

BELOVED LORD MAITREYA'S DISCOURSE

CHICAGO, ILLINOIS

JANUARY 14, 1945

EVENING

BELOVED ONES OF THE LIGHT, as I come through Earth's atmosphere tonight, bringing the Radiation which enfolds you in My Love, I want you to know that the Cosmic Power which it is My Great Joy and Privilege to wield is your Full Release, if you will accept It, if you will command your outer self to become Its Presence.

If you will feel that Cosmic Flame of Cosmic Love which is the Great Powerhouse of the Universe coming into your body, enfolding you and becoming the atmosphere about you, I think the Joy that follows will be proof to you of the Mighty Scepter of Power being offered you through the Radiation of each One of the Great Ones as We dictate.

"I AM" called the Great Initiator, and do you know why? Because, until each one's Life Stream becomes the Full Cosmic Flame of Cosmic Love in Its Three-Fold Action of Love, Wisdom and Power – balanced in Its Outpouring by the Pressure from the Great Central Sun – Freedom cannot come! Freedom, My Dear Ones, means the abiding within the Cosmic Flame of Cosmic Love and being Its Cosmic Pressure from the Great Central Sun into the atmosphere about you wherever you move.

The Great Initiation of the World is that which draws it into the Cosmic Flame of Cosmic Love; and thereby, compels its disconnection from all that has been the distress of the centuries. You cannot have Perfection, you cannot have Freedom without the Cosmic Action of Life in Its Three-Fold Manifestation. That Three-Fold Manifestation is the Cosmic Blue Lightning, the Cosmic Flame and the Cosmic Substance of Love from the Great Central Sun, in addition to That which is pouring forth through you from your own "Mighty I AM Presence." Your own individual Life Stream's Outpouring is the Expansion of those Three Activities from within yourselves; but the Cosmic Manifestations of That must come from Our Octave whenever you go forth to render

service in a way that affects all mankind.

The Earth cannot be free from war nor disease nor distress until it replaces all human qualities with Our Substance and Flame and Blue Lightning of Cosmic Love. When mankind is willing to let go of their discordant feeling and accept in its place the Cosmic Love which We offer, then will the Earth have passed its initiation, and passing through into the Flame of Cosmic Love, become then the Master Presence which governs the three other elements by the Element of the Fire.

The Cosmic Flame of Cosmic Love is the Governing Authority of all creation; and the individual must one day let go of every other feeling and put that Cosmic Flame of Cosmic Love in its place, if Mastery is to be attained and the Freedom and Victory of Life build the Perfection in this World which is its Destiny. That must come about.

Now the Flame of Cosmic Love is the refining Activity of Life. Just as in the crucible when you wish to purify substance, you place it in very intense heat and drive off the impurities, do you not? Well just so with the human feelings. Until they are placed within the Cosmic Flame of My Love, as the Great Initiator, they are not all dissolved from the individual's Life Stream. That is why there is a Great Initiator. If I were not necessary in the perfecting of this World, I would not come. I would not be needed here unless, under the Action of the Cosmic Law, I could render that Service to Life which brings the Perfection that must come.

The Earth as it is passing through its present crucifixion must merge and enter into the Cosmic Flame of Cosmic Love in order to go forth and fulfill the Divine Plan; and when all is said and done, the only thing that is ever needed in any set of circumstances to change destructive qualities into constructive ones is the Three-Fold Action of Our Cosmic Love. Every condition that is less than Perfection, is less than Perfection because it has not Our Love within it.

You may have knowledge, you may have power, which is a concentrated focus of energy, but you can have very great discord with both those qualities, but not so with Cosmic Love, because

Cosmic Love contains Wisdom and Power within Itself and is the Three-Fold Action of Life from the Great Central Sun in the Release of the Substance, the Flame and the Blue Lightning which is the Pressure or Concentration of the three to any definite objective with whatever Power is necessary to hold That in sustained, continuous, Expanding Action, under the Authority of the Central Sun.

Now I want you to realize tonight that when you use Our Cosmic Love in Its Three-Fold Action you are then using the Cosmic Authority of Life from the Central Sun; and it is that Authority which is required and is needed down here in the physical octave of this World to dissolve so-called human authority, which is nothing but stolen use of energy, or rather the use of stolen energy. Our Activity of Cosmic Love is the refining Action of the Fire Element to this Earth. Without It you cannot have Perfection. You cannot have Harmony without Our Cosmic Flame of Cosmic Love; so if you are calling forth Peace and Harmony, Purity and various Activities from the Ascended Masters' Octaves, forget not Our Cosmic Flame of Cosmic Love. Use It in the Blue Lightning, in the Flame and in the Substance; and you will find all things will begin to come into better Regulation, into more Divine Order; and Refinement will begin to take the place where coarseness and disorder have been before.

Now I want to take up something tonight, because it very definitely affects Beloved Saint Germain's "I AM" Activities and I feel every Student should be definitely concerned with the Expansion of Beloved Saint Germain's "I AM" Activities in the bringing of this Knowledge to the rest of this World. It is just as much your duty to expand this Activity as it was Beloved Saint Germain's Responsibility under the Action of the Cosmic Law to give It to you.

When the Cosmic Law made Him the Angel Deva of the Violet Flame, the Chohan of the Seventh Ray, He accepted the Responsibility of bringing this Activity to you. When you accepted the Honor of being an "I AM" Student – with that, you accepted the responsibility of protecting and expanding Beloved Saint Germain's "I AM" Activities, so That which He has given you may

be preserved and expanded and given to others, because you cannot be free to yourself alone. Until you give Freedom, you cannot have Freedom. Your Beloved Saint Germain told you That a long time ago – that people are not free because they do not give Freedom. Therefore, I have come tonight to give you the Freedom of the Cosmic Love which it is My Great Joy and Great Privilege to release and give everywhere It is desired and accepted.

In entering into your Cosmic Use of this Mighty Authority of the Universe, It makes you first of all, My Beloved Ones, a Being of Majesty, Power, Obedience and Self-control; because when your feeling world is qualified with Love, Wisdom and Power in perfect balance, it enables discrimination from the mind and the ideas from your “Presence” to go through your mind and your feeling world without obstruction. That is why anyone who goes forth to render service to the mass of mankind, in the channels that carry the Light to the World, must always stand within My Cosmic Flame of Cosmic Love; and be charged with Its Three-Fold Activity, anchored within their emotional bodies and forming the atmosphere about them, that keeps them insulated within a certain amount of Harmony until their service is rendered and the Victory is complete.

I wonder if you realize just where the Powerhouse in Beloved Saint Germain’s “I AM” Activities is in each Study Group, Sanctuary or Reading Room? I wonder if you quite understand just where the balancing Power is? It is not all just in your Group Leader, although the Group Leader is the Focus for It; but your 100% Groups are the “Cups” into which the Cosmic Power of Cosmic Love is drawn and intensified, to bring the Radiation and the Vibratory Action of Love, Wisdom and Power and Purity within a Reading Room or Sanctuary. That is the Powerhouse or the Anchor of the Light, whose Radiation goes forth to assist the other Activities within that Sanctuary.

Your 100% Groups, My Dear Ones, are of far greater importance than you realize. They are like the Altar upon which the Sacred Fire is drawn, and if you have not Purity and Happiness and Cosmic Love in the Radiation of your 100% Groups, well then, you will not have much success in the Expansion of the

other Activities in your Sanctuaries and Reading Rooms.

Now it is just as important to expand This Activity as it is to protect It! You cannot hold the Light to yourselves alone. The outer world is starving in the darkness. You have the Scepter of Light, the Scepter of Power to provide the Light for those in the darkness who are trying to find the Pathway home to Harmony. I want to say that in every Sanctuary and Reading Room and in your Study Groups, the more sacred you can feel the Activities that you carry on, the more intense Devotion and Purity you can pour into every Activity concerned with Them, the greater will be the Power of Light and Blessing in and around yourselves; and the greater will the Radiation go forth from those Sanctuaries for the Protection of your Nation.

I want to say this is true of Sanctuaries and Reading Rooms and it is true of your homes. It is true of your business; your own physical bodies and your affairs everywhere. Now mark these Words – Great Power of Light is not drawn in places that are disorderly and dirty and careless, any more than Great Perfection is drawn into your bodies, if they are allowed to be impure and disorderly. Perfection only comes, My Dear Ones, where Purity and Cleanliness and Order are maintained; and Power cannot and is not delegated to any individual or Group until that Purity and Order, Protection and Perfection and Beauty are brought into action.

In that respect, I want you to be very grateful to the Precious Ones who have provided this lovely Sanctuary and have kept it so clean and so orderly. One day, My Loved Ones, as surely as you hear this Voice, one day there shall be Temples of Light in the “I AM” Activities where They are brilliantly lighted within and everything absolutely immaculate; and those who enter will go prepared to enter into a Focus of Purity and a Power of the Fire Element, which is only drawn when the Inner Law is complied with and that Purity maintained to a certain point before the Flame is brought forth.

Now these Manifestations are in the Universe, which you hear this Messenger call forth in every Invocation. The Unfed Flame can come into the outer world in the proper place, provided for it; but My Dear Ones – now please be prepared for this, because it is part

of your Initiation of Cosmic Love. Were the Cosmic Law this hour to permit the drawing into the outer world into one of your Temples a Focus of the Unfed Flame or the Violet Consuming Flame under Beloved Saint Germain's Direction, those who were allowed or would be allowed to see that Flame and stand within Its Glory, would have to purify themselves for that Blessing. They would have to bathe, have on clean clothing and be prepared, because when the Great Law of Life provides these Marvelous Blessings, they are not to be treated lightly!

You have read in "Unveiled Mysteries" and "The Magic Presence," when the good Messenger and the Children were taken into the various Retreats where They received the Radiation of the Ascended Beings, when They were received, They were ushered to Their rooms where They always bathed and put on the Robes that belonged to that Retreat. They received food, but They did not bring the conditions of the outer world into the Inner Rooms where the Ascended Masters came where the Activity and Assistance were being given which were to be Their Blessing.

Now the Reading Rooms and Sanctuaries, as well as the homes and business activities of those under This Radiation, should be places of absolute spotless cleanliness. They should be beautiful and kept in Divine Order; and I ask all the Group Leaders who are Heads of Sanctuaries to take your inflexible stand, and I will enfold you; but TAKE YOUR STAND THAT THERE SHALL BE NO GOSSIPING IN THE READING ROOMS OR THE SANCTUARIES, OR EVEN THE OUTER HALLS OR LOBBIES OR WHATEVER YOU HAVE!

The hour is coming, Precious Ones, when if these Sanctuaries and Reading Rooms are to have these Greater Blessings, for which this Messenger calls, the Purification must be made; and people cannot speak of each other's imperfections and have purity in and around themselves! NOW IT JUST IS NOT DONE!

I come tonight as the Great Initiator to offer the Flame of Blue Lightning and the Substance from Our Great Cosmic Temples of Love, where the Power of Love is so tremendous and the Release of the Healing through that Love is of such Magnitude, that all the people of an entire city could be healed by that Flame

passing through the atmosphere and through their bodies. How do you think such an intense Focus of the Healing Flame of Cosmic Love could be drawn into those Temples of Love and Healing in Our Octaves? How do you suppose the Fire Element has been allowed to expand to such Intensity in the Quality of Cosmic Love that It becomes like Blue Lightning? By Absolute Purity; Absolute Immaculate Cleanliness and Order; and I can just as well say Beauty wherever Purity is, because the two are one. If you really have God's Purity, automatically there exists within that – Beauty.

The Power which We have drawn in these Magnificent Temples in the Electronic Belt around the Physical Sun is the Focus of aeons of time of the Increasing Power of the Fire Element through the Love We have poured there; consciously commanded and consciously drawn forth from the Great Central Sun into those Magnificent Temples, which have poured Their Radiation of that Flame to the people of this World for centuries untold.

When the hour strikes for the Cosmic Law to answer the Calls of this Messenger, for the establishing in the outer world of the various Activities of the Fire Element, the places must have been provided and attuned and charged with that Purity and Protection for a long time before the Flame is drawn! The Flame could never be given in a place of dirt or disorder or carelessness, nor where gossip is allowed.

I trust as you thoroughly understand what My Cosmic Flame of Cosmic Love can bring to you, "I AM" sure after tonight, you will never again wish to make yourselves a part of the habits of criticism and gossip of the mankind of the rest of the World. Remember what the Great Divine Director has told you – ALL DESTRUCTIVE CONVERSATION IS GOSSIP! Anything that describes the degrading conditions of human creation is not purity. My Dear Ones, when We look over the mass of mankind and We see the hours of time and energy spent in a lifetime by individuals in preparation of the entertainment of this person or that person or a party where you get together for just a few hours; and yet people scrub their houses for a week in order to eat a meal, to allow a lot of you to get together and eat a meal, Oh My Dear Ones, when We see what the energy has been used for throughout

the centuries – just for human entertainment; then I must call your attention to what are the Requirements in the Student Body, which would form the preparation for the Descent of the Flame into a building, into a receptacle where It would be self-sustained and where Its very Radiation would be the Purifying Activity of your atmosphere!

If Beloved Saint Germain were to focus within your Cup here the Violet Consuming Flame, you would not need a ventilating system. The very Radiation of that one Flame into the room, even though It be no longer than My Hand, the very Radiation of That in the room would maintain absolute Purity! Then do you see what a tremendous Healing Power that would be?

Do you not see that when these Manifestations, which must come forth at a certain time, are drawn into the outer world, it is so Permanent Beauty, Order and Perfection of the Golden Age may be brought into mankind's outer daily life; and so they may become accustomed to live their daily existence in the standards of Order, Purity, Beauty and Cleanliness which are those of Our Octave? That is the only way you can raise mankind out of the conditions of the outer world. They are in distress because impurity is there; and impurity is discord; and impurity and discord are not the Cosmic Flame of My Love. So if My Love is to go forth and heal you, to bless you, to be an atmosphere around you to heal others, well I would like the nicest places for My Heart's Love to abide. I offer It!

You can control these conditions, My Loved Ones, and I plead with every one under This Radiation, please do not ever allow a Sanctuary or Reading Room that carries the Name "I AM" or Beloved Saint Germain's Name, to ever come to the condition that exists in some of your churches – most of them, where darkness and the dirt have accumulated for years and are never removed. That is why the Power does not come to help the people; because a Place of Purity is not provided and guarded and kept charged with someone's Life, that is the invitation to that which is greater to come and give you its Blessings. Do you not see?

My Loved Ones, if you will take Me at My Word tonight, I

shall pour such Love into your Sanctuaries and Reading Rooms, into your homes and into your business, into your bodies and into your Loved Ones, as shall bring you such Wealth as has never been on this Earth; because We can lower that Wealth from Our Octave into this. I stand ready to give to those who will become a Focus for My Cosmic Flame of Cosmic Love. I stand ready to release the Wealth, the Opulence, the Things and the Powers to bring these Magnificent Manifestations into the outer world, wherein Beloved Saint Germain's Name and that of the "I AM" are held Sacred and in reverence and in devotion, that merits the Answer of the Cosmic Law to your Calls for Manifestations which can be sustained for Eternity. (*Applause – audience rising*)

Thank you, My Loved Ones, I appreciate that Love. I shall not forget you! I hope you do not forget to call My Love around you. Thank you, won't you be seated?

Now remember, your "Presence," the Ascended Masters and the Cosmic Beings know no such thing as a shortage of anything; and when you see what mankind gives to the upkeep of a war, just to sustain war, and destroy your Loved Ones, the money, the energy and the effort and the life that people give to sustain the destructive activities of the outer world, My Dear Ones, why will they not give That which sustains Our Love and Our Purity into a Focus long enough, until the Great Ones can give you those Blessings?

Your Beloved Saint Germain said to the Student Body in the early days when they asked for these Manifestations: "When We bring forth Manifestations, They will be sustained forever!" That means They will be established as a purifying Focus of Healing and Assistance to mankind, until they have come to the point where the Higher Mental Bodies will take Permanent Command of the physical forms, and hold them in the Purity and Divine Order which enable the Greater Powers of Life to be their daily experience.

Do not feel limited, My Dear Ones, as to your supply. Your "Presence" is not; We are not; the Universe about you is not! Do not accept the suggestion of the insane human creations of individuals who have made this war. They do not own the Universe about

them; they do not own the Octaves of Light; they do not own the Flame in your Heart; they do not own the Seven-Fold Flame in your forehead! These are the Things — the Flame in your Heart and your forehead and your Power to call to the “Presence,” are the Ways and Means by which We can give you anything required in the outer world to produce these magnificent buildings wherein someone, who is head of those Sanctuaries or Reading Rooms loves the Purity and Perfection of Life enough to charge again, again and again, day in and day out, until they have given enough of their own Life Energy, to be the “Cup” wherein the Flame descends and gives of Its Blessings for Eternity.

Everything that carries the Name “I AM” or “Saint Germain” should be remembered by the Student Body as a Place of Sacredness, of Purity, of Beauty, of Cleanliness and Divine Order, or else do not use those Names.

And may I help you tonight, because many, many Marvelous, Wonderful Things which will make you very happy are within the Release of the Fulfillment of the Divine Plan to bring to you, Precious Ones, Manifestations that will delight you for Eternity! Many things are just waiting in the Octave Above to come forth into your physical world, to beautify your surroundings and to be a Permanent Focus of the Great Blessings and Help for which you call. Many things are just waiting to be lowered into this octave, when the conditions are provided which permit the Cosmic Law to act; and Purity is your first fundamental. It is your Cornerstone of any Manifestation of Perfection.

Purity and Divine Order and Our Cosmic Flame of Cosmic Love, are imperative before a Manifestation can come forth, and those Manifestations only come through Our Cosmic Flame of Cosmic Love; because as Beloved Saint Germain told you, that is the cohesive Power of the Universe and holds together That which you wish to draw forth. Many Things are waiting to come forth to bless you, to give you such Beauty, such Purity and such Happiness, My Dear Ones, as you never thought you would experience in the unascended state, and yet it can be. It can be your daily experience, if you really, really value what it means to be entrusted with being the Guardian of a Sanctuary.

A Sanctuary is a Sacred Place where the Heart of God can release the Flame of Love and produce whatever Manifestation is necessary to heal, to protect and supply the people; and Sacred Places, My Dear Ones, are these Sanctuaries.

Now I want to take up the Sacredness of the Pictures of the Ascended Masters on the Music that have gone forth to you thus far. Your Beloved Saint Germain told you that "when you were in touch with the form of a thing you were in touch with the Presence of that thing." A certain number of the Ascended Masters' Pictures have been permitted to come forth under This Radiation. While the printed reproductions of those Pictures are not as Perfect as We desire; due, of course, to the imperfections of the activities of your outer world, yet They are a Focus of the Energy, the Love and the Consciousness and the Life and the Power of the Ascended Masters Whom They represent.

Please do not consider those Pictures just like anything else and put books down on top of Them or pile things on top of Them and let Them get dirty. You do not consider sacred a thing that you do that to. The Ascended Masters are drawing and focusing Their Flame, Their Substance and Their Consciousness and Love through those Pictures, and if individuals value Them enough and really consider Them Sacred and keep things pure about Them, the Light-Substance could come upon Them many times in your presence. It has come many times to this Messenger. Many times have the sparkling Points of Light, just like substance of snow come upon those Pictures when Her attention was pouring Love to those Great Ones; and through that, My Dear Ones, can come the Powers from those Great Beings, when you give Them your attention and your acceptance. And to the individuals, who will consider the Pictures of an Ascended Master a Focus of the Visible, Tangible Substance or the Luminous Presence of that Master, they can receive the Outpouring through those Channels of Love and Blessing that are not given unless that feeling is within the individual.

Sometimes I have seen the indifference of individuals handling these Books and the Magazines and the Pictures and I have to just consume what I see, because sometimes, My Dear Ones, the feeling

of an individual of indifference to a Sacred Gift of Life is just as if you scratched the Face of an Ascended Being. There is not a Thing that means the Ascended Masters in the outer world, if it were held sacred and revered, that could not become one day transmuted into the Precipitated Light-Substance of the Absolute Perfection of that Master.

The same is true of the Books. Those Books are the most Sacred Things on the Planet, outside of the Retreats. Every Word is a Cup of the Life and the Love of the Ascended Master Who has given It. You have all received the Blessings from Them, have you not, which you did not have before They were given to you; and if They were Channels to give you That which blesses, then surely They should be regarded as Sacred, Wonderful Things, to be Channels of Blessings to others.

“I AM” speaking very plainly on This tonight, because when the Student Body understands some of these things, I know you will govern yourselves accordingly; and I know that your Love and your Respect, intensified through your Devotion, will open the Way for you to have many Manifestations which We want to bring to you! I know That; and this is the reason “I AM” taking this up. Because Precious Ones, from Our Standpoint, it is not much effort for Us to take substance from this octave, if someone has purified it the best they could and they keep calling their Life Streams’ Purity into it from their “Presence,” and they love it enough to give it their attention and the charge of their energy up to a certain point, it is no more effort for Us than raising Our Hands, to take that and pour Our Love and Substance into it, and produce for you a magnificent Manifestation which can be made Eternal and Self-Luminous. It is no more effort for Us to purify substance and make it Self-Luminous and a Thing of Beauty, whose very Radiation blesses everybody who comes near. But the Cosmic Law does not permit Us to do That, until you have signified your invitation to Life that you would love to have that Manifestation; and that you are purifying yourselves and the places where you want It drawn forth. Then you remember That and give It your Love, your time and attention just like you would cultivate a beautiful plant in a garden. You give It your time, your atten-

tion, your Love and everything you can do to bring It into Perfection.

If you will do the same thing in your Reading Rooms, your Sanctuaries, your homes and your business, My Dear Ones, there is not a constructive business in your land today that could not be made an Altar of the Sacred Fire, whose Radiation would go forth to bless every employee in that business, and so harmonize and pour forth the Power of Love and Perfection to them, that it would mean the Ascension of every one who came to work for that business concern.

You can have just as much of God as you want in your daily activities, or just as little. You are the choosers. You can have as much Freedom, Beauty, Opulence; you can have as much Health and Wealth from Our Octave as you can accept. You can have as much as you want; We are not limited. We would not withhold one thing from you, but you must signify to Us by your own personal conduct, whether you consider a thing sacred or whether it is just another thing that belongs to this World and is not of importance. If that is your attitude and intent, well then, We must withdraw. But you can take anything – anything, I say – in the physical world today, and call the Cosmic Blue Lightning of Cosmic Purity, Love and Peace into it; and by your Life's Command, your Love and your Power of Qualification, change the substance into That which is Beautiful, Pure and Perfect. That is what the Ascended Master does to your bodies – to your Inner Bodies and your physical structure.

When Beloved Saint Germain said: “Give Me a little bootblack off the street, and if he will give Me the obedience, I will give him his Ascension in five years.” What do you think an Ascended Master does to a Life Stream, when that Life Stream gives obedience and makes the application? He just continually, by His Love, Substance and Outpouring of His Sacred Fire, keeps purifying and purifying the substance and the energy and the consciousness of that individual, until He gets it to the place where it is as Pure as the Higher Mental Body and the Ascension takes place.

You have taken many things in the physical world that were dirty and you cleaned them up and assisted in beautifying them

and brought them to something which was Perfect. You have done that same service part way. You could continue by your Love and your Blessings and your Calls to the Ascended Host, to charge into that the other Qualities which you wanted to bring to the point of Self-Luminosity and Permanent Perfection. If you can raise substance part way by your own Life-substance and consciousness, you can raise it the rest of the way, can you not?

The only thing We have to use to change substance into these Magnificent Manifestations is Our Life and Our Love; and your Life and Our Life is One Life; and Life contains within Itself every attribute and every Call needed to change everything into Perfection. There is no difference between your Life and Our Life – the difference, My Dear Ones, is what you use It for – what qualities you decree shall come into your world.

Oh, My Loved Ones, if you only knew what My Cosmic Flame of Cosmic Love can do for you, you would not forget Me one moment of the waking consciousness! My Cosmic Flame of Cosmic Love will purify and heal your bodies; will clear away all obstruction; will forgive all mistakes; will fulfill all obligations; will release to you all the Opulence, more than you can ever use; will heal those bodies; will bring you friends; will be your Protection; will bring you Illumination; will reveal the Divine Plan to you. I do not know what more I can offer. I give you Myself when I give you My Love; and My Love purifies all things and sets all things into Divine Order. And My Love brings you only Beauty and Purity and Order and Perfection.

If you will call My Cosmic Flame of Cosmic Love into action in your 100% Groups, you will find them a Powerhouse of Magnificent Healing; and when there are those who call to you for assistance in your 100% Groups, who are interested in healing, if they will call forth that assistance, call forth My Cosmic Healing Flame of Cosmic Love, that Fire Element can go there and be sustained, until It changes all substance into Purity, Beauty and Perfection. And there is no Power superior to the Cosmic Healing Flame of Cosmic Love!

Our Cosmic Love contains Wisdom and Power, as It is the Master Authority of the Universe; is the Producer of all Miracles; is

the Release of all Wealth; is the Great Physician. It is the Mighty Healing Presence! It is the Forgiving Power of the Universe! It is the Purifying, Illumining Activity! It is the Mighty Protector! That is why "I AM" the Great Initiator, because when every Life Stream comes to a certain point, none pass through into the Father's House where they inherit the Kingdom — all of the Powers of that Glorious Presence — until they have become My Love! They must become My Love to all Life, to all substance, to all energy, to all consciousness everywhere, before they enter in and inherit the Kingdom.

I stand at the Door of their own Temples of Light, and when they have become My Cosmic Love, they may enter in and all Creation is ready to assist them. You might have the whole World and all upon it; but if you have not My Love, you have not Harmony, nor Peace, nor Happiness. You might have limitless Power; you might have great, great energy, but without My Love it cannot stand. Purity and Order and My Love are the Scepter of Power, My Beloved Ones; and everything in the Universe is yours if you will call That into your feelings and charge It and intensify It and pour It forth without reservation and become Its Flame to all.

I know nought of that which is below the Heart! I know only the Gifts of the Octaves of Perfection, but through My Love, you may have all that makes you eternally happy; all that enables you to do everything your Hearts desire to do that is constructive; and money, wealth, supply and anything and everything is yours, My Loved Ones, as freely as the air you breathe, when you have enough of My Flame of Cosmic Love.

It would be no effort for Me to raise My Hand and allow the Flame to flow and restore the bodies of those who have been injured in the war; but, My Dear Ones, most people do not want Me. They do not love Cosmic Love. They love their discord, and so they are bound by it, but "I AM" the Fire, the Fire of that Love which purifies the manifestations of this World. "I AM" very close to your Beloved Saint Germain. His Violet Flame is the Purifying Flame which dissolves the discord, but His Cosmic Flame of Love and My Cosmic Flame of Love are the Builders of the Perfection of Eternity. "I AM" well worth your cultivation as a

Friend. (*Applause – audience rising*)

Thank you, My Loved Ones. Thank you forever, for your Love shall be always the Open Door to My Love, that comes to you whenever you require Me and enfolds you to the Fullness of your Victory. Thank you, won't you be seated?

In order to give Beloved Saint Germain the Assistance He so richly deserves and is so necessary, I offer tonight a Mantle of the Substance and the Flame of My Love, to enfold every one who is head of the Sanctuaries and Reading Rooms of Beloved Saint Germain's "I AM" Activities. I offer you a Garment which I trust will become very Tangible, that you may feel It any moment as an Enfolding Presence of My Substance of Love about you, in the midst of any condition the moment you turn your attention to Me; and Its Radiance shall hold about you that Calm, Masterful Feeling which will bless others and will control conditions about you, so your struggle will be less.

I offer This for the Protection of Beloved Saint Germain's Sanctuaries and Reading Rooms, that every one of Them may be filled full to overflowing with the finest people in your land, who love all the Beauty and Perfection of Life; and are willing to give the obedience and draw the Light which protects your Nation in its hour of struggle. The Sanctuaries and Reading Rooms under This Activity should be Places of Loveliness, where new people coming into the Work are made to feel so comfortable and so at ease in an atmosphere of such Purity, that it is like entering into the Heart of the Perfection of Life. Here should they be able to come and feel the Love and the Peace and the Quiet which make the outer world's pressure drop away like a garment, and they come to receive Rest, Strength, Light and Cosmic Love to help them to their Victory, and make them a Blessing to all they hold near and dear. It can be so, and if you will call, I will give.

Everyone must stand before Me and be clothed in this Cosmic Flame of Cosmic Love to enter your next initiation! The Earth will stay in its present condition, until someone or many draw forth enough of this Cosmic Flame of Cosmic Love, to hold the Balance against it; and Beloved Saint Germain's "I AM" Activity is the Open Door through which it can be done!

Won't you call for the Expansion of all Beloved Saint Germain's "I AM" Activities, so these Magnificent Places may be provided; so when the Loved Ones return from the National Defense, they may find Havens of Peace, Purity and Assistance to make them forget the experiences of the shadows? May I ask every one of you to take your stand now, that when some of those Loved Ones come back out of those conditions, that they never have one word of criticism or condemnation about anything they either do or don't do! Just remember they have passed through what you have not. Be ready to offer the Light, the Love, the Purity, the Happiness, the Music and the Peace. Turn their attention to the Heights and help them to drop away the remembrance of the shadows.

I stand at the Open Door ready to show you the Way unto the Magnificence of Life's Majesty and Power and Beauty Divine; and only the Cosmic Flame of My Love can assist you. This is why I stand as the Initiator to help each one enter in when they are ready, and since the World needs My Cosmic Flame of Cosmic Love to offset the hatred that is consciously and deliberately generated against Life, then I would appreciate your Calls for My Flame of Love in Its Cosmic Action of the Blue Lightning, the Substance and the Flame to come forth at your Calls. Oh, any time and every time you have the opportunity, call This into outer action, for It always brings you Ease in the feelings. There never comes any feeling when you turn your attention to Me except Ease, Love, Illumination and Happiness. No one has ever received from Me one feeling which was not the Ease and Happiness of Life.

You can make yourselves as powerful a pressure of That against the conditions of the outer world as you choose. I have drawn forth My Temple of Cosmic Love in the Electronic Belt around the Physical Sun, through long, long aeons of time. I started as you did, calling for that Flame, until It has increased to the point of Heavenly Manifestation and Power to assist all on this Earth, one day to go through into that Octave of Light, and become the Master Presence of Perfection and the Authority of Life's Victory.

I offer you the accumulated Cosmic Power which it is My Privilege to direct in the Universe. I offer It to assist you, so you may become a Being of Assistance to others; so We may all free the World from the shadows of hate; and enter into the Love of the Light and produce the Manifestations which make this World like Our Octave; but It can only come through the Flame of Love.

If the little Beings of the Elements did not love these little flowers (*pointing to flowers on platform*) they could never create them. If the Angels did not love to do the Will of the Ascended Masters and the Cosmic Beings Who direct Them, Their Assistance could not come to the outer world. So whatever you want in the Octaves above, you must love. Whatever you wish to draw here, you must give your Love first There, and it will come, and that is all it takes. It sounds easy, doesn't It? And It is easy, My Dear Ones, to love. Yes, I know it is easier to love those who are nice to you than those who are not nice to you. I agree with you on that. But I say to you, to just pour out your Love and the Cosmic Manifestations — "I AM" speaking now of the Cosmic Love of your "Presence," not what the outer world calls Love at all. But it is easier in your feelings to pour out the Cosmic Love from your "Presence" and call for Us to amplify That and enfold you in Our Love, than it is to quarrel or enter into the discordant feelings of those around you. It is easier! (*Applause — audience rising*)

Thank you, My Loved Ones, I appreciate That. I accept It and I shall amplify It and come back to you with My Love to bless you forever. Won't you be seated, please?

In the Fullness of the Privilege which is Mine to help guard Beloved Saint Germain's Work, to assist each of you in your onward progress, I have offered the Mantle of the Substance of My Cosmic Love. If you were to give That acceptance enough and daily recognition enough, It would one day come through as a Tangible Garment, which you could wear as you do your physical gowns. Let Us try and see what We can do. I shall offer every assistance and the rest depends on you, but it does take certain recognition and acceptance in your feelings and the determination to keep shut out all impurity, discord and limitation.

I say to you, Beloved Ones, command everything that crosses

your path to come into Divine Order and Divine Purity, then flood into it My Cosmic Flame of Cosmic Love, the Cosmic Love from your "Presence" and the Cosmic Love from all the Ascended Host. Charge and charge and charge that Cosmic Flame of Cosmic Love in, through and around everything you contact and you shall have such experiences of Joy and such manifestations of Powers and Perfection from Our Octave as cannot be established permanently in yours, until that time when you can draw forth these Great Inner Powers of your own Life Stream, and use Them in the outer as you did once before in those centuries long ago, when you maintained the Purity and the Harmony and you had the Powers which set you Free.

So tonight, if you will, accept My Love that not only never fails but continues to expand and awaits your Conscious Command. I abide within that Flame to assist you until your Ascension. Please do not forget Me when the clouds hang low and others are unkind. Remember, I love you; I love you; I love you; and My Garment of Love enfolds you more powerfully each day, whenever you are strong enough to send out My Flame of Love into that which would be unkind to you. You will find My Love a Powerful Garment of Protection, a wide-open door to Supply and the Healing Power you have not known thus far.

So tonight, let Us feel very close in the determination to call forth this Cosmic Healing Flame of Cosmic Love, Its Blue Lightning and Its Substance; and intensify Its Action to assist your Beloved Saint Germain so more Light may blaze through His Activity, through you and to your Loved Ones. Let Us pour tonight such a Flame of My Cosmic Love to enfold your Loved Ones, that It compels Peace throughout the Earth quickly.

I mean every Word I have said tonight with all the Love of My Being. Receive Me and let Us release the Power which sets America Free and through America, the World. Anything in this Universe which is good can come to you on My Cosmic Flame of Cosmic Love. May It burst through everywhere now and lift you unto your Victory and make you the Master Presence of the Perfection which is your Destiny!

I love you! Call Me, and I will always come at your bidding.
Good night.
