BELOVED ANGEL DEVA OF THE JADE TEMPLE'S DISCOURSE

Through Mrs. G. W. Ballard

Santa Fe, New Mexico

January 20, 1951

MRS. G. W. BALLARD:

As the Beloved Angel Deva of the Jade Temple speaks His Heart to us all, we ask our "Mighty I AM Presence" to bless Him as never before with all our love and our gratitude for all that His Mighty Assistance to the Earth has meant to us and to Beloved Saint Germain, and will mean to all Life on this Earth forever.

BELOVED ANGEL DEVA OF THE JADE TEMPLE:

BELOVED ONES OF MY HEART, thank you for your recognition to Me. Thank you for your love to Me, and for all that will yet be done through your Calls for the Freedom of Life in recognition of those of Us who have offered Our Assistance to mankind for their Freedom. Tonight I want to take you into the importance of recognizing the Cosmic Magnetic Power that is focused into the Etheric Record of the Ascension which the Great Master Jesus left for the assistance to the Earth.

Now, just as you can draw forth the great Magnetic Power from the Great Central Sun Magnet in and around yourselves to draw to you That which fulfills the Divine Plan, so does the Cosmic Law's Action through the Etheric Record of the Ascension which the Mighty Jesus made, become the Great Central Sun Magnet's drawing Power upon the consciousness and the substance of mankind's outer activities everywhere in the World and upon the Earth itself. Of His own volition, under the Action of the Cosmic Law He chose to establish that Focus of the Great Central Sun Magnet's Cosmic Power to be the drawing

Action upon mankind's attention and upon their outer consciousness, until they could be raised to the point where they could use this Violet Consuming Flame in their recognition of the "Mighty I AM Presence," and come forward into the constructive way of Life.

When a Life Stream from the Inner Standpoint offers to render such a Service to the World, it is always because the Cosmic Law has asked, so to speak, for volunteers to give the assistance to mankind which they require at that age. From age to age have these Great Ones come forth and given the Power of Their Light to try to raise mankind out of their own frightful accumulation.

Therefore, as each of you gives recognition more and more to your "Beloved I AM Presence," to the Violet Flame, and to the Ascension, do you become a similar Magnet moving among the rest of mankind to draw upon the consciousness of their Life Streams, until—through their attention turned to you—will you be the Raising Power that lifts them into the Conscious Knowledge of their "I AM Presence" and the use of the Violet Consuming Flame, and then point them to the Ascension. More than you know has been accomplished in this Class, and more than you know for the people of the orthodox world within themselves, desiring and accepting the Ascension as the objective of their physical experiences here.

Sometimes it takes years to let the Light go forth and interpenetrate the energy and substance of the mental and feeling world of mankind before you see its effect in the outer. But because you are entering into the Age of the Violet Consuming Flame, will you find more and more people accepting, and loving to accept, that the Ascension is the *Goal* and *Purpose* of their physical experiences here.

So as you go forward, try to remember when you call forth the Power of the Great Central Sun Magnet in and around yourselves and into your worlds, to draw to you the Greater Powers

and Perfection from Our Octave, you in turn become that Magnet to draw upon the attention of mankind until they look Godward; and the Magnetic Power of the Master Jesus' Etheric Record of the Ascension begins to take a permanent hold upon their Life Stream. That is why He referred to That as having a Drawing Power, or a Raising Activity, to even the human mind. That means even the discord of the outer world and the energy of the outer self, as it turns to Him, is compelled to be raised into the Violet Consuming Flame that purifies it, until mankind sees the Truth and the Reality of the Law of which He taught and of the Example which He gave.

I want you to feel your obligation to Life, and feel that you are honor-bound to draw forth this Cosmic Purity into yourselves; and by the very intensity of your own Life's Desire for the Ascension, does your Purity become greater, and the Power of the Great Central Sun Magnet, through Radiation around you, draws upon the attention of mankind and raises them into that preparation to receive this Knowledge of the "Mighty I AM Presence" and their use of the Violet Consuming Flame — until they see the Goal ahead and, of their own Free Will, desire to walk the Pathway to their Freedom.

Your Beloved Mighty Saint Germain, as Angel Deva of the Violet Flame to the Earth, as God of Freedom to the Earth, is of tremendous importance to all mankind. And in the tremendous Responsibility which He has taken in order to bring this Knowledge to the outer world, His preparation of the centuries was very strenuous; but it has drawn to Him Cosmic Power to accomplish that to which He has put His Hand and which had to be drawn in order to free mankind.

So, when you make the Call for Freedom to the Earth, or you want freedom in your own affairs or your world, know that you must have the power of the Great Central Sun Magnet drawing upon your world and upon yourselves if you are to be cut away from the limitations that are not your freedom. *This Power*

of the Great Central Sun Magnet is an Action of the Violet Consuming Flame that draws the energy into Its own Purifying Action, until you are freed from the discord.

Therefore, the Activity of the Violet Consuming Flame, the Great Central Sun Magnet, and the Etheric Record of the Master Jesus' Ascension over the Hill of Bethany becomes a threefold Action, and—in Its Cosmic Power—will force the attention of mankind to That which will compel the raising of all that is of the outer world into the Purity and Obedience to the Law that brings Freedom.

It takes very great patience through the centuries, Beloved Ones, to watch mankind deliberately turn away from these greater Powers of Perfection, Happiness, and Blessings to Life, and deliberately choose the pathway of suffering, degradation, misery, and destruction in deliberate defiance to Our Love that wants to raise them out of that which they themselves have created.

So from tonight, I trust that you will *call forth an Action of the Violet Consuming Flame in Its Cosmic Power to the Earth, that compels the Victory of the Mighty Saint Germain's Freedom in all outer action.* I trust you will call that Violet Consuming Flame into physical action with such authority that the human creation knows that it has no right to exist, and forever stops its defiance to the Cosmic Law.

So long as limitations remain in your world, make the outer self remember you've got to use more and more of that Violet Consuming Flame; and never let it become content to stay in its limitations when, with enough Violet Consuming Flame, you could free yourselves completely from the human—and you can never free yourselves from the human except by that Violet Consuming Flame! It matters not whether it is your "Presence" that uses It, or the Great Divine Director, or your Master Saint Germain, or one of the Cosmic Angelic Host who uses that to free an individual or a nation—it matters not who directs that

Violet Consuming Flame. It has to be used if mankind is to be Purified and set Free. *So long, therefore, as there is a limitation in your world, make the outer self accept that it's going to use that Violet Consuming Flame until it is gone! (applause—audience rising)* Thank you; won't you be seated, please.

Now, I want to say something that I trust will clear in your feeling world any thought or feeling that It's imaginary, or not present, or something of the sort, because the Inner Action of this Fire, in this case, is exactly as the outer. You know when you start a fire, you have to have a draft, don't you, to make it burn? There has to be a rush of energy, a magnetic drawing, a magnetic power that draws it up in order to let the flame continue. Well, just so when you call forth the Violet Consuming Flame in and around yourselves. It is a Power of the Great Central Sun Magnet that there has to have that rushing, upward pull in order to take the energy out of the human creation and free it from human impurities, and let it fulfill the Divine Plan and be qualified with That which is Eternal Perfection. All of this comes under the Activity of the Great Central Sun Magnet; and if you want to know more about That, then demand the Truth of Its Action. And when you say, “*I AM' the Fiery Truth of the Great Central Sun Magnet's Immortal Action to the Earth, and Its Fiery Revelation of all that I need to know to cooperate with the Fulfillment of the great Divine Plan!*”—then will these Inner Activities of the Fire Element become clearer and clearer to your intellect. They will become so self-evident that you will wonder where have you been; and We wonder too, sometimes. *(laughter)* We wonder where has the consciousness been that it could so forget the Source from whence it came, and the Fire and the Love that is constantly offered to set it Free. We wonder where it has been—just buried under the substance of its own desires.

Now then, if you're going to have Perfection in your worlds, if you're going to have Freedom, if you're going to have Supply,

if you're going to have your Ascension, if you're going to assist the nation, then you've got to arise out of what you're in now! And you can only arise by the Cosmic Magnetic Power of the Great Central Sun Magnet. Your "Beloved I AM Presence" Itself is the Magnet of that Flame, and is the only thing in Heaven or Earth that can raise your attention away from the limitations of the physical octave and place it upon either the "Presence" or Our Octave. Your own "Beloved I AM Presence" is the Magnetic Power of the Great Central Sun Magnet, the Flame from the Heart of the Central Sun, that draws upon the Activities of the physical world and tries to release the energy that is imprisoned in human qualities.

The Magnetic Power of your own "Mighty I AM Presence" is the *only thing* that can raise you, Precious Ones, into your Ascension; and It has to raise you by your attention upon Itself. But you haven't quite realized that your "Beloved I AM Presence" is Part of the Great Central Sun Magnet, and you need to know this!

The Mighty Saint Germain gave you a sentence or two in those "*I AM*" *Discourses*, explaining—or rather just drawing your attention to the Great Central Sun Magnet; and until the Messenger concentrated your attention upon It, very little was understood. Yet He said in those Words, "The more attention you give to the Great Central Sun Magnet, the more powerfully will It act for you." So the Messenger made up Her mind that since the Master Jesus' Etheric Record of the Ascension was the drawing upon mankind's attention, She would find out something about that Great Central Sun Magnet, and We are grateful! Now may you have the benefit of That, and the constant reminder of the necessity for calling forth Its Magnetic Power, because the destructive forces have held mankind's life energy in destructive activities; and the Great Central Sun Magnet's Power is the only thing in Creation that can draw the energy out of destructive conditions or creations.

Therefore, with the Mighty Assistance which the Master Jesus has given to the Earth by establishing that etheric Record—a living, breathing Etheric Record over the Hill of Bethany—with your conscious Call and remembrance of Its Powers, will the reminder of the Ascension ever be held before the attention of mankind. And if you don't keep the attention reminded of the "Mighty I AM Presence" and Its Magnetic Power to draw you out of your limitations, how in Heaven's Name are you ever going to get out of them? All the Ascended Masters in Creation couldn't lift you out of your human creation except by the Command of your own "Mighty I AM Presence" in Its Call to Us for Assistance.

You have not quite recognized that the "Mighty I AM Presence," may I say, is the localized Etheric Focus of the Power that takes you to your Ascension. Just as the Etheric Record of the Ascension is a Magnet to lift mankind's attention to a similiar accomplishment—your own "Beloved Mighty I AM Presence" and Higher Mental Body are a Magnet to draw the outer self into the Ascension! Therefore, if you want to know something about the Magnetic Power of this Universe, then you will have to go to the Source of the Magnetic Power that knows all about Itself, and *that* is your "Beloved I AM Presence" and the Great Central Sun Magnet—of which We too are a Focus.

So, in your desire to rise out of your limitations, do not forget to *call forth the Fiery Authority, the Fiery Power, the Fiery Wisdom and Illumination of the Great Central Sun Magnet's Authority and Action in the physical world*. It is that Magnetic Power, My Dear Ones, that holds the very substance of Earth together to form a Planet. That is the cohesive Power of the Universe, and It is the very Immortal Purity of Love from the Heart of Creation; and when people will not love that "Mighty I AM Presence" and Life everywhere and try to lift it out of distress, then how can they be free from their own limitations?

People think to accomplish certain things intellectually is success, and the intellect has run wild through the centuries and created more and more limitations. The intellect is a wonderful servant if it is made obedient to the “Beloved I AM Presence,” but it is a villainous master if it does not give that obedience; and all the physical accomplishment on the Earth is no good without the Immortal Purity and Love of that “Beloved I AM Presence”!

People have gone on, century upon century upon century, in physical action, in physical affairs, building, destroying, building, destroying, and where are they today? — because they will not look to that “Beloved I AM Presence” and surrender everything to Its own Possession and Control. They can never have release from their physical distress or the limitations of this World until that Blessed “Mighty I AM Presence,” in Its Cosmic Magnetic Power of Immortal Purity and Love from the Great Central Sun — which that Great Central Sun Magnet is — until that Love takes command of the physical energy of the outer physical body, and of their mental and feeling world, of the atmosphere about them, and of their physical affairs. They can never have release until they give It all!

The intellect and the human feelings are so determined to whip everybody into line to their own desires, that they do not know how darkened is their world; and only when the Light of that Great Central Sun Magnet becomes so bright that the human cannot see, does that human give way. Only when it is made to understand that the *Force* from that Powerful Center of Light has come around the physical body, will their human desires give way.

We have watched this thing throughout the ages, and mankind go on in their own smug conceit and will not bow to the Light that sets them free! But that is fast coming to a close; and Beloved Ones, if you will acquiesce to what the Messenger requested tonight for another day of Violet Flame in the middle

of the week, you will find the Purifying Process as you give recognition to the Great Central Sun Magnet will become more rapid in your affairs—to the point where the Violet Flame, as It comes twice a week, will come so rapidly the human won't have time to do much requalifying. And you may, as you say, “muzzle it” until you can finish it!

So, make up your mind that outside of the actual Explanation of the “Beloved Mighty I AM Presence,” there isn't a thing on this Planet as important as this Violet Consuming Flame. But know It from tonight as the Action of that Fiery Immortal Love of the Great Central Sun Magnet that draws everything up into Its own Perfection, Its Immortal Purity. It is the rush of the Fire Element through conditions that releases the electronic force or the energy within those conditions and takes it out of the human qualities, until that other vibratory action is compelled to cease.

Beloved Ones, anything, Dear Hearts, that you want to know can be revealed to you from your own “Beloved I AM Presence” and from Our Octave by your Call for the Fiery Truth of that which you want to know. When you say, “*I AM*” the Fiery Truth of all the Ascended Masters know I require to produce Perfection here or to be the Master over circumstance, then just from within yourself would come wave after wave of exactly the right thing to do at the right time in the right way to produce the Perfection you desire. But oh, you're going to have to discipline those intellects—they run riot! You know in India they call them the “monkey-mind,” because monkeys swing upside down by their tails most of the time, and the intellect does just that. It has your attention here and there and everywhere—any place it can drive your attention to make you accept discord, or make you accept that the outer world is the authority over your “Presence.” Now you intellectually say, “No! No! I know the difference from that. I know my ‘Presence’ is my Authority!” Oh, yes! Do you? Well then, why do you let the

human tell you all kinds of things that are just the acceptance of limitation? If you know your “Presence” is the Authority, you will compel your attention There. If you know the Immortal Purity of your own “Mighty I AM Presence” Love is the Mastery of your physical world, you will fill your feelings with this Light! And until you do it, you don’t know It! That’s what I’m going to get over tonight. *No one is any more than they manifest! They don’t know anything unless they are it!* Unless you manifest in the outer, you don’t know it! You may think it in the intellect, but you don’t know it until you *are* it! And, I am determined that you’re going to be the Love, the Purity, and the Freedom of the Great Central Sun Magnet! (*applause—audience rising*) Thank you so much, Precious Ones; won’t you be seated please.

I’m one of your Beloved Saint Germain’s tremendous Champions, and I’m going to tell you something: I’m going to be after you (*applause*) until you use the Violet Consuming Flame enough to get your Freedom! (*applause*) Thank you so much, Precious Ones! And there’s something else I’m going to go after, and that is human conceit. (*applause*) People totter on the edge of the precipice of destruction so long as that thing is allowed in their feeling world or so long as pride tries to rule it.

In the first place, since the “Beloved Mighty I AM Presence” and this Power from the Great Central Sun Magnet and the Ascended Masters—which are Its Power of Perfection—until That is allowed to control the energy of the outer self and your outer affairs, and That is given full credit and recognition in every thought, feeling, spoken word, and act of the outer life as the Doer and the Perfection and the Power with which you do everything, until you give That all, the outer self is always imagining that it’s the doer and the controller and the accomplishing power of the outer activities, and it is not! Therefore, the moment the outer claims anything to itself, it is your traitor! It is untrue to you; and if you don’t take it on every

hand and blast it, and make it feel that the “Presence” is all of all, and *all* that could ever set the outer self free—until you do that, the human will be constantly holding energy into your limitations that has to be released in order for you to be free. I’m talking pretty plain tonight because it’s necessary—not that I’m criticizing or blaming or condemning anybody for anything; I am trying to bring the Power that sets you Free! (*applause—audience rising*) Thank you, Beloved Ones; please be seated now.

Now then, when you want to be free from conditions in the outer that are distressing and limiting, turn to your “Beloved I AM Presence” and *demand that the Immortal Purity, the Immortal Love, the Immortal Magnetic Power of the Great Central Sun Magnet charges into your physical actions and your physical affairs and compels the drawing of all of them up into the fulfillment of the Divine Plan as your “Beloved I AM Presence” directs it.* And the day you can say to every human desire: “*Silence! I’ll never gratify you again! I have gone to My ‘Presence’ and in Its Heart I live for Eternity! There I do the Will of the Source of Creation, the Cosmic ‘Mighty I AM Presence’ in the Great Central Sun, and Its Desires alone are fulfilled in my world!*” (*applause*)—human desires will never trouble you again!

When you look Godward, the Great Central Sun Magnet’s Power pulls your energy There; and when It draws your energy There, that which is of the outer, human, torturing desire turns away from you because you have disconnected from it. The Mighty Master Jesus said this in one sentence—“Evil has found nothing in me to tie to!” Therefore evil had to leave Him, and He was its Master! He is still its Master everywhere in this World, by the Power of that Etheric Record of His Ascension.

With every atom of My Being I plead with you all to help bring forth this “I AM” COME Picture as soon as possible. It shall be a Magnet before the eyes of mankind that compels the attention of the outer self, compels all mankind’s attention to

go to That which raises them out of the clutches of the beast of the World. Unless there comes this Magnetic Power from the Cosmic Realms of Light to draw upon mankind's attention, and therefore turn the currents of the energy of their own Life Streams up into that Light, unless that takes place, the beasts of the World take that energy and destroy mankind.

We have given Words and Words and Words through eighteen years of this Instruction, and you have done wonderfully well; but, Dear Hearts, with the Pictures that ever are imprinted upon the brain structure of the outer self, could We do millions of times more in a short while. The outer world is full of pictures that take you constantly into limitation. There must come forth Divine Pictures charged with this Magnetic Power of the Great Central Sun to be an irresistible Drawing upon the attention and the feelings of the people, until they are raised into enough Light to let the Great Ones seize the destructive forces of the World and compel their annihilation. The Life Streams of mankind, if let alone by the mass accumulation of their own discordant desires, the Life Streams freed from that in this cycle would go forward to their Ascension.

Therefore, Our Work or Activity of freeing mankind is to draw upon the attention; and while the attention is upon the Light and the Manifestations of the Powers of the "Mighty I AM Presence"—upon the "Presence" Itself within the Light, and the Powers of the "Mighty I AM Presence"—until the attention is held There, how in the Name of Heaven are you going to set people Free? This is just as mechanical as anything could ever be; and therefore, the Power of this Great Central Sun Magnet, the Power of the Master Jesus' Etheric Record of the Ascension over the Hill of Bethany, the Power of Our Calls to your Hearts through Our Love, and the Powers of Light to the Powers of the Cosmic Fire, does the Great Magnetic Power flow and draw upon Life to turn it away, turn the current of the Life of this World away from the sinister force and hold

it in the Light, until the sinister force can be seized and bound and taken to the compound for Purification. There's no other way.

Mankind have had century upon century to experiment with these outer things, and they've gone on in their failures; and when failure seems to face you, turn to yourselves and ask within, "What is the matter with the Magnetic Power of the Light in me? Why have I not let that Light lift me to Freedom when It has loved me and wanted me to be free through the centuries?" Take the outer self in hand; give it no quarter; do not excuse its human creation, but demand with every fiber of your being, its blasting and annihilation. Then, call with every atom of your being to your "Beloved I AM Presence" and the Ascended Host, the Angelic Host, to use all the Great Central Sun Magnet's Cosmic Magnetic Power of Immortal Purity and Love to take you out of contact with everything that is of the human, and while yet unascended, you can walk this Earth clothed in Our Fire that makes you the Freedom to all Life and makes you so blazing, the sinister force dares not approach.

Unto that Victory do I commend you; unto the Glory of Its Cosmic Power do I call you; and unto the Eternal Freedom of Its Light and Love must you go forward to the Attainment of your Eternal Victory and the Freedom of your nation from the filth, that impurity, that must not live longer in this Universe.

Take your stand with unyielding determination! Be the Authority of the Fiery Powers of the Great Central Sun Magnet in your physical action; and see for yourselves the Wisdom I have given you tonight, and prove to yourselves your own Mastery over this world.

Our Hearts have loved you through the centuries. We have called you constantly while you are enmeshed in the din of mankind's defiance to Peace and Purity and Perfection. We have called you in every age. Do you know since the end of the second

Golden Age, every two thousand years a Great Soul has come, brought the Light, given the Law, sent forth the Love, called to mankind — and these Cosmic Beings have been ignored by the masses. Now that We have the attention of you Blessed Ones, or at least this many of mankind, then as the Door is opened through yourselves with your Call for the Cosmic Fire of the Great Central Sun Magnet's Cosmic Power, Its Magnetic Power of Eternal Victory in your Call for That to go forth into the physical octave, will it be easier to awaken more of mankind, until the Law itself and the "Beloved I AM Presence" automatically reveal their "Presence" in the physical octave in no unmistakable terms, till the human is compelled to bow and be annihilated.

Where do you think mankind stand before the Great Cosmic Law of the Universe when men in positions of trust and authority create and send a nation to war, destroy the younger generation, the lads of your land, and deprave the girls of the land? Where do you think they stand before the Cosmic Law? Then We have got to fire the rest of the people awake with enough determination to raise them out of the clutches of the beasts of destruction! Men in office sending their own children to the slaughter of the beasts — it surely is the destruction of the innocent! And the little girls of the land taught to be depraved, lower than the animals — where do you think the civilization will be? Then with all your breathing being, give your Decrees and your Demands to take out of office and out of your nation every human being who wants to do that! (*applause—audience rising*) Thank you, Precious Ones; won't you be seated, please.

Call the Fiery Power of the Great Central Sun Magnet into physical action to compel the people's attention to the Command of God, that the nation may be blasted free! It takes terrific energy, My Dear Ones, to shatter the accumulated discordant creation of a nation or groups of individuals; but nevertheless, the Great Cosmic Law has boundless Energy and

is ready to release It when you want to go Godward. All the humanity on Earth could not keep you down if you chose to rise! There is no force in the Universe that can oppose the Power of the Will when that Will is One with your “Beloved I AM Presence” and the Ascended Host, or one with that Will of the Great Central Sun Magnet, that Its Cosmic Fire shall rule and lift out of destruction those Life Streams who are silently calling to God.

I am here to guard your Mighty Saint Germain’s Work. I gave the Radiation for Its Preparation in the beginning, and I shall stand Its Guardian until those who have tried to hold to Him and tried to do His Will, are cut free from these conditions of the outer world that must as surely pass into the compound and be purified, as that they exist now! (*applause*)

Thank you, Precious Ones; and while you are standing just a moment, feel this Great Magnetic Power from the Great Central Sun Magnet with every atom of your being, knowing that It is a Fiery Activity of such terrific Concentration that the physical is compelled to let go. And with every part of your breathing being, *demand that the Fiery Cosmic Power of the Great Central Sun Magnet draws mankind away from the filth that is seeking to engulf them, and forces their attention upon the Manifestations of Light that are that Magnetic Power that compels them drawn into Their Heart, till the destructive forces of the Earth can be removed!* And with all that you are and have, turn to your “Beloved I AM Presence” and *demand the Great Central Sun Magnet’s Fiery, Magnetic, Cosmic Action of the Violet Consuming Flame to draw you out of connection with everything that is not the Immortal Purity and Love and Perfection of the Ascended Host,”* and We shall stand your Guardians! Legions of the Angels shall be your Defenders, and Cosmic Fire never yet beheld by the eyes of man shall flash through the atmosphere of Earth, till on bended knees shall the destructive forces face their end. And the Great Cosmic

Angel whose duty it is to issue that Cosmic Fiat shall be heard throughout the planet Earth; but the *Light must come first*, and as His Command goes forth shall the destructive forces be seized into the compound.

May, this hour, the Fullness of all the Power of the Great Central Sun Magnet, all the Power of the Master Jesus' Etheric Record of the Ascension over the Hill of Bethany, clothe you in Their Cosmic Fire and take you out of connection with that which has no right to live!

In the fullness of all My Love can convey, in all that I want to do for your Beloved Saint Germain, may I offer everything My Legions can bring to assist you to your Freedom, and to blaze the Cosmic Fire that frees the nation, that the nation may free the World. And in that Immortal Freedom of Cosmic Fire of the Victorious All-Christ Flame, may It ever blaze till every human being knows for Eternity the Master Authority of the Cosmic Fire. And the "Beloved Mighty I AM Presence" in Its great Enfolding, Blazing Presence, clothe you in that Great Central Sun Magnet's Cosmic Power, to draw you out of touch with the human, into the Heart of all that is Divine, and make you the Glory of Mighty Victory's Cosmic Victory of the ages in outer Fiery Action, till mankind ceases their destruction here forever.

To the Glory of Its Heart do I commend you, and to Its inevitable Victory must you arise to have Freedom. For the release of the Earth may you draw Its Power without reservation into the physical world; until the end of the age of destruction has passed, and the Golden Light of the dawning Freedom of Eternal Release to the Earth comes into outer action at your Command, and clothes you and your nation and the World in the Glory of Its Heart and the Ascension for all. Thank you, and good night.

Excerpts on the Great Central Sun Magnet

I'm going to watch and see how strong you want to be by the Cosmic Power Flame of Cosmic Strength, Power, and Strength of the Cosmic Light inside of you to make you strong enough to be victorious over all discord, no matter where you contact it; and if you stand like a Pillar of steel in the midst of the discordant conditions and do not allow that discord to come within yourselves, then this Strength of the Cosmic Light — the Cosmic Power and Strength of Cosmic Light — will ever grow greater within you. Then comes the Strength and the Power of the Great Central Sun's Magnet in and around you to do that which the Beloved Master Jesus offered and has explained to the "I AM" Student Body, that He might draw in and around you the Sun Presence of the Great Central Sun Magnet's Power Flame in Cosmic Action, to draw all in this World up and into the Great Perfection which He now is.

When He said, "When 'I AM' lifted up, I will draw all mankind unto Me," then He has to use the Power of the Great Central Sun Magnet upon all mankind on the Earth to draw that Life and that energy out of destructive vibratory action. So if you become a Magnet, a Sun Presence of the Great Central Sun Magnet's Power Flame, to draw Life out of discord, you cannot possibly raise that Life out of distress without your own Higher Mental Body and the assisting Masters raising you into the greater use of the Powers of your own Life Stream, and into the greater Perfection of the Ascended Masters' Octave.

The amount of Power that it is going to take to raise you into your Ascension depends on the amount of Love you have, and the willingness you have to call the Power Flame of this Sacred Fire Love from the Great Central Sun to draw Life that contacts you out of distress.

GODFRE, OUR LOVED ONE ASCENDED

LOTUS, OUR LOVED ONE ASCENDED

So as you give this Assistance to lift the rest of mankind, automatically the Great Ones give you the greater Assistance to lift you, so you cannot lose by giving; and you cannot be Free without It. So, Blessed Ones, whatever you lack within yourselves—whether it be strength, or energy, or health, or supply, or whatever it is, or illumination—whatever you lack within yourselves, when you ask for It to come into you and fill you and your world, ask your “Beloved I AM Presence” and Us to do *through* you what will raise the rest of Life out of its distress as you take your own Freedom.

This is a Magnificent Action of the Great Central Sun Magnet. It is the Sacred Fire Love, that Purifying Love. It is the Ascended Masters’ Sacred Fire Control; and It is the Cosmic Flame of Cosmic Christ Power to draw from the Ascended Masters’ Octave the Life, the Substance, and the Energy into yourselves to enable you to help the rest of the Life around you.
(*Beloved Godfre—CD 606*)

This Expanding Power that blesses you always whenever you call a Blessing to any other part of Life, is an Action of the Great Central Sun Magnet, and It is the Power of the Perfection of the Life of the “Mighty I AM Presence” in the Great Central Sun, drawing up and into greater Perfection every activity of Life, from the lesser to the greater!

So when you, understanding this Law, call these Great Blessings of the Universe through your Decrees to go forth to Life everywhere and consume the evil, and expand the Light—you cannot do that for all the people of the nation, or all the people in the World, without having the same Blessings pour back to you by the “Mighty I AM Presence” and Higher Mental Body of each Life Stream!

When you bless the Life in the World, the Life in the World will bless you; and It pours back to you the ever-expanding, Raising Action of the Great Central Sun Magnet!

So you cannot lose by blessing! It is the mightiest investment on the Planet, and certainly the safest! If you like to speculate for profit, this is the safest speculation you will ever need!

(Beloved Saint Germain—CD 725)

Within all Life is the ever-expanding, Raising Activity, to draw always the lesser up into the Greater; and in that drawing into the Greater, it enters into the ever-expanding Manifestation of greater Happiness, greater Harmony, greater Power, and greater Manifestation!

This Activity of the Great Central Sun Magnet is the drawing Power from the Heart of Creation to everything throughout Infinite Space. Now since the Life of the Great Central Sun gives of Itself to produce manifestation, there is also within that Love which It gives, the Raising, Expanding Power that ever enables the Causeless Cause—the Great Sacred Fire of the Universe—to ever become Greater!

(Beloved Saint Germain—CD 731)

So, Beloved Ones under this Radiation, *experiment with calling the Great Central Sun's Great Magnetic Power of Sacred Fire Purity in and around the physical body, and keep intensifying and expanding It until Its Raising Action has released conditions around you from connection with your own Life Stream!*

As you do This, you not only can help yourselves, but you can become a Sun Presence of Eternal Healing Power; and all Healing must be a Raising Activity of the atomic structure, of the feeling, of the emotional body, and of the consciousness of the individual, so all is held upon the Activities, the Manifestations of the Sacred Fire—because it is the Manifestation that will hold the attention long enough, until the flow of the Life Stream's energy is raised into that Sacred Fire that purifies and perfects the individual.

It is very necessary; and if, in the assistance that is given to mankind in healing channels, if individuals could understand what Power is within the Sacred Fire—Its Love and Its Purity, Its Power and Its Victory of the Great Central Sun, and the Great Central Sun Magnet's Action—the healing channels of the World could have unlimited help to correct conditions mankind have generated.

You, who understand this Law, if you always remember whenever you ask for Healing that It is some Activity of the Great Central Sun Magnet that draws the Life, or the condition of the outer self, up and into the Life that is the Love radiated by the Sacred Fire, then the discord and the impurity, and the destructive qualities or activities and substance that have been the limitations of the outer self, can be drawn off and consumed in the Violet Flame—just like you would throw debris into the fire, and it is returned to the Universal.

I think tonight you'll have a different feeling of what Healing is from any time that, as yet, you have ever contemplated this; and the Great Central Sun Magnet is the most wonderful Healing Power of the Purifying Love of the Sacred Fire—and each of you can become That! *Each of you can feel that you stand within the Great Magnet, as if you stood within an Open Door; and as you stand within that, automatically there starts drawing upon your Life, the Love from the Great Central Sun, and as It draws the Substance and the Energy from the outer self out of connection with the limitation, It automatically draws you into the Perfection of Its own Heart—the Flame of Love which is Eternal Purity from the Great Central Sun!*

You can have this same Activity from your own "Mighty I AM Presence" as you contemplate the Chart; and while the Life Force of the individual flows down from the Heart of the Electronic Body through the Higher Mental Body, and down into the Heart of the outer self, that flow goes this way, but it goes to the outer world; and if the outer world's discord closes

in upon it, then there must be a use of the Great Central Sun Magnet's Love to draw it back and up into the control of the Higher Mental Body, in order to make destructive forces let go.

(Beloved Mary—CD 867)

Beloved of My Heart, tonight I want to enter into the Release of another Power to you all, which I am quite sure you will enjoy, both using and watching It act.

That is the Power of the Great Central Sun Magnet. Now, your attention is a Power of the Great Central Sun Magnet. You do not quite realize that, but your attention, the operation of it, is the Magnetic Power of Attraction from the Great Central Sun, the Great Central Sun Magnet.

Therefore, when you connect these two and you realize within yourselves that you have the power by your own choice to place your attention anywhere in the Universe and draw back to yourselves the information that is There, or the Qualities or the Power that is there, then you will begin to comprehend something of what the Blessings of the Great Central Sun Magnet are to the Life of this World, the Life of those who pass this way in their embodiment here.

This has been provided by Life, the "Mighty I AM Presence" in the Great Central Sun, to give the individual Freedom and Unlimited Power to contact the Source of Being, and use the Powers that produce Perfect Manifestation; and this is all provided within Life by the Great Cosmic Law of your own Individualization—which your "Beloved I AM Presence" is, with no uncertainty.

Therefore, when We have tried to show you how powerful are the three faculties of your mind, *your attention; power of qualification*, which is your feeling; and *your power of sight*, both within the mind and what you call the physical sight—when you understand that, any one of these faculties, concentrated to a definite objective and held there, will automatically

bring that manifestation into your own outer experience.

Now let us take for instance the illumination of the mind. Many times you want to know more about a condition than your intellect seems to report to you. Well, if you would stop the outer action and be quiet a few moments, maybe five minutes; and turning your attention, your love first to your “Beloved I AM Presence,” and then your attention, to the Great Central Sun’s Illumining Power, and ask *the Great Central Sun Magnet’s Power to hold your attention on that Great Central Sun, until Its Illumination came within you*—you would find a vast field of information and illumination coming into your outer use.

Then if there is something specific that you need to know about a condition, do not hesitate to call or demand Our Ascended Master Illumination of the Full Truth concerning that!

Then as you keep your attention on It, would the Power of the Great Central Sun Magnet draw that Light, that Information, that Illumination into yourselves; and there would come such Explanation of the activity of your own Life, and the activity of Life in the world around you, as will lift you to the Heights.

This is one phase of My Freedom to Life. Freedom, My Dear Ones, is the Unlimited Use of the faculties and powers of your own Life.

Beloved Ones, when you begin to *call forth the Power of the Great Central Sun Magnet through your attention, and the Power of the Violet Consuming Flame in your feeling*, I assure you, the road to Mastery will be very much more comfortable for you and you will not know failure again—you can’t know failure!

Enough of the Love of the Great Central Sun Magnet and enough Power of the Violet Consuming Flame, controlling the conditions of the outer self, will automatically produce Perfection for you all.

Blessed Ones, there is no more wonderful Miracle of

Manifestation in the Infinite Scheme of Life than that Beloved Violet Consuming Flame. It is *all* the Love you will ever need. It is *all* the Purity you will ever need. It is *all* the Harmony that allows Perfection to come into being, come into existence for your use, for your Blessing, and for the Blessing of all Life around you.

There's no limit to the amount of Power that you may call forth from that Violet Consuming Flame. Therefore, in your love to the Great Central Sun Magnet, and your Call for that Love to draw into you and around you all the Power of the Violet Consuming Flame that is *all* Freedom to all Life, everywhere forever—I assure you, you may go forward without the slightest fear or doubt of your attainment, and your Pathway need never again be touched by discord.

With the World in the turmoil and uncertainty of mankind's fear tonight, I assure you, there's nothing needed on this Planet more than the Power of the Violet Consuming Flame and the Love of the Great Central Sun Magnet that draws that Power into you, or into your outer use to do whatever you desire to do in your use of the things of this World.

So, Beloved Ones, when the outer world is going almost insane with the use of atomic power, and all this outer world turmoil, turmoil, turmoil, doubt and fear and destruction, what assurance have you of the future if you trust selfish individuals with the use of that kind of power?

What do you think the reaction of that is to the people of the World? But not so with the Violet Consuming Flame. You may have all the Power in the Great Central Sun, and if you were to draw It here by the Love of the Great Central Sun's Magnet, not one imperfect manifestation could ever result.

(Beloved Saint Germain—CD 920)

When you think of My Luminous Presence enfolding an individual or a condition, will you qualify It now with the Cosmic Sacred Fire Presence—because when I gave My Vow to Life that “When I was lifted up, I would draw all mankind unto Me,” I had to use the Power of the Great Central Sun Magnet; and I assure you, that is an Action of the Sacred Fire!

It is an Action that sweeps within Its own Radius, whatever It contacts into Its own Flame. It draws into Its own Flame all, wherever It is called into outer action. So, when you are using My Sacred Fire Presence, will you always have the Comprehension with It of the Great Central Sun Magnet’s Drawing Power that not only draws the thing or the condition with which you are concerned, or where you are calling for Help, into It and into Its Perfection, but It has a Raising Power to all the rest of Life on this Earth, all Life Streams—whether they be bound now in evil or not, matters not.

That Great Central Sun Magnet’s Sacred Fire Power is all Authority over all manifestations in this System of Worlds; and therefore, when you think of My Likeness or My Focus of Help to Life, I would appreciate it greatly, from now on, if you would consider that a Cosmic Sun Presence of the Great Central Sun Magnet’s Victorious Action, and the Sacred Fire.

(Beloved Jesus—CD 952)

Mankind does not even know—I am speaking of the masses—that the Great Central Sun exists; and yet there It is! There’s a Great Central Sun Magnet that can pour forth Its Sacred Fire Love and draw into your outer use, or draw into you and through you, the Perfection from the Ascended Masters’ Octave, the Perfection from the Great Central Sun, the Perfection from your own “Beloved I AM Presence,” and anything in the physical world that might be required to fulfill the Divine Plan that manifests Perfection here.

(Mighty Victory—CD 1070)
