

BELOVED DADDY'S DISCOURSE

DETROIT, MICHIGAN

MARCH 3, 1949

MRS. G. W. BALLARD:

As Our Beloved Daddy speaks His Heart to you let us send our love to Him, with the call to draw Him through closer and closer and closer until His Light reveals the Fullness of His Presence and there are no longer any veils between.

BELOVED DADDY

DEAR PRECIOUS HEARTS of Detroit, once again throughout the ethers sounds the Cosmic Command for God's Victory to appear and so shall it be for each of you; in each one of your own Life Streams shall that same Sound and Command come forth.

Now We are going to release to you, Precious Ones, a Call which shall begin to illumine the atmosphere about you, provided your harmony is maintained without interruption and your attention goes to the "Beloved Mighty I AM Presence" to hold you close enough within Its Own Vibratory Action, Purity and Victory of Its Love to keep closed out the outer world's vibratory action until This can be accomplished.

I want to congratulate you, Precious Ones of Detroit, and your Blessed Paul and all who have assisted him in any way, for your steadfastness to this Light and your intense, sincere Truth and Purity. Go on, My Brave Ones, there is nothing too high for you to attain and you might just as well scale the Heights of Eternal Purity now and become aware of the Secret Powers of the Great Command.

The Secret Powers are all the great God Manifestations in the Universe and you draw that Power back into the use of the outer self and go forward, making conditions of the outer world understand that from the Heights of Cosmic Purity come the Powers which are the Dominion over all physical conditions in this world.

The human will only disturb you as long as it can gain your attention; and the moment you withdraw the energy of your Life, through your attention, away from the human conditions of the outer world's disturbing action, and compel that power to go back to the "Beloved Mighty I AM Presence" where It belongs and There receive Its next expanding Flame to again come forth to bless you. Mankind does not understand how much energy they have fed into the conditions of the physical world which have become their limitations, and it is but a continual withdrawing of the energy you have given in the past to the acceptance of human problems that sustains those human problems longer.

If you have made the mistake of turning your attention to the human and created discord and limitation, well, there is not a thing in the Universe that can prevent you turning to that whole condition and saying: "Well, if I did give you my Life, I now withdraw it, since 'I AM' Its authority, and you cease to be, because my Life goes back from whence It came to receive Its next wave of Its Power of Perfection; and coming forth through me again, I command It into different channels, this time to produce the Perfection which raises all into the Ascension."

You have but to maintain This and you extract, so to speak, the Life from human problems and human limitations. As soon as you take your authority over the energy of your own Life and send it – ask the Violet Flame to purify it – send it back to the "Presence" to receive its next amplifying wave of the Sacred Fire to come into outer action to produce Perfection for you, you will find it obedient.

You found it very obedient, didn't you, when you qualified it with something disturbing? I think so, otherwise you would not have your problems. The very fact that problems exist proves that the energy was obedient to your quality and your direction. The moment you choose to withdraw your Life and send it back to receive its next wave of Perfection from the "Presence" and draw forth another Flame of the Glory of Its Love, the Power of Its Beauty and the Peace of Its Purity, you

can produce over here a Divine Manifestation which will just as surely lift you into happiness as the disturbing one tries to hold you in distress.

Now we are going to enter in tonight, Precious Ones, to an understanding of what the race acceptance of mankind has been in misusing this energy through the past and believing that something which has already been created and is affecting the mass, has to touch you, because it does not.

The Authority of your own Life Stream is your own "Beloved Mighty I AM Presence." It gives you Its Life every moment, does it not? Well, It gave you Its Life to produce the Perfection of Its Divine Plan to keep you happy. It gave you Its Life and It gave you Its Love to make you happy, and like little children you took It and experimented with It out here with something which was not happiness.

Now It is calling you home to the Happiness of Its Perfection and "I AM" going to take you tonight into a Use of the Secret Powers of the Unfed Flame. As far as that is concerned, It can be applied to any Activity of the Sacred Fire which you desire.

The mass of mankind, through long centuries of accumulated discord, come to believe they cannot have the good things of this world or do the things that the impulses of their Hearts desire to do to produce Perfection in the physical world without money, and that is a mistake. Do not give money the power. The Mighty Saint Germain has told you This ever since those Discourses were dictated. Put the Power, which is the energy of your Life, with your "Beloved Mighty I AM Presence." Then demand whatever Activity of the Sacred Fire is necessary to produce the Perfection you desire, because all Manifestations of Perfection have to come forth by the Use of the Love of the Sacred Fire.

Therefore, unless you use It, you will not have Its Perfection. Now then, "I AM" going to tell you a lot of wonderful and encouraging things. If the Student Body would – like one voice, so to speak, and by the Invincible Authority of the Victory of the Love of the Sacred Fire – demand their

Invincible Freedom from all race consciousness of imperfection, then, My Dear Ones, you would move forward doing the things and producing conditions which the outer world terms miraculous; and yet, they are just the natural conditions which your Life was meant to experience all the time to keep you happy.

Please use This as your standard of measurement. Whatever produces the Perfection of Life and sustains it in ever-expanding Power and Victory must be Pure; must be Harmonious; and must be Happy.

The Sun, Mighty Helios Who gives you the Blessings of His Sacred Fire to the Earth, has no worries. He does not have to gratify the selfishness, the selfish call of the public utilities, before He can light your home, or before He can give you the sunlight for the day, does He? Isn't there plenty of light in this Universe without your public utilities? You see, your public utilities are dependent on the light, not the light on them. Now please get this tonight! Because if you do, you are free from the interference of the so-called money powers and money conditions and limitations of this world. You would be free from the claws of the money beast and all intended through it. When I say the money beast, I mean all destructive use of money or any other means of wealth. If the whole Student Body would daily take the Command – now “I AM” going to give you a Secret but I won't tell you what the Secret is except you use the Application which I reveal. Then the Secret reveals Itself to those who make the effort to use It and use the Law. If you were to DEMAND by the Authority and Secret Power of the Great Command whatever is necessary in your outer use to make and keep you Invincibly Free from, Eternally Independent of and forever untouched by the money beast, all its claws and the so-called money, money powers and limitations of the physical world, and you were to DEMAND That by the Great Cosmic Unfed Flame of Love Supreme in the obedience of the Ascended Masters' Cosmic Victory – I think they will call you all the “Magic Presence” – you will be magicians so-called to the outer world. That is the Power of the “Magic Presence,” the

“Mighty I AM.” (*Applause*) I suppose you all want a copy of that decree right away. (*Applause*) I trust you shall have it! (*Applause*)

You see, I must remind you, Precious Ones, that your own Life, the Ascended Masters’ Life, the Cosmic Beings’ Life, the Life of the Angelic Host and All Who govern this Sacred Fire to the Earth have millions of Ways and Means of producing what you require to fulfill the Great Cosmic Divine Plan of Happiness – as God is happy and gives you those conditions in this World without a dime.

You say: “Oh yes, but we still have to pay bills.” If you just knew how easily Love could pay those bills. In the first place, We do not have any bills in the Ascended Masters’ Octave, isn’t that wonderful? We are not harassed every day by this, that and the other demand. Instead, We harass the destructive forces. We just turn the tables on them and “I AM” trying to educate you to this tonight, because it is just an old race acceptance of fear which the sinister force has imposed on mankind, century after century, until it has built such a pile, such an accumulation of discord, misery and lack, produced by fear alone; that when you know how they have used your mistakes of the past to try to keep you from your Victory and Freedom of the Future, you will arise as one man and shatter for Eternity the race consciousness of selfishness.

Now you take your stand! No matter what the appearance world constantly prods at you, turn and face that “Beloved Mighty I AM Presence” and say: **“HERE IS EVERYTHING YOU HAVE EVER GIVEN ME! TAKE IT AND LET YOUR COSMIC WORK GO ON! MAKE ME THE VICTORY OF YOUR SECRET POWERS OF THE GREAT COMMAND. PRODUCE ANY TIME, INSTANTLY AT MY COMMAND, WHATEVER FULFILLS THE DIVINE PLAN OF THE MIGHTY SAINT GERMAIN IN THE MOST WONDERFUL WAY HE DESIRES.”** Just as surely as you sit in these seats tonight will you become the natural user of that Power which tonight you do not even know exists – except as you hear My Voice.

My Dear Ones, Oh, there are so many things I could tell

you tonight, if you would make this same Demand by the Secret Powers of the Purity of the Great Command and those Activities of the Sacred Fire which always produce Perfection; and what is more, sustain that Perfection in Conscious Victory ever expanding. There is no other Power to sustain Perfection but the Purity of God's Love!

Purity and Love are the Secrets of the Great Command. He who understands That, commands then as God, the "Mighty I AM Presence." Now if you would like, We will call this Class tonight, "Instructions for Magicians," (*Applause*) – Private, to those who give the "Presence" all, and let Us have the most glorious Victory your Hearts could desire.

How could your Hearts desire a glorious Victory if the Life within you did not have the Power of Its Fulfillment? Why it would be a travesty upon all of creation.

"I AM" dynamic on this Subject tonight, because the Student Body, if they will take their stand to absolutely demand the Power and the Victory of Perfection by the Secret Authority and Power of the Great Command and by every Ascended Master Activity of the Sacred Fire required to force it into the physical world, to render its service to the Mighty Saint Germain to fulfill His Great Divine Plan, His Way, you will find Legions of Ascended Master Friends of the Light can do for you, and your own "Presence" will do through you, that which mankind cannot or will not do for you.

Now, God's Almighty Universe and the Perfection and Authority of the Light's Perfection of Its own Divine Plan's Expanding Power are not dependent on the whims and so-called authority or will of individuals who think they can make mankind their slaves to depravity. Now take Me at My Word tonight, and I will show you!

You demand whatever is required to fulfill Beloved Saint Germain's Divine Plan in the Gloriously, Joyous, Victorious Way! Demand your happiness by the Authority and Power of the Great Command – by the Authority and Purity of the Sacred Love of the Sacred Fire. Demand what you will in those two conditions and, My Dear Ones, the sinister force has to

recede! It is not authority over God!

People can deny God all they want to, but they do not take energy out of the Universe, neither do they take Its Law of Action in Vibratory Power from Creation. It is but the prattle of silly children and there is not anything the sinister force hates so in all creation as to be considered unimportant and helpless. You see, We used to use some of these phrases Ourselves, and personally, I still like them and the Messenger uses them quite a lot, but there is not anything that makes the sinister force so wild as to say: “Oh, SCRAM! You haven’t any power – get out of here”! and then laugh at it! The moment you laugh at a thing, first of all, it is a shock to it because it cannot scare you and that makes it begin to recede and begin to loosen its hold; and the moment it cannot make you fear, you are its Master. It knows it cannot whip you into line except through fear.

Therefore, if the Student Body would just – in the joyous anticipation of using the Power of the Great Command to fulfill the Mighty Saint Germain’s Divine Plan His Way – as surely as I speak these Words through this Messenger, will you find thousands of ways of doing things which have never been done in the physical world that way before. Inventors have tried, too, and they did not like their ideas; but they cannot take new ideas out of the Universe. They think they can, but the silly nonsense of the human opposes itself to the great forward Expanding Power of Perfecting the Divine Plan of Creation.

Now you do this! Do not criticize, blame nor condemn anyone for not knowing this Law. Do not fight nor oppose viciousness, because the same Law is acting in some channels whether you use it for right or wrong. Very vicious, depraved forces know many things they can do that you do not know at all, because you have turned your back away from those activities. Your “Mighty I AM Presence,” Ourselves and All the Great Cosmic God Beings of Creation know many ways of producing Perfection that they do not know. So, turn about is fair play.

“I AM” trying to show you a new schoolroom of existence. Their main weapon is irritation, hatred and fear, so if you are

just no part of that, you turn and you demand, because the Demand must go forth in order to set the vibration in the atmosphere about you which starts the manifestation into condensation in the physical octave. It begins to lower the minute you make the Demand.

You demand these Things be drawn into your world to fulfill the Mighty Saint Germain's Divine Plan His Way by those Secret Powers of the Great Command which always produce the most astounding, irresistible joy which compels Victory, because the joy concentrates the energy very rapidly. When you are joyous about a thing there is no resistance and We have told you before, that joy is the great motor of existence. In other words, joy is the condensing of the energy of the thing you enjoy. The more you love something the more you enjoy it.

The more you love to play your Music, the more you enjoy it. The more you love to create beauty, the more you enjoy it. Therefore, if you will love to keep yourself harmonious and you love to give obedience to your "Presence" the more of Its Powers will automatically pour forth through you to accomplish your every Heart's Desire.

Now then, once you know the proof of this Law, then it becomes your obligation to use It, because if you do not use It, It passes from your mind. You forget It, don't you? Of course you do.

You get so busy trying to solve problems that you have forgotten the "Presence" is standing right there smiling at you waiting with the things in Its Hands to give you when you quit looking away from It.

I want to free you from the race acceptance of the authority and the power of the so-called money of this world. Money is nothing but substance. It should be purified and used to hold balance, but if it is used to throw things out of balance and produce fear in people if they do not have it, then how in the Name of God can God set you free?

If you will call the Secret Power of Illumination of the Great Command you shall see the reason for many of these things just in a flash and the moment you understand them, well

then, you will move into action and “mow ’em down – just mow ’em down.” I like that phrase, too – “mow ’em down” – and if you would like to combine those two phrases you can say: “SCRAM! I am going to mow you down!” and it will get going in some other direction. Run them into the Violet Flame! I DEFY you to use Our Authority and Power of the Victory of the Great Command. The Authority, Purity and Love of the Great Command which simply says to human creation: “I command you to cease because my Life is going back to my ‘Presence’ Who gave it to me – It did not give it to you, I did; and that is my mistake – the outer did. Now I command my Life away from you to go to my ‘Presence’ Who gave it to me, because my ‘Presence’ wants me to be free.” That is your only Victory!

Precious Ones, you must be happy from tonight. The moment problems prod you, instead of fearing them and becoming depressed just say to your “Presence”: “Well, I must be making progress because if they are after me this hard I must be going to ‘pretty nearly’ get my Victory”! So you shake hands with it and when you do that you take (*Applause*) . . . Thank you, Precious Ones, won t you be seated please?

Now when you have a sense of enjoyment about taking your own Life away from problems and things which have disturbed you, there won’t be any more fight. You will be able to hold your harmony uninterrupted, and after all, if your problems, because they get too hot, compel you to go back where it is cool to your “Presence” – after all, they are your friends. The minute you can transmute them and call them your friends the battle is over. “All is quiet on the Potomac.” So tonight, Precious Ones, “I AM” letting you in on the Secrets of the Joy of Creation, and you must become, oh, so happy, that the world will stand aghast at how you do it, and if they get curious enough, We will show them. (*Applause*)

You know that old curiosity – Beloved Saint Germain once said: “when the sinister force once turns its attention to Me it is going to get the Light of Freedom. When they reach their claws into the assets of My World, they take the substance of My

Light into themselves and that must annihilate their darkness. So when they think they are going to interfere with Me they are going to be compelled to get Free.”

Oh, there are many Actions of the Cosmic Law which will teach them many things as time goes on. Their human creation may come and go, but Light goes on forever, and God’s Light and God’s Life and God’s Happiness and the Love and Purity of the Great Command of that “Presence,” My Dear Ones, are Perfection in action wherever you acknowledge it.

So, do not weep on somebody’s shoulder because you have problems. Say: “My Life belongs to my ‘Presence’ and I must take it away from you.” Then, if you seem to have a struggle, say to your “Presence”: “My ‘Mighty I AM Presence,’ I need your Hand, too. Let us pull your Life away from that thing and now I give it back to You!” Purify it, let Us go forward in the happy Victorious Accomplishment of Your Divine Plan Fulfilled, whether It be for the Nation or all mankind or for your own individual selves.

Hereafter, My Dear Ones, let Us take the fear out of problems and do not shirk responsibility. That is the only way you can ever get your Light to expand. Why, if you do not take responsibility, you do not grow that is all. One of the Students once said: “You are just vegetables walking around – and you won’t even grow unless you take responsibility.” The best people in the world are the ones that carry the greatest responsibilities and you are the best people in the world! You know you are! I know you are! (*Applause*)

So from tonight, let us go forward and demand the Victory and the Joy of using all the Secret Powers of the Great Command. You will have illumination, you will have the Memory of the things you have done perfectly in the past; but they have been crowded back and you have forgotten them because you did not use them.

Didn’t you forget your “Presence” because you did not use Its Authority? You did until Beloved Saint Germain brought this Knowledge forth and yet in six Golden Ages before your present embodiment, in every Golden Age you had the knowledge of

the “Presence” and yet you forgot it, because knowledge unused passes from the mind. The outer pulls on your attention so you won’t have time to think about It; but those Powers which you have once used are stored in the Causal Body, the circle of colors around the upper figure in the Chart. They are all stored there, and now that you demand in your outer use the Victory of all the Secret Powers of the Great Command drawn forth to fulfill Beloved Saint Germain’s Divine Plan His Way, well then, as you give the rest of mankind Freedom and Happiness and Victory, you must have your own. Then will Life give you Its Greater Secrets. Then will you have only that which is above you and greater than this outer self can give you, because the world cannot give This to you.

The world has given you the consciousness of fear and the so-called money authority of this world. Precious Ones, there is not a thing on the Planet that would so disconcert the money interest of the world as to suddenly puncture the bubble of their authority and let the people get along without money. You will soon show them whether God’s Power is greater than theirs and whether God exists or not. They are not so very far away from the information right now, as it just happens. We sometimes have such a good time laughing at them because they are very soon going to strike into an action of energy which compels them to see Us and watch Us operate the Law that makes them give in.

It will be a rude awakening, but one that will be very healthy for them. So education must come. It is the Law of Expansion of the Universe when it is the education produced by Light, and that Light is the Happiness and the Love of the “Presence.” Your love and happiness poured back to the “Presence” gives you another Wave of Its Light to do the things that produce the Perfection out here. Every time you look at the “Presence” again you send back your love and your light and it gives you more happiness out here so you can create with greater beauty, freedom and perfection.

Tonight, in the great joy that lies within the Light comes the Way and the Means to fulfill the Great God Divine Plan of

Perfection the Ascended Masters' Way. Dear Hearts, you have tried every conceivable idea which ever came to the mind of man to try to solve problems in the physical world; and this hour the world has more problems than it has ever had in any age; it knows less how to handle them, outside of the "I AM" Student Body.

The Student Body are the only ones through this Call to the "Presence" who can possibly solve the problems as God solves them and therefore dissolves them. No use in solving problems you have solved century after century in the past. Let us get to the place where you do not have any problems. You can have magnificent joy and happiness in the great Perfection of Creation, but you do not have any problems.

Problems are limitations and worries; you do not have any right to have either. Tell them to "SCRAM! or you will mow them down." I gave you the Way and Means tonight and if you will just try Me out I will be closer than breathing and nearer than hands and feet, and there won't be any more veils between thee and Me. Let Us go forth, Precious Ones, like happy, carefree children determined to produce Perfection, but producing It God's Way instead of the way of struggle.

You have had more joy in this Activity, Precious Ones, than most of mankind put together, because temporary sensation is not joy, and what you have done in this Service to the Light – the Expansion of your own Light for all Eternity; and you cannot take That out of the Universe.

So tonight, in the great enjoyment of giving that loving, willing obedience to the "Presence" by calling the Secrets and the Powers of the Great Command into the physical octave in that great obedience, comes the harmony you can maintain without interruption. Do not accept any of the silly nonsense that anybody in this world can tell you that it is impossible to produce perfection in this world, and while this is the ideal of Life it is not possible to accomplish it in this world. It is, too! You just did it. Every Ascended Master has done It, and there are thousands and thousands of Them that did It in this world. What mankind has done, mankind can do!

Precious Ones, We might have been a long time between visits but Our Love and Our Light and Our Assistance to you have never been away from you one instant – not one hour. So, when you demand and command whatever your Heart desires, it is brought into your experience world by the Secret Power of the Love of the Great Command – the Love in the Great Command. Precious Ones, you will never have another disappointment, you will never have another limitation and your problems will fade out like mist before the morning sun.

Oh, there is so much to enjoy. There is so much that you do not know about. Why, it is like a regular exploration tour. You are going to go places where you have never seen things before, but they will all be worth seeing. When you get back you will remember the education and you will use it for Eternity. You must stir the ethers into action by your command or your demand. Then you must acknowledge: “ ‘I AM’ THIS PERFECTION IN OUTER MANIFESTATION THAT FULFILLS THE GREAT DIVINE PLAN THE ASCENDED MASTERS’ WAY; AND I REFUSE ALL OTHER WAYS AND MEANS OF BEING TEMPTED TO FULFILL THE GREAT PLAN OF LIFE.”

Call this forth for your Music. Call It forth for your perfect “I AM” Miracle Temple here. You know you have been giving these Miracle Decrees, well let’s have Them fulfilled in outer manifestation. The world is full of Miracles all the time and you have not seen anything yet. You can see Miracles until mankind just does not know what it is all about, but let Me warn you, they will certainly seek you out when you produce the Manifestations because they want to find out your Secret, and if they do not give obedience they cannot find It.

You who are willing to give obedience shall have It, and since that is My Great Joy of Life to help people give obedience which will bring them joy; well, we should be a very marvelous combination. We should be a very Royal Company. Now take your responsibilities graciously, joyously and fearlessly, because you have a Royal beginning. Be sure it is a Royal ending! This is the Way by which every desire of your Heart can be fulfilled to

bless all you contact without limit; and all that you ever talk about or do in the physical octave will be concerned with the "Presence," the Ascended Host, Their Perfection and the Great Divine, Perfect Way of doing all things. So come with Us tonight. Enter into the Great Joy of Existence and demand your Invincible Freedom and demand the Secret Power of Love's Victory of the Great Command that makes and keeps you Invincibly Free from, Eternally independent of and wholly untouched by the money beast, all its claws, all intended through it and all the so-called money power and powers and limitations of this physical world.

You are rising into the Vibratory Action of the Octave of Light and you must become a river of Its energy pouring out Its mighty Authority and Power everywhere imperfection seems to be. This will take out the feeling of fight and struggle and resistance and discord. It is the great Purifying Power of the Universe and Purity is what mankind must have if they are going to any longer have the great Blessing from those Beings Who are greater than themselves.

So tonight, I clothe you in the Mantle of My Loving Obedience to the "Presence" and within that Mantle are the Secret Powers which Love alone can bestow; and the Secret Power and Victory of the Great Command stands beside you and whispers into your ear My constant Reminder for you to command Victory.

In the Fullness of that Love which contains all things – which is the Great Magic Wand of Power and is the continual Outpouring of the Light from your "Presence" – may you enter into It tonight as I wrap Its Flame about you to keep you reminded of all It wants you to have, to make you the happiness you have always craved; and let you become the Mastery of Life's Perfection which gives to others, as the Sun gives Its Light to you; and you go forward in the world but not of it, but Master over the discord of human shadows which are no more than a rate of vibration that you cancel out as easily as you can a radio program.

Now We have taken the importance out of your feeling of

these disturbing things tonight. While you have listened to Our Words, We have been like a moving van taking away the things which have been in the attic a long time and covered with dirt that must be consumed. We have taken van load after van load away tonight because when I can remove your fear and put happiness and obedience in its place, My Dear Ones, the Angels sing and the Great God Plan of Perfection claims you into Its Heart, and clothes you with Its Power and Mastery. Then you go forward the Dominion and Victory of Light which the Great Cosmic Law of the Cosmic Christ has always commanded you to outpicture in everything until your Ascension is complete.

So Precious Ones, as we spend these four days together, let us demand they are the Victory of the mightiest Happiness you have ever known – greater than all that has ever gone before put together. It is ours for Eternity and it is boundless; therefore, we can give it to others without reservation and the Great Cosmic Law's Expanding Perfection goes on in Its Cosmic Action of Eternal, Invincible – Gloriously, Invincible Freedom.

Thank you, Precious Ones of Detroit, with all Our Hearts' Love for your Victory and now that Victory shall come back and flood Its Blessings to you for Eternity. Nobody can take away from you tonight what I have given you! That is yours forever! If you do not mind I shall prod you to remember it until you use all of Its Powers. (*Applause*)

Love Eternal holds command and Love's Obedience forever "I AM" – Thank you and good night.

MRS. G. W. BALLARD:

Beloved Frederick, as you play the "Love Star" tonight and you make the call that the Power of the Love Star goes forth without reservations on the great Flame of Beloved Saint Germain's Invincible Bells of Invincible World-Wide Victory, Light and Freedom and the Seven Mighty Elohim take up the tones tonight and charge forth the Victory of Their Great Command, will you be clothed in that which blesses the Nation and through the Nation the World.

Do you know what the Great Command of the Seven Mighty Elohim of Creation has become to this Earth? Use it tonight with the music and the bells and may Its Blessings to you expand for Eternity. Thank you!
