

MIGHTY VICTORY'S DISCOURSE

CHICAGO, ILLINOIS

DECEMBER 10, 1944

AFTERNOON

MY BELOVED LEGIONS OF VICTORY, as I come this afternoon thru the atmosphere of Earth, there floods around you a Great Cosmic Circle of Pink Flame, to make you feel the Cosmic Power within the Cosmic Love for which you call; for that is the First Part of My Victory.

I told you some time ago that Cosmic Love, Cosmic Forgiveness and Cosmic Victory were one; for you cannot have one without the other two! As I come into the atmosphere of Earth, it is like receiving a breath of fresh air, to step into this room and find the Radiance which is about you, and the Calm Happiness in your feelings. I want to thank you for that Radiance in this room today; for I shall come with My Legions and My Beloved Twelve this time to help cut away from you more quickly, some of the things which as yet have not let go of you; and some of you have not let go of them! Now let Us today part company with all that has distressed you.

The first fundamental is to give you Complete Understanding—I mean complete at this time, as much as you can comprehend in the intellect; and I shall do the rest of what is required in your feelings. Please, therefore, hold the Harmony! Go on with your “I AM” Decrees and govern every feeling which comes within your solar plexus. The moment it is not happy and the Purity you know should be there, then command it out and into the Violet Consuming Flame! Then you shall have release from the things which have been the cause of your distress for so long.

I want to take up today the Explanation of why you must let go of resentment, if you are to be Free, and have the use of these Greater Powers standing above you like an Ocean of Blazing, Dazzling Light, so bright you can scarcely look into It! That Cosmic Flame and Light-Substance awaits the opening, to rush thru you and to fulfill your calls, even as the words go forth. However, It must be held in abeyance until you, understanding the Law, consciously of your own Free Will command—that never again shall resentment register in your feelings.

Now let Us go deep into the Explanation of this, so you may never forget It; for “I AM” registering this in your brain structure in Letters of Living Light, which you shall remember for

Eternity; and the Radiation from which will go forth to assist others to a like Freedom; because this Illumination of which I speak, is Freedom for all mankind from all human selfishness and discord.

Resentment is a frightful thing, My dear ones, and there is no such thing as righteous indignation! The reason resentment against what you feel is unjust, or against that which seems to be wrong does such damage, is because it is a form of hate! The reason it is so subtle in its destructive activities upon you, if you allow it to exist in your feelings, is because when a condition is wrong and you feel resentment about it, you feel justified in resenting it, and therein comes the trap; because resentment is hate, and nothing in all Creation justifies you sending hate to any part of Life in the Universe, nor to substance! Why should you? When your Life contains within It, the Power and Directing Intelligence by which you can correct the condition you resent.

Resentment is the cause of illness! Resentment, My Dear ones is hate! Now please do not deceive yourselves longer! Therefore, with the knowledge which has been given in this "I AM" Activity and your conscious acceptance and direction of the Various Activities of the Sacred Fire, by which you can burn out anything in this Universe that is wrong, your Freedom is but a matter of application and continued effort! There is no situation on the Planet which justifies resentment in your feelings!

So today, you must know the Truth, and That Truth shall set you Free, if you will remember not to ever again resent anything which seems to be an injustice to you; because, if you really accept the Hand of your "I AM Presence" and the Flame of Love from your "I AM Presence" which is beating your Heart; if you believe you have a Presence; if you believe there is a Law of Forgiveness; if you believe there is a Divine Power of Life that is greater than human wrong; then you should waste no time nor energy, resenting a thing which the Great Powers of Life in the Universe around you, can wipe out of existence at your call.

Now then, as part of that same Action of the Law, I want to help release you from something else; help you release yourselves rather. Many times in your association with each other, or mankind past or present, you have had lovely association with individuals for a time; and then sometimes discord and unhappiness drove in, and you have separated! Many times, in the

things which were exchanged during that time, when you contact or use them again, to most people they are but a reminder of the discord of the individual and the unhappiness, and your feeling is to get them out of your world. Well, where there has been great hate in those who do not know This Law, that is the correct action; but, My dear ones, you must remember you are dealing with Life every moment, and Life acts according to Law.

Life pours Its Energy thru you to fulfill Its Divine Plan, regardless of what else is in the world around you! If there have been unpleasant associations and you have things which have been reminders to you of distress; the way to free yourselves and to help the other Life Stream be Free—whether you are still associated or not, is to command that those things given with Love and Happiness at the time when you were harmonious, and the good which came thru the individual be now taken by your Presence, sustained and expanded forever, and sent forth in the Ascended Master's Invincible Victory and held protected. In that way, you use every gift which has come from the Higher Mental Body of the other person, as an opportunity to call forth the sustaining, expanding Power of that good, to have it protected and held Victorious to bless all Life!

Then concerning that which was discordant, if you can but say to your "I AM Presence" and the "I AM Presence" of the other individual: "I AM" the Cosmic Law of Forgiveness of all human selfishness and discord; 'I AM' the Cosmic Law of Forgiveness and Consuming Flame of all inharmonious action and human consciousness," you open the way to have it consumed. Simply give your command that everything discordant which occurred between you is now seized by the Angels of Blue Lightning, placed in the Violet Consuming Flame and is annihilated from the Universe—cause, effect, record and memory; so it can touch no other part of Life. Then command it replaced by the Unfed Flame which takes possession there and holds dominion forever. Use that part of your Decree—takes possession, produces Perfection, et cetera. In this way, My dear ones, you will clear your Life Streams from all connection with other Life Streams, with whom you have come in contact in this embodiment, sometimes in former ones. In that way, you will have Complete Release from all connection with the discordant creations of those Life Streams with whom you associated in the past. This is a far greater freeing activity than you know!

Mankind still are held in their problems, because they will not forgive! They will not give this God Perfection of Life of

which "I AM" speaking, to free the energy which they have qualified with discord in the past; because of association which was unpleasant. Remember, if you are to be Free, you must perfect the management and carry the responsibility of directing and qualifying energy; because Life is Energy! Energy acts under Law. The Law of Life is the Fulfillment of the Divine Plan, and anything else but obedience to it brings distress.

Now when is your obedience to the Divine Plan going to be complete? That is for you to decide! If you have had unfortunate experiences in various channels, the masterful thing to do is to call on the Law of Forgiveness for the discord! Call to your Presence to reach Its Hand out, to bless, protect, expand and sustain for Eternity, all that was Good and Perfect! If there was that which was unpleasant, ask your Presence with the Sword of Blue Flame in Its Hand, to strike into everything discordant; to wipe it out, not only from your world, but wipe it out of the Life Stream to whom it was attached! Because it was not the individual—never! The individuality remains forever Pure; because that is the Identity of your Life Stream, which is held within the Unfed Flame in your Heart. It was the discordant accumulation around the individual, which did the discordant things.

That is very much like a child who carries a little dog in its arms. If someone comes up to it sometimes the dog snarls and injures the other person. The thing that did the damage was not the child; it was the animal creation! The same thing is true of full grown human beings! The animals they have created in their own feeling world by resentment, are frightful to behold! Resentment is hate! Hate creates a thing of blackness with tentacles that will sap the energy from anything it can contact and destroy everything it touches!

Therefore, My loved ones, today if you are to have the Victory which I can give you; the Victory which I want you to have; the Victory which America requires, and the Victory which is Saint Germain's Freedom to America and the world; you must let go of resentment! There is no set of circumstances on the Earth which justify resentment, or which ever justifies any human being sending hate to some other part of Life! Therefore, your Freedom, your opportunity to free yourselves thru being the Law of Forgiveness, is this application of which "I AM" speaking! It is to command everything, every experience that has ever come to you from any association, to be blessed by your own "Mighty I AM Presence" and compelled into an Invincible

Victory; expanded, protected and sustained thru out Eternity; to give Victory, Blessing and Perfection to all! Then, all that was not of Perfection, in your release of the Cosmic Flame of Cosmic Mercy and Forgiveness to all energy, will be set Free from all qualities of discord, which have been imposed upon it thru a discordant experience.

Therefore, if you are to be the Flame of Mercy; if you believe and mean your Decree, that—"I AM" the Cosmic Law of Forgiveness and Consuming Flame of all inharmonious action;" you will give the Decree and the call to your "I AM Presence," to strike Its Sword of Blue Flame into all the energy and all the substance which has ever touched your Life Stream from any other Life Stream; and release every human being from all discord imposed upon the energy of that one's Life, when it touches you!

Now whether you are big enough to master your feelings or not remains to be seen; but if you will do that, I will do My Part; because some of your creations and some of those which have touched your Life Streams in the past, will need the Assistance of the Ascended Masters and Cosmic Beings; because some of those unfortunate creations have been in the channels of war in the past, and therefore, are sustained by the mass feeling of war acting thru the individual. These things you can have cut away from you during the afternoon, if you will let go of them!

If you will remember, what your Brother Saint Germain said: "Never enter sleep, until you have sent to every human being whom you have ever felt injured you, the Divine Love and Blessing of Your Being." That is forgiveness! That is mercy! That is Cosmic Love! That is the Release of the Freedom and Victory of Light! That is the Fulfillment of the Divine Plan! Your feelings will not want to do this, but you have been shown the way and means by which your feelings, if they be discordant, can be commanded to stop the discord; can be commanded to the Violet Consuming Flame; can be commanded to be purified; and the Command of your "I AM Presence" releases the Cosmic Flame of Cosmic Harmony where the discord seemed to be!

Do you know why the bodies are ill sometimes? Because you have not forgiven; you have not given God's Love and Purity and Peace to some of the energy, which touched your world thru those experiences. You have held that energy still qualified with the feeling of resentment, so it torments you, until you will forgive it with the Purity and Freedom of your Presence; and let the Sacred Fire pour forth thru it, as Love and Blessings to the

rest of the Universe!

That is why the Mighty Goddess of Liberty, the Mighty Arcturus and the Beloved Jesus all gave the same Decree: "If necessary for the Protection of America, the Jewel in the Heart of God, then that Light as of a Thousand Suns *shall* descend into the Earth; dissolve and consume—what? All human selfishness and discord." It will consume the discord from the energy you have held to yourselves qualified with resentment, and those hard feelings which are but hate to some part of Life.

Now, "I AM" here to help you release yourselves from resentment, this afternoon. If someone does something to you which is vicious and unkind, you who know This Law have the Full Cosmic Authority and Power of your "Beloved Mighty I AM Presence" and every Ascended Master or Cosmic Being to whom you will call; you have every Action of the Sacred Fire to purify all things. It will release and go forth at your direction into whatever the condition may be; and if you will keep at it, more Power can be released thru your calls, than the human creations contain. Therefore, the Complete Release of each of your bodies from all discord and distress must come thru the Law of Forgiveness; thus pouring the Sacred Fire thru that energy and substance, and burning away all qualities which held it close to you to torment you.

You can be Free today! It is all within your own decision by your own Free Will, how much you want to forgive some other part of Life; how much Victory and Freedom I can give you! "I AM" ready to offer all, but the Cosmic Law demands that you must do a certain part! You must let go and you cannot let go if you don't forgive! You don't let go of the distress in your bodies, unless you give God's Peace—The Flame of Peace and pour It into the place where the shadows seem to be!

My explanation is not quite as happy as it was last Sunday, I believe. I mean for your human—I do not mean for you! My Explanation for you is your Victory and your Freedom; but the human feelings, My dear ones, don't like to be told this. Nevertheless, I would not be your Friend if I were to leave you in the darkness of misunderstanding of the use of your own energy; when I have the Power to explain It to you, and in that explaining flood you with the Love and Forgiveness which "I AM"; because that is Victory! Will you be My Victory in everything you contact until your Ascension? My Love and My Forgiveness are My Victory, and so shall It be with you!

When people are vicious and hard, My dear ones, I know it is not easy! However, you can have an Armor, an Armor of Flame about you, which burns it up and really never lets it register within you! You can turn away from the condition and call the Archangel Michael or the Mighty Astrea to annihilate all viciousness. You can call the "I AM"—THAT "I AM," into action to handle all discord! You can form the habit of calling instantly for the complete annihilation of everything discordant which has been imposed upon energy and substance; and substance is really condensed energy! So when you say "energy" you can say substance too, if you like; but all substance is really energy!

Beloved ones, it is a marvelous feeling to be able to move among distressing conditions, and hold that Peace within yourselves which is the Great Forgiveness and use of the Sacred Fire, the Blue Lightning, the Violet Flame, the Cosmic Light Substance; and flood It forth in whatever intensity is necessary to burn away the discordant quality; and to redeem that energy and qualify it with the God Perfection of the Universe; and then command it to fulfill the Divine Plan. To some degree, to a very large degree, when you visualize Perfection in the place where imperfection seems to be; or when you visualize the Luminous Presence of an Ascended Master, enfolding the individual or a distressing condition; while you draw within your picture the Light Substance, yet who of you can tell Me, how much Action of the Sacred Fire or Great Flame, the Ascended Masters can project into the picture whose likeness you visualize?

You have been told that you have Friends of Mighty Power. Do you believe it? Yes, sometimes you do, but many times you do not in your feelings. You like to in the intellect and you try to; but many times that feeling of doubt in the solar plexus, just feels that the Master has gone away, and nobody seems to be around to help you! That is not true! We are no farther away from you, than your own Heart-beat, because We are one with the Flame of your Life!

Therefore, if you seem to lack the feeling of Power of Forgiveness, We can help you! Our Love forgives very readily! We have no desire to hold any feeling against anybody or anything in the Universe, except to burn away that which is discordant! We can give God's Perfection which is in that Sacred Fire and pour It into every condition which is wrong! We have no trouble forgiving, and you should not have! My dear ones, Oh, the hard feelings which are held within individuals sometimes in

families for a whole lifetime. Those things, My loved ones, carry over into the next lifetime, and they build again, and again and again; because individuals who are frightfully antagonistic to each other, are bound by cords of energy in that frightful feeling; and they will come back in family relationship again, again and again, until one or the other dissolves that frightful quality, by rising out of it thru Love.

Therefore, you do need the Ascended Master Qualities! You do need the Radiation from the Ascended Masters, to make it easier for you to forgive the imperfections of Life, which you see everywhere about you. You can really form the habit of saying to every wrong condition you see in the outer world: "‘I AM’ the Ascended Masters’ Consuming Flame and Cosmic Forgiveness of that condition! ‘I AM’ the Cosmic Flame which consumes those qualities and sets that energy free, qualified with the Cosmic Flame of Cosmic Love and Perfection, which I know commands the Fulfillment of the Divine Plan." Then go on your way. Just form the habit of making the call! You can call to any One of Us or All! You can call for all Our Activities of the Sacred Fire, and you have no idea what tons of pressure will be released from your worlds, especially from your bodies and your feeling worlds.

My dear ones, now comes the happy part of which I like to speak. If you will do this, and if it is done completely, so the habit is established of forgiving or just flashing the Violet Consuming Flame, or the Blue Lightning of Divine Love from the Great Central Sun—thru all appearances that are less than Perfection; as you dissolve those human qualities from the energy in all imperfection you see around you, will your "Mighty I AM Presence" and We, take away those same human qualities from the atomic structure of your bodies! You will return to your Eternal Youth and Beauty, for nothing ever spoiled it but just discord in your feelings.

Now, you know why I offer you and invite you—I offer you My Love, and invite you to come into the Garden of My Heart. There is no resentment in My Garden of Life—none whatsoever! There is no resentment in the Flame of My Victory, which I can direct everywhere and I do direct It, whenever It is called into outer action! So, as you are willing to call the Powers of the Sacred Fire into Action in the world about you; to burn away all human qualities, you can give the Perfection of My Cosmic Flame of Cosmic Love, Forgiveness and Victory, and pour It into that substance and energy you contact. Then shall sixty

per cent of It take away from your atomic structure, the discord which outpictures as illness or age or distress.

Resentment, My dear ones, in business and home activities is ninety percent of the cause of financial failure or financial lack in the activities of mankind. You cannot have supply when there is held about the individual, the frightful vibratory action of hate or resentment! Now remember, resentment is hate! From this hour henceforth, never for one moment forget that! It really is quite as important to call for the Complete Cosmic Annihilation of all resentment in your Beings and worlds, as it is for the annihilation of selfishness and discord! Resentment should be handled individually, because mankind have charged forth so much of Life's energy qualified with the feeling of resentment! They feel they are justified in doing it; and that is the greatest mistake of all! That is self-deception! That is hypnotic control and human suggestion to Life.

That is why in the orthodox world of today, such frightful conditions come in; because when things are under discussion and the issue is a religious one, the devotees on both sides feel justified in hating someone, who does not agree with them! They feel justified in resenting something which does not agree with their own opinions! Therein, My dear ones, have come the frightful tragedies of war; because the most vicious wars, outside of this recent one, have been religious. Now the battle is between communism and those who recognize and want to love and serve God.

I plead with you from this hour henceforth, do not allow any of your Life to go forth charged with resentment—to ever feed one second longer the frightful, frightful conditions of the outer world! If someone does something to you which is unjust, something distressing or downright vicious and wrong, draw your Wall of Blue Lightning instantly from your “Mighty I AM Presence.” Ask your Presence to take command! Ask the other person's “I AM Presence” to take command, and shut off all wrong, and see that it never touches any energy, substance or consciousness in the Universe again! Go into action! Make your call, and know that you are the Master Authority of the Cosmic Flame of Cosmic Love's Forgiveness—and you are My Victory if you will do that! You can be dynamically positive against every condition which is wrong or vicious; but you do not need to hate! There is a vast difference! You can be so positive and dynamic against a thing, but you do not have to hate, and resentment is hate!

Now, if you will really obey Saint Germain's Request and never enter sleep, until you have forgiven everybody and everything that ever did you wrong, you will know a Freedom in these bodies; you will know a supply in your affairs; you will know a Peace in your minds, in your feelings, which as yet you have never contacted; because My Victory depends on your Forgiveness and the annihilation of resentment! When your Life contains within It the capacity, the ability, to call to the Greater Concentration of Life's Activities of the Sacred Fire, the Cosmic Light and the Consciousness of the Ascended Masters and Cosmic Beings; and thru yourself you can draw into any wrong condition whatever is necessary to annihilate it, to annihilate all wrong qualities; when you are endowed with the Power to both prevent and create those conditions, why in Heaven's Name do you feel you are justified in resenting? You know you are not! So today, "I AM" going to release you from that, because many have not understood.

That is why Jesus said: "In all that you get, get Understanding." Get Understanding of what? How energy acts under your Power of Qualification! How energy acts thru your visualizing faculty! How energy acts and pulls upon your attention! That is the Understanding which sets you Free! When you come to the Understanding of the Great Cosmic Word "I AM," when you really understand you have that "I AM Presence"; and you do have that Power because you are Life—Individualized Life, which contains the Cosmic Unfed Flame within your Heart; when you have the Scepter of Power to accept or prevent a condition here, why do you feel justified in resenting? You never have been justified in resenting anything, because such a feeling of hate is the greatest disobedience to the Law; and I will guarantee anybody on the Planet, complete release from all distress, all illness in the body, or lack in the affairs, when resentment is dead and gone forever!

"I AM" asking you today, to use your Cosmic Scepter of the Sacred Fire; to take your Dominion thru the Cosmic Flame of Cosmic Love and Mastery, and use it to annihilate all resentment. Then go on your way as the wind, blessing and purifying all you contact, but refuse to be a part of anything wrong and never be caught by anything outside of your pathway!

The wind does not ask your permission to perform, does it? When you use your Cosmic Scepter of the Sacred Fire; the Violet Consuming Flame; the Blue Lightning or Cosmic Flame of Cosmic Love and Forgiveness; the Cosmic Flame of My Cosmic

Victory; Saint Germain's Freedom, or the Cosmic Authority of the Great Divine Director, you do not need permission to perform! You go on your way like the wind! You are Master of circumstances, and wherever you move in the Universe, you purify all things, bless all things, and are Master of all things, by that Scepter, if you accept It!

You have accepted discordantly qualified energy in the past. Why not accept the Supreme Authority of the Sacred Fire and go forth and use your Scepter of Power; and not only have your Freedom, but Oh! feel the Joy and the Thrill of Accomplishment, when you raise that Scepter of Flame, and command the human qualities consumed from all you contact. That is True Happiness, and Freedom, when you have cut away those creations. It is joy indeed, My dear ones, as you will experience when We have assisted you that far.

So "I AM" going to release you from resentment today, and watch that you do not say to yourselves: "Oh, I don't have any resentment"; for the thing inside of you which wants to make you believe that, is the very resentment you want to get rid of, because it is trying to live longer—trying to fool you again. That is self-justification! It is not wise either. There are several things many times acting in the outer self, which should be completely annihilated. They are—self-pity, self-justification, self-deception, self-condemnation and self-righteousness.

You do not need to justify anything you do! When you do a thing which is right, It is the Presence which does it. So let the Presence justify it in the outer. You do not need to be concerned about it. The human, which wants to justify itself, is your enemy and will remain your enemy, until you annihilate it! "I AM" speaking of the discord—not the body! Arthritis would be unknown; indigestion could never be; and lack would cease from the Earth, could mankind understand, that they must let go of resentment; and use the Scepter of the Sacred Fire in blessing to flood God's Love and Perfection, where the discord seemed to be.

Oh My dear ones, please conquer, please—I plead with you, conquer every feeling in yourselves of bristle and irritation about others, because they don't do what you think they should! That is resentment! That irritation is resentment! Criticism and condemnation are resentment! Passing of judgment is resentment! Resentment has an infinite number of forms which mankind do not recognize, and that is why it has lived so long; because it has one disguise after another, under which it acts

while gaining energy to live and torment mankind; when the Law of Life is Freedom, Peace, Happiness and Blessing to all.

You, who are calling forth the Cosmic Healing Flame of Cosmic Love; you, who want to heal others; you, who want to heal yourselves—whether you want the healing yourself or wish to use the Power to assist others, must be free from resentment! It has to be! if you are to have Tremendous Healing Power. We cannot entrust to your direction, the concentration of energy into the Activity of the Fire Element in and around you, which would be required, if you are full of resentment.

If the Healing Power were drawn forth with terrific sudden Action of the Sacred Fire in and around your bodies—to release the sudden force needed to pour forth thru the individual's physical body and compel Instantaneous Change of the condition there; if you are to have that Gift from your "I AM Presence" and the Ascended Host, then resentment in your feelings must be consumed! That means all irritation, because irritation is nothing but resentment! Irritation is nothing but hate; because you cannot have your own way! Every problem that ever came into mankind's outer experience, was simply because the outer self wanted its own way. Those conditions exist because people want their way of irritation and discord instead of the Way of Peace, Blessing and Perfection from the Presence. Mankind have been told thruout the centuries: "I will fight your battles and you shall hold your Peace," and there is no Peace in resentment; there is no Peace in irritation; there is no Peace in criticism and condemnation!

So these things, My dear ones, must be extracted! I won't refer to anything else. Not like other things are extracted, but just taken out of your solar plexus, because that is where resentment is! That is why it qualifies the energy discordantly which is in the food. That is why it has caused so much distress thruout the centuries.

So let Me help you this day, to let go of everything which is not the Great Scepter of the Cosmic Flame of Cosmic Love and Forgiveness, and give you My Victory over all resentment! I told you, I had come to take away from you this afternoon, that which you have been holding to yourselves, and I still mean it. Now! you *are* going to let go of that! I so decree It! (Applause—audience rising) Thank you, precious ones. I accept that for your Victory, and I qualify it with My Victory of your Freedom from all irritation and resentment henceforth. Thank you so much. Won't you be seated?

If you will remember the Beloved Master Jesus in Healing, spoke to many of the human creations in and around individuals; and He spoke directly to the thing, either the discarnate entities of which there were many at that time, or the black magicians which sometimes had control; or the humanly created thought and feeling forms which were the distress. He used one Statement all the time, because He knew His Own Authority! He recognized It, and lived It and felt It; and in the Full Authority of His Power of the Sacred Fire He said: "Come out of him and let go"! So shall it be with you!

I say to every bit of irritation and resentment that has ever tortured any of you: "This hour, I take that from you." And I say to that thing: "Let go! you shall come out of these beloved of the Light! You shall be annihilated from the Universe! The Unfed Flame, the Cosmic Flame of Love, Forgiveness and My Victory shall take your place and BE the Scepter of the Sacred Fire thru these Life Streams forever! So shall they be clothed with the Power of the Sun, and raising their Scepters of Flame, they shall free others from that same activity of discord under which they have struggled; for they have learned the Law! They have walked the Path! They have faced the Light! They have called on the Law of Forgiveness! They have acknowledged the 'I AM' as the only Authority and the Only Presence acting! Therefore, they move forward this hour with My Scepter of Loving Forgiveness and Victory, clothed with the Sun of Flame—of Healing Power from the Sun, to free others as they themselves have been freed."

My Victory shall claim all into Its Heart, and the human qualities of distress shall be consumed within the Fire forever!

I said I was Freedom's Twin Quality; therefore, when I choose to release Life Streams from these qualities which have interfered with the Full Freedom—the Mighty Cosmic Being, Saint Germain, stands ready to confer, then I move forward by His Side, and remove those conditions which have held the people of the Light in distress, when the Cosmic Law has said: "Go forward Free and BE My Victory to all"!

I enfold you in the Flame of My Scepter of Power—Cosmic Flame Unlimited, and your Victory shall be made known thruout the world! Give to others as I have given to you, and Victory shall claim the Earth! Saint Germain's Freedom shall blaze everywhere, His Release to all Life from all which is not the Divine Plan Fulfilled!

I thank you.
