

INSTRUCTION BY THE GREAT DIVINE DIRECTOR
IN RE – TUBE OF LIGHT AND ELECTRONIC CIRCLE

The Beloved Great Divine Director stated in a Dictation in Los Angeles, May 24, 1952:

“Your Protection against all conditions in the atmosphere which are discordant, is your Love to your Presence; and your awareness of both your Tube of Light – the Ray of Light from your Presence, and the Electronic Circle outside your Tube of Light.

“Your Tube of Light is for the Protection of the body and its immediate atmosphere, and for the Purification of the outer self.

“Your Electronic Circle, which abides outside of your Tube of Light, is the container so to speak, of the accumulating energy which you draw forth through your Decrees, by which you produce manifestation; and ultimately release the Greater Powers of your own Life Stream; for Precipitation, Etherealization or whatever you want to do in the outer activities of Life, which produce phenomena; and for those conditions which are Permanent Perfection. One is a Reservoir of Power, the other is your own Individual protecting Tube of Light.

“Your Electronic Circle, which the Mighty Saint Germain asked you to call forth and build, is not the same as your Tube of Light, so please do not get them mixed. Your Tube of Light is the Insulation between you and the outer world; and is for the Purification of your mental and feeling world and your physical body; but from your Tube of Light out to your Electronic Circle is the gathering of the energy through your Decrees, which stands there as a Momentum. When That Momentum reaches a certain intensity, then very often in one call, you release the energy which produces Instantaneous physical action.

“The more energy you have around you, through your Decrees within your Electronic Circle, the quicker will your calls be answered. When It reaches a certain point, the Light-Substance within the Causal Body can open so to speak, and flood into your Electronic Circle. Then, you go forward using the Greater Powers of your own Life.

“I have placed My Heart’s Flame within your Electronic Circle to help you more quickly go forward, to the Fulfillment of your calls; and release these Greater Powers of your Life, which you must use in dynamic action, if you are to master conditions out here, and express the Fulfillment of the Divine Plan. My Heart’s Flame is ever abiding in your Electronic Circle, and Its Violet Flame Activity can throw off from you again, again and again, anything that is disturbing; so long as you give It recognition and accept Its Action going on within you.”
