

BELoved GOD TABOR'S DISCOURSE

CHICAGO, ILLINOIS

MARCH 11, 1945

BELoved ONES! BELoved ones! Beloved Ones of Saint Germain's Family of Light; His Family of Freedom! I offer to you today the Mighty Radiance, the Substance, the Energy, the Strength and the Power of the Mountains—to make you feel that which comes from the Heights of Eternal Purity!

Since in the outer activities of mankind, there is that accumulation which is not the Fulfillment of the Divine Plan, then there comes the need or the requirement for more, and more and more of all that is drawn within the Mountain Ranges of the world, to be called forth into the lower lands; that the Purity of the Heights may sweep everywhere, and carry Its Blessing to all Life in the rest of the world.

Mankind, as they struggle under the weight of their own problems in the outer world, are seeking the solution for these problems; seeking a solution for those problems, and solving problems, problems, problems—the ceaseless wheel of the recoil of the causes they have generated previously. Life never intended anyone to have to solve problems. Life within Itself, in the Fullness of Its Purity, and the Obedience of Substance acts thru the command of Beings with Free Will who carry the Unfed Flame in their Hearts.

Life never intended anything but the Great Expansion of Its Joy, the Mighty Action of Its Beauty and Its Perfection to expand, to create and to give Happiness to everything around It. Such is the Divine Plan of Life when fulfilled according to the Law; but Oh beloved ones, why do you suppose mankind today are struggling under such a weight, a pressure of problems from which they think they cannot extricate themselves? Why do you think mankind struggle under the shadow of problems when Life is the Sunshine of Happiness? Life, in the Fulfillment of Its Divine Plan thru that Glorious "Mighty I AM Presence" above every human being, is really but the expansion of the Flame, the Unfed Flame of Love, Wisdom and Power—flowing thru all substance and energy and producing Balance, Beauty, Perfection and Assistance to the rest of Creation. That is Life's Divine Plan, not this under which mankind struggle. Why do you think they struggle? Because there is within the brain structure a substance which has grown heavier and denser

and darker as mankind grow from childhood to the full grown use of their faculties in the adult stage.

Mankind have carried a substance within the brain which We have referred to often as the human veil, and even the outer world has used that phrase—"This human veil of tears." Why should Life weep, when within It is the Full Cosmic Authority and Ability to produce Perfection and Happiness; to maintain and expand It; and to be the Out-picturing of Perfection everywhere forever? Life within Itself craves Happiness, craves Freedom; seeks and struggles for It whether It be within plants, animals, minerals or mankind. All Life makes expanding effort to be Free!

Within the Life in the minerals which grow within the Mountain Ranges, there is the Impulse to drive thru everything and express Its Divine Plan thru Happiness, Harmony and Beauty in the growth of every substance in the Mountain Ranges of this Planet. If that is left without interruption and without discord all growth produces Beautiful Design, Beautiful Pattern. Even in the formation of crystals, the angle of formation in each substance is always a thing of beauty, showing that Life never intended anything to be brought into Manifestation which did not contain Beauty, Freedom, Balance, Happiness and Harmony.

Since that is the Law of Manifestation within Life Itself, then it was necessary to establish a way and means of regulating Its Flow in balanced action; and that Way and Means is the Cosmic Flame of Cosmic Obedience which your Beloved Godfré represents to the Earth.

Your Mighty Saint Germain said to you in the "I AM" Discourses, when the Great Command of Life went forth to produce Creation or Manifestation, the first Action of Life was Obedience, and the first thing which comes forth from that Flame is a Radiation of Light, and that Light is Substance! That is a giving forth of Its Own Self into outer Manifestation, to produce an action which is the Fulfillment of the Divine Plan of Blessing, thru Its Happiness, everything that It contacts.

There is so much to be said on this subject, that you will pardon Me if I seem a little over-enthusiastic; but since I come from the Heights of Power, I wish to charge you with that Feeling of Energy and Strength, in the Power which is in the Mountain Ranges over which, it is My Privilege to be the Directing Authority.

I wonder if you quite understand what I meant when I

said, there is a veil within the brain structure of mankind which acts like a weight, and a pressure to force the attention down; when the Law of each one's Life Stream is for the attention to automatically go back to the Presence for the Light, the Substance, the Design, the Energy and the Love which enable Manifestation to come into outer form.

Before I go into the deeper action of what takes place in the Mountain Ranges, I want to explain to you this condition of the human veil within the brain structure. Then you will know why it is possible for a mass of humanity to come under the control of mankind's discordant creation, directed by individuals who will not as yet fulfill the Divine Plan.

The body of a tiny child or a child up to around seven years of age, keeps the connection clear thru in the top part of the brain. The bony structure of the brain from the Inner Standpoint does not seal across the brain structure itself completely until after seven years of age. As a rule, during that time the child sees sometimes with the Inner Sight. It sees the Presence! It sees Light! It sees many things from the Higher Mental Body. Older people, not understanding, have often chastised children for telling the Truth of what they saw. The secretion in the brain structure of a child is almost as thin as water. After repeated discord has registered in the feeling of a child, and thru the wrong food which is taken into the body, as the child grows older, the secretion thickens. Due to those two causes—various kinds of wrong food which are taken into the body, and thru the impulses of discord in the energy at the solar plexus, the secretion in the brain thickens to the point of heaviness. In the adult and especially older people, it becomes as thick as honey. Naturally, the finer impulses from the Higher Mental Body do not travel thru that heavy thick substance like they do thru a thin clear liquid.

Now this is what has taken place. Around the Points of Light in the Substance of the brain, the substance of discord has gathered. Every time there is a discordant feeling in the solar plexus, a wave of vibration travels to the brain, and there deposits a certain amount of substance, which causes that thickness to accumulate within the brain structure. Now notice this, because you can test it out anywhere you want to—the more discordant people's feelings become as they grow older and older, the duller become the mental faculties; the memory fails, the sight and hearing fail, the perceptive faculties fail, and the quick alertness is gone from the mind; because the atomic

structure has been so slowed down by the constant condensation of one discordant rate of vibration after another, that the finer impulses from the "I AM Presence" do not get thru.

When there is interference which prevents the clear use of the mind, you will find the Light does not come thru the brain. Where the Light before came thru the nerves of the brain without interruption, so that the faculties were alert and active, as the person grows older and the discord increases, you will find there are places in the brain where the Light does not come thru at all. Then you have what the medical world calls "mental aberation" or "mental unbalance." All of that is due to discord in the feelings.

"I AM" going to say something which your Beloved Saint Germain and the Other Ascended Ones have said to you repeatedly: "At no time has any human being a right to ever create discord in another's world! If you will conquer yourselves in overcoming the feeling of resentment against injustice, as you continue to call forth the Cosmic Blue Lightning, and Cosmic Violet Consuming Flame of Cosmic Purity; into the atomic structure of the body and into your mental and feeling world, you will find everything good coming to you.

We have told you all Good would come into your world, as you give Obedience! You will find it just naturally flowing to you. Sometimes when you are scarcely aware of it, you just gently hope or think you would like to have something, and the first thing you know it has come into Manifestation! It has come into your use. That is because, precious ones, anyone who will hold Harmony uninterrupted in the feelings, keeps—or rather allows the Light from the Higher Mental Body, to keep flowing thru with such ever-expanding increasing Power, and greater Intensity, that It begins to sweep out that which has been the veil of human discord registered in the brain.

It is that substance in the brain, precious ones, which has been responsible for mankind's downward looking! That is what has driven the attention away from the "I AM Presence," and into the outer world. Therefore, the energy thru the attention, goes out and connects with the discord of the outer world, and keeps coming back and back and back into your affairs. As you feel more discord and allow it to stir the feeling of irritation, it again sends more of that substance to the brain! The more the attention is held on the problems, the less fitted you are to solve them. That is why, if you are going to come to the point where you are Free from all problems, there must go forth

the call to your "Mighty I AM Presence," and to Us—for the annihilation or the rending of the human veil, and that is what is meant in the Song of the SEVEN MIGHTY ELOHIM—"Descend! Great Host of Light and rend the human veil."

That is taking away the actual physical atomic substance—chemical substance, "I AM" going to put it that way, from the cellular structure of the brain. This is done thru your use of the Violet Consuming Flame, the Cosmic Blue Lightning of Cosmic Purity, and the Substance poured forth thru the Cosmic Flame of Cosmic Love's Protection and Perfection! When the discordant substance is removed from the brain, you will see your "Mighty I AM Presence" and the Ascended Host face to face. Then will you have opened the Door from the physical octave of Earth, for Us to come in the Visible Tangible Body, the Ascended Master's Body.

This must come to a group of mankind, so enough may understand the Law and BE the Fulfillment of Its Divine Plan; because what mankind and the world require, precious ones, now—is a group of unascended beings who, knowing This Law, and having purified themselves, are the Fulfillment of It in action thru their physical forms. In that way, it enables the Radiation of Light from each one's Presence, and from Our Octave, to go thru their atomic structures, their physical bodies; thru their feeling world, and convey that feeling to the rest of mankind in daily association.

That is why it is so necessary for the "I AM" Students to be the Fulfillment of the Law! Mankind have had uncountable precepts of the Truth of the Law told them all thru the centuries, ever since they first turned their backs upon the Light of the "Mighty I AM Presence." They have been reminded of the "Spoken Word," which your Mighty Saint Germain told you was only twenty-five percent of the Instruction, and that seventy-five percent was Radiation. Therefore, if Saint Germain's "I AM" Activities are to expand thruout the world to set the rest of mankind Free, the Spoken Word in explaining This Law, must be accompanied by the Radiation of an individual who is the Fulfillment of the Divine Plan; who is the Out-picturing of the Perfection of the Presence! This must be radiated thru each flesh form, and poured forth thru the feeling as Light into the other people's mental and feeling world. That gives them the encouragement, the strength and the upliftment, by which the Illumination comes from their "I AM Presence" into their own intellects.

There is a Chinese Proverb—of course, you have all heard it, that one picture is worth a thousand words. If the “I AM” Students are the Fulfillment of the Law, and your bodies out-picture the Greater Youth and Beauty, the Greater Purity; and your feelings pour forth the Greater Happiness and the Greater Fearlessness which comes only from Devotion to the Presence, then as you move among mankind will you be the Out-picturing of the Beauty and Perfection, and the Feeling from your Higher Mental Bodies and your own Presence.

Now then, it is this Feeling of Perfection from the Higher Mental Body that We wish you all to become, and in order to help you, We are drawing the Strength of the Mountains to you. Why do you think “I AM” partial to the Mountains? I would like you to please follow Me closely. Do you understand that all storms which come into the mountains, whether they be rain, snow or clouds, are all Substance which has been drawn from the Octave of Light in the upper atmosphere of Earth? The Pure Electronic Force in the upper atmosphere of Earth has not been contaminated by mankind’s discordant thought, feeling, spoken word or act.

Therefore, it is necessary at intervals to draw forth more of that Pure Electronic Substance of Light from the upper atmosphere and charge It—now notice—with Our Purity and Perfection of Life. We send It in great quantities thru the storms which release It into the Mountain Ranges. They are, as it were, a Storage Battery for the Pure Electronic Substance in the upper atmosphere of Earth. There It is stored up and, of course, while it is constantly working to out-picture the Divine Design of Beauty and Perfection, It condenses into the substance which is within the Mountain Ranges.

That Pure Electronic Force of the Water Element, seeps thru the Mountain Ranges into the structure of Earth, and finally keeps flowing to the lower lands until It has covered the Earth everywhere. It carries into all portions of the Earth’s surface, the Purity from the Octave of Light, consciously directed of course by mankind, thru many channels in the use of the Water Element wherever they desire It.

We stand as the Guardians, drawing a certain proportion of That Light forth at a time, condense It into snow or rain, and pour It into the substance of the mountains. Now follow Me closely! Wherever the Electronic Force of water and snow passes thru the mountains, before It reaches the lower levels, It has blest all the substance in those mountains with the Beauty

and Perfection of Its Own Light. It has helped all substance to outpicture the Beauty of Design intended, as the condensation of whatever element the Powers of Nature found it necessary to produce or form within those Mountain Ranges. Then It goes on Its way to carry more Purity, more Light, more Beauty and Perfection to the rest of the Earth wherever It goes.

Now then, I wish you to see how perfectly obedient that Electronic Force is to Our Direction; to mankind's direction and to the Direction of the Mighty Being Virgo, Who together with the Mighty Lord the Maha Chohan, govern the formation of minerals thru the Action of the Elements within the structure of the Earth Itself. The Mighty Aries governs the action of the air; the Mighty Neptune directs the water element, and the Mighty Helios controls the Action of Fire from the Physical Sun! It is the Work of These Four Great Beings in governing the structure of the Earth, Who bring the changes within It thru the protection of certain elements. That is Part of Their Great Cosmic Work of Creation which They offer to this Planet and mankind upon this Earth.

Like the other Gods of the Mountains—"I AM" a Department Manager. It is My Special Duty to assist and see, that the Purifying Power from the upper atmosphere of Earth is drawn at intervals in whatever intensity is required to hold Balance upon the Planet. This Great Purifying Power is drawn into all Mountain Ranges; into the Water Element and into the other Three Elements. Then We send It forth in whatever proportion mankind can absorb at the lower levels, or lower altitude.

Since I love everybody upon Earth, and since "I AM" interested in bringing Purity so that the Divine Plan may be Fulfilled, "I AM" not resentful to those who are still bound by a great deal of impurity. If I were to resent their impurity, I would have impurity in My Own World! "I AM" giving this today in a way, I trust, that will free all of you from resentment, because resentment is a mild form of hate—sometimes not so mild! Resentment against the Fulfillment of the Divine Plan is the thing which constantly repels from individuals either their complete Financial Freedom, or their complete healing, their complete health.

I smile often! People think, well I have no resentment in me. I am very forgiving! I forgive everybody! Well, if you want to know whether they have any resentment or not, watch them a moment when they do not get their own way. As soon as something tries to interfere with their Free Will and they cannot have

their own way just when they want it, you will soon see whether or not there is resentment. The resentment flares because their human authority is opposed; for if an individual always raised the feeling into the Complete Divine Authority of the Higher Mental Body, there would never be any reason for resentment, battle nor struggle.

Those feelings of fight never came from God's Heart—you know that just as well as you breathe! Beloved Helios does not work, does He, when He pours His Light to the Earth, when the Sun is shining? Does not the Sun just give? There is no struggle for a Ray of Light to reach the Earth. He just pours out His Love and Light, because Love is Light. He does not work to get His Light thru the atmosphere. A great deal of human discord shuts it out, but that has nothing to do with Him.

Struggle! My dear ones—remember this, because “I AM” determined to get these things uprooted and out of your consciousness to the point, where you will catch the feeling before it acts. When you feel it coming say: “No you don't! You are human! Be gone now forever! ‘I AM’ the Mastery of my ‘Mighty I AM Presence’ and Higher Mental Body, and ‘I AM’ thru with your disobedience for Eternity.” Then will you come to a point of Rest-in-action. You may do an hundred times more than you do now with one-tenth the energy; and only Perfection and Happiness ever be the result! Then you will move forward from one Mighty Victory to another!

Now notice! In the Great Economy of Light—because there will be no waste energy—if you used everything in the Fulfillment of the Divine Plan, and enjoyed expanding Its Beauty and Perfection, you could not have a sense of struggle! Struggle is always the human feeling trying to be the doer; and the feeling of struggle comes because the renunciation has not been made to the “I AM Presence”—in the feeling! Your intellect may say to you: “Well, I have put everything into the Hands of my Presence.” Be very sure you mean that when you say it! You want to mean it and your intellect does mean it, but that is only ten percent of your energy! Ninety percent of your energy in the feeling, has not even been consulted. Therein is the trap, because when you say: “I renounce everything into the control and management of my “Mighty I AM Presence,” that means every bit of energy in your emotional body; and when you have really done that, nothing will ever make you irritated no matter what anybody says, does or does not do! When you have really

completely given all the management of your feelings into the Hands of your Higher Mental Body and your "I AM Presence." you will not feel resentment!

That does not mean, you do not know constructive activity from destructive, but you will be able, like the Higher Mental Body, to gaze upon a thing and if it be not the Perfection of the Divine Plan Fulfilled, you will say: "Well this needs more Light"! Your feelings will be as calm as a lake; and you will proceed to use all your faculties to call the Light, Its Obedience, Its Perfection, Its Divine Plan Fulfilled, and Its Mighty Purifying Blue Lightning of Cosmic Purity, into the condition as you make your call. You will use the Authority of your own Mighty Life Stream—your "Mighty I AM Presence." You will release the Power to correct the condition, and you will be as serene as the Heart of the Central Sun.

We are bringing you to a point today, where you will economize your energy and use it all to keep yourselves Harmonious and happy, instead of qualifying some of it with battle, struggle or resistance, only to have the same energy come back tomorrow or next week as another problem. I wish you to feel deeply this which I say, because it will help you tremendously to have no feeling of resentment.

When something discordant suddenly comes into your world as a problem, and you have to handle it, instead of feeling that some other human being created that condition and imposed it upon you, stop just a moment and think—Well, maybe that is me! Maybe that is my energy which I sent out in time past when I did not realize it—qualified with that feeling. Maybe that is just me coming back. If it is, then I say: All right, if I did release that quality I say now, Cosmic Blue Lightning of Cosmic Christ Purity, consume that quality! Compel Beauty and Perfection of the Divine Plan Fulfilled to take its place, and be a Blessing which expands for Eternity thruout the whole Universe!

If you face every problem with that attitude, you will keep your own feelings harmonious without interruption. Then you will not feel that someone has wrong intent against you, or is doing something to injure you because that one does not like you.

Saint Germain told you this, and "I AM" going to remind you of it again. If you will build a momentum of this Constant Conscious Acknowledgment—that you are this "Mighty I AM Presence," and Its Cosmic Light, Substance and Unfed Flame are around you, and the Divine Plan is Fulfilled at all times;

then if someone came near you with the intent to injure, and you were only concerned with out-picturing the Divine Plan and compelling a Blessing to go forth everywhere, in a short time your momentum would reach a place where a destructive force could not come close enough to connect with you or your world; because unless there is a similar quality inside your own feeling world with which that could connect, it could not enter and disturb you.

It is very necessary that you come to the place where you absolutely annihilate all resentment! Resentment is never justifiable! Oh, I can hear the human say: "Well, we are not supposed to just let somebody walk over us and project all kinds of destruction into our world, are we?" What is the feeling that asks that question? Resentment against My Statement of the Law. Don't let that fool you longer.

Now we come to the main point of Power. You are not these bodies! You are not the problems of your world! You are an Unfed Flame from the Heart of the Great Central Sun! You are a Being of the Fire Element, clothed in a Body of Light Substance—travelling thru this physical world with an over-coat of the atomic structure! Within the Unfed Flame in your Heart, and within the Seven-fold Flame of the Seven Mighty Elohim in your forehead, is located the Authority of the Universe—the Authority of the Sacred Fire from the Great Central Sun! You are endowed with the Three-fold Flame of Love, Wisdom and Power in your Heart! You are endowed with an Individualized Flame from each one of the Seven Elohim in your forehead! The Light Pattern of your outer identity is composed of Pure Etheric Substance of Light. You are the Unfed Flame! That is the Being which says—"I AM"! That is the Authority from the Great Central Sun which you accepted, and whose responsibility you accepted as a Co-worker with that Great Central Sun, to outpicture Its Plan of Beauty and Perfection in this world wherever you pass by, or to all to which you direct your attention!

The Full Power of the Great Creative Word "I AM" was explained to you when you came forth into individualization from the Great Central Sun! You were told, that in the use of the Great Creative Word "I AM," when that sound goes forth from your Heart's Flame, and from the Flame in your forehead, every Electron in the Universe obeys you. Each Electron is a Point of Light, which is Life. It is intelligent and is created to produce Manifestation when you say: "I AM." Every

Electron will then rush to you at your point in the Universe, to fulfill your command!

Therefore, if your command is the out-picturing of the Divine Plan, then everything you feel and everything around you, will feel the Beauty, the Happiness and the Perfection of the Divine Plan Fulfilled. If you use the Authority of the Flame to gain the obedience of Substance, and then you choose to impose upon that Substance a command to produce something less than the Perfection of the Divine Plan, you feel discord. Now notice! the energy and substance you call to yourself of your own Free Will, accepted your consciousness. You place them in your Universe where you want them to be; you make them do what you want them to do; and they will be obedient to you—until you either release and send them back to the Universal, or you dissolve the discord imposed upon them, because you have made them part of your own expanding Universe.

The Unfed Flame in your Heart must some day become One with the Seven-fold Flame in your forehead! Then you, as a Being of the Fire Element, ever expand that Flame until you stand forth a Sun of Glory—the center of a system of Worlds upon which mankind embody, not the mankind of this world but other Beings from the Central Sun who will take embodiment to again fulfill the Divine Plan of Perfection which you command to come forth.

So when you understand your Divine Heritage, your Cosmic Authority in the acceptance of the Creative Power of the Great Word "I AM," you will remember not to resent anything. You who are endowed with the Power of the Sacred Fire; you who are endowed with the mental faculties of the Seven Mighty Elohim—have within you the Cosmic Power and Authority of the Fire Element, to dissolve all human qualities of discordant conditions! You have that Scepter of Power! Why should you resent what any human being does, when you have the God-Power to dissolve and consume all human creation—whether it be in your own world or that which is brought to your attention from without. When you have the Power to change everything into Perfection, why should you resent anything that comes to your attention?

Resentment is a form of hate, and as I said to you in the beginning, as the Mighty Lord the Maha Chahan has said: "At no time do you ever have a right to create discord in another's world." As a Divine Being of the Sacred Fire, you have never had the right to create discord! Therefore, if you do it, it is

deliberate defiance of Perfection! It is defiance against the Fulfillment of the Divine Plan; and only as your Harmony remains without interruption can the Divine Plan be fulfilled! That is why the Goddess of Justice has said: "Divine Justice to Life everywhere is the Fulfillment of the Divine Plan, and everything that does not fulfill the Divine Plan is injustice to Life, and no discord ever yet fulfilled the Divine Plan."

So you see where mankind stand today. You see where you stand in the understanding of This Law! I say to you again, as the "I AM" Students thoroughly understand this, gain obedience and hold Harmony without interruption, you will move among mankind in the outer world, the Fulfillment of This Law! Then the Power which We can pour thru you, and that your own Presence can radiate thru you in the release of the Greater Light, the Greater Harmony, the Greater Love, Wisdom and Power—will carry such a feeling of Love, Protection and Perfection to Life everywhere in the Fulfillment of Its Divine Plan, that your Living Example will release three times more pressure to carry your spoken word and the Truth of the Law to those whom you contact. Your Light, your Love and Radiation will be the Strength, the Courage and the Power they need, to help them hold their attention upon the Presence and the Ascended Host, until they can gain the confidence thru their own application, which moves them forward, Its Victory and Freedom!

The individual who is strong enough, and who is determined enough, not to put discord in someone else's world, and will not allow his or her own Harmony to be interrupted, will automatically Fulfill the Divine Plan!

This is most essential with people working in the outer world. Suppose you are someone who must watch the work of others, and it is your service to Life if there are mistakes being made, to correct those mistakes, and to help each Life Stream move forward without mistakes! If you are to be Victorious, you must train yourselves to keep calling the "I AM Presence" into action—to illumine the individual; to protect the individual; and to give strength to the individual, not to make mistakes. As you point this out and show each one what would help to bring happiness in the place of mistakes, as soon as you have made your calls, ask your Presence, their Presence and the Presence of all mankind, to sweep the Cosmic Hand of Cosmic Purity thru all mistakes and dissolve them from Creation; and to put the Divine Plan clothed in the Unfed Flame in the place of that which you saw was imperfect. Then, you will never draw the mistakes of

others into your world, if you have to assist them to produce greater Perfection.

Take an inspector for instance on some commercial project in a factory. If the individual—because of keen mental discrimination and a keen use of the faculties, is in a position where he has to watch for flaws in materials and that sort of thing, he should always call Perfection into action to take their place. If he gets in the habit of watching for mistakes here and there, and he picks out those things, if he does not watch and call the Presence to annihilate them, he will draw them into his own world. If he keeps his attention on twenty mistakes without calling the Presence to annihilate them—cause, effect, record and memory, and replace them with the Perfection of the Divine Plan Fulfilled, he will have them photographed in his body, his affairs, his money supply, his home, his business, his social world. He cannot help it, because what the attention is upon is drawn into the world of the individual.

The moment your attention is upon something, it is photographed on your flesh that moment. We have told you this before, and you know how quickly a thing is photographed in your mental and feeling world. If you suddenly see an accident, you know the feeling which sweeps all over you. Well, that was photographed in your flesh the instant the eye saw it. If that kind of experience photographs in your feelings instantly, so does everything else. What your eyes connect with is photographed on your flesh in an instant.

Therefore, if the attention is not trained and your feelings are not trained to constantly keep sending out Perfection, the Perfection of the Divine Plan Fulfilled—if you do not photograph that upon the rest of the world, the rest of the world will photograph its imperfection upon you. Your atomic structure is a photographic film. You are the Being of Light of which I told you. You are a Being of Light in the atomic structure of this world. That is very good, but it takes a great deal of positive force to repel that which produces chaos, especially if your health is not strong. Otherwise, you have photographed chaos on the atomic structure, because the mass of mankind do not know what they are doing with the Energy of Life!

If every time you say "I AM," you feel Its Perfection, you would find the Pressure of Perfection—the Divine Plan Fulfilled, growing greater and greater—expanding from inside out! then your world would become filled with more and more Perfection, but if you say: "Well, I wonder; I would like to do that if I

can; I can't do this; I can't; I can't; I can't," then you never will! My dear ones, as sure as you say or acknowledge the "I"—the "I AM" of Life—"I," "my," or "I AM," will you have that same manifestation around you of what you acknowledge.

If you will remember the Maha Chohan reminded the Messengers, that they would have to remove from their vocabulary the words—"wonder" and "if," and the word "can't." Now notice why. When you say, "I wonder" about something; I wonder, well why should you wonder about anything? If you are the Unfed Flame from God's Own Heart, that is the All-knowing Mind of God everywhere in the Universe. There are no "ifs" to Life. When Life wants to Fulfill the Divine Plan, Life contains within Itself every way and means by which that Divine Plan is propelled into outer Manifestation; when you keep pressure enough back of It, never let up on that pressure, until the Manifestation is complete.

Now then, the reason "I AM" bringing this to your attention this afternoon, is because America—due to the entanglement of this war—has been made the dumping ground of the hatred, resentment and selfishness of the rest of the world. "I AM" speaking of the Three Americas. When thru war, a Nation has been loaded with wounded, sick, cripples and the insane—all the result of that frightful disobedience to Life—then you who know This Law, are still the "Cup of Light" thru which We wish to pour all the Power Life requires to correct those conditions. We must all command them to become Miracles of Perfection, and dissolve all records of the defiance of mankind's feeling world, and replace them by the command to Fulfill the Divine Plan.

You will find rebellion boiling in the mass of people, because as their loved ones come back in those conditions, individuals' feeling worlds resent that furiously, not knowing the Law. They add more energy to the stratum of resentment in the atmosphere over your land, and We do not want you to become a part of that, nor to tune into it. So if you will govern your resentment and ask your "I AM Presence" to compel the annihilation of all resentment in your feelings; and replace it with the Mastery of the Unfed Flame, the Authority of the Great Creative Word "I AM," and the Power of the Great Command in the Ascended Masters' Consciousness, you can move in the world and be insulated against that mass resentment! Whenever and wherever individuals come to you for healing, you will be able to cut them Free from resentment, turn their atten-

tion to the Heights; show them that "I AM Presence" and the Way to lift themselves out of those conditions. Then truly, will you be a Friend to Life! Truly will you be an Ascended Master Friend to everyone whom you contact!

My dear ones, if you really want the world at your feet, make up your minds to Free all Life from every human quality; no matter whose Life it is—whether it be yours, the Life in the minerals, in the plants or animals; in mankind, or in the atmosphere of Earth. Command all Life set Free from all human qualities. When you acknowledge the Great Creative Word "I AM," and say: "In the Name, Love, Wisdom, Power, Authority and Victory of the 'Mighty I AM Presence' which 'I AM,' and the Ascended Masters' Consciousness, 'I AM' an Eternal Friend of Life," then all Life in whatever form It manifests, will become a Friend to you. You are a Friend to man, then all mankind if you acknowledge that deeply, will become a Friend to you.

If you really understand that you have no right to ever create discord in another's world, then My dear ones as surely as you govern that impulse, and refuse to impose any discord upon Life—will Life everywhere become your Defender, your Protector and your Co-worker to the Fulfillment of the Divine Plan! Try it out for the next week and acknowledge: "I AM' an Ascended Master Friend to all Life, to set It free forever from all human qualities! All Life wherever I move is a Friend to me; and if it be bound in human qualities, then I command It set Free by the Cosmic Flame of Cosmic Love's Protection and Perfection, which 'I AM'!"

When you say: "I AM' 'I AM' 'I AM' by all of God's Love I know 'I AM That I AM,'" you are acknowledging that you are the Being of the Unfed Flame; the Being of the Seven-fold Flame of the Seven Mighty Elohim; a Being of the Fire Element from the Great Central Sun; the Master Element of Creation! That is the Authority of the Universe! When you are an Open Door thru which It can flow at your command and acknowledgment, then you can release the Power which compels the consuming of all problems from your world—all limitation from the rest of mankind. Then you are the Authority of the "Light of God that never fails."

Will you please, whenever you seem to feel that human authority pressing heavily upon you in the outer, stop a moment and acknowledge your God-Authority? Call for the annihilation of all human authority from this Earth, and then acknowledge your Divine Authority of the Sacred Fire—"I AM' 'I AM'

'I AM' by all God's Love I know 'I AM' That 'I AM'—a Cosmic Being of the Unfed Flame and the Seven-fold Flame of the Seven Mighty Elohim, which commands the annihilation of all human authority. 'I AM' the Authority of the Sacred Fire commanding the Divine Plan Fulfilled here, by the Cosmic Love of Protection and Perfection which blesses all."

Acknowledge your Divine Authority! Command and compel all your feeling to be released into the Management of your own "Mighty I AM Presence" and Higher Mental Body, and into the Ascended Masters' Octave; and you will move forward in your acknowledgment of the Cosmic Flame of Cosmic Obedience, which will hourly out-picture the Divine Plan Fulfilled! Day after day after day, will It expand by your acknowledgment of that Cosmic Flame of Cosmic Love's Protection and Perfection! You will go on your way like the wind, singing "The Song of the Light," co-operating with all that is of Perfection, and blazing the Light which leads others unto the Heights, until there are no more shadows! Even the memory of that which opposes the Perfection of Its Source will have been removed from the Universe; and Life once again fulfills the Great Divine Plan thru Its Great Cosmic Power of "The Song of the Light."

"The Song of the Light," My dear ones, is all Harmony and It does not recognize the shadows! This all resolves itself into one thing—placing that "I AM Presence" first, acknowledging All that It is, all that It can be; and calling forth Its Action thru yourselves! This is not just for your own Perfection, but that you may be like the Sun—an Infinite Outpouring of All the Perfection which is above you into all around you; until you move forward the Fulfillment of the Law, and the Radiation of your Light going before you, dissolves all that is human—until you do not even know it exists!

You can move in the world clothed in this Power of which I speak, and yet not be connected with the discord of the outer world. When a group of mankind will steadily forge ahead, expanding the Light thru This Acknowledgment, you will find as one of you goes here and there, and others go everywhere, you will be like Shooting Stars—whose Light bursts and illumines every place to which you direct your attention. Then will you know that you hold the Hand of God, your "Mighty I AM Presence." Then will you understand the Trust Life has placed in you, when It has endowed you with the Cosmic Authority of Creation!

May I be considered your Friend of the Light—your Ascended Master Friend of the Light, Who can flood to you in the cities, My Power of Purity and Peace from the Mountains? Then you will know there is neither time nor space, because My Feeling can flood your Being and world on the instant like a Tunnel of Light, so to speak, connecting Us with you. I can flash to you Our Purity from the Heights of Creation. You become a Tributary and a Great Great Out-pouring of that Substance of Light which purifies all; for as your Purity increases, your Light expands further, and as the pressure grows greater, It consumes the substance of the shadows. So you may walk in the Heights of Eternal Purity, clothed in Substance from the Octave of Light; and yet on the streets in your big cities, you move as a Sun of Purity blazing It to everyone else within your locality!

It is a great satisfaction, My dear ones, when people have not liked you too well, to transmute them into your friends! Just by your own uninterrupted Joy, which uninterrupted Harmony is—does the Activity of Transmutation go on. Those who thought they were your enemies, become your friends and defenders until they see the Light! Then they come home and stay where they belong! My dear ones, then will your Spoken Word be a Power among your fellow men. Then will people listen to you as your Radiation carries its conviction to their Hearts; and they know the only feeling which will ever come out of you to them, is that which is patient and kind and harmonious without interruption.

I say to you, is there any limit to the Harmony which you may give to others? Your Presence is not limited, nor your Higher Mental Body! We are not limited! The Sun is not limited! The Universe about you is not limited! The upper atmosphere of Earth, which is all Light, is not limited! The moment you call to Us, the way is opened and your Call is your Victory! Why? Because the moment you call to Us, your attention is compelled to come thru into Our Octave; and when your attention comes to Us, We give you what you ask. So if your attention is upon Us—We will have to be photographed into your world! (Applause—audience rising)

Thank you, precious ones, and as you have given your Love to Us, so shall We amplify It and charge It with that which is the Fulfillment of the Divine Plan, and keep It amplifying back to you until you are Ascended and Free! Thank you, won't you be seated? So if you want Us with you, be sure you remember that your Call is your Victory! Your uninterrupted

Harmony is Obedience to the Law, and the Fulfillment of the Divine Plan is the only business with which you should be occupied!

So as We come closer into your atmosphere, don't be surprised if there suddenly charges forth in, thru and around you, the Great Light, Purity and Power from the Great Great Mountains of Purity in this Blessed Land! You might never have considered the Mountain Ranges of America as Great Batteries of Purity before, but "I AM" sure you will from today on! May I say, you can have just as much of the Strength, the Purity and the Power of the Mountains, as you care to accept when you turn your attention to Me, to the Mighty Meru, and the Other Gods of the Mountains; because you can just as well draw the Great Purity, Illumination and Power from the Himalayas, from the Andes, from the Rockies and the Swiss Alps.

We are no farther away than your Call and your Heart's Love. So if you will accept, We will give! If you call We do answer, for there is only One Thing which you have ever come here to do. There is only One Thing which will open the door and let you thru into your Victory, and that is Harmony without interruption! Then the Divine Plan is automatically being fulfilled! As you are the Fulfillment of the Divine Plan and your Light blazes brighter around you, will you bring the Encouragement, the Strength and the Protection to others seeking Light in the outer world. They are seeking in their Hearts, and yet know not in the intellect what it is they really want!

So We leave you precious ones, clothed in a Garment as Blazing White as the Eternal Snows—a Condensation of the Purity, the Electronic Force and Substance from the Great Octave of Light in the Upper Atmosphere of this Earth—that which the Great Cosmic Beings have provided to keep purifying mankind and the Earth, until once again mankind's attention reaching thru has seen—and having beheld, know only the Call of the Light! BE Its Perfection, My loved ones, and let go of your problems and your limitations as if they had never been. Your problems are not so important to the "I AM Presence" as you think they are. Mankind go on having hundreds of embodiments sometimes, and all the things they think are so important down here, do not do one really important thing! They do not give back to Life one thing which the "I AM Presence" can use to give them their Ascension or purify the world. The Presence is not interested in anything except Fulfilling Its Divine Plan, purifying everything by Its Own Love

and Beauty and Perfection!

Mankind do so many things which the Presence does not care anything about, right or wrong; because none of it Fulfills the Divine Plan. People battle each other sometimes for a few paltry dollars, and the Presence never yet created a medium of exchange. Mankind has taken that substance, molded it into a medium of exchange for their own convenience in satisfying their human selfishness; but the "I AM Presence" goes serenely on, just pouring out Its Love and Its Light; and maintaining Its uninterrupted Harmony, that mankind may not blow the Earth to pieces! So isn't that "I AM Presence" remarkable? Isn't it wonderful, that It goes right on giving Its Love, Its Harmony, Its Light, Its Power, Its Forgiveness to those who will not listen to the Call of Love, that they may be happy without interruption. Harmony and Happiness are synonymous!

So now "I AM" going to be very practical. Won't you live tomorrow in uninterrupted Happiness that the Divine Plan may be Fulfilled? Let Me show you Garments of Electronic Light Substance which carry the Strength, the Power and the Purity of the Mountains, to hold that about you. While you might not quite think so yet, you would be surprised how warm that can keep you, when the Heights of Eternal Purity seem cold. They are not cold, except to the discord of human creation.

May I offer you the warmth of the Sun's Light of Eternal Purity and the Mantle of Beauty and Perfection which come only from the Heights of Eternal Purity? May I ask you to be "The Song of the Light" to the Earth? Listen not to the voices of the shadows, for they will never tell you anything but untruth. From the Heights of Eternal Purity alone comes Perfection. So if you will accept that which comes from My Domain, it will bring Beauty and uninterrupted Happiness; it will bring Protection, Supply and Health to you without limit, in the place of your problems, if you will never think of your problems again!

Now I hear your intellect say to you: "Well, how am I going to pay my bills and eat? How am I going to earn my living? It is all very well to talk about these things, but we are very practical, you know. We are in the world where we have to pay our bills." Oh, I have heard those arguments over and over and over, and yet I live in the Universe—I don't have any bills to pay. How do you suppose I got that way? By uninterrupted Harmony! I have a more beautiful Domain than you have ever seen! Nothing in the physical world in the outer, has ever compared with the Beauty

of My Focus of God's Love and Power. So you see you can live on this Planet and in this World without money, without paying bills—and I don't mean that, you should not pay your bills at all! (Laughter from the audience) Always pay your bills! but I say you can use Life to bring yourself to a point where there are not any more bills to pay. I have no public utilities to pay for, yet I have a lot of Light in My Retreat, more Beautiful Light than you have ever seen! Life gave It to Me! Life sustains It! So I tell you, there is a way and there is a means in living to do these things, if you will keep the Harmony uninterrupted. I will give you the next lesson when you attain that.

So as we move forward this week, won't you remember My Heights of Eternal Purity? Remember the Strength, the Peace and the Power of the Mountains, wherein the Great Gods of Life from the Octave of Light come, grow, blaze, bless and beautify all just because it is the Joy of Life Fulfilling Its Divine Plan to make you Happy and Free, and give you the Victory of the Unfed Flame!

I welcome you to My Retreat, but you cannot find It except by uninterrupted Harmony and Eternal Purity; but since I have given you those Two Secrets, I believe that you love them enough to take up My Offer and one day, stand with Me in My Place of Beauty, which no human eyes have ever yet beheld in the outer, and yet all may!

So as I leave you today, will you accept the most Beautiful Garments your eyes have ever beheld, woven of the Substance from the Heights of Eternal Purity? From the Octave of Light, do I draw That to clothe you! May It become Visible and Tangible and Luminous about you, whenever you need strength or energy or Power. May you accept It and feel It releasing to you on the instant whatever is required to hold your Harmony uninterrupted! Then your Strength is Invincible in Its Cosmic Protection against all that is human, until your Cosmic Victory of the Ascension is complete!

I thank you for your love, your Blessings, and all you have done in the Service of the Light. Now I want to show you what the Light will love to do for you, and give you, to show you all that is within Its Heart! It will illumine you in all you do, until the Earth itself becomes a Great Blazing Sun which is Its Destiny; and which must Fulfill the Divine Plan in that Great Love of Creation, wherein discord registers no more!

Thank you, beloved ones.
