

BELOVED MIGHTY VESTA'S DISCOURSE

SHASTA SPRINGS, CALIFORNIA SEPTEMBER 24, 1952

SENIOR CONCLAVE

BELOVED ONES OF ETERNAL LIGHT, I come with a Gift which, may I say, "I AM" determined to bring to your attention again and again until It holds your attention to the Fullness of your Victory. That Gift is the Release of These Activities of the Sacred Fire which have been called to your attention. I want you to realize with Me what your opportunity is, what the Glory is of the Gift offered, and how you can as surely bring It into this World as you make the Call and comply with the Requirements of the Law that gives It.

What I refer to now is the drawing into your outer use of This which We term the INVINCIBLE HONOR FLAME OF OUR ETERNAL LOVE AND THE POWER OF THE GREAT COSMIC HEART OF CREATION, THE "MIGHTY I AM PRESENCE" IN THE GREAT CENTRAL SUN. Just as you put your body to sleep at night to allow the Higher Mental Body's Energy to fill it with the Power that you use the next day to accomplish what you desire in the physical world, so can you receive from Us These Activities of the Sacred Fire. Give Us the time uninterrupted in which We may anchor Them within the outer self, because They must come through the Life Flame of the outer self in the Heart, then surround that Life Flame and fill the conditions of the outer world.

This Activity which We offer from Our Octave is no figment of anybody's imagination, and This Power is but a fragment of what you can have as you allow Its undisturbed Flow into the outer self and into your outer world. Now you have had plenty of time to give your attention to the things of the outer world, and you have allowed them to come into you and stay there to create discord and suffering for you. You have had plenty of time to draw the disturbance of the outer

conditions into yourselves or you would long ago have been Ascended. If you have had time to do that, you have time to receive now the Honor Flame of Our Mastery; and if you are to release the Power that consumes the hordes of darkness, That Honor Flame must come into you.

This Activity of the Sacred Fire of which "I AM" the Guardian to the Earth has to come into the outer self of each Individual, It has to come into each Individual's world, which is his or her home. It has to come and produce Eternal Purity, because Eternal Purity does not exist anywhere except within the Sacred Fire; and the Cosmic Light is the Radiation from That Sacred Fire. Since This must come into enough of mankind to hold a Focus of Its Activity in the physical octave, then you, who understand Its Action, are the natural ones chosen by the Cosmic Law Itself to receive the Gift that brings Freedom to Life; and he who is ready to give That Freedom automatically becomes the Freedom himself or herself.

You don't yet understand how Great are the Blessings that are within the Honor Flame of God's Heart, the Honor Flame of Our Eternal Love; and why do We continually remind you of This Phrase, "THE HONOR FLAME"? Because mankind has so misused the Great Gifts of Life in the physical octave to create dishonor that We must bring forth the conscious Recognition and Acknowledgment of the Honor Flame of God's Heart. It is necessary that This Exact Phrase be used in order to fill you and surround you with the Power of the Sacred Fire that consumes all dishonor that the destructive forces of the outer world would impose upon you if you do not manifest the Honor of That Sacred Fire.

"I AM" determined to bring This into your consciousness tonight with a Feeling and a Power that is your Eternal Victory! (Applause - audience rising) Thank you, My Loved Ones, won't you be seated please, and just remain so.

You are at the time when you must become aware of your Oneness with This Invincible Honor Flame in the Heart

of every Ascended Being and Cosmic Being; and unless by Conscious Command you compel the outer self to acknowledge and feel and know the Oneness of the Life-Flame in your Heart with the Invincible Honor Flame of your "Presence" and the Ascended Host, unless you are aware of That, unless you make the outer self aware of It and understand It, if you are not One with That Honor Flame, then you are one with the dishonor of the outer world. There is no middle ground!

That is why every night when you lay the body down to rest, and you give the Higher Mental Body a chance to fill it with the energy for the morrow, then should there come sometime each day in which you still the constant surging turmoil of the outer and be quiet; admit, acknowledge and command the outer self to feel the Unfed Flame in the Heart and Its Complete Oneness for Eternity with the Honor Flame of the Heart of your "Blessed I AM Presence," the Ascended Host and Cosmic Beings. Just as surely as you make time to feel your Oneness with That Honor Flame, will you find Its Power surge into you and release Its Powers into your outer use to produce Perfection as naturally as breathing.

You must become aware of your Oneness with This Great Power of the Sacred Fire, because It is the Eternal Purity of Life; and since "I AM" the Guardian of That Immortal Purity to the Earth, then "I AM" determined to make This clear to the consciousness of Life. Mankind has gone on in their own intellectual conceit, their own human ideas; and it has built such a maze of misconcepts and misunderstanding and misinformation into the outer intellectual activities of the world, that there is positively no reason left in some of the things that are constantly imposed upon mankind under the guise of teaching, education, science or the activities of the outer world.

When you know the Oneness of your own Heart Flame with the Invincible Honor Flame of your "Mighty I AM Presence" and the Ascended Host, you may know the Eternal Truth of existence, you may know the Eternal Truth of any-

thing you desire in an instant that all the intellectual concepts of the outer can never tell you. Show Me who in the outer world through intellectual attainment gains the Ascension. None! You cannot attain the Ascension through intellectual concept alone; and until the Acknowledgment and Awareness and Understanding of That “Beloved I AM Presence,” where It is, what It is and what It can do for you is consciously understood in the intellect, and the feeling of the Heart Flame’s Oneness with That “Mighty I AM Presence” and Our Great Octave of Life is brought into the outer intellectual consciousness, the Individual cannot attain the Ascension. You might have all the intellectual knowledge of the whole world, and if you have not the Feeling and Understanding of the Oneness of your own Heart Flame with the Invincible Honor Flame of your “I AM Presence” and Our Octave, you could never attain the Ascension.

Mankind thinks this is important and that is important to do this and that which it wants to do. The Individual says this infinitely; and what is important? You came into this physical embodiment to draw forth These Master Powers of This Invincible Honor Flame of your “Mighty I AM Presence” and from Our Octave. You came into this embodiment to use These Master Powers into this physical world to produce Perfection by Conscious Command and Eternal Awareness of That “Blessed I AM Presence.” And producing Perfection here that expresses Its Beauty and Happiness, you expand the Heart Flame with the Power that raises you to the Ascension. Therefore, until That Unfed Flame in the Heart is acknowledged as the Master Life of the Universe from your “Blessed I AM Presence,” mankind goes on in their chains, century upon century upon century.

“I AM” here to keep reminding you to give some time each day to the stilling of the outer; and let That Oneness in the feeling of your own Heart Flame with That Honor Flame of your “Mighty I AM Presence” and the Ascended Host come forth into the outer undisturbed long enough to let It give Its

Master Powers to you for your outer use, to hold your protection against destruction and to make you free to use These Great Gifts to free others. If you will make the time to receive That which the Honor Flame of your “Mighty I AM Presence” is ever awaiting to give you, if you love That “Presence” often enough to let It make you understand the Oneness of the Unfed Flame in your Heart with the Glory of Itself, you will not need any other teacher. What do you think is the Comprehending Consciousness within the Individual? What do you think makes you understand the things that are Greater than what is in this world? What do you think makes you comprehend That “Blessed I AM Presence”? Not your intellectual concepts of the outer world. How can you learn from the outer world about That “Presence” which belongs in Our World? Do you go to an airplane school to learn music? Certainly not. Then how are you going to learn the Oneness of your Life Flame with Our Octave through the intellect?

Only through the stilling of that intellect and the command of the outer self to stand aside until the Unfed Flame in the Heart knows It is One with the Honor Flame of the “Mighty I AM Presence” in the Great Central Sun – until the Knower is recognized as That Flame, you don’t know. The intelligentsia of the world may not agree with Me, but they are not Free and “I AM,” that’s the difference! (Applause) Thank you, Precious Ones.

You do not understand, Beloved Hearts, how through the centuries mankind has built, by their intellectual concepts, a positive shell around their consciousness that will not let the feeling feel the Love to the “Presence” that enables Its Mastery to come into their outer use, because your “Blessed I AM Presence” is ever awaiting the opportunity to release Its Mastery through the outer self, but mankind has become so opinionated, they are so sure they know more than God, that they are still in the dregs of their own creation, and God never created the limitations of this world. Good could not create evil!

I tell you to know, to feel, to be aware of the Truth of Eternity that the Unfed Flame of your own Life beating your Heart is the Great Honor Flame of the "Presence," your "I AM Presence" extended into you! When you know the Oneness of That and know Its connection with the "I AM Presence" in the Great Central Sun, you have but to keep the door open of the outer self, through the attention, and by the command to the outer to stand aside until you love the "Presence" and let It make you aware of what Its Honor Flame to Life means! Your "Mighty I AM Presence" can make you know, through your own Heart Flame, what the Honor Flame of Life means, and all the intellects of the world cannot tell you.

"I AM" not degrading the intellect. It is a wonderful servant if made a servant and kept there, but when it thinks it knows more than the Honor Flame of God's Heart, it is devilish. You may not like My Words tonight, but I have seen mankind go on century after century in their inhumanity to Life torturing, torturing, torturing and denying Us. How many in the World today understand that I live in the Universe, and something of My Gifts to this World and the Service which "I AM" ready and willing to give to set them Free? How many do you think in this World understand that I live and AM the Protector of the Homes, the Protector of Purity to the Earth and the Protector of the Sacred Fire?

How many, think you, of the three and a half billion people on the Earth remember Me or understand I live? How much Conscious Awareness is there in the intellectual concepts of the world of Me? "I AM" not speaking of the Messenger. It is My Consciousness releasing through the Messenger. I have waited for centuries for the opportunity to help mankind know the Honor Flame of the Heart of That "Blessed I AM Presence" and Our Octave.

"I AM" ready to bring Those Manifestations of That Sacred Fire before your eyes with Power none will deny. "I AM" ready; and those who want to remain bound in the

chains of their own opinions will one day cry out in agony and want to know what That Honor Flame means. I can tell them! I can release It! I can make you feel Love that would melt anything. Can the intellect do that? Never! That is not where Love abides. Until the Unfed Flame in the Heart, the Flame in the throat and the Seven-fold Flame of the Seven Mighty Elohim blend as One Flame into the Oneness of the Honor Flame of That “Blessed I AM Presence”—it takes the Love of the Heart as One within the intellect to make the intellect know what Love can do; and that is feeling. That is not just a cold idea.

I have waited a long time for this night. “I AM” going to take advantage of My opportunity and bring as much Power as you can stand of the Understanding and the Love of That Honor Flame of your own “Precious I AM Presence” and from Our Octave of Life into which nought but Love can come. Do you not think the world needs That tonight? Is the world with all its intellectual concepts solving the problems of the Nations of the Earth? I think not. When mankind has degraded below the animal, when they do nothing but use the Blessings of this world to create war and war and more war, where think you do they stand with the Cosmic Law? Where do you think the intellect is in relationship to That Honor Flame of God’s Love?

I would plead with you if you never learn another thing while unascended, learn to know what That Love means to Life, and know the Unfed Flame in your Heart is One with That Honor Flame; and then let It do Its Perfect Work in the outer activities to release Life from the chains of human desire.

Long have the Ascended Host, the Cosmic Beings and Great Legions, Uncountable of the Angelic Host, ever poured Their Love to mankind, ever trying to purify and constantly consume a certain proportion of mankind’s frightful creation, and yet mankind will not love That Honor Flame. Tragic is it not? I shall bring This to your attention if you give Me

your attention as often as possible, as a Magnet of Our Love, the Great Power of the Central Sun Magnet to draw you away again and again and again from that which is not the Love that sets you Free.

Every night when you lay the body down, you have to have some energy for the next day, do you not? What can you do if you don't allow the body to receive energy from the Higher Mental Body through the sleep condition? Suppose thirty days passed without one instant of sleep, where do you think you would be? Of how much use is the body? Supposing water is withheld from the body for a few days at the most, where is your body? How permanent is it? How permanent is it, if the air is withheld? Then do you not see how necessary is the need, how great is the need of the outer self to be trained to understand the very Flame of Love within the Heart is One with That Honor Flame of God's Eternal Love, and there is the Powerhouse of the Universe? There is the expansion of all that could ever exist or ever has existed. There is the Source of the Comprehending Intelligence that the outer self ought to have to understand God.

May I say to you since "I AM" the Guardian of the Sacred Fire, "I AM" the Guardian of the Home, "I AM" the Guardian of God's Immortal Purity to the Earth! May I say to you That Oneness of the Honor Flame is your Home, That is Eternal Purity, That is the Mastery of Love. "I AM" sure you will forgive Me if I come to you again and again and again and remind you of My Presence. (Applause) Thank you, Beloved Ones, Hearts of God's Love. I shall not intrude Myself upon you, but I know the need that is ahead of you, and I tell you frankly, My Loved Ones, nothing but the Honor Flame of enough Love will ever be your Protection against that which is facing America tonight! That is why I have come to make you feel closer to Us, to help you recognize more frequently, and demand incessantly the Invincible Honor Flame of God's Eternal Love come into you as Master here,

and your Deliverer from that which is not Love. This is the Master Presence of Life and Its Glorifying Powers are Infinite and Etemal.

Oh, if mankind would only study the Honor Flame of God's Love they would know everything they could ever require in the Universe, but mankind thinks they can get along without God's Love, and that is insane. That consciousness is insane that thinks it can get along without God's Love.

So tonight I want you to feel the Master Authority of Life, the Master Feeling of Our Love, your Oneness with That Honor Flame of your "I AM Presence" and through That, One with Us. There is no separation in That Flame, because It is existence of All of That which is of Perfection, and since "I AM" the Guardian, the Protector of Purity to the Earth, Purity to those Life Streams that are trying to hold to God, then with your Conscious Knowledge of your Oneness with That Honor Flame, with your Conscious Awareness that That is your Home, then you may call It into your physical conditions. You may ask for It to blaze in and around you with such Intensity that It compels Purity, and It compels the hatred of the world to recede, as That Flame surges forward through you and around you to hold Command at your Conscious Call.

You may draw any amount of It in and around yourselves to hold command against anything that is of the shadows. Therefore, when you call to the Honor Flame of My Heart I will be a Guarding Presence that protects the Purity of those who are trying to hold to That Great God Presence and Its Honor Flame of Life and to the Universe of Manifestation.

Beloved Ones, if you want My Power, ask your "Mighty I AM Presence" to make you feel Me and your Oneness with the Honor Flame of My Love, and I shall flood It to you until It reveals all and more than you could ever desire in this world. (Applause) Thank you, Precious Ones.

Now then, call forth the Mastery of the Invincible Honor

Flame of your "Mighty I AM Presence" and from any One or All of the Ascended Host and Cosmic Beings to fill the outer self and be the World around you which forever manifests the Divine Plan Fulfilled. You may just as readily call forth the Manifestations of These Magnificent Powers to fill your Beings and worlds as to wait and expect Them sometime in the future. You can just as well command this outer self to feel the Oneness of the Heart Flame in the body with the Invincible Honor Flame of That "Mighty I AM Presence." You can just as well make it feel It now as next week. Train this outer self that when you command it to receive These Magnificent Powers and Eternal Truth of Life's Perfection, that it is going to manifest now as you command. Make it aware of Instantaneous Action. Call to Us and We will help you; but Oh, love and honor That "Mighty I AM Presence." That keeps the outer self free from outer intrusion long enough to let the "Mighty I AM Presence" give you Its Eternal Divine Gift.

My Dear Ones, even at the moment of the Ascension you have to have This Invincible Honor Flame of the Eternal Love of your Higher Mental Body flooding down into the cellular structure of the outer self as the Power which raises its Vibratory Action into Oneness with the Higher Mental Body and again arising into the Electronic Presence of the "Mighty I AM." You must have the Action of This Invincible Honor Flame of God's Eternal Love in order to do anything and everything which will ever produce that which is constructive and fulfill the Great Divine Plan.

Oh, call for It! Expand It through the outer self! Demand your world be manifest now as the Invincible Honor Flame of God's Eternal Heart, the Cosmic Love of the Universe, and see for yourselves whether the shadows will recede; and as time goes on, see whether That Love illumines you and your world. There never was a shadow in existence so long as That Love was allowed to hold command of the outer self; and it was only when That Love was

forgotten and mankind ceased to acknowledge It that the shadows began to cross and come into the outer flesh structure. The slower rates of vibration simply blocked out That which had created all good. You may return to Its Light as you become more and more determined the outer self shall be filled with and know its Oneness with the Honor Flame of That "Mighty I AM Presence" and It is the Commanding Authority in this outer world that forbids anything which is not the Eternal Perfection to ever manifest within or around you.

Call It forth as your home and as the Invincible Protection of Eternal Purity in your world! Call It forth to bless your Loved Ones! Oh My, you know not how Miraculous and Wonderful are Its Powers until you begin to use Them and then there will come a dim memory of the familiarity of Those Powers which you once used. They will again make Themselves known in the outer and you will remember once before you used Those Powers and They are not so strange to you.

Oh, the Magnificent Powers which you call supernatural, the Miraculous Powers of Life, all that you have thought were so transcendent are all within the Invincible Honor Flame of God's Great Cosmic Love. Call forth That Flame in and around yourselves. Ask It to release and reveal to you Its Master Powers to protect all that is constructive, to reveal all you want to know to give you Unlimited Freedom in the physical world, and see for yourselves the Truth of My Words tonight by the Application you make! Then will the Angelic Host come very close to you, because They are Beings of That Love which will not accept anything else into Their Beings or Worlds. You, too, may now become as They are as you call This forth into your outer conditions. Demand Its Authority rule everything in your world and forever pour your Love to That "Mighty I AM Presence" and demand the Honor Flame of Its Love take possession of your outer self and your world; and forever be the Master Presence here. Then you must be Victorious over everything in this

world; and Freedom manifest on This Earth becomes your Glory, Happiness and Gift to the world around, of All from that Glorious, Marvelous Honor Flame of God's Eternal Love.

When you honor That Love, That Love will honor you! When you know That is your Home then That Home will pour Its Manifestations here. This will be One with That; and then your home will be the Home of the Perfection of Eternal Love. It is the most practical thing in all the Universe. It is yours as free as the air you breathe, and all it takes is your Command to your outer self that the world stand aside until you give undivided attention at regular intervals to your Acceptance of your Oneness with That Love and you ask It to possess yourself and manifest Its Glory here for the Freedom of all; and truly will Wisdom reveal that Love, Power and Wisdom are That Great Glorious Unfed Flame in the Heart of the outer self, in the "Mighty I AM Presence" in the Great Central Sun and in all Beings in the Octave of Perfection above this physical world.

May the Legions of That Honor Flame with the Power of Love Eternal so terrific in the Glory of Its Perfection ever come close to you, ever surround you with their Glory, ever clothe you with Their Power, ever guard you with Their Love, ever supply you with Their Boundless Gifts and let you use Their Master Powers to render the Service to your Nation that forbids anything but That Eternal Honor Flame to have any authority in this world.

Let us go forward and concentrate all the acknowledgment you can upon This Mighty Honor Flame of the Love of your "Mighty I AM Presence" and demand It come to Earth and forever deliver the world from the hate of the shadows. Glory Indescribable, Power that is Infinite and Happiness that is Eternal bringing you Victory everywhere are yours as you do This; and Freedom becomes manifest and you, the Master Presence in your world by the Supreme Power of Life, know your Oneness with Us, and We can correct conditions in this world that have no right to exist. Let us draw That

Honor Flame of Eternal Love into everybody and everything, into the ground itself, into all substance, into all that lives, until every quality disappears which is not the Eternal Perfection of That Supreme Almighty Eternal Presence of Life.

To Its Glory and Its Honor of Eternity do I call you for your Freedom and Victory without limit; and Power and Protection are yours to use to set your fellow man Free and hold Honor in your Nation as the Supreme Authority and Love in Eternal Command. Thank you with My Heart of Love tonight. I bid you adieu but not good-bye, for I shall call as often as you call Me.

Good night.
