

BELOVED MIGHTY ARCTURUS

CHICAGO, ILLINOIS

JULY 15, 1945

BELOVED ONES, as I come through the atmosphere of Earth tonight to bring you a Blessing which I think you will feel tangibly forever, I want to thank you for the Peace and the Love in your minds and feelings this night.

Beautiful is the Radiance about you. Wonderful has been the Harmony of this day, and "I AM" Grateful because It enables Me to render a Service tonight which We have long wanted to intensify in and through each "I AM" Student, that you might all have greater Freedom and the greater Release of the Powers of your own Life Streams.

I come to bring the Expanding Power and to intensify the Radiance in each human Heart and to so expand the Unfed Flame within each one that It passes through the Flame at the throat, and reaching up into the Seven Fold Flame in the forehead, more readily releases the consciousness of all concepts which have been an obstruction in your Life Streams. That will make it very much easier for you to comprehend more quickly the Great Inner Light and the Great Truths within the Words which We have spoken in this "I AM" Activity for the Freedom of yourselves and the rest of the Earth.

In blending, raising and expanding the Unfed Flame in the Heart up through the brain structure, It must necessarily pass through the throat, the Power Center, wherein abides the Blue Flame which is a Focus of Power and Energy which enables you to have physical speech to produce physical sound. Beloved Ones, therein has come the obstruction between the natural Love and Balance within the Heart and the faculties of the mind which have come forth, mark you, from the Seven Mighty Elohim.

Endowed as mankind is with the Individual Flames from each One of the Seven Mighty Elohim and the power

to use those Faculties in the outer activities of your lives, the interference with the natural Perfection, which automatically radiates through the Flame from the Seven Mighty Elohim, has been because of mankind's speech. If there had never gone forth through the throat center or the Power Center of the individual any sounds or words which did not contain the Wisdom, the Love and the Blessing of Balance from the Seven Fold Flame in the forehead, there would never have been a division between the Light which comes forth from the Unfed Flame in the Heart and the Seven Fold Flame in the forehead.

The Light between would have been like a dazzling searchlight, and the Pulsation from the Unfed Flame in the Heart would have rhythmically joined That which comes forth from the "Presence," from the Seven Fold Flame in the forehead; and as That kept Its rhythmic connection, there would never have been a discordant creation upon the Earth except for mankind's discordantly spoken word.

Therefore, in coming to you tonight and bringing you the Enfolding Flame of My Heart's Love, it is that I might intensify your Power of Self-Control, the Power of Ease within you to absolutely forbid any uncontrolled impulse to ever go forth through your feeling world again. In doing that, if you will make conscious effort to control the spoken word and watch that you do not speak impulsively, We will enable you to check a great deal of conversation which but gives you another obstruction to overcome. We would like so much to clear the shadows which go forth on the spoken word.

Beloved Ones, if you were able to recall the energy which has gone forth in spoken word which did not produce Perfection for you, you would really dissolve your problems almost overnight, because your problems and your limitations, whether they be in your flesh forms or whether they be in your affairs, are but the condensation of the energy which went forth in your thought, feeling and spoken word in the past.

Now then, since We are here to help you blend those Three Flames and to keep conscious guard over your thought, feeling and speech, it is that there may come a rhythmic Pulsation of the Release of greater Mastery and greater Power through the Use of the Sacred Fire as It surges through the entire upper part of the body, enfolding you to just below the Heart. When We can blend these Three Flames within an individual, as you observe on the Chart, the upper part of the body becomes clothed, as it were, with a Sun; and then it is so much easier to govern anything of the feeling world, because the True Concept which comes as a Flash of Light through the brain, and the True Feeling of Kindness and Blessing which comes within the Unfed Flame in the Heart, meet and become a check upon the spoken word. Unless that spoken word carries forth its Blessing of Perfection, you will withhold it much more easily in the future than you have in the past, and this is necessary for many things which you wish to draw into outer manifestation.

Great Beings of Light stand ready to fulfill many of your Calls through which you have given your Life's Energy to produce conditions in the outer world which will bless all mankind.

There must come forth the Blending of these Three Flames in any individual who wishes to go forth and do either phenomenal Healing or use Precipitation in Its wider Activity, or to become the Peace Commanding Presence to the rest of Life wherever you move. Unless you have this Great Sun of the Cosmic Flame of Cosmic Peace enfolding the upper part of the body and you have absolute control of the spoken word, you cannot give Peace if It is not within. When these Three Flames blend within you, it is not difficult to hold Peace in the feelings. The intellect knows the reason why. The Heart pours the Love which stills the discord and the control of the speech enables you to withhold any comment which does not produce the Peace that you wish to bring forth.

Therefore, it is necessary that I come tonight and give the Radiance to enable each of you to draw forth the greatly increased Power in your Decrees and in your outer world's daily activities which will produce many more Miracles of Perfection for you.

The Blue Flame which comes forth at the throat center is the Flame of Power; and that means the storage tank, so to speak, is at the medulla which is at the base of the brain where the Light Substance accumulates as It flows from the "Presence." That forms the pressure of energy which enables your vocal chords to be used with ease.

Now when these Three Flames are blended, you have the direct Pulsation from the Heart, from the base of the brain and from the pineal gland out through the center between the eyes. It releases the Activity of the All-Seeing-Eye of God; and when these Three Flames breathe as One, just like that (*motion of hand*), the Light comes through and They all release at the same time. You will find, Oh my, so much greater ease within your own emotional bodies. You will feel as if you had come home to rest and to hold the Peace which enables you to bless everybody and everything without any sense of struggle.

At a certain point on the Path, This must be accomplished before the Greater Powers of your Life Streams can come into your daily use for the Blessing of yourselves, your Loved Ones and others with whom you come in contact.

We wish each of you to become the Peace producing "Presence" which heals all instantly. The need of the outer world is the Healing from the Sacred Fire. Beloved Ones, for those of you for whom this is possible to call forth such intense Activity of the Blending of the Flame in the Heart, the throat and the head, you will find that as those come near you from the outer world who require your blessing and your assistance, the very Harmony within those Three Flames will go forth and penetrate the

substance in, through and around them like sunshine. It becomes for them the Encouragement, the Peace and the Power which enable them to make greater effort toward constructive accomplishment, and to release the distress in their mental and feeling world under which so many are struggling.

I have come to bring this Blending of these Flames within yourselves, because there is an Assistance which the Mighty Mercury wishes to give before long, that will help to bring forth the Healing Flame to restore the minds of those of the outer world to normality where the shock has thrown them out of mental balance. *

The Mighty Mercury governs the Activity of the Mind, I mean to all mankind. Do not misunderstand Me, your own "Mighty I AM Presence" is always Authority over your outer mental faculties and so are the Seven Mighty Elohim, but the Mighty Being Mercury renders tremendous Service to mankind through the Love which He pours to the mental bodies of the mass of the people. Because no mass illumination comes quickly to all mankind without the Cosmic Wave of His Mighty Flame surging through them to clear away the obstruction and substance which have accumulated and thrown the mental and feeling world out of balance.

When He renders that Service in the expanding Power of His Love, it will be as if mankind were awakening from a nightmare, which truly they are, because more and more will mankind awaken to the Truth of This Law and they will wonder that they have heard of It so long and did not accept Its Blessing and Its Activity sooner.

So you, who are the Open Door for this greater Help to come to mankind, need to consciously be aware of the Blending of the Flame in the Heart, the Flame in the throat and the Seven Fold Flame in the forehead. That is

** Beloved Mercury's Discourse published in March, 1973, "Voice of the 'I AM.' "*

why in your Love and Gratitude to your “Presence,” as you raise your eyes and pour your Love to your “Presence” when you are alone in a secluded place, there is an automatic drawing up of your Life Stream to that “Presence.”

Now then, whenever you turn your attention to your “Presence” and send It your Love, you can feel the Unfed Flame in the Heart pass up through the throat and the Seven Fold Flame in the forehead and up into that Electronic Body. You will find a very rapid Raising Process begin to take place within you, and you will find great Illumination coming to bless you and make you very happy.

This is One of the Activities of Beloved Jesus’ Statement — “ ‘I AM’ THE RESURRECTION AND THE LIFE!” The Resurrection is the Raising or Expansion of that Permanent Atom of the Unfed Flame within the Heart. As It joins the Life of the Seven Mighty Elohim in the Seven Fold Flame in the forehead and That is raised or blended with your Higher Mental Body and your “Mighty I AM Presence,” you will find an Upliftment coming into your entire emotional bodies which will be just like something took you away from that which had been holding you down.

Now do not do This for hours. Whenever you think of It, just send your Love and Gratitude, for a moment, to your own “Blessed Presence” and remember that the Love in your Heart through the Three Fold Flame as It expands and passes through, joins the Flame at the throat and again joins the Seven Fold Flame in the forehead. It becomes like an expanding flower or plant which is simply growing up to the Sunshine of the “Presence” and reaching for more Light to make it grow more beautifully the next day.

As you take this gentle expansion as you go to sleep at night, just go out of the body, after you have given your Decrees, with, Oh, just that childlike Love and Gratitude which raises all into the Arms of the “Presence.” So as you

go forth in the Higher Mental Body, you will find as you stand out with that Conscious Awareness of those Three Flames becoming ONE, you will have a sense of Mastery out of the body which will be an enfolding Presence to you. Then from that standpoint you may turn and pour Its Blessings back upon the body to heal it; or you may go on to the Upper Octave of Light and to the Ascended Masters to render that service which you are giving out of the body together. Many times, you serve together, many times alone; but notice, Beloved Ones, how gracious has been Life in Its provision of more Powerful Centers of the Light from which you may draw at any moment any Special Assistance which you require.

Within every Ascended Masters' Retreat throughout the World there is some Focus of a Special Activity which has been drawn forth and intensified and expanded for centuries; because the Ascended Masters' Retreats have been established throughout the World ever since mankind first began to turn from the Light. From the beginning of the Planet, some of those Great Focuses of Light have been maintained as Centers of Activity of the Sacred Fire.

As you consciously command that the Unfed Flame in your Heart, the Flame in the throat and the Seven Fold Flame in the forehead become ONE and go forth to any One of the Ascended Masters' Retreats or the Etheric Cities, to carry the Love and Blessing of your Life Stream, first of all to those Retreats or Etheric Cities, then will Life, because you come in Love, provide the Open Door for you to receive what Blessings those Places have to give. But the only passport into the Blessings which have been There so long, and the only way you may be clothed in Their Power, is to pour forth the Recognition of the Sacred Fire of your own Life Stream; and in Its Authority of Love and Blessings to the Greater Light in Those Places, will you be received and given assistance which only They can give.

We have watched mankind when reaching to the Light, some with very great intensity, some with perhaps more

curiosity than intensity, so long to go to the Ascended Masters' Retreats. Some have set out on long weary journeys to attain that, not knowing that the Power of the Sacred Fire within each Life Stream is the Open Door to the Release of the Cosmic Love which is your qualification of admission. Only when mankind's Love becomes great enough do they become a Part of that Love which is greater than themselves. That is why you might have everything on this Planet, but if you have not that great Forgiving Love which gives Freedom because it is Love, you cannot have certain Blessings which Life is waiting to bestow through many channels in the physical world.

The same thing is true in going to the Etheric Cities. Oh Blessed Ones, make your Calls to go out on that Sacred Fire and ask to go to the Golden City over the Sahara Desert and receive of Its Marvelous Love and Blessings and see what you bring back into the body in the morning upon your return.

Take your stand: "THROUGH THE UNFED FLAME IN MY HEART, THE UNFED FLAME IN MY THROAT AND THE SEVEN FOLD FLAME IN MY FOREHEAD, I COME TO BRING THE LOVE AND THE BLESSING OF MY LIFE STREAM TO THE GOLDEN CITY, TO THOSE WHO HAVE BLESSED MANKIND SO LONG! MAY I BE OF SERVICE?" Then let Us see what you will remember and what you will feel as you make that Call.

When you go forth from the body at night with your Conscious Devotion sent to Beloved Sanat Kumara to go to Shamballa and give your Love, Gratitude and Blessings to Him and Those Blessed Ones from Venus, I believe I will not need to describe the Joy in His Heart and the Gift which will be yours upon your acceptance.

These Great Beings for so long have given Their Love, Blessing and Help to mankind. Oh My Dear Ones, when you leave the body in that Blending of the Three Flames to go forth and offer the Love of your Life Streams to those Mighty Centers of Greater Power, Light and Love than

your own, then truly, is every door opened to Those Who come to give Their Love and Their Light to help mankind.

You have been told that there is no barrier to Pure Divine Love anywhere in this Universe. I say to you when the Unfed Flame in your own Heart and the Power Flame in your throat will no longer speak words that do not bless Life, or words which do not command the Fulfillment of the Divine Plan and the Seven Fold Flame from the Life Streams of the Seven Mighty Elohim focused within your forehead, when you go forth on that Three Fold Action of the Sacred Fire and bear Love to the rest of Creation and bring Blessings which raise all into Greater Perfection, there is no barrier to that Love which you offer.

But watch out in your feelings that there is no subtle feeling that, — “I will go to give my Love and see what I get There.” That will not do! Just leave that with the Cosmic Law. Give the Flame of Love from your Heart to those Great Focuses of the Fire Element and let the results in your own feeling and world be Proof to you that Those Who are There have perfectly good hearing and very great Love and come back to you infinitely Greater in Their Outpouring than that which you bring.

“I AM” not speaking in riddles tonight, but “I AM” leaving something for you to comprehend and ask your “Presence” to illumine to you. “I AM” offering you many open doors tonight, because many of you are reaching very intensely to the Light. As these Flames become blended and you govern all sudden impulses in speech, feeling and thought, you will feel a Mastery and a Devotion within you for the Fire Element which makes you know It is the Master Presence of Eternity!

When your own “Beloved Mighty I AM Presence,” through the Higher Mental Body and through the flesh form, has poured forth Its Life to you for so long, and It is constantly pouring It through and has endowed you with Its Own Faculties, and the Seven Mighty Elohim have added Their Flames to the Fire Element of your own Life

Stream, I wish you to understand that this Inner Recognition and Use of the Sacred Fire becomes for you a Scepter of Power. This produces Instantaneous Action as you hold your feelings harmonized without interruption and use the Authority of the Flame of your own Life Stream to go forth and bless every Focus of Life's Activity of the Sacred Fire which has blessed the Earth for so long.

You might wonder what you can give to an Ascended Master or Cosmic Being which would be of use to Their Octave. I might say to you, when you come in Love and bring the Blessing of the Sacred Fire, you have given Life's Greatest Gift and They understand thoroughly that when your motive is to come to give the Love and Blessing of your Life Stream, then the Power which They release to the rest of mankind can be greater, because another Life Stream is looking high into the Light and is offering Its Life like a Magnet to draw the rest of mankind out of the shadows and into the Light of Eternal Freedom.

I wish you to feel deeply tonight that the moment you ask your "Presence," your "Mighty I AM Presence" and the Ascended Host, to charge through your body any Special Activity of the Sacred Fire, One of the Seven Mighty Elohim will answer you instantly, as well as the Assisting Master to whom you call. Because They are the Authority of the Fire Element through the Seven Fold Flame, and the Unfed Flame within your Heart is the balance through the Fire Element of those Qualities which you desire to bring forth.

Therefore, when you ask for the Healing Flame to go through your hands, your own "Presence," the Seven Mighty Elohim, the Mighty Helios and the various Ascended Masters Who are governing that Activity to this Earth, hear your Call instantly and each One adds a Flame of Their Love charged with the Healing Power to enfold That which your own "Presence" releases.

You may have those Healing Flames through your hands, through your eyes, through your speech, through

your Heart, through your mind and through the very radiation of your own feeling world. Your very radiation can be charged with the Great Cosmic Healing Flame of Cosmic Love Supreme.

Then, Beloved Ones, like many of those who have healed through the centuries, your feeling world extends far beyond what ordinarily is considered your emotional body. The substance of the emotional body does not extend farther than about three feet radius on each side, but when you begin to call forth this Great Cosmic Healing Flame of Cosmic Love and World-Engulfing Peace, and charge It each day as God's Miracle Manifesting Flame of Instantaneous Healing and Peace, you by conscious charging each day can intensify That to any radius you desire. You could have It for fifty or an hundred feet around your physical body if you kept on charging That. Then, My Dear Ones, an individual who has a tremendous Momentum of that Energy and that Qualification around the physical form does not need to speak any words really, except those which bless and acknowledge the Perfection of the "Presence" and command in the Authority of that Perfection the release of Its Victory.

As you hold Harmony without interruption in your emotional body, then charge whatever Action of the Sacred Fire you will, in whatever capacity you desire to bring It forth, then just charge It each day more and more and more and build It about you into a Momentum which automatically acts just as easy as breathing. When you begin to intensify That around yourselves, It becomes a Powerhouse for you. You may qualify It with the Sacred Fire of Cosmic Wisdom, of Cosmic Illumination, of Instantaneous Healing Flame of the "I AM" Miracle Music of the Spheres, as the Power of Precipitation, or whatever you choose.

Let Me warn you, do not just charge that with Power, even though that Power be from Our Octave of Life, and even though It be the Action of the Sacred Fire, still I say

to you, if you just draw Power you will not hold the balance in your feeling world, because Power must be balanced by Love and Wisdom; and if you notice, I say Love first. But there is no other quality which you desire that you may not intensify without any limit through the Action of the Sacred Fire to concentrate Its Activity in and around your physical forms until you become so radiant with the “Mighty I AM Presence” that those coming near you will automatically sense that which is in your own feeling world. If you maintain the Peace and the Harmony permanently, and the Love and Blessing to all Life with the Command to fulfill the Divine Plan, you can move forward with one Mighty Accomplishment after another which pours forth Its Blessing, and you will be amazed at the speed with which your Desires will be fulfilled. Then there is no struggle, but if you want That and it is your outer personal self drawing that Power around you, you will not go very far with your manifestation.

In drawing forth any of these Activities about you, know always that it is the Action of the Unfed Flame in your Heart, your throat and your forehead. From your “Presence,” at all times, flows the Cosmic Flame of Love Supreme which blesses everything It touches with that Sacred Fire of the Ascended Masters’ Octave, if you so command It.

We would be so grateful if in calling forth these Activities of the Sacred Fire, you intensify besides your Use of the Violet Consuming Flame, the Spiral Blue Flame, your Cosmic Blue Lightning, Flame, Substance and Miracles of Cosmic Purity. Charge, charge and charge It into the ground under your feet with the Command that it becomes Sacred Ground. Because then you have commanded the Cosmic Purity of the Sacred Fire to surge into it and to possess it and raise it into Perfection as God intends. In that Way you may charge everything you contact, or when you bless it, with the Sacred Fire of Cosmic Love, Wisdom and Power; and you may bless all substance into the

Perfection of the Divine Plan Fulfilled.

In the Blending of the Unfed Flame from the Heart through the throat and into the forehead, that becomes for you, Beloved Ones, like the Magnet to which Beloved Jesus referred that with your attention to your “Presence” and the Command for those Three Flames to become One, you become the Magnet which draws the rest of the energy and the substance of your world up into the Perfection of your Higher Mental Bodies.

You may do that a long time before your Ascension is completed. It does not mean that just because you begin to turn your attention There and you begin to draw the substance and energy of the outer self up into the Direction of the Higher Mental Body and “Presence,” it does not mean that you are going to have your Ascension immediately. You are not going to sprout wings and fly the next moment. But it does mean you form a Magnetic Pull of the energy and substance around you, and you draw that out of destructive conditions and raise it into the Action of the Sacred Fire wherein your Higher Mental Body takes Command and governs That and uses It to bring about the Victory of fulfilling the Divine Plan.

Now remember, you have been told repeatedly, what your attention is upon you become. Well, if your attention is upon the Blending of the Three Flames within you and the offering of That into the Control of your Higher Mental Body and the Ascended Host, then just as the Surge goes forth, Oh, once an hour, you do not have to sit somewhere and do it, but in the midst of anything, you can call forth or **COMMAND THE FLAME IN YOUR HEART TO GO FORTH THROUGH YOUR THROAT AND THE SEVEN FOLD FLAME IN THE FOREHEAD AND CARRY YOUR LOVE AND GRATITUDE TO YOUR “PRESENCE”!** If once an hour there is just a Surge of that Love and Blessing going to your “Presence” and then to the Ascended Host, it enables a Rhythmic, Expanding, Raising Action to go forth ever so often and

keep pouring back there the energy of the outer self. Each time you do That, the “Presence” will release in Its place still greater Blessings, Power and Perfection.

Your attention must be upon a thing, Beloved Ones, if you are to have Its Blessing and Action. If you do not give attention to these Three Flames, how can it ever come about? They were ONE in the first Two Golden Ages, but the spoken word of discord began to cause the cloud to come between. Now that must be dissolved and consumed by control of the spoken word and the expansion within of the Love to your “Presence”; and the Seven Mighty Elohim unite again that One Flame. Then the upper part of the body would begin to glow with more and more and more Light.

These Actions, which We are speaking of in blending these Three Flames so the Higher Mental Body has complete Dominion at all times, bring about a steady Raising, Expanding Action from your “Presence”; for while you send It up, the “Presence” will take It and blend It. But also, the “Presence” will expand the next wave of energy which comes through the Heart with Its Greater Blessing. That is, as you give back to the “Presence,” each time the “Presence” gives you more of Its Life. It will give you more of Its Powers and Its Ability to manifest more of Its Perfection in the outer.

Oh Beloved Ones, call to your “Presence” and the Ascended Host to illumine to you the Full Power which is within the Sacred Fire and the Unfed Flame in your own Hearts, because that Unfed Flame must be very Powerful if It compels the muscles of the Heart to beat, if It compels the energy to flow through the nerves, then It must be very Powerful, even though it seems very tiny to your physical sight. While that seems about a spark or a tiny Flame, so far as your physical senses are concerned, yet when with One Command from Us, It can burst into a Flame which enfolds the whole upper part of the body. It must contain within Itself tremendous potential Power.

I want you to feel how great is the Power of the Unfed Flame in your own Heart. You know Fun Wey's Experiment in calling forth the Light from within His Own Heart until It came through His clothing. There are certain Activities of certain Life Streams who have chosen to always be the Outpouring of that Light from the Heart in a manner that none can deny. That is One of Mighty Lanto's Decisions of His Life Stream that once He drew the Light from within the Heart through the flesh, never again would He allow It to be shut off; and all through the centuries He wears a Light. That Light comes through His clothing from His Heart and abides there like a Living Sun. He commanded It and It has obeyed Him!

I know those things seem phenomenal to you, yet could you see the Light from within your own brain structure, could you see the difference in the amount of Light in the brain structure of the Student Body and that of the mass of mankind — the ordinary human Being in the outer world — would you know how very Real is that Light in your own Life Stream. You can command It to come through any part of your flesh. It comes through your eyes, does it not? Is there not Light in the eye? Most assuredly. Well, if It can get through the atomic structure of the eye It could come through the atomic structure of any other part of the body; but mankind has paid no attention to these things. They have given no time nor attention to the Light, nor accepted It, nor expanded It, nor loved It, nor blessed It, nor asked It to come through and reveal Itself to the rest of the World.

Mankind, century after century, has kept the attention on the things of the outer world and they have been here today and gone tomorrow and mankind goes madly on seeking again temporary sensation, when the Light abiding within is waiting to perform all things for them according to the Divine Plan.

Oh, if some of you were to concentrate on This, the calling forth of the Light in the Heart through the flesh

and through the clothing, you would create a terrific furor in the outer world. You must decide when you bring It forth whether you wish to be able to shut It off again or that you do not care — rather you do care — and like Beloved Lanto, you determine to have It permanently. It is a matter for you to decide whether you let your “Presence” be revealed always, or whether the opinions of the outer world are too troublesome to be concerned with. Each Life Stream must decide for itself.

Do you remember your Blessed Saint Germain in the “I AM” Discourses saying to you to talk to the appearance which you see in the mirror and command your eyes to blaze with the Fire and Beauty of the “Mighty I AM Presence”? You can do the same thing, My Beloved Ones. Just decide what you want to do in regard to the Light from your “Presence” coming through your flesh and let Us know and We will help you; but the Blending of this Flame in the Heart and the Flame in the throat and the Flames in the forehead must take place before some of these outer Manifestations, which will come, will be permitted to express through you. Because when They come this time, mankind will never lose Them again! Because They will become as natural to each other as the things you do every day. Mankind must accept something above that which it is involved in today.

Tonight, as you have sat here, has My Enfolding Love like a Magnet been drawing the Unfed Flame within each of you in a wider Expansion and Its Rays of Light are passing through the center in the throat and in the forehead. Give It recognition and acceptance and command It to release Its Greatest Power in, through and around you for the Fulfillment of the Divine Plan which blesses mankind in the most powerful way.

This is needed, My Precious Ones, for the blessing of your Nation, because as you become the Embodiment of that Peace Commanding Presence and the Sacred Fire gives Its Love to the “Presence” to be expanded again for the

Freedom of your fellow man, will you feel the Authority and Power of your Life Stream, by that very Presence, bring about the Perfection which you have so long desired and which will release to those around you the Blessings you so much want to give.

When these Three Flames blend, My Dear Ones, "I AM" sure you do not yet comprehend that the various Powers which you want to draw forth then from your "Presence" or from Our Octave at your Call have a wide Open Door through which they may flow and act through you with greater Intensity, greater Speed and greater Blessing to all.

When that Flame is recognized as blending between the Heart and the head, Beloved Ones, you won't make any more mistakes. That is why We wish you to acknowledge It, because then will the Light from the "Presence" be flooding without interruption and you will move forward experimenting, as it were, with One Power after another which will give you great Joy in releasing It into outer action. Then can We say to the rest of mankind: "Behold! these who have applied the Law. You may become as these, endowed with the Greater Powers which prevent any more struggle or discord."

You must become the Living Example of This Law to mankind, Beloved Ones; and We want so much to clothe you in every Action of the Sacred Fire which will enable It to come about quickly, happily and victoriously at your Conscious Command.

It is My Responsibility to help each one of your Life Streams blend the Flame in the Heart with the Flames in the throat and the head. "I AM" privileged to answer your Calls whenever your Heart directs Me.

Beloved Ones, all these Activities within the individual come about through the Enfolding Love of some Ascended Master or Cosmic Being. Therefore, tonight, I offer you the Love of My Life Stream to render this Service for you that your limitations may drop away. In awakening to the Full

Perfection of what is within the Light of your “Presence” and receiving what is within the Seven Fold Flame – each Flame from One of the Elohim anchored in the brain structure of your own bodies – you may receive into outer action, at any time, That for which you call; and you move forward, Oh, so much freer in the things you do in the world around you.

The Blending of the Heart and the head means the closing of the door to all mistakes in the future, and it is well worth contemplating to shut the door against any further reaction of human discord. That cannot come about until the control of the spoken word and the feeling have come to a certain point, and then We can blend the rest quickly.

Many of you are nearing this point. Tonight, I have come to enfold you in That Sacred Fire of My Love to bring This about in Its Completion as soon as possible, so you may have the Greater Powers of your own Life Streams in daily use with such Joy you give that Joy to everyone else and the Fulfillment of the Divine Plan becomes One Great Glory of Existence and the Majesty and Power of the Sacred Fire to set you Free.

I have much to do with the Blending of the Flame in the Heart of America so It may expand and hold the balance of that Power of Love to set the Nation into Divine Order once again, to fulfill the Divine Plan and let Beloved Saint Germain’s Gift of His Freedom to the Earth become the Authority which holds Divine Order for the people and gives them the confidence to look again to God. This time in the acceptance of the “Mighty I AM Presence,” enter into the Heart of that Flame which is His Freedom to the Earth forever.

Long has He loved America! Constantly does He pour out His Gratitude to you all and now may I help Him and help those of His Family to release the Greater Powers which more quickly bless your Nation and release the Light which brings the Permanent Golden Age to your shores and

floods your “Cup of Light” with the Greatest Glory and Perfection of any Nation which has ever been thus far upon the Earth.

This night, My Service to you has expanded throughout the Nation and shall go on to bless the Americas; and as America’s Light expands, It must bless the Earth until Beloved Saint Germain’s Cosmic Freedom is drawn once again into the Heart of Light and Its Glory stands to command the Full Perfection which Life intends to bless all mankind who are to follow and point everyone to that Glorious “Presence” and the Ascended Host.

This night, may the Angelic Host Who guard your Nation become so Real to you and abide so closely with you in the future until that Flame becomes one Great Surge of Power and Freedom! May They stand and guard you and intensify Its Action each day until you feel the Fullness of your Freedom, and your Victory takes Its Dominion everywhere you move as natural as breathing.

As One of the Seven Mighty Elohim, the Flame of Love from my Heart is anchored in the forehead of every human Being. Therefore, because you are the Expansion of a Part of Myself, I stand ready to clear your mental concepts and give you the Explanation of the Blending of these Three Flames until you feel within yourselves the Freedom which They bring, and you move forward to bless without limit for Eternity all who cross your pathway and the limitations of the past are gone and forgotten forever.

My Joy shall know no bounds the day I see that Light burst through your garments and a Blazing Golden Sun enfold you. Then I know the Future is yours in the Freedom of your “Presence” and the Ascended Host.

Thank you for the Privilege, Beloved Ones, of this night; and if you will remember the place where My Light touched the Earth out here in Grant Park, where the Flame, the Light and the Bells sounded in 1933, that is the Anchorage of My Heart’s Love and My Flame and My Life for the Freedom of Chicago and the World. (*Applause,*

audience rising)

Thank you, Precious Ones. I accept that and I ask you tonight, will you let that Three Fold Action within your own Life Streams, within your bodies now release through you the Flame of Light and the Song of Freedom by that Mighty Love which I bear, which I offer you, until It pours forth to all without limit; and in that offer may you stand clothed in My Love to bring Beloved Saint Germain's Freedom, His Light, His Love and His Victory everywhere.

You are held within that Three Fold Action. Let the Bells of Freedom sing through you their Song of Life's Victory to America and the World. I thank you for this night, won't you be seated?

Remember, "I AM" Part of your Life Stream and, therefore, your slightest Call to Me is known instantly; and I shall come back to you with everything for which you call. I thank you for this night and the Privilege of once again pouring into this city That which continues to expand the Light until We have accomplished the Victory, and the shadows begin to recede and dissolve for Eternity.

May My Love enfold this Nation and the Earth and speak through the brain and Heart of every human Being the Truth which I have told you tonight, and Its Full Illumination bring to you the Peace, the Balance and the Perfection of God's Heart forever.

Thank you, Beloved Ones, for this night.
