

BELOVED MIGHTY ASTREA'S DISCOURSE

LOS ANGELES, CALIFORNIA

SEPTEMBER 24, 1951

BELOVED ONES OF MY HEART, as We move into action with more and more Demand for these Special Activities of the Cosmic Christ Fire to move into the lower atmosphere of Earth, be prepared to see destructive forces face the recoil of their own destruction and that which they intend against others.

Since it is the Responsibility of Myself and Those Who serve with Me to consume in the atmosphere of Earth the frightful impurity, which We call the sinister force, that has been imposed upon Life, try to understand this is substance which has been qualified with destructive reaction upon mankind. When this has gone forth by the determination of individuals who have free will, then there must come the time when the determination to do evil must be removed from the Life Stream. If it is necessary to do it by suffering, then it must come that way, for all must be ground into Perfection whether it be harmonious or discordant to the individual. The Cosmic Law is Perfection and none may escape Its Ultimate Control of energy, of Life, of substance. Therefore, as long as you remain in unascended bodies your Supreme Duty is to keep calling forth all the Cosmic Christ Fire at your command to compel the consuming of that which has imposed such dishonor upon Life, such dishonor upon the Universe and such chaos in the Life Streams of mankind.

Century upon century upon century has mankind continued to destroy each other through war; and but for the Law of the Cycle into which you have entered, they would continue again. But since you are privileged to have this Knowledge of the "Beloved Mighty I AM Presence," you know your duty and you know your only Protection is the use of this Cosmic Christ Fire. Then if you give the continual Call to your "Presence" and to Us, this Cosmic Christ Fire can consciously increase and be fanned, as it were, into an Ocean of Living Flame which con-

sumes all that is destructive. This must be consumed at the mental level of the individual and at the emotional level.

In the atmosphere of Earth is the principal focus of what we term the sinister force, and it is like an atmosphere of an anesthetic, because it continually imposes upon mankind, that which keeps them from awakening to their responsibility to the Universe around them. The individual does not feel a responsibility to the Universe around him, and this is where the trouble comes in. Whether the individual knows the Law or not, does not change the Cosmic Scheme of Creation. Every individual in embodiment is held responsible under the Cosmic Law for what vibratory action goes forth from the physical body, through the mental and feeling world, into the energy of the atmosphere in which you move.

Therefore, those of you who know this Law should not only feel the responsibility, but joyously understand the privilege which is yours to use these Activities of the Cosmic Christ Fire to purify the atmosphere in which you live. Unless the individual will make conscious application enough, he or she is subject to the atmospheric pressure of the destructive energy — destructively qualified energy and the destructive rates of vibration that are constantly being poured into the atmosphere of Earth by the mass of mankind, who do not know the Law and are determined to do wrong.

People rebel against their conditions and rebel against each other, when all the time they have the Full Power to call this Cosmic Christ Fire into the physical octave to purify the very air they breathe and the atmosphere and conditions around them, until they become harmonious to the outer self. But when individuals are determined to do wrong, and that wrong builds to a certain point, you may rest assured — as surely as you have a head on your shoulders — will the Cosmic Law compel the individual to face the condition of that wrong.

Now, My Dear Ones, those of you who have Loved Ones who have attained the Ascension, can have help without limit, if you maintain Harmony and Purity and Obedience within yourselves. There isn't anything your Loved Ones who are Ascended

won't do for you, if the Cosmic Law permits, and the Cosmic Law is This to which I have reference. When you are determined to keep the outer self Pure and make it carry its responsibility of pouring out Purity and Cosmic Christ Fire of Perfection into the atmosphere in which it lives, then just as surely as you do that, will that Perfection come back to you.

All of you Beloved Ones, whether you are living under a crisis or strain, or whether you are going along in the even tenor of your way, try to realize this. You all want your Ascension, at least We take it for granted you do. I think you have experimented long enough with the misery of the sinister force down here. I should think you would want to explore other Realms of the Universe.

Since you are facing the Action of the Cosmic Law concerning your Ascension, you must keep before your outer attention this fact – you cannot take discordantly qualified energy into Our Octave. We won't have it! That's yours! The discord generated on this Earth by mankind has been the misqualified energy of this Planet. It cannot rise out of the atmosphere of this Earth and come into any other place in this System. It has to stay here until it is purified; and here is where the work must be done.

Therefore, it is no use calling for your Ascension one moment and flying off the handle the next, and then expect if something happens you are going to get your Ascension, because you won't. "I AM" going to be very plain tonight since, may I say, this is My Part of the Realm of Activity. Since "I AM" the One Who faces these frightful destructive conditions and My Legions of the Blue Flame are those Who have to bind the human creation of both individuals and groups, then I have a Right to make This plain before you, so you may not misunderstand what is required by the Cosmic Law if you are to have your Ascension.

This World needs the Cosmic Christ Fire of Immortal Purity in order to consume the impurity of hate and discord and selfishness. Unless those who know This Law will live the Law of Love, then I cannot take away from them conditions that are

distressing. The Cosmic Law isn't going to ease up on wrong, and there are no exceptions and the Law of Energy is absolute.

Therefore, since I have for a long while faced the frightful creations of mankind's terrific hate and selfishness and filth, "I AM" pleading with those of you who know This Law to come and join My Legions in the Use of this Cosmic Christ Flame, and help to more quickly purify the conditions in which you find yourselves this hour. If mankind has not learned the lesson in the past, they won't learn it in the future! Now mankind has to face the Cosmic Law's Demand that the outer self has to be purified! It has to learn to love all Life with that Pure Cosmic Christ Love which consumes hate and selfishness, discord and chaos.

Long have I offered My Assistance to the people of Earth! Could you see what it means to bind frightful creations of mankind's discord, the frightful things which have been created by mankind's ugly thoughts, feelings and spoken words, you would die in horror at the sight, and yet We have to face that! My Legions, Myself and the Mighty Saint Germain have had to look upon those creations when We seize them and bind them in the Blue Flame until they are purified. That which you see in the outer world, My Dear Ones, is almost nothing compared to the inner world. Frightful as the things are in the physical octave upon which mankind has to look sometimes, yet in the great mercy of Life the inner things have been made invisible to you, or you could not live to make the effort to improve.

It is imperative We have more Assistance from the "I AM" Student Body, to call forth Cosmic Christ Fire of Immediate Purity to strike into the atmosphere of your Nation. Because there is where the energy is that is feeding the hypnotic domination individuals have over conditions to enslave the people who are constructive, or to prevent the Greater Blessings coming into the physical conditions in your land which ought to be here.

Long have We loved mankind, and may I say to you, long will you have to love mankind whether you like it or not. You know you feel quite virtuous when you love people whom you

like, but you are not much concerned about loving the people you do not like. Now that is where you get the discipline – that is what you need. The Beloved Master Jesus said an amazing thing which nobody wants to understand: “LOVE EACH OTHER AS I HAVE LOVED YOU,” and “LOVE YOUR NEIGHBOR AS YOURSELF,” and you do not know how much you love yourself. If you did, you would be amazed at what He expects you to pour as Cosmic Christ Love to your neighbor.

Just as long as the outer self is permitted to refuse to pour out Love, just that long will it stay in its chains; and all the screaming, all the tears, all the rebellion won't change this Cosmic Law one atom. Now let us get this clear tonight! When the Cosmic Law compels the return of your own creation upon you, all the weeping and yelling on the Planet will never change that. You might think We are hard. We are not half as hard as you are – We got Free, you did not, so that is rather self-evident. I do not mean the “I AM” Student Body is particularly hard compared to the rest of mankind; in fact, you are not as hard as the rest of mankind, but My Dear Ones, if you turn on enough Cosmic Christ Love into conditions, may I say there are no Miracles that We won't perform for you.

Personally I have had to deal so many centuries with mankind's frightful creation in the atmosphere of Earth, and as far as that is concerned, around yourselves, that personally I would like a vacation, like to have the enjoyment of seeing mankind pour forth the Cosmic Christ Love which would enable Me to give some of this Magnificent Power which We wield in Our Great Octave of Life, to those who are trying to lift mankind to Greater Freedom. Now We cannot love the World for you!

When the Master Jesus said to His Disciples: “MEN WILL KNOW YE ARE MY DISCIPLES, BECAUSE YE LOVE ONE ANOTHER,” He did not say go off with a lot of foolishness. He said: “LOVE EACH OTHER AS I HAVE LOVED YOU,” and He was Pure Christ Love to them. Then He said: “LOVE YOUR NEIGHBOR AS YOURSELF,” and they did not understand how much they loved themselves either, but We are trying to

bring that Understanding, and I think “I AM” quite capable of making Myself understood. (*Applause – audience rising*) Thank you, Beloved Ones, won’t you be seated please?

With the Assistance of the Beloved Lady Master Nada, the Mighty Sanat Kumara and the Great Ones Who have recently turned your attention to the Use of the Violet Consuming Flame, I feel all of you will make much intense effort in the future to keep calling this Cosmic Christ Fire of Annihilation into that which is of the psychic atmosphere of Earth, everything that is of the psychic plane. Now don’t imagine there is anything good in that psychic realm. There is not, except God’s misused energy.

If the Cosmic Law would permit all the atmosphere, all the substance and energy in the psychic stratum of Earth to be suddenly consumed, you would positively almost float in the atmosphere. You would feel so light and joyous and buoyant in the release of that pressure from the very air you breathe. Often have you, or sometimes when you go downtown or into a locality where there is a heavy, oppressive atmosphere or there is soot or smog and you stay a few hours, then when you go home you are so glad to get out of that. You go into the atmosphere of a great city, then you go into the mountains or woods, and you are so grateful to get out of that and into pure air. Don’t you see you are in the pressure or feeling of this psychic substance all the time.

Well now, with this intense Use or greater Use of this Cosmic Christ Violet Consuming Flame for which We have called, you can move in the midst of these other conditions, insulated in your own atmosphere, provided you have called enough for that Violet Consuming Flame to enfold you, and you keep sending It out. Here is the Secret! If you keep It flowing continually into the atmosphere about you, It keeps the atmosphere pure. Therefore, the discord of the outer gets no chance to run back into you and locate to disturb your world. So in self-defense, My Dear Ones, the important thing is to keep this Violet Consuming Flame so continuously active in and around you and pouring out through you and the atmosphere

about you, so you do not feel the pressure of the impurities that are everywhere in the psychic stratum of Earth.

Since My Service to the Earth at this time is to consume as much as possible the discordantly qualified substance in the atmosphere of Earth and to release individuals who are caught in that psychic stratum, provided the Cosmic Law permits their release and they have learned the lesson from their experiences, how do you think that comes about? Individuals who have been caught in the conditions of the psychic stratum through war and otherwise, are fastened there more or less by their uncontrolled emotional outbursts. Every time the feelings are disturbed or are rebellious or angry, they fasten themselves to those conditions of limitation; and wherever the Higher Mental Body calls to Me to cut the individual free, it is My Privilege and My Joy, I assure you, to release one Life Stream after another from the controlling force in the psychic stratum of Earth.

There is your full accumulation of all the destructively used energy through war! Now you are beginning to get some kind of an idea what I meant when I said, if you were to suddenly look at the creations there you would die in horror at the physical sight. You would pass from the physical body. This is what We are asking you to avoid by more continued Use of the Violet Consuming Flame.

Now in using That, it is not just to give the Decree. When you call forth the Violet Consuming Flame, FEEL IT! Hold the Picture clear in your mind! See Its Action! FEEL Its Action! Demand that It stay permanently! Demand that It expand continuously! Demand that It increase hourly! Then you have so much Action going on of the Violet Consuming Flame in and around you, these discordantly qualified substances in the atmosphere cannot come in and make a connection with you.

When the Messenger said tonight that every Temple, every Study Group and home of those under This Radiation – everywhere you send forth these Calls and these Dictations have been given, the ground becomes Holy Ground. These buildings are Sacred Places! Once you have called this Sacred Fire into outer action the Law answers; and if you understood what the Great

Presence of Life and the Ascended Host have offered when you have made these Calls and They have answered you – if you really felt and knew That with every fiber of your Being, the Heavens would open and bring you such Miracles as you have never dreamed possible.

“I AM” here to explain This clearly to you tonight, so We may prepare you and give you Greater Blessings, if you will do This; and when I say, draw forth more Intense Action of the Violet Consuming Flame, it does not mean with tension. When you make the Call and hold the Picture clearly, then if you want an Intense Action of that Violet Consuming Flame, send the Intense Love of your Heart to that Flame! Love that Flame, and surely that is not a strenuous thing to do. You do not have any trouble loving your children. There is nothing strenuous about it, and there should not be in your Call for the Violet Consuming Flame.

When you call any of these Activities of the Cosmic Christ Fire into physical conditions of this World in your Decree, and when you make your Call, hold the Picture clearly. Then as you hold that Picture, send the feeling of Love from your Heart to that Flame. When you send Love, Love will answer you, for the Love to this Sacred Fire may not be denied by any Being in Our Octave.

Therefore, to bring this Cosmic Christ Fire into the atmosphere of Earth to consume the psychic stratum, then as you call Great Oceans of this Cosmic Christ Violet Consuming Flame to sweep and sweep and sweep through the atmosphere of Earth and consume the whole psychic stratum in the atmosphere, then hold that Picture; send your Love to that Flame; and as surely as you send that Love, will Love come back to you.

We have given you an infinite number of ways and means of drawing these Activities into your outer use, and what We have given you is Eternal! What We have given you is All-Powerful! What We have given you is the Law and Gift of Love Supreme, and if something human persists, it simply needs more Violet Consuming Flame called there, and the Flame loved enough to intensify It. Because, while your Decrees are Calls

that go forth and are the Demand upon Life, the Life to bring these into your physical octave for use, your Love to That which you call forth is the Magnetic Power which draws It here, and this is why just an intellectual statement of a thing does not produce manifestation.

Unless the energy and the feeling in the Heart, through Love, send forth that Love which is the Magnetic Power to draw It here, It would always stay in the mental realm. We have talked about Love, and still mankind knows very little about It. Now the Love from your Heart is the Action of the Great Central Sun Magnet from the Great Presence of the "Mighty I AM" there, and the Magnetic Power is in your own Heart's Flame. Therefore, when you call the Violet Consuming Flame in and around a condition and send forth your Decree, make your Picture clear and sharp, and pour your Love upon It so you may fulfill the Requirements of the Cosmic Law. Then your "Mighty I AM Presence" and the Ascended Host can lower This into the outer physical atmosphere and into your conditions and will bring the Fulfillment of your Calls infinitely more quickly.

You cannot get away from the Law of Love. You might just as well make up your minds to quiet everything else, push it aside as if it had never been. Make your Statement of the Law in your Decree, hold your Picture, then pour the Love of your Heart upon it, for that is your Love to Life, and Life will come back to you with more Love. When you send Love to Our Octave or to these Activities of the Cosmic Christ Fire, It sends back infinitely more than you can send up to Us. Therefore, there is no limit to the Power you may draw into conditions to correct them, and if they are not corrected, they are silently saying to you: "Well, you haven't used enough Violet Flame! You haven't poured enough Love to draw It into the physical octave!"

"I AM" here to help you tonight, because I would rather pour My Love to you and help you understand This and draw this Cosmic Christ Love forth in and around yourselves. It will be very much more joyous for Me to help you understand this Love and use It, than it is to keep consuming the human

creation in the psychic stratum of Earth. One is a very great Joy, I assure you, the other is what We consider Our Cosmic Duty in order to keep the Earth itself from dissolving.

Mankind has no concept of the quantity of energy they have sent forth into the atmosphere of Earth qualified destructively. It is the most frightful dishonor to God, and therefore, We are trying to consume that dishonor; and you, if you want Protection against the destructive forces of this world, will have to draw the Violet Consuming Flame by your Decree, by your Picture and by your Love. This is the Three-Fold Action, and as you draw these three Activities together within yourselves, you will find such happiness, you will find such a feeling of masterful accomplishment as you see conditions change more rapidly for the better, that you will understand it as the Secret of Manifestation.

You know the Beloved Saint Germain told you in the beginning, twenty-five per cent of instruction is in the spoken word and seventy-five per cent is in the Radiation, and the Radiation is the Feeling of Our Love. In other words, We speak the words and that is twenty-five per cent of the energy, but when We pour the Flame of Love from Our Hearts, that is seventy-five per cent of the energy which makes people comprehend what We say. Therefore, if you want to manifest in the physical world all which overcomes evil or holds you protected against it, then twenty-five per cent is in your thought and your Decrees — your mental Picture and your Decrees — and seventy-five per cent of that which produces manifestation is in the feeling of Love which you pour into it.

I do not believe you have ever quite had the feeling or the understanding that you had to pour your Love into your Decree. You thought if you just said Decrees enough, it would send forth the energy and it would force the manifestation, and it does; but when you want something very much or the necessity is great, you want it with such intensity that there is the feeling of Love goes forth to it. This is what produces the quick fulfilled Decree.

When you are happy and you love to do a thing, it is done

very much more quickly and much more perfectly. Tonight "I AM" giving you the Secret of Love, and That is what Beloved Master Jesus meant when He said: "Love your enemy as yourself"! Then if you want to pour forth good to someone you will give the Decree and hold the Picture. You pour your Love to the Fulfillment of the Call. You pour your Love to the Flame which produces Perfection, and let your neighbor alone. Is that clear? You see THE GREATEST ART IN LIFE IS MINDING YOUR OWN BUSINESS, a thing very few people know how to do, but nevertheless, we can all learn, in fact some of Us have learned through hard experience centuries ago.

So Beloved Ones, since there is so much to do in the consuming of this terrific condition in the lower atmosphere of Earth, produced as the aftermath of three wars, I plead with you – Oh, I plead with you forever – to keep using this Power of your Cosmic Violet Consuming Flame with all the devotion you know how to send forth. Love It as you love the dearest person on Earth! If mankind could have the Love for the Violet Consuming Flame which they have for the love of gold, you could clear the Earth almost in no time. You do not understand mankind's craving for gold. To them it seems to represent Power over their fellow man, and they are almost insane when they think they can get some of it for nothing. If they had that same Love for the Violet Consuming Flame they could precipitate the gold as easily as they could raise their hands.

"I AM" giving you the Secret and the Powerhouse of the Universe. "I AM" giving you the Secret of whatever Manifestation is required to fulfill the Divine Plan. People crave these things when they should be craving the "Presence," and then the Powers to produce these things would be a natural action, an Outpouring of the Love from the "Presence" and of their Love to the "Presence."

So as we go forward, "I AM" sure you are going to enjoy the housecleaning of the centuries, because that is what you are facing. That is what We are facing, but if you will clean your little house down here, the little circle that surrounds you, it will make My Task very much easier; and the sooner I get

through, the more Accomplishment it will be for you. The sooner you get to work, the quicker I will get through. I think I will enjoy your association very much in your co-operation with Me, and "I AM" quite sure, you will enjoy the Love I pour through the Violet Consuming Flame, as you feel your release from one condition after another that has bound you so long.

Now Dear Ones, when you need supply, as you decree for the supply, hold the Picture, then pour your Love to the "Presence" and the Power which makes that Picture clear. You can pour your Love to the Picture, and It will be the Magnetic Power which lowers It into your outer use. People have been given the Powers of Life, My Dear Ones! You have. You all have the same Life as is in the Central Sun! Life is One! We have given to you, within that Life, all the Powers from within the Central Sun, and they lie quiet, but when you give your Decrees, you set Them into action to do for you what fulfills the Divine Plan at the present time.

I say to you any manifestation you draw into the outer physical world for your use, if it be not qualified with this Love, will bring you more problems. This is why "I AM" pleading with you to pour forth your Love to your "Presence" and to that which you wish to manifest, only to fulfill the Law of Divine Love so you do not draw things to you in ways that bring distress with them. By sheer force of your desire, you can compel things into this physical world, into your outer use, but with them you bring a thousand problems when you have only one now. "I AM" trying to help you avoid this.

If you fulfill the Law of Love to your "Presence" first, then as you give the Decree and hold the Picture, send your Love to the Picture and see It lowered into your outer use, you will have fulfilled the Requirements of the Law. Then that which comes to you through your own Love and through your Love to your "Presence" cannot bring in its train distress. You close the door to further mistakes.

My Dear Ones, if I were you and wanted a quick release I would take my stand and demand the Mightiest Cosmic Christ Love of the Violet Consuming Flame in Its Cosmic Christ

Action go into every mistake you have ever made and compel the correction of that mistake. Why, you would be Free in no time! If you demand the Cosmic Christ Love of the Violet Consuming Flame in Its Cosmic Action correct every mistake you have made and demand God's Will done on Earth as It is in the Ascended Masters' Octave and the Divine Plan fulfilled, My Dear Ones, you will move forward in the Victorious Accomplishment of all ages. I tell you, you will know Success; you will know Accomplishment; you will know Protection; you will have Supply that I cannot even describe to you until you experience it yourself.

Please believe Me tonight! I want you to be Free! I want this Love to manifest, so hate may die and selfishness be consumed forever; and the only way to do it is to use this Cosmic Christ Violet Consuming Flame in such Cosmic Christ Power, that everything which is not Love is dissolved by That Violet Fire. It must be done some day, My Dear Ones, and the sooner you do That the sooner your world is set into Divine Order; and you are armored with Power to go forth into greater Accomplishment which affects your Nation.

You can make the Calls for this Cosmic Violet Consuming Flame to go into every part of your government and keep intensifying and expanding It; and as you see It expand, pour your Love to It, until tomorrow It expands a million times more. I tell you, Dear Hearts, you will as surely have success as you do it; and We want you cut Free from these limitations. We will not limit you! Energy and substance do not limit you; and the only limitation this outer self has is because it will not send the Love to the "Presence" and the Cosmic Christ Fire which enables the "Presence" and the Sacred Fire to come back to you with the Love that brings you the Fulfillment of your Call.

There is no Power greater in all Creation than this Cosmic Christ Love, and this Cosmic Sacred Fire is that Love from the Great Central Sun. I have used It throughout many, many centuries of time, and I shall use It until this World is purified. If you will help Me you will automatically raise your own worlds into the Perfection you have desired but which as yet has

not manifested in its Fullness. You cannot be Free without It! There is just one Law of Perfection and It is the Love of the Sacred Fire. When you have been giving the Decree – the Sacred Love of the Sacred Fire – this is exactly what it means when you love the Sacred Fire, because It is the Flame of Life from your own “I AM Presence” and from Our Octave and from the Great Central Sun.

Your Love to the Sacred Fire will as surely manifest the Miracles of Its Perfection as you send It forth. Oh, could I talk for Eternity, I would show you what that Love has done throughout infinite space and throughout aeons of time. It is the Supreme Power of the Universe. Therefore, the individual who enjoys pouring It forth will automatically live in the world of his own and have the Fullness of every Good Thing.

I want the “I AM” Students all financially Free! I want you Free in health, in mind, in body, in your affairs; and that Freedom is this Love which you pour to the Violet Consuming Flame. Love It with all your Heart, with all your mind, with all your feeling, with all your strength. Love It! Love It! Love It! and It will come back and love you and do for you what nothing else can.

Oh, that you could realize tonight the Fullness of all I want you to have, and I shall come again and again and remind you until you do understand Me. (*Applause – audience rising*) Thank you, Precious Ones, won't you be seated please?

Now the reason We are turning your attention and concentrating upon this Violet Consuming Flame and asking you to use It more consciously and with greater Power every day is because through the warring conditions of the World, they have been releasing more and more energy through the atomic bomb experiments; and this is sent forth with destructive intent. It energizes the destructive forces in the atmosphere of Earth; and We are hoping you will understand this and go into action with more of the Violet Consuming Flame, not only to offset this, but to keep yourselves insulated against it.

You will find every time mankind designs something more terrific in its destructive activities, We will bring forth and design

something more Powerful on the constructive side. You whom We love so greatly are those to whom We come first and to whom We bring the Power so you may stand against these other forces; and the Light of the Cosmic Christ ever intensifies as the Incoming Cycle progresses. You will find Its Light blazing brighter and brighter and your Violet Consuming Flame blazes brighter and brighter, until the shadows of the anti-Christ cannot live, cannot manifest; and the psychic substance in the atmosphere of Earth will have to pass through the Cosmic Christ Fire and BE purified until it approaches Perfection.

So I commend you tonight to the Great Joy of loving this Violet Consuming Flame and these Other Activities of the Sacred Fire, which you have been taught, with an enjoyment you have never known before. As you feel that greater joy will you go forward with a sense of Its Power to do that which lifts you and your fellow man into the Victory of Light everywhere you go.

With all the Love at My Command and with My Cosmic Christ Legions of Blue Flame, We shall stand and watch every opportunity to amplify the Cosmic Christ, Victorious Love and Power of the Violet Consuming Flame everywhere you call It forth. We shall intensify It and anchor It permanently there to continue in Its Eternal Purifying Action. Then will you find resistance growing less in your own world, to every constructive thing you desire to accomplish; and that which has been of interference of the past, with those who want to go forward in constructive activities, will become instead the Hand that clears the way.

This Violet Consuming Flame knows no opposition! It knows no resistance! It cannot produce one thing that does not bring Perfection to Life. It is as free as the air you breathe; and all the Cosmic Law asks is that you love your "I AM Presence" and you love the Violet Consuming Flame which sets you Free. It is very little to ask for what It gives; and it is the Secret of all the Perfection you could ever desire.

May the Fullness of Its Cosmic Blessings come to you now, keep you sealed in Its Heart, cut you Free from everything of

discord; and lift you, lift you, lift you into the Glory of Its Heart; and show you what Its Love can do for you in the Power that It releases.

So Beloved Ones, as My Task goes on in clearing away all those frightful things We do not want you to look upon, your assistance in calling This into action around yourselves will be appreciated very greatly by all of the Ascended Host. Then will the Legions of the Violet Consuming Flame accomplish Their Work more quickly in the outer world as you do This day after day, and the whole Student Body becomes part of Our Legions of the Violet Consuming Flame, the Legions of the Mighty Saint Germain's Freedom to the Earth, because in using This, you yourselves become Free as you give us the opportunity to free the atmosphere of Earth from this which wants to create more destruction. You will free the Beings of the Elements until They will love you for Their Freedom.

Oh, it is so wonderful, Precious Ones! Do not hesitate to go forward in Its Glorious Use and make It your daily, your momentary activity of Great, Great Victory.

To the Mightiest Power you have ever used, do I call you tonight. May your own experiences blaze around you their Victory, and that Power help others be Free more quickly. We shall stand your Guard as you love this Violet Consuming Flame; and nothing equals It anywhere in the Universe. Nothing is a substitute for It; and everything that is of Perfection in all Creation has some of this Violet Consuming Flame within it. Glorify It by your Use of It, and let It glorify you with that Love which keeps you Free and supplies you with every Good Thing forever.

To the Mightiest Happiness you have ever known, do I call you tonight, and I will help you and help you and help you, until you are the Victory of Its Glorifying Fire everywhere to Life forever.

Thank you so much.
