

BELOVED FUN WEY'S DISCOURSE

THE LODGE

MARCH 6, 1947

BELOVED ONES OF LIGHT, Happiness and Victorious Accomplishment! I greet you again in the Name, Love and Gratitude of the people of China, and from the rest of the Orient; where occasionally in giving that Assistance to mankind, which We are privileged to give, there flows forth to the people of This Land, the natural Love and Gratitude from Life to the recognition of the Service which that Life gives, from the Heart of the Great Central Sun thru the Beloved Land of America.

Tonight, may I bring you a Joy, an Understanding of Joy, which you may use in the weeks and months ahead; to release many Powers into your outer use which can come so easily, when that Happiness is maintained, just naturally. Mankind scarcely know what Real Happiness is! Children sometimes in the anticipation of something, for which they have longed a considerable time, have a great deal of joy when the fulfillment of that desire is attained, and grown-up people are really just grown-up children.

So tonight, I want you to enter into the Happiness from the Ascended Masters' Octave which is not only the Happiness of Anticipation and the Happiness of Attainment, but the innate Happiness within Life. It is always the feeling within every individual who enters into the use of the Sacred Fire, for the Attainment of the Perfection which the Divine Plan holds.

I want you to become, if you will, Our Ascended Master Happiness to each other, and to the people about you wherever you move. Already you have a good start, and people of the outer world are quite aware that you have much more Happiness than they do. They don't always admit it, but nevertheless they are aware of it; because your very Radiation is carrying that sense of Freedom, Ease and Joy to those among whom you move in the outer world, but We want you to be more than that. We want you to understand with Us, what the Power of Happiness means to you, in the calling forth of the Powers of your own Life Streams into the outer use of the physical self, long, long before your Ascension!

Often in moments of contemplation of the Use of the Powers of Precipitation, and other Powers of which you have

heard, you anticipate to some degree what Joy you would have, if you were now using those Powers. Well, I want to say to you tonight, the greatest anticipation you could ever have in imagining the Joy which would be yours in the use of those Powers—isn't a drop in the bucket compared to the Joy of the actual Use of those Powers!

I want you to come with Me tonight in your attention, and lift your attention—command the brain structure to receive the Light of My Happiness; for I can thru your attention, lift the energy of your feeling world, into Our Feeling in the use of those Great Powers of Life, which are Freedom to those in the physical embodiment.

We of course are Free, and therefore, We have the Unlimited Use of all the Powers contained within Life; and that is why Our Joy knows no bounds, knows nothing but ever-expanding Power and Victory. If you will always qualify whatever enjoyment you anticipate in the physical octave with the Ascended Masters' Joy, and the Ascended Masters' Power of that Joy, it will bring your Victory much, much more quickly.

There is a very great Power in Joy, My dear ones, and there is no reason why people yet unascended, who know this Law, should not be as happy as the birds of the air. Oh My, Life never was intended to be weighted down with a sense of struggle and strain and distress. Oh, turn your backs on all that! Live in the Joy of Our Octave, and as surely as you sit here tonight, We can make you not only an Open Door into Our Joy for those in the rest of the world, but We can make you like a Great Onrushing River from Our Octave into you, and from you out thru the rest of mankind wherever you move.

If you would remember to charge everything you have to do, before you start to do it, with this Joy, which We are waiting to flood in, thru and around you, you would scarcely know what a struggle or limitation would be. Sometimes, precious ones, in a moment of great anticipation in the accomplishment of something which brings great Blessing and Happiness, there comes something wonderful within that. Many times, the Higher Mental Body takes advantage of that attunement and in a moment, flashes in or thru the individual, more of Its Powers, and Its Gifts which that one did not even know were going to come forth.

Oh, We want you to feel in a very practical way, the use of the Power of Joy, Our Joy. Please do not misunderstand Me, because sometimes in the excitement of human feelings, people enter into a certain kind of happiness, which is really

only temporary sensation in their own feeling world. It might be their own ideas of happiness, but really from the Inner standpoint, it is not Joy at all; but carries very often a penalty which has to be paid for later. We want to lift you out of that! We want you to have a glimpse into Our Octave—see the Gifts which are there awaiting your use, and awaiting your call to come into the physical octave and serve you. Let your Happiness and your Light-heartedness be the Joy of your Attainment, and the Power of your Victory to bring that Joy to others.

So just go on, and enjoy the use of the Greater Powers of your own Life! That is the Eternal Joy! That is the Ever-expanding Action of each Life Stream, which brings the Eternal Happiness which is within Life, from the Ascended Masters' Octave into this world. It is just like a Magnet! It raises everybody and everything you contact into the true enjoyment of Life; because you use all the Energy and Consciousness of Life, constructively.

No matter how great an attainment you are aiming to accomplish, every step of the way should be an enjoyment of the use of the Greater Powers of God's Life, to attain a Greater Height of Mastery; because when that Height is attained, your Service in the Universe will bring greater Joy and greater Magnificence to Life!

I want you to realize, that the Joy of Life is the Use of the Powers which are within Life, acting thru yourselves; to produce Beauty, Perfection and Magnificent Accomplishment, so It brings Joy to all the rest of Life. You see these Activities are a Great Flow of Energy. Each one is a Great Circle of that energy's flow; and therefore, as you reach up to your own "Beloved I AM Presence" and the Ascended Masters' Octave, and draw forth Powers the mass of mankind are not using, it gives you a certain Supremacy over outer world conditions. It will just naturally pour forth greater ease into your feeling world, and as you enjoy the use of those Greater Powers, mankind beholding you and wanting to have that same Mastery, will absorb from you that same Joy and Feeling of Dominion, because their attention is upon you. That is why the example of being the Joy of the Ascended Masters to unascended mankind, is a very great privilege to each of you! It is a very great responsibility as well as a tremendous opportunity.

Oh My, never yield an instant, precious ones, to the slightest feeling of anything but Joy. Your Decrees can be fulfilled in one thousandth part of the time, which would otherwise be required; if you maintain an Inner Enjoyment of doing

anything that is required to be done. I tell you Happiness will take you thru to your Victory a thousand times more rapidly, than if you just struggle along with a sense of your attainment being such a weighty problem; or that you have to be so serious all the time, that you have forgotten the Joy which is within Life!

Now let Me remind you tonight that Joy—the faculty within Life to express Joy, is one of the Great Jewels which Life holds within Itself. Now that is yours! It is inside of you! You can draw It forth consciously and at will. You have used it many times in the past! It contains all the energy you require to do anything constructively and make it your Victory! Therefore, in the use of the Gifts which are already within you, if you do not draw them forth and use them, well it is no one's fault but your own!

If you had a legacy of great wealth and it was placed at your disposal; you were shown where it was stored, the key was given to you, or the door opened, and you were invited to use it, if you did use it, you would be able to do many many things; but if you did not go in there, draw It forth and use It, it is not the fault of the Giver of the Gift. It is not the fault of Life!

So tonight, I want to impress upon all of you what a tremendous privilege is yours, to understand how to generate Joy consciously; and the moment you do not seem to be joyous, take yourselves in hand. If you feel down-hearted or something seems to be weighing heavy upon you, or you just seem to be poking along, shake yourselves awake; and Demand the release of Joy from your Presence, and I shall be very near you, if you choose to do this. If you should choose to keep yourselves only joyous as the Ascended Masters are, you will find a Power gathering around your bodies, which will give them a sense of lightness.

Now some of you have a very keen sense of humor, practically all of you here, when you want to use it; but be mighty careful that you use it only as the Ascended Masters would! Then your Joy will steadily increase without being caught in a sense of excitement, which opens your emotional bodies, to conditions that certainly are not constructive.

My dear ones, no matter what Powers of Life you draw forth; no matter how great your attainment; no matter how great your Mastery; no matter how magnificent the Manifestations are that you produce, remember this always—never allow excitement to come into your feeling world; for if you cultivate an Ascended Master Enjoyment of everything you do, and the Happiness of giving that Enjoyment to others, so that you are

a Raising Power wherever you move, you will be surprised, how quickly levitation might be allowed to express thru you!

Now whenever this subject has been discussed We have watched, and We see many things passing thru your minds. Some of you think—well if I could levitate my body I would do this and I would do that, and what a lot of fun I would have at somebody's expense. That wouldn't be well! Therefore, you wouldn't be allowed to use it for that! In drawing forth this Power of Precipitation, Etherialization or Levitation, remember to qualify all those Powers, always to be used only as the Ascended Masters would, and use them only to fulfill the Divine Plan; and that Divine Plan, My dear ones, has more Happiness within It, than ever you knew was in the Universe.

It is this Happiness that "I AM" calling to your attention tonight, because if you were to live without interruption in just a childlike Enjoyment of being happy in loving Life; and drawing forth from within Life, all the wonderful Powers which are within It, your speed of Attainment, My dear ones, would be at least a thousand times more than you are making it now; altho I congratulate all of you, because you are so far ahead of the rest of mankind in your Attainment, that it is a constant source of Joy to Us. Nevertheless, you can have still greater Powers, still more rapid Attainment. Therefore, you will be of more service to Saint Germain; you will be of greater Blessing to your Nation! You will be more Light to the world!

So, We have a very practical use for Our Happiness! We want you to grow up in the use of Our Happiness, and regardless of the Powers you draw forth, watch that you use them always with dignity; and do not in the contemplation of them, resort to a childish attitude of trying to play a trick on someone else. I tried that once with Eriel and it did not work so good, and I would not want you to have the same embarrassment.

Do you know why the human thinks it can do something and not be found out? Because it is looking always at its own shadows, and it thinks that nobody else can see thru those shadows. It clothes itself with the shadows of its own human concepts, and its human feelings; and then it thinks it is hidden from others; and the poor thing, all the time the Light—that "Light of God that Never Fails," which is the Light within Life Itself, is seeing thru the shadows, because to that Light there are no shadows.

So do not let your human fool you any more. You know it has had a pretty good time up to now, all thru the centuries. It had quite an orgy of putting it over on the outer self, and so

from tonight, I want you, if you will, to live in Our Happiness; and if you should want to intensify the Happiness within and around yourselves from the standpoint of Power to produce Victory, then "I AM" at your Service!

Could you for one day see the difference, in the amount of Light which is drawn around you, and the amount of energy you direct thru a day, which is qualified with Happiness, or when that is qualified with a sense of struggle, My dear ones, you would never cease to be happy again. Now "I AM" going to show you why Happiness is such a Scepter of Power to those who will cultivate It—to those who will give It; to those who command It to come forth from Life and expand thru themselves and everything and everybody!

When the sinister force is after a Channel of the Light, who is making pretty rapid progress, that sinister force tries to throw over your feeling world sometimes a sense of depression; or a sense of struggle and opposition; or it will try to draw problems across your pathway, to keep your attention occupied with them, so as to delay your Attainment! There is not anything, almost, in the Universe, which disconcerts the plans of the sinister force, as to laugh at them. It makes them furious of course, but they know that if you laugh at them, you are not afraid of them!

Now this is one of the Major Powers which is within Happiness. The Power to overcome fear, lies within Happiness and Love. If you fear something that the sinister force thinks it is going to do, then it has got you where it wants you; but if you laugh at it, and draw Love from your Presence around yourselves as an Insulation, you have taken the wind out of its sails right then; and this is one of the wonderful Powers within Happiness, which is a natural result to those who cultivate It. To him, whoever cultivates Happiness, automatically there comes greater and greater release from all fear!

So tonight, you not only can open the Door to the Great Gifts of the Ascended Masters' Octave, and the Great Gifts and Powers of Life thru Happiness, but you also can close the door to doubt and fear, thru Happiness! This Messenger used to say something when she was in the early days of Theosophy, and when people thought she was queer, she used to use an expression that shut them up always; and while We do not care especially for you to use it, I want you to have the thought. She used to say: "Well I would rather be considered unusual, because I love God and can produce Perfection, than be con-

sidered sane because I live like the rest of mankind, who are going to destruction.”

So don't be concerned about mankind's opinions! Just demand the Happiness from Our Octave which gives you Mastery sooner; which brings you the release of the Powers that are already yours. You have the Power to be happy when you want to, because you all are; and any time something else rides in temporarily, and tries to spoil your Happiness, take the stand of Mastery over the things of this World, and Demand your Happiness! Demand Happiness from the Ascended Masters' Octave by obedience to your Presence; and I tell you the flood-gates will open, and the things you scarcely knew were in existence will seek you out to serve you!

One of the most Magnificent Powers which comes as the result of Happiness, will be yours to direct in regard to the Command of the Beings of the Elements. Now We are entering in here to a very important Activity of the Law. The individual who by temperament is pure, happy, poised and fearless, gives off a Radiation from the body and thru the mental and feeling world, which is a Haven of Happiness and Rest to the Beings of the Elements; and just like butterflies will they seek you out, and bring you their Gifts.

The Beings of the Elements do not like mankind's discord, and they do not like to be compelled to obey mankind; altho under the Action of the Cosmic Law they must do that; but when a person is naturally happy by temperament, and then Fearlessness and Purity are added to that in the feeling world, as the Radiation extends around the physical body for quite some distance in every direction, I tell you the Blessings the Beings of the Elements will bring you, My dear ones, will seem like Miracles to the outer world; because the Beings of the Elements get release from mankind's discord just by staying around you. Just the same as a child seeks safety in coming into the house or into the arms of the parent, just so will the Beings of the Elements seek you; and when they come to you—because they are happier and more comfortable in your atmosphere, they will bring you their Gifts!

You don't know what I mean, but remember My Words tonight—they have Gifts to give, that none of you know exist this hour! That is why “I AM” asking for you to command Happiness, the Ascended Masters' Happiness, to qualify and flood everything in your world. If you choose to command that to go forth each day in the Sacred Love of the Sacred Fire, to bless all the Beings of the Elements; and command them to be happy

with the Ascended Masters' Happiness, they will find many things for you, which you are not likely to find for yourselves. Oh, not that your Presence can't find it for you, because It can, but you just don't know yet what exists in the outer mind. Unless the Higher Mental Body kept your time and attention upon it undivided, it might be a very long process and considerable effort to the outer self, which could be completely avoided, if the Beings of the Elements chose to bring you their Gifts; and they have many Gifts to give, My dear ones—many, many, many Gifts which mankind do not even accept when they are offered.

Do you know the Beings who govern the trees for instance, and the Great Lord the Maha Chohan, under the Activity of the Cosmic Law, have commanded certain elements to come within a tree; and the Beings who draw those elements and expand them thru the growth of the tree, could give you their Healing Gifts! They can direct that healing to you in many ways when you need it! Just as naturally as breathing, would you find their Blessings coming to you and being built within your atomic structure, by the natural processes of your own Life Stream; and you would find, My dear ones, a complete At-one-ment with the Powers of Nature who would obey you instantly.

You can control the storm! You can control the Activities of Nature; thru your Love to the Beings of the Elements. You can have more power over Them thru Happiness—I mean by that, They will give you Their Blessings, without being asked! You will not have to command Them! The very Happiness, Purity and Fearlessness within your feeling world, will be like a Sun, a Magnet which will attract them to you, and when they come they will give you their Gifts! Then—thru that At-one-ment with the Beings of the Elements—would you hear the Voices of Nature in an entirely different way from what your ear hears them today. You would then hear the Voices of the Beings of the Elements; and if you want to hear exquisite music, it is when they are performing some service in the Activities of Nature which produce Beauty. It is the Perfection which comes into mankind's outer use, to lift the Consciousness of Life into the Greater Perfection of the Ascended Masters' Octave.

Oh, there are so many magnificent processes within Nature which Those Beings of the Elements carry on. They carry them on, when they are the Activity of Purity, in such Joy, in such Beauty and such Perfection. Dear hearts, you might just as well be One with Them, as to feel that there is a barrier between.

Do you know what I have accomplished since My Victory was attained? I have accomplished, thru the Assistance of Mighty Beloved Eriel, the Precious Saint Germain and Beloved Godfré, many of the things, that I have wanted to do for a long while, for the Student Body who have loved Saint Germain and the Beloved Godfré. You just don't know how much We love Them, particularly those two precious ones, because of Their Service to the Student Body.

The Mighty Saint Germain for long centuries has had a very close association with the Beings of the Elements. They were His servants. He blessed Them greatly! They accomplished many things for Him which to the outer world seemed miraculous, and that is why He was called every conceivable name by those who did not understand, or who were viciously opposed to the Purity and Freedom He wanted to give mankind.

Your Beloved Godfré has rendered a similar service in His Ascended State, as has Mr. Rayborn; because of Their Activities with the Beings of the Elements in some of the things they did several times in this embodiment—in their last embodiments; and also that which They have done several times before. They have a certain Momentum in their Life Streams, which can stand at your service; if you understand tonight, what I mean by making the Beings of the Elements your Friends thru Purity, thru Happiness and thru Fearlessness.

I do wish you would consciously draw forth these Powers! The Great Ones, have been watching, over the last two years, to help the "I AM" Student Body become more aware of the Powers, which are within their own Life Streams. We want you to draw this forth from within yourselves, and Happiness is one of the first conditions on which these Greater Powers of Life flow into your outer use! Oh My dear ones, your Happiness will grow in leaps and bounds, as you are able many times—Oh just in a few moments, to give someone else a great deal of Happiness. Don't you realize, that as you bring Happiness to others and as you keep yourselves in a happy state, you have greater and greater Power to give Happiness to others; and every time you give It forth sixty percent of It stays in your world?

Oh dear, if you would only work with that other forty percent a lot of the time. You have no idea what Life wants to give you, dear ones! Life wants to give you Illumination thru the body! Life wants to give you these Powers of Precipitation, and all that the Ascended Host use in Their Octave. One day, some of mankind are going to have to bring It into outer use, by Conscious Command in the physical octave, in order to make

this World like Ours! You don't have to wait until the change takes place, in order to begin the use of these Powers!

My dear ones, in the Retreats of the world, students have drawn forth various Powers of Life to render service along certain lines. Now, there must come a Group of mankind in the outer World associating with the mass of the people, who move among them, yet are not a part of them, so far as their habits of Life are concerned. You move among them with a feeling of Happiness. Then they see that the individual who is willing to discipline himself or herself; who is willing to draw forth and give obedience to the Activities of Purity; who does keep the attention upon the God Presence, can do the things that the rest of mankind cannot do; and that they move among the rest of mankind willing to assist them. Therefore, they do not feel so far apart from the God Power. They know It is somewhere in the Universe and ought to come into outer action thru themselves, to correct the mistakes they have made!

Oh beloved ones, in the Happiness of just enjoying the use of the Powers which are in your own lives already, there comes a Freedom, a Victory, a Mastery which does not come thru anything except Happiness. If you continue to intensify your calls, to do everything by the Sacred Love of the Sacred Fire, that very Love within Itself contains Happiness; but if you wish to intensify the Quality of Happiness and make It a Scepter of Power in your use, then I can be of service to you, in a way which is My Particular Service to Life. I can help you to expand many of your Powers, in a most enjoyable Way, and that Way makes you all more valuable to Saint Germain.

You see I love your Saint Germain for many reasons you do not understand! Oh that Beloved Godfré—the Precious Life Stream that He is! How We Love Him, no one knows but Ourselves. You love Him, and He has been very close to you so often; but Oh could you see what He has been planning to release to you, to bring you greater Happiness, you would keep yourselves in such a state of Purity, Obedience, Harmony and Happiness, in order to let Him give you what He wants to give! Won't you do this? Because in giving that to you, His Happiness grows greater; because He has longed to give It so many many centuries to all of you! Won't you keep your Happiness, your Purity, your Harmony and your Obedience without interruption, so He may have the Joy of giving to you, what His Heart has longed to bring, thru you, to mankind for so many centuries?

He is not idly called the Great Physician! He is waiting

and longing for that hour when the flood-gates open, and the Music released, floods forth the Purifying Flame which starts the removal of all disease from the Earth and mankind forever! Won't you give Him that Joy by maintaining your Happiness, your Obedience, your Harmony and your Absolute Fearlessness? Wrapped in the Love, as you are, of the Ascended Host; wrapped in the Purity of these Mountains, as you are, by the Great God Tabor and the Other Beings of the Elements; wrapped, as you are—My dear ones, in the Love of your "I AM Presence"—please use the Power of Harmony and Love and Happiness, which is automatically within your own Life Streams. You have all been happy at times in the past; happy sometimes to the point of ecstasy! That is truly from the Ascended Masters' Octave. You have had this Happiness at times! You may have It for Eternity without interruption from tonight, if you will.

Your Happiness would enable Victory to bring you Victories, My dear ones, which must come thru some of mankind! I mean a large enough group—so individuals cannot and dare not deny longer, the Authority, the Power and the Dominion of this "I AM" Activity! This is all within your Life, and Our Life is ready to give It or release It thru your Life; and open the door by which your Life can give It to the Life around you; for Happiness is the easiest way to progress rapidly, comfortably, Invincibly and Victoriously. Freedom, My dear ones, certainly brings Happiness.

Do you not see how imperative it is to remain happy? Then your "I AM Presence," if It knows that is established permanently, will not withhold from you one ounce of energy which It has at Its command; because if It sees you are Invincibly Happy in the midst of everything; if It sees you are Fearless; if It sees you are determined to hold Purity and give Obedience; then your Presence says to you: "Everything I have is thine! Take It and use It and see for yourself how much I love you"!

Oh dear ones, I want you to be happy! Do you know another reason why I want this? Because when I came to Eriel or He took Me, His Love was such a Haven of Happiness to Me, that It just seemed to make easy and possible everything I had always loved to do. His Love made Me so happy, that I determined to bring that Greater Expanding Happiness to all Life; because My Freedom came so easily when I was happy; and so It is with you; so It is with all mankind!

There is not a person, place, condition or thing in this

Universe, can make you unhappy if you take your stand with your "I AM Presence" and command in God's Name, that you won't be unhappy! No set of circumstances, nothing on this Planet can make you unhappy, if you take your stand with your "Mighty I AM Presence" and Us! Who on Earth, or what condition that is here, is greater than the Ascended Masters' Octave and the Power They direct? They are never unhappy!

Don't you remember your Saint Germain saying in the "I AM" Discourses, when you really understand This Law, there is no excuse for the shedding of one tear; and to him who knows This Law, will give obedience and hold Harmony, there is no such thing as an adverse condition? Then from tonight, My dear ones, if you want Me, I will see to it you are happy! If you want Me to be your partner in Happiness, you say the Word! but we won't try to fool Eriel or anybody else about the Light! I learned not to do that but once; and I can show you Ways and Means of Happiness which will be as you say, Secrets of your own trade! I can show you Inner Activities that can be released to you thru Happiness which will never come in any other way! Were you to just reach up to your Presence with such Love and devotion, you would enjoy the time you spent loving your Presence! Just command It to be the Greatest Happiness in the day; and as you form that habit and the Momentum increases, it will be no struggle at all for you to maintain it! We want many of these things to become intensified, at least for a few of you, in a Group like this; because it will give Saint Germain so much more Power to protect this Nation and the Americas; or else I would not be here tonight! To just come and plead with people to be happy isn't all of My Mission, but the more Happiness you can maintain, the safer your Nation will be!

So I have a purpose in turning your attention tonight to the necessity for this, so you may release Greater Power and place It at His command. Then in blessing your Nation by the Happiness from your own Life Stream, beloved ones, will you fill the "Cup of Light" to the World; with the Liquid Light from your own "I AM Presence," which shall be Its Safety, and shall be Its Victory without further bloodshed!

Mark my Words tonight, when this is established permanently within this Nation, and America has proved to the world that the Light within her people, is the Sustaining Life of the Planet—you will find every other Nation which is to survive into the future, will look to America for Light! Then is your opportunity, because all will be receptive to the Truth of

this Law, and the other Nations of the World will drink from America's "Cup of Light."

Precious ones, who do you think is the Light within America's Cup? Certainly not the destructive people within your land! You have been brought to this Height of Purity, into these Magnificent Mountains, where there is such Power and such Purity! You have been given everything, you can accept from time to time in the raising of the Vibratory Action of your Life Streams; so We might bring you these Greater Powers, and you use them for the Freedom of the Nation! I tell you tonight, dear ones, it is imperative to hold the Happiness which releases more Power from Our Octave, to hold the Nation secure within the Light, until the Cosmic Light reaches a certain point! When that floods forth in certain Intensity, My dear ones, the Cosmic Law takes things in hand thru the Powers of Nature; and then My dear ones, will you thank Me for this night and the Light "I AM" calling forth thru Happiness—My own and yours! In that hour, when the Powers of Nature move into outer action, will you thank Me for this night, when I have shown you how to make Them your Friends!

Please remember what I say tonight! Please stand with Me and hold this Happiness without interruption, so you may have the Protection by the Beings of Nature, when the rest of mankind are being removed, because of the Command of the Cosmic Law! You are the Builders of the Future! You have been cherished, protected, supplied and held up here apart from the discord of the outer world, and that is for a very Important Reason! Therefore, your Happiness maintained, will mean more Protection for yourselves, those of your loved ones, and all who are brought to you in that hour, when the Cosmic Law is in Full Command of outer forces!

You will find the Power you have drawn thru Happiness and Fearlessness, will carry you thru any crisis, and bring you out victoriously without struggle; and more than that, you will be an example to the rest of mankind, of the Power of God which goes forth at your Conscious Command, to control conditions the rest of mankind cannot control! You have to have this Power, My dear ones, in order to hold Certain Protection of Constructive Forces within This Land! Therefore, Saint Germain's "I AM" Activities which have been drawn forth at this time, and the momentum gathered, are for use over the period of change; and you are the "Cup of Light"! The Light, My dear ones, brings Happiness, and the Happiness within your own Life Streams, unlocks the door to every Gift Life contains.

Then everything the Great Ones can give from Our Octave, can come in on your Happiness and take you forward to Victorious Accomplishment, a thousand times faster than any other way!

Oh, We want to keep you insulated against the long-faced, pain, struggle and suffering method which has been held before the attention of the rest of mankind thru the centuries, as the Way back to God! The Way Back to God is the most Joyous Thing unascended mankind can experience! After they have turned away from the Banquet Table of the Almighty thru the centuries, and have lived in the starvation of the animal, surely the Return to the Father's House, ought to be a Song of Joy with no regrets at leaving their troubles behind!

I could tell you many humorous things, but I think I shall wait, and let you find them out for yourselves, at least some of them, until We come to a Certain Point. Then I can show you many Ways and Means by which you can laugh things off, which heretofore you thought you had to struggle under as problems! Did you know, that if you hold the right attitude of Happiness toward all of your problems, it will be but a very short time, until there are no problems?

You have a Way and Means of dissolving all problems long before your Ascension. There wouldn't be a problem in anyone of your daily experiences, My dear ones, if you call forth Happiness from the Ascended Masters' Octave, which gives you the Power and the use of Life's Gifts in your every day activities! Each day will vie with every other day, to flood you with greater Happiness. The Beings of the Elements will bring you their Greatest Blessings, and you will sometimes wonder how in the world you can be so happy! I want you to feel that!

"I AM" determined to keep this before your attention, if I have to come once a week, until this is so held before your attention, and so anchored in your feeling world, that the Fulness of Its Power comes into your outer use constantly!

I do congratulate you on the Joy with which you give your Decrees, and the general enjoyment you have had here. We are very grateful for It, and that is why I want to intensify It with the Gifts I can give. Joy will make you accomplish that which you have chosen to attain, in a very much shorter time!

So tonight, as "I AM" speaking these Words and anchoring the Happiness of My Love within you, I shall just give you a little glimpse into another channel of Happiness which is not far distant. That is in the Greater Release of the Music, will you find it a great deal easier to maintain your Joy! That is one of the things the Beloved Godfré is determined to bring to you

all, till He has flooded your worlds with the Happiness, He wants you to have thru the Music He so lovingly gives!

Thank you, precious ones, for the Happiness you have had this far, and Oh just qualify each day with a thousand times more Happiness, and a thousand times more Power of that Happiness to produce Perfection, Protection and the Victory of your every Heart's Desire—until all comes into the outer to bless you and to bless your fellow-man. You can have things up here, My dear ones, which to the outer world seem Miracles beyond belief!

Oh the precious younger generation, bless their Hearts! They use an expression, which they call a slang phrase; and yet dear ones, it is the Acknowledgment of one of the Most Wonderful Ways, by which the Perfection of Our Octave can come into your world! Their slang expression is: "Well it is not of this World—It is out of this World." *Oh My dear ones, there is only one thing "out of this World" and that is the Ascended Masters' Octave*, so if they use that expression enough, as surely as they use it, will they draw Our Perfection here! They are qualifying many things of the outer World with that expression—"Well it's just out of this World"! Well that is very lovely! If they knew how much of God's Great Perfection is out of this World, they would draw some of It here! It is one of the Most Wonderful Expressions that this generation has drawn forth, and We hope to see many surprises come thru It to all of you.

Sometimes in certain slang expressions, there comes a feeling and a certain consciousness, which does a remarkable thing, and that is one of those expressions. I might add one of your other expressions to My desire for your Harmony! You know there is no word in the English language or in any other language which releases just the same feeling as the word "Pep"! Were you to qualify yourselves and all the energy each day, that you release, with all the Pep which Happiness from the Ascended Masters' Octave contains, I think Hercules would take notice of you; and as you combined those two Qualities—Happiness and the Energy it releases, to give you that sense of exhilaration which the word "Pep" implies, Hercules, I think, would experiment with some things that would make you very happy.

So if you care to have the Pep of Our Happiness, "I AM" at your Service, and I would like to show you just how well I can serve you. Will you give Me an opportunity? Will you try Me out to see how much Happiness I can serve you tomorrow, and how much Pep there will be in that Happiness; and if you care to join hands with Me and generate that Momentum,

“I AM” sure you will bring Great Joy to the Hearts of Your Blessed Saint Germain, the Beloved Godfré and the Precious Jesus, and all the Others who have America’s destiny in charge. You will provide a way and means by which the Words of the Mighty Arcturus, the Mighty Goddess of Liberty and the Mighty Jesus, will be made manifest as the Cosmic Light over the Nation and Over the Americas; to hold the Guard which shall forever maintain the Victory of Light in the future.

So I place My Love at your command! “I AM” ready to serve you, and if you will join Me in the Happiness and the Power which can be released thru It, and place that at Saint Germain’s Command, you will all have cause to forever be grateful, and My Blessings to you shall never cease!

“I AM” very grateful to America, because here the Great Cosmic Law, thru the Love of Beloved Eriel saw fit to give Me My Eternal Freedom; and I would like so much to repay That by the Love and Freedom, I can give you all by intensifying your Happiness. So if We may call forth the “Pep of Happiness,” and give It to our Beloved Saint Germain, just now He can use It. So if I may serve you in ways that you require the most, in order to keep the Greatest Happiness around you, just call to Me and I shall be so grateful for the opportunity, until you see more of what We want to accomplish.

I convey tonight, the Love from the Beloved Eriel. He has watched your Happiness up here many times, and while He serves in other ways, because His Responsibilities are in other directions; yet He guards very carefully, and will one day “I AM” sure, make known to you certain of His Activities which are of Great Importance to this Nation.

So from tonight, your Happiness is very important to this Nation. Your energy, My dear ones, is required in its Most Harmonious, Invincible Use! So, if you will help Me, and if I may serve you, together we will serve the Great Cosmic Law and give Beloved Saint Germain more Power by which to fulfill the Destiny of America, and keep the people out of the clutches of destruction! Then We can draw their attention to the Heights of God’s attainment and the Freedom, Life intends each one to enjoy.

This night is a memorable one in My experience, and when the Music comes forth, beloved ones, with your Beloved Godfré I will be present with you very very frequently! “I AM” just holding before you, the vista of the Attainment which is so near at hand. When the Power of that Joy begins to flood the atmosphere of Earth, will your gratitude join Mine, and in Ever-

lasting Devotion will We thank that “Beloved I AM Presence” and the Great Ones, who guard the Destiny of the Americas; that We have been a part of that Plan, and have been privileged to expand and guard the Light, which draws all Life into the Happiness that is the fulfillment of the Divine Plan!

I await your calls! “I AM” ready to serve you, and I can serve you Happiness that never ends! Tonight, may I show you more when you leave these bodies in rest; clothe you in more of Its Power; and make you consciously aware of It all day tomorrow—just to give you a Sample of that which I want so much, to become a Permanent Accomplishment for you all!

Thank you, beloved ones, and may it not be so long between Our visits again. My Love, My Gratitude and My Happiness are ever at your command, and all that I can do to keep you happy, I will do without request. Thank you for this night, and may My Gratitude be proved in the Service I give and the Love I offer for you to command.

Thank you so much!

For your mistakes

Don’t accept that you have to be subject to the reaction—discordant reaction of your own mistakes. Call on the Law of Forgiveness and then with all the determination of your Being, turn upon those mistakes and command them annihilated from the Universe by the Violet Consuming Flame and the Blue Lightning of the Ascended Masters’ Purity and Love! Then take your Freedom like the God Beings which you are!
