

BELOVED SAINT GERMAIN'S DISCOURSE

CHICAGO, ILLINOIS

EVENING

MAY 20, 1945

Y BELOVED FAMILY of Light and Love and Freedom, for such I shall call you tonight in the Enfolding Radiance and Cosmic Flame which I bring to clothe each of you in that Power of the Fire Element which enables you to go forth consuming by Its Mighty Direction whatever there is of human creation you contact in the outer world.

Remember in the Use of the Powers of the Sacred Fire, you have at your direct command the Almighty Authority and Power from the Heart of Creation to command human creation in this World to stop its action and replace it with the Perfection of Life.

Since "I AM" Freedom to the Earth and I have loved you so long, and since the Action of the Cosmic Law centuries ago permitted the anchorage in your Life Streams of the Cosmic Protective Power which you received in that civilization when the "Cup of Liquid Light" was given to you, then you should understand, that after all of your experiments in creating human problems and conditions in this World, regardless of all your investigation into the human, Life has still been very kind to you and has given you a guard against the conditions into which so many of mankind have fallen because of their own free will.

You should realize from the Inner Action of the Law that you, who sit in this room tonight and those of the "I AM" Students under this Radiation throughout the World, are only a few compared to the mass of mankind, and that there is a Great Law of Selection and a Great Focus of Cosmic Wisdom and Love, which is acting to guard your Life Streams and bring them to this accomplishment in the midst of what is in the outer world today.

Surely you must know, as One Who has selected you, that the Great Law of Life offered you Protection down through the

centuries, so you might be prepared at this time to wield the Power of Light and Strength enough to hold the guard about the Heart of the World, which America is. Life had to assure a certain number of Life Streams of Its Cosmic Protection, in order to save the Body of the World, and you who received that "Cup of Light," seventy thousand years ago, are still being blessed by It today.

Since it has been My Privilege for so long to try to awaken mankind and bring them to the conscious acceptance of their "Mighty I AM Presence" and the Ascended Host, I still go on calling the Great Cosmic Powers of Life into Action for the Accomplishment of the Victory, which brings My Freedom to all on the Earth forever. When you understand, that if you will use the Authority of your own Life Stream and that with which you have been clothed by the Great Cosmic Law, in order to bring you to this much Victory at this time, when you realize that you Command in the Authority of that which has sustained you, surely you must realize that in the feeling world there is a certain amount of obedience from your emotional bodies which is compelled by your Conscious Command to act with full Victory.

I want you to feel tonight the Authority in your own Life Stream, not only because of your own "Presence," but because of this added Strength to your Life Stream, which the Cosmic Law gave you centuries ago, in order to make you strong enough now. It is this extra Strength within you which I wish you to become acquainted with tonight, bring it into more conscious Action or rather give It more conscious Recognition in your outer activities, so you may feel more certain of your own Victory and your Authority to compel conditions to change at your command.

I want you to see tonight how quickly the energy in your emotional bodies takes on the quality of whatever you suddenly impose upon it. It does not take but an instant for fear or doubt or anger or something in the outer world, that suddenly comes to your attention, to strike at your solar plexus and make you feel depressed or under tension or fear. It is only an instant

until that feeling sweeps through the whole body. Now I want you to reverse this, and if there is distress in the body, say to your “Presence” or say to your body rather: “ ‘I AM the Presence’ and the Authority that forbids anything human in my being or world; and that commands everything within and around me to outpicture the Perfection Life has given me in my original agreement when I individualized!”

Life has given you This Authority to requalify the energy in your feeling world instantly, just the same as if some sudden pressure of discord from without suddenly strikes you and qualifies the energy, just as surely and just as suddenly and just as powerfully — and just as surely can you draw from your “Presence” and the Ascended Host whatever quality you wish charged into your feeling world on the instant.

Now Beloved Ones, tonight while “I AM” Freedom to the Earth, I wish to say that what every one requires most is the Illumination from your “Presence” and the Ascended Host, which suddenly floods through your mental and feeling world, because if you had enough Illumination in your intellect or brain structure and enough in your emotional bodies, nothing could be out of balance. You could not have any problems, if you were so full of Light that the shadows could not come near; and problems are nothing but shadows. I agree with you they might be very uncomfortable shadows; but, nevertheless, they are shadows. Do you know why? Because they have no permanent right to exist anywhere in the Universe. They are not endowed with Eternal Life — they are but charged energy gathered around you through thought, feeling and spoken word, and just charged out again, again and again, and they are no more real than a pile of rubbish that you throw out of your home to be burned up.

You throw out a few things, then you throw out a few more and keep on, until finally there is quite an accumulation, and it does not take but a few moments to consume it. It is the same way with these conditions of distress within or around you or your world. While it has taken a long time to build some of them, yet I say to you, because they are only energy that is

charged with destructively qualified rates of vibration — because of that you have the Full Power and Authority, both from your own Life Stream and Our Octave in a tremendous Call to your “Presence,” to release a Wave of Energy and a Rate of Vibration which goes through those problems and dissolves them on the instant.

Now there is an activity, a vibratory action of energy in radio and through electrical apparatus, wherein, if you set up one rate of vibration and it continues to just keep pouring off from that which is charging it into the atmosphere — into the substance, and just as surely as you can create the rate of vibration that goes forth and produces one kind of manifestation, can you create another rate of vibration which cancels that out. You all know this is true in radio and in electrical activities.

Just as surely as you can create the destructive rate of vibration can you call forth the Action from your “Presence” and Our Octave of Light which cancels that out, and the Flame is always the Rate of Vibration from Our Octave which dissolves or cancels out everything else. I like the feeling of this comparison, because if you could see, at the Inner Levels what happens, you would, “I AM” sure, gain the feeling I want you to have tonight. With one Wave of Energy, that goes out or creates a certain form and its impulses travel on. Then another Rate of Vibration comes along suddenly into that and cuts through it, it can change the complete shape of the wave and the impulses travelling forth, and this is what your Decrees do. It is what your feelings do; and most of all and most powerfully of all, it is what your Devotion to your “Mighty I AM Presence” and the Ascended Masters can do for you and for your world, for your Loved Ones and for all to whom you wish to give assistance.

I want you to feel, Beloved Ones, regardless of what your mistakes have been, I want to remind you tonight, We never condemn any one for their mistakes. We must stand guard and watch, and wherever there is sincere effort to stop making mistakes and an intense desire to correct them, then the Heavens will open to give you Assistance. But We, Who have been

through the pathway of Earth and were here so long, surely after Our Victory is attained, We are not going to condemn you by any means, but We are certainly going to pour forth Illumination to you whenever possible, so you may not go on making the same mistakes and remain in your chains, when with this Conscious Knowledge of the "I AM" you have the right to be Free and the Conscious Power to release that Freedom.

Now then, "I AM" going to take up something tonight which is quite necessary to remind you. We want to increase the rate of vibration in the Study Groups as rapidly as possible — raise them through vibration and harmonizing activity, which We pour forth in the Sacred Fire and the Cosmic Light, and through the Radiation of Our Love. We want to bring each Study Group up to the highest rate of vibration that each one can stand, to release the greatest Power of Light! But it takes the co-operation of every one within that Group to work for a Goal to which you are all attaining and to which We are leading you.

Now in raising the rate of vibration of many people for the accomplishment of some gigantic purpose — it is not an easy thing, from the Inner Level, to attune each one's Life Stream and blend the vibratory action of their radiation and keep it purified and harmonious and increasing in its Light until it reaches a point, where We can take it and amplify it without limit and qualify it with Great Intense Cosmic Activities which are required throughout the whole World. It is not an easy thing to take a great group of people and blend them together and then, gradually step up the power which is released, so at the Inner Level that appears as a Great Sun of Light, growing brighter, brighter and brighter, expanding further and further; but in reality, this is what we have been doing ever since this Work came forth.

Whenever there is a group working together, this is what is going on from the Inner Standpoint. Then We in the Octave of Light reach down, as it were, and draw the energy from each group into one concentrated activity and weave It, so to speak, into various activities and direct It where It is most powerful to shut off increasing destruction. We draw energy from this group

and that group and another group. We draw all the Light-Substance they can release, when it is necessary to render some Service for the Protection of the Nation and the ideals of mankind, that are to draw them up and out of their problems and distress; and in this way I want you to feel the Oneness of all Life.

In the Discourses I said, when you use the Statement: "I AM" HERE AND "I AM" THERE; "I AM" GOD IN ACTION EVERYWHERE! Think That over and use It, because Life is everywhere; and you are in reality, a condenser of the Life of the Universe about you and the Action of the Flame from your own "Mighty I AM Presence."

In the Life which floods Infinity is all of everything! In the Life of your own "Mighty I AM Presence" and Higher Mental Body is all of everything! In the Life of any Ascended Master or Cosmic Being, to Whom you call, or the Angelic Host is all of everything; but it takes your Conscious Command, your Conscious Use of your own authority, your own consciousness and decision as to what you want to be condensed – "I AM" going to use that word – into your outer activities.

I said to you: "God can only do for you what God does through you," and the fact that you are here is the proof of the Law, that the Great God Presence of Life controls the Universe everywhere by the individualizations of Itself, which are the Flames in each Life Stream. Now because of That, you, having the Flame of Life within your Life Stream which contains God's Free Will, then this is why you have the Authority and you must use that Authority and consciously determine and consciously call forth that which you wish Life to give to you for whatever you are to accomplish in your outer world activities.

It is a Law of the Universe that you must specify definitely, determine and call to Life, your "Presence" and the Ascended Masters, specifically for what you want, if you are ever to have the Manifestations in the outer world. This is why I refer to you as a condenser. You are the concentrating apparatus of Life or activity of Life by which your individual Flame in the Heart reaches up through Its Qualities and Authority and calls

forth from the Infinite into definite form in the finite that which you wish to use in your activities of the outer world to fulfill the Divine Plan of your Life Stream and the Divine Plan of the Universe around you. This is why it is necessary to hold clearly the Picture in your mind of the Victorious accomplishment. You must consider and hold the design of the Perfection you want, if you are ever to bring It into outer Manifestation; and there is not a moment of your waking consciousness when you do not hold some kind of a picture in your mind.

Now "I AM" going to come to the point where "I AM" going to give you the Help and "I AM" sure will release a sense of Freedom to you that so far you have not yet contacted. Limitless as your possibilities are and as certain as the Action of the Cosmic Law is, still I say to you, you must have the Assistance of the Ascended Masters and you must use Their Consciousness, if you are to have the Perfection which is in Their Octave brought into this. Why? Because in Our Octave, We are the Authority of the Beauty and Perfection which is manifesting there. You, as yet, are not the Authority here, but when you call to Us for Our Ascended Master Consciousness to release Its Action in you or through you or around you into a condition, then you have drawn the authority of Our Octave into your own Life Stream, and then send It into the conditions of the outer world. In other words, of your own free will and determination you have reached up to the Greater Authority of Life and drawn It into this lower octave, so you might make This grow to become like That which is Above. In other words, it is by your authority and your command that you make the lesser expand to become the Perfection of the Greater.

Now one other service to mankind is the Perfection of Divinity entering into the substance of this World to become the Fulfillment of God's Divine Plan. I want you to have a sense of Freedom tonight in the Use of these Inner Powers that you have never had thus far. You have felt free to call your "Presence" into action and to call to Us for assistance, but you have not yet felt your own complete Freedom in the Use of That which your Life gives you from within its own Life Stream and that

which We are ready to give you from Our Octave.

It takes your upreaching, both to your own "Presence" and into Our Octave to form the triangle as it were, that lowers into the physical octave That which produces Perfection for you and corrects conditions that have been your problems of distress. You cannot be free and you cannot be permanently happy when you are loaded down with problems or loaded down with distress. Therefore, if distress is already gathered into this octave, it is obvious that to continue to try to solve the problems of your world by outer world methods is failure before you start. You cannot and you never will solve the problems of human generation in this outer world, unless your attention goes first to your "Mighty I AM Presence" and you not only make the Call there, but you use the Authority which is there waiting for you; because you have always been that Authority, and you accepted Its responsibility when you individualized.

In order to draw into any problem whatever is necessary to dissolve it, the Authority of your own Life Stream must first go into action in the outer and then, adding to that Authority, the Ascended Masters' Consciousness, which contains the Love, Wisdom and Power of Perfect Balance into a condition, will you replace that which has been human by That which is wholly Divine.

Your problem is nothing but a condensation of the discord of your own use of God's Free Will in the past. Therefore, when you replace that by Our Ascended Master Consciousness there comes within Our Consciousness the Power of Accomplishment, of Power, of Victory. That Power is within your own "I AM Presence," but you are not always able to release It and let It through. You know It intellectually, but what about the times you are angry or filled with fear or under tension or worry or hurry or strain or distress or pain! When any of those feelings are in the energy of your emotional bodies, then the Perfection and Authority of your "Presence" is not getting through. This is when you need Our Ascended Master Consciousness, because when your feelings are like that, you do not know how to throw them out or dissolve and consume them, unless you use

Our Directing Intelligence and Our Consciousness; because there is no such thing as human discord having authority over Us.

But there is the condition of that energy, which has been released from your own "Presence," of being requalified by the discord of the outer, because you have free will. And if you don't shut it out, it comes in; and if it comes in, it qualifies the energy of your world. Therefore, to make up your mind, every time anything is to be handled, to quickly call in — now notice — the Victory of Our Ascended Master Consciousness, gives Us the Open Door through which a Flame can flash and keep in sustained action and drive right straight through the energy of the problem or the discord and burn out every quality that does not produce Perfection.

Our Freedom is Absolute and Eternal. Therefore, if you are to be free from problems and limitations and distress, then you have to have Our Ascended Master Consciousness in co-operation with the Authority of your own "Presence"; and no human being on the Earth ever got free without That and they never will. This is why the mankind of the outer world, who push aside the recognition of the Ascended Masters or gossip or condemn It, are staying in their own chains, but their chains will grow heavier, until they accept the Source of the Perfection which is greater than anything they know.

If the scientific world this hour would turn their attention to the "Mighty I AM Presence" and to Us, and call forth Our Ascended Master Consciousness into every experiment, into everything with which they are dealing, and call forth Our Ascended Master Illumination into that with which they are working, It not only would be a short cut to Perfection, but It would dissolve the accumulation and the mistakes that have gathered for so long in those channels, so no one is ever definitely sure of anything if you ask them too many questions.

Now there is a practice among lawyers, doctors and some other people — they think it is quite the smart thing to do to not make any definite statement. In the Name of God, if you don't have something definite, what do you have? You either have something concrete and definite, or you have nothing but

the unformed. Either you do have something definite or you don't. It is quite all right to use Wisdom and not make positive statements concerning something about which you are not certain. One could do that, but to allow yourselves to get into the habit of never making any definite decided action on the side of Perfection, is certainly the most engulfing darkness of the human.

If you won't acknowledge God and stay There, what chance have you? If you are not with the "Presence" and the Ascended Host, then you are with the discord of the outer world. There is no compromise between, and the individual who has not backbone enough to stand right up and stand with his "Presence" and the Ascended Host, use the Consciousness of Life which is the Mastery of existence and the Eternal Happiness and Freedom which Life's Divine Plan contains — if mankind won't stay There with definite precision, then they are just down here, that is all in more and more distress, until they will return and replace human consciousness with the Ascended Masters' Consciousness and the Full Acknowledgment of Divinity.

You begin to give a Decree and flood your world with everything that is Divine, and see what happens. Now "I AM" going to leave That with you. "I AM" not going to explain any more than that, but I challenge you to use the Decree. You dare to do it and observe what the Blessings are which will fill your world. You give your acknowledgment to the "Presence" and the Ascended Masters' Octave: "I AM" THE DIVINE PERFECTION FOR WHICH I CALL! "I AM" THE OUTPICTURING OF THE PERFECTION OF GOD'S OWN HEART! "I AM" THE ASCENDED MASTERS' CONSCIOUSNESS HERE WHICH FULFILLS THE DIVINE PLAN AND MAKES THAT WHICH HAS BEEN HUMAN PURIFIED AND RAISED INTO THAT WHICH IS DIVINE! You begin to acknowledge the Victory of Divinity and see whether God hears you or not! See whether We have good hearing! (*applause — audience rising*)

Thank you Beloved Ones, I accept that spontaneous outburst of your love and gratitude, and I shall hold that as a Guard about you and remind you of This of which I have just

said, and I shall watch your enjoyment and Perfection come through. Thank you; won't you be seated?

Now in the solving of some of your problems — all problems, so long as they exist — if you will take your stand that the Life or Energy of Light which is in every problem — and if it be discordant the Light has simply been covered over by a shadow of discord — and when you have to handle problems, let your first Call be to your “Mighty I AM Presence” to flood you with Its Light and the Ascended Masters’ Illumination of everything about the problem. Then in the authority of your own Life Stream forbid the manifestation of anything human and acknowledge: “I AM” THE RELEASE OF ALL WHICH IS DIVINE TO FLOOD IN HERE AND TAKE THE PLACE OF THIS PROBLEM. Forbid the existence of anything human in your being and world. My Dear Ones, you Beloved Ones of the Light, you will go forth with a sense of Freedom you have never known before.

You can just as well forbid the existence of any problem in your world, as you can accept it and then be weighed down by it and struggle along, God knows how long, until you have solved it; and as soon as you solve it, one or a dozen more come in its place. Where is your release, Precious Ones, unless you do This which I state?

You can take your stand from this night, if you will call your “Beloved Mighty I AM Presence” and in the Name of that “Mighty I AM Presence,” in the Name of the Ascended Host, forbid your world to ever again have or accept any human problems. You can say to your “Presence” and to Us: “I AM” THE PRESENCE FILLING MY BEING AND WORLD WITH THE GLORY OF DIVINITY, WITH THE FREEDOM AND VICTORY OF THE ASCENDED MASTERS’ CONSCIOUSNESS AND PERFECTION TO POSSESS IT FOR ETERNITY! You can forbid even your own human creation to any longer come back to you.

Now suppose you have done something wrong. Heaven knows who in the unascended state has not? Then, if you are not ascended, it is because you have done something wrong to

your world. Suppose you have, you can turn to your "Presence" and you can say: I CALL ON THE LAW OF FORGIVENESS! "I AM" THE AUTHORITY OF THE VIOLET CONSUMING FLAME AND SWORD OF BLUE FLAME WHICH ANNIHILATES IT AND FORBIDS ITS REACTION EVER ACTING IN MY WORLD OR ANYWHERE IN THE UNIVERSE. You can from this night, henceforth, if you have made mistakes, use the Authority of your "Presence" and use Our Ascended Master Consciousness, and you can forbid any of the mistakes that you have made, from ever producing their results in the Universe. You can forbid that ever to act any longer, and then call the Sword of Blue Flame and Violet Consuming Flame to annihilate it, so it touches no other part of Life. If you take this commanding attitude to your mistakes of the past, your "Presence" will sing with delight and say: "Come, we are partners now for the rest of Eternity!"

You do not know yet the Freedom which you will feel, until you build a momentum of the Use of your own Authority in taking command of your being and world and forbid the registering or existence of anything human within it longer! But it takes this positive decision, Precious Ones, to definitely control the energy in your being and world; and it takes your decision of Life to say to the world around you that which you will have in your experience. And so far as your mistakes and problems go, simply say: Well, what of it! God can correct all mistakes and "I AM" the Ascended Master Presence which never lets me make another mistake, that forbids mistakes in my being and world forever.

Oh, Precious Ones, the day you get the Fullness of this, you will issue a Command with a thousand times more intense Action and Power. As soon as you make all the energy and consciousness of Life in and around you understand that you forbid the human to exist in your being and world, you have the Divine for Eternity in any amount of Power or manifestation you desire.

You can take this same Commanding Authority to others for other beings and worlds, as well as your own. You can

forbid destructive forces reaching those whom you love. But mankind so often feel: Well, that person is just making Life miserable for me and I cannot help myself; I am tied by this, that and the other condition. And they go on in years of agony, when in one mighty Charge of that Power, or a few weeks or months of using This Authority of forbidding anything human in your world, you give to the "Presence" and to Us the quantity of energy required for Us to take it up and qualify it and amplify it with whatever is necessary to project it into that problem and shatter it from existence. It takes your determined Use of the Authority of your own Life Stream, in order to bring about the Release of that which has bound you for centuries.

You could say to every habit of the mind, body or feeling world: **IN THE NAME OF THE "MIGHTY I AM PRESENCE WHICH I AM,"** or you can say: **"I AM" THE PRESENCE FORBIDDING THE EXISTENCE OF ANYTHING OF LIMITATIONS IN MY WORLD.** Beloved Ones, I ask you to try this once in awhile, at least some time each day, to show you, in your own bodies, what will take place, if you will forbid the race consciousness of age and distress to register in the flesh of your bodies or your emotional and feeling world. You need not longer record anything that represents age or distress. And for the young people, take your stand now and forbid your bodies to ever record anything but the Eternal Youth and Beauty of your Higher Mental Bodies! You may go on, and if you choose to sustain the body two or three hundred years, you still would not look any older than you do today.

Now This has been done hundreds of times by people on the Earth before, but it does demand you maintain the Harmony and you remain the God Authority of whatever touches your mental and feeling world or the activities about you. When you take the Authority of your God, your **"Mighty I AM Presence"** and Our Ascended Master Consciousness, and with determination you stay on That, nothing of limitations can longer stand before you. You could say: **I FORBID ANY OBSTRUCTION IN MY WORLD EVER AGAIN! I GO FORWARD WITH ALL THE VICTORY OF DIVINITY AND "I AM" ALL THE FREEDOM**

OF THE ASCENDED MASTERS! You take that one Statement and stay with It, and you would have amazing results.

My Dear Ones, if you really got steamed up, as they say, enough about your problems and your limitations, they could not stay with you another thirty days — no, not longer than twenty-four hours, if you got steamed up enough all at once, because you need to hold your attention long enough on these Calls. When you go into action on something definite, you need to hold the attention there long enough without interruption to release the full force required that sweeps it out quickly.

Be careful in giving that Decree, if you get all tied up in knots, just say: “Well, I forbid this feeling in my world!” If it is just your outer self going to run everything, you are going to get into distress sooner or later, there is no question about it. But when you say: “I AM” THE PRESENCE WHICH FORBIDS THIS, OR “I AM” THE ASCENDED MASTERS’ CONSCIOUSNESS WHICH FORBIDS IT, OR “I AM” THE ASCENDED MASTERS’ COSMIC SWORD OF BLUE FLAME WHICH ANNIHILATES IT; then you have given the doing of it into Our Hands and the commands of your “Presence,” and you will not feel the exhaustion or the strain you do feel when you go into a condition and feel that is your personal battle. This is what the old saying meant: “I shall fight your battles and you shall hold your peace,” and to hold world peace has become a very uncertain thing, hasn’t it? Well, do you know why? Because individuals did not hold individual peace. If you could stop family rows in your whole nation for thirty days, you could have all the peace you wanted, but family quarrels build a momentum of hate around the home, until that mass accumulation has been used against the homes to wreck them and murder the people; because hate kills happiness and disturbs your harmony. Therefore, whenever you see it being expressed, take your stand with your “Presence” and the Ascended Host and know that “I AM” the Presence which annihilates all hate and forbids its manifestation anywhere in the Universe.

If you will take your stand with your problems now — they have no right to be anywhere in the world or the Universe — then

you are using your own authority over the human creation that never had a right to exist. Discord and limitations and distress of any kind have never had any permission or any right to exist in this Universe, and when you know a thing has no right to be, then it becomes your duty and obligation to call the "Presence" into action to dissolve it and command the Fullness of Divinity to take its place for Eternity.

This is the Freedom which "I AM" bringing you tonight, an Inner Action of the Freedom which will free you of habits, of associations, of conditions, whether they be in the minds, the body or home or the business. You can move forward from one gigantic accomplishment to another, so long as you are alert, and constantly forbid anything in your world to produce any feeling or quality that is not in agreement with the Perfection of God's Divine Plan. Because when your "Presence" and We see you are determined to stand with That which is Divine, then whenever you have to handle something that is of the human to consume it, you will have Legions to assist you and Ascended Master Friends on every hand, until you walk through one condition after another, and through your Calls they will be wiped out without the frightful struggle that otherwise will be yours, if you do not use the Authority of your Life to compel the annihilation of that which has no right to exist in this Universe anywhere.

That which does not exist by the Perfection of the Divine Plan of the "Mighty I AM Presence" or the Ascended Masters has no right to be anywhere in creation, and as soon as you take your Authority and forbid the existence of anything you contact that is of human qualities, you will see your mastery will go forth in very much greater power and greater speed.

The Fullness of your Mastery and the complete Release of all the Powers from your "Presence" can only come, when you have completely decided that you will have nothing but the Fullness of Divinity in and around you. When you have thoroughly decided that you are not going to associate with anybody or anything but God, your "Mighty I AM Presence" and Our Octave of Light, you will find a great Release from a great

many things in your own worlds that could be dismissed and consumed almost with a wave of your hands. You could be Free so much, My Dear Ones, when you take your stand: I FORBID ANYTHING IN MY WORLD BUT THE PERFECTION OF DIVINITY AND THE DIVINE PLAN FULFILLED AND EVERY ACTIVITY TO EXPAND ITS BLESSINGS TO THE UNIVERSE!

Take your stand tonight, and see what you can do with that Command on your own bodies within thirty days or sixty days. Try it, My Dear Beloved Ones. You might just as well move in the outer world of Beauty and Perfection and Freedom of your Higher Mental Bodies, as to go on in the distress of the outer world. This may not be attained in a moment, but go on in your Decrees and some moment, when you least expect it, the last fragment of opposition has gone down and you move forward the Fulfillment of the Law.

Now, Beloved Ones, I want you to feel something else tonight. "I AM" Freedom to the Earth! I wonder if you realize how much Freedom I can give you! The Freedom which "I AM" to all on this Planet is God's Unlimited Freedom of Our Octave, the Unlimited Freedom of the "Mighty I AM Presence" and the Ascended Host. I can give you That without limit, when you have taken your stand to be completely through with the human; and when you have assured your "Presence" of that, do you know what happens? Your "Presence" calls to Us for Assistance in the Accomplishment of a wider Expansion of Its Activity, and when your "Presence" calls to Us for Our Assistance, We are there right then; because under the Action of the Cosmic Law, when the Higher Mental Body commands something, It must be done.

Oh, My Dear Ones, you have so much Power within you tonight through these Calls, and if you will do as the Mighty Lord the Maha Chohan has indicated and the Messenger requests you to do to hold your attention upon the "Presence" in your daily conversation and shut off that which is a description of lack of Perfection, We can do many things for you, as soon as We are certain there will be no unguarded moments in your

conversation that would connect with discord.

There is to be much accomplished, much to be accomplished, much to be accomplished between now and the middle of July. It is your privilege to go this year to the Royal Teton and there receive the Outpouring of the most Magnificent Assistance which so far has ever come to this Land, and it is your great Privilege to be a part of That. It is just as if each of you brought a Cup and filled It with the Power of Light, and took It back to your world and expanded the Light there to produce Perfection on the instant.

So as you keep your attention upon that which is Divine, will you automatically draw it in and around yourselves, and if you will keep calling forth those powers of your Life Streams which you have never manifested before in the outer, it will give your "Presence" and Us another opening through which We may act in various ways to give Assistance of which ordinarily you are not aware.

There are Powerful Healing Rays going forth tonight to those who need assistance, those who are calling for It. Just let It flow and feel the Authority which you are, to command Life set Free for all who call for help or any part of Life, just as you pass it by. Your business in this world is to expand the Perfection of Life which is the Freedom of the Unlimited Use of the Sacred Fire and the Cosmic Light.

Beloved Ones, I love you tonight with a Love unspeakable, and "I AM" determined that I shall give you again, again and again Assistance in these various channels, until you have grasped the Fullness of these things which have been said; and on a moment's notice, the Light will flash and flood through you to the complete Illumination of your minds, which enables you to go forth and do what you want to do, so long as it is constructive, with almost no effort. That is not to cultivate inactivity in some other channel, but it is to assure you, that if you give obedience to the Law, the Law will show you fast enough how great are Its Blessings and Its Protection.

Beloved Ones, in your Decrees I would appreciate deeply as much Conscious Acknowledgment of Freedom, Protection and

the Victory of Light in everything you do and into every problem that comes to your attention. “I AM” Freedom to the Earth! I shall say That until all have accepted Me! (*applause – audience rising*) Thank you, Precious Ones, thank you eternally for that Love. Won’t you be seated?

When things weigh heavily upon you, give this Acknowledgment: “I AM” FREEDOM FROM ALL PROBLEMS FOREVER; and if you really want to make it very emphatic, acknowledge: “I AM” ALL GOD’S FREEDOM FROM PROBLEMS FOREVER! Then you give your “Presence” a clean sweep ahead, as it were to dissolve the mistakes and the reactions of what has gone before, and let you just move into outer action, wherein you won’t have problems. You will have tremendous activity of very great joy, but the struggle and the problem will not be there. When you acknowledge: “I AM” all God’s Cosmic Freedom, and you keep on acknowledging That, It has to outpicture through you, Beloved Ones, as surely as you speak the Words. When you say: “I AM” a thing, then the Presence moves That into action for you. When you say: “I AM” all God’s Freedom, then “I AM” obligated under the Action of the Cosmic Law to clothe you in My Freedom of Love and Freedom; and when I do That, I take away your problem. (*applause – audience rising*)

Thank you Precious Ones, I shall take That and clothe it in My Flame of Love and Freedom, and hold it about you, until your Freedom is complete for Eternity. Won’t you be seated please?

You can use the same Statement, Precious Ones, for yourselves or the conditions around you, and when you begin to acknowledge, “I AM” ALL GOD’S FREEDOM FROM ALL THAT IS HUMAN! “I AM” ALL GOD’S FREEDOM OF ALL THAT IS DIVINE, Oh My, just as if you threw one door after another open and you walk right through and We are there to greet you and offer you whatever will fulfill the Divine Plan and give the Greatest Assistance in that channel wherein you wish to serve.

This one Statement, if used consciously and persistently, will take you forward, Oh My, almost as if you flew over the

housetops, and one problem after another that used to seem so terrifying will just dissolve and fade out, and you will wonder why you ever worried about them. If you will take your stand: "I AM" God's Freedom from all worry, that, too, will disappear because it is nothing but habits of feeling.

Oh, Beloved Ones, tonight the Power, the Love and the Blessings which is pouring to you all from the Great Host of Light is Powerful to behold. The Outpouring which has taken place in Chicago today is anchoring for Eternity the Cosmic Powers and Activities in this City to bring forth the Perfection and Fulfillment of God's Great, Great Plan of Beauty and Perfection. (*applause – audience rising*)

Thank you, Precious Ones, may We bless this precious City with all the Freedom and all the Victory of Light which We can command, so it may arise once again into a beautiful, magnificent Heart of the World, within which stands the Jade Temple and Violet Flame and Unfed Flame, to pour forth Its Blessings and Its Love; and by the will of the "I AM" fulfill the Divine Plan and expand Its Beauty, Its Perfection and Its Blessings to all for Eternity. (*applause*) Thank you, Precious Ones, won't you be seated?

Now as We journey westward, may I remind you as did the Master Jesus: "Lo, 'I AM' with you always"; Lo, "I AM" there even unto the Heart of Creation and "I AM" here and "I AM" there! "I AM" your Freedom everywhere! "I AM" your Escort everywhere! I trust that We shall go along the pathway hand in hand, blessing your Land with the Freedom of God's Own Heart, until all joyously have entered into that Flame of Love Supreme and become Its Outpouring without limit forever.

Oh, Beloved of the Light, thank you for these many months of service here! Oh, We have appreciated it beyond any measure, but could you see the Victorious Accomplishment at the Inner Levels, would your Hearts sing with Love and Gratitude that you have rendered the Service, and Life loves you very dearly. Life is always ready to serve you with the best It has, and "I AM" just Part of the Best of Life's Gifts. Freedom is Part of Life's Mighty Glory to the Earth. "I AM" privileged to

hold the hands of those upon this Planet who are calling for assistance and they know not where to look.

Therefore, I ask you to be My Ambassadors of Light! My Ambassadors of Freedom to all Life. And if at any time you seem to need more than ordinary help, acknowledge your Cosmic Authority and My Ascended Master Consciousness, and there shall come to assist you whatever is necessary to bring Perfection and the Protection which enables Life to set you Free.

May the Angels of Freedom and the Great Glory which They command be flooded to you, the veil of the human atmosphere part and let you gaze upon Their Beauty, which is a spectacle you will never forget. The day you see the Angel Devas and the Angels in Their Various Activities, your joy will last for Eternity; and the day you gaze upon the Angels of the Violet Flame, will you love that Flame as you have never yet understood. That Flame which has done so much for you, when used to clothe the Angelic Host, is Beauty Supreme and Power Invincible.

I said a long time ago that I had called an Angel of the Violet Flame to abide with each of you if you would give It remembrance and acceptance. Tonight I remind you of That with the Call, that the veil of human substance be drawn aside, and those Beings show themselves to you, and you watch Their Activity until you have become the Great Freedom of that Violet Flame, which is the complete Release of the Earth from all that is not the Divinity of Life and the Perfection of Its Freedom forever.

Beloved Ones, until the Messenger returns, remember there shall come a wave each time that you are gathered together here, a Wave of My Love and Flame of My Heart shall come to abide with you and render you every Service possible to the greatest Accomplishment to your own Freedom and America's Victory in the Light and the Release of the World from all that is not the Peace of God's Heart and the Victory and Freedom of Life which God intends. Until That is fully manifest, let Us move forward so blazing with the Violet Flame, that Beauty

everywhere comes forth and with It all the Authority and Power from Our Octave and the Divine Source of Creation, the Great Central Sun.

Call forth the Powers of the Great Great Silence and dwell forever within the Love of My Heart, and I shall show you what the Sun of Freedom will create for you. Until We meet again, I leave you in the care of the Angels of the Violet Flame, and I know They will guard you very well. My Love, My Gratitude My Blessings to you forever, and with the Invincible Protection of the Sacred Fire and the Angels of the Violet Flame, with the Invincible Protection of the Ascended Masters' Ring-Pass-Not of Blue Flame as of Thousands of Suns, We clothe you in that Substance and Flame of the Cosmic Freedom which "I AM" and the Divine Plan Fulfilled in all the Joy and Love and Perfection I can command.

The Mighty Blessed Godfre asks Me to convey to you His Love and Blessings, Love and Appreciation for your loyalty to this Messenger and the Light He has loved so well.

May the Fullness of everything required flood the Earth now and in that engulfing Peace from Our Octave close in upon all that is of the shadows, to remove it and let Us all go forth to the magnificent Rebuilding of all on the Earth to the Divine Plan of the Permanent Golden Age and the Victory of the I AM in America and the World.

May My Love of Cosmic Freedom with Its Guarding Flame and Cosmic Authority envelop My Beloved Pal, My Beloved Donald, and all those blessed ones in the National Defense, all the blessed Ascended Master Youth and Incoming Children, all the Younger Generation; and may I be able to reach them and so penetrate through the human discord of the outer world, that My Flame in Its Beauty and Power shall draw them into Its Freedom quickly and show them the Love and Perfection I want them to be forever.

I say again that with My Violet Flame I enfold you, to hold you in Cosmic Freedom forever, and until We meet again "I AM" no farther away than your own Hearts and the Glorious Presence which stands above you. May you give It full recogni-

tion and have Its Mighty Power come forth now in Full Command; make you Magnificent Ambassadors of Light, clothed with the Power to set all Free and produce the Miracles which will make mankind listen and seek and learn of the Presence, the “Mighty I AM,” and the Ascended Host, unto Their Great Freedom. We thank Thee, Oh, “Beloved I AM Presence” and the Ascended Ones forever for all which has been done through these the Beloved of the Light. Now may every Blessing come forth to them and lift them on the Wings of Light from all distress until their Ascension.

I thank you for the Privilege of this night, and My Outpouring shall enfold you and increase unto your Ascension.

Good night.

REMINDER!

BELOVED DADDY – CD 932

“Now, may I remind you that no matter what you require down here to produce Perfect Manifestation, go forward and use the Powers of your own ‘Mighty I AM Presence’ in outer action to produce Perfection everywhere; no matter what you require, the very first thing on which all constructive action is based is Love to the ‘Beloved I AM Presence’ first, and the Ascended Host, in order to teach the outer self what is needed from time to time to produce Perfect Manifestation.

“Therefore, no matter what you require out here, if you will remember not to start into things until, just for a moment, you SEND YOUR LOVE TO YOUR ‘BELOVED I AM PRESENCE’ AND THE ASCENDED HOST AND TO THE SACRED FIRE AND THEN ASK THAT VIOLET FLAME MASTERY COME INTO WHATEVER YOU ARE GOING TO DO, AND REVEAL THE MIRACLES THAT ONLY LOVE CONTAINS.”
