

## BELOVED MIGHTY VICTORY'S DISCOURSE

*Through Mrs. G. W. Ballard*

Santa Fe, New Mexico

April 13, 1955

Record—CD 216

**B**ELOVED ONES of the Mighty Saint Germain's Blessed Family, I come to bring to you the further Assistance of the Legions of Victory, and I trust tonight, you will feel Them closer and closer as They draw more of the Sacred Fire in and around you and all that is constructive within the Land. The Legions of Victory are approaching, and I mean by that, approaching the lower atmosphere of Earth, and are entering in more to the physical affairs of mankind, in the release of that Sacred Fire that must burn Its way through the accumulation of mankind's discord, and filth, and frightful, destructive plans and accumulation of the energy that has been misused in the past.

Now, as you give recognition, Precious Ones, to each of these various Activities of the Sacred Fire, and hold the Picture within, your "Mighty I AM Presence" and We, set those Activities into conscious, dynamic Action in you and around you, to release the Greater Power by which you accomplish Greater Victory. And since We are going to dwell quite Powerfully and persistently upon the discipline and activity of reminding you to hold the Picture of the Perfection that needs to come into this World, I give you again this exercise of seeing the Unfed Flame in your Heart, reach up and become One with the Sevenfold Flame in the forehead, filling the entire upper portion of the body with the Sacred Fire; acknowledging your Victory of the Sacred Fire, your Victory of the Cosmic Christ, your Victory of your "Mighty I AM Presence" in the Cosmic Action of Sacred Fire in and around you, that closes out the way and means of connection with the discordant thoughts and

feelings of the world around you, and of destructive conditions of the outer world's accumulation.

Now, I don't want you to misunderstand Me, but the hour strikes—if you are to use Greater Powers than the rest of mankind wield—when you must give recognition to the expansion of the Unfed Flame in your Heart, filling the brain structure and enfolding the upper part of the body. The reason for this is when the Unfed Flame in the Heart is united with the Sevenfold Flame of the Seven Mighty Elohim, the mental faculties of your outer intellectual consciousness become sealed within, and blended into the Unfed Flame from the Heart, and then you never make mistakes any longer, because the faculties of the mind then are guarded, or sealed within, and enfolded within the Unfed Flame of the Heart.

Now, the faculties of your mind, while they are faculties of the Higher Mental Body extended down into the brain structure, much as roots of a plant extend down into the Earth, still you, through the Free Will, have used those mental faculties to connect with the things of the outer world, and hence have drawn to yourselves the mistakes of the outer world, and imposed them upon yourselves. But when you hold the picture of the Unfed Flame in your Heart, reaching up and filling the brain structure, and blending with the Sevenfold Flame of the Seven Mighty Elohim, the mental faculties of your mind become then sealed within, and acting only through the Power of the Unfed Flame. That is why this Messenger has so often called your attention to the use of the Picture of the Master Jesus upon your forehead, or that of any other Ascended Master, recognizing always the Power of the Sacred Fire of the Ascended Being whose likeness you hold in and around yourself.

When you hold these Pictures My Dear Ones, of Ascended Beings, or Activities of the Sacred Fire, you definitely create a Cup, so to speak, into which your "Mighty I AM Presence" or We, draw the Sacred Fire from the Octave of Light—Our

Octave—into which no discord can ever come. So, you are entering into the use of the Cosmic Fire in the Universe around you that always produces Perfection; and so, as you understand this and give It recognition and use It, you will find it much easier to keep out of the mind, the thoughts and feelings and suggestions and pictures of that which is of but human creation.

At a certain point on the Path, when the Light within your Causal Body reaches a certain intensity, the Higher Mental Body automatically enfolds the outer self with Greater Love and Greater Light, to help close out any destructive suggestions of the world about you. But when you, of your own Free Will, through Love to your “I AM Presence” and love to Us, expand the Unfed Flame in your Heart and let It enfold the upper part of the body, you automatically then, enter into the Protection, the Illumination, and the Fiery Love of the Seven Mighty Elohim and of your Higher Mental Body. It enables your Higher Mental Body to come closer to the outer self, and therefore, Its Power will more easily surge into outer conditions to protect you, to give you Victory, to lift you to Freedom, to clothe you in the Powers of the Higher Mental Body to assist others, and to fulfill the Divine Plan more quickly.

In the Fulfillment of your Decree to overcome so-called death, this use of the Sacred Fire must be understood, must be used, and must be accepted as the Authority over the flesh body, in order to release through the atomic structure enough Power of the Sacred Fire to cut the gravity pull of Earth, in order to let you Ascend consciously into Our Octave. So all of This is a preparation which We are hoping to intensify as you place your attention upon It, and draw more of Its Sacred Fire in and around you, as unascended beings, in order to set the pattern, or form the Cup again, into which more Cosmic Sacred Fire can come to release all mankind from so-called death also.

In giving obedience to This for your own Freedom, you also provide Us with the Cup by which the Cosmic Sacred Fire

can intensify and increase around you, and through you, to render the same Service to the rest of mankind. So the Great Work goes on, ever giving the Blessings of the Sacred Fire into the outer use of mankind whenever they are ready to purify themselves, accept this Great Blessing and Perfection of the “Mighty I AM Presence,” and then use It, under the direction of the Ascended Host, until the outer self becomes the Law manifest of the Sacred Fire in this World.

You see, *you have all felt that you are the body*, as you move around in your daily affairs. You are not consciously thinking of yourself as the “Presence” that uses the body. You just think you’re the body, because you dash into this, and you dash into that, and the body does the dashing—see! Well, when you enter into this conscious Recognition and Use of the Unfed Flame in your Heart as the Oneness with your “Presence,” blending with the Flame of the Seven Mighty Elohim, you will begin to recognize yourself as a Being of the Sacred Fire; and as soon as you really know That, not just in your intellect, but in your feelings—with every ounce of energy in your being and your world—then the Greater Perfection of the Higher Mental Body blends with the outer self, Its Greater Powers pour through, and It reveals Its Mastery through you; because the Sacred Fire keeps the Door open, and the human creation of this World pushed aside, so the Higher Mental Body can have Its Dominion through the outer self. Now it sounds easy, doesn’t it? Isn’t It easy when I hold this Picture for you, describe the Way and Means? Well, I assure you Dear Ones, It’s a great deal easier than living the life that you’ve lived in distress, because there’s no distress once you begin to live in this Sacred Fire from your Heart, enfolding the mind, and reaching up and knowing Its Oneness with the Higher Mental Body and the Electronic Presence.

As you dwell within That, there is such Peace and such Power goes forth through that Sacred Fire, that the Love the

World needs has a free flow through the outer self, into your affairs, and just simply expands Its Perfection and Its Blessing as the Sun expands Its Light through the Earth. So Beloved Ones, sometimes when the struggle grows great in the outer, if you will only do what the Blessed Divine Director said, *“Turn away from it for just an instant, and recognizing the Expansion of the Unfed Flame in your Heart, reaching up to enfold your ‘Presence,’ you would break the connection of your attention and your intellect with the disturbing condition, and in doing that, you would give control of the condition into the Hands of your ‘Presence.’ ”* It is an Insulation, it is a Way of cutting you free from connection with the discord of the outer world, and it is the easiest, most wonderful Way and Means of controlling your attention; because the moment the Unfed Flame in your Heart expands and reaches up to your “Presence,” It cuts the lines of connection of the intellect and brain consciousness with the atmosphere about you, or with the thoughts and feelings that flow everywhere in the atmosphere that constantly disturb you from hour to hour.

You know, so often when there’s a destructive experience of some kind and it touches your feelings deeply, you think that over for hours. You think of it that day, you think of it that night, you think of it again the next day. Well, it has had a pretty close connection—a very close connection with your energy and your Life through your attention—or it would not hold your attention upon it so long. So when disturbing conditions come, and you want to compel your attention and your feelings to be taken off of them, then this one Flash of Flame from the Unfed Flame in your “Presence,” reaching up and holding the Higher Mental Body—or, the Electronic Presence in Its own Blazing Flame of Love, draws your attention There, and the Life of your Heart flows There through the attention, and that which has been tied into your energy of Life from the discordant experience of the world around you, automatically

is disconnected. It is the easiest way to keep the door of your world locked against the destructive forces of this Earth, and it is the easiest way to acknowledge the Miracles of the “Presence” drawing in and around you, Their Blessings to fulfill the Divine Plan and set you Free. This is part of the Activity of the Great Central Sun Magnet, because the Power of that Magnet never acts below the Heart. It comes down, in, and around, and draws you back up to where you belong.

Beloved Ones, sometimes when the pull of the outer seems to be disturbing, you have within you at every moment the full Authority and Power to take your attention off of the disturbance, and giving yourself back into the Arms of your “Presence,” let your “Presence” handle the conditions of the outer, until they are brought into Divine Order, and the Divine Plan fulfilled releases Its Freedom to you.

As Beloved Saint Germain has given you the use of the Spiral of Violet Consuming Flame and the other Activities of the Violet Flame and the Sacred Fire, each one of these Activities will cut you free from the connection with the discord of the outer world, cut your feelings free; but this Use and Picture of the Unfed Flame in your Heart, expanding and reaching up to your “Presence,” controls your attention more powerfully than any other thing you can do. I tell you frankly, the destructive forces of this World only hold dominion over you or your affairs through your attention, and the moment you are Master of that, you will find It a Scepter of Power to take you anywhere in the Universe, do anything you want to so long as it be constructive, and make you Master of Circumstance.

So Blessed Ones, I give It to you tonight, because *It is the Secret of My Victory*. It is the Secret of building a momentum of Victory of Hundreds of Thousands of Centuries of Victory! Don't you see, I had to keep My attention on Victory, or I could not build that momentum. And the Power that enabled Me to build It, was the Unfed Flame in My Heart that desired that

Victory, and knew It could only come from the Sacred Fire of My “Presence.” As I gave the Flame of My Heart to My “Presence,” and called for Its Victory to forever blaze a Sun of Its Flame around Me, I became the Victory of My “Mighty I AM Presence,” and then, as My Use of that Flame continued, My attention never again went to the discord of the outer world. Then when I entered into Cosmic Action and Cosmic Service, and when it became necessary for Me to enter the atmosphere of Earth to help free mankind from these terrible conditions, I still came within the Flame, or Sun Presence, of My own Attention to Victory. So when I came, I came as the Flame of Victory to burn Its Way through everything, and I still am sealed within It, and am a Sun of Its Presence, and It still holds My attention to just that which produces Victory.

When I issued that order that set aside the old occult law of this World, the Flame flashed, and I stood within It. The Help has gone forth, and the plan of the anti-Christ—which had planned to use the fear of occultism to enslave the people farther—that was shattered and burned out of the Universe by the Flame around Me, as I issued the Command, and so can it be with you. (*applause—audience rising*) Thank you so much, Precious Ones. Won’t you be seated, please.

So, I leave you to experiment with the use of This, and I will remind you that since your Freedom depends on the Mastery of your attention, if you are to have your Victory over so-called death, and manifest the Freedom of your “Mighty I AM Presence” wherever you go in the Universe, the Unfed Flame in your Heart must go back to your “Presence,” and that is the only Victory there is for the outer self. All Victory over this World has to be manifest by the Unfed Flame in your Heart, and so as you allow It to control your attention, and you recognize yourself as Its Presence, instead of the body, you will find your Victory is far nearer than you dreamed. It is but a constant use and reminder of This—to let the attention stay

where Victory is—that enables the Flame to intensify around you, that does produce the Perfection and the Victory that sets you Free. There is no Freedom anywhere in the Universe except within the Sacred Fire; and so, as you dwell within the Unfed Flame of your Heart, reaching up to your “Presence,” and keeping your attention There, the Freedom which your “Mighty I AM Presence” is, automatically sends Its Sacred Fire into the world around you, and Its Perfection becomes manifested forever.

I commend you to your Freedom and the Victory that only the Unfed Flame in your Heart can bestow, and which We enfold in the Cosmic Fire of Our Love, to protect you until your own “Blessed I AM Presence” floods around you Its Sacred Fire of Eternal Freedom. So I commend you to the Victory of your own Heart’s Flame, and as you use the Authority and Power which It is to Life, you will find the Sacred Fire in the Universe around you has become your World, and your Freedom is manifested now.

Thank you with all My Heart, and the Flame of My Heart’s Victory shall ever fill you and your world, until your use of the Sacred Fire has made you Its Victory forever. I bear to you the Love from those Others from Venus who have come to bring the Sacred Fire to Earth, and will yet manifest the Victory that is God’s Mastery over everything, everywhere forever. Thank you.

MRS. G. W. BALLARD:

Beloved Mighty Victory, thank You for Your Love tonight! Thank You for the Flame of Your Victory to the Earth! May your Heart’s Command to Life be answered by our obedience, until the Fullness of that Sacred Fire is Victorious everywhere, at our Conscious Command.
