

## BELOVED LANTO'S DISCOURSE

*Through Mrs. G. W. Ballard*

CHICAGO, ILLINOIS

DECEMBER 31, 1949

New Year's Eve

ELOVED ONES of the Legions of Freedom, We enter with you tonight into an Activity that must come upon the Earth, and under the changes that the Great Cosmic Law compels, We hope you will feel with Us the Intensifying Cosmic Christ Love that is the Illumining Substance in the atmosphere of Earth, that helps to hold protection of that which is constructive.

As you enter into the Work of the evening tonight at the Royal Teton, ask your "Presence" to make you fully aware of all that the Great Love of the Universe means to Life, and I am speaking of that Great Cosmic Love of the "Mighty I AM Presence" in the Great Central Sun and that which governs every Planet, every Sun, and every Star in space.

Love alone is the Master Power and Authority of Life. As you come tonight to witness the Outpouring of Those Whose province it is to pour Their Love and concentrated Electronic Force to the Earth, through the Retreat of the Royal Teton, holding in subjection certain destructive forces, and since you are to stand within Their Auras tonight, will you value the Privilege highly and command the outer self to accept the Fullness of the Radiation They can give? Then intensify that in your outer use, in the physical form, that you may feel the buoyant Power of Their Great Love in your own individual affairs.

Great is the Mercy of the Cosmic Law, and Mighty is the Love from the Planet Venus to the Earth, and since the Concentration of that Power has for many centuries blessed the people of Earth, now those of you who have awakened to this "Beloved Mighty I AM Presence" shall return to those channels that have served mankind so long — you shall return the Love and the Gratitude that would have lifted all mankind centuries ago, had they learned the Blessing of Gratitude. You have awakened to That and have been shown the Magic Power which It is to Life. So in rendering

the Service tonight of drawing forth those Great Pillars of Substance and the Activities of the Great Light Rays and the Projection of those Flames that must come, My Dear Ones, to consume the vortices of mankind's concentrated discord, you are privileged indeed to be a part of this Mighty Assistance to the Earth, and to have some conscious Knowledge and Insight as to Our Means of operation in handling conditions that mankind themselves cannot handle.

Only as time goes on and you see the results of the Mighty Outpouring of Beloved Cyclopea, twice a year since this "I AM" Activity came forth, only as you see That upon the Cosmic Screen, in Its Portrayal of the Great Truth of these Inner Activities, will you realize how great is the Blessing of Love to this Earth from those Great Beings Who are Its Master Presence and Cosmic Authority throughout Creation.

The Mighty Cyclopea holds a position of very, very great Responsibility and tremendous Power in the Great Group of Governing Intelligences Who direct this System of Worlds. He is not only the All-Seeing-Eye of God to the Earth, but to the Whole System; therefore, He endows your outer selves with the Power of Sight, and I mean insight of the mind as well as the physical sight through the atomic structure. He is One of Those Who designed the System, and therefore, when by conscious Love to Him you enter into the Oneness of His Great Life Stream's Blessing to the Earth, you will become aware of His Mighty Inner Powers. To the degree that you can absorb and use Them in your outer activities, will you find Him daily pouring to you many, many, many wonderful Gifts of Life which it is His province to bestow.

In His Great Power of the All-Seeing-Eye of God, there abide many other Activities that bless you greatly. First, He confers the ability to the outer intellect of holding pictures within the mind. You, all of you, hold pictures within the mind constantly, but the power and the faculty by which you do that in the outer intellect, is sustained by His Flame within your forehead. It is through this Great Activity of the Sacred Fire that It makes you One with these Greater Beings and Greater Powers of Life by which you can reach up and draw forth more and more and more of Their Great

Powers and Activities into your outer use.

His Gifts are many to bestow; therefore, when you enter into the Great Cosmic Christ Love which He is to the Earth, and Its Invincible Victory of Eternal Purity, you become aware of All that Life, His Life, can do for you, can do for the Planet in assisting you to correct conditions which are your responsibility to help change. You know the Mighty Cyclopea, having all of the Great Authority and Power of His Perfection, did not create the discord of Earth. He produced the Beauty and Perfection in the beginning by His Great Love to Life, and within that Love there is contained many wonderful Powers of Perfection, in fact, all. Since He is not responsible for the discord of mankind's own creation, yet in His Great Love and Mercy to Life, He has worked ceaselessly to dissolve and consume the threatening conditions that would sweep their creators under again if His Love did not hold the Guard. The same is true of the Mighty Sanat Kumara.

You have no concept, Dear Ones, of the Power of Their Love, which is so great in Its Direction of the Electronic Force of this Universe, that They can hold steady Streams of Energy in a Planet. When they become discordantly qualified by mankind, Their Love has leashed and held that under conscious Control until certain Activities of the Cosmic Law could either remove it or transmute it and raise it. So His Power of Love has given you many Gifts. It would be well if you CALL TO YOUR "BE-LOVED MIGHTY I AM PRESENCE" AND TO HIM, TO CHARGE YOU WITH ALL THAT HIS ALL-KNOWING-MIND OF GOD KNOWS THAT THAT LOVE MEANS TO LIFE.

When you ask for the Ascended Masters' Illumination of all this Great Cosmic Love of His Life Stream means to the people of Earth, and means to your own individual Life Streams, then will you understand more intelligently some of the Inner Work that the Masters are constantly concerned with. You will begin to see causes instead of effects; then will you understand effects, because the All-Knowing-Mind of God will illumine you as to these Great Inner Manifestations which govern outer conditions.

Now tonight, in the Music that is to be released at the Royal

Teton, there will join you in the Great Inner Realms of Life, those Great Activities of the Angelic Host and the Legions of Light. As the Mighty Cyclopea sends forth those Great Spheres of Flame to render Their Service in the great cities of the World, principally your America — those Balls of Flame go forth to shut off a certain proportion of the increased destruction — you will find at the Inner Level, the Powers released from those Great Temples in the Electronic Belt around the Physical Sun which will blanket the Earth in certain Activities that come under Their Direction.

You are privileged to consciously understand a part of this. Your “Beloved Mighty I AM Presence” will use you in every capacity tonight, not only as you stand within the Radiance of Those Who are giving Their Assistance to the Earth, but within the Expanding Light of your own “Beloved Mighty I AM Presence” will you feel the Greater Intensity of Its Power, in full conscious cooperation with the Outpouring of the Cosmic Christ by the Beloved Ascended Master Jesus through the Retreat in Arabia. These are two Activities, and tonight you are joined by the Mighty Sanat Kumara from the Retreat in Shamballa in the Gobi Desert.

These Activities on Earth tonight will be felt by each of you, because a certain Gift has been given to everyone under This Radiation of this Greater, Intensifying, Cosmic Christ Love from these three Centers of Activity. All Retreats are sending forth Their Assistance tonight, but these three are in Conscious Command of those things which affect the Destiny of the United States of America.

So, if you will, feel Our Love as a Mantle about you, not only of Peace, Purity, and Protection, but a Mantle of Substance and of Flame, containing the Powers of Our Life Streams that are delegated to you to use in the World’s crisis. Each of you can draw forth these Powers into your outer use. They are given that your service to the rest of mankind may be increased greatly because your Hearts so desire it. Your Hearts desire to give this Greater Assistance; therefore, the Powers of Life are placed at your Command, that your desires may be fulfilled by the Power of Our Cosmic Love.

Try to understand the Cosmic Christ Love of which We

speaking, as that Dynamic Concentration of Electronic Force from the Great Central Sun, that in Its Purifying Power and Everlasting Authority to the whole System, contains within It the ability to accomplish anything to which you turn your attention, when you command the Fulfillment of the Great Divine Plan of the Universe by that Love alone.

These Great Currents of Electronic Force that are drawn into every Ascended Master Retreat throughout the World, are anchored there like anchors to a ship; and if it were not for that stabilizing Activity drawn from Our Great Octave of Life, mankind would have shattered themselves long ago, but they cannot shatter the Planet. They might do much damage, but they can never shatter the Handiwork of those Great, Divine Cosmic Beings Who are their Masters.

Mankind needs to awaken to the conscious Understanding that there are those Beings in the Universe as Real as the Universe Itself, Who are their Masters. They are soon to learn that; but you who have faced the Light and have tried with all your Being to stand and protect the constructive activities of the Universe, you are held very dear to Our Hearts. We are ready to clothe you at any moment in the most intense Love that you can stand, and that Love is Cosmic Power that mankind cannot use. None of mankind can give That to you as We do. Therefore, you are the Beloved of the Light, and you are privileged tonight in the Great Concourse that passes through those Currents that are drawn into that Retreat tonight, you are privileged to pass in your Inner Bodies in that Powerful Radiation that anchors part of Its Substance into your own Life Streams. So, you go There and fill up the "Cup" of your own outer activities with the Power of Victorious Accomplishment, and to armor you in that steel-like Power to stand against anything of the outer world that any longer wants to impose its discord upon that which fulfills the Divine Plan.

The Great Hosts of Cosmic Christ Love tonight, in those Activities of the Sacred Fire that mankind will one day all observe, may They attend you tonight; may They reveal to you Their Cosmic Powers; may you at all times be accompanied by Them through the coming year. *You can be the Invincible Miracle*

*Presence of that Cosmic Christ Love wherever you move, when They attend you in your conscious recognition of Their Presence, and your invitation to Them to assist you to fulfill Our Great Divine Plan.*

Life has provided many Friends from the Ascended Masters' Octave to give you every Assistance. All it requires on your part is your harmony maintained, your sincere Application made, your attention held to your "Beloved Mighty I AM Presence," and the Demand for the Fulfillment of the Great Divine Plan. Life offers you Boundless Blessings and Gifts and Invincible Protection. You stand within the Victorious Presence of that Cosmic Christ Love from the Great Central Sun and *demand whatever amount of It you desire, and keep on demanding*, until one day It blazes around you that Flame which is visible to all, and mankind are compelled to know Its Reality and obey Its Law.

Such is your Great Privilege tonight! Such is the Power that the Mighty Cyclopea will release; and when that All-Seeing-Eye moves into action tonight, those Great Rivers of Flame shall burn out of existence certain forces that have become frightfully defiant. The sinister force must be removed from the Earth, and as its energy is withdrawn and its claws seized — one by one — and made helpless, will you understand what is the Power of Cosmic Christ Love that comes to Earth to remove that which has so frightfully opposed Life.

You are held very dear to Our Hearts, and there isn't a thing your Hearts could desire that Our Love could not bestow. If you serve the Great Divine Plan by your Demand for this Cosmic Christ Love in Its Cosmic Victory to the Earth, so shall We assist you further and confer many Powers upon you, as you go forward, that might yet be years coming, by your own conscious effort.

Stand your guard for the Freedom of this Nation! Stand your guard against everything that would deprave its people! Stand your guard to protect the Incoming Life Streams that are to bring Light to the Earth, in the Fulfillment of the Great Divine Plan as the Golden Age moves forward. The cleansing process must take place now, and part of it is in action tonight.

May We welcome you, and may those who pass through that Retreat tonight be clothed in the Cosmic Light-Substance of such intense Cosmic Christ Love, that never again will you know struggle in the outer when you desire that Power to rule conditions in the physical world. It is Master o'er all! If you demand Its Concentrated Action in, through, and around you and into your affairs, you may wear It like a Garment or an Armor of Light. It will accomplish for you in the outer that which, just of your own effort, you could not do.

So, I leave you tonight with a Love and a Blessing that will stand your Guard. I shall guard you because of your Love for the Mighty Saint Germain and your Service thus far in the Light. May all the Love at My Command become tangible to you, and do for you everything that is for your Blessing, and give you the Protection — make you absolutely fearless in that which is necessary for you to do in the outer physical world. Day after day, hour after hour give Us recognition, just in a thought and a feeling that come to Us in recognition of the Victory of Cosmic Christ Love, wherever you happen to be. Flash after flash of Its Flame shall blaze through you, envelop you, and carry you forward to Success that the rest of mankind will call phenomenal.

As Those Who are to greet you tonight welcome you into that Powerhouse, may you feel Its Reality, and may your physical forms and your outer affairs receive the Mighty Outpouring of that which each of you individually can stand, as those Great Cosmic Flames come forth under the Mighty Cyclopea's Direction to correct certain conditions in the large cities of the World. May the individual Streams come forth from That into your own individual affairs, and render for you a similar Service.

In the Power of Love that knows no failure, Love that refuses to oppose, Love that is Eternal, and is forever the Master Authority of Life, may you come tonight clothed in Garments of Dazzling Radiance. May that Radiance, ever-expanding Its Power, draw back to your forms in the morning, that which takes you forward in the greatest Joy you have ever known. Regardless of the turmoil of the outer, your Joy shall grow greater from within, and the Victory of your "Presence" and your Power to assist others will bring

you Happiness that is Eternal.

May I welcome you a little later; may you hold as much Peace as possible, as you go forward and leave these bodies. While the rest of the World carouses in its turmoil, you shall be held in the Arms of Peace and know the Blessings of a Love that is Master over all. May you feel that, and when you return in the morning, know you are clothed with a Power to go forth Victorious this year in that which compels Miracles of Blessing to you and your Loved Ones, and those whom you wish to lift out of the shadows of distress.

Our Blessings abide with you! Until We meet again, may the Radiance of My Love light your pathway, be your Armor, draw boundless Supply into your outer use, and give you the happiest, most wonderful Accomplishment of the approaching year.

Thank you, and as we meet later, may the Love of the Light which has come forth from My Heart through the centuries, show you Its Light and make you know how wonderful is the Power that Life bestows through Its Boundless Use of that Love.

Thank you.
