

## MIGHTY ASTREA'S DISCOURSE

CHICAGO, ILLINOIS

MARCH 12, 1944.

Evening

loved Ones of the Light! I bring you Greetings from Heights of Great, Great Power and Great, Great Purity! Heights of such Attainment that you can scarcely realize at the present time, the Power required to release these Blessings to the people of Earth.

I come as always to help consume that, which thruout the centuries, has sought to degrade mankind and misuse the Mighty Gifts of Life. The Power from My Great Octave of Activity, is never given by those upon this Planet. I offer All at My Command for the consuming of that which has sought so long, to interfere with the Fulfillment of Life's Divine Plan for the people of this World.

My Love is Very Great, and when it becomes necessary to shut off the further expansion of that which has destroyed and distorted Life's Perfection for so long, I must release an Action of the Blue Flame for the purification of all that is of the human. Life in Its Great, Great Mercy in those Magnificent Cosmic Realms to which I belong, has provided the use of My Powers of which mankind are totally unaware.

I offer tonight, to give you the use of as much of My Power, as you will call into action for the Freedom of Life everywhere! Since My Special Activity to the Earth, is the consuming of those creations around mankind which have held the limitations of the human in action thruout the centuries, then at this time, I may render Assistance to you individually, which you will scarcely comprehend until your Ascension.

In the frightful conditions which are the aftermath of war, as well as its actual release of destruction, still My Power of the Circle of Blue Flame is Almighty Authority over destructive forces. In calling to Me individually, for Assistance in the removal of human creation – whether that be the

discarnates in the rest of the World or the accumulated thought and feeling forms which are generated in America thru hate and selfishness, regardless of which channel needs My Assistance, I must have your call; the call of those who understand This Law – in order to render the Assistance which frees the Earth more quickly from this frightful, frightful thing against Life.

“I AM” not limited in any way – you know that! but in certain destructive conditions; the Legions which are at My Command when in action, are something terrific to behold. When it comes to the use of the Blue Ray or Blue Lightning or Circle of Blue Flame, which shuts off the action of destructive forces, conditions or creations, it is necessary sometimes to draw Tremendous Power of the Blue Lightning. Naturally in the warring condition of the World this is the thing needed most. First of all to leash any further action, then to issue the Fiat for its removal from the Earth.

I would that more of mankind knew of My Existence in the Universe, and would give Me the call which enables them to be set Free. Unless you will place your attention upon these Great Ones beside Myself Who wish to offer you Assistance, how can you have It? If you want to go thru a door, unless you place your attention upon it would you ever get there? When you need more Power to stop the destructive forces on this Earth, which have already been drawn forth, can you have It unless you place your attention from whence It comes? Can mankind know the Power of Beings who govern the Universe around them, if they will not place their attention upon those Beings and the Manifestations which are before their eyes constantly?

If the attention of mankind is held continually upon the destruction of that which God has made, will they know the way and means of controlling that condition? Then you do need the Assistance of Myself and Others, whose full Authority is required to free the Earth from that which has opposed the Perfection of God, of Life and the Divine Plan of this Universe!

I trust before I leave you tonight, that you will have seen clearly and accepted deeply in your feelings, My Reminder to call Me into action in all destructive conditions. The Circle of Blue Flame which is at My Command formed around a human creation can descend and like a streak of lightning be made

manifest instantly; when you have established your connection with Me by the daily Acceptance of My Presence, and the call to Me for the Assistance you require. I so establish your connection with Me, because you need that. I do not need you, but you need Me.

I love you and in that way you are part of Myself, but you need My Assistance tonight, if you are ever to be Free from the human creations in the World about you. When you see conditions in the outer world which are the hypnotic suggestions and the action of destructive forces, accumulating to a point where the power needs to be controlled and shut off; then call to Me, and establish My Circle of Blue Flame, until It has closed in upon all that wants to cause destruction to Life.

You may call My Circle of Blue Flame into action a thousand times a day, if you so desire, around every destructive condition you see; and that will enable Me to place here and there and everywhere you call It forth, a Circle of Blue Flame which stills the expansion of destructive forces, and then closes in upon them and consumes them.

Mankind's unbridled misuse of Life's Energy is soon to come to a close! It is fast drawing to its finish, for which We have waited for centuries; and the manifestations which mankind will come daily to witness, when these Greater Activities of Life are ready to move into outer control, will be something that will go down in the annals of time! never to be forgotten by the Life of This World and its mankind. NEVER FEAR, MANIFESTATIONS SHALL COME WHICH WILL EDUCATE HUMANITY TO THE REALITY OF THESE GREAT BEINGS AND POWERS, THAT SO MANY HAVE DOUBTED THRUOUT THE CENTURIES; FOR WHEN THESE MANIFESTATIONS COME INTO OUTER ACTION, THEY COME TO CONSUME DOUBT AND IGNORANCE, FEAR AND HATE, SELFISHNESS AND DISCORD! THEY COME TO EDUCATE MANKIND TO THE REMEMBRANCE OF THAT WHICH THEY ONCE WERE AND MAY BECOME AGAIN - MUST BECOME AGAIN IN FACT.

When the mass of mankind have forgotten the Purpose of physical embodiment, to the degree where nothing is being accomplished for which they came into this World, then Life Itself takes a hand; and must bring about Manifestations

which shut off any further opportunity to misuse Life's Gifts.

Individually and collectively, I ask you to keep calling My Circle of Blue Flame into outer action. Call My Sword of Blue Flame to cut away, and cut away, and cut away, all that sustains destructive manifestation. Every time you see opposition to the Light and defiance against the Mighty Perfection of Creation, call Me into action, to remove from all consciousness that which is not of the Light. These creations in the mental and feeling world of every human being, must be dissolved and consumed before the Great Powers of each one's Presence, can be released in their Fulness thru the physical form.

The miscreations of a Nation must be cut away from that Nation, before restoration can take place of the Freedom and Perfection, for which a Nation stands as does America! The warring forces of the world have too long already had an opportunity to interfere with Life's Divine Plan manifesting here! If people whose Hearts crave the Light, and whose minds know that the Light is the Truth and the Reality of Life, would call to Me every time the shadows appear, they could much more quickly be Free from their distress.

The accumulation over the large cities in America, of destructive forces, which have been gathered since the Goddess of Light and Those of Us, who assisted Her in removing the discarnates and the psychic conditions in the atmosphere over America, is an unfortunate thing, a most unfortunate thing! After that Great Being and the Great Assistance which was given in 1939, has offered to help free this Nation from the frightful conditions which have been here for centuries, think! mankind no more deeply appreciate that, than to go on in this thing which is rampant today! Like your Beloved Saint Germain, "I AM" determined - they shall feel My Hand and My Sword of Blue Flame yet dissolve from the Earth that which has opposed the Perfection and Freedom of Light.

The puny authority - usurped and so-called authority, rather usurped by destructive forces, who dare to defy the Perfection of the Universe around them, is a pitiful thing before Life; but it is helpless before My Sword of Blue Flame and My Circle of Blue Flame. Will you remember that forever! I say they are helpless when you call Me to give you Release! Mankind are not bound to do the will of wholly

destructive forces, if they would but place their attention upon That, Which is the Authority of the Universe around them.

How many of mankind on this Earth today, know of My Presence? How many of them are willing to call unto Me for the Release of their fellow-man? How many will accept and remember the Help I offer? How many will give Me daily opportunity to stop that which has no right to be? The amount of attention an individual or Group pay to any particular channel of Life, determines the amount of Qualities and the Power from that channel which floods into their world; and it would seem tonight, as if the World needed Me greatly.

We, always, from the Great Cosmic Octaves of Activity render every Assistance the Great Cosmic Law will permit without being requested; but there is a certain amount of calling which the Cosmic Law demands before We may answer. Every call that you make, who understand this Law and acknowledge It as the Authority of Life, is answered instantly! You who know of Me; you who call unto Me, receive instantly My answer to your call. The Cosmic Law won't interfere with that for a moment. Individually you may have all the Assistance which is at My Command, but the mass of mankind must know of Me and call unto Me, if the conditions which affect the mass are to be removed completely from the Earth.

After all the Manifestations which have been given to mankind thruout the centuries — by the Great Ascended Masters and Cosmic Beings of Light, by the Angelic Host, by the "Mighty I AM Presence" Itself, thru physical forms; after all which has been done thruout the Centuries, I marvel that the mass could forget to keep their attention upon That, Which gave them such Assistance in hours of great trial. I marvel, that they can forget to call to That, Which assisted them thru time of crisis.

The Manifestations which have been given mankind thruout the centuries are myriad and Infinite; and yet they are bound today in the shadows of their own feelings, because they have not remembered Me. It is My Responsibility, if you want to put it that way, to the Earth, to cut away all that is of the psychic plane; all that pours suggestion of destruction to the consciousness of mankind, or thru the consciousness of mankind; and when I wield such Unlimited Power, then I

must wait because I do not receive the call!

Now with your greater attention to Me from tonight, and thru the Greater Power which I can release thru that attention, it will be an easy matter to clear your way thru your calls to Me. "I AM" speaking now individually to you! If in your love for your fellow-man, which I perceive is very great thru the whole "I AM" Student Body, you continue to call Me into action; to remove all that weighs heavily upon this World tonight; then you will give Me a wider opportunity to more quickly cut the Earth Free! but the mass of mankind need to know of My Presence! The mass of mankind need to understand the Assistance I can give, for they cannot free themselves without the Assistance of the Ascended Host and the Cosmic Beings of whom "I AM" a Part!

Strange! Strange! it is, that mankind in their feelings rebel against injustice to themselves; but sleep when it comes to rendering Divine Justice to others. This must be reversed! They must awaken to the determination, that mankind shall be Free! Then I can offer them My Hand, and with their calls we can free the Earth quickly from the night-mare of destruction!

If you will accept in your feelings tonight, the Radiation of My Heart — so you may remember me every time something causes you distress, it will enable Me to go into outer action more powerfully in your daily life; not just for the solving of your problems, but for the Illumination of the rest of mankind thru the solving of your problems. Now that might sound peculiar to you, but in calling to Me to cut away those conditions which cause your distress, I can leave in their place My Light to illumine the whole; and thus with your Love for the Freedom of mankind, calling to Me, so that I have a definite direct connection into any specific condition, which comes to your attention — we can call into outer action, the Legions at My Command, and They are terrifying to those forces which are destructive; altho We never use fear to accomplish anything! We do not have to, but the Power the Legions wield Who assist Me, is something that mankind has rarely contemplated; but which I trust they will have occasion to observe before this thing is finished!

I do not wish to call your attention to it particularly, but I say to you, the defiance of mankind's feelings is a frightful

thing before Life; the defiance of destructive channels against Life's Blessings is frightful! Many times in the seizing of those who have become wholly destructive wherein We must shut off their depredations against others — when they are first seized they sneer and are defiant for a few moments, until they see My Wall of Blue Flame! Then, they know the Fiat and the Command is inevitable, then and only then alone, does their stubborn defiance to Life give way! When they see that Wall of Blue Flame, they bow their heads and pass into that Circle wherein the Master Authority of Life, begins the dissolving and consuming of their unfortunate creation.

When My Circle of Blue Flame is called into action around human creation — and “I AM” speaking now of thought and feeling forms which sometimes have gathered and intensified to a certain momentum in a locality or around individuals — I can move into action; and release a Force to consume quickly, that which has taken the destructive forces many years to accumulate. This is the point I wish to impress upon you tonight! When destructive forces have worked for so long, to build a momentum of destructive action; when “I AM” called into action, to handle the Force I wield in the Circle of Blue Flame and the Sword of Blue Flame, I can dissolve in a very short time that which has sometimes taken centuries to build. Such are the conditions which are focused for years around various localities wherein destructive action takes place again, again and again. It is the cleansing of these vortices of destructive force which is necessary in order to shut off a focus, or many focuses, of destructive activities.

If you will call into action My Circle of Blue Flame — now mark you, around every destructive force which wants to interfere with America's Freedom and her Victory of This Light — first of all within America's borders and then in the rest of the world — We will go into action upon many things which have needed your individual calls before We could act. It is no small task to remove the discarnates in the atmosphere of the rest of the World. They have been removed from your Blessed Land, and beloved ones, really, if you knew and really understood what that has done for America since 1939, you would not miss one twenty-four hours giving your praise,

gratitude and Love for that Service rendered; for if that had not been done your country would have been in ruins today.

The good you have within America today, is due to the Assistance which has been given thru your Precious Saint Germain, your Beloved Godfré, and the Other Great Beings of Light since 1932. YOUR PROTECTION OF THE FUTURE DEPENDS UPON WHERE THE AMERICAN PEOPLE PLACE THEIR ATTENTION, AND UPON WHAT THEY INSIST SHALL BE WITHIN THEIR BORDERS!

If each of you in the Full Authority of your own Life Stream – your “Mighty I AM Presence” and the Authority of those Dispensations from the Great Central Sun, will give your calls – that America shall be Free from all destruction—then call to Me and to Others of the Ascended Host, for the removal from the atmosphere as well as the mental and feeling world of every human Being – all human creation within America, it will assist greatly in the speed with which the rest of the World’s destruction can be stopped.

I can give you tremendous Assistance, if every time you see a wrong condition or a plan of destructive action being drawn forth, you will call for My Circle of Blue Flame to seize that and close in upon it, you will prevent things which otherwise would come into outer action! That Circle of Blue Flame which can go forth instantly at My Command and at your call, is as if a Hand reached out, surrounded and seized the condition; and withdrew it from the Earth, until it was dissolved and consumed.

I wish you to hold this picture in your minds tonight, for the assistance of individuals as well as localities and conditions which affect your Nation and the World. Whenever you know of a focus of destructive action, sustaining some other viciousness, call My Circle of Blue Flame into action and definitely specify It as My – Astrea’s Circle of Blue Flame, for that is Its Special Name!

You may say to Me: “Mighty Astrea charge Your Circle of Blue Flame around this condition! Take it out of existence instantly, and replace it by Eternal Ascended Master Perfection”! In this way, precious ones, We can remove at the Inner Level many, many, many things and prevent them from ever becoming outer experiences. That is why in your recognition of this Service which it is My Responsibility and

Privilege to render to the Earth, I want you to be aware of the way and means, by which this comes into outer action! Were you to just once see the Complete Action which goes forth at your call, after that your Manifestations would be almost instantaneous in the Fulfillment of your calls; for a picture in your mind, holds the power focused very much more powerfully, than if there were no definite pattern upon which your attention can focus, to draw the energy into outer action.

While I give all the Assistance the Cosmic Law will permit in general conditions of the outer World, yet I must have your specific calls for special conditions and locations, if "I AM" to release all the Power you need to free you more quickly! Just to speak of a general condition and call Me into action, only partially fulfills the demands of the Cosmic Law; because thru your own Presence, in your call there is drawn the focus and connection of the pattern which is required to enable the condition to be dissolved.

We could throw over a city of this size, an Inner Atmosphere of Substance and Light to smother, as it were, the expansion of destructive conditions; but within that, there has to come the Individual Circle around each condition, before it can be withdrawn, dissolved and consumed – much as you would cut around a plant that you were taking out of the garden or cutting around a weed. If it had deep roots and had been sustained for sometime you might attempt to pull it out and it would not come. In that case, you would put a knife around it and cut deep, until you could get the whole plant and all of its roots pulled out. So it is at the Inner Level with the control of these conditions!

The release into the atmosphere of the continual irritation and destructive discordant feeling which mankind are just constantly sending out day after day, charged into the atmosphere about you – makes a blanket condition and a vibratory action, in which it is difficult to move if you are harmonious! When that accumulates over a city or a locality, or over an army camp to a certain point, it becomes more and more difficult for individuals who want to hold to the Right Way of Life, to do the thing required to set America Free, and to raise the Earth and mankind out of wholesale destruction.

So when you ask for the atmosphere to be cleansed, then We use a Certain Cosmic Action of the Substance of the Cosmic Light from the Great Central Sun; but when you go

within that and ask for the Circle of Blue Flame to be placed around every focus of energy, which is sustaining hatred, anger and viciousness in the feelings of the people, it is just as if you pulled the weeds out of your garden! Then We can cleanse much more quickly the entire locality, until you will feel the release so greatly, thru that specific action for which I call tonight!

Some of you have made this call, but I would appreciate it, if more called for My Circle of Blue Flame to be placed around every court of Law in This Land; and draw within It all that sustains injustice thru those channels. If you care to make the call that every human being who enters into those courts, is held within My Circle of Blue Flame until all discord is consumed – it will enable Great Assistance to be given each one of those Life Streams; for in holding My Circle of Blue Flame around an individual, It controls the reaching out activity of any destructive creation around that one from touching other parts of Life. Then as you call to have each one's creation dissolved and consumed, and each Life Stream cut free to fulfill the Divine Plan – it enables an Assistance to be given individually to the Life Streams who enter those places, as well as to remove the daily accumulation of discord, which is generated thru the feeling in those avenues of mankind's experiences.

Your courts of law, are one of the worst sustaining activities of discord – not that the courts or the purpose for which they were established are the sustaining power; but the discord brought into them and generated thru constant argument and vicious feeling, makes them vortices of sustaining power to destructive forces thruout the Land. This is the thing which We wish to purify! This is one of the channels wherein so much needs to be done; and I would appreciate deeply the call – perhaps once a week, for those channels to be charged with My Sword of Blue Flame and My Circle of Blue Flame to enfold them and take out all which would sustain injustice thru those avenues which were established to bring Divine Justice. In this way, We will help the Goddess of Justice to hold the Balance more powerfully, in the outer channels of governmental activities.

There are so many, many channels in which destructive forces are acting, and in which creations are generated day,

after day, after day, that as you begin to call My Circle of Blue Flame into those specifically – it will release much Greater Power within your whole Land, which as We expand It becomes a raising action. As you release individuals or localities from accumulation of that sort, it will give the Light in each Life Stream an opportunity to come forth more powerfully, and prevent those conditions re-occurring.

It is this building and accumulating force in the same place century after century, which has brought about the world conditions of today; for the places where the destruction has taken place have been charged century after century with those conditions! That same hatred has been generated in the same place, and often by the same Life Streams hundreds of times. Now I can give you Release from this thing, and thru your calls We can remove from the Earth all that has sustained destruction thruout the centuries. It is not the work of a moment, but must be accomplished sometime and We ARE making Headway.

So much for the Explanation of that which I need to give—rather that which you require, in order to give Me Open Doors thru which I may release more Help.

Now as We turn your attention to My Use of the Sword of Blue Flame, and to the Healing Power which can come thru your calls to Me, you will be able to release many, many Life Streams from conditions in the mental and emotional bodies, which have caused great, great distress; for the moment their human creations are cut away from the mental and emotional bodies, automatically the Light within each Life Stream takes advantage—rather the Presence takes advantage of that greater Freedom, and releases more Light thru the outer self! In this way, many times just by the cutting away of those creations, the individual is healed almost instantly.

Around institutions of various types – hospitals, insane asylums, penal institutions and places of that sort, there is always an aggregate mass of these creations! Therefore, as you call My Circle of Blue Flame to be charged around those places, and draw within It all that produces such conditions around those Life Streams – make the call, that the Great Mercy of Life remove the entire vortex of that accumulation from within and around every one of those places! Then you will feel a tremendous release in that locality when

those creations are removed. That will again give the Cosmic Light more opportunity to charge into the atmosphere, the Power which consumes destructive activity, as We cleanse and remove those accumulated vortices of discord.

Now I offer you the Flame of Love from My Heart! I want you to feel It! Now "I AM" a Being of Terrific Power, but "I AM" not austere or tremendously severe. When you receive the Flame of Love from My Heart, I can confer My Power upon you, and thru Radiation many times, as you move in the outer world, there will go forth Our Assistance or Expanding Illumination to the consciousness of those around you, which will awaken them to the awareness of My Presence, and what I may do to assist them.

I do have to use Tremendous Positive Force in handling those conditions; because they are very vicious and heavily charged with energy! It takes the Action of the Blue Flame and the Blue Ray to cut away that which has been active so long; but the moment that is removed, then you must build anew in its place, the Perfection of the Ascended Masters to take command of the whole condition and sustain the Fulfillment of Their Divine Plan! Then you give the Flame of Love from My Heart an opportunity to act!

You know while We must do so, We do not enjoy — continually cleansing the vicious conditions from Earth. It is a Service which must be rendered in order to replace it by Perfection, but Our Love and Our Enjoyment comes, in the building of Perfection to take the place of that which was so vicious. Won't you give Me an opportunity to enjoy My Association with you and with the Earth, and re-build wherever I remove human discord? Won't you let the Flame from My Heart re-build the Ascended Masters' Perfection in place of the human? That will be My Joy! That will be My Love to you, and that will be My Healing Power to those who are in physical distress.

I do love you! I love the World! I love all mankind, else I would not have so long offered the Power which is Mine to use, to keep cutting away that which is really indescribable from Our Standpoint! We do not keep Our Attention upon that which is mankind's unfortunate creation! We never keep Our Attention upon it any longer than to remove it, and replace it

with Perfection! We at once turn again to the Great Source of Joy and Love and Beauty from whence We come, to Our Great Heights of Attainment, in order to fulfill the Divine Plan for the Expansion of Perfection.

I would appreciate your Love to Me, and I do appreciate all that you have given thus far; but the most of the time I have been just called into action to remove something frightful. I would be able to come back to you in a very powerful way, if your Love and Gratitude came to Me, so I might send more of My Perfection into your World. Oh "I AM" not pleading for your Love, because We have all the Love there is in the Universe, but it will do something for you. When I pour My Love to you, It does something for the Universe and when you pour your Love to Me, that does something for you, which nothing else will do. Without your Love to Us We are helpless – Oh not that We have not the Power, but the Cosmic Law does not permit Us to do for you, what Our Hearts would like to do, unless you send Love to Us.

It might interest you to know, that "I AM" a very close Co-worker with your Beloved Saint Germain, the Goddess of Purity and the Goddess of Justice. We are a Group Who have to deal with the unpleasant creations of mankind; and yet We love Beauty, Perfection, Happiness and Music just the same as the Other Great Beings of Light! If We did not have some of those other Activities with which to balance Our Great Service to the Earth, it would be a very, very much harder thing to do, if We had to work with just the removing of viciousness.

So "I AM" pouring My Love to you tonight, because My Love can dissolve around you, things that you do not know are there. I offer that Assistance, just because I love you; and if you will give Me the opportunity occasionally of coming back on your Love, with more than you can comprehend, I think I can make you a Part of My Legions of Light to cleanse the Earth! Then we will more quickly accomplish the removal of those conditions, which has to take place before the Fulness of Saint Germain's Freedom and the Victory of the Light can come in your America; and before the Goddess of Purity can build the Permanent Beauty and Gifts which She waits to confer upon the World. It will enable the Goddess of Justice to really establish Divine Justice in the outer world's activities; and so with you

Goddess of Light.

I often come to see what Assistance I may give, but sometimes I must wait, because I have not received the call the Law requires; but from tonight, I feel We will move forward with much more Powerful Assistance to America thru your calls. In this way We can hasten the Victory; and enable Saint Germain's Freedom to more quickly manifest His Gifts to the Nation which is so close to His Heart.

After all, regardless of any Service We give to the Earth, Our Love is the first Requisite before We can offer the Service. So it is with you for that is the Law of Life everywhere. Love is the First Force, which goes forth to open the door before you can see what is inside.

So tonight, I ask you to feel the Love from My Heart that your Love and My Love, may draw unto this Blessed Land, the Assistance Beloved Saint Germain requires to release the blessed ones everywhere from that which has been imposed upon America! Much of the destructive force, that is acting thruout the Land and trying to hold the people in destruction, does not belong to the Life Streams of the people of America. It does not belong to America as a Nation; for it is contrary to the Fundamental Principles of Freedom upon which It was established. Therefore, because of the injustice, "I AM" offering tonight, My Greater Assistance to you thru this Explanation, so now you are aware of what the Law requires. I feel certain you will give Me the calls which will enable Me to assist Saint Germain, you and all, who are of the Light, to bring Greater Freedom, Greater Victory and Greater Light more quickly.

Rest assured, after you have called My Circle of Blue Flame into action, if you will ask for all that is human to be taken away and replaced with the Eternal Perfection of the Flame of Love from My Heart, I will give It; and that will be like planting a garden. We will take out the weeds and plant the Roses of Perfection, and the Perfume of My Love shall be Life's Evidence to you of My Love, My Power and My Freedom – in association with Beloved Saint Germain for America's Release from all that is not of the Light.

America should be God's Garden Spot of the World with her resources, her Freedom, her Blessed Love of the Light. America, if she were cut free from that which has been im-

posed upon her, would be a Garden Spot — the Garden of Saint Germain's Heart of Freedom! Then the Great Perfection and Happiness He wants all to have, would release you, and His Victory of the centuries would be complete. His Victory in this System of Worlds would blaze Its Song of Gratitude to Life.

May your Love and My Love and our Gratitude to Him cause you to remember to make these calls frequently. You make the call and I will answer, and We shall cleanse the pathway for His Freedom to give Its Blessing to the Nation and thru the Nation to the World! Then the Goddess of Justice will hold Her Balance of Love, Wisdom and Power to fulfill the Divine Plan for the Destiny of America's Light to the Earth.

Saint Germain's Freedom and the Eternal Divine Justice of the Goddess of Justice; Eternal Purity from the Heart of the Goddess of Purity and the Elohim of Purity must come! The removal of destructive conditions is My Responsibility! These are the things that must come before Beloved Saint Germain's Victory is Complete.

So with your understanding of this which I have conveyed to you tonight, with the Love which We shall both pour forth—you who love America, who love Saint Germain; you whom I love, will be a Flame from My Heart; first of all to cleanse and then to build a Tribute of Our Gratitude to Saint Germain for what He has done thruout the centuries! May every blessed one under This Radiation feel Oh, so powerfully, His Unconditional Freedom now and BE that Freedom to the rest of Life wherever you move. When you see Life bound in discord, call to Me and together We will release Life from that which is not His Freedom and His Victory!

My Legions of Light are at your call! My Assistance is without limit, and I offer It to all! My Love is Eternal and the passport to His Freedom; and you His Beloved Family of the Light are the only ones who I can have to assist Me in the Fulfillment of that which sets mankind Free. Do you realize, precious ones, tonight, just how precious you are to Me! Do you know that much as I want to do for the rest of mankind, none of them will call! You are the only ones who know of Me! You are the only ones to call unto Me! So I need you! Therefore, My Love enfolds you and shall help you and

protect you; so you and I may give that Assistance to Saint Germain which is America's Victory. His Freedom to the Earth and the release of all Life from that which is of the shadows must come!

May My Circle of Blue Flame charge everywhere around every unfortunate human creation, and hold it helpless, bound and inactive until it is dissolved and consumed! May My Sword of Blue Flame cut away everything from every one of your Life Streams, which is not as Pure as the Freedom of Saint Germain's Heart! May My Love flood to you all that is required to keep you untouched by destruction; until We have cleansed the Earth. His Freedom is the Song of the Light thruout America; and the mankind of this Earth are Free forever!

There is nothing anywhere which could ever be a balance to Him for what He has done for you and the World. Now let us give back to Life that which assists Him in His Cosmic Victory of Eternal Freedom!

My Love shall make you know My Reality! My Power and My Sword of Blue Flame I raise to free you all this hour! Accept It! See It! Call It into action, and give Me the opportunity to set you Free, and thru you, America; thru America, the World! Give Me the calls I require! let Me show you the Depth of My Love; until the Light has claimed all into Its Heart, Saint Germain's Freedom and Victory's Victory blaze forever the Music of the Spheres thruout the Earth; and the memory of all that is of the human has passed into My Circle of Blue Flame and been consumed from the records of the Universe forever!

May all My Heart wants to give you tonight, flood your worlds, all you hold near and dear and all those precious ones in the National Defense. Tonight, for just a moment We make the call for their Complete Release from the shadows forever!

May My Circle of Blue Flame remove from the Earth the sinister accumulation of the centuries, thru the calls of the individuals who know This "I AM" Law; and who have given obedience thru the Love in their Hearts for the Light. Now may My Light and My Love set you Free and make you America's Victory tonight.

I thank you.
