. . . Since the Door of Light to the “Mighty I AM Presence” has been opened, since you have called That into outer physical action for the Freedom of your fellowman, your Nation and the World, that is what We have hoped and hoped and hoped to accomplish! Since the Mighty Saint Germain has brought That thus far, and you have responded to His Call, because of the Love you have poured out thus far is Love opening another Door to you to Secrets nobody on this Earth can ever know, except through this one Door of Love.

The Door of Divine Compassion and Mercy, of Healing and Forgiveness only opens, My Dear Ones, at the Command of the “Beloved I AM Presence” and those Great Beings in the Central Sun who are the Masters of all Creation. *Only when the Song comes forth from the Heart of Perfection, is the Permission given for you to be bathed in that Flame of Immortal Love!* What think you occurs to you when that Flame of Immortal Love, which your “Presence” and We call forth from the Central Sun to enfold Itself about your outer self—what think you occurs? What think you is the effect on your Life Stream when That begins to act around the outer self?

There begins to glow within you That which will eventually make the body Self-luminous, even though you be unascended. The Illumining of the flesh structure and its radiation into the atmosphere about you, to make that Luminous too, comes alone from that Immortal Love at the Heart of Creation; and since your Mighty Saint Germain said to you there was a Secret Place from which the Illumination of the body comes forth, I trust as you ask or are interested in knowing the Secrets of that Immortal Love, will you find the Key to the Illumining of the flesh

body and the atmosphere wherever you go. Then, may I assure you that your Pathway ahead, illumined by that Light, can be intensified. That Light could be intensified at any moment, into any intensity that was required to make you completely invisible and untouched by any destructive force, no matter how great it appeared to be!

You see I am very practical, after all. It's the Law. I said I had something to do with legal activities. May I tell you, the Divine Law is My Legal Specialty; and that is the Forgiveness and Divine Compassion and Healing Flame of the Love on the Altar of Creation. *Before that Flame kneels every Being in the Universe!* May you feel It tonight with a Devotion you have never known, and be clothed in Its Presence that becomes for you the Mantle of Mastery. It brings Freedom and Joy that the outer self has never touched before. This brings the Freedom of Immortality to the outer self, until it knows the Full Power of its own God Flame that came forth through Its journey upon the Earth, by Conscious Choice and Conscious Command from the Altar of Creation.

You have always been a Part of that Life; you always will be! There you abided in the Great Creative Activities of Systems of Worlds; and when you chose to individualize as an individual Flame in your journey through this World, when you left that Altar and Powerhouse of Creation, you were sent forth clothed in the Love of the Beings who rule There. You came forth with Their Blessing! You were wrapped in Their Hearts' Flame!

Therefore, I am returning you tonight to the Conscious Awareness of the Blessings that have guarded you through the centuries, and the Secrets which you may now draw forth and use in outer action to more quickly perfect your own worlds, and to make you the Great Sun of that Forgiving Love that heals without question, on the moment, all that desires to be healed. That Love is Instantaneous and Immortal in Its Action; and he who is wise enough to set It into dynamic action and let Its

Force release in the physical octave, begins to know what Power really is. *Then you become the Secret Powerhouse of God's Immortal Love!* There isn't a thing on this Earth that is equal to That! All the Earth, and everything upon it, cannot equal that Great Power of Forgiving Love that remolds all that has become distorted, and compels it Purified and returned to the Service of Love that is Immortal, so never again could it be molded into human limitation.

Therefore, you become the Master Presence and the Freeing Authority through the use of that Immortal Love wherever you abide! Then will the Powers of Nature bow before you, give you Their Secrets through Love because you have become Its Master Flame. Were you, every night, My Dear Ones, in all the Devotion at your Command, to ask your "Presence" to take you There, that you might kneel before that Flame until you drew Its Secrets into yourselves, were you to form the Habit of that every night, your outer self would automatically reveal to you the Truth of My Words tonight and unfold to you the Power that is yours to wield. Then can you be trusted with the Mightiest Gifts of Creation. Then you are past any danger of their misuse.

It is a Great Privilege, a Great Protection, and an Immortal Opportunity to call forth Perfection into outer action; and with the Great Love and Forgiveness of Boundless Power, in that Flame, raise all to Freedom. Then will you know what the Mighty Saint Germain has done for you! Then you will know what it means to be the Being of Purity that He has become! Then will you know how happy you become when you enter into Beloved Godfre's Obedience! Then will you know what the *Feeling of the Ascension* is when you ask the Master Jesus to charge you with His Feeling!

In that Immortal Flame of Cosmic Love there will abide no longer within you anything that refuses to forgive. Then will you find yourselves, by Its very Presence around you, being the Great Central Sun Magnet's Attraction in the physical world

to draw to yourselves the Perfection you require to fulfill the Divine Plan—drawing all Life up, closer into that great Reality of the “Mighty I AM Presence,” and drawing from the Heights of Creation all the Perfection of Eternity to make you feel your Oneness with that great All-Encompassing Immortal Presence of the “Mighty I AM.” Then will you know that Universal Power answers every Call, wherever you direct It forth. Then you—instead of being like a drop of water separate from the ocean—will have entered into the Universal Ocean of Power, and all that is there will surge to you for Conscious Command.

Try to remember My Words tonight—*leaving the body at rest, with the Blessing of Divine Love and Forgiveness and Divine Compassion and Healing Flame, go on the Wings of Love to the Throne Room of Creation, and kneel at the Altar of the Sacred Fire of Immortal Love!* Let It bathe the Inner Activities of your Life Streams with Its Boundless Blessings, and ask your “Presence” to make you remember Its Secrets, and then bring Them back into your outer use when you return to the body in the morning. Command that They come into outer action to serve you in the Fulfillment of the Great Divine Plan; and by the Secrets of that Love, will you know all things you will ever need to know.

It is the wide-open Door to Illumination! It is the Power of Everlasting Peace! It is the Instantaneous Healing Flame; and It is Joy Unspeakable, Indescribable, yet Immortal and Ever-expanding, until—when you call the Perfection of Eternity to come into outer Manifestation at your Command—Love is there to fulfill your Decree!

Tonight, may I leave a Peace with you, for even as I speak of It, does Its Blessing come forth to bless Me and to bless you. Isn't that wonderful? The more We call to the Greater Beings of the Universe to bring Their Blessing to the people of Earth, as We desire Blessings for you, They bless Us, too! Therefore, as you bless others, will We bless you!

May that Flame become so Tangible in and around you, that It becomes Visible to the physical sight of all mankind, because It can be. It can be made so by your love and devotion and Conscious Command. Oh, Beloved Ones, enter in with Us to that great Gratitude to Life. When the day is finished, thank the “Presence” for the day that is done. Thank the “Presence” for the night that has come. Thank the “Presence” for the Victories won. Thank the “Presence” for those yet to come. Thank the “Presence” for the Great Central Sun. Thank the “Presence” with whom you are One. And in Its great Divine Love and Forgiving Flame of Compassion to that which is still struggling in the distress of the human, *be* Its Sunshine Presence and let It penetrate all things; and as the Sun dissolves a fog, wherever you move, you *be* the great Immortal Love of the Sacred Fire that dissolves hate and its shadows, and wherever you go, your part of the Universe becomes Luminous for Eternity!

May I be there to watch you when the first Light breaks and you see It coming through the atomic structure of the body. You will never in all Eternity know a greater Thrill than that moment when you see It with the physical sight come through your flesh! Joy that is Immortal is yours then.

The Beloved Lanto—I think I shall reveal something to you about Him, whom I love so greatly. In His Experience along the Path, He desired very greatly to make the Light in His Heart come through the flesh; and He vowed if It ever got through, He would never allow It to be shut off again. To this hour, that Light—no matter where He is or what He is doing, that Light is always shining from His Heart through His Garments, fulfilling His Vow.

So can it be with you! With Love and Devotion and the calling forth of the Secrets of Immortal Love from the Altar of the Sacred Fire in the Throne Room of Creation, may you draw the ever-unfolding Secrets of Eternity; and all that Love can give in Its Immortal, Expanding, Boundless Creation, ever

hold for you that Joy that makes the World go forth into the Perfection that is its Destiny.

That is the Love that keeps Systems of Worlds in their Orbits. That is the Love that sustains the Beauties in the Powers of Nature. That is the Love that releases the Powers to the Ascended Masters that build those Magnificent Temples in the Electronic Belt around the Physical Sun, whose Beauty is so Indescribable — Powers that with a Wave of Their Hands change that Beauty from hour to hour or day to day as Their Activity requires in the outer. And the very Beauty They bring forth produces a Song throughout Creation — Beauty and Joy and Music and Boundless Power in the Great Mastery of that Love which comes alone from the Altar of Creation.

May I escort you There tonight — those of you who remember to ask to come — for your Request for Love may not be denied! Therefore, if I have held you a little long now, it is that I may give you the Instruction to come Our Way, and let Me give you Greater Joy. From tonight, I am sure you will love to forgive. You will love to heal; and you will automatically have Divine Compassion on that which knows not the Way of Love and All that abides within It.

May you be the Way-showers of that Love to the rest of Life wherever you move — all Life, the Life in the Earth, the Life in the Powers of Nature, the Life in the plants, the Life everywhere that confronts you wherever you go throughout the Universe. To that Love and the Flame which I am calling forth to enfold you — if you accept It and use It and remember It — to that Flame of Love there is no obstruction anywhere in the entire Universe! May It give you Its Unconditional Freedom tonight, and Its Secrets bring you your Complete Release from the limitations of this World; and the Mastery to which you reach bring you the full, unlimited, daily Association with the Ascended Masters, the Cosmic Beings, and the Angelic Host, who through Love alone render Their Service to the Earth, until

naught else can ever again express here!

You are the Chosen of the Light! May the Boundless Love of Its Everlasting Perfection take you forward. May you join Me tonight in the Heights of Creation, and may you bring back the Memory of the Music you shall hear There! (*applause—audience rising*) Thank you, Precious Ones. Just one more thing before I leave: While you are standing, will you accept All that My Heart wants to give you, and may I thank you for your presence here tonight; for believe Me, if there ever was a Miracle on this Earth, it is this many people here tonight—harmonized and blended as you are, abiding in this Love, in the midst of what is in the outer world. There never has been anything like this!

Therefore, the Secrets of the Love to which you have turned your attention shall now come forth to serve you; and may more Miracles like this occur everywhere, until mankind has forgotten all but that Immortal Love and the Joy of kneeling at the Altar of Creation, as the Great Sacred Fire Ascends in Its Ever-expanding Authority and Power. May That become Real and Visible and Tangible and known to all mankind, until Its Love alone comes forth and holds Perfection in Full Mastery and Conscious, Victorious Command! May It be the only Authority in your world as your love to your “I AM Presence” goes forth, and may It lift you on the Wings of Its Immortal Perfection! Good night, and won’t you be seated please.
