

## BELOVED LADY MASTER NADA'S DISCOURSE

CINCINNATI, OHIO

NOVEMBER 20, 1945

EVENING

BELOVED ONES OF LIGHT, "I AM" very grateful for the opportunity of speaking to you, to pour a Radiance the best that I can give, to convey to you what God-Authority means to you and the Universe around you; and how you may at all times, in the midst of any condition, call It into outer action, and in the Authority of the Ascended Host all the outer is compelled to give way before your Command.

The hypnotic control of the destructive forces in the outer world, through constant suggestion of discord into the feelings of mankind, has held sway so long in the emotional body and by suggestion to the intellect, that mankind in their feelings have forgotten their God-Authority. The mass of mankind does not even know there ever was such a thing, but those of you who understand This Law and will accept the Radiation which We pour forth, can draw once again from within your own Life Streams as you did in centuries long gone past. You may draw again such Mighty Power through the Recognition of your own Authority over everything human that you will give Us very great Assistance. It will enable Us to speed up the cleansing of many conditions that otherwise might be some time being removed from the Earth.

In every cycle there comes the time when the Vibratory Action is increased and there is a sudden notice of that in the outer world. Well, you are approaching such a time during the Seven Sacred Weeks; because as the intensifying Activity of the Cosmic Light takes place, together with the other Two Intense Actions which will be focused at that time, it will make everything on the Planet speed up in whatever the activity is. So if there are those who are working for the constructive side of Life, they will find very much quicker response to their Calls and the Manifestations of all which is constructive come much more quickly into outer action at their Command. The destructive forces will very

much more quickly feel the recoil of the destruction they have already sent forth.

So at this time I wish to remind you of the Authority which you have always had. Ever since you first individualized from the Great Central Sun, you have had the Authority of the God Flame of your own Life Stream to command Mastery over the human and to command the annihilation of all that is human.

Now this has much to do in the fulfillment of the outer activities of both the Students, America and the World, of both the Fulfillment of the Divine Plan of your Life Streams and the Fulfillment of the Cosmic Fiat which the Great Victory issued — that none on Earth should fail. The Cosmic Fiat which He sent forth was definitely registered not only in the atmosphere of Earth, but that Fiat touched into the etheric record of every Life Stream on this Planet at that time. In other words His Love, His Forgiveness and the Power of His Victory, because of that Love, have sealed every Life Stream on this Planet unto the ultimate Victory of the Ascension. In other words, He has sealed the Life Streams of this Earth against the “second death.”

That is what it means, Blessed Ones, to have the co-operation of Great Cosmic Beings Who are the Cosmic Law to this Earth and Whose Love is so great, that having poured It forth through the centuries, one day it comes to certain Cycles of Activity. Then those Great Assisting Powers come into outer action to take command at a certain point and to finish rapidly That which fulfills the Divine Plan.

The Mighty Victory in that which He has offered to you in the Use of His Ascended Master Consciousness, in the Use of His Flame of Victory of hundreds of thousands of centuries of Victory, He has offered that Authority and the Use of that Flame to you. Therefore, do you not see, in the acceptance of the Authority of your own Life Stream and the Use of that Cosmic Authority, which He is and has offered to you in addition to His Cosmic Fiat — do you not see there stands ready through the Use of His Flame to surge into a condition, whatever is necessary to give you the Victory over the human?

I wish to remind you tonight again, that the Mighty Victory

and Cha Ara were the two Who stood with Beloved Saint Germain, besides Myself, to try out the bringing forth of This "I AM" Knowledge at this time. They saw down the Life Streams of those who were to carry This Light, and They have offered, from time to time, everything from Their Octave which you could use down here. With all that has been said about your Calls to your "Mighty I AM Presence" and to Us, still the Student Body does not understand the full Authority which is theirs, both in their Life Streams and in the Use of the Ascended Masters' Consciousness and these Great Cosmic Commands from the various Ascended Masters Who have offered Special Activities for the more rapid accomplishment of the Victory.

I wish you to think deeply tonight upon your Authority over human creation. When you really fully accept and feel and recognize the Complete Authority and God-Dominion of the Sacred Fire in your Heart and the Power of your Higher Mental Body over all human conditions in the outer world, when you really realize and accept That deeply in your feelings, you will exert an entirely different power over discord than you do before you get this Full Realization which I trust I will be able to anchor completely within every atom of your beings tonight, while "I AM" explaining This in Words. During this time there will flow into your emotional bodies the Feeling of your Authority over the human activities of the outer world and the Consciousness within you of your Momentum to bring That about instantly at your Command.

You see "I AM" certain Authority in America over the incoming civilization. That which Beloved Saint Germain is to bring forth within this Nation is a part of the Divine Plan over which He and I have been Authority for a long, long time. We have worked together many, many civilizations and We have always brought them to their height.

Therefore, in explaining the Power of your own Authority tonight, which I wish you to become conscious of and use in more dynamic power in the outer, you will be charged with a Fierce Determination to put an end to everything human that comes to your attention and quickly.

I wish you to feel your Divine Authority tonight in Its Fullness and that means the Power within your own feeling world to command discord to cease and impurity annihilated. So long mankind has felt that they had authority over each other when they never did, but it has never dawned on them to use their Authority with a Fierce Determination over human creation that is bent on complete annihilation of that which is not of God; and it is to arouse the Student Body to the greater Use and full Acceptance of the Authority of their own Life Streams to command and to compel everything human annihilated at your Command.

I wish you to feel powerfully within yourselves the Fierce, Relentless Determination to absolutely annihilate everything human – not with a sense of fight, never that, but with a sense of Mastery and Authority which commands a thing to cease to be. There is all the difference in the world in entering into a situation with a feeling of fighting about it and the Feeling of Authority and Power which compels it consumed. Now this is the Authority which I wish you to accept and to practice in your daily life.

I take this example, because I think it will touch your feeling world the quickest. If you had a considerable sum of money, each of you, that was already your own, “I AM” quite sure very few, if any of you, would allow somebody else to just come in and take that and be the authority over it, would you? (*Someone in audience said “No”*) Thank you for being honest. Well, My Dear Ones, this is what I want. I want this same Feeling in you when human creation and discord attempt to come in and interfere with your Authority of Harmony. I wish you to get right up and do something about it, just like you would in that case. “I AM” quite sure you would devise a means very quickly, and probably very powerfully, to prevent anybody having authority over that which was yours, especially if you needed it. “I AM” quite sure of that.

Now then, you would get right up, “I AM” sure you would use physical force, anything that might happen to be handy, and that is what you have to do with human creation. If every time anything human seeks to disturb your Harmony and the Authority of your God within you or your affairs, if you would get right up quickly and do something then about it and go after it with that

Fierce Determination and say: "You are going to get out of here," then proceed to command it into the Violet Flame; why Precious Ones, you would hardly know yourselves in thirty days, if you really would exert that same God-given Authority over everything human in your world the moment it showed any signs of manifestation.

You have no idea what terrific energy you can generate in about one second when something deeply touches your feelings to interfere with that which you know to be yours and over which you feel you have authority.

Now then, you know how many things you have done in the past when intruding conditions attempted to touch those of your Loved Ones over whom you seem to think you have authority. Some of you have done some very drastic things in the past when you thought somebody belonged to you and somebody else wanted to take them away. You all have done some very strenuous things, in your feelings at least. Well, of course, that stirs up much discord. That is not what I wish you to do now, but if you will take your God-Authority and use It over human creation, whether it is in yourself or around you, you will be amazed when you have thoroughly decided to do that how quickly the human creation will find more fertile fields. There is not anything on Earth which makes destructive forces recede so quickly as your complete decision to move into action on the instant against anything that seeks to create discord.

If you had a lovely home and grounds around it, and some depraved creature came down the street and sought to intrude into your lovely domain, you surely would assert your God-given Authority, and you would get somebody else to exert theirs and help you. Well, We are in the same sort of business. If you will assert your God-given Authority over the human and call to Us, together We will accomplish it; because We will get busy with Our God-given Authority and Our Momentum, which is much greater than yours, and combined with that which you are releasing in the physical octave, there will be no such thing as failure. There could not be, not to Us; and therefore, if you will recognize that ninety per cent of Victory is taking command of a situation on the very

first contact, you will find your God-given Authority will flash with enough power right at the first to completely repel a destructive condition before it can get anchored. It is sometimes but a very little effort to throw a thing out on the first wave, but you let something anchor for thirty seconds and you may have to work for thirty days to get rid of it. This is the difference of not being alert to the necessity of seizing the human creation on its first appearance instead of contemplating it long enough to let it get in and disturb you.

So tonight, "I AM" going to offer you, not only My Love which I have long ago offered, but tonight I want you to be aware of My Authority in America; and if you will remember This and use It often, I think you will be greatly delighted at the speed with which We will accomplish certain things which shall minimize very quickly many conditions that are disturbing you, and will dissolve many problems under which you are struggling now and from which you can so easily be Free.

You know, the Mighty Cha Ara has been a very close Friend of Mine for a long while, and I often watch Him. Sometimes individuals who have asked Him for Assistance, or rather sometimes they do not even ask, but He often just discusses something with someone. To the person it seems like a problem, yet after five minutes' conversation with Him the Feeling comes over the individual — why! it is all cleared out. Everything is going to be all right and the whole release comes. What do you think that is in Mighty Cha Ara? He has an unusual faculty for making people feel That quite quickly. It is His Authority and Mastery which is His Momentum of Dominion — His God-Dominion over everything human; and He is so charged with It, that someone coming into His atmosphere to discuss a problem begins to absorb His Feeling. Pretty soon they feel — well there is not any problem, because to Him there is not. He knows that in the Ascended Master Power which He wields, He has but to pour His Radiation into a condition and It compels it to change; and so do all of Us in the Ascended State.

Those of Us Who have been Ascended perhaps longer than some others, have a very much greater momentum of that; and My

Dear Ones, one gathers a very great momentum of God Feeling and Authority or Victory after twenty-seven hundred years in the Ascended State! I have been Ascended more than that, a little more, and that is quite a while to exercise your God-given Powers and feel your Authority grow and grow and grow in the greater Knowledge which you draw in the Cosmic Activities of Love's Great Garden of Life.

So if you choose to call My Authority into action whenever you seem to have human problems, or human distress attempts to ride in – if you will call forth My Cosmic Authority, I think you will find very rapid results; and within yourselves there will grow an expanding Power of your own Authority which will enable you to help others more quickly also.

The Great Divine Director is the Authority over every Life Stream. At a certain point on the path, He has to observe the intensity of the Light and the Power of expansion within the individual. He observes That within the Life Stream; and because of the Cosmic Authority which He is, My Dear Ones, at that point He has all power to release completely all human accumulation around that Life Stream, if, by so doing, the Light and Mastery which can pour forth through that one can be used in a wider capacity to render service to a great number of mankind. He has watched through many centuries and done That for many, many Life Streams and He still does It.

This is the Purpose of the Cave of Light in India; because in the Assistance which He gives, He not only strengthens the individual after He has removed the entire human accumulation, but He expands through that Life Stream His Authority over human creation. Therefore, He adds to that Life Stream a certain Pressure of His Own Power accumulated through long centuries. He can make an individual, for whom He renders that Service, feel Himself and feel His Authority that has rendered service so long, to go forth; and in that Feeling is released a Pressure of Energy which, when someone comes for assistance, the Feeling surges and the first thing you know the assistance is given.

Now, this is due to both Radiation of the Substance and Flame which is His Great Cosmic Momentum of Love and Blessing

throughout the centuries; and It also comes forth because of the capacity in which He serves in the Action of the Cosmic Law. The Cosmic Law has made Him the Director of certain Cosmic Streams of Energy to this Earth. Therefore, in addition to His Own Momentum of His Individual Life Stream, there is the Enfolding Authority which is a more Intense Action of the Flame from the Great Cosmic Law which He has become to the Earth in that Assistance which He renders.

Now you, too, can have a similar experience, or rather increasing Momentum only, of course, on a lesser scale. In drawing forth the Mastery and Authority of your own Life Stream and in your own daily activities, you take the Command and Fierce Determination that everything human shall end right now; you exert the Strength and Mastery of the Fire Element in your own Life Stream; and That will expand the Light in you. Then, when you call forth the Authority of Myself or the Great Divine Director or Beloved Saint Germain or any One of the Ascended Masters to Whom you choose to look, at the time there can enfold your own Expanding Light the Flame from Our Octave and It becomes an Action of the Cosmic Law around the Expanding Power of your own Life Stream.

This is why many times, as you accept the Authority and Momentum which We offer, you sometimes feel timid and uncertain about demanding something, but as you call the Full Authority and Strength from your own Life Stream with determination to accomplish that; and then ask Us to enfold you in the Cosmic Flame of Our Authority and clothe you in That and then surge It in, through and around you, you will, all of a sudden, like that (*motion of the hand*) pick up Courage and there will come into you a Strength beyond anything you have ever experienced. It will generate in you the Fierce Determination of Courage and the Power to go forth and accomplish Victoriously that which you almost feared to attempt, because of the doubt of your own power.

So this which "I AM" offering you tonight, in the way of My Cosmic Authority, will lift you many times into a Victorious Accomplishment; and in that you will feel your own Mastery.

Because It will allow more of your own Life Stream to release; and in that way you will attain permanent Strength in the greater Expansion of your own Light. It will arouse and generate within you more and more determination to always demand that which is just a little bit beyond what you seem able to do at the present time. Yet, as you try to do It and call forth this Authority and Mastery from within your own Life Stream's enfolding Wings, you will always go forth to Victorious Accomplishment. This is what It means when We exert certain Authority in the Incoming Civilizations. It means We have drawn forth from the Great Octaves of Light more Action of that Fire Element; and the Momentum of That around Us carries Our Feeling of Complete Victory ever since We attained the Ascension! You see this is growing greater for Us all the time, the same as your Momentum is growing greater for you, as you use the Action of the Cosmic Law in your daily life to overcome your problems.

So I wish you to feel tonight the Determination to use the same Fierce Authority over everything human to throw out what disturbs, the same as you would an individual who would seek to come in and be the authority over your finances, whether it be by surprise or slow intent, it would not make any difference. If you caught them doing it, you would do something about it. The same thing applies with your problems and in the world around you whenever you meet human creation.

Many times in passing by sordid conditions you feel, "Oh, that belongs to someone else, that is not my business." That is not exactly Universal Love. If We were to do that to you, "I AM" sure your distress would last a long time. So when you see human creation – conditions that you know to be wrong, if it be a great momentum of great viciousness, you can issue a Command in the Name and Authority of the "Mighty I AM Presence" and the Ascended Masters, the "Mighty I AM Presence" of another individual – if the condition be that of something wrong with an individual, you can issue this Command in the Name and Authority of that Life Stream's "Mighty I AM Presence" and Higher Mental Body and that of yourself. You can issue the Fiat for the complete Annihilation of that human creation; and then call Our

Authority and Action of the Sacred Fire to enfold it until the Victory manifests, be it now or in some other Lifetime hence.

As you issue this Fiat and you use your own Cosmic Authority of your Life Stream enfolded in Ours, you become like a Great Magnet, a great Leavening Force in all mankind wherever you move on the Planet. You become then always a Raising Activity of the Sacred Fire just by your own Commands. Many times you do not do a thing on the physical side other than issue the Decree and your Call to Us, but you have no idea from the Inner Level what it would mean for a thousand people in one city – for instance, during their waking moments, whenever they pass by conditions that were wrong, just silently to give the Command and call Our Authority in there for Eternity to annihilate that human. Why, Precious Ones, you could build such a Momentum of That it would be like a Comet going into a place like that (*motion of hand*) and sweeping out one focus of human creation after another, and you have no idea what that would do in even a year's time, if every one who understood This Law would feel the Full Determination and Authority as each one issued that Decree and then made the Call to Us.

As you feel your Authority over the human and you order it out of the Universe and compel its annihilation within you, there would grow such a feeling of Dominion and Mastery that the very intensifying Expansion of your own Light, the ever-increasing of that Feeling around you would be observed by others; and they would take that up and they would feel their mastery over the human, until the first thing you know the general run of mankind, whom you contact, after awhile would begin to exert that same God-Authority over discordant conditions, even though they be not "I AM" Students.

This is your Power of Radiation, and in the acceptance of your Authority, the assistance which you can give to Life everywhere. You have no idea how those destructive forces of that human creation will know you mean business when you have arrived at the point where you really do it. When you come to the point where you have decided to annihilate everything human that attempts to cross your path, every bit of human creation on the Planet knows it.

Just the same as when you flash your Call to Us, all the Ascended Host see that Light and would be aware of your Call into Our Octave. It is a crude illustration, but nevertheless it is apropos. When the telephone bell rings in the house, everybody else knows it, don't they? Especially when you are trying to sleep, everybody else hears it. When a light from a locality flashes into Our Octave the Ascended Masters governing that condition all are aware instantly of that Call when it comes to Us; and when enough Calls come, We do something very tangible about it. We answer every Call, but when a lot of Calls or many Calls come in a short time, well then, it is a very joyous Experience for Us, for That is an opportunity through which We can accomplish a great deal in a short time.

So I wish you to feel tonight your complete Divine Authority over everything human; and if there is some imperfection in the body that you don't care to have remain there, take command of it. Just talk to it like you would a little yellow dog that came into the house. You take the broom and say: "Now you get right out of here," and you follow him up until he does. You can do the same thing to your bodies. No matter what has happened to your bodies – anything that has happened, has happened because you either accepted it or created it. In any event, it was all by your permission; so if you refuse permission for it to exist any longer it will have to get out the same as it came in.

Now you say: "Yes, that sounds all right in the intellect. I know you are right but" – and what is that "but"? Nothing but doubt. The minute you make excuses for the human you have yielded your Divine Authority to the sinister force. This is the thing "I AM" coming to. This is the thing I want you to take notice of tonight. The moment you make an excuse to the human, you have yielded your Divine Authority to the sinister force. This is its subtle hypnotic excuse and means of control over mankind through doubt and fear; and the Mighty Master Jesus made it very unmistakably plain when He said every human being has to pass through those two doors of doubt and fear before you can have Freedom.

So if you will exercise your Divine Authority – and I have

another very close friend besides Beloved Saint Germain and that is the Mighty Ray-O-Light. He does not get a great many Calls and I do not know of anyone Who renders greater Service than He – that Mighty Being Whose Service to the Earth is to release mankind from fear; and all that is human is some form of fear of the Divine. So if you will exercise the Mighty Authority of your own Life Stream to demand the annihilation of all doubt and fear in your Life Streams, My Dear Ones, you will go forth as if you were in a balloon or airplane. You will just take off like that (*motion of the hand*), the lightness in the body will be so great. I do not mean you will levitate immediately, but you will feel like you were going to; and it is a very delightful sensation.

The Student Body themselves do not work enough in their Application to annihilate doubt and fear within their own feeling world; but the day you get up and decide within yourselves and you demand the end of all doubt and fear in your feeling world and in your affairs, My Dear Ones, the hour you decide that, and then if you back up your decision with Fierce Determination and agree with your “Presence,” from then on your problems will dissolve! Your problems only exist and tie themselves to you by some form or some stream of energy qualified with doubt or fear, or sometimes both. Fear of the human is doubt of the Divine.

Do you remember Beloved Saint Germain saying: “If you love Me, how can you doubt”? And if you love your “Presence,” how can you fear? Fear is but a lack of love to God. So from tonight on, if you will use your Divine Authority and clothe yourselves in My Authority and Ray-O-Light’s Authority I think you will have some of the most delightful Surprises you have ever experienced in any embodiment. So I just offer you the Open Door tonight, through which you may have an opportunity to use this Power and prove for yourselves and in yourselves just how great is God’s Authority when called into action over the human.

I know the world is full of a great many wrong conditions, but the Universe is overflowing with God, so there is no excuse for fearing the human and no excuse for not calling the Victory of the Divine into outer action and holding the God-given Authority that was delegated to you when you first individualized. It is because

mankind has yielded their authority to the sinister force that it holds them in conditions of fear, doubt and distress, when if all that authority and power were given right back to the “Presence” and you stand with your “Presence” and say: “Now blaze Your Authority through me and You be the Authority here! You dissolve the problem and see that I am free from all that is human! I demand you put an end to everything that has ever been of the shadows.” Then as you place this Call within the Heart of your “Presence” and you feel Its Divine Authority in your world, and then you stand true to That without wavering, My Dear Ones, the “Presence” will say to you: “Well, that is what I have waited for during the centuries. Now we will move forward to Victory”; and It will come, My Loved Ones. As surely as you sit here tonight will there come that Freedom, that Mastery, that Opulence and that Feeling of Complete Power to annihilate everything that is wrong and compel Perfection to take its place and expand there for Eternity.

If there are weeds in your lovely formal garden you do something about it. If you see them come up there, you pull them up yourself or you get a gardener to do it for you, but you get rid of them. You use your authority as to what is in your garden. You determine what flowers are to be there or fruit or vegetables or whatever it is, you determine by the use of your own God-Authority what you have in your home or your garden; and you must do the same thing in your feeling world or activities and events of Life through which you gain certain experience as time goes on. The day you make your decision one hundred per cent final, everything of the sinister force knows when you determine to put an end to all that is not of God. It knows that just as plain as it knows you have a “nose on your face” – just the same as you know it. That seems like a slang expression, but I want to tell you something – no one has explained this in a Dictation, but I want to touch upon something that will help you all.

Your analytical faculties are put in this part of the forehead. These nerves through here are the focus of the powers of your intellect, and the activities of the Seven Mighty Elohim into this portion of the brain; and this is where you decide things from an

intellectual standpoint. This is where your keen discrimination and selective qualities act through this portion of the brain. So when you decide something with the intellect that you have used your discrimination to understand, you will bring certain concentration of the Seven-Fold Flame of the Elohim into outer action through the forehead.

If you use that discriminating faculty to hunt mistakes, so to speak, which some lines of activities do, and you cannot help this if you are in the outer world. For instance, if you are inspecting some sort of thing and you are looking for mistakes in order to keep them out of something you are assembling, if the habit is held too long in the discriminating faculties to hunt much imperfection, you will find yourselves having sinus trouble and your faculties will become hypersensitive. Therefore, if you are in some kind of activity like that, try to balance that and hold the consciousness in yourselves. You may hunt for something that is imperfect, but when you see it and locate it, then make the Call for it to be compelled to be made over again; and give the Command for Perfection to be the only thing that comes along.

I want to show you something. You take in the manufacture of parts of machinery and that sort of thing, very often in inspecting products as they come along the inspector takes out the least perfect and throws them aside. Well, if the inspector understood This Law you could just as well make the Call that Perfection take place in the first place in the manufacture, and everything that comes under your observation is perfect. Then you would help whoever was in charge of the actual initial production. You would draw currents or force of Perfection there and you would ultimately eliminate all observance of imperfection. You would keep your world closed against constantly taking in records of human imperfection, which later on would produce conditions in your world.

There are many, many, many deep activities of the intellect. We will not go into too many of them, but occasionally We will touch upon them to show you that as you decide to have Perfection in your world, as you decide to use your God-given Authority, and as you demand in the Name of your "Mighty I AM

Presence,” the complete annihilation, the complete end of everything human, you will close and lock the door of your Life Stream against any more problems and imperfections under which you have struggled so long. That is one of the Services which it is My Great Privilege to render, and part of the Authority which is Mine in bringing into America certain Perfection for the Incoming Golden Age, wherein America is to be the repository for certain inventions, certain Perfection and certain new designs which later on will fill the rest of the Earth with the Perfection which is to be the Permanent Golden Age.

So you are the Vanguard or the Open Door through whom that Perfection is to come, but if you are to have Perfection in your Nation and in your world, then you must exert your God-Authority. You must make your decision final and demand of the Cosmic Law the end of everything human in your world. Then you will move forward clothed with Our Authority and many times with the Flame of Our Power which will make you, to the rest of the world, seem to be a marvelous Being in the Manifestations you will bring forth, until the mass of mankind becomes accustomed to the acceptance of the “Mighty I AM Presence,” the Ascended Masters and the greater Perfection which They exert and will bring into the physical octave. As soon as the mass of mankind in America becomes accustomed to the acceptance of the Ascended Masters, like the mass of the people in India, you will feel a very great change come in the entire attitude of the general public to this “I AM” Activity of Beloved Saint Germain.

There is a very rapid expansion of that acceptance now even over what it was a year ago, but as you take your stand from tonight on, which I feel every one of you will do, in the daily practice, the moment anything comes up to disturb you, turn right to your “Presence” and say: I use all my God-Authority here. In the Name of my “Mighty I AM Presence” and the Ascended Host, I demand the end of this human creation! I demand the end of every human problem! I demand the finish of those things out of my world forever!

Now in this, it is almost a double Call which you need to make. You can demand its end, and then – In the Name of the

“Mighty I AM Presence,” acknowledge: “I AM” the end of every-  
thing human from my world forever! or “I AM” the annihilation  
of everything human and the door of my world is sealed for  
eternity against the human!

Oh Dear Ones, you have no idea what your complete decision to do That will mean in your affairs. You will move forward with a speed of accomplishment that you could hardly believe your eyes, and there will come an ease about you in just your natural Radiation which will make everything easy for others who come near you. You will be able to radiate a poise and power of accomplishment to any one who steps into your atmosphere until you will just be like Wings of Flame which will lift everybody and everything you contact into greater comfort and greater mastery just by radiation.

Then when people suddenly step into your atmosphere, instead of being disturbed by the sudden change of vibratory action from what they are accustomed to; instead of seeming to be confused sometimes because they suddenly step into your Light, rather than that, there will come into them the Feeling of Victorious Accomplishment; and you will be able to clear the consciousness of every one you meet just by your radiation. This is what the Ascended Master does, and is what We are hoping the whole Student Body will come to the point very soon where, by their radiation, they will help others just so naturally that everybody will know when they come near you, that they are going to be helped and they will have the desire to make conscious effort to exert their God-Dominion over their problems as you have done.

So to be the Living Example of that Authority is very important at this time! The Mighty Ray-O-Light will give you very great Assistance, Precious Ones; and I would certainly, during this Seven Sacred Weeks, call to the Mighty Ray-O-Light for all the Cosmic Authority which is His to clothe you in Its Living Flame and put an end in you and your world to all doubt and fear, and let the Ascended Jesus Christ Consciousness and Perfection of the Seven Sacred Weeks surge into you in the place of all doubt and fear; and anchor for Eternity those Great Powers which will enable you to do all He did and render a Service to your fellow man

which will assist Him in His Great Cosmic Blessing to the Earth.

I see only Joy ahead of you, Precious Ones, as you accept this full God-given Authority which is your Eternal Birthright. Use that Authority over everything human, not ever with a sense of fight, but just the Great Cosmic Authority which demands the end of the human and moves forward in the Victory of all which is Divine.

I have long wanted to give this Explanation, but time and conditions have not permitted until tonight, because of that Service which "I AM" to render in America, which you are to render, and which is part of Beloved Saint Germain's and the Mighty Godfre's Divine Plan of this Nation and is also part of the Assistance the Blessed Master Jesus and the Beloved Mary give. Under the Authority of the Great Divine Director We want as many as possible, and as quickly as possible, for the whole Student Body to feel their complete Authority and Victory over everything human in their beings and worlds.

You will move forward, Precious Ones, the outstanding minds of the world. You are now, to a very large degree, but Oh, it will be so much more powerful, so much more tangible as you move forward and exert this Dominion with the same Fierce Determination to keep the human out of your world, that you would to keep someone from trying to be the authority over your supply of money if you had it already in hand. You would guard it. You would use every Authority in your Life Stream to hold it so it might give you its blessings and protect it to bless all whom you contacted.

The same thing is true in your God-given Authority, My Dear Ones, as your Mastery; and that comes only from your own Higher Mental Body. So use It, use It, use It and if sometimes you feel timid or you are not quite certain you got It through or not and the human still seems to insist on the appearance, call to Me for My Authority to enfold you and complete unmistakably, quickly and victoriously the service you wish to render.

Now "I AM" preparing the way, but I trust We shall have several opportunities in the Seven Sacred Weeks' Class to speak to you all, or at least those who will come, and help Me to render a

service to the Younger Generation which We are preparing now to release into the outer activities of mankind — a more intense concentrated assistance to that blessed Younger Generation who have been so frightfully imposed upon over the last half century.

Some of you fifty years of age do not feel you belong to the Younger Generation — perhaps you do not, perhaps you do, how do you know? In some ways I know you do and in some ways you might think you were not quite as young as those who are under thirty, but you exert your Divine Authority from tonight on, over the records of age in your bodies, over every appearance of discord, and take your inflexible stand to command those things out of you and your world. Command the annihilation of those records and see for yourselves in six months to which generation you belong.

I would like to try an experiment, but I must leave that to Beloved Saint Germain; He has first prerogative.

So Beloved Ones, feel, Oh feel so happy. Feel so encouraged in the use of your Divine Authority and let us move forward knowing That Authority surges into outer action in America; and call forth all the Divine Authority in the Universe to take possession of all in America and demand the annihilation of everything of human distress.

You, Precious Ones, shall yet know what the Gratitude and Love of the Ascended Host can be for you and will mean to you as you make yourselves the Open Doors through which We can do in the physical octave for the rest of mankind that which We have longed to do so long; and that which must be done to assist the Younger Generation, if you are to avoid great tragedy, which “I AM” sure you all want to avoid.

Remember from this night on, to constantly use all of your Divine Authority and demand the annihilation of everything human in and around yourselves, all the Younger Generation, your America, in and around all that is of the Light throughout the World. Clothe yourselves in My Flame of Cosmic Authority and that Flame which I wield, may I say to you, in pink with the outer Radiance of blue. Call It into action when you need Me and we shall move along together and great Joy will be yours as you

see one Life Stream after another awaken, face the "Presence," come into Its Light and make the application which compels the human shadows to drop away one by one, and at your command for the annihilation of that human. The greatest Joy in all Eternity is to feel the Love and the Gratitude from a Life Stream who is set Free. There is no comparison to that Joy in all creation which comes from a Life Stream who has been released completely from the human.

So great Joy lies ahead of you, for you, for Us and for all mankind as you give that full Glory to the "Presence." Bless It first; use Its Authority and demand the end of all that has ever been human, and you shall sing with Us and the stars will sing with you, until all will remember the Perfection of God's Heart and never again will anything human be allowed to manifest in this World. Let us work to that End and bring it to pass as quickly as possible. It must come by the Authority of unascended mankind calling to their own "Presence" first and then to Our Octave. The Great Cosmic Law will move into action and the Victory of the centuries will stand revealed and the future of your Nation be an Eternal Song of Perfection to Life; and mankind once again live as they did in those first two Golden Ages, only yet on a spiral higher, but this time in Eternal Perfection.

Thank you, Precious Ones, for this night's opportunity and I shall do everything to help bring those conditions about for each of you to give you the greatest Freedom possible as you stand with Us to render this Service, which you alone can give, and you agreed to give at the Inner Level before you came into these bodies.

So Precious Ones, accept My Love, My Gratitude and Devotion to the Light and may the Mighty Blessings of the Beloved Saint Germain rest upon you, the Beloved Godfre and all the Great Ones clothe you in Their Love as never before. May the Mighty Jesus and the Beloved Mary during the Seven Sacred Weeks make Their Outpouring so tangible to you and to all mankind that none can ever deny It again; and LET THERE BE the Great Victory for which We have waited throughout the centuries. May the hour strike soon when it is Complete and the Joy of Eternal Freedom

floods the Earth and takes Its Dominion through mankind forever.

The Mighty Jesus will dictate the final Dictation Thursday night; and the Beloved Mary, Thursday afternoon. I say this because They wish Me to convey to you Their Love, Gratitude and Blessings for your many Calls to Them and They will try to grant your requests and anchor around you Their Flame for the intensifying Activity of the Seven Sacred Weeks. Just be patient with the people of the outer world. Pour your love, use your authority and hold the harmony which lets the Light and the Flame of Cosmic Love from these Great Beings flood in and around you, to render a Service to your fellow man that only the Great Ones can give through you.

Thank you, Beloved, Precious Ones of Saint Germain's Family and may My Love and My Authority be at your service forever. I love you and My Flame shall enfold you until you feel Its Healing Radiance, Its Peace and Commanding Presence; and you know and feel My Reality with such Power that I can give you everything your hearts desire.

I thank you and good night.

“The more you can recognize that all the Perfection Life manifests is the Gift and Action and actual Existence of some Mightier Activity of Life, some Greater Love than you know of in this World. The more you can recognize It, the more, as you hold your attention upon It, will It come into you and fill you with Its Master Presence! For I assure you, all the Sacred Fire Love in the Universe is waiting and is constantly pouring into outer physical conditions, to ever expand Perfection, to manifest It, to sustain It, to protect It, to give It constantly to the rest of Life everywhere!”
