

BELOVED LADY MASTER NADA'S DISCOURSE

CHICAGO, ILLINOIS

APRIL 22, 1945

SUNDAY EVENING

BELOVED ONES OF SAINT GERMAIN'S FAMILY, I come to you tonight bringing an Action of Divine Love which I trust will stay with you forever, and help you to the greater attainment of the Great Powers of your own Life Stream, the greater use of all Life's Magnificent Gifts and Powers of Mastery through yourselves.

I shall take up tonight that which I have long wanted to explain. Tonight is My Opportunity. I want to reveal to you a Secret of Mastery which "I AM" sure will make your pathway of the future very, very much simpler and more easily trod; and that is the handling of the energy at your own solar plexus. You know you have been told to straighten yourselves, draw in the solar plexus whenever there was a force around you that was discordant. That closes out the human which happens to be surging around you, but what about that which is of your own generation inside of your own emotional body?

Now always take the attitude of closing out anything discordant from the outside the moment you are aware of it. The moment you are aware of discord around you, then hold the body erect, draw the muscles of the abdomen in and close the door quickly, so the outer does not intrude. This which I shall give you tonight is the raising of the feelings of your own emotional body, those for which you are responsible, into the Heart, whereby in the Sacred Fire they are purified and go forth in the Balance of the Unfed Flame.

I ask you to try This the next time. I hope there is not a "next time," but in case there should be a "next time" you are irritated, will you quickly, just like that,

seize that energy or feeling and raise it immediately into your Heart and command the Unfed Flame in Its Cosmic Authority and Power to be God's Almighty Ruling Power, the God Control which sends it out qualified with Love, Wisdom and Power to fulfill the Divine Plan.

Now This will do two things. It will prevent your holding within yourselves that which will ultimately cause you great distress; and It stops in the Flame in the Heart the vibration which otherwise would travel through to the brain, and just like that, shut off the flow of Light from your "Presence"; and cast a shadow in the brain to prevent the Fullness of the Perfection of Life coming through your bodies and outpicturing through you as intended.

Every discordant condition of the mind, body or affairs is due to irritated feeling at the solar plexus, because you cannot feel irritated in the intellect. The intellect holding its attention upon something that is wrong or discordant, stirs the energy in the emotional body with the rate of vibration of irritation or downright anger, destruction or other qualities. The moment that vibration passes through your emotional body, the shadow goes forth and condenses a certain amount of substance in the brain structure that keeps the Purity and Perfection, which is within the energy of your own Life coming from the "Presence," from releasing Its Ideas and Pictures clearly through the intellect.

That is how misinformation comes into outer use of individuals or into outer activity, and yet the individual intellectually has decided to do the right thing and wants to, but if the feelings are not kept purified and controlled, that vibration goes into the brain structure and then the Perfect Way of fulfilling the Divine Plan is not allowed to act to control the energy in the emotional body. This which I speak of to you tonight is a quick seizing of any irritation or any feeling of discord in the emotional body, raising it immediately into the Unfed Flame with the Command that God's Authority compels the Divine Plan

Fulfilled, and then that rate of vibration won't cast a shadow into the brain or condense substance there which continually accumulates to shut out the Vision or the actual Picture of the "Presence."

It is only because the discordantly qualified energy has gone into the brain structure so many, many times, that there is a human veil in the atomic structure of the brain; and if it were not for that you would see the Light of your "Presence" very clearly all the time. You could, at any moment, look within the Ray of Light which comes into the head and just as if you looked up into a Tube of Light above you see your "Presence" face to face as easily as you see your hand.

Now this, together with the Use of the Violet Consuming Flame through the entire body and the brain structure and your Decrees for the annihilation of all mistakes and obstruction you have ever placed in Life's Pathway, I think will make you very, very happy and enable you to joyously release the atomic structure of your bodies from much substance under which you have struggled and which keeps prodding you with irritation and discord, when really you are trying with all your might to hold Peace.

You see you have to make some effort in the outer to hold control of irritation and stop it, and you have to definitely command it with Authority. But after all, the Power that stops it, the Power that changes its quality and the Power that raises it to go forth to fulfill the Divine Plan, is that Ray of Light from your "Presence" to the Unfed Flame in your Heart.

So while you make conscious effort the best you know how in the outer to stop a thing, yet when you have completely surrendered all Authority to your own "Mighty I AM Presence," and then you definitely raise that feeling right into the Unfed Flame in the Heart, it is as if you had suddenly turned to your "Presence" and said: "Take it all and I stand Obedient!"

My Precious Ones, I think you will find very great release many times from tension under which you have struggled, because you were trying to do it with the intellectual consciousness or the human action of the will. Now you have only one will; that is God's Will. You have the Faculty or the Power to will anything you desire into manifestation, but when you will into outer expression anything that is not the Divine Plan Fulfilled, well then, you have but taken God's Will and used It to produce human discord. In other words, you have consciously willed the energy over which you have been given Authority to produce manifestations which cause distress.

Now as wave after wave of that comes back to be redeemed, the moment it strikes and you feel the slightest disturbance of your feelings of harmony and peace at the solar plexus—the moment anything disturbs that, call on the Law of Forgiveness for even having its existence in the Universe, for anybody ever having created any such feeling by the use of Life, whether it be your own or someone's else. Then definitely close the door to the outer and command everything which is within, raised into the Unfed Flame in your Heart. Command it in the Authority of your own "Mighty I AM Presence" to go forth and fulfill the Divine Plan as God intends. In That, "I AM" sure you will find, oh my, so much release and relief from the human effort to try to control your feelings by the domination of the human will and the more you do it the more tension you get under and the more the thing battles you.

After all, Beloved Ones, whenever there is a battle on, you may always know it is the human, because the Divine does not need to battle. The Divine is Authority, just the same as the light in the room. When the light comes in, it does not fight to get here and there in the various corners and throw out the darkness and have a prize fight; oh, not at all. The Light is the Manifestation of Authority, and just so within yourselves in the controlling of your own

feelings. The Unfed Flame in your Heart is the Manifestation of the Authority of your "Presence" through Love, Wisdom and Power; and is the God Authority over all energy, all substance, all qualities.

Now I want to take this a step further. The average persons when speaking, especially rapidly, do not understand that they speak from the solar plexus, and if you will lift that from now on and consciously before you start to speak, raise the feeling into the Heart and speak your words from the Unfed Flame in your Heart instead of from the feeling in the solar plexus; and consciously establish that habit, you will find such Mastery and Poise and a sense of Freedom in that action, you will never speak impulsively or suddenly say something which a moment later you will regret. It is very essential that you conquer this habit, because many people who are very sincere and very intense in their feelings, especially if their Devotion is great, speak very quickly. Form the habit of making yourselves remember to speak from the Unfed Flame in your Heart, just as if the Flame Itself came forth through your throat and produced the sound out here. As you visualize that thing just a moment, it will compel your attention to be drawn away from anything discordant, and in that way break the connection of the energy through the attention to the thing which is the discord you hold to yourself.

Now I want to take you still another step. You have heard this Messenger and the Beloved Godfre also tell you a thing is not forgiven until it is forgotten, because so long as there is a memory of some condition discordant or otherwise within you, that comes forward again and is a reminder of the old condition you have not released from your world, because your memory of it is the energy that binds it to yourself. It is your memory of that, which is the energy that ties it and makes you hold it in your world. So until a thing is forgotten, it is not forgiven. You might say, "Oh, I forgive so and so," and then if you again

remember what they did, you have not forgiven it. When you thought you forgave it, you just pushed it back, a little back, and you held on to it for fear some time you might need it for a weight over their heads, and the next time when you are in the mood you reach back and get the thing and pull it out. That is very dangerous. That is very disastrous; and is why the Divine Director told you to close the door on everything which had occurred up to the moment and He would help you close it. Do you remember?

“I AM” reminding you of it tonight, because I want to clear something in the students’ minds of which “I AM” sure they are not aware. Often, when you do something wrong, you say: “I call on the Law of Forgiveness!” That is a long way from complete Forgiveness. Beloved Saint Germain explains that in the “I AM” Discourses. That is only half. When you say: “I call on the Law of Forgiveness, and ‘I AM’ the Consuming Flame of all inharmonious action and human consciousness, cause, effect, record and memory,” this is the reason for the Consuming of the memory of that, which is the discordant record in the etheric body.

Now the human creations are so subtle and they are so exasperating, if you could see them from the Inner Level. People do things over and over and over again and say: “I call on the Law of Forgiveness,” and they have not forgiven anything. Those are just empty idle words because if you mean that, you will say: “WELL, I CALL ON THE LAW OF FORGIVENESS, AND ‘MIGHTY I AM PRESENCE,’ BLAZE YOUR VIOLET CONSUMING FLAME AND SWORD OF BLUE FLAME INTO IT AND ANNIHILATE IT, CAUSE, EFFECT, RECORD AND MEMORY; AND REPLACE IT WITH THE UNFED FLAME OF THE DIVINE PLAN FULFILLED; AND NEVER LET SUCH A THING MANIFEST IN THE UNIVERSE AGAIN!” Then you have called the attention of your “Presence” to it with firm determination, and you

have done your part in the physical octave firmly enough to enable your "Presence" to take it away from you.

Now I want to give you another Secret. You see "I AM" full of Secrets tonight. It has been so long, "I AM" like your Beloved Godfre, it has been so long since I talked to you and I have been gathering many Secrets which I want to share with you tonight. (*Applause—audience rising*)

Thank you, Precious Ones! I accept your Love, and I shall flood It back to you again, again and again when you little dream, and Mine shall amplify It and bring what you desire to produce Perfection. Thank you and won't you be seated?

Now I want you to experiment with This for the sheer joy you get out of It. Many times, when other people want to make you do something you do not want to do—and that really is not right you should do—the first response of the human is to get right up and have a set-to about it. Sometimes you come out on top and sometimes you do not. It is like boys wrestling when they are growing up. Sometimes one is on top and sometimes the other is on top. It is a very uncertain action. You do not have permanent determination who is going to be on top when you get through.

I say to you, when there are those who want you to do that which you do not want to do, something which is not right, silently say to your "Presence" and to their "Presence": "Fulfill Your Divine Plan!" Raise your feelings into your own Heart and command with Authority the Divine plan be Fulfilled, but with that Love, Wisdom and Power in Perfect Ease; and if you will just be silent, do that always silently, you would not even have to speak a word in this case. I think you will find almost Instantaneous Release from conditions which otherwise keep you in a constant state of irritation, pressure or battle about something.

You see for so long the human feelings have been so

determined to have their own way. More or less for two million years you have been determined to have your own way. Your problems and limitations and these various waves of energy as they come back irritated or disturbing, are many times just your own way coming back to say: "How do you do, I have to come in"; and you will have to say: "Well, if you belong to me certainly I am going to clean you up," and that will take out of you all sense of battle. If the thing is manifesting discordantly just say: "Well, suppose I did do it. The 'Presence' and the Ascended Ones have provided me with the Way and Means of raising it, purifying it, commanding it to fulfill the Divine Plan and go forth to bless the Universe again, so I might just as well keep occupied with That, as the activities of the outer world." One way you get Free; the other way you do not. You can go right on serving the outer world, and where are you after five, ten or twenty years of that?

I say to you who are giving eight or ten hours of your energy to the outer activities of the physical world day in and day out, year in and year out, wherein is there anything which raises you to your Ascension? Employers of the outer world demand what? Your Life, your intelligence, your time, your energy, your attention, your intellect, your consciousness, for so much money a week or month or whatever it is. They buy your Life, for what? Suppose you were doing things in the outer world, that you often say: "I have to hold a position of some kind to get my living." Suppose you do that. What are you going to do some day when the employer says: "Well, I don't need you any more"? The employer has had five, ten or twenty years of your Life. You may have sent out a great deal of discord in that time. You are not one step nearer your Ascension. What do you think Life is going to expect? Life gave you Itself to outpicture Its Plan of Perfection to fulfill Its Divine Plan in happiness and blessing to the whole Universe. Wherein, My Dear Ones, do you think is the Fulfillment of the Divine Plan, to go on in the treadmill of

existence in those outer world activities?

Do you not see what a Great Privilege it is to serve this Light, to carry It everywhere you go, to call It into action to dissolve the human creation? Then you are serving your "Presence" and the Divine Plan Fulfilled. Then as you make conscious effort to pour That forth into everybody and everything, are you expanding your own Light, and every time It blazes brighter and expands further, It raises you higher in vibratory action, therefore, nearer the moment of your Ascension. Without this Understanding of the Light and this Cosmic Law of the "I AM," you have mankind in just the mass condition you see them in the outer world. You have all been through that treadmill thousands and thousands and thousands of times, and that is why there is the accumulation of irritated energy which comes back to you again, again and again in your contact with everyone. Isn't it a pitiful state, that conditions have become so rampant throughout the physical octave, you cannot go anywhere in the outer world without coming into contact with someone with whom you have discordant conditions to handle? Isn't that a crime before the Life of the Universe which gave all Perfection to start with?

So if sometimes, Beloved Ones, there seems to be a problem or problems to be worked out in your association with each other in this Activity, stop a moment and realize what would you do without It? Whom are you serving when you serve Beloved Saint Germain's "I AM" Activities? Whom are you serving—human personalities, or are you serving Life for your Freedom, and trying to stay as harmonious as you can until all the mass of energy you have discordantly qualified in the past is drawn back? It was given to you and you have taken it, purified it, raised it and commanded it to fulfill the Divine Plan, and your pathway is free to go forward in the joy which Life intends.

So no matter how seemingly strenuous Beloved Saint

Germain's "I AM" Activities are, have been or might still become, I ask you always to compare Them with conditions of the outer world. Are they not strenuous, too? Are not your defense plants strenuous? What do they give you when you give them your Life for so much money a week? They take your Life, qualify it discordantly, and you have to some day take it back and purify it.

So once you have this Knowledge, no matter where you move, always be grateful you have a Way and Means of purifying anything, whether it is in yourself or in the conditions around you, that it is your Great Privilege to use the Purifying Power of your "Presence" and the Ascended Host to redeem energy, substance and people wherever you move; and that should be the greatest joy anyone on this earth can experience, once they have passed through the shadows of human chains and limitations.

Therefore, have no self-pity, no self-justification, no self-deception. Those three things are tyrants which torture you and will continue to torture you until you surrender to the "Presence." Just be grateful under all conditions that the "Presence" is at every instant ready to release Its Light, Its Love and Its Violet Flame, Its every Action of the Sacred Fire to change any condition into Perfection instantly or in a very short time, and compel Perfection to come out of discord, and each day you arise higher and higher. As you do That more and more, your own Cosmic Power becomes greater and greater, the more you assist It.

These things are very necessary to remember, because the human will always justify itself. It will always find a thousand reasons and a thousand arguments why it is right; and the human knows before it starts the argument it is wrong. That is the reason it argues. It knows it is wrong before it starts and that is the reason it justifies itself. This is the great danger in argument, because you cannot get into an argument without everybody's energy becoming discordant. The force which makes you argue is human,

simply an animal creation that is seeking to disturb your harmony, so it can seize your discordantly qualified energy and live a while longer, because all human animal creation is a vampire. It lives by stolen energy, and it will do anything to disturb your Harmony just to get a little more energy to live longer. It is but self-preservation of the animal.

God does not have to struggle for self-preservation, because It is already Eternal! That is why when people become dissatisfied, when they have the Power to correct conditions, then you will find that constant irritation will wreck them sooner or later until they shut it off, because you cannot survive except by harmoniously qualified energy. Destructively qualified energy kills as sure as bullets, and is the disintegrating process in the atomic structure that is either disease, poverty or conditions in the outer world, that discourage people until they pass out of the body.

So the controlling of irritation, of absolute Mastery of the qualities in the feeling at your solar plexus, is absolutely essential if you are to attain your Ascension; if you are to express your Mastery over this world; if you are to have Opulence in the future; if you are to hold the Protection of the things you love and the things that are in your world to produce happiness and harmony. These Sacred Qualities cannot be sustained by discordantly qualified energy. You know that, and this is a quick way of seizing anything which might seem to make you irritated. Raise it immediately, call on the Law of Forgiveness and know you are the Violet Consuming Flame that consumes the discord. Raise it into the Heart! Command it in the Authority of the Unfed Flame to go forth and fulfill the Divine Plan in all the Joy of Creation. This will keep the energy of your body lifted into the Balancing Center, because your Heart is the Balance. It is like the Middle Plume of Flame, it is like the fulcrum of the scale. In the Heart is the Balance of all Powers from your "Presence."

Precious Ones, when you begin to feel sorry for yourselves, well, We just have to recede. We have watched many of the “I AM” Students over ten or twelve years. When the human was rebellious and could not have its own way, it would go off and cry by itself alone and feel terribly abused, and then there usually comes resentment; and they say: “Saint Germain, Jesus or Nada and Daddy, why don’t You do something for me?” May I explain to you just what that does at the Inner Level? Do you know what you do when you say to your “Presence” or an Ascended Master: “Why don’t You do something for me?” Do you know what that does? That locks the door that instant from any further Help from Us; and We have to recede, because that again is in reality a rebellion because We do not do your way when you want Us to.

When you are passing through the fire of your own creation — now mark you, We have not created your problems, your rebellion nor your discord; We do not build it. We built a lot of Our Own, but We cleaned it up and We are Free. So whatever you are in, We are not responsible for. So when there comes the feeling of resentment, of rebellion because We have not done what you have asked, be very, very careful. An Ascended Master will have to refuse to give you any more Assistance if that feeling is within you.

“I AM” saying this tonight because it is a subtle vicious force which suggests itself to many people on the pathway, and has in many lifetimes before closed the door to your further progress; because the feeling like that is resentment and rebellion because you cannot have your own way.

So Precious Ones, this night “I AM” explaining this Law so you may be Free from these things, because if you understand This, and that thought surges, you will take it and wring its neck like you would a poisonous serpent, consume it in the fire and raise it into the Heart and say: “I AM” THE MASTER AUTHORITY OF THE UNFED

FLAME AND MY WORLD IS FILLED WITH THE PERFECTION OF THE DIVINE PLAN. "I AM" FREE IN THE HAPPINESS OF THE LOVE OF MY "PRESENCE" AND THE BELOVED, PRECIOUS ASCENDED MASTERS!

I think if you will get the Secret of This now, and I will help you and so will the other Nadas, so will the Other Children, Our Beloved Mary, Beloved Meta and the Precious Quan Yin. We will help you. Beloved Ascended Master Youth, if you will remember this and discipline yourselves, you will never have to go through the problems which the former generations have gone through. You will never have to go through the period of struggle which your parents and others have gone through under your observation. You may retain your youth and beauty, you may have opulence without limit when there is that great loving, willing surrender to the "Presence," with no self-pity, no self-justification and no self-deception.

Why should I allow you to deceive yourselves, Beloved Ones? I would not be your Friend. I would not be your Friend one moment, if I allowed you to fool yourselves, when I stand as the Light which can illumine a condition and set you Free. I love you, Beloved Ones, I have loved you through many centuries. You are now entering the Doorway into that Light wherein Manifestations can come forth at your Command which will lift you and all mankind into Happiness, Beauty and Perfection, for your Beloved America; and you may render such assistance to the mankind of this Earth as no group of humanity has ever given in any age, because you have your Conscious Knowledge of the Law.

You have a Momentum built up to this present time and many Doorways from the Ascended Masters' Octave are opening to all of you through which will come Manifestations of Great Power to delight you beyond words, if you have conquered these things in yourself first; but you cannot go through that Doorway with these

qualities in yourself. All irritation, self-pity, self-justification and all self-deception are tragic indeed, and perhaps the most dangerous of all is resentment and rebellion against the Law of Harmony, when you cannot have your own way; then surely the Law of Harmony is not controlling your energy.

Now do not fight that outer self! If these things come into your feelings, or you find you have been doing them, just say: "Very well, what of it. If I have done them and now I see the way to correct them, well I shall occupy my time and attention closing the door and consuming them, but they shall not get me down."

You know the old saying, "You are never licked until you quit!" Well, We will help you not to quit, if you do not want to, but We may not intrude on your Free Will! (*Applause—audience rising*) Thank you, Beloved Ones! I shall stand by you, and remember My Signal to you will be the Flash of Pink Flame; and why do you suppose Pink? Because Love is the Greatest Solvent of the discordant qualities and I can give That without limit. So the moment you call to Me, I shall flash back to you That which in a breath can shut off the pressure of the discord around you and fulfill the Divine Plan, and move It in, oh, so easily when otherwise you would struggle. Thank you, and won't you be seated?

May I tell you the Greatest Secret of all? If you were to use the Pink Ray into every condition which was discordant in or around yourselves, if everything that came to your attention which was irritating, if you just SAY TO THE "PRESENCE": "FLASH YOUR PINK RAY THERE AND MAKE IT YOUR DIVINE PLAN FULFILLED," you would disconnect the energy of your solar plexus, so there would be no feeling about it, other than the Ease of the Pink Flash as It stands between you and the discordant condition.

So Beloved Ones, as we move along the Path of Life, let us remember whenever there comes to your attention

that which is human, replace it instantly by that which is wholly Divine, and from the Octave Above. Just keep feeling, seeing and calling an Intense Flash into a condition of the Pink Ray, which shuts off the discord and the irritation and gives you time to catch your breath, until you can hold control of your own energy. You do not know yet how soothing is the Pink Ray and the Golden Ray.

So you know, Beloved Ones, when there is very great irritation in a child, for instance, the Pink Substance which I often draw and clothe him in, sometimes a layer eighteen inches thick, I can draw that Substance in, through and around any individual. He can lie down and go to sleep and during the night absorb That and in the morning be well. There is no fighting struggle for Me to draw It and there is no distress in the atomic structure that absorbs It.

May I say something else that you have never even thought of? Do you know I can so concentrate the Fire Element of the Pink Flame that I can produce Pink Lightning, and that is quite a sudden shock to discord, very sudden! The Cosmic Blue Lightning of Cosmic Purity burns Its Way through everything, but the Cosmic Pink Lightning of Divine Love and Compassion awakens mankind or awakens within individuals, the Response of Cosmic Love of each Life Stream to that Flash of Lightning. Then the Higher Mental Body of the other individual takes advantage of that, and you will see Miracles of Love handling conditions which you cannot handle in any other way.

This is the reason Beloved Jesus is known as the Lord of Love! The Lord Maitreya's Cosmic Power of Love, the Mighty Surya's Power of Cosmic Love or Mighty Sanat Kumara's Power of Cosmic Love all contain the Pink Ray, and even Mighty Saint Germain's Cosmic Violet Consuming Flame has a Heart Center of Pink. You do not yet fully value the Power in the Pink Ray to which I belong, and "I AM" grateful to say All four of the Nadas are with Me in the Pink Ray tonight!

They stand pouring Their Blessings to you and may you feel It with great great Acceptance. That Pink Ray can quiet the mind, quiet the feelings, can heal distress, can forgive everything and anything. That is the Color of Forgiveness, and you cannot go very far in this Universe on the Pathway of Perfection without having first forgiven all imperfection.

So the Healing Flame of Cosmic Love, Divine Compassion and Its Cosmic Protection act through the Pink Ray and through the Golden Ray; and if mankind but understood what That does for them, they would not struggle under these other conditions when there is so much Power of Light to help them.

My Dear Ones, the Beloved Godfre gave you a Mighty, Mighty Discourse this afternoon on the Music of the Spheres. I could say to you that the Octave of the Pink Ray, or rather the Realm and Vibratory Action of the Pink Ray contains Music where the Melody is so sweet it would melt everything of human discord. As the Sunshine dissolves the snow, so does the Pink Ray and Its Glorious Melody dissolve human hate, resistance, resentment and distress of every kind. Love It, use It, call It into Action, and may the Mighty, Mighty Melodies within that Color of Light sound throughout the atmosphere of Earth and redeem more quickly the substance and energy which are qualified with human discord.

The Great Cosmic Pink Ray from the Heart of the Great Central Sun is the Forgiving, Dissolving, Healing, Manifesting Power and Authority of the Love of All Creation. It is not by accident that the color of the dawn and the colors of the sunset are gold and pink principally. There is a Great Cosmic Reason for that, because the vibratory action of the Sun's first Blessing to the Earth in the morning is that of Love, Peace, Forgiveness and Happiness to all Life, and Its last Blessing at night is the same thing. It leaves the ground, the people and the atmosphere clothed in the vibratory action of Love, Peace,

Forgiveness and Blessing to all Life. So should each of you be a Sun of that same Blessing to the world around you. The Beings of the Elements need It; the mankind around you need It. The atmosphere of the Earth is entitled to It! The ground under your feet should be blest by It, and I shall try to remind you more often in the future of Its Marvelous Power and Its Cosmic Authority.

The Pink Ray is a very wonderful Manifestation of Life. There is no depression within the clean, clear Pink Colors and Vibratory Action of the energy, even of this world. So long as it is not a murky, dirty shade of Pink, it is all constructive, whether it be a Pink with a Yellow touch in it, or Pink with a Blue touch forming the orchid, it does not make any difference which it is. It is, oh, such a Blessing to all mankind, and It brings such ease into the emotional body. It is truly the soothing Hand of God's Love to the nerves of the body. Oh, use It, My Beloved Ones, and I shall remind you of It often, for the world needs more and more and more of It.

I wonder if you can realize how great would be the Happiness, the Beauty, the Perfection and the Victory of Life, if the world were the color of Pink and Gold. If everything on this surface of the Earth were those two shades, you could not have any human creation. Therefore, Its Power is very Great, and Life has provided It to be the Great River of Its Cosmic Love to do what only Love can do to bless and beautify, purify and harmonize, heal and illumine, prosper and to set Free from all human qualities all that passes this way on Earth.

I have functioned under the Pink Ray for a long time and "I AM" so grateful to Life that "I AM" Privileged to use It everywhere. May I reveal the Fullness of Its Blessings to you, let you hear the Sound of Its Glorious Music and make you feel Its Healing Flame dissolve the distress, struggle and strain that human discord has imposed upon you. Live in the Glory of the Cosmic Pink Ray from the Great Central Sun! Feel Its Glorious Presence enfolding

you! Ask your "Presence" to intensify Its Own Pink Ray in and around you and rest within God's Heart to the enjoyment of Life and Perfection and the Divine Plan Fulfilled.

Meriting the release of all the Mastery and Power of your Beings and the Powers from Our Octave of Life can be conferred upon you easily, when your Momentum of the Qualities of the Pink Ray reach a certain point. When your Momentum of that Pink Ray reaches a certain Intensity, it is a signal to Us that you have drawn forth the Cosmic Flame of Cosmic Love to the place where We can clothe you in many Powers to use in the octave of the physical world while yet unascended, which might take you years to draw forth of your own effort without Our Assistance.

I do not know why anyone should not love the Pink Ray. It is the Heart of Love Itself; and therefore, in the initiation through which the Earth is passing, Love alone is the Redeeming Power. If you have enough of that Wisdom and Power acting within It, It will hold the Balance against all forces of destruction, but that Love must first of all go to your "Presence" and the Ascended Masters' Octave, and then to the Perfection of the Divine Plan for all Life wherever you move without any reservations, without any opinions. Just flood It forth and give as the Sun gives to all alike!

It is the Open Door to everything your Hearts desire and It is the Magic Key to the Solution of all problems, but mankind does not discipline itself. When something displeases, go off and be determined to flood the Cosmic Flame of Cosmic Love in its place, and thereby maintain your own Harmony and help the other person or the other condition to raise into the Harmony also. Without Harmony, My Dear Ones, you have not much which is worth living for. In fact you have nothing which is worth living for, if you do not have Harmony, and you cannot have Harmony without the Pink Ray!

Maybe you think “I AM” a Champion for My Own Ray! “I AM!” (*Applause—audience rising*) Thank you, Precious Ones! I offer That to the Angels of the Pink Ray tonight, for They are entitled to It. Since It is coming from the octave of Earth, “I AM” quite certain you shall feel in return Their Blessing which will greatly delight you, for whatever They receive from the octave of Earth is balanced back by Love from Their Octave and will remain with you forever. Thank you, and won’t you be seated?

May I remind you also the Golden Ray of Creation has within It a breath of Pink, and the Pink Ray has within It a breath of Gold; and that is Love and Peace, God’s Own Heart pouring Its Blessings to all manifestation and ready to redeem everything which has been the unfortunate creation of mankind. It is the Forgiving Love of Divinity Itself, and mankind must have It to forgive the human. It is the quickest, easiest way to maintain your Harmony without interruption, and through It you may have all the Powers of your “Presence” and the Ascended Masters to use in the outer physical octave to fulfill your Hearts’ desires and move forward in the Victory of Light and Love Supreme.

This is what the Mighty Jesus meant and referred to when He said the One Statement He used for three years which gave Him the most assistance: “ ‘I AM’ THAT PURE DIVINE LOVE THAT TRANSCENDS EVERY HUMAN CONCEPT!” That is the Pink and Golden Ray. May you feel It penetrate your bodies tonight, illumine your minds, clothe you in Its Substance, be the Pathway on which you walk and reach Its Great Loving Arms out to enfold your Loved Ones and all who are weary tonight in the outer world! We clothe them in Its Happiness and draw the children of Earth, the mankind of Earth back again into God’s Heart of Love, Peace and Perfection Supreme.

The world is starving for the Pink and Gold Ray. BE, My Loved Ones, the Great Legions of My Love! Carry It to the end of the Earth! Flood It forth everywhere and help

Me draw mankind's attention up to the "Presence" and the Ascended Masters' Octave, until the human creation can be seized, bound and withdrawn from them, so they may never again look upon the shadows.

One day, Oh! Beloved Ones, shall you see the Seven Fold Pink Flame in such Majesty, such Glory and such Power as human eyes have never beheld on this Earth before. It will be My Privilege to show you that Seven Fold Flame and with the Seven Mighty Elohim release Its permanent Action into the physical octave, so all who come in the future may abide within It and go forward to the Attainment of their Victory, never again knowing discord on this Planet, for when That comes forth those who follow after will attain their Victory without human discord.

I await that Cosmic Hour with Love, Devotion and Gratitude to the Pink Flame, until It arrives and takes Its Dominion in the Hearts, minds and feelings of mankind, to close the door for Eternity upon the shadows of human distress. May you be with Me when that Hour and Manifestation come forth to enfold the Earth for all time in the future. Then there will be no more tears. Then there will be no more disease on this Earth! Then will there be no more suffering and limitations; and mankind, passing this way, embodying on this Planet, will move forward the Conscious Application of the Law and gain their Ascension as God intends through the Happiness of Love Supreme.

I clothe you in My Mantle tonight of this Glorious, Glorious Flame of Pink and Gold, with a breath of Gold to give you Peace, Ease, Healing and Supply. May My Garment of that Flame cover the Earth and enfold My Beloved Ones everywhere, Our Beloved Donald, all the younger generation and all in the National Defense tonight. May they wear My Mantle of Pink and Golden Flame to give them Peace, Purity and Love until the moment of their Ascension; and when you will draw It forth powerfully enough, you will see arms and limbs restored, eyes that see

again, ears that hear the Music from Our Octave, and the Treasure House of My Temple of Light shall flood the Earth to bless again all upon this Planet! Until that Hour strikes, let us go on, and may you feel My Outpouring so intensely you never again experience discord of any kind.

Let us give this Assistance to Beloved Saint Germain! He is so entitled to It, and after all, only Our Love can set you Free! Let us go forward an Ocean of Its Flame and take mankind with us into the Light of God's Heart and the Perfection of the Divine Plan Fulfilled, producing the Beauty of Manifestation which is God's Sun of the Light and the Love from the Heart of Creation expanding for Eternity.

My Flame of Cosmic Love and Healing Power, My Forgiveness and My Peace shall abide with you and be My Mantle of Protection to you all from this night on. May you feel It and give It to others without reservation!

I thank you, Beloved of the Light, for this Privilege tonight and for your attention. I shall repay you with My Heart's Love for Eternity. I thank you and bless you and love you with All My Heart forever!

Good night.

REMINDER!

BELOVED LADY MASTER NADA – CD 1283

“Each one who has been blest by the Mighty Saint Germain through the Knowledge He has given is honor bound by the Law of Life to be a Guardian of the Trust Life has given when It has poured forth the Trust of the Cosmic Love and Radiation of Love, Purity and Power from the Ascended Masters by which the individual may attain his Ascension and be the channel to carry This Light to help others be Free in the Ascension also.”
