

BELOVED DADDY'S DISCOURSE

CHICAGO, ILLINOIS

APRIL 22, 1945

AFTERNOON

BELOVED, BELOVED, BELOVED ONES OF THE LIGHT; Dear Hearts of the Light; Friends and Defenders; and Bearers of the Light throughout all centuries to come, I bring you Love and Greetings from the Host on High. I bring you Love and Gratitude for your blessed Service to the Light, your Love and your Loyalty to the Light and the Messenger. I bring you Love and the Greetings of Power, the Powers of Light and Love and Mastery from the Octave of Light, and from the Ascended Masters' Octave, to shower you with Their Blessings; to clothe you with Their Armor of Light; to make you the Fullness of Their Love and move you forward, Victorious in Their Mighty Presence in all you choose to call forth in the Service of the Light, for the Fulfilling of the Divine Plan.

I bring you Greetings today from the Great Angelic Host Who have watched night after night with you, in the Release of the Power at the Inner Level which has gone forth and is accumulating to the point where Its Pressure, where consciously directed by the Ascended Host and amplified by Them, by the Cosmic Powers of the Sacred Fire and the Cosmic Light, must produce the Fulfillment of your Calls, and must bring into outer Manifestation That which will compel all mankind to bow before the Light and understand It is the Master Authority of Manifestation.

I wish you to understand this afternoon, the Power of Light can be drawn forth into the physical octave of Earth through your Calls to whatever Intensity you desire. Just as there can always be in the lighted room more intense lights at certain points where you choose to bring them forth or you choose to place them — just so in the Manifestation of the physical world in the physical atmosphere of Earth can the Focuses of God's Light and Powers of the Sacred Fire be

established to any degree whatsoever that the unascended beings, understanding this Law, call forth through Conscious Command; for nothing can stand against the determination of your free will, when it is One with God's Will to fulfill the Divine Plan.

Just as you see lightning flash during a storm and cut through the storm clouds, so can your Calls for the Inner Actions of the Sacred Fire and the Cosmic Light cause Manifestations to come into the physical octave in intensity of such Power that the human will not argue longer against Its Authority.

Precious Ones, as surely as you hear the Voice coming through this Messenger, will you one day live to witness Manifestations of Light and Power and Perfection produced in the physical octave of Earth that will make all who have been unkind to those under This Radiation, or have criticized and condemned this Activity, swallow every word they have said, for I shall stand Myself before some of them and ask them to repeat in My Presence that which they have said against Beloved Saint Germain, this Light and your blessed selves. (*Applause, audience rising*)

I thank you, Blessed Ones, for that Love and spontaneous Outpouring! I accept It and shall qualify It with That which shall compel mankind's doubt and fear and opposition to this Light to be dissolved from Creation forever. Thank you; and won't you be seated?

Beloved Ones, unfortunately there are those individuals who have plenty of intelligence and plenty of Light in their own Life Streams to make them know the Truth and Reality of this Work, and yet, because of the intellect and their worship of its authority, set themselves up in judgment upon That which is greater than themselves. Those people are a danger to others who love the Light, but you will find there will rapidly disappear from this Earth the intellectual arrogance of that which seeks to sit in judgment of the Light. Mankind's intellectual consciousness has to be divested of all human concepts and the Light is the only thing that can do it.

I mean, also, the Violet Flame; and I mean the Powers of

Light and the Sacred Fire. Mankind's intellectual misuse of the faculties of their God-given minds, to Us, is the most amazing, flagrant disobedience to the Great Divine Plan.

Mankind, endowed with intelligence and the use of the Faculties of the God-Head, who can deny or oppose or criticize or condemn the Powers of Light, the Powers of God's Blessing and Love to the Earth, is arrogant indeed! "I AM" saying This this afternoon to put you on guard, so you may hold your Protection against everything, because there are coming Manifestations – mark My Word! – that will set the world agog with the discussion of This "I AM" Activity; and you must be as strong as steel and as Pure as the Heart of the Central Sun, if you are to stand against the onslaught, because mankind en masse is coming to an awakening of the God-Powers and Manifestations in the Octave above the physical.

You will see surge throughout the World a wave of the turning of mankind's attention to God; and when they do, they will seek this Light. Then We want you, every one, to stand revealed the Purity and the Qualities of the Ascended Masters. We shall help you; we shall protect you; We shall assist you; We shall pour Our Light through you, so your Light may be Brighter and give to those whose attention is upon you the unmistakable Evidence of the Power and the Authority of this Light and of the Reality of that Glorious "Mighty I AM Presence," Who beats every Heart and endows the physical form with the Attributes of Itself.

Mankind will see many Manifestations they cannot explain; but We can, and We hope you will be a part of those Manifestations. You have rendered tremendous Service. We love you – We love with a Love that is Eternal! We are your Ascended Master Friends; and We withhold nothing which will add to your enjoyment or the Expansion of your Power and the Protection of your Loved Ones.

"I AM" determined that all which has opposed Beloved Jesus and that Glorious Saint Germain through the centuries, shall now come to its knees in unconditional surrender! (*Applause, audience rising*) Thank you, My Loved Ones! I accept

That and shall take It up and amplify It to the Fulfillment of My Call! Thank you; won't you be seated?

This of which I speak must come about, and it is My Privilege to be a Part of the Power which compels It. Too long has mankind been permitted to misuse the Gifts of Life and allowed to gossip and slander those who have stood facing the Light in the midst of a seething blackness; from which mankind do not know how to extricate themselves. Mankind cannot get themselves out of the hate of their own generation this hour without your Calls and Ours to the "Mighty I AM Presence" and the Ascended Host. The smartest intellects of all the Earth cannot free themselves nor the Planet from that which the human has generated.

Therefore, My Loved Ones, as you gave in your Decrees, night before last, stand with your "Beloved I AM Presence" and the Ascended Host, never dividing for a single instant Its Authority, Its Power nor Its Attention with any single human thing; and let Me show you what can be released at your Calls. He who is strong enough to stand inflexible with that "Presence," knowing It is the Power and giving no quarter to the human, will find himself clothed in the Light which casts no shadows and before which all Manifestation bows.

Long, long, long have the Ascended Host waited for the coming months in which They can do That which will release the World from the human creation under which it has struggled for thousands of years. Beloved Ones – Oh, if mankind could only understand that the "Presence" is the Greatest Teacher in the Universe! That Glorious "Beloved Mighty I AM Presence" is the Greatest Knower in Creation! That "Presence" holds within Itself the Fulfillment of every Constructive Desire of your Hearts. It holds in Itself the Fulfillment of Its Own Divine Plan; and in the Fulfillment of that Divine Plan there is never the slightest feeling of anything except the Enjoyment of Life. Yet, mankind struggles in the outer with the human, trying, trying – because they will not understand the "Beloved Mighty I AM Presence" alone is the Knower of all Perfection. Be not tempted to give authority to outer world channels which have usurped

the power and the position of that "Presence"! Outer human knowledge is as but dust in the breeze compared to the Eternal Illumination of that "Presence" and the Ascended Host.

My Loved Ones, do you understand you have but to ask any One of the Ascended Masters, ask your "Beloved Mighty I AM Presence" first always, and then any One of the Ascended Masters Who is interested in your particular channel of activity. You have but to ask Them to reveal to you everything of the Perfection of Their Octave, and It will come to you as surely as daybreak.

Mankind has not learned to ask the "Presence" even yet. From long centuries of habit of the race consciousness of looking to the without and pulling onto the without for the things they think they need to do, and all they desire — they have but drawn each other's mistakes into their own brains and into their own bodies. Yet, above them lies the Octave of Light and the Ascended Masters' Realm of Manifestation wherein is Beauty, Power, Perfection and Design of such Glorious Power as have never yet come forth on this Earth in any age, including the First Two Golden Ages.

In Our Octave of Light abides That which has never yet manifested in the outer world, but mankind has not asked. They have but traded their own ideas for someone else's; and have gone down century after century in their own imperfection. This day I promise you, Beloved of the Light, with your complete attention upon your "Beloved Mighty I AM Presence" and the Ascended Host, you may become anything your Hearts desire to bring into the outer world, if it be Constructive. Give Us your attention and your Calls; hold your Harmony without interruption; give your attention and all Authority and Power to your "Presence" and to Us. Will you give Us the opportunity to open the Door and bring in something new which will so far transcend what is in this World, that there is just no comparison?

The Mighty Saint Germain said to you in 1932 in those "I AM" Discourses, within the next seventy years in America there would come forth such Perfection as would make the finer

things you have today seem coarse and crude. Thirteen years have passed by. The Perfection is and must move in! It is moving in and It must continue to move, but It can only come through those who, with Conscious Knowledge of the Law, consciously make the Call to their "Mighty I AM Presence" and the Ascended Masters to release That which belongs to the New Cycle, and not carry forward the old crude ideas and the mistakes, opinions and authority of human beings who have been so imperfect. "I AM" not criticizing, blaming nor condemning; but you, My Beloved Ones, since Friday night, have opened the door of vibratory action through which you may step and ask what you will, and with your attention held to your "Beloved Mighty I AM Presence" and to Us, your Harmony Uninterrupted, your continued Calls and giving Obedience to the Law, may have Manifestations of Mighty Power of Perfection, Glory and Beauty untold.

Human ear has never yet heard the Magnificent Melodies which are in Our Octave. The finest music you have ever had on the Earth is but kindergarten compared to the Music in the Temple of Light in the Electronic Belt around the Physical Sun. Give your attention to your "Beloved Mighty I AM Presence"! Make your Calls to hear that Music! Keep your feelings Pure and Harmonized! Keep your attention upon It, and the door will open. You shall hear That which you will never forget; That which will heal as nothing on the Earth has ever healed; and which will purify and harmonize everything harmoniously! Oh, the mechanics of your outer world are such a struggle. In this Magnificent Octave of Light and Our Octave of the Ascended Masters, there is no struggle, My Dear Ones! There is no strain, no tension in the Great Magnificent Things of Creation which the Ascended Masters do. There is the greatest Enjoyment of building and fulfilling the Divine Plan; building according to the Great Glory of the Harmony of the Spheres.

You think you have magnificent musical compositions on this Earth. You think you have heard some magnificent musical organizations. True, some of them have had mechanical perfection, but what have they played – answer Me, what have

they played that will lift anybody into the Ascension? What have they played that will ever purify the physical body or the World? Where do you think is the responsibility for the use of their Life's energy? Every individual is answerable to his own "Mighty I AM Presence" for all the energy he has ever used, every instant from the time he individualized to the moment of the Ascension. None escapes! Life is not stingy. It offers lavishly of Its Choicest Gifts, but It holds the user responsible to the Great Cosmic Law for what he does with the Divinest Thing in the Universe – Life!

I wish you might have heard, as this Beloved Messenger did, one night after the first time the Elohim of Peace dictated, We opened the Currents into the Temple of Peace; and the Music, as She described It, sounded like an hundred organs. I wish everyone in this room could hear That once, and you would know what I mean. My Dear Ones, you can have That as easily as you have anything in this physical world, if you will place your attention There, and love It and ask for It and hold Uninterrupted Harmony and Purity in your own atmosphere. You could open a Tunnel of Light into the Temple of Peace and hear that Music consciously and at will, and if you doubt Me, I challenge you to try It out! Give the Obedience which I request and see whether or not I can fulfill My Promises to you tonight. You must surely realize there are Sounds in this Universe much more Magnificent than anything in the atmosphere about you. The sound of the tones in the atmosphere of this Earth is but a discord in the System to which it belongs, because when an Earth becomes involved in shadows, the sound is not permitted to go through to the Octave of Light; and the tone which envelops the Earth this hour is that of destruction. Wherein is the Music of the Spheres?

My Loved Ones, one day you will see the atmosphere over this country, over America and the World, parted as if it were a thin chiffon garment, and you will be able to see and hear This of which "I AM" speaking. Slave not in the so-called standards of the outer world! Who is an authority in this octave? Who is the authority in Infinite Space? I can go There and you

can, at night, if you wish to come. If you wish to prove whether “I AM” describing This to you correctly or not, I challenge you, take the Command at night when you leave your bodies, to go to that Octave of Light and hear that Sound and bring the Record of Its Tone back into your own brain consciousness in the morning, and prove Me if I do not tell you the Truth! If you bring back just one Motif, and find a partial remembrance of what you may hear There, you will understand what “I AM” pleading for this afternoon.

Your Precious Darling Nada Potter has a most Glorious Voice; and She sings Her Heart’s Freedom and Happiness with a Glory which would lift anyone to the Heights. I trust one day Her Precious Presence will permit the atmosphere of this room opened and you listen to Her Precious Self! (*Applause, audience rising*) Thank you, Precious Ones! I add My Love to yours, and My Appreciation of Her Love, and I offer It to Her for Her Greater Cosmic Power. Thank you; won’t you be seated?

My Beloved Ones, will you realize with Me this afternoon the veil which hides that Magnificence from you is not from Our Octave. Will you realize the veil which separates your outer consciousness from this Realm of Light of which I speak – that veil is actual substance in your brain structure, in your emotional bodies and in the atmosphere of Earth. You who have stood here so long in your Decrees each night, be of good cheer! This veil of which I speak is not entirely your own; and since it belongs to the mass of mankind, may I describe to you what some of your Decrees have done to that veil. Last night and the night before last, and even this afternoon, as you held especially to those two Calls of God’s Name and God’s Unfed Flame, it was like Flash after Flash of sheet lightning which cut through and burned out the substance which formed a pressure of discord in the atmosphere over the city, and as this Messenger felt, was commanded to expand and cover the Earth.

Little do you understand yet how Magnificent is your Service to Life. Little do you realize, My Loved Ones, how in your Decrees here at the Inner Level, when that energy comes to Us, charged with your Happiness, your Light and your Music,

how We can take That and flash into It the Lightning of the Spheres and direct It through clouds of darkness which I will not even describe; and the blackness is consumed as That passes through.

I would like to have you make an Experiment! You can take any local condition. You can take a national condition, or some specific place, and were there time – which there is not at the present, but later on perhaps there will be – you could, perhaps for a week, take those two Decrees, and the Blue Lightning of Cosmic Purity and get into that one vibratory tone, and drive it right straight through a building, through the brains and bodies of those who were vicious, and keep pounding it, (*motion hand*) like that, and you would see in thirty days' time, either the dissolving or the complete change of that condition – either to become Constructive or dissolved completely.

When that same thing is applied to the Music – the “I AM” Music of the Spheres – and that Power of Blue Lightning of Cosmic Purity charged hour after hour through that Music into a vicious condition, you will begin to understand what the Cosmic Power of Blue Lightning and the “I AM” Miracle Music of the Spheres convey. There is not any music on the Planet which ever came here, outside of those centuries long ago when they had the Temples of Music – there is no music which will do what the “I AM” Music of the Spheres will do, because the outer world music is not a Conscious Recognition in the use of the Call of these Cosmic Beings, and the Call for Their Power of Perfection into this octave. Your most magnificent beautiful music may be pleasing to the ear, but it does not draw back Their Consciousness at your Conscious Call into the physical octave to make this any better than it was before you started to play.

“I AM” explaining This today because your Beloved Darling Nada – Nada Rayborn, the daughter – and many Others in the Ascended Masters' Octave, Who are Magnificent Musicians, are waiting to give you Blessings which can only come on the “I AM” Music of the Spheres. They are waiting to add Their Music to yours, but They do not amplify the outer world

music. There are many beautiful melodies which have come forth. "I AM" not disparaging anything mankind has done which is constructive, you surely know that. There are many wonderful melodies which have come forth which have been powerfully uplifting – many wonderful ones; and all of that helps to harmonize and purify – but the Pressure of the Light released through them is nothing compared to the Conscious Call to these Great Beings in the Name of the "I AM," with Conscious Adoration and Understanding of that specific Service which is required in the outer. So many of the magnificent melodies which have come forth through musical channels were constructive melodies in the beginning; but when they have put such senseless lyrics to some of them, it undoes the good which would have come otherwise, because when you couple mankind's consciousness with such words in those musical melodies, the Light is clouded.

I shall try to reveal to you, Precious Ones, from your own Inner Experiences, several examples of This which I speak, so you may understand why Conscious Devotion to your own "Beloved Mighty I AM Presence" and the Ascended Masters is absolutely imperative if you are to have the Cosmic Power of Music drawn into the physical octave, to do that which mankind cannot do for themselves.

The Magnificent Healing Power which can come forth on the "I AM" Miracle Music of the Spheres – many, many, many Melodies can pass through the cellular structure of a body; can pour forth in the atmosphere around an individual and can cut away human creation of centuries of building; can purify the mental and emotional bodies that the medical world cannot purify. Now in the illness which mankind experiences, you have much assistance given by the medical profession and that will cut away a certain amount of substance which is causing distress to the individual and the individual feels better for awhile; but they all continue to pass out. They do not attain the Ascension, do they? Then it is but a temporary thing, because they do not take the creations out of the emotional body nor consume the destructive etheric records in the Etheric Body. All which the

scientists and all the medical profession know, cannot handle the conditions in those two bodies; but I can and so can any Ascended Master, so can your “Beloved Mighty I AM Presence”! If you had a torn garment, a torn dress and you wore an overcoat, and if you did something to the sleeve of the overcoat, would it mend the dress? Well, that is what “I AM” speaking of!

I say to you the “I AM” Music of the Spheres, with your Heart’s Call for the Fulfillment of the Divine Plan through Music, can send the vibratory action through every cell of your flesh, through your emotional body, through the substance of your Etheric Body, through the atmosphere about you and consume that which cannot be consumed by outer physical methods. Therefore, the entire Purification must go on by the Use of your Violet Flame, your Cosmic Blue Lightning of Cosmic Purity; and “I AM” so grateful for your Calls for Beloved Saint Germain’s Spiral Blue Flame! These Activities at the Inner Level, Beloved Ones, dissolve and consume obstruction which might take you years to overcome by outside methods; while in the Inner Use of the Sacred Fire, and then add to That your Calls through the Music of the Spheres, you can re-attune any physical body as you would the strings on a musical instrument, but you cannot do it by outer physical means.

You might think “I AM” dynamite, but I have not had a chance to talk to you lately! (*Applause, audience rising*) Thank you, My Loved Ones; and I shall amplify My Love back to you! You gave your Decree to call My Cosmic Flame of Cosmic Love into outer Action, didn’t you? Well, It is here! (*Applause*) Thank you, Beloved Ones; won’t you be seated?

My Flame of Love can consume your limitations and your problems and the obstructions; and I intend to occupy Myself with some of that right now! (*Applause*) You see, I have been storing This up for some time, now is My Opportunity! (*Applause*) Thank you, Beloved Ones! I shall come back to you with Wave after Wave after Wave of Love, which nothing on the Earth can stand against! I can love more than all mankind have hated! Isn’t that something? (*Applause, audience rising*) Thank you, Precious Ones! I amplify That for your Love and your

Blessing and your Assistance without limit; and may I remind you that My Flame of Love can burn away all the veils which mankind ever built or ever would. (*Applause*) Thank you, Precious Ones; won't you be seated?

My Beloved Ones, I want so much for you to hear This at the Inner Level, This which later on will become the accepted Music of the outer world. The Change is coming, Precious Ones! The old is passing! The New belongs to the Permanent Golden Age of the World; and We want you to hear It in the Octave where God's Harmony dwells and reigns Supreme! The more of That you can bring into this octave now, the more easily will you shut out irritation, discord, struggle, lack or limitation of any kind.

There are some of the most Magnificent Melodies in the Inner Octaves of Light, which We would love to bring through some of you into this physical octave; because just as in your Decrees, when you struck into a certain vibratory action, it was just one sound and one vibratory action in the room, and it went to its destination just like a knife cutting. Just so can these Inner Powers of Healing and the "I AM" Miracle Music of the Spheres, cut into the physical octave of Earth, and continuing in Their Increasing Power of Energy, force right straight through – or rather cut through all human accumulation.

My Dear Ones, now We are going to get on very, very thin ice! I mean, you are going to come to understand something which you will love very much, but look out! You will all want It, and It is not a conundrum either, but you do not understand yet how Powerful and Beautifying an Activity the "I AM" Miracle Music of the Spheres is to your physical body, when that Sound suddenly pours through you and your Harmony is Uninterrupted! I could take any of you and give you this Experience! I could lay your body on a couch, and you turn your attention to the "Beloved Mighty I AM Presence" and remain undisturbed; and if you would control your attention, there could be certain Melodies, certain Qualities of Sound passing through your atomic structure with Wave after Wave after Wave; and as you rested within That, the Readjustment of

the atomic structure could take place to the point where, after an hour or two of That, you could yourselves look into the mirror and see the Change. We could remove signs of age, tension, impurity and human creation by those Magnificent Melodies in certain types of Vibratory Action – I mean certain Qualities.

There are certain Qualities which penetrate through the flesh more rapidly than others. Certain instruments, whose particular quality of tone penetrates more rapidly than some other instruments, and in that Way We could show you within yourselves in a most joyous, magnificent Way what the Cosmic Power of the “I AM” Miracle Music of the Spheres is. Always use that phrase; because you shall yet produce Miracles by your Magnificent “I AM” Music on the right kind of instruments, with the Purification of those who are playing. I mean by That, the Devotion and Purity poured forth from the Self-Purification of the individuals’ own emotional bodies can be the Release of a certain Action of the Fire Element through Melodies, which will seem to lift tons of weight from you. You will almost float after you arise and step out of that Vibratory Action. We can remove certain density of the atomic structure that Way. If that is not the Great Mercy of Life to purify, harmonize, redeem, heal, illumine and raise mankind’s minds, bodies and feeling world by that Music which is Above, in the Joyous Harmony of Its Cosmic Power – truly God’s Greatness, Mercy and Love are very, very, very Great for disobedient mankind!

No wonder that “Mighty Glorious I AM Presence” is the Lord of Love when It is loved! Its Forgiveness is so Great that It provides through the use of Life these Means of undoing what mankind has consciously built by deliberate defiance of the request of that person. That “Presence” has loved you through the centuries. The Ascended Masters’ love has never wavered to you through the centuries; and in that Octave of Light, Life provides these Gorgeous Melodies, this Transcendent Power and the Quality of tone which can go through your human creation and dissolve it with ease, as if it had never been.

Truly your “Mighty I AM Presence” and the Ascended

Masters have loved you very greatly – VERY GREATLY – to have provided that Way and Means of helping you to rise out of the shadows of your own experimentation; because you chose to experiment with the feeling that is in the shadows, because you thought you wanted to be an authority as opposed to that “Mighty I AM Presence.” Anyone under This Radiation, this morning, who no longer wants to be an authority over anything or anybody, but just wants to surrender to the “Presence” and give It all Authority, will find himself Free within either a few hours or a few days. When you really want to give all Authority in your feelings to your “Presence,” you will be free from all distress very, very quickly.

Do you know what distress is? Holding on to the authority over the things and the conditions of this World which never did belong to you – never did! Tell Me how much in this World actually belongs to you? Now look at this thing deeply and gain your Freedom! What belongs to you in this World? What did you bring here, when you took on your present physical body? What did you bring of the physical things of this World? Not a thing, did you? It all belongs to Beloved Virgo then, doesn't it? Well, unless you do Beloved Virgo the Honor to take the substance of your physical body and purify it and take it into the Octave of Light in your Ascension, it still belongs to Beloved Virgo; so where are you? You would be surprised! Sometimes you are in the Octave of Light, and sometimes you are not. I think you all agree with Me in that. You have investigated many other realms, Beloved Ones, between here and the Octave of Light. You have all seen many things which you know did not come from the Octaves of Light nor Our Octave. There is a difference.

I want you to distinguish between the Octave of Light and the Ascended Masters' Octave. The Octave of Light is the upper atmosphere of Earth, wherein discord is not allowed to come, but where Life Streams rest between embodiments. Our Octave is above that, and you have experimented in every inch, almost, of the atmosphere between here and there, in every embodiment. Now I think it is time to let the “I AM” Miracle

Music of the Spheres purify this lower atmosphere; purify the minds and bodies of the people, and bring Beauty and Perfection where discord has seemed to be, and release the Substance which Beloved Virgo has offered for the use of a World; release it from the impurities and discord of mankind's experiments with their own authority. Oh, Precious Ones, in your intellect you know it is true, and you make up your minds to do It, then before you know it, you turn around and the old feelings are just surging for their own way again. That is the time when you need to use some Authority which comes from Above.

Precious Ones, I hope to release you from a great deal of the pressure of irritation! Did you ever start to sing the "LOVE STAR" when you began to feel irritated? Try it! The feeling from the "LOVE STAR," and the Substance and the Flame which come from That are pink and gold, neither one of which carry an irritated feeling. So the Flame and Substance from the Secret Love Star are the opposite of irritation. The Great Beings Who direct that Activity have concentrated Their Electronic Force and qualified It with Eternal Love and Peace! Now may I remind you that everything you draw from There is your Eternal Love and Peace, and thanks to your "Blessed I AM Presence" it is Eternal. So if you will sing the Melody of the Secret "LOVE STAR," whenever you begin to feel irritated, "I AM" sure the irritation will be very short-lived – very short. If you will call for the Pressure of the Cosmic Flame of Cosmic Love's Protection and Perfection from any Ascended Master or Cosmic Being, when irritation starts – if you will call quickly for that Cosmic Pressure of Cosmic Love's Protection and Perfection to surge into you, and BE the Authority, irritation will die before it can act; but you must use the opposite of irritation if you are going to wipe it out.

There is no easier way, Precious Ones, of overcoming your problems, your limitations, your human struggles, than by turning to those Glorious Blessings which are in the Octave of Music! Do you know there is an entire Octave of Music, wherein the Power of Music is drawn in such Cosmic Pressure, that the

very Harmony and Substance drawn surges into Magnificent Creations at the Command of the Great Beings Who are There?

Oh, My Loved Ones, I could talk for thirty days and nights without stopping on what is in the Octave of Music, and when I got through, your human creation would be gone completely! I know you would like to hear Me lecture for thirty days, too! (*Applause, audience rising*) Thank you, Precious Ones; won't you be seated? We offer That to the Great Beings in that Octave, with Our Love and Call for Their Assistance.

My Dear Ones, when That is above you, waiting to bless you, and you may form a Tube of Light through your Love from your physical body and brain into that Octave of Music, and ask It to flood through you Its Blessings, Its Powers and Perfection. You may be attuned and open up into That consciously at will, as long as you like; and That is provided There by Life, waiting to flood into this World and dissolve and consume mankind's distress forever; and yet, so little is ever allowed to be drawn through into this octave. There have been thousands, and many, many thousands of wonderful musical compositions, which are but fragments of what they came from in that Octave; but again, mankind has not used them for the release of the rest of Life from human discord.

If it were possible – which it is not because of too sudden a shock to the brain structure – I could take many of you, and suddenly open your hearing and let you listen to that Music for perhaps an half an hour, and you would never be the same individuals again! Just hearing That once through the brain structure and the physical form, would make you anew; but We must raise you gradually with your Conscious Call for Purification, your use of the Music which has already been brought through and your Calls to Us. There is a daily step-up, and you, consciously, do part of it by your own Conscious Command. Now when you have done a third of that Work, We will open the Door, and you shall have the other two-thirds done for you! (*Applause, audience rising*) Thank you, Precious Ones! I accept That! I shall hold That for your Release! Won't you be seated please?

Now I wish to show you what the Cosmic Law requires for the Freedom of mankind. If you, as “I AM” Students, reach up and give the Obedience which enables this “I AM” Miracle Music to be released, and then you use That as much as possible in the outer, That will build through your Conscious Calls in your Decrees to the point, where one day It will become the one-third which the Cosmic Law demands from the mass of mankind. When your Outpouring of that Music, and through your Calls, has reached one-third of the energy, then will you see the other two-thirds sweep the Earth and all mankind will be released from the impurities in their bodies and in their minds. The distressing conditions which have been here for thousands of years will disappear, and the Permanent Golden Age sings the Song of the Light, and the rest of mankind will move forward in the Victory of the Ascension on the “I AM” Miracle Music of the Spheres!

Your Privilege is very great, My Loved Ones; and the rest of mankind will soon awaken and join you to help render that Service to Life which fulfills the Divine Plan; and once again the Earth will know only Happiness. The structure of the Earth itself suffers under mankind’s discord, but that is soon to be closed forever!

So call, My Beloved Ones, for the most Magnificent, Miraculous Musical Instruments to be brought forth into your physical use! Keep calling, and many wonderful Improvements will come through which will delight you greatly; and then you may cleanse a city by the Power of the Music and the Sacred Fire of Eternal Purity. You may re-establish Balance in the mind; and when enough of this Music goes forth, insanity will disappear from the Earth forever! Truly, your opportunity for Service is second to none! We stand ready to assist you, mankind and every human being who can understand This Law, and help through the Music to bring in the Permanent Assistance which turns mankind’s attention back to that “Glorious I AM Presence,” the most Beautiful, Wonderful Being in all Creation – the Source of all Beauty, of all Power, of all Love and all Manifestation.

Come, take Me at My Word today! Call and hold your attention to your "Beloved Mighty I AM Presence"! Divide not your attention, Its Authority nor Its Power with any human outside world authority, and let Me show you what the person who gives all authority, power and attention to the "Presence" can outpicture. That will show the rest of mankind unto the Light, and the Joy and the Perfection which Life intends in the Fulfillment of Its Divine Plan, that sorrow and distress may fade from the Earth, and mankind become God-in-Action in Full Ascended Master Consciousness.

Great is the Love of the "Mighty I AM Presence" and the Ascended Host! Infinite is Their Power! Glorious is Their Music! Pure as the driven snow is the Substance from Their Octave, which can never be changed, and yet It can flood to you as a snowstorm would blow and pile up in drifts and block the way of everything human forever. Truly, Life is Merciful! Life is very Forgiving; and Life loves you because you are Itself. Open your Hearts and let It have Its Dominion; and the "Mighty I AM Presence" and the Ascended Masters' Consciousness will teach you what nothing else can ever give! Try Me out, My Loved Ones, and I shall show you what will bring you Happiness for all Eternity! Remember, My Love never changes, never comes to an end, and I can always hear the slightest Call of your Hearts to Me!

"I AM" forever by your side! Let Me help you sing your way through into your Ascension from now on! Thank you for this afternoon, and with all My Heart's Eternal Devotion, may I clothe you in the "I AM" Miracle Music of the Spheres, and give you that Happiness which only It can bestow!

I thank you and love you forever, Dear Hearts of Light!
