corroborate what the Mighty Lord Maitreya asked, because the human seems to forget it, which of course it wants to do. I do request in the Reading Room out here, you stop all conversation, and be as quiet as you can even in the outer lobby. You come into these Classes to receive a Radiation which you cannot get anywhere else; and if you are grateful for that, you will hold It silently within yourselves as a very Valuable Possession. If We see that you receive It and qualify It that way, then We will watch and give you more, many times when you least expect It. However, if after We have given you Our Energy and Love which has quieted your pain; given you the Energy to raise your consciousness to greater Happiness and Perfection, and then you go right out and waste It; or immediately swing into the conversation of outer world activities, then the Cosmic Law will only permit Us to give a certain amount at each Dictation; but if you were to hold that which We give in Silent Reverence and Devotion and Gratitude for twenty-four hours, We could make Its Action ten times more powerful in your world.

So “I AM” explaining this because I know your hearts are right. I know you do want to give obedience, and I shall stand back of you and explain whenever possible, the Inner Action of the Law, so you may have more of Our Blessings; because I want you to have all that is at Our Command, so you may be strong, Self-reliant, obedient, Self-controlled, poised individuals—with Our Great Discrimination, Directing Intelligence and Obedience which will enable you to go forth to assist wherever Life places you. Then all you contact will be raised into that which they will never forget, and they will know when

they meet you, that you always bring them something which is lovely, to stay with them forever!

Is it not a great privilege of Life—to so train yourselves, to so perfect yourselves, that everywhere you go, mankind will love you and love to see you come? Then they will be so grateful and uplifted and will appreciate the privilege of contacting you; and your Radiance will stay with them for weeks and months later. Is it not the Great Joy and Privilege of releasing Life's Great Blessings thru you? We want the whole "I AM" Student Body to become Beings of such Majesty and Self-control, that wherever you move, everybody will just love you, love to do for you; give you and bring to you the best they have. As you return their Blessing you can pour your God-Light and Happiness, Encouragement and Protection to them, to lift them higher; until the whole world will seek you out. Then by their attention upon you, you can lift the whole world into the Light, by your own Precious Light of the "Mighty I AM Presence."

Make yourselves Beings of such Perfection and such Joy, such Power and Self-control, that when you appear among other people, you are like the Sun coming into the room; and you leave everyone with greater Light and their attention raised to God, Who sets them free. As Our Light pours thru you wherever you pass by, It acts automatically in your thoughts, your feelings and in the atmosphere about you, until you are always the Peace-commanding Presence of the "Mighty I AM" whom all mankind respect and love. Then they will cooperate with you, so you may do the best you can for everyone. You shall draw forth the Best that is within everyone, and together We shall all move forward in Our Great Raising Power to lift all Life out of the shadows, and into the Sunshine of the Great Victory of God's Own Heart!

Great is your Privilege, beloved ones! Great, Great, Great will be your Joy as you watch these things. I will stand by, and Others who love you will watch also. We will not miss one flash of the Expansion of your Light, to come back to you with more Love and Light, to lift you higher on your Pathway of Perfection.

The Angelic Host guard and watch constantly, and in doing this of which I have spoken you will find all distressing conditions of body, mind or affairs just gradually become less, and less, and drop away from you like an old garment! You will scarcely remember that you had those problems a few months hence. To have a group of mankind free from problems, My

dear ones, if you don't mind My saying so, is a Miracle of modern times! We want you to be those Miracles, because you have been asking for them and decreeing for them recently. If you will keep on accepting them, We should like very much to make you the Example before the world, of Miracles made manifest from Our Octave into yours, and thru you to mankind.

We live only to help you, blessed ones! We have passed this way of Earth. We have seen the shadows and distress so long, that wherever possible, We plead with the people, until the attention comes back to their Source! Then, they begin their journey back home into the Heart of their own "Mighty I AM Presence"—until the moment of their Ascension, and they go forward and the Real Activity of each Life Stream in Its Great Cosmic Service to all Creation begins.

May the Great Fire Element, which it is My Great Joy and Privilege to direct, pour about you, bless all that is in and around you, and remind you constantly of the requirement of Poise, Peace and the Great Great Power of the Silence! My loved ones, there is not a person in this room this moment, who could not be Free Right Now, if you would get still enough and make your calls to Us for whatever is required. In that Deeper and Deeper and Deeper Stillness there would come a Throbbing Power just like a Cosmic Heart-beat releasing Its Energy thru you. As you sat in that, It would keep on surging until It had perfected everything in and around you. It would release a certain amount at a time, a certain amount each day, and then the next day you would receive more, and soon you would look back and realize how could you ever have been in the shadows, when this Great Power of the Light was pouring into you all the time.

If you would still the outer, each Wave of God's Energy released thru each Heart-beat, if it were not interrupted or interfered with by your attention or your discordant feelings, would just automatically push out of your worlds and into the Violet Consuming Flame all imperfections in your bodies, in your feelings and in the atmosphere about you. We want so much to bring you to that point quickly—right now, so We may have as much Peace as possible in and around your emotional bodies until the middle of July. Your great call for Peace will release more of Its Pressure and Flame in and around you and into the atmosphere of earth, so We may expand God's Light and shut off that which wants to disturb the world longer.

My dear ones, when you realize that every human being on the Earth could be in a room like this, which you are in this afternoon! We are just as willing to come to the whole world if they want Us, if they want the Light! Mankind, instead of being in the throes of war, could be in great auditoriums or great open air stadiums—they could receive this Great Out-pouring you are receiving, if they would give their attention to the Beloved “I AM Presence,” make their calls and use the Violet Flame! We could show you visibly in the atmosphere in and around those stadiums Great Cosmic Beings and Activities! We could just part the atmosphere of earth, if enough of the people would turn to Us and ask for Us, but the Cosmic Law will not intrude. We are not permitted to intrude either. We have come to you because you called to Us. We have come to you, this day, because this is My Day of Out-pouring to the Earth, and as Jesus poured out on the Day of the Ascension, His Great Cosmic Streams of Flame and Light Substance to assist mankind, so do I, this day pour to you, to the Powers of Nature and to all mankind, these Great, Great Light Rays, which pour thru the five physical senses to every human being on the Earth; until the Light grows bright enough in each one to draw the attention to this Conscious Knowledge of the “I AM,” so all may make Conscious Application for their Freedom in the Ascension.

Oh, Life is so wonderful! Life is so kind! Life has been so forgiving! From now on, beloved ones, BE the Fulness of Its Authority and Presence of your “Mighty I AM.” FEEL the Authority to command your feelings to record only that which is wholly Divine and Perfect! Take your stand and forbid your feelings to ever again record anything that is of human distress. Forbid your affairs, in the name of your “Mighty I AM Presence” to ever again record discord or lack of any kind! Take your Authority and speak your commands in My Name, and I will show you that they are fulfilled many times within the hour. (Applause—audience rising)

Thank you, thank you, thank you for your Love, and It shall come back to you amplified infinitely forever! Won't you be seated?

The outer world has known almost nothing of My Activity. I have been referred to in the Bible, as—“God, the Holy Ghost,” but mankind have had no comprehension of that which I do. I have not yet revealed to you but a Fragment of My Activity. If you choose to know more about Me and become more ac-

quainted with the Power I wield, make your calls—first to your Presence and then to Me, and I will answer you. I will show you what I can do for you. I have many Activities concerning the individual, the group and the Planet Itself. It would be well, if the “I AM” Student Body asked for the Full Cosmic Illumination of All I mean to the earth. If you do, you will have Tremendous Joy in that which will be released for your Blessing.

So, as I leave you with that Reminder of all I wish to convey, I enfold you in the Great Cosmic Flame of My Love and Illumination, to make you such an Out-pouring of Light and Assistance, to everybody everywhere you move and everything you contact, until truly can you say: “‘I AM’ a Bearer of the Light! ‘I AM’ a Son or Daughter of the Light of God’s Own Heart, which illumines all and raises all into the Perfection of God’s Divine Plan Fulfilled.” I shall stand and observe how great the Expanding Light will enfold you in the next few weeks; and please call for Great Purity between now and the time you go to the Royal Teton, so you may have Greater Freedom and Greater Power to assist the rest of mankind to be Free from all that is not of the Light.

As Lord of the Five Rays, I pour Them all to you for your Assistance. As you give Them recognition, may you see Their Action go forth and perform that for which you call. Bless the Beings of the Elements! Bless all Life! Send the Song of your Life Stream out into the Life of this Planet, and dissolve all which has not been the Joy of God’s Own Heart. I have Legions who come at My Call to give you Their Choicest Blessings; to guard you and to enfold you, in that which will render Greater Assistance to all mankind.

I thank you for your attention! I thank you for your Presence! I thank you for your Love and all you have given to Me in the name of the mankind of Earth. May the Enfolding Flame expand thru your Hearts, Light your pathway, and be the Magnet which draws your loved ones home into the Flame of Eternal Love, Wisdom and Power; to hold the Victory of God’s Light everywhere in America and then thruout the Earth! I offer you all that I have to assist you, as fast as you can absorb It. Forget Me no longer, beloved ones of the Light, but just let Me show you what I can do for those, who will help Me do that which must be accomplished for mankind thruout the world!

May My Five Rays enfold you and all the loved ones whom you hold near and dear. May They enfold this Blessed Land of

America! May They become so intense around all the blessed ones in the National Defense, especially the Beloved Donald and the Blessed Younger Generation, that I may be the Great Cosmic Light drawing them unto the Heart of their own "I AM Presence"; until the moment of passing thru the Open Door into Our Octave, finishes forever the Cycle wherein any distress can touch them! Until that hour, let us stand guard—I with you, you with them; we all together, to guard the Earth, until her Light has once again released Its Blessing to all around her forever.

Thank you, beloved of the Light forever!

## GEMS OF LIGHT

### SAINT GERMAIN

*I would say to all Group Leaders: in your steadfast stand to the Light in the future, be not the slightest affected by human opinions. Go serenely on your way and spread the Light, letting the Light dissolve everything unlike Itself. DO NOT BE CONCERNED ABOUT HUMAN JEALOUSY, HUMAN FRAILTIES OF ANY KIND. Go serenely on, and when people come to you and say something, simply say: "Very well, I cannot be bothered by human opinions! I am serving the Light to the best of my ability, and if anybody does not like it, let them run along;" then you be wholly unconcerned about it.*

### SAINT GERMAIN

*There are a great many people among the students who believe in the metaphysical part of This Work, but they are not quite sure about Us; and they are not quite so sure about the Messenger's experiences. When they come to the panther it is a little too much for them, but if they had been there, it probably might or might not have been too much for them. However, that has nothing to do with the Great Expansion of This Light. One day, they will all be only too glad, willing and happy to accept the fulness of It.*
