

BELOVED MR. DANIEL RAYBORN'S DISCOURSE

IN THE FULLNESS OF ALL THAT I WISH TO CONVEY to you today, Beloved Ones, this is without question the most sacred hour on Earth since the Ascension of Beloved Jesus. Had the outer world been permitted to have this same preparation, how different would have been the concepts of mankind concerning that great achievement of your Beloved Ascended Master Jesus!

When on My ranch in Wyoming, My Beloved Ones, as I thought I was released from the body, a great change came in My feeling world, not of grief, but as I will try to express it to you, a great, great determination to know more about that "change," for something within Me knew that that was not the end; that was but a change, and yet I knew not how to explain it.

Then when this Beloved Messenger was directed to Me in Denver and into Our home, I shall never forget in Eternity when He came to Me in the hotel and I looked into His eyes — only the feeling can tell you what it meant. Remember, Beloved Ones and gentlemen, I was a man of the business world whose attention, while never bound to the business world, was confined largely to it, except for the love given to Mrs. Rayborn and the family; and I did have a very great love for the better grade of music. Yet when I think of it today, I want you to feel how identical is your position today with that which was Mine before this Messenger came into My home.

Now there is not one of you who is not in the same position. It is quite true, as I have been permitted to look into the feeling world of many of the students, by nature My feeling world was naturally very calm, quiet and harmonious, and as I understand it today, it was the only possible means by which This could have come to Me at that time without more preparation. But the intent to convey into your world, your feeling world today, is that you from your outer sense, your human qualities, have no more idea than I did what is before you. For as you release all into the Hands of your "Great Presence of

Life" as you observe by the Chart, you will find a possibly gentle, but complete transformation in the attitude of your feeling world. This is the first thing that will take place as you continue to give attention to your "Presence."

Now then, if you wish to take your determination for the Ascension in this embodiment, there is no reason why you should not, but let Me guard you, because there have been a few individuals in America who have become quite fanatical and without sufficient consideration for that, thought they could, just because they decreed it, make the Ascension. Well that is just childish foolishness, but if you will put yourself in the Hands of the "Presence"; use the Violet Consuming Flame as Beloved Saint Germain has directed; call the "Presence" to establish a Tube of Light about you so you are not constantly interfered with by the vibratory action of the outer world, then the remainder of your requirements and achievement will be so much easier for you.

Let Me assure you, the Tube of Light is more important to you than all the money in the world, and I had a great deal of it. The Use of that Violet Consuming Flame by your "Presence" is worth more than all the money in the world! In the vast wealth which was Mine — given into My custody — you might be interested to know that I never gave it a single thought. When Beloved Saint Germain requested Me to prepare for the Ascension, I did not give the money a single thought. Your position in the outer world is the same. You need not worry what your friends will say or what will be done with your worldly goods. The Great Wisdom, which would cause you to Ascend, is always sufficient to govern all outer conditions. Remember, you do not make the Ascension just by intellectually deciding to do it! You make it because of the surrounding Power of the Ascended Masters and by sufficient attention to your "Presence" with the qualification of the Ascension dominant.

I want everyone of you to know definitely today that there is not an "I AM" Student in America or the World who will not make the Ascension if he will so decree it.

When one comes into the Ascended Master's Understanding of the "Presence," determined to stand by his decision to make his Ascension, not being concerned as to when it occurs, he will positively accomplish it. If for any reason, you do not make the Ascension in this embodiment, you would be positively certain to do so in the next. This is the thing mankind and the students need to understand, and to feel no disappointment if, for any reason, you do not make the Ascension in this embodiment.

You know definitely if you understand these two points that your Ascension is absolutely certain, definite and sure when once you have come to know this "Presence"; for this "Presence" is the One Who enables you to do it! The Ascended Masters can give almost limitless assistance in preparation, but your "Presence" is the One Who causes you to Ascend, and causes the Purification of your body to take place so the Earth can no longer hold it.

When I went to the Cave of Symbols, as I thought wholly unprepared for such a thing, the only question that ever came into My mind, how it was possible that Beloved Saint Germain could have selected Me for that Great Freedom; but after, with this good brother in the Chamber of Light in the Cave of Symbols, when for the first time I saw with My Own All-Seeing-Eye, even to the vibratory action in the room, its changes, its colors, then for the first time I knew that My Own Light had been doing its preparatory work, even though My attention was on outer things.

Do not feel that you need to discontinue your outer activities, for mankind as yet is needed very greatly in the various activities of your industrial world and outer activities. The providing of food and all that is done for the sustaining of the human body and the activity of mankind is still needed in the outer world. Do not feel that you must altar your channels of activity, but rather change your attention. When not occupied with the outer world's requirements, hold your attention on the "Presence."

Who of you shall say to Me what five minutes of earnest attention to your "Presence" in a certain harmonious vibratory

action would do for you? That is why I say, you cannot, from the human standpoint, judge. Just go on and on in your application for the cleansing and purifying of your body for your Ascension and for your Freedom. In whatever you are compelled to do, do not discuss the Sacred Intent in your Heart with others – not even with your closest friends! The human is too uncertain. If that very close friend should suddenly be interfered with and his feelings and ideas toward this Understanding change, you have no idea how much that might affect your feeling world; because of the stream of confidence which you are automatically expressing and feeling. This is why it has been said that your dearest friend is sometimes your worst enemy; because in your sympathy for another, through that friendship you open yourself to all the feeling that might occur if the other individual changes.

This is why you may not depend upon human qualities. You will always be disappointed, but if you depend upon your “Presence” and place your friends in the Hands of their “Presence,” and remember, Oh, how vital, as We see it today, it is in your Life to know the difference between human sympathy and Divine Compassion. Please understand that, every one, because if you are unknowingly still allowing human sympathy to act within your feeling world, then you will find obstructions in your way; but if you raise this into your Higher Mental Body, and by that determine when you would be in sympathy with someone or some thing, and then give forth the Assistance from the altitude of your Higher Mental Body, then you are perfectly safe, also from any unknowing interference in the activity of your own feeling world.

You have not yet come to realize how much of your feeling is acting unknown to the intellect, but as you keep the attention to the “Presence” you will become more and more illumined in the intellect to the requirements, then steadily and surely will come the steadily increasing vibratory action which will hold you into that condition of safety and freedom from the pull of outer things, manifest for instance as human friendships, as sympathy, as conditions in which you meet daily in the

outer world. Now this is the preparatory work in your own individual Life.

Now then, let us go back to the point where I came out of the Chamber of Light after the time that Beloved Saint Germain directed Me to remain there. Listen carefully while I describe to you the change in those few hours, as it seemed to Me of the atomic structure of My Body that walked into that Chamber of Light, which I thought just an ordinary human being. In that charged atmosphere I could watch the Expansion of the Light within the cells of My Body, which I did. Now remember, I was not in My Higher Mental Body, I was here in My Own physical body, and in My physical body I did observe the change take place. Now if you will feel This as "I AM" describing it to you, it will start in action in everyone of your feeling worlds this exact identical process, for it has been so prepared.

As I watched the points of Light, first, just in this area of the Heart, then as It expanded to all parts of the body and I saw this Expansion of the Light, I saw the density dissolve as that Light expanded. Now you must know that That is very real. As I saw that Light taking Its Dominion within the flesh structure of the body, it was a marvel never to be forgotten in Eternity. For no matter what you experience after you reach that Great Perfection, never will the Memory of that Achievement be lost, because it is the Victory from hundreds and hundreds of centuries of building in human limitations.

When one finds they are actually being freed from that bondage of so long, only as you experience it could you possibly know what the feeling is. Even I cannot convey to you that feeling, but as you contemplate what it might be, who of you shall say when you might strike into that vibratory action which gives you that feeling which words do not convey?

Let us feel the activity which took place in My body as the points of Light expanded and the density continued to dissolve and disappear. Would you be interested in knowing just how it occurred? It was exactly as if you turned the light on a shadow and the shadow faded out. It is exactly the same process used in dissolving the density around these points of Light. As the Light

expanded, the density just disappeared like a shadow. The density with which you seem to be clothed today is but a shadow from Our standpoint in the Higher Octave, but to you it is a quality. As shadow after shadow disappeared and the Light began to take Its Dominion, throughout the entire body from the top of My head to the tips of My fingers and the tips of My toes poured out this same Light. Then, I understood what Beloved Saint Germain had said to Me in the first conversation We had, when He came to Me in the tangible body in My home and explained what was intended. He said: "The pattern of your body is a Light Pattern which you will come to know." Then, I saw and knew for the first time how vital, how important that Light Pattern was; for there would be no physical structure except for that Light Pattern. It is the Power, the Intelligence which holds the flesh structure together.

Then as that continued, and about Me radiated for some three or more feet this powerful Radiance, and then this I cannot describe to you, suddenly the whole body became such an intensity of Crystal White Light that it took Me some little time before My vision became adjusted to the Light, for mark you, I was watching My Own physical body and the optic nerve evidently did not raise its vibratory action as rapidly as the structure of the body, so when it came to observing the greater intensity, it required several moments of adjustment before I saw clearly all that was taking place for the greater intensity.

Then when I received the prompting to come forth from that Chamber, and as I passed through the door into the other rooms into this Chamber of Light, I found the Light withdrawing within, and for a moment, there was such anxiety as you cannot imagine. Not having inquired, I did not know that that was necessary, because I had left the intensity of the Great Light. But within a few moments, through My feeling world, came the prompting from Beloved Saint Germain not to be alarmed, that all was quite well. Then as I came back into the outer rooms and when the hour came and I sat in that most wonderful of Chairs, there is no mechanism of the outer world, just a Substance that held the Radiance which Beloved Saint

Germain had charged It with to give this assistance.

No human being in the outer world can prepare such a thing, it would be impossible; nor is there any outer electrical apparatus that would produce the same results. Then as those gathered about Me to observe the complete release, and when these Currents of Energy began to release, and again from within My Being blazed forth this Great, Great Light of far greater intensity, then as I left the Chair and stood just under the ceiling and Blessed Mrs. Rayborn, Who had already made the Great Achievement — won that Great Victory — raised and came to Me; there We stood in Eternal Gratitude to Life.

As the “Presence” released Its Tremendous Powers, the complete Transformation took place. I found Myself, not just as the word “Ascend” means to you, but I found Myself being drawn by a Tremendous Power. Just as a magnet draws a needle, so was the “Great Presence” drawing Me into Its Own Wondrous Heart. The moment I first stood within the Radiance, the Heart of the “Great Presence,” the Electronic Body of the “Mighty I AM,” no words could ever describe! An ecstasy, a Joy unspeakable filled My whole Being! But It was of such great calmness and serenity no words could describe. Then, I became adjusted to It and began to move about in My Own Eternal Perfection and Freedom. With My Beloved One, Mrs. Rayborn and many of the Great Ones Who came forth, They escorted Me to the Great Place of assimilation. There I became adjusted to the Glory of all the Power which had become Mine so quickly.

Think of it! The Inner Processes which “I AM” describing to you took perhaps an hour, possibly an hour and a quarter, from the time I stood in the Atomic Accelerator. Yet mankind today, not knowing what it all means, feels the pull of the outer world which often makes them undecided, as to whether they want to go forward to their entire Freedom or not. Please do not have a single opinion about anything except the achievement, if you wish to go forward in the most powerful manner. Do not worry about your affairs, your friends or relatives or anything of that kind. Have no concern about what they are going to say! If you love your friends and relatives, you will be

in a position to render a service so far transcendent to anything you can render today, if you had all the wealth in the world, that there would be no comparison. So do not worry about what the conditions will be which are left behind in the outer world.

Will everyone, husband, wife, friends, children and parents give each other complete freedom? And I say to you gentlemen, wherever you are able to convey it, convey to your fellow man how important it is to give every one Freedom. In order to be Free, we must give Freedom to everyone, and what Happiness would fill the world so very quickly if all could suddenly change and give that complete Freedom to each other. It is quite often that friends bind each other as much as husband and wives or associates. Friends think that their friends should do just what they want them to do. That is a mistake, and remember that the Law of Life is that as each one is progressing, sometimes it is almost imperative they be left alone to make a mistake that they will see, and by the correction of that one, perhaps correct a train of events that would follow. So if an individual is so constituted that they must have an experience to show them the Law of the mistake, then who are you to say they should not have it. Therefore, do not be concerned.

The outer world has become the Great Sanctuary of Initiation today. Therefore, mankind in the very forceful activity of the outer world is gaining this Victory. Think what it means to you! Oh, the Blessed Ones who, Beloved Saint Germain, various Others and the Great Sanat Kumara, only within the last few days said: "Is it not amazing today, to think that in former times, owing to the Laws of Life which existed then, that the outer world thought it necessary for people to go into the Retreats away from the outer activity, in order to gain this Victory at all." Today, through the Assistance of the Great Cosmic Light, you are gaining the same identical Victory in the outer world, which individuals did in the Retreat, but It is far more powerful. Those individuals had to go back in the outer world; and after a long period of activity in the great sensitive-ness and highly attuned structure of their bodies, had to go out

and meet the discord of the outer world. That was far more difficult than to attain the Glory of the Victory in the outer world today.

Therefore, Beloved Ones, be grateful as never in your lives for this opportunity to win your Victory in the outer world today. You are stronger and far more powerful in winning the Victory in the outer world, than if you were away in a quiet place where no outer vibration touched you. That is why this Tube of Light has been provided and your attention called to It and the Violet Consuming Flame.

In the few Ascensions which have taken place heretofore, that has all been done by the Great Cosmic Light and the Cosmic Beings or the Ascended Masters. The dissolving process was done largely for the individual, but today individuals, right here among you — I could call you by name — three hundred people or more in this room who are actually calling their "Presence" with such intensity, and the Use of the Violet Consuming Flame and the drawing forth of the Tube of Light, that it is absolutely the most beautiful thing one could witness.

But the most unfortunate condition in mankind today is that which exists among so many husbands, who do not want to give their wives Freedom to go forward in the Light. Will you make, in your groups, a Decree for releasing and the governing conditions of the feeling world of mankind everywhere, that this sinister activity may not take command of them and cause them to do these ungrateful, unkind things? The truth is, that whether it be masculine or feminine, if one tries to bind the other, the very Laws of Life will throw them asunder in this great intensity of the world's action today; because no longer will the Children of Light be deprived.

In former ages through the old occult methods, Students of the Light went through every privation financially and otherwise. Today, having come to the Understanding of their Treasure House, their "Presence," no student will much longer be deprived of the money they require for their happiness, comfort, shelter and that which they wish to render in the Service of the Light; and I say to you as the Messengers do — "I AM" sure

they have made it so clear to you in this class – in your Call to your “Presence” now please feel this as I speak these words, because it is for the limitless assistance, you already have heard it perhaps a hundred times. When you Call to your “Presence” for the money released that you require – now I handled plenty of money so I know what “I AM” talking about, and I now and after My Ascension saw wherein was My natural easy sense of accumulation of money, for it never meant anything to Me except for the use I could put it to, and that is why, or one of the reasons – but never in My Life did I go to sleep at night that I did not thank God for My abundance of money, and naturally I saw afterwards how I was fulfilling the Law. But kindness and Harmony maintained in your feelings is the most important thing in all the world, because then, when you call to your “Presence” for the money released which you require, there is no obstruction in the Stream of Life, for the “Presence” acts through your Heart. It might, for instance, project a Ray of Light, but as a general rule, because it is you making the Call, It projects Its Energy through the Heart and in and through you, out into the world. Then as your Call is made to the “Presence,” Its Wisdom, Power and Love reaches out through you by this vibratory action, if there is sufficient Harmony, persons, places and things are quickly harmonized, yourself included, to do what is required which Life requires for the release of money to you.

If you can believe Me when I say to you that human beings are but custodians of the quantity of money that is in their use. The “Presence of your Life” is the owner of all in the Universe, and once mankind understands That, they will give the needed Obedience. That does not mean that you, being the custodian, should not be firm in the governing of its use. It does not mean you must let every person who comes along direct you as to what you should do with that, but as you call to your “Presence,” from the Inner promptings you will always know absolutely accurately and correctly what you should do.

May I suggest, ladies and gentlemen, in your financial activities of the world, do not go to each other and ask advice.

Go to your "Presence" and then, if you are not sufficiently clear say: "Great Host of Ascended Masters, help me to receive the clearness of this direction in which I do not make a single mistake." Then you will have the clearness of it.

What "I AM" about to say to you may sound very strange, but please do not pass judgment on it, but contemplate It and let Its Explanation come from within you. The vast majority of all the activities of the outer world today are mistakes. Now you will say to Me: "Well, we must have clothes to wear, we must have food to eat, we must have that which produces all of this." Yes, quite true, but if you will call your "Presence" into action to govern all these activities, in the place of human qualifications, in these outer activities of Life will come the Powers of the "Presence" in Its Perfection, in your industries, in your aerial service, in your producing of the food supply, and you will find a complete transformation in all of those requirements.

For instance, today there are approximately forty thousand people among the "I AM" Students who are nearing the point where they can call forth Precipitation. There is nothing strange about it. It is just the activity of your own Life; and instead of going through a long process of growing or manufacturing the things you require here, through your own stream of Life by proper understanding and direction, that same substance can be gathered into the form you require, whether it be food or garments. Naturally, it is of a finer texture and greater purity than you could produce from growth in the outer world; because of the imperfection that has been imposed upon Nature, which is the substance of the Earth. Notice the changes which are already coming in your vegetables and fruits. Oh, you have not noticed it much yet, but just observe what is going on, please! Inform yourselves on these changes and you will find there are hundreds which have already taken place.

Do not misunderstand Me now in this next remark. In the Octave of Light is the reality, the pattern for every form which is here. Of course, your appearance world far from fulfills the Perfection of that pattern, but still, the pattern is the power which acts in the form here, even though it is imper-

fect. Now then, when you call forth, or are able to call forth This Supply – gather this substance and build for yourself food or clothes or what it is you want, then you have simply stepped out of the last limitation that the Earth holds, and every one, of course, when they make the Ascension, requires nothing of the outer world. They have but to hold out their hands and receive what they wish. Therefore, in the many things Beloved Saint Germain did in precipitating food, in all of that, the process is no different. It is only more rapid than you experience in watching your vegetables and fruits grow. You watch the fruit on the trees grow from a little thing to full maturity. You watch your corn on the stalk grow to full maturity; but the source of the Essence of Life which built that form will produce it almost instantly, when you understand how to co-operate with it. Such is the Beauty, the Power of the Understanding of your “Presence” which steadily and surely – let us use the word imbue, for it imbues, interpenetrates the structure of your physical world with full consciousness of this change and activity. That is why, as you give attention to the “Presence,” these Activities, even to Precipitation, come about naturally – perfectly – by the actual Law of your own Life which nothing but yourself can change.

It is the most magnificent thing ever before mankind, because there is no limit; and when I see mankind today being limited by this or some suggestion in their sight and hearing, when in a flash of lightning, they could call forth the energy of their “Presence” through the optic nerve and restore their sight instantly, and their hearing the same way. Mankind will soon come to do those things naturally, because in all the so-called achievement of Life there is not one thing but the natural activity of your own Life. Only because you have not understood it does it seem unusual.

Therefore, please look upon your Life, your “Presence,” as the full Power of all Perfection which you might ever conceive of or wish to call forth into your use at any time. Therefore, you are giving Freedom and Light the Harmonious recognition and acceptance. You are blazing the Power within the activity

where it belongs, instead of trying to believe and feel in your world that what you have not yet seen, is possible.

Why Dear Ones, if you saw for one week, I mean of the past — just one week — of how your feelings have acted to push away, limit, deprive you of what you desire; just because of your own accumulated suggestions of that from the outer world, not necessarily projected at you; but the condition exists and you are living under it; limiting yourselves because of a thousand and one things that the feeling world has accepted.

Now then, if you will call the “Presence” to cleanse and purify your feeling world of all doubts, fears and questionings, then turn to your “Presence,” you can have Its Power flow forth steadily and surely. Wave after wave will come of the greater and greater Strength and Perfection to act in the outer manifestation of your world and produce anything you require. This is what We all want you to feel; that you are no longer subject to the limitations of the outer world because you have allowed them to act thus far. You can absolutely reverse all things and have released everything you require. It cannot deprive another; and in calling for your Perfection, there is no selfishness about it.

Sometimes a friend or a mother would say: “Well, I should not want my Ascension and leave my friend here.” A mother might say: “I could not ask for my Ascension and have my child left here.” Beloved Mothers and Friends, let Me offer some advice. Who does your child belong to? Oh, not you! Your children belong to Life! belong to God, that “Mighty Presence of all Life”! Let Me urge you, Precious Mothers of America, from this hour, place your children in the Hands of that “Great Presence” and leave them there. Then, in your Outpouring of Love and kindness, you will find transformations which you could not even imagine; but when the human tries to govern the human, usually a battle ensues.

Try in the future, Beloved Ones, and I say to you Students and Group Leaders, please, as you value your Freedom, have not one question or single opinion about each other. That is a sinister thing that uses some excuse to get you disturbed to

prevent your Freedom longer; that is all. What someone else does is not your business; is not your concern in the slightest, but if you make it your business you are going to make yourself a part of the world, and you do not care to do that "I AM" sure. Let everyone be free, Dear People. Give them the Freedom in your feeling and mental world and see how great will be the Joy and the Supply which will pour into you. It is the only way that makes things permanent.

Today I thank you, Beloved Students of the Light, with all My Heart for this opportunity to express to you My Feeling, for that is the important part — not the words I have said to you, but the Feeling I have been able to convey to you which will one day outpicture with great intensity in your outer consciousness.

For you who are here today, there is anchored and if you pardon the expression, clinched within your feeling world, the consciousness, the Victory of your Ascension; because I have experienced It and watched every detail of how It was accomplished. Therefore, as I have started that feeling in your feeling world today, it will continue to expand, unless you determine not to have it. As it comes stronger and stronger into your outer consciousness, you will begin to feel that Victory in Its fullness, Its completeness, even before It arrives in your actual experience.

So with all My Heart, with all My Love, with all that I can serve you, "I AM" at your service. May the Fullness of that Light of your Heart give you Its Strength, Its Discrimination, Its Energy, Its Wisdom, Its Power of Achievement in the Fullness of your every requirement to lift you quickly unto your Eternal Freedom and Victory of your Light.

I thank you.
