

OUR BELOVED MESSENGER'S DISCOURSE

SAN FRANCISCO, CALIFORNIA

JUNE 3, 1951

INTRODUCING THE GREAT COSMIC BEING, BELOVED MIGHTY VESTA

ear Hearts of San Francisco, again we meet in the Glory of our Service to Life; in the Glory of that Love which It is Our Privilege to give; the Fulfillment of the Great Divine Plan of Life, in bringing forth Its Perfection everywhere; for such is the destiny of all Life! Such should be the continual demand upon the outer self, to produce the Perfection which abides forever within the Eternal Life of the Universe.

It is My Great Privilege today, in the Service which I render to Life, to enfold you in and reveal a Cosmic Action of the Sacred Fire, which with your assistance, We shall bring forth in the United States of America, to more quickly purify conditions here, and assist all that is Constructive to be Free!

It is My Privilege and My Honor, to turn your attention to and introduce to you once again, the Privilege that is yours – in recognizing the Reality of the Mighty Cosmic Being, known to mankind as the Beloved Mighty Vesta; Who

is Guardian of the Flame; Guardian of the Home; Guardian of the Substance Which surrounds the Sacred Fire, to produce Manifestations which bring Perfection. Long has She offered Her Love and Her Flame to the people of Earth! In the ages of the past, something of Her Reality was understood! The people knew Who gave them the Assistance, to guard Purity in the Life of mankind; and those who were fortunate enough to serve Her, as Guardians of the Sacred Fire, have thruout the centuries, been blessed by the Power of Her Love of the Sacred Fire, which She bestows thru Its recognition by those upon the Earth.

Those, who guarded the Cosmic Fire which She drew into each home, to sustain the Purity necessary, to bring Boundless Blessings into the Home-Life of mankind – were fortunate indeed, to be held within Her Love and protected by Her Power, to maintain their Purity down thru the ages! Now, it is your Privilege, as “I AM” Students, to give Her recognition once again; and thru your Love and call to Her, draw into your Country that which will guard the Purity of the people here; and bless the Home-Life of the American people, with the Purity of the Sacred Fire; to sustain It in Its Divine Service to Life!

Those who served Her in the past and guarded the Sacred Fire She gave, were called the Vestal Virgins; and Their Purity was demanded as the First Guard around the Flame! The Sacred Fire She gave in those ages past, was visible and tangible to the physical senses of mankind. In most places thruout the World, It has been withdrawn, because of mankind’s unfortunate increasing impurity and discord; but as the Earth passes the Meridian of the Cosmic Cycle into which you have entered, the Cosmic Law DEMANDS mankind’s recognition of Her once again. She has given that Sacred Fire into every home, to maintain the God-Purity and

Perfection which must manifest in the Home-Life of mankind, if they are to survive! Therefore, anything that lowers the Purity of the home, casts dishonor upon the Sacred Fire, which She so often pours forth to help mankind go forward in the experience Life, to fulfill the Divine Plan in all channels!

Since America is the Home of the whole human race – the physical embodiment of mankind having come forth first on the land, which is now the United States of America, then Her Fire must again come forth to guard here, the Sacred Purity of God's Life on the Earth!

The Mighty Helios is the Giver of the Sacred Fire, all the Cosmic Fire to this Earth, which produces the conditions in Nature and upon the Planets of this System that bring Perfection. The Sacred Fire which He gives, surrounds the Individual Flames which the "Mighty I AM Presence" sends forth into physical embodiment, on the Planets of this System of Worlds!

The "Mighty I AM Presence" and Higher Mental Body of every Life-Stream, having individualized from the Great Central Sun, projects Its Flame into the physical embodiment of each Life-Stream; but that Flame and the Substance of the physical body, function within the Radiation of the Cosmic Light and the Sacred Fire – which the Mighty Helios pours forth thru this Whole System of Worlds, and which is the outer Life's Activity of this Whole System.

The Mighty Being – the Great Cosmic Being, Beloved Vesta – pours forth the Cosmic Light-Substance out of which the Planets of the System are composed, and which ever abides around each Life-Stream, to guard It; and definitely govern Its Expansion and use in Cosmic Activities of Creation.

This Great Presence, the Cosmic Being – the Mighty Vesta, represents to the Earth what you would call the

Feminine Activity of the Physical Sun! Therefore She has much to do with the purifying of the governments of the World! Together with your Beloved Saint Germain, She is certain Cosmic Authority of the Sacred Fire within this Nation, and to the Earth for the purification of all.

You will find Her Radiation that of intense Peace, and such a clarifying of conditions in and around you, as shall make you love Her with very Great Devotion and Power. Great has been Her Service thru the centuries to the Life of this World. Yet mankind of today, have completely forgotten Her Presence, tragic as that is! That is why, as mankind have been allowed to go on with more and more of their destructive activities, have the Blessings, the Power and the Purity which She gives, receded from the Nations of the World!

Until Purity is maintained, how can there be Protection of that which is constructive?

I do wish you to make it plain to those you contact in the outer world, that the "Mighty I AM Presence", the Great Host of Ascended Masters and the Angelic Host, cannot and never will protect that which is destructive. The Law of Our Octave does not permit it; and until the Cosmic Fire is called forth into the physical octave with enough intensity to COMPEL PURITY, mankind but change one problem for many. So, if the problems are to be solved in your outer daily experience, Purity must come and be maintained! The One Who carries the Supreme Responsibility of drawing that Purity, is the Cosmic Being, Beloved Mighty Vesta!

The discipline of those who, in the past, were the Guardians of the Manifestations which She drew into the outer; and which the Mighty Helios produced, were governed by very severe discipline! Absolute Purity and Absolute Divine Obedience were demanded! The Cosmic Law, My Dear Ones, will ever remain the same! The Cosmic Law today, demands Immortal Purity and Immortal Ascended Master

Obedience, just as much as It ever did, if the Manifestations of the Cosmic Fire, are to appear – and remain visible and permanent in your World!

Now you might ask Me, well, are these Manifestations necessary, and I answer you, yes – IMPERATIVE! You are approaching the hour, when these Manifestations must come forth of Cosmic Fire; and when They come to do Their Perfect Work, They come to produce Purity and maintain It! That is the reason your Beloved Master, the Mighty Saint Germain – My Master, is God of Freedom to the Earth! In His Responsibility, as Angel Deva of the Violet Flame, He has to maintain Immortal Purity thru the Conscious Use of Cosmic Fire!

You might think your physical fire is terrific, when it is in concentrated action – and it is to your physical senses; but your physical fire is but the outer edge of the Activity of the Cosmic Fire thruout Creation. The Cosmic Fire is so much more Infinitely Powerful in Its Intense Control of Manifestation, than your physical fire is, that there is scarcely any comparison. What the Cosmic Fire does in producing Purification, It does almost instantly! While your physical fire takes something in the way of time, to act thru the condensed substance of this World, the Cosmic Fire does not. It is Instantaneous in Its Ability to pass thru anything and COMPEL Purification.

So, if in your desire to serve the Light, you call to your “Beloved I AM Presence” first, and give It recognition, as the Being of the Unfed Flame in your Heart – then you give your recognition to the Mighty Helios as the Being of the Unfed Flame in the Physical Sun, and then to the Beloved Cosmic Being Vesta, as the Being of the Sacred Fire-Substance from the Physical Sun – you will enter into a Three-fold Action of the Fire Element! As you Demand that It Compel Eternal Purity in yourselves, and everywhere on the

Earth that you go, It will prepare the way for Manifestations of the Sacred Fire, to be established in outer action once again – to the great Freedom of Life everywhere in the physical World; and to the Great Joy in your use of that Cosmic Fire to produce Manifestations of Perfection in your physical World quickly!

My Dear Ones, the Power of Instantaneous Precipitation direct from the Universal is dependent, if you are going to have It permanently, upon your demand for Immortal Purity in yourselves and your affairs; into the conditions which surround you everywhere in the physical World! Therefore, if you want to draw forth these Magnificent Manifestations of the Cosmic Fire, then you need to know, that the Law's Fundamental Demand, is for the Immortal Purity of Mighty Vesta's Heart, guarded by Her Fire-Substance for your Protection! Then, as you move into a greater use of the Great Magnificent Powers of your own Life Streams, that which you bring forth, will automatically carry Protection! For there is no use going on producing Perfection in this World, and not being able to protect It, or of allowing forces to come and destroy that which you have created.

Now, you who understand what I say today, and who are willing to turn to your own "Mighty I AM Presence" first always, then to the Mighty Helios, and the Mighty Cosmic Being, Vesta – will find a Three-fold Action of the Cosmic Fire coming from within and about you to hold Protection, and to make your pathway easy in everything you desire to do!

You see from the tiniest electron to the Greatest System of Worlds in space, all Manifestation is surrounded by its own atmosphere; or as you say in electrical parlance its force-field. Therefore, when you call forth the Manifestation of Cosmic Fire, into the physical octave to produce certain Perfection, then the atmosphere about that Manifestation

must become Invincible, or must be held by the Mighty Being Vesta, in Her Heart's Love, as She draws the Substance of the Cosmic Fire!

There is the Flame, the Substance and the Essence, or the Liquid. Therefore, in everything you wish to do in the physical World, to produce Perfection, which is to be sustained in Its Great Blessing to Life, It must be enfolded in the Fire-Substance from Our Great Octave of Life, in order to separate It and keep It separated from the rest of the Universe, while Its Activity of Manifestation produces here, that which is to be sustained permanently.

This Mighty Being, because of the Great Fiery Purity from Her Height of Manifestation, can be of tremendous assistance in healing of the physical bodies of mankind; because they are made of the Substance of this World; and since She governs the Fire-Substance from the Physical Sun, which can be drawn into the physical octave – then the atmosphere of Purity which can be concentrated and condensed around an individual, will shut off much of the pressure of discord in the World in which you move. Therefore, you go forth clothed as it were, in the Substance of Her Cosmic Fire.

The Electronic Tube that the Mighty Saint Germain taught you to use – your Mighty Magic Electronic Tube of Light-Substance, is the condensation of this Substance of Cosmic Fire to which I refer; and It can become an atmosphere about you, as dazzling white as the Physical Sun. Therefore, It is also related to your Cloak of Invisibility; but the Mighty Vesta governs the concentration of this in the use of the individual; or for the use of a Nation or a locality. Just as the Mighty Sanat Kumara came once a year in those ages long past, and gave the Sacred Fire which each one took into and was sustained in the home,

Her Cosmic Fire-Substance guarded that in the home to maintain Purity and Her Harmony, that It might do Its Permanent Work of supplying and bringing Perfection to each Life-Stream within the home.

Your Beloved Land of America is the Home of the whole human race. Here mankind first took embodiment. Here is the Home of the Unfed Flame within the Nation. Therefore around those who are trying to hold to the constructive way of Life within your Land, and to America's Government – there must come, the protecting Fire-Substance around all that is constructive; in order to maintain here the Permanent Perfection that sustains and manifests the Divine Plan fulfilled!

As you turn your Love and attention to that Great Being, the Mighty Vesta, you will find Her Response instantly in your feeling world. Under Her Direction also come, the Activities of the Motherhood of the race! Therefore, the Beloved Mary, the Beloved Meta, the Beloved Nada, the Beloved Quan Yin and the Beloved Lord the Maha Chohan – all of Whom govern the Substance in the physical World, that comes forth to produce Manifestation – All are closely associated with Her, in the use of that Cosmic Fire-Substance, which She draws from the Physical Sun. So, if you understand how simple this is, and how powerful can be your use of that Substance, thru your call and Love to Her, your own experiences "I AM" sure, will delight you greatly; and thus We may be able to bring forth within mankind in this Nation, some recognition of Her and some Love and Gratitude for all She has done thru the centuries! If you will ask Her to come and draw close into the governmental activities of your Nation, and draw Her Fire-Substance powerfully, around all that is constructive within the Nation; to guard the Sacred Fire of Immortal Freedom, which was placed in the

ground in America before mankind embodied here – then will you find much Help coming to yourselves and to your government, and to your Nation in all that is constructive.

Call forth Her Cosmic Fire of Protection to everything that is constructive. Feel Her Love go forth in that Cosmic Fire-Substance, to do that which purifies the Nation, and protects your loved ones against destructive forces. All that is of Perfection must come forth from within the Cosmic Fire! The Manifestations from your own Individual “Mighty I AM Presence”, from the Physical Sun, and the Great Central Sun – All that is of Perfection, must come forth from within the Flame. All that guards Perfection, must be guarded by the Substance of the Sacred Fire!

Just as you have an electric light bulb and the filament within is in Reality a Flame, so do you have the Radiation of the Light from that filament producing Manifestation! The Fire-Substance of which I speak corresponds to the light that radiates from the filament in the bulb. Therefore, when you call forth the Unfed Flame into a condition to produce Perfection, DEMAND the Fire-Substance of Mighty Vesta’s Love, come forth and guard that, so no discord dare approach. Then will you find whatever you do that is constructive, permanently acting without delay and without interference.

This is why We are calling for the Assistance of this Precious Cosmic Being to this Nation of Our Hearts. None of you yet quite realizes what your service for the Nation can be, thru your recognition of your “Mighty I AM Presence”, and the Ascended Host, in the use of the Cosmic Sacred Fire. Your Mighty Master Jesus, as Chohan of the Sixth Ray, which is the Ray of Fiery Devotion to God, stands the Guardian of the United States of America; with the Beloved Saint Germain and Others, Who are governing the

destiny of those within your borders. Every Ascended Master and Cosmic Being Who is rendering Service to the Earth at this time, has a very Definite Part to play in the purifying and guarding of the United States of America. Just the same as every member of your body, has a definite connection with the Unfed Flame in your Heart! Only as the Flame from the Heart is allowed to be the Authority thru the body, are you able to do that which you desire.

So it is with the Nation! So it is with the World! Each is a Being within itself, and these Cosmic Beings each of Whom concentrates some Special Quality of Life to the Earth, render a Service altogether to the Nation, which is the Life of the Planet. Therefore, if you are calling forth the Violet Consuming Flame from your Presence and the Beloved Helios; or from your Mighty Saint Germain into outer action, and you feel that sustained in Its intensifying, expanding Cosmic Power – then that Violet Flame while It is acting – is surrounded by the Fire-Substance from the Physical Sun, which keeps It concentrated where you desire It to act. So It is with the Unfed Flame! So It is with the Seven-fold Flame of the Seven Mighty Elohim! If you will always remember, that when you call forth any special action of the Sacred Fire, It is always surrounded by the Fire-Substance from the Great Central Sun to be the insulation, so to speak; and hold It in concentrated action where you want It, then you will very readily understand what I say, and be able to use this with Great Blessing to yourselves and others.

Therefore, since the Permanent Atom in the Heart of the World, is in the United States of America, then the Fire-Substance from the Physical Sun, must guard the Flame within that atom. It must hold there the Increasing Concentration of all the Power needed, to surge thruout the Nation. It must purify and fulfill the Divine Plan and purify all within

your borders.

You see, just as you send forth water without direction, you might use an ocean full of water, and still not accomplish any specific concentration of power; but you CAN control that, and direct it, hold it steady to a certain point, and make it render some special Service for you. So it is with the Cosmic Fire of all Creation! If you ask your "Beloved Mighty I AM Presence", the Mighty Helios and the Mighty Cosmic Being Beloved Vesta, to charge and fill you with the Fire-Substance of Their Love; to forever guard everything that is constructive in you and around you — you will have a Three-fold Action of the Sacred Fire within your own Life-Stream. You will have the Unfed Flame in your Heart; you will have the Intensified Flame from the Mighty Helios; and you will have the Fire-Substance from the Great Cosmic Being, Beloved Vesta! As that enfolds you, will you wonder that you could ever have experienced discord, once you dwell within That! Once It was your Home, and again It must become your Home. Then can the Ascended Masters and Cosmic Beings assist you beyond description, as you recognize yourselves as Fire Beings in Their Three-fold Cosmic Action in your physical World, to produce Eternal Perfection which fulfills the Divine Plan! Then, go on your way in a world of your own, drawing ceaseless, unlimited Blessings and Powers into your outer use, to produce Manifestations which you will enjoy and Life will enjoy. Then you will be blessed by that which you create.

So if you ask for the Immortal Purity and Fire-Substance of the Great Cosmic Being, Beloved Vesta, to be made alive in all the Substance of your world, you will know what Transmutation means. You will know what the Sacred Fire can do for you! You will know what Cosmic Powers mean as They reveal Themselves; and you use Them by conscious

direction in your affairs while yet unascended. They will answer you! They do always the Will of Love! Were you to say: “‘I AM’ THE WILL OF MY OWN ‘BELOVED I AM PRESENCE’S’ OWN HEART’S FLAME – FROM THE GREAT CENTRAL SUN! ‘I AM’ THE WILL OF THE COSMIC SACRED FIRE, WHOSE LOVE SUPREME MANIFESTS INSTANTLY AT MY COMMAND, THAT WHICH FULFILLS THE DIVINE PLAN EVERYWHERE IN ACTION AROUND ME!” Then will you be able to demand that everything in the physical World, yield you the Love of the Cosmic Fire and Its Eternal Perfection. Then, by that Fire, will you command everything on Earth to yield you Heaven made manifest in physical action; and the Love for which the World is starving, becomes then the Substance of Cosmic Christ Fire around you, and will do what nothing else can do.

Ask the Mighty Cosmic Being, Beloved Vesta, to teach you what Love means, and see for yourselves whether I speak the Truth. Ask that Being to teach you, what the Purity of the Sacred Fire means in you, and around you, and your affairs. Ask Her to teach you, what the Protection of Her Fire-Substance is in your homes and in your business affairs! Everything constructive you do, must be protected by that Fire-Substance, or It but flows on like water without direction, and is but energy that the destructive forces will use!

Ask your “Beloved Mighty I AM Presence”, the Beloved Mighty Helios and Beloved Cosmic Being, the Mighty Vesta – to teach you, what the Love of the Sacred Fire in Its Cosmic Substance, can do in you and thru you and for you! It can do in outer manifestation, that which nothing else can do, except the Cosmic Fire-Substance. Ask Her to blaze the Cosmic Fire-Substance of Her Love, into the brain and body of everyone in your government; and in your

Nation, who is concerned with the Protection of your Freedom! Ask that the Fire-Substance of Her Love guard the Home of America; the Home of the Human race! Guard the Home of Eternal Freedom to the Earth, under the direction of your Mighty Saint Germain! Guard the Home of all within your borders, against the impurity of the sinister force.

Demand the Immortal Purity of Cosmic Fire-Substance, make Love alive in you; make Love your world of action; make Love Heaven on Earth, and the Perfection you desire becomes the physical World around you! DEMAND by the Fiery Love of Her Great Fire-Substance, everything in this physical World be compelled to turn into a Miracle of Love to you! Try Me out, and I will show you what obedience is! It is not a struggle! It is not a strain! It is not a forced discipline! It is the Joy of Existence, and It will be your pleasure to give the obedience, by which these Manifestations become permanent to the Earth; and wherever you go, with the Magic Hand of Cosmic Fiery Substance, will you call Love into action, where the impurity has been; and you will go on your way, to bless by that Love, everything forever.

It is a Scepter of such Power, no words can describe! It is a feeling of such Peace as shall heal everything! It is the Power of the Immortal Purity whose Sacred Fire holds Eternal Command! Go forward in Its use! Know Its Reality! Live in It as your Home, and see for yourselves what is awaiting your call to serve you! Your own "Beloved I AM Presence" has to have your own individual desire – your call for this by your own Free Will, before that Mighty Being can draw that Fire-Substance in and around you, to release you from all limitation and distress.

I call you Home today into the Heart of the Flame of Love, from the Great Cosmic Being, Beloved Vesta.

May Her Guardian Presence, give you the Divinest Gift of Eternity! Stand forever your Guardian and produce instantly at your call, the Manifestations in the physical World, which will set your Nation, Our Nation, God's Nation, Free from that which is not the Home of Love and Purity of the Cosmic Fire!

America Thou shalt arise, the Unfed Flame Nation of the Earth; the Guardian of Eternal Purity; the Government of Eternal Freedom; the Victory of the Sacred Fire and reveal the Heart of God, the "Mighty I AM Presence" in Eternal Command! LET THY LIGHT SHINE, and let the Glory of the Love and the Fire-Substance from the Mighty Cosmic Being, Beloved Vesta, fill this Nation and our people, with that which the Mighty Helios and Others of the Ascended Host are waiting to bring forth in the Manifestations, which forever compel Peace.

May the Love Supreme which comes alone from that "Mighty I AM Presence," call forth into this Nation, into everybody and everything within your borders, the Authority of the Mighty Helios, the Authority of the Cosmic Being, Beloved Vesta; and Their Love become visible and tangible as Fire-Substance, in the atmosphere over the Nation; until It burns away everything that is not the Eternal Purity, and Freedom of the Blessed "I AM Presence" within the people.

Know yourselves as the Will, the Divine Will of Fiery Love Supreme, and say with every fibre of your Beings: "I AM" THE WILL OF THAT DIVINE LOVE, AND DIVINE FIRE, AND DIVINE PURITY, FROM THE HEART OF THE MIGHTY HELIOS AND THE COSMIC BEING, BELOVED VESTA, WHICH COMPELS PERFECTION IN MY BEING AND WORLD; COMPELS PURITY WHEREVER I ABIDE! Then can you say to the conditions of this world: "Yield me the Purity and Perfection of that Fiery Love which is the

Home of Perfect Manifestation.”

Take your stand! Use your authority! Draw the Fire-Substance of Mighty Beloved Vesta’s Cosmic Love into the Earth; and make hate disappear, and Eternal Purity reveal Its Blessings to you! Then will your limitations be thrown off as an old garment, to be discarded never to be used again. Oh, go forward, the Will of this Cosmic Fiery Love from the Hearts of the Divine Beings, Who are ready to assist you; the Hearts of all Who have produced Perfection in outer Manifestation; and BE forever Free in the Love and the Purity of the Sacred Fire, the Mighty Saint Germain has revealed to you all!

May you know with every fibre of your Being, your Authority to exert your Will! Call this Love of Cosmic Christ Fire into all physical action! Make conditions of the physical World, yield you Heaven on Earth until only that Fire remains; and all else is forgiven, forgotten, transmuted, consumed and gone, from the memory of the Universe forever! That Love is Supreme! That Cosmic Fire is Indescribable Power! Go forth and use It, by the Will of your “Mighty I AM Presence,” and Compel the Fire-Substance of that Cosmic Love to give you everything in the physical World, to produce this which you wish to accomplish! You will find as you go forward with this determination, you can bring forth what you will, so long as It is the Perfection of Love that reigns forever here. May Its Peace that surpasseth the understanding of the mind, blaze Its Fire-Substance in and around you all, and hold you above every destructive thing; until all is brought into Divine Order harmoniously and permanently! May there arise within this Nation, those Temples to the Sacred Fire which shall reveal all that Love can give. May the Temple of the Seven Mighty Elohim come forth here once again! May the Temple of the Angels come

forth once again! May the Temple of the Unfed Flame come forth once again, and the Temple of the Violet Consuming Flame and Those Other Activities of the Sacred Fire! That Love will give you everything which is within Itself, to produce Perfection manifest, sustained and expanded! Then will you know only the Happiness which abides within Eternal Love, Eternal Purity and Eternal Peace. Then Freedom will be yours forever!

The Mighty Saint Germain and I are awaiting your call! We stand ready to answer those calls, until Manifestations here produce the Perfection that comes from There! (Pointing to the Presence). May you know It, as your Home and enter into the Cosmic Fire of that Love which owns all; gives all, is all; does all Perfectly forever!

I shall hold you in My Heart, until you know all the Fire of that Love means to you and the Universe; and understand It, as the Open Door thru which you may pass at any moment, into the Victorious Accomplishment of everything your Hearts desire. I commend you to Its Eternal Altar of Everlasting Flame! I ask the Mighty Cosmic Being, Beloved Vesta, to blaze Her Fire-Substance in, around and guard that Altar – until It stands forth, the Fulness of Perfection for Eternity.

I bless you for your presence here today and hold you, Dear Hearts, in that Love of My Heart's Flame, which shall yet produce everything that will bring Perfection to you, and Freedom to the Nation of My Heart!

Thank you and good night.
