

BELOVED MIGHTY VESTA

Oh, Beloved Mighty Vesta,
Let Thy Great Cosmic Fire come,
For Thy Love Flame does guard us all,
Until Our Cosmic Victory's won!

Thy Pure Christ Fire in quick descent,
Comes forth to bless and guard all here,
Thy Purity we here command,
Till Thy Voice speaks and all now hear!

All shall behold Thy Cosmic Flame,
All shall behold Thee too appear,
For Heaven on Earth shall manifest,
To now protect all we hold dear!

Thy Guarding Flame again shall blaze,
To bring to Earth Thy Great Love's Power,
And all who see It shall be raised,
And now ascend this Cosmic Hour!

Thy Angels of the Sacred Fire,
Now dwell with us here in Thy Flame,
And evermore expand Its Love,
Till all know God's Almighty Name!

Now God's Great Love Flame thru the air,
Must here descend and hold command,
For all else must now disappear,
As in God's Presence all must stand!

**“Thou Presence, God, the Great I AM”,
Forever brings Full Quick Release,
And as we in Thy Heart’s Flame stand,
We here compel Eternal Peace!**

**Oh, Glorious Mighty Vesta come,
And speak the Word of Freedom’s Call,
Now from the Great Great Central Sun,
Comes now God’s Vict’ry here to all!**

**So Side by side and Hand in hand,
Forever forward all must go,
And Love’s Eternal Cosmic Song,
Raise all mankind, all here below!**
