

BELOVED OROMASIS' DISCOURSE

WASHINGTON, D. C.

MAY 14, 1944

Y BELOVED BEARERS OF LIGHT in the City of Washington, D. C. — you who gave Me recognition in the months past — I come to you today to bring an Action of the Fire Element, which I will plant as definitely and as positively as you would plant a rose bush in your garden. I come to bring this Power of the Fire Element and plant It within and around each of you and in various activities of this city, where Its Radiation may go forth every moment and consume and keep consumed the discordantly qualified substance which sustains destructive action and beclouds the people's thoughts and feelings, so they do not clearly receive the Direction from the "Presence."

This Flame, anchored within the mental and feeling world of those in this city, will help to clear away the confusion and the substance of hate, anger, resentment and battle that hold them slaves to destructive forces and individuals.

There is an Action of the Fire Element I wish to explain to you today, to make you feel, or to show you how you may feel deeply, the Reality of this Sacred Fire which I direct.

Since "I AM" called "Prince of the Fiery Element," and since I was originally a Being of the Fire Element and came up through the channels of human manifestation into the condition of the Ascension — that Mighty Victory — then My Keynote, so to speak, in the Universe has been the Action of the Fire Element from the beginning. From It I have never varied, and I want to show you a Balance which you can call into Action through the Use of the Sacred Fire, that will help to hold Protection, Freedom and the Victory of the Light for yourselves and all mankind against the mass accumulation of destruction.

As mankind in their implements of warfare has intensified their destructive actions and qualities through more and more use of the Fire Element, then the Cosmic Law from the Great Central Sun offers to the people of the Light a more Intense Action of the Fire Element to be their Protection against slaughter and discord,

and to anchor the Balancing Power into the structure of the Earth, which is eventually the Victory of the Light. Every time the outer consciousness of mankind has devised something more vicious and destructive, you will find the Great Cosmic Law and Intelligence from the Great Central Sun have brought forth into the use of those who do not want to be a part of this, some added Action of Light that was more Powerful, also to be their Protection to stand against that which opposes the Perfection and Fulfillment of the Divine Plan.

As the unconscious activity of Life is to the conscious, as Beloved Saint Germain said to you, so is the Action of the Light to the Action of the Fire Element. You would not have a Radiation of Light anywhere on the Earth, if there were not a Focus of the Fire from which the Light is the Radiation and can pour forth. You would have no Rays of Light and Radiation of Light to this Earth, if it were not for the Action of the Sacred Fire which is focused into the Physical Sun.

Therefore, when you enter into the Action of the Flame and are calling forth more of Its Cosmic Power, then you are releasing much more intensely qualified energy. It is much more concentrated and It is much more dynamic than just the Radiation of the Light Itself. May I give you a very concrete example? You take the gas flame on your stoves and you come near it with your hand, and its radiation is comfortable and you can stand it; but the radiation does not consume a piece of paper or anything that you want to dissolve back into the universal until it comes within a certain radius of the flame itself. It has to almost touch the flame before it ignites.

Well, just so with the Action of the Fire Element against destructive forces. The Radiation of Its Light goes before It and begins to interpenetrate gradually into the destructively qualified energy, but if you want to consume completely the wrongly qualified substance, then you apply the Flame Itself, to dissolve human hate, anger and human destructive feeling of every kind. If your Beloved, Precious Saint Germain had not given you the Action of the Violet Consuming Flame, your human accumulation would have remained around you centuries longer; for no group of

mankind has been able to purify itself and bring forth the Intensity of Light and Constructive Action and Substance within ten years or twelve years, that has come through Beloved Saint Germain's "I AM" Activities since He brought this Knowledge forth!

The Light which has illumined mankind throughout the centuries has always been here, and has come forth age after age and poured forth Its Radiance through those who were Its Bearers; but every time there has been a Great Release of Light to the Earth, you will find, at the Inner Level, there was some Special Action of the Flame or the Fire Element into the individual or the group of individuals who carried that Light, in order to be the Sustaining and Expanding Pressure, which gave and drove that Light into the mental and feeling world of mankind to give them greater assistance.

So it is today! So shall it ever be! The Flame is always much more intense in Its Action than is the Radiation from the Flame. When you enter deep enough into your Calls and Action of the Sacred Fire, you will find there can be sent forth at your Command, from the Hand of your "Mighty I AM Presence" or the Hands of the Ascended Host, what would look like Light Rays to the physical sight; and Those can be projected to any distance and held fastened to any particular point until the manifestation is changed. But you would find a Flame within that Ray, which releases Its more intense Energy and Consuming Power or Manifesting Power, to change the condition to which you direct It; and that Flame, within the Ray, can be driven forth with the Cosmic Pressure of either the Seven Mighty Elohim from the Great Central Sun or the Cosmic Light. Because the Cosmic Pressure from any Great Cosmic Being is an Action of the Fire Element, driving and amplifying That which you call forth and That which your "Presence" directs to fulfill your Decrees.

This is what is necessary in your city this morning! While the Inner Currents have been reversed, and were a year ago last September in Seattle at the Inner Level — the Currents were reversed for the Destiny of America and the Victory of the Light throughout the World — but it takes some time to reverse all the

energy that mankind has been qualifying with destructive qualities in the outer. It takes some time for that current of energy to stop its action and begin to be withdrawn into the Compound, where it is Purified and Consumed and released back into the Universal. But those Inner Currents have been reversed, and please do not ever accept anything else to the contrary! The larger the accumulation of the energy — the greater the focus of it — the longer it takes to move it in an opposite direction, doesn't it? But when you once get it reversed, and the Pressure is added to that of the Cosmic Assistance, then it moves into action like a snowball coming downhill, which gathers its own momentum by its own action. Then you begin to see the outer manifestations changed more rapidly.

I want to say something encouraging to you this morning, because from the outer standpoint, when masses of humanity slaughter other masses of humanity, they are not gaining any victory. When you injure and destroy a Gift of God, then you injure and destroy more Gifts of God, you have not brought into outer action anything but greater disaster; and those who have ordered this increasing destruction, you will find, will ultimately be held within its action, too. They cannot send it out against Life and not pay for it! I want you to notice, the Action of the Fire is to purify, is It not? While It has a Dissolving Activity, It also, in Its most Concentrated Action, has a Powerful Constructive Blessing and Action to mankind.

If you had no fire to cook your food, you would be in a rather bad way, wouldn't you, unless you learned to eat some other way? Well, you may have the most Intense Action of the Fire Element that you desire to cook your food, and when you use It that way, It is power of great accumulation, but It has nothing destructive in Its action to either you or the rest of the Universe. So whatever Intensity of Power is required to draw forth any Action of the Fire Element to produce any manifestation which is constructive, It is always at your Command and always in agreement with the Eternal Divine Plan. There is nothing in the Universe which would withhold That from you, when you use It only constructively. But since the Action of the Fire Element to

purify is what is needed now throughout the World, then the more you can call into outer action the Power of the Sacred Fire, the quicker will you assist the Divine Plan and the Ascended Masters to change conditions in the outer world that are wholly opposed to the Fulfillment of Life's Divine Plan. The Destiny of all Life is the Fulfillment of the Divine Plan; because there is a Cosmic Authority and a Cosmic Law and a Cosmic Action of the Fire Element Greater than all on this Planet put together; and That can be called into Action to govern the whole. It is This added Assistance that I wish to offer you this morning. "I AM" not limited in My Direction of the Fire Element. Since It has been Mine from the beginning and since I have never varied from My Devotion to It, then I stand in that Authority of Life which enables Me to direct It without any limit whatsoever; and I work a great deal of the time with the Mighty Astrea and the Mighty Archangel Michael, as well as your Beloved Saint Germain.

I have not had too many Calls from you, Precious Ones, to purify the atmospheric conditions in which you move. Some of you gave Me Calls for awhile, and then you forgot Me! When you were calling, it gave Me an opportunity to keep consumed that which causes your struggle and resistance to your Perfection; but when you forget Me, then I must go about My Business in other channels, until you want more of Me and more of the Flame which I direct!

You remember the Beloved Godfre saying to you several times in those great Shrine Classes, that when I walked through the room, the inner resistance in the mental and feeling world was consumed in a few moments! I trust that is a Blessing to you! You are all struggling in an atmosphere charged with ever-increasing rates of vibration, that are thrown off from the mental and feeling world of mankind by their spoken words, their acts, from your radio broadcasts, from so-called music which is wholly destructive, from the sounds of the big cities — all those rates of vibration are pounding against your emotional bodies. They pass through you because your ears hear them; and if they have passed through your bodies, then they have deposited their qualities of disturbance there. This is why you feel tired and have to lay the body down

every so many hours, because you cannot stand any more of it.

Do you quite understand what mankind has done to Life in their persistent misuse of its energy? "I AM" charging This forth today with terrific, dynamic Force and with the Power of the Blue Flame to burn through that which wants to hold mankind in its destructive clutches longer. Do you quite realize what it means to release destructive rates of vibration into the atmosphere about you, to increase the pressure already weighing heavily upon the Forces of the Elements and upon the Planet itself? When millions of mankind are already using concentrated electronic force through the implements of war, to shatter and release that destructive quality everywhere — do you know what they have done to Life? No! There is no one on Earth knows! No unascended Being knows where they stand before the Almighty Light of the Universe, where they stand before the Judging Powers of Life. None knows what they have done to Life, when they release discordantly qualified energy. No unascended Being knows; and if they comprehended a thousandth part of what they do, even the most vicious would stop it for Eternity!

This is why I come to bring an Action of the Fire Element to burn out of the feeling world those rates of vibration that continually and persistently build more destructive conditions in which to suffer longer. I marvel when I go here and there and see the constant streams of Life's energy pouring forth that shadowy substance into the atmosphere and in which mankind are enmeshed; and you would never be free without the Assistance of the "Mighty I AM Presence" and the Ascended Masters.

Now we are not going to dwell longer on this, but I make these Statements this morning, so you may think Them through and understand what penalty has to be paid by the Planet, when mankind decides to loose a war against Life. Thank God it is held within the atmosphere of this Earth! Thank God it cannot touch the other Planets of the System, when mankind has gotten so far away from the Original Plan of Happiness and Perfection and the Building of the Great Cosmic Scheme and Plan of Perfection!

May the Power of the Sacred Fire, which I direct, help to release you from every idea that is a rate of vibration and is not

the Perfection of Life; to release you from every feeling, from every habit, from every desire, from every destructive etheric record that has ever touched your Life Stream or acted through it! Not that it was innate within Life, but if you use Life's energy and qualify it destructively, then it has gathered about you as your limitations of mind, body or affairs; and until you are as beautiful, as free, all-powerful, loving and luminous as the Ascended Masters are, remember, there is still some substance that needs the Action of the Fire Element to purify it and raise it back into its own Original Divine Pattern of Perfection.

Now, if you will call to Me, whenever there are many people in a room, whether it is in the "I AM" Sanctuary or wherever you may be, whether it is in your office, at school, in any business association, in a department store, on the street — whenever you see many of mankind gathered together, CALL TO ME TO SWEEP EVERY POWER OF THE SACRED FIRE WHICH I DIRECT THROUGH THEM AND BURN AWAY ALL RATES OF VIBRATION THAT ARE HOLDING THOSE LIFE STREAMS IN CONDITIONS OF DISCORD!

This might sound like a peculiar expression to you, but in the Use of the Fire Element, do you know, one rate of vibration that is more rapid than the other can burn up the other? If you had an half-inch or an one inch thick plate of steel, and you just put a light against it, you would not burn a hole through it, would you? Yet the Fire Element can be concentrated to the point, where it not only burns through that plate of steel but consumes everything as it burns through, leaving no debris. Well then, that Action of the Fire Element has consumed that which is less than itself! Now "I AM" speaking of the physical Action of the Fire Element. You cannot have that in the physical world without having, at the Inner Level, the same Mighty Action, which was the cause of that which produced the outer Action. You have the same Action in the mental and feeling world of the Fire Element which you have in the physical substance. You cannot have the outer, unless there is something from the Inner to produce the outer. You never could have a building, if you did not have a blueprint. If you never had an idea of the design of that building, you would never build a

building in the outer. Well, just so is the Action of the Inner Fire so much more Intense than the outer, that there is no comparison.

Now you have an opportunity, and "I AM" going to do some pleading for the Mighty Astrea, in addition to the little He did for Himself in Chicago! I wonder if you quite realize in what position mankind stands to Life! The Mighty Astrea said to those in Chicago: "CALL TO ME TO SURROUND ANY DESTRUCTIVE CONDITION OR ACCUMULATION WITH MY CIRCLE OF BLUE FLAME AND LET ME CLOSE IN UPON IT, STRIKE MY SWORD OF BLUE FLAME INTO IT AND CONSUME IT, AND THEN REPLACE IT BY PERFECTION, SUSTAINED AND EXPANDED FOREVER!" He said: "'I AM' willing to help you consume anything that has been wrongly created! Call to Me and 'I AM' willing to do this, and I have Limitless Legions at My Command to accomplish it!" Then He said: "While 'I AM' grateful and willing to help consume all the miscreation, yet I would like a little Love! I would like to just pour out My Love to you! I would be grateful, if you would love Me! Not that I need it, but I could come back to you and do so much more for you, if you would love Me and not just call to Me when you are in distress! I would like to show you My Service of Love as well as My Consuming Power!"

I stand in much the same position as the Mighty Astrea! "I AM" ready and grateful for all of your Calls and will help to consume everything human, until there is none left on this Earth; but I would like to show you just once what the Love of My Fire Element can do for you! Won't you let Me show you what the Love within My Flame can produce, if you will call It forth to plant Perfection by the Sacred Fire, to build Beauty and Blessings and Power of those Blessings without limit to bless all that is, and all that is yet to be, and go on and on and on and set all Free! You do not know how Great My Love is! None of you do! I might be a very great Revelation to you, if you would experiment with calling forth My Love of the Fire Element, for I have loved It a long, long, long time; and My Momentum of Love of the Fire Element can give you great, great Assistance!

So "I AM" ready to help you clean your house, but I would

also like to help you decorate it with My Love, My Blessings and My Perfection of the Fire Element after We have consumed the results of your mistakes. We often watch mankind — some of those who in prayer call for assistance when destruction becomes so great that they are desperate, and they turn in that desperation to God and call for help, and We always give it; but oh, how soon the attention, just like a rubber band, goes right back again to the desires, habits and conditions that build more of the same destructive accumulation. They, most of the time, forget Us until the next crisis and tragedy and threatening condition comes about, and then they remember: “Oh, there was something Above the physical world!”

The pull of the physical world is far greater than anyone knows. The magnetic drawing of its energy to hold mankind's attention, so it can sap the energy of the Life Stream and sustain its destruction longer — that is all it is! It is a vampire; it is a leech upon Life, and it must be dissolved and consumed! “I AM” grateful for the Privilege of being called into Action, so I may help to consume it; so I may release Life everywhere from all that was never intended to be; but I would also like to show you what I can build with the Love of the Flame! I could show you Designs and Things which are made of the Flame more Beautiful than any eyes have ever beheld on this Earth — Beauty of which you have no concept, that would make you, on bended knees, worship a Power and an Action of Life which could produce such Beauty, such Purity and such Perfection by the Fire Element!

Mankind is like they were living in the tenth sub-basement of darkness and destruction, compared with That which is Above in the Beauty and the Garden of Life, which is so full of Happiness and Beauty, Action, Joy and Blessing! “I AM” showing you the two extremes this morning, so you may have more Fierce Determination to never again accept or be a part of the feeding of destructive forces through your attention, your spoken word or your thought and feeling to anything destructive!

Now may I help you release yourself from many problems, many limitations, many conditions under which you are struggling, that are wholly unnecessary and from which you can be free as the

birds of the air, if you will do as I offer in My Assistance today! MAY I ASK YOU TO COMPLETELY FORGIVE, AND WILL YOU PLEASE FORGET EVERY MISTAKE ANYBODY ELSE HAS EVER MADE, INCLUDING YOUR OWN! Please do not try to make a bargain with Us! Most prayers have been bargains in the past; and please do not ever set a condition upon Life, upon any other part of Life, which holds from that part of Life Our Perfection and Expanding Blessings! Now do not do that thing! Do not ever say to Life: "Well, I will do so-and-so, when somebody else will do so-and-so!" Oh no, because that is resentment! Do not try to tell Us what to do! Beloved Saint Germain is Head of This Work; and the day that you can continually say: "Well, I THINK THIS LOOKS LIKE WHAT I WANT OUT HERE – I THINK THIS IS RIGHT – BUT 'MIGHTY I AM PRESENCE,' YOU TAKE POSSESSION OF ME AND ABSORB ME INTO YOUR ARMS AND YOU DO HERE WHAT FULFILLS YOUR DIVINE PLAN, AND DO NOT LET ME EVER AGAIN DO ANYTHING OR HAVE A DESIRE FOR ANYTHING THAT IS NOT THE FULFILLMENT OF YOUR DIVINE PLAN, REGARDLESS OF ALL APPEARANCES!"

People often say: "I want to serve the Light"; and the first time a request is made that disagrees with their own previously laid plans, then like a Texas steer they kick their heels in the air and dash for somewhere else! I have seen that millions of times. It isn't because the desire to serve the Light was not sincere, for it was and is, but that old human thing, that is determined to have its own way if it blows the Universe to pieces – Precious Ones, that has to go down! If you mean sincerely that you want to serve the Light, then it means to stand always before the "Presence" as a child and say: "Yes, if it is Your Will, I am grateful and happy and I have no other desires!" The moment you are Free, Precious Darlings of the Light, the moment you do not have another human desire, you will have Peace for the rest of Eternity, because all habits that are not habits of Freedom are the condensation of your feelings and desires of the past.

Now will you follow me closely! Remember, all habits that are not the Freedom of your "Presence" and the Ascended Masters

are the condensation of your desires and your feelings of the past. So if those habits come up and just insist they have to have their own way, then those desires of the past still have their heels on your necks and they will sit right there until you throw them out; and I come to help you burn them up, so when you throw them out, somebody else does not pick them up! That happens more often than you think. You might drive away your own creation when you get fed up with it and you take the firm stand to order the thing out – it will recede for the time being, but if you do not consume it, it will stand there and on the next provocation rush forward to do again the same old thing!

May I protect you this morning from something else that has happened thousands of times. Under the Action of the Cosmic Law, when world events are whirling in a certain direction, people who call to God – and those under This Radiation – your desires are very intense sometimes to shut off this destruction. But just remember, they are no more intense than Ours. You do not want Freedom from this outer world destruction one-millionth part as much as the Ascended Masters do; you cannot possibly want It as much as the Great Cosmic Beings do! So if you sometimes get fed up on it, what do you think about Us? What do you think of the Great Sanat Kumara, Who for two and an half million years has watched mankind do this thing over and over and over again. But be very careful of the feeling in yourselves of “Why do the Ascended Masters allow this?” This is resentment and will close the door, as sure as you have it in yourself. Never pass judgment on Beings Who are Greater and more Perfect than yourselves! You are not supposed to know, but you should rest in Their Wisdom; for That which was Great enough to build the Planet is surely Greater than what came upon it. If those Cosmic Beings, Who built the Planet, can stand by and let the pressure of certain destructive forces be released from the mental and feeling world into outer action, so when They once start the housecleaning, there is no momentum left to spoil the Work of the future – that is no reason They do not know Their Business and do not want mankind to be Free; because They do! Never allow your feelings to sit in judgment upon Those Who are Greater than yourselves; because if you

do, you will lock the door against Our Help as sure as that feeling comes out of you! It is the most dangerous thing a Student on the Path can do, or the rest of mankind, because it is resentment and rebellion, because the Divine will not do the will of human beings, as you see it.

The outlook you have upon Life is only as great as that would be of an individual who stepped into a building that maybe was blocks long and looked out of one window and saw one piece of scenery and said: "Well, that's what it is like outdoors"; and another looked out of another window. . . . It does not prove that that is all there is outside; because each one sees his own angle of it doesn't make the other person's angle wrong. This is what "I AM" trying to bring to your mind — the Cosmic Beings and the Ascended Masters see the whole picture, the whole world; and more than that, They see all the causes which have gone before from the beginning that have produced this holocaust; and Their Judgment is far wiser and far more balanced than yours who are caught within the whirlwind of its action! So be very, very careful about never allowing a feeling in you to go forth of "Why do not the Masters do so-and-so," according to the way you see it. That is very dangerous! Do not allow it! If you have done it in the past, just say: " 'Mighty I AM Presence,' " I call on the Law of Forgiveness! Reach Your Hand out and stop the action and reaction of that, and send my Love to the Ascended Ones in humble apology," and then the way is cleared and you won't have to experience shutting off any further Assistance. Because when you do that, Beloved Ones, you absolutely forfeit the right to any more Help from Our Octave. That is a very, very dangerous thing! If it is kept up, it would make it impossible for Us to come to you!

Please, from this hour hence, may I have your word of honor from this moment, and may I shake your hand — and "I AM" asking you for a Promise today — to ring the curtain down on your own mistakes and those of everybody you ever knew! Won't you give Me your word of honor and hold My Hand of the Sacred Fire today, that will shut the door with a Wall of Flame behind you, and will never again let you remember your

mistakes or the mistakes of another? Oh, if you could do that — if you will do it — because you can if you want to! If you want to shut that out as much as you want to talk about it, when it comes up, you will do it; but your free will is paramount!

IF YOU WILL SHUT YOUR MOUTH AND NEVER REPEAT THE MISTAKES OF ANOTHER HUMAN BEING AGAIN, YOU WILL KNOW SUCH FREEDOM; YOU WILL HAVE DELEGATED TO YOU SUCH POWER AND ACTION OF THE SACRED FIRE — SUCH PROSPERITY, SUCH HEALTH, SUCH BEAUTY AND PERFECTION CAN BE ENTRUSTED TO YOUR USE, AS YOU HAVE NEVER DREAMED EXISTED IN THE UNIVERSE!

The reason “I AM” asking you to do That is because of this. Supposing you started to purify this building — wanted to redecorate it — and you scrubbed it from top floor to basement — supposing you cleaned everything immaculately, and you wanted it to stay like that after you redecorated it and put your beautiful furniture in it — would you, when a great cloud of soot, perhaps from your neighbor’s building, was whirling in the atmosphere about you — would you go and open your windows and doors and let that flood in to spoil that which you had made beautiful? You certainly would not do that, would you? Well, you are asking your “Mighty I AM Presence” to purify you and give you the Power of Precipitation and the other Great Powers of Freedom, which Life holds within Itself. You are asking the “Presence” and the Ascended Masters to assist you to release These Powers for your own Perfection and the Freedom of your fellow man. Well, these Powers can only come and be entrusted to those who have exerted self-control and mastery to the point where they won’t let come in any further mistakes or the records of the mistakes of the past; because if you were endowed suddenly with the Power of Precipitation and you did not control your attention or your desire to repeat something about some one else’s mistakes, and the Power of Precipitation had already been released, you would precipitate right out in front of you instantly the condition of which you were speaking! It is a Force already flowing through an open door, and if you open that door, It will act in everything. When you draw

those Powers of Life into the use of the outer personality, They will remain there, and then they are acting in everything you do. That is what made black magicians. Once they learned the concentration of power, and they became resentful, it was an action of the Life Stream which had been drawn into outer action and built the conditions that have enslaved mankind today!

These are the things, the desires, the habits and momentum in your feeling world that have to be stilled, dissolved and consumed, before the Limitless Powers of your "Presence" and the Ascended Host can be released to enfold you and flow through and heal on the instant! Is it worth it to sacrifice that desire to tell something about somebody else? Is it worth it, when above you stand the Infinite Powers of Life, which have produced the Infinite Perfection of the Universe around you, and They are ready to be concentrated and flow forth through you? Is it worth it to keep Those back, when you would have Their free, Limitless Use here in this octave to help perfect the Universe around you? Is it worth it to be denied Those just to gratify the feelings to speak more words of conditions that you do not want and nobody else wants? Won't you govern that spoken word? From now on, if individuals who have unfortunate human creation have built world-wide conditions of wholesale destruction — instead of sending out criticism, won't you just say: "Well, that old human creation one day has to fail, and the Light and Power for which I stand shall one day take its place and remain in Supreme Authority and Perfection forever!" That is your privilege! That is what Life will give you, if you will call to Life! Life has been giving you everything else you wanted! You spoke your destructive words, and destructive conditions came upon you. Why not? Life is so ready to close the chapter. It is like an act on the stage. The action takes place, and the curtain is rung down. What happens, Precious Ones, when the play is over? You walk out of the theater, don't you? You leave it behind. You can do the same thing with your habits, desires, feelings and your recognition of others' mistakes, as well as your own; and **YOU WILL NEVER BE FREE, UNTIL YOU SILENCE THE TONGUE THAT REPEATS THE MISTAKES OF OTHERS! LET IT DIE!** If it has touched something that affects you, just

say: “ ‘Mighty I AM Presence!’” Remember, you have that All-Powerful, Marvelous “Presence” above you, that Glorious Being of Light, and so has the other person who might seem to be doing wrong – and if you would speak to the “Mighty I AM Presence” of both – and if it is a great activity, you can say to the Great Central Sun: “GREAT BEINGS OF LIGHT, REACH OUT YOUR HANDS INTO THAT CONDITION; STOP THE ACTION THERE OF ALL THAT IS NOT OF THE LIGHT! CONSUME ITS ACTION AND REACTION, AND REPLACE IT WITH THE ASCENDED MASTER PERFECTION AND AUTHORITY TO BE MAINTAINED AND EXPANDED FOR ETERNITY, AND DO NOT LET THAT THING TOUCH LIFE ANYWHERE!” When you plead for that Freedom for the rest of Life, you will not be limited for one single second! There isn’t a thing you can ask of Life which would not be flooded to you! UNTIL YOU HAVE CONQUERED THOSE HABITS AND THOSE FEELINGS AND THOSE SPOKEN WORDS, THE POWER OF PRECIPITATION CANNOT BE RELEASED FROM THE “PRESENCE” OR DELEGATED TO YOU BY THE ASCENDED HOST! It would not be wisdom; and the Cosmic Law is very wise; the Cosmic Law makes no mistakes! The Ascended Masters make no mistakes! The Cosmic Beings make no mistakes!

I congratulate many of you, who are silent by nature – by just habit and temperament! Some of you, just the very silence which is maintained is sometimes a very great Armor of Protection about you! I would commend you for That; and just go on and your worlds will soon reveal to you what a blessing and protection that has been and will always be!

“I AM” going to say something else, because I have seen and heard this thing several times throughout the country. I would ask you all to be very careful about the words you use concerning any Ascended Master or Cosmic Being, or any Action of the Fire Element or that of the Light. I would not joke with those subjects, because they contain Power of Light that is of very great magnitude. I would never allow anyone in My Presence to speak anything that is disparaging, even in a joke, about the Ascended Masters, without calling on the Law of Forgiveness right then and

asking the Silent Watcher to silence and consume that thing from the Universe forever! Call to Me! I have many Beings of the Fire Element whom I will send to you as your Co-workers and keep such things consumed, if you will let Me! So do the Beloved Archangel Michael and the Mighty Astrea! So does the Mighty Goddess of Light! Won't you, won't you, won't you feel deeply your Love, Respect and Gratitude to these Great Cosmic Beings which They now are, of Life's Perfection, so Their Names and Their Qualities, and Their Activities of Life are always a Sacred, Marvelous Thing to you. It is a Mighty Privilege to know of Them, to have Them come close to you and give the Instruction, so you may have something to hold your attention to that is a Mighty Magnet to draw you out of the distress and limitations of the centuries.

The Ascended Masters' Names are Sacred! Their Activities and Their Love and Their Qualities are so Wonderful! They are so dignified and yet so natural and so kind; and I would be very careful about speaking lightly of Those Who are so Magnificent and Whose Power is so Infinite! Just because They want to be close to you so They may give you the greatest Help possible, does not warrant anyone ever speaking lightly of Those Whose Love is so Great, Whose Purity is beyond that of any human intellect to comprehend, and Whose Power of Light blesses so constantly with Perfection to all without limit; Those Whose Forgiving Love through the centuries to you has been so Great! Try never to allow any of Them to be spoken of lightly, without full Love, Respect, Gratitude and Acceptance of Their Presence with you; for you do not know how many times They stand beside you, and hear and see all that you do and say and feel, and look to see where They may assist you when the opportunity offers.

Your Precious Saint Germain, bless Him forever! When He loved Beloved Jesus so greatly, His Gratitude to Beloved Jesus will never be anything but Eternal and Ever-Expanding, because it was through Beloved Jesus that He got His Freedom! It was through Beloved Saint Germain that your Beloved Godfre got His Freedom; and it was through your Beloved Godfre that This Beloved Messenger obtained Her Freedom! When we really love, we will not be

disrespectful to Those Who are so Great, so Pure, so Powerful, so Forgiving! May I just remind you of This, so the Student Body may develop a close family feeling to the Ascended Masters, with never any disrespect or any lightly spoken word or flippant remark. Please, do not do these things! These things are necessary to be eradicated from your habits, from your feelings, from your action of Life, if you are to be endowed with those Powers of Precipitation, Etherealization and Instantaneous Healing Power. These Powers, and the Use of Them are so Marvelous! They give you such Freedom! They give you such Joy, such Opportunity to help the rest of Life; and it isn't worth it for the fraction of a second to do anything which would delay Their Fullest Use and Action through yourselves!

The World needs everything the Great Ones can give this hour as never before. For a few moments in the silence, will you turn your attention to your "Beloved Mighty I AM Presence" and to the Great Central Sun and ASK THIS DAY FOR THE QUICK RELEASE OF THE ONE MIGHTY STROKE THROUGHOUT EVERY WARRING CONDITION IN THE WORLD, TO SHUT OFF THE FRIGHTFUL SLAUGHTER AGAINST OUR LOVED ONES AND THE REST OF MANKIND! FOR JUST A FEW MOMENTS, LET OUR HEARTS MAKE THE CALL TO EACH ONE'S "PRESENCE," TO THE GREAT COSMIC BEINGS AND THE GREAT CENTRAL SUN, TO RELEASE WHATEVER IS NECESSARY TO STOP THIS FRIGHTFUL THING AGAINST LIFE! MAY ALL THE POWER OF MY SACRED FIRE GO FORTH ON YOUR CALL, TO BURN OUT EVERYTHING IN THE UNIVERSE WHICH MAKES MANKIND WANT TO DESTROY OR HATE OR CREATE DISCORD FOR ANY REASON!

SILENCE!

May there be charged into the atmosphere of Earth this hour a Cosmic Pressure and Power of the Cosmic Light, which illumines the atmosphere and shuts off and makes impossible of action any destructive activity of war for any reason!

SILENCE!

Now may I remind you of something which I think will give you Great Happiness! Many times — before I start with that, this is one of the Reasons “I AM” reminding you this morning not to pass judgment in thought or feeling upon what the Ascended Masters have done or may yet do in the outer, or why They do not do something you think They ought to do. For this Reason — many times, from the Inner Action of the Law, They allow destructive forces or individuals who have great destructive accumulation to build certain outer business activities to a certain point, and then, by an Action of the Cosmic Law move that out of their hands and into a constructive channel, and in that way short-circuit the fulfillment of many of their vicious plans against mankind. This has been done thousands of times. That is why you do not always know what the Great Ones have planned or what They are letting work out, when They permit certain things to spend their destructive force on the Earth. Just remember, if you rebel against these conditions, certainly the Ascended Masters do not want them; and if some of the frightful conditions of war weigh heavily upon your feelings, well, those Great Ones, Who love you and Who love Life, do not want that condition to exist any more than you do!

Now may I reveal to you a Power of Love, the Love of My Heart, and the Love of the Hearts of the Ascended Masters and the Cosmic Divine Love which you will one day become! Follow Me now in your own feelings and ask yourselves if “I AM” not right? Supposing someone you loved very much became caught in the destructive forces; and you, knowing the Law, want to attain your Ascension and perfect your part of Life, which is your obligation to the Universe. Answer Me this — would you be completely happy, if one you loved, or many that you loved, were still held in the conditions of suffering of this world, even though you were an Ascended Master? Could you be completely happy, when that which was a part of yourself and whom you loved was still in the condition of suffering? Then will you not realize what We, as the Ascended Masters, feel to you, the “I AM” Students, who many times are still struggling in conditions of viciousness and destruction of the outer world.

Do you realize that through the centuries you have been children of many who have now Ascended? Then isn't Their Life Stream of energy in you? Wasn't Beloved Saint Germain's Life Stream of energy in the Beloved Godfre and the Beloved Donald, His pal? Would not some of His energy enter into those Life Streams, when they were His children several times throughout the ages? They really are a Part of Himself, are they not? Well then, could He be completely happy, when some of Himself is still in suffering? No! That is what it means, Precious Ones, when We ask you to discipline your human selves. It means you will have more Light and more Power while you are yet unascended Beings, to use through your own authority of Life to lift the mankind of this World, of whose body you are a part.

Then will the mankind of Earth, from their impulse and desire for the Light, from their own octave, become the authority that helps to raise the whole more quickly into the conditions which are the Fulfillment of the Divine Plan. That is why it is not well — never is it well — to have the feeling, "Oh, well, they are just determined to go to destruction." Never say that to Life — never, never, never in all Eternity — do not say that to Life, ever! If you were caught in a whirlwind of destructive force, some of which had been imposed upon you and did not belong to your Life Stream, and you were sinking into the quicksands of destruction, would you not be grateful for just one person sending Love to help you up and try to draw you out of that? Would you not be grateful for that assistance? Well, don't you think the "Presence" and the Higher Mental Body of everyone on Earth would be grateful to you for your Calls for the consuming of the human creation, and Commands for the Fulfillment of the Divine Plan through every Life Stream?

This is what I mean by Cosmic Love, Cosmic Divine Love, which sees the perfection of the whole and never turns its back upon any part of Life, until all Life has been freed from every quality that is less than Ascended Master Perfection. May every Power of the Fire Element which is at My Command be yours in Action and walk the Earth through you every moment until your Ascension, to be commanded to go forth, whenever you choose to

direct It into conditions that are less than perfection. May It stay in sustained, ever-expanding Action, until no human qualities remain anywhere to bind Life in either discord or limitation.

This is what I mean by Divine Love! You see many conditions in the outer world of almost total depravity; but no matter who it is, remember, above that Being stands the "Mighty I AM Presence" and Higher Mental Body of that Life Stream, and that Life Stream is the Twin Ray of some other Life Stream who might be Ascended, and that will never stop, until the Life is drawn out of those conditions, consciously the master by the Power and Recognition of the "Presence" and the Help and Love and Purifying Activity of the Assisting Masters. This is your opportunity, Precious Ones! This is the need of your Nation! This is the need of the World this hour! Because people do depraved things and frightfully destructive things in the outer world does not ever warrant you ceasing to call for the annihilation of the human and the Victory of the Divine forever.

I told you, and so did the Mighty Astrea, that We would like to show you the Service and the Feeling of Cosmic Love — Our Love, which is Cosmic Love! I would like to give you just a sample of how much I could love you, if it were safe to give you That much Flame this hour. Therefore, I will give you as much as you can stand from day to day, if you will accept It. I will not intrude It, for I may not at any time intrude anything from My Octave, but I shall go on loving you and pouring as much Love as you can accept, and when you want more, It is yours as freely as the air you breathe! May I have the Privilege of showing you how Great My Love can be and making you all of Its Presence, until the whole World is Free?

May I stand near you many times, when you are surrounded by others of mankind? May I walk beside you and pour My Flame to consume the substance that is not as pure as the Heart of the Goddess of Purity, and keep on purifying it — and on and on and on, and just keep It expanding, until the human can no longer stand against the Increasing Pressure of the Cosmic Light and the Cosmic Divine Love of the Sacred Fire, which "I AM" to the Earth forever?

May the Fullness of all I can give you be set into outer action through you, and may you call and command, with all the authority of your Life Stream without any limit, the Powers of the Sacred Fire which I direct to go into all outer Action and to raise, redeem, purify and perfect all to which you direct your attention and protect all that is of the Light, until there are no more shadows.

May everything in My Life Stream I have to give go forth this hour and be anchored permanently around the physical bodies and the Life Streams of our Beloved Donald, all the Younger Generation and incoming children, all in the National Defense, every prisoner from America in foreign lands, all the wounded, all concerning the three Americas, their people and their resources, every person, place, condition and thing under This Radiation, and keep sustained in Action Ever-Expanding Power, Pressure and Action of the Cosmic Love of the Sacred Fire without limit, and dissolve and consume by the Love of My Flame that which is not of the Light, until all are Ascended and Free!

I thank you for the Privilege of being here this morning! I thank you for the Love, for the peace and quiet in your feeling worlds! I thank you for the Love you have given and the Calls you have made! May I be an ever-present Help in time of trouble, and may I be your Loving Co-worker when you are not in trouble, and My Love show you what I can give by the Power of the Sacred Fire!

I thank you!
