

## BELOVED DADDY'S DISCOURSE

*Through Mrs. G. W. Ballard*

CHICAGO, ILLINOIS

JULY 19, 1945

MY BELOVED ONES, Dear Hearts of the Light, tonight I come to reveal that which is the cause of all mankind's distress in the body. It will sound simple to you, but nevertheless it is the fundamental cause of all distress in physical form. And from this night henceforth, as you think deeply upon what I am going to say, and then decide within yourselves that which you wish to do, will you enable Us to release you from that which has been your distress so long; or else you will remain within it, according to your own decision.

Now, you may think you have done that which I am going to explain, in the intellect; but I have reference tonight unto that action of your feeling world that has for centuries been the cause of mankind's lack of the use of Levitation. Mankind did have the unlimited use of the Power of Levitation in those first two Golden Ages when they still remembered their Source and still used the wonderful Powers that are within Life with very great Freedom.

You have had a great deal of distress in those bodies, have you not, all through the centuries? And I am sure that some of you remember the distress you have had in this embodiment. I think the memory does not dim in that respect. Now why do you think that the bodies have had so little ease or peace or comfort through so long a time? Why do you think there has been so much distress within the body itself, and why has mankind used those bodies for awhile and then they became of no further use? They just will not obey the direction of the consciousness which occupies them. Why do you think that has gone on for so long? Why has mankind had so little peace and rest within these bodies that carry the Four Elements of which the Planet is composed? Why do you think there has been so much misery and distress and limitation concerned with the body?

Because it came from God, and belongs to God, and you will continue to have distress in the body until you give it back to God.

Mankind has had their distress because they thought they owned these bodies, and they do not. Mankind's bodies come from that "Glorious I AM Presence." Since the physical form is made of the Four Elements that the "Mighty I AM Presence" has drawn together, and especially the Light Body is composed of the Etheric Substance of Light which that Higher Mental Body drew together, only when that Inner Pattern of Light — the Light Pattern of the Life Stream — was completed, could a physical body be formed. Since that was done and allowed by the Higher Mental Body, then mankind's continued concept that they own the body is the continued pain and limitation that abides within it. This is the part of the consciousness which I wish to clear tonight in yourselves, and through you We will pour a Radiation. As you speak those words to the rest of the World, will We pour the Radiation that clears the concepts of mankind en masse that have held them slaves to the sinister force.

The whole human race has been under the idea, the delusion, that their bodies belonged to them, and they never did. Mankind through the centuries has been told, "*Ye are the Temples of the most High Living God.*" Then, if you are the Temples within which God abides, then the Temple belongs to God! But mankind has not believed that, and they don't feel it today. Hence, the distress of the outer world is but their own mental concepts and their own feelings that they own what belongs to God, whether it be the body of the individual or the body of the Planet.

The outer intellect of mankind, the outer selves of mankind, have not built this Planet; they have not placed the Powers of Nature here; they do not govern the tides; they cannot control the wind; they do not control the seasons! Then the Planet belongs to something besides the intellect of man. And when mankind understands that your physical bodies are but atoms of this Planet, it is rather self-evident that they do not belong to you.

Now then, if you can completely relax your feelings tonight and become as a little child before that "Presence," and humbly and gratefully accept this which I bring, it will be very little trouble, very little effort, because it is no trouble for the Higher Mental Body and Us to return the flesh of these forms to the condition of

that of a child; not that the height of your stature would decrease, but the type of flesh and the blemishes that have come upon it would disappear. When the outer self, in the feelings and in the attention of the intellect, has completely renounced the ownership of this outer self, then the “Presence” and the Higher Mental Body says to you, “Very well, I will come in and occupy the Temple; but *there cannot be two masters in the house. If you wish Me, then I must be the only Presence acting!*”

Now from tonight on, My Loved Ones, you will have a different feeling toward your bodies than that which you have ever had before, and as you dwell within it, and think deeply upon it, and feel the Reality of the Truths We have spoken, will you find the atomic structure becoming much more obedient, much more luminous, much more beautiful, and much more comfortable. I believe that is quite desirable.

It was necessary to come and give you this Illumination tonight in order to release to you certain Forces and Powers that are the Fulfillment of your Calls. It does not take that “Presence” very long to flash the Light through your bodies. It takes no longer for the “Presence” to flash the Light through your flesh than it does for you to turn the switch and turn the light on in a room. We can illumine your bodies just as quickly as that, and it will be a thrill you will never forget when it does occur. You will notice I am taking something for granted! (*Applause - audience rising*)

Thank you, Precious Ones. I shall accept that and keep pouring My Light and My Love until the Full Comprehension of this which I am releasing to you tonight grips you within the feelings, and releases you forever from your limitations. (*Applause*) Thank you, Precious Ones. Won’t you be seated.

Now then, it was the pull of the energy through the attention of mankind down into the outer things of the outer world, which became the concentration of the power that makes mankind think they cannot levitate the body. In order to release the Power of Levitation through you, there must come within the feelings the Complete Consciousness within you that the flow of the energy, when you command it, again belongs to your “Presence.” Your Complete Freedom from your attachment to things, you will find,

is the release of the gravity pull upon the body at your Conscious Command. People are held close to the Earth and its conditions because they hug to themselves the things of the world, when if they would realize that the body belongs to the “Presence,” then when the “Presence” chooses to let that body arise into the air, the clinging would be to the “Presence” and not to the things of the Earth. Do you see? The ability to overcome the gravity pull upon the atomic structure lies within the feeling of the emotional body of its Complete Release of the things of the World.

Now that does not mean that you do not love them! It does not mean you do not bless them! It does not mean you cannot have an abundance of them for proper use; but you must own the things — they must not own you. There is a difference. If they pull upon you, then your emotional body is not free, and its energy is not released into the Command of the “Presence”; but if you can love and bless everything, and yet be unattached to it, and turn your back to it on the moment, and go to the “Presence” without ever looking back or feeling the pull, then will you move into the atmosphere, walk upon the water, or do as you choose in regard to where the body shall go and into what conditions it chooses to manifest or you choose to let it.

This is vitally important in the release of the Powers of Precipitation, Etherealization and Levitation, because in the handling of the atomic structure and of the things of this World, or the condensing of the atomic structure, or into the atomic structure, rather, of the Universal Substance of Light, you must simply keep forward in the consciousness the Full Comprehension that That which you are lowering into the use of this octave, still belongs to the “Presence,” and your body belongs to It. Then when you give It complete control through it, Its Powers release one by one in Unlimited Action through the atomic structure, because you are not holding here by your will something that is pulling away from that which the “Presence” wishes to do.

That is the only reason pain and distress have ever come within the emotional body, because the outer self claimed the body and its desires as something of its own, instead of remembering Who the Supreme Owner has always been. The moment your

surrender is complete to that “Presence,” will you find Ease and Relaxation, Beauty and Joy, Perfection, Health and Opulence, and every Good Thing in this Universe flooding into you, as easily as breathing; because there is no more defiance in the feelings that are in opposition to the feeling of Harmony and Love in that “Presence.”

This night you shall have Complete Release if you understand this, and give it back into the management of your “Presence,” and just love the “Presence.” There is not an imperfection that could stay in your body if you loved your “Presence” enough, and felt with every atom of your Being that you belonged in Its Arms, and everything down here belonged to It. What do you think that is? The Messenger has said this in other words, but the people don’t understand. This which I am telling you tonight is Obedience to the very First Commandment — *“Thou shalt have no other Gods before Me.”*

God, the “Mighty I AM Presence,” the Owner, the Giver, the Doer of all that is good, is not just an intellectual idea up here somewhere. That “Presence” is a Being! The Higher Mental Body is a Being, Magnificent, Beautiful, All-Powerful, and the “Cup” that carries the Unfed Flame from the Heart of that “Presence” belongs to the “Presence” that gives the Flame. The moment you can train your feelings and remind them, many times a day, that they do not belong to anybody or anything but that “Presence,” will you find you will take the pressure of your own discord off of the rest of Life, and placing it within the “Presence” and Its Heart, and awaiting Its Orders, will you be at peace. For the first time in your existence will you really know what it means to begin to abide in the Heart of God.

Then, My Dear Ones, it will be no trouble to break habits that have bound you so long, and every time you have tried to break them, they have battled you back, and sometimes you won and sometimes they won, but the battle goes on. Not so with the “Presence.” When you know you belong to that “Presence” and the body belongs there, then the appetites, if offered to that “Presence,” will be purified and dissolved without struggle. Habits that have caused you distress for so long will be gone

overnight.

You may wonder why We have not told you this before. We have told you in many ways; but the atmosphere about you is clearing. The brain structure within each of you is becoming more luminous, and these Words tonight will mean to you what no set of words has meant before, because with Them there is being carried into your emotional bodies the Consciousness of the Light and the Reality and Truth of that which I say that you will never forget.

The moment there might be pain or limitation or distress in the body, you will just like that (*motion of the hand*) let go and say, “Oh no, that is my defiance. This body belongs to my ‘Presence’! ‘Beloved I AM,’ take it and hold Perfection and Peace forever!” One after another will you let go of the distress and limitations of the flesh structure with the ease of casting off an old garment. You will find it much more obedient. You will find it much more comfortable to live in; for I tell you, there is no peace apart from your “Presence,” and *anything that ever disturbed your peace was because in the feeling world you did not feel that you belonged to that “Presence.”* Temporarily you felt that you had to run things out here, and that always produces tension and pain.

All the pain that ever existed in mankind’s feeling world is because they did not remember or believe that the entire Stream of Energy with which they could feel or do anything, belongs to that “Presence,” and the body is Its Temple. No wonder mankind are in the distress they are in today — they have forgotten the original arrangement of Life. Only through intense agony, when the distress becomes so great they can scarcely remain conscious, will they turn back to that God and say, “Oh, God have mercy,” or “God save me!”

From this night henceforth, Beloved Ones, the moment there is anything in the body that causes distress, just forbid it to register in your feeling world, and say, “NO! NEVER AGAIN DOES ANY FEELING RECORD HERE THAT IS OF THE OUTER WORLD’S DISCORD! I FORBID MY FEELINGS TO REGISTER ANYTHING BUT THAT WHICH COMES FROM

MY 'PRESENCE'!" When you give your body completely back to your "Presence" will you for the first time know Complete Ease and Happiness and Joy that you had in those first two Golden Ages. You have not had it since in any embodiment; but tonight the door stands open in these Decrees you have been giving for the Open Door — the Resurrection and the Life and the Open Door that no man can shut. It is a raising of the energy and the substance of the body back into the control of the Higher Mental Body. You will remember this tonight. Whenever there is distress or limitation, there will be something in you, a Light that will remind you that you don't belong to the distress of the outer world. That body belongs to the "Presence," and It is the Master Physician of the World and the Universe.

My Heart longs to go into the outer, or through this Messenger, and blaze the Flames into bodies that are in such distress tonight. Those in the National Defense, Oh, how gladly would I lift everything from them if they would only turn their attention to This Light. Through your Calls, Beloved Ones, as you go on with this Decree for the Resurrection and the Life and the Open Door that no man can shut, for all mankind to enter in once again, and the full Illumination and consciousness that all their bodies belong to the "Mighty I AM Presence" and the Ascended Host, will you find that flooding like an Ocean of Light filtering through the consciousness of mankind, until there will come an awakening that will silence in each one and make them turn in the privacy of their own Hearts to God, and surrender the management of this outer self to the only Being in the Universe that can manage it harmoniously for Eternity.

You run these bodies for a little while and you get a little comfort, and then something happens and that does not remain with you permanently, because no one can run these bodies permanently happy except the "Presence."

So tonight, Beloved Ones, if you can but remember, and when problems or distress come, turn immediately to that "Presence" and say, "I BELONG TO YOU, AND THIS WHICH IS OF THE OUTER WORLD, I WOULD LIKE TO BRING INTO PERFECTION. SHOW ME YOUR LIGHT AND

LET ME FOLLOW YOUR DIRECTION AS TO HOW TO DO IT.” Do you know that anything you offer to your “Mighty I AM Presence” and Higher Mental Body in unconditional surrender, anything that is of the outer world, that It immediately draws it into Perfection; because It has not anything in Its Own World but Perfection, and the moment you give It something and It touches that, it takes on Perfection. Whatever you give to your “Presence” must be raised into Perfection. I am sure you will not object tonight to bring some Perfection into these bodies, so they are more comfortable. I am quite sure of that! (*Applause — audience rising*)

Thank you, Precious Ones. I shall come back to you with that Love, on that Love with the Reminder and the Illumination that brings the Perfection which your Hearts desire. Won't you be seated, please.

I must not hold you longer, but I did not want to wait until Sunday to release this Knowledge to you, because you can go right into action with it. As you just feel that Complete Release of everything into the Love and the Management and the Arms of your “Presence,” My Dear Ones, for the first time in centuries will you breathe comfortably and easily as if tons have been stripped from your Life Streams. You cannot possibly know the joy and the lightness of the body that will be yours until you practice this for a few days or a few weeks. Then will you look back and realize that you never were completely in the Light until you had given yourself, the body and your feeling world, completely to the “Presence.” There comes such ease, and with that ease and that intense harmony will there come a happiness that is the Motive Power that will fulfill the Divine Plan and your Decrees with very much greater speed.

So tonight, think deeply upon this, because as you give that back to the “Presence,” will your body itself have a buoyancy and lightness like that of a child. The tension will relax and you will rest as you have never rested before. Give your bodies back tonight to the Source that owns them, and ask that “Presence” to perfect them now and never again let you for one instant, feel or consider that they belong to anything or anybody but just your

“Presence.” Rest in that which the “Presence” will do for you when you give It this opportunity.

Then will it be easy to know that your hands are the Hands of your “Presence,” because you have given them to your “Presence” and the “Presence” perfects all things that touch Its Ray. You will give your feelings to the “Presence” and the “Presence” will flood you with Its Own Feelings — then you will move in the World of your “Presence” while yet unascended. You will know when any distress seems to be in the outer world, that that is just something claiming to own something about you that belongs to the “Presence,” and you will turn from it quickly and again acknowledge that you belong to the “Presence” and the “Presence” takes care of that which otherwise would be distress.

So I enfold you tonight in the Remembrance of the True Divine Plan of the Original Command of your “Presence.” You are a projection of Itself — then truly you belong to It. Just as surely as these blossoms belong to the plant, do you belong to your “Presence.” Your bodies belong no longer to anything discordant of the outer world that pulls upon you. They belong to your “Presence.” Be aware of that often, and I shall not have to tell you again that *the secret of Mastery is the surrender of the outer to the Heart of the Inner — the Sacred Flame that owns all, has given all, and must raise all once again into that Perfection which it once knew*, but this time with greater expansion, so that the Life of Eternal, Expanding Happiness and Perfection goes forth to fulfill Its Divine Plan as was originally intended.

Give yourselves, your bodies and your outer selves, your feeling world, into the God Supremacy of that Unfed Flame, and acknowledge Its Mantle of Authority. I shall not need to say more. Your own experience will love you back into the Powers and the Limitless use that you once had and now must draw forth again to love the rest of the World into the Light, until they too can see that all belongs to that “Presence” and all will love to give it back. The “Presence” will not accept anything that is not given in Love, so don’t do it with a sense of duty in order to avoid misery. No, not that. Give it back because it always belonged there and you are grateful for the opportunity to understand and obey, that

Perfection may be everywhere, and give Its Blessing and Happiness as Life intends.

Tonight I clothe you in My Mantle of Obedience that returns all into the Fulfillment of the Divine Plan, that your Song of Happiness, your Song of Life, may become the Great Chorus of the Angelic Host, and the Music of the Spheres be a Reality in your Hearts until your Ascension is complete.

I think it would be lovely in each Sanctuary if you would recognize once a month, or at least give some time, love and Blessing to those who have completed the Ascension from each Sanctuary; and make the Call even for those who have not completed It, but if they have passed into the Octave of Light to rest, make the Call that they gain their Ascension early in the next embodiment. I think it would be a lovely thing if once a month that reminder could go forth and give acceptance to those who still love you just as much, yes, far more than they did when they were here. You will find that as you bless Life with that loving recognition that they now belong to the Octave of Light, will you find more Light around you and in all you do. The Perfection for which you have called becomes a Reality, just as easy as breathing, and a joy that is ever-expanding for Eternity.

As I offer you My Mantle, My Golden Mantle of Obedience, may you feel It as a Dazzling Light and a reminder that after all, you have come back home into the Father's House and there you abide because you know you belong to His Family.

Tonight, as We meet you out of the body, as you put those bodies to rest, will you come into a more intense Radiation of the comprehension and feeling of this of which I have spoken. That will anchor within you in the morning, a positive force that I am sure will make you very happy. So live in the anticipation of the Complete Release, because you have set your world into Divine Order once again and that which belongs to God is given to God, and that which is of the World is blessed with Happiness and Perfection and greater Harmony now to remain for Eternity.

I thank you, Beloved Ones of the Light! Dear Hearts of the Light, My Ambassadors of that "Mighty I AM Presence" that now opens the door into your great release. Thank you, Dear Hearts of the Light for this night. Good night.
